(ii) A statement that financing payments must be made in the lesser amount and on the later of the date due in accordance with the financing terms of the contract, or in the amount and on the date projected in the listing of earliest times and greatest amounts incorporated in the contract.

(3) If the security accepted by the contracting officer is the contractor's financial condition, the contracting officer must incorporate in the clause constructed under paragraph (b)(1) of this section the following-

(i) A statement that the contractor's financial condition has been accepted as adequate security for commercial financing payments; and

(ii) A statement that the contracting officer may exercise the Government's rights to require other security under paragraph (c), Security for Government Financing, of the clause at 52.232-29, Terms for Financing of Purchases of Commercial Products and Commercial Services, in the event the contractor's financial condition changes and the security is deemed not adequate.

(d) *Instructions for multiple appropriations.* If contract financing is to be computed for the contract as a whole, and if there is more than one appropriation account (or subaccount) funding payments under the contract, the contracting officer must include, in the contract, instructions for distribution of financing payments to the respective funds' accounts. Distribution instructions and contract liquidation instructions must be mutually consistent.

(e) *Liquidation.* Liquidation of contract financing payments must be on the same basis as the computation of contract financing payments; that is, financing payments computed on a whole contract basis must be liquidated on a whole contract basis; and a payment computed on a line- item basis must be liquidated against that line item. If liquidation is on a whole contract basis, the contracting officer must use a uniform liquidation percentage as the liquidation method, unless the contracting officer obtains the concurrence of the cognizant payment office that the proposed liquidation provisions can be executed by that office, or unless agency regulations provide alternative liquidation methods.

(f) [Reserved]

(g) *Installment payment financing for commercial products and commercial services.* Contracting officers may insert the clause at 52.232-30, Installment Payments for Commercial Products and Commercial Services, in solicitations and contracts in lieu of constructing a specific clause in accordance with paragraphs (b) through (e) of this section, if the contract action qualifies under the criteria at 32.202-1(b) and installment payments for the item are either customary or are authorized in accordance with agency procedures.

(1) *Description.* Installment payment financing is payment by the Government to a contractor of a fixed number of equal interim financing payments prior to delivery and acceptance of a contract item. The installment payment arrangement is designed to reduce administrative costs. However, if a contract will have a large number of deliveries, the administrative costs may increase to the point where installment payments are not in the best interests of the Government.

(2) *Authorized types of installment payment financing and rates.* Installment payments may be made using the clause at 52.232-30, Installment Payments for Commercial Products and Commercial Services, either at the 70 percent financing rate cited in the clause or at a lower rate in accordance with agency procedures.

(3) *Calculating the amount of installment financing payments.* The contracting officer must identify in the contract schedule those items for which installment payment financing is authorized. Monthly installment payment amounts are to be calculated by the contractor pursuant to the instructions in the contract clause only for items authorized to receive installment payment financing.

(4) *Liquidating installment payments.* If installment payments have been made for an item, the amount paid to the contractor upon acceptance of the item by the Government must be reduced by the amount of installment payments made for the item. The contractor’s request for final payment for each item is required to show this calculation.

32.207 Administration and payment of commercial financing payments.

(a) *Responsibility.* The contracting officer responsible for administration of the contract is responsible for review and approval of contract financing requests.

(b) *Approval of financing requests.* Unless otherwise provided in agency regulations, or by agreement with the designated payment official—

(1) The contracting officer is responsible for receiving, approving, and transmitting all contract financing requests to the designated payment office; and

(2) Each approval must specify the amount to be paid, necessary contractual information, and the account(s) (see 32.206(d)) to be charged for the payment.

(c) *Management of security.* After contract award, the contracting officer responsible for approving requests for financing payments is responsible for determining that the security continues to be adequate. If the contractor's financial condition is the Government's security, this contracting officer is also responsible for monitoring the contractor's financial condition.

Subpart 32.3 - Loan Guarantees for Defense Production

32.300 Scope of subpart.

This subpart addresses policies and procedures for designated agencies' guarantees of loans made by private financial institutions to borrowers performing contracts related to national defense.

32.301 Definitions.

As used in this subpart-

Borrower means a contractor, subcontractor (at any tier), or other supplier who receives a guaranteed loan.

Federal Reserve Board means the Board of Governors of the Federal Reserve System.

Guaranteeing agency means any agency that the President has authorized to guarantee loans, through Federal Reserve Banks, for expediting national defense production.

32.302 Authority.

Congress has authorized Federal Reserve Banks to act on behalf of guaranteeing agencies, as fiscal agents of the United States in the making of loan guarantees for defense production (Defense Production Act of 1950 (50 U.S.C. 4531)). By Executive Order 10480, August 14, 1953, as amended, the President has designated the following agencies as guaranteeing agencies:

(a) Department of Defense.
(b) Department of Energy.
(c) Department of Commerce.
(d) Department of the Interior.
(e) Department of Agriculture.
(f) General Services Administration.
(g) National Aeronautics and Space Administration.

32.303 General.

(a) 50 USC 4531 authorizes loan guarantees for contract performance or other operations related to national defense, subject to amounts annually authorized by Congress on the maximum obligation of any guaranteeing agency under any loan, discount, advance, or commitment entered into under this authority. (See 50 U.S.C. 4531 for statutory limitations and exceptions concerning the authorization of loan guarantee amounts and the use of loan guarantees for the prevention of insolvency or bankruptcy.)

(b) The guarantee must be for less than 100 percent of the loan unless the agency determines that-

(1) The circumstances are exceptional;
(2) The operations of the contractor are vital to the national defense; and
(3) No other suitable means of financing are available.

(c) Loan guarantees are not issued to other agencies of the Government.

(d) Guaranteed loans are essentially the same as conventional loans made by private financial institutions, except that the guaranteeing agency is obligated, on demand of the lender, to purchase a stated percentage of the loan and to share any losses in the amount of guaranteed percentage. It is the responsibility of the private financial institution to disburse and collect funds and to administer the loan.

(e) Federal Reserve Banks may make loan guarantee agreements on behalf of the guaranteeing agencies.

(f) The guaranteeing agency is responsible for certifying eligibility for the guarantee and fixing the maximum dollar amount and maturity date of the guaranteed loan to meet the contractor's requirement for financing performance of the defense production contract on hand at the time the guarantee application is submitted.

32.304 [Reserved]

32.305 [Reserved]

32.306 [Reserved]

Subpart 32.4 - Advance Payments for Other Than Commercial Acquisitions

32.400 Scope of subpart.

This subpart provides policies and procedures for advance payments on prime contracts and subcontracts, except for the types of transactions listed in 32.404. This subpart does not apply to commercial advance payments, which are subject to subpart 32.2.

32.401 Statutory authority.

The agency may authorize advance payments in negotiated and sealed bid contracts if the action is appropriate under-

(a) 41 U.S.C. chapter 45;

(b) 10 U.S.C. chapter 277; or

(c) Pub. L. 85-804 (50 U.S.C. 1431 et. seq.) and Executive Order 10789, November 14, 1958, as amended (see Subpart 50.1 for other applications of this statute).

32.402 General.

(a) A limitation on authority to grant advance payments under Pub. L. 85-804 (50 U.S.C. 1431 et. seq.) is described at 50.102-3(b)(4).

(b) Advance payments may be provided on any type of contract; however, the agency must authorize advance payments sparingly. In most situations, advance payment is the least preferred method of contract financing (see 32.106) and generally they should not be authorized if other types of financing are reasonably available to the contractor in adequate amounts. Loans and credit at excessive interest rates or other exorbitant charges, or loans from other Government agencies, are not considered reasonably available financing.

(c) If statutory requirements and standards for advance payment determinations are met, the contracting officer must generally recommend that the agency authorize advance payments.

(1) The statutory requirements are that-

(i) The contractor gives adequate security;

(ii) The advance payments will not exceed the unpaid contract price (see 32.410(b), paragraph (a)(2)); and

(iii) The agency head or designee determines, based on written findings, that the advance payment-

(A) Is in the public interest (under 32.401(a) or (b)); or

(B) Facilitates the national defense (under 32.401(c)).

(2) The standards for advance payment determinations are that-

(i) The advance payments will not exceed the contractor's interim cash needs based on-

(A) Analysis of the cash flow required for contract performance;

(B) Consideration of the reimbursement or other payment cycle; and

(C) To the extent possible, employment of the contractor's own working capital;

(ii) The advance payments are necessary to supplement other funds or credit available to a contractor;

(iii) The recipient is otherwise qualified as a responsible contractor; and

(iv) The Government will benefit from performance prospects or there are other practical advantages.

(d) If necessary, the agency may authorize advance payments in addition to progress or partial payments on the same contract (see 32.501-1(c)).

(e) Each agency that provides advance payments must-

(1) Place the responsibility for making findings and determinations, and for approval of contract terms concerning advance payments (see 32.410), at an organizational level high enough to ensure uniform application of this subpart (see the limitation at 50.102-1(b) which also applies to advance payments authorized under Pub.L.85-804 (50 U.S.C. 1431); and

(2) Establish procedures for coordination, before advance payment authorization, with the activity that provides contract financing support.

(f) If the contract provides for advance payments authorized under Pub. L. 85-804 (50 U.S.C. 1431), the contracting officer must ensure conformance with the contract requirements at 50.103-7.

32.403 [Reserved]

32.404 Exclusions.

(a) This subpart does not apply to advance payments for-

(1) Rent;
(2) Tuition;
(3) Insurance premiums;
(4) Expenses of investigations in foreign countries;
(5) Extension or connection of public utilities for Government buildings or installations;
(6) Subscriptions to publications;
(7) Purchases of supplies or services in foreign countries, if-
(i) The purchase price does not exceed $20,000 (or equivalent amount of the applicable foreign currency); and
(ii) The advance payment is required by the laws or government regulations of the foreign country concerned;
(8) Enforcement of the customs or narcotics laws; or
(9) Other types of transactions excluded by agency procedures under statutory authority.

(b) Agencies may issue their own instructions to deal with advance payment items in paragraph (a) of this section authorized under statutes relevant to their agencies.

32.405 Applying Pub.L.85-804 to advance payments under sealed bid contracts.

(a) Actions that designated agencies may take to facilitate the national defense without regard to other provisions of law relating to contracts, as explained in 50.101-1(a), also include making advance payments. These advance payments may be made at or after award of sealed bid contracts, as well as negotiated contracts.

(b) Bidders may request advance payments before or after award, even if the invitation for bids does not contain an advance payment provision. However, the contracting officer must reject any bid requiring that advance payments be provided as a basis for acceptance.

(c) When advance payments are requested, the agency may-

(1) Enter into the contract and provide for advance payments conforming to this part 32;

(2) Enter into the contract without providing for advance payments if the contractor does not actually need advance payments; or

(3) Deny award of the contract if the request for advance payments has been disapproved under 32.408-2 and funds adequate for performance are not otherwise available to the offeror.

32.406 Letters of credit.

(a) The Department of the Treasury (Treasury) prescribes regulations and instructions covering the use of letters of credit for advance payments under contracts. See 2 CFR 700.7, and the implementing instructions in the Treasury Financial Manual, available in offices providing financial advice and assistance.

(b) If agencies provide advance payments to contractors, use of the following methods is required unless the agency has obtained a waiver from the Treasury Department:

(1) By letter of credit if the contracting agency expects to have a continuing relationship with the contractor for a year or more, with advances totaling at least $120,000 a year.

(2) By direct Treasury check if the circumstances do not meet the criteria in subparagraph (1) of this section.

(c) If the agency has entered into multiple contracts (or a combination of contract(s) and assistance agreement(s)) involving eligibility of a contractor for more than one letter of credit, the agency must follow arrangements made under Treasury procedures for-

(1) Consolidating funding to the same contractor under one letter of credit or

(2) Replacing multiple letters of credit with a single letter of credit.

(d) The letter of credit enables the contractor to withdraw Government funds in amounts needed to cover its own disbursements of cash for contract performance. Whenever feasible, the agency must, under the direction and approval of the Department of the Treasury, use a letter of credit method that requires the contractor not to withdraw the Government funds until the contractor's checks have been-

(1) Forwarded to the payees (delay of drawdown technique), or

(2) Presented to the contractor's bank for payment (checks paid technique).

(e) The Treasury regulations provide for terminating the advance financing arrangement if the contractor is unwilling or unable to minimize the elapsed time between receipt of the advance and disbursement of the funds. In such cases, if reversion to normal payment methods is not feasible, the Treasury regulation provides for use of a working capital method of advance; *i.e.,* for limiting advances to-

(1) Only the estimated disbursements for a given initial period; and

(2) Subsequently, for only actual cash disbursements.

32.407 Interest.

(a) Except as provided in paragraph (d) of this section, the contracting officer must charge interest on the daily unliquidated balance of all advance payments at the higher of-

(1) The published prime rate of the financial institution (depository) in which the special account (see 32.409-3) is established; or

(2) The rate established by the Secretary of the Treasury under 41 U.S.C. 7109(b).

(b) The interest rate for advance payments must be adjusted for changes in the prime rate of the depository and the semiannual determination by the Secretary of the Treasury under 41 U.S.C. 7109(b). The contracting officer must obtain data from the depository on changes in the interest rate during the month. Interest must be computed at the end of each month on the daily unliquidated balance of advance payments at the applicable daily interest rate.

(c) Interest must be required on contracts that are for acquisition, at cost, of property for Government ownership, if the contracts are awarded in combination with, or in contemplation of, supply contracts or subcontracts.

(d) The agency head or designee may authorize advance payments without interest under the following types of contracts, if in the Government's interest:

(1) Contracts for experimental, research, or development work (including studies, surveys, and demonstrations in socio-economic areas) with nonprofit education or research institutions.

(2) Contracts solely for the management and operation of Government-owned plants.

(3) Cost-reimbursement contracts with governments, including State or local governments, or their instrumentalities.

(4) Other classes of contracts, or unusual cases, for which the exclusion of interest on advances is specifically authorized by agency procedures.

(e) If a contract provides for interest-free advance payments, the contracting officer may require the contractor to charge interest on advances or downpayments to subcontractors and credit the Government for the proceeds from the interest charges. Interest rates must be determined as described in paragraphs (a) and (b) of this section. The contracting officer need not require the contractor to charge interest on an advance to a subcontractor that is an institution of the kind described in paragraph (d)(1) of this section.

(f) The contracting officer must not allow interest charges, required by this 32.407, as reimbursable costs under cost-reimbursement contracts, whether the interest charge was incurred by the prime contractor or a subcontractor.

32.408 Application for advance payments.

(a) A contractor may apply for advance payments before or after the award of a contract.

(b) The contractor must submit any advance payment request in writing to the contracting officer and provide the following information:

(1) A reference to the contract if the request concerns an existing contract, or a reference to the solicitation if the request concerns a proposed contract.

(2) A cash flow forecast showing estimated disbursements and receipts for the period of contract performance. Limit the forecast to the contract to be financed by advance payments.

(3) The proposed total amount of advance payments.

(4) The name and address of the financial institution at which the contractor expects to establish a special account as depository for the advance payments. If advance payments in the form of a letter of credit are anticipated, the contractor must identify the specific account at the financial institution to be used. This subparagraph (4) is not applicable if an alternate method is used under agency procedures.

(5) A description of the contractor's efforts to obtain unguaranteed private financing under eligible contracts. This requirement is not applicable to the contract types described in 32.407(d)(1) and (2)

(6) Other information appropriate to an understanding of-

(i) The contractor's financial condition and need,

(ii) The contractor's ability to perform the contract without loss to the Government, and

(iii) Financial safeguards needed to protect the Government's interest. Generally, if the contract is a type described in 32.407(d)(1) and (2), the contractor may limit the response to this subparagraph (6) to information on the contractor's reliability, technical ability, and accounting system and controls.

32.409 Contracting officer action.

After analysis of the contractor's application and any appropriate investigation, the contracting officer must recommend approval or disapproval and transmit the request and recommendation to the approving authority designated under 32.402(e).

32.409-1 Recommendation for approval.

If recommending approval, the contracting officer must transmit the following, under agency procedures, to the approving authority:

(a) Contract data, including-

(1) Identification and date of the award;

(2) Citation of the appropriation;

(3) Type and dollar amount of the contract;

(4) Items to be supplied, schedule of deliveries or performance, and status of any deliveries or performance;

(5) The contract fee or profit contemplated; and

(6) A copy of the contract, if available.

(b) The contractor's request and supporting information.

(c) A report on the contractor's past performance, responsibility, technical ability, and plant capacity.

(d) Comments on-

(1) The contractor's need for advance payments; and

(2) Potential Government benefits from the contract performance.

(e) Proposed advance payment contract terms, including proposed security requirements.

(f) The findings, determination, and authorization (see 32.410).

(g) The recommendation for approval of the advance payment request.

(h) Justification of any proposal for waiver of interest charges (see 32.407).

32.409-2 Recommendation for disapproval.

If recommending disapproval, the contracting officer must, under agency procedures, transmit-

(a) The items prescribed in 32.409-1(a), (b), and (c); and

(b) The recommendation for disapproval and the reasons.

32.409-3 Security, supervision, and covenants.

(a) If advance payments are approved, the contracting officer must enter into an agreement with the contractor covering special accounts and suitable covenants protecting the Government's interest (see 32.411). This requirement generally applies under all statutory authorities, but modified requirements applicable to certain specific cases are prescribed in paragraphs (e) through (g) of this section.

(b) The agency must-

(1) Ensure that the amount of advance payments does not exceed the contractor's financial needs, and

(2) Closely supervise the contractor's withdrawal of funds from special accounts in which the advance payments are deposited.

(c) In the terms of the agreement, the contracting officer should provide for a paramount lien in favor of the Government. This lien may supplement or replace other security requirements. The lien should cover-

(1) Supplies being acquired;

(2) Any credit balance in the special account in which advance payments are deposited; and

(3) All property that the contractor acquires for performing the contract, except to the extent to which the Government otherwise has valid title to the property.

(d) Security requirements vary to fit the circumstances of different cases. Minimum security requirements are covered by the clauses prescribed in the contract. The contracting officer may supplement these as necessary in each case for protection of the Government's interest. Examples of additional security terms are-

(1) Personal or corporate endorsements or guarantees;

(2) Pledges of collateral;

(3) Subordination or standby of other indebtedness;

(4) Controls or limitations on profit distributions, salaries, bonuses or commissions, rentals and royalties, capital expenditures, creation of liens, retirement of stock or debt, and creation of additional obligations; and

(5) Advance payment bonds (rarely required).

(e) In an advance payment agreement with an instrumentality of the Government, a State, a local government, or an agency or instrumentality of a State or local government, the contracting officer may omit the requirement for deposit of the advances in a special account, if the official approving the advance determines that other adequate security exists to protect the Government's interest.

(f) The requirements of this 32.409-3 do not apply when using letters of credit if an agency's procedures provide for-

(1) The use under a cost-reimbursement contract of Federal funds deposited in the contractor's account at a financial institution (without the contractor acquiring title to the funds); and

(2) The security of such deposit of public moneys in accordance with governing regulations of the Treasury Department.

(g) If a separate special account is not required; *e.g.,* advance payment by a letter of credit, an agency may require a special account for an individual case, or classes of cases, if the circumstances warrant.

32.410 Findings, determination, and authorization.

(a) Each determination concerning advance payments must be supported by written findings (see 32.402(c)(1)(iii)).

(b) The following is an example of the format and text of findings, determination, and authorization with alternative words, phrases, and paragraphs to be selected to conform to the circumstances involved:

Findings, Determination, and Authorization for Advance Payments

Findings

(a) The undersigned hereby finds that:

(1) The ________________ [*Insert the name of the contracting activity*] and ________________ [*Insert the name of the contractor*] (have entered) (propose to enter) into (negotiated) (sealed bid) Contract No.____________, dated __________. [*Summarize the specific facts and significant circumstances concerning the contract and the contractor, that, together with the other findings, will clearly support the determination below.*]

(2) Advance payments (in an amount not to exceed $______________ at any time outstanding) (in an aggregate amount not exceeding $________, less the aggregate amounts repaid, or withdrawn by the Government) are required by the Contractor to perform under the contract. The amount does not exceed the unpaid contract price or the estimated interim cash needs arising during the reimbursement cycle.

(3) The advance payments are necessary for prompt, efficient contract performance that will benefit the Government.

(4) The proposed advance payment clause provides for security for the protection of the Government. The clause requires that all payments will be deposited in a special account at the Contractor's financial institution and that the Government will have a paramount lien on (i) the credit balance in the special account, (ii) any supplies contracted for, and (iii)any material or other property acquired for performance of the contract. [*Insert the following, if applicable: (The Contractor's financial management system provides for effective control over and accountability for all Federal funds under governing regulations of the Treasury Department.)(An advance payment bond is required.)*] This security is considered adequate.

(5) Advance payments are the only adequate means of financing available to the Contractor, and the amount designated in paragraph (a)(2) is based, to the extent possible, on the use of the Contractor's own working capital in performing the contract. [*Insert paragraph(6), (7), or (8), as applicable.*]

(6) The Contractor is a nonprofit (educational) (and) (research) institution, and the contract is for (experimental) (,) (research and development) work.

(7) The contract is solely for the management and operation of a Government-owned plant.

(8) The following unusual facts and circumstances favor making advance payments to the Contractor without interest: [*List the pertinent facts and circumstances.*]

Determination

(b) Based on the findings in paragraph (a), the undersigned determined that the making of the proposed advance payments, (with interest at the rate of ______ [*Insert the interest rate computed in accordance with 32.407*] percent on the daily unliquidated balance of the advance payments,) (without interest, except as provided by the proposed advance payment clause,) (is in the public interest) (will facilitate the national defense).

Authorization

(c) The advance payments, of which (the amount at any time outstanding) (the aggregate amount, less the aggregate amounts repaid, or withdrawn by the Government), must not exceed $____, are hereby authorized under (41 U.S.C. chapter 45) (10 U.S.C. chapter 277) (the Extraordinary Contracting Authority of Government Agencies in Connection with National Defense Functions (50 U.S.C. 1431 et. seq.) and Executive Order No. 10789 of November 14, 1958) [*or, if other, cite appropriate authority*] on (terms substantially as contained in the proposed advance payment clause, a copy (an outline) of which is annexed to this authorization) (the following terms:) [*Insert the appropriate terms.*] (All prior authorizations for advance payments under Contract No. _________ are superseded.)

____ [*Signature*]
____ [*Name Typed*]
____ [*Title of Authorized Official*]

[*Each Findings, Determination, and Authorization must be individually prepared to fit the particular circumstances at hand.Paragraphs(a)(1), (2), (3) and (4) and paragraphs (b) and (c) must be used in each case. If the contract is (a) for experimental, developmental or research work and with a nonprofit educational or research institution, or (b) only for management and operation of a Government-owned plant, paragraph (a)(5) should not be included.If the advance payment is to be made without interest to the contractor, include paragraph (a)(6), (7), or (8). If any advance payments have previously been authorized for the contract, include the final sentence of paragraph (c). The alternate parenthetical wording or other modifications may be used as appropriate.The paragraphs actually used must be renumbered sequentially.*]

32.411 Agreement for special account at a financial institution.

The contracting officer must use substantially the following form of agreement for a special account for advance payments:

Agreement for Special Account

This agreement is entered into this _____ day of _____, 20___, between the United States of America (the Government), represented by the Contracting Officer executing this agreement, _____ [*Insert the name of the Contractor*], a _____ [*Insert the name of the State of incorporation*] corporation (the Contractor), and _____, a financial institution operating under the laws of _____, located at ____________ (the financial institution).

Recitals

(a) Under date of _____, 20__, the Government and the Contractor entered into Contract No. _____, or a related supplemental agreement, providing for advance payments to the Contractor. A copy of the advance payment terms was furnished to the financial institution.

(b) The contract or supplemental agreement requires that amounts advanced to the Contractor be deposited separate from the Contractor's general or other funds, in a Special Account at a member bank of the Federal Reserve System, any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (12 U.S.C. 1811), or a credit union insured by the National Credit Union Administration. The parties agree to deposit the amounts with the financial institution, which meets the requirement.

(c) This Special Account is designated "________ [*Insert the Contractor's name*], _____________ [*Insert the name of the Government agency*] Special Account."

Covenants

In consideration of the foregoing, and for other good and valuable considerations, the parties agree to the following conditions:

(a) The Government must have a lien on the credit balance in the account to secure the repayment of all advance payments made to the Contractor. The lien is paramount to any lien or claim of the financial institution regarding the account.

(b) The financial institution is bound by the terms of the contract relating to the deposit and withdrawal of funds in the Special Account, but is not responsible for the application of funds withdrawn from the account. The financial institution shall act on written directions from the Contracting Officer, the administering office, or a duly authorized representative of either. The financial institution is not liable to any party to this agreement for any action that complies with the written directions. Any written directions received by the financial institution through the Contracting Officer on _____ [*Insert the name of the agency*] stationery and purporting to be signed by, or by the direction of _____ or duly authorized representative, shall be, as far as the rights, duties, and liabilities of the financial institution are concerned, considered as being properly issued and filed with the financial institution by the _____ [*Insert the name of the agency*].

(c) The Government, or its authorized representatives, must have access to the books and records maintained by the financial institution regarding the Special Account at all reasonable times and for all reasonable purposes, including (but not limited to), the inspection or copying of the books and records and any and all pertinent memoranda, checks, correspondence, or documents. The financial institution shall preserve the books and records for a period of 6 years after the closing of this Special Account.

(d) In the event of the service of any writ of attachment, levy of execution, or commencement of garnishment proceedings regarding the Special Account, the financial institution will promptly notify ______ [*Insert the name of the administering office*].

(e) While this Special Account exists, the financial institution shall inform the Government each month of the financial institution's published prime interest rate and changes to the rate during the month. The financial institution shall give this information to the Contracting Officer on the last business day of the month. [*This covenant will not be included in the Special Account Agreements covering interest-free advance payments*.]

Each of the parties to this agreement has executed the agreement on _________________, 20____.

____

____

[*Signatures and Official Titles*]

32.412 Contract clause.

(a) Insert the clause at 52.232-12, Advance Payments, in solicitations and contracts under which the Government will provide advance payments, except as provided in 32.412(b).

(b) If the agency desires to waive the countersignature requirement because of the contractor's financial strength, good performance record, and favorable experience concerning cost disallowances, the contracting officer must use the clause with its Alternate I.

(c) If a cost-reimbursement contract is contemplated, the contracting officer must use the clause with its Alternate II.

(d) If the agency considers a more rapid liquidation appropriate, the contracting officer must use the clause with its Alternate III.

(e) If the agency provides advance payments under the contract at no interest to the prime contractor, the contracting officer must use the clause with its Alternate IV.

(f) If the requirement for a special account is eliminated in accordance with 32.409-3(e) or (g), the contracting officer must insert in the solicitation or contract the clause set forth in Alternate V of 52.232-12, Advance Payments, instead of the basic clause.

This page intentionally left blank.

Subpart 32.5 - Progress Payments Based on Costs

32.500 Scope of subpart.

This subpart prescribes policies, procedures, forms, solicitation provisions, and contract clauses for providing contract financing through progress payments based on costs. This subpart does not apply to-

(a) Payments under cost-reimbursement contracts, but see 32.110 for progress payments made to subcontractors under cost-reimbursement prime contracts; or

(b) Contracts for construction or for shipbuilding or ship conversion, alteration, or repair, when the contracts provide for progress payments based on a percentage or stage of completion (see 10 U.S.C. 3808).

32.501 General.

Progress payments may be customary or unusual. Customary progress payments are those made under the general guidance in this subpart, using the customary progress payment rate, the cost base, and frequency of payment established in the Progress Payments clause, and either the ordinary liquidation method or the alternate method as provided in sections 32.503-8 and 32.503-9. Any other progress payments are considered unusual and may be used only in exceptional cases when authorized in accordance with section 32.501-2.

32.501-1 Customary progress payment rates.

(a) The customary progress payment rate is 80 percent, applicable to the total costs of performing the contract. The customary rate for contracts with small business concerns is 85 percent.

(b) The contracting officer must-

(1) Consider any rate higher than those permitted in paragraph (a) of this section an unusual progress payment; and

(2) Not include a higher rate in a contract unless advance agency approval is obtained as prescribed in 32.501-2.

(c) When advance payments and progress payments are authorized under the same contract, the contracting officer must not authorize a progress payment rate higher than the customary rate.

(d) In accordance with 10 U.S.C. 3804(b) and 41 U.S.C. 4504(b), the limit for progress payments is 80 percent on work accomplished under undefinitized contract actions. The contracting officer must not authorize a higher rate under unusual progress payments or other customary progress payments for the undefinitized actions.

32.501-2 Unusual progress payments.

(a) The contracting officer may provide unusual progress payments only if-

(1) The contract necessitates predelivery expenditures that are large in relation to contract price and in relation to the contractor's working capital and credit;

(2) The contractor fully documents an actual need to supplement any private financing available, including guaranteed loans; and

(3) The contractor's request is approved by the head of the contracting activity or a designee. In addition, see 32.502-2.

(b) The excess of the unusual progress payment rate approved over the customary progress payment rate should be the lowest amount possible under the circumstances.

(c) Progress payments will not be considered unusual merely because they are on letter contracts or the definitive contracts that supersede letter contracts.

32.501-3 Contract price.

(a) For the purpose of making progress payments and determining the limitation on progress payments, the contract price must be as follows:

(1) Under firm-fixed price contracts, the contract price is the current amount fixed by the contract plus the not-to-exceed amount for any unpriced modifications.

(2) If the contract is redeterminable or subject to economic price adjustment, the contract price is the initial price until modified.

(3) Under a fixed-price incentive contract, the contract price is the target price plus the not-to-exceed amount of unpriced modifications. However, if the contractor's properly incurred costs exceed the target price, the contracting officer may provisionally increase the price up to the ceiling or maximum price.

(4) Under a letter contract, the contract price is the maximum amount obligated by the contract as modified.

(5) Under an unpriced order issued against a basic ordering agreement, the contract price is the maximum amount obligated by the order, as modified.

(6) Any portion of the contract specifically providing for reimbursement of costs only must be excluded from the contract price.

(b) The contracting officer must not make progress payments or increase the contract price beyond the funds obligated under the contract, as amended.

32.501-4 [Reserved]

32.501-5 Other protective terms.

If the contracting officer considers it necessary for protection of the Government's interest, protective terms such as the following may be used in addition to the Progress Payments clause of the contract:

(a) Personal or corporate guarantees.

(b) Subordinations or standbys of indebtedness.

(c) Special bank accounts.

(d) Protective covenants of the kinds in paragraph (p) of the clause at , Advance Payments.

(e) A provision, included in the solicitation and resultant contract when first article testing is required (see subpart 9.3), limiting progress payments on first article work by a stated amount or percentage.

32.502 Preaward matters.

This section covers matters that generally are relevant only before contract award. This does not preclude taking actions discussed here after award, if appropriate; *e.g.,* postaward addition of a Progress Payments clause for consideration.

32.502-1 Use of customary progress payments.

The contracting officer may use a Progress Payments clause in solicitations and contracts, in accordance with this subpart. The contracting officer must reject as nonresponsive bids conditioned on progress payments when the solicitation did not provide for progress payments.

32.502-2 Contract finance office clearance.

The contracting officer must obtain the approval of the contract finance office or other offices designated under agency procedures before taking any of the following actions:

(a) Providing a progress payment rate higher than the customary rate (see 32.501-1).

(b) Deviating from the progress payments terms prescribed in this part.

(c) Providing progress payments to a contractor-

(1) Whose financial condition is in doubt;

(2) Who has had an advance payment request or loan guarantee denied for financial reasons (or approved but withdrawn or lapsed) within the previous 12 months; or

(3) Who is named in the consolidated list of contractors indebted to the United States (known commonly as the "Hold-up List").

32.502-3 Solicitation provisions.

(a) Insert the provision at 52.232-13, Notice of Progress Payments, in invitations for bids and requests for proposals that include a Progress Payments clause.

(b) (1) Under the authority of the statutes cited in 32.101, an invitation for bids may restrict the availability of progress payments to small business concerns only.

(2) Insert the provision at 52.232-14, Notice of Availability of Progress Payments Exclusively for Small Business Concerns, in invitations for bids if it is anticipated that-

(i) Both small business concerns and others may submit bids in response to the same invitation; and

(ii) Only the small business bidders would need progress payments.

(c) Insert the provision at 52.232-15, Progress Payments Not Included, in invitations for bids if the solicitation will not contain one of the provisions prescribed in paragraphs (a) and (b) of this section.

32.502-4 Contract clauses.

(a) (1) Insert the clause at 52.232-16, Progress Payments, in-

(i) Solicitations that may result in contracts providing for progress payments based on costs; and

(ii) Fixed-price contracts under which the Government will provide progress payments based on costs.

(2) If advance agency approval has been given in accordance with 32.501-1, the contracting officer may substitute a different customary rate for other than small business concerns for the progress payment and liquidation rate indicated.

(3) If an unusual progress payment rate is approved for the prime contractor (see 32.501-2), substitute the approved rate for the customary rate in paragraphs (a)(1), (a)(6), and (b) of the clause.

(4) If the liquidation rate is changed from the customary progress payment rate (see 32.503-8 and 32.503-9), substitute the new rate for the rate in paragraphs (a)(1), (a)(6), and (b) of the clause.

(5) If an unusual progress payment rate is approved for a subcontract (see 32.504(c) and 32.501-2), modify paragraph (j)(6) of the clause to specify the new rate, the name of the subcontractor, and that the new rate must be used for that subcontractor in lieu of the customary rate.

(b) If the contractor is a small business concern, use the clause with its Alternate I.

(c) If the contract is a letter contract, use the clause with its Alternate II.

(d) If the contractor is not a small business concern, and progress payments are authorized under an indefinite-delivery contract, basic ordering agreement, or their equivalent, use the clause with its Alternate III.

(e) If the nature of the contract necessitates separate progress payment rates for portions of work that are clearly severable and accounting segregation would be maintained (*e.g.,* annual production requirements), describe the application of separate progress payment rates in a supplementary special provision within the contract. The contractor must submit separate progress payment requests and subsequent invoices for the severable portions of work in order to maintain accounting integrity.

32.503 Postaward matters.

This section covers matters that are generally relevant only after award of a contract. This does not preclude taking actions discussed here before award, if appropriate, *e.g.,* preaward review of accounting systems and controls.

32.503-1 [Reserved]

32.503-2 Supervision of progress payments.

(a) The extent of progress payments supervision, by prepayment review or periodic review, should vary inversely with the contractor's experience, performance record, reliability, quality of management, and financial strength, and with the adequacy of the contractor's accounting system and controls. Supervision must be of a kind and degree sufficient to provide timely knowledge of the need for, and timely opportunity for, any actions necessary to protect Government interests.

(b) The administering office must keep itself informed of the contractor's overall operations and financial condition, since difficulties encountered and losses suffered in operations outside the particular progress payment contract may affect adversely the performance of that contract and the liquidation of the progress payments.

(c) For contracts with contractors-

(1) Whose financial condition is doubtful or not strong in relation to progress payments outstanding or to be outstanding;

(2) With management of doubtful capacity;

(3) Whose accounting controls are found by experience to be weak; or

(4) Experiencing substantial difficulties in performance, full information on progress under the contract involved (including the status of subcontracts) and on the contractor's other operations and overall financial condition should be obtained and analyzed frequently, with a view to protecting the Government's interests better and taking such action as may be proper to make contract performance more certain.

(d) So far as practicable, all cost problems, particularly those involving indirect costs, that are likely to create disagreements in future administration of the contract should be identified and resolved at the inception of the contract (see 31.109).

32.503-3 Initiation of progress payments and review of accounting system.

(a) For contractors that the administrative contracting officer (ACO) has found by previous experience or recent audit review (within the last 12 months) to be--

(1) Reliable, competent, and capable of satisfactory performance;

(2) Possessed of an adequate accounting system and controls; and

(3) In sound financial condition, progress payments in amounts requested by the contractor should be approved as a matter of course.

(b) For all other contractors, the ACO must not approve progress payments before determining—

(1) That—

(i) The contractor will be capable of liquidating any progress payments; or

(ii) The Government is otherwise protected against loss by additional protective provisions; and

(2) That the contractor's accounting system and controls are adequate for proper administration of progress payments. The services of the responsible audit agency or office should be used to the greatest extent practicable. However, if the auditor so advises, a complete audit may not be necessary.

32.503-4 Approval of progress payment requests.

(a) When the reliability of the contractor and the adequacy of the contractor's accounting system and controls have been established (see 32.503-3) the ACO may, in approving any particular progress payment request (including initial requests on new contracts), rely upon that accounting system and upon the contractor's certification, without requiring audit or review of the request before payment.

(b) The ACO should not routinely ask for audits of progress payment requests. However, when there is reason to-

(1) Question the reliability or accuracy of the contractor's certification; or

(2) Believe that the contract will involve a loss, the ACO should ask for a review or audit of the request before payment is approved or the request is otherwise disposed of.

(c) When there is reason to doubt the amount of a progress payment request, only the doubtful amount should be withheld, subject to later adjustment after review or audit; any clearly proper and due amounts should be paid without awaiting resolution of the differences.

32.503-5 Administration of progress payments.

(a) While the ACO may, in approving progress payment requests under 32.503-3, rely on the contractor's accounting system and certification without prepayment review, postpayment reviews (including audits when considered necessary) must be made periodically, or when considered desirable by the ACO to determine the validity of progress payments already made and expected to be made.

(b) These postpayment reviews or audits must, as a minimum, include a determination of whether or not-

(1) The unliquidated progress payments are fairly supported by the value of the work accomplished on the undelivered portion of the contract;

(2) The applicable limitation on progress payments in the Progress Payments clause has been exceeded;

(3) (i) The unpaid balance of the contract price will be adequate to cover the anticipated cost of completion; or

(ii) The contractor has adequate resources to complete the contract; and

(4) There is reason to doubt the adequacy and reliability of the contractor's accounting system and controls and certification.

(c) Under indefinite-delivery contracts, the contracting officer should administer progress payments made under each individual order as if the order constituted a separate contract, unless agency procedures provide otherwise. When the contract will be administered by an agency other than the awarding agency, the contracting officer must coordinate with the contract administration office if the awarding agency wants the administration of progress payments to be on a basis other than order-by-order.

32.503-6 Suspension or reduction of payments.

(a) *General.* The Progress Payments clause provides a Government right to reduce or suspend progress payments, or to increase the liquidation rate, under specified conditions. These conditions and actions are discussed in paragraphs (b) through (g) of this subsection.

(1) The contracting officer must take these actions only in accordance with the contract terms and never precipitately or arbitrarily. These actions should be taken only after-

(i) Notifying the contractor of the intended action and providing an opportunity for discussion;

(ii) Evaluating the effect of the action on the contractor's operations, based on the contractor's financial condition, projected cash requirements, and the existing or available credit arrangements; and

(iii) Considering the general equities of the particular situation.

(2) The contracting officer must take immediate unilateral action only if warranted by circumstances such as overpayments or unsatisfactory contract performance.

(3) In all cases, the contracting officer must-

(i) Act fairly and reasonably;

(ii) Base decisions on substantial evidence; and

(iii) Document the contract file. Findings made under paragraph (c) of the Progress Payments clause must be in writing.

(b) *Contractor noncompliance.* (1) The contractor must comply with all material requirements of the contract. This includes the requirement to maintain an efficient and reliable accounting system and controls, adequate for the proper administration of progress payments. If the system or controls are deemed inadequate, progress payments must be suspended (or the portion of progress payments associated with the unacceptable portion of the contractor's accounting system must be suspended) until the necessary changes have been made.

(2) If the contractor fails to comply with the contract without fault or negligence, the contracting officer will not take action permitted by paragraph (c)(1) of the Progress Payments clause, other than to correct overpayments and collect amounts due from the contractor.

(c) *Unsatisfactory financial condition.* (1) If the contracting officer finds that contract performance (including full liquidation of progress payments) is endangered by the contractor's financial condition, or by a failure to make progress, the contracting officer must require the contractor to make additional operating or financial arrangements adequate for completing the contract without loss to the Government.

(2) If the contracting officer concludes that further progress payments would increase the probable loss to the Government, the contracting officer must suspend progress payments and all other payments until the unliquidated balance of progress payments is eliminated.

(d) *Excessive inventory.* If the inventory allocated to the contract exceeds reasonable requirements (including a reasonable accumulation of inventory for continuity of operations), the contracting officer should, in addition to requiring the transfer of excessive inventory from the contract, take one or more of the following actions, as necessary, to avoid or correct overpayment:

(1) Eliminate the costs of the excessive inventory from the costs eligible for progress payments, with appropriate reduction in progress payments outstanding.

(2) Apply additional deductions to billings for deliveries (increase liquidation).

(e) *Delinquency in payment of costs of performance.* (1) If the contractor is delinquent in paying the costs of contract performance in the ordinary course of business, the contracting officer must evaluate whether the delinquency is caused by an unsatisfactory financial condition and, if so, must apply the guidance in paragraph (c) of this section. If the contractor's financial condition is satisfactory, the contracting officer must not deny progress payments if the contractor agrees to-

(i) Cure the payment delinquencies;

(ii) Avoid further delinquencies; and

(iii) Make additional arrangements adequate for completing the contract without loss to the Government.

(2) If the contractor has, in good faith, disputed amounts claimed by subcontractors, suppliers, or others, the contracting officer must not consider the payments delinquent until the amounts due are established by the parties through litigation or arbitration. However, the amounts must be excluded from costs eligible for progress payments so long as they are disputed.

(3) Determinations of delinquency in making contributions under employee pension, profit sharing, or stock ownership plans, and exclusion of costs for such contributions from progress payment requests, must be in accordance with paragraph (a)(3) of the clause at 52.232-16, Progress Payments, without regard to the provisions of 32.503-6.

(f) *Fair value of undelivered work*. Progress payments must be commensurate with the fair value of work accomplished in accordance with contract requirements. The contracting officer must adjust progress payments when necessary to ensure that the fair value of undelivered work equals or exceeds the amount of unliquidated progress payments. On loss contracts, the application of a loss ratio as provided at paragraph (g) of this section constitutes this adjustment.

(g) *Loss contracts.* (1) If the sum of the total costs incurred under a contract plus the estimated costs to complete the performance are likely to exceed the contract price, the contracting officer must compute a loss ratio factor and adjust future progress payments to exclude the element of loss. The loss ratio factor is computed as follows:

(i) Revise the current contract price used in progress payment computations (the current ceiling price under fixed-price incentive contracts) to include the not-to-exceed amount for any pending change orders and unpriced orders.

(ii) Divide the revised contract price by the sum of the total costs incurred to date plus the estimated additional costs of completing the contract performance.

(2) If the contracting officer believes a loss is probable, future progress payment requests must be modified as follows:

(i) The contract price must be the revised amount computed under paragraph (g)(1)(i) of this section.

(ii) The total costs eligible for progress payments must be the product of

(A) The sum of paid costs eligible for progress payments times

(B) The loss ratio factor computed under paragraph (g)(1)(ii) of this section.

(iii) The costs applicable to items delivered, invoiced, and accepted must not include costs in excess of the contract price of the items.

(3) The contracting officer may use audit assistance, technical services, management reports, and other sources of pertinent data to evaluate progress payment requests. If the contracting officer concludes that the contractor's figures in the contractor's progress payment request are not correct, the contracting officer must-

(i) In the manner prescribed in paragraph (4) of this section, prepare a supplementary analysis to be attached to the contractor's request;

(ii) Advise the contractor in writing of the differences; and

(iii) Adjust all further progress payments in accordance with paragraph (1) of this section, using the contracting officer's figures, until the difference is resolved.

(4) The following is an example of the supplementary analysis required in paragraph (g)(3) of this section:

Section I:

Contract price	$2,850,000
Change orders and unpriced orders (to extent funds have been obligated)	$150,000
Revised contract price	$3,000,000

Section II:

Total costs incurred to date	$2,700,000
Estimated additional costs to complete	$900,000
Total costs to complete	$3,600,000

$$\textit{Loss}\ \text{ratio factor}\ \frac{\$3,000,000}{\$3,600,000} = 83.3\%$$

Total costs eligible for progress payments	$2,700,000
Loss ratio factor	×83.3%
Recognized costs for progress payments	$2,249,100
Progress payment rate	×80.0%
Alternate amount to be used	$1,799,280

Section III:

Factored costs of items delivered*	$750,000
Recognized costs applicable to undelivered items ($2,249,100–$750,000)	$1,499,100

*This amount must be the same as the contract price of the items delivered.

32.503-7 [Reserved]

32.503-8 Liquidation rates-ordinary method.

The Government recoups progress payments through the deduction of liquidations from payments that would otherwise be due to the contractor for completed contract items. To determine the amount of the liquidation, the contracting officer applies a liquidation rate to the contract price of contract items delivered and accepted. The ordinary method is that the liquidation rate is the same as the progress payment rate. At the beginning of a contract, the contracting officer must use this method.

32.503-9 Liquidation rates—alternate method.

(a) The liquidation rate determined under 32.503-8 must apply throughout the period of contract performance unless the contracting officer adjusts the liquidation rate under the alternate method in this 32.503-9. The objective of the alternate liquidation rate method is to permit the contractor to retain the earned profit element of the contract prices for completed items in the liquidation process. The contracting officer may reduce the liquidation rate if—

(1) The contractor requests a reduction in the rate;

(2) The rate has not been reduced in the preceding 12 months;

(3) The contract delivery schedule extends at least 18 months from the contract award date;

(4) Data on actual costs are available--

(i) For the products delivered, or

(ii) If no deliveries have been made, for a performance period of at least 12 months;

(5) The reduced liquidation rate would result in the Government recouping under each invoice the full extent of the progress payments applicable to the costs allocable to that invoice;

(6) The contractor would not be paid for more than the costs of items delivered and accepted (less allocable progress payments) and the earned profit on those items;

(7) The unliquidated progress payments would not exceed the limit prescribed in paragraph (a)(5) of the Progress Payments clause;

(8) The parties agree on an appropriate rate; and

(9) The contractor agrees to certify annually, or more often if requested by the contracting officer, that the alternate rate continues to meet the conditions of sections 32.503-5 and 32.503-6. The certificate must be accompanied by adequate supporting information.

(b) The contracting officer must change the liquidation rate in the following circumstances:

(1) The rate must be increased for both previous and subsequent transactions, if the contractor experiences a lower profit rate than the rate anticipated at the time the liquidation rate was established. Accordingly, the contracting officer must adjust the progress payments associated with contract items already delivered, as well as subsequent progress payments.

(2) The rate must be increased or decreased in keeping with the successive changes to the contract price or target profit when—

(i) The target profit is changed under a fixed-price incentive contract with successive targets; or

(ii) A redetermined price involves a change in the profit element under a contract with prospective price redetermination at stated intervals.

(c) Whenever the liquidation rate is changed, the contracting officer must issue a contract modification to specify the new rate in the Progress Payments clause. Adequate consideration for these contract modifications is provided by the consideration included in the initial contract. The parties must promptly make the payment or liquidation required in the circumstances.

32.503-10 Establishing alternate liquidation rates.

(a) The contracting officer must ensure that the liquidation rate is—

(1) High enough to result in Government recoupment of the applicable progress payments on each billing; and

(2) Supported by documentation included in the administration office contract file.

(b) The minimum liquidation rate is the expected progress payments divided by the contract price. Each of these factors is discussed below:

(1) The contracting officer must compute the expected progress payments by multiplying the estimated cost of performing the contract by the progress payment rate.

(2) For purposes of computing the liquidation rate, the contracting officer may adjust the estimated cost and the contract price to include the estimated value of any work authorized but not yet priced and any projected economic

adjustments; however, the contracting officer's adjustment must not exceed the Government's estimate of the price of all authorized work or the funds obligated for the contract.

(3) The following are examples of the computation. Assuming an estimated price of $2,200,000 and total estimated costs eligible for progress payments of $2,000,000:

(i) If the progress payment rate is 80 percent, the minimum liquidation rate should be 72.7 percent, computed as follows:

$$\frac{\$2,000,000 \times 80\%}{\$2,200,000} = 72.7\%$$

(ii) If the progress payment rate is 85 percent, the minimum liquidation rate should be 77.3 percent, computed as follows:

$$\frac{\$2,000,000 \times 85\%}{\$2,200,000} = 77.3\%$$

(4) Minimum liquidation rates will generally be expressed to tenths of a percent. Decimals between tenths will be rounded up to the next highest tenth (not necessarily the nearest tenth), since rounding down would produce a rate below the minimum rate calculated.

32.503-11 Adjustments for price reduction.

(a) If a retroactive downward price reduction occurs under a redeterminable contract that provides for progress payments, the contracting officer must—

(1) Determine the refund due and obtain repayment from the contractor for the excess of payments made for delivered items over amounts due as recomputed at the reduced prices; and

(2) Increase the unliquidated progress payments amount for overdeductions made from the contractor's billings for items delivered.

(b) The contracting officer must also increase the unliquidated progress payments amount if the contractor makes an interim or voluntary price reduction under a redeterminable or incentive contract.

32.503-12 Maximum unliquidated amount.

(a) The contracting officer must ensure that any excess of the unliquidated progress payments over the contractual limitation in paragraph (a) of the Progress Payments clause in the contract is promptly corrected through one or more of the following actions:

(1) Increasing the liquidation rate.

(2) Reducing the progress payment rate.

(3) Suspending progress payments.

(b) The excess described in paragraph (a) of this section is most likely to arise under the following circumstances:

(1) The costs of performance exceed the contract price.

(2) The alternate method of liquidation (see 32.503-9) is used and the actual costs of performance exceed the cost estimates used to establish the liquidation rate.

(3) The rate of progress or the quality of contract performance is unsatisfactory.

(4) The rate of rejections, waste, or spoilage is excessive.

(c) As required, the services of the responsible audit agency or office should be fully utilized, along with the services of qualified cost analysis and engineering personnel.

32.503-13 [Reserved]

32.503-14 Protection of Government title.

(a) Since the Progress Payments clause gives the Government title to all of the materials, work-in-process, finished goods, and other items of property described in paragraph (d) of the Progress Payments clause, under the contract under which progress payments have been made, the ACO must ensure that the Government title to these inventories is not compromised by other encumbrances. Ordinarily, the ACO, in the absence of reason to believe otherwise, may rely upon the contractor's certification contained in the progress payment request.

(b) If the ACO becomes aware of any arrangement or condition that would impair the Government's title to the property affected by progress payment, the ACO must require additional protective provisions (see 32.501-5) to establish and protect the Government's title.

(c) The existence of any such encumbrance is a violation of the contractor's obligations under the contract, and the ACO may, if necessary, suspend or reduce progress payments under the terms of the Progress Payments clause covering failure to comply with any material requirement of the contract. In addition, if the contractor fails to disclose an existing encumbrance in the progress payments certification, the ACO should consult with legal counsel concerning possible violation of 31 U.S.C. 3729, the False Claims Act.

32.503-15 Application of Government title terms.

(a) Property to which the Government obtains title by operation of the Progress Payments clause solely is not, as a consequence, Government-furnished property.

(b) Although property title is vested in the Government under the Progress Payments clause, the acquisition, handling, and disposition of certain types of property are governed by—

(1) The clause at 52.245-1, Government Property; and

(2) The termination clauses at 52.249, for termination inventory.

(c) The contractor may sell or otherwise dispose of current production scrap in the ordinary course of business on its own volition, even if title has vested in the Government under the Progress Payments clause. The contracting officer must require the contractor to credit the costs of the contract performance with the proceeds of the scrap disposition.

(d) When the title to materials or other inventories is vested in the Government under the Progress Payments clause, the contractor may transfer the inventory items from the contract for its own use or other disposition only if, and on terms, approved by the contracting officer. The contractor is required to—

(1) Eliminate the costs allocable to the transferred property from the costs of contract performance, and

(2) Repay or credit to the Government an amount equal to the unliquidated progress payments, allocable to the transferred property.

(e) If excess property remains after the contract performance is complete and all contractor obligations under the contract are satisfied, including full liquidation of progress payments, the excess property is outside the scope of the Progress Payments clause. Therefore, the contractor holds title to it.

32.503-16 Risk of loss.

(a) Under the Progress Payments clause, and except for normal spoilage, the contractor bears the risk of loss for Government property under the clause, even though title is vested in the Government, unless the Government has expressly assumed this risk. The clauses prescribed in this regulation related to progress payments, default, and terminations do not constitute a Government assumption of this risk.

(b) If a loss occurs in connection with property for which the contractor bears the risk, the contractor is obligated to repay to the Government the amount of unliquidated progress payments based on costs allocable to the property.

(c) The contractor is not obligated to pay for the loss of property for which the Government has assumed the risk of loss. However, a serious loss may impede the satisfactory progress of contract performance, so that the contracting officer may need to act under paragraph (c)(5) of the Progress Payments clause.

32.504 Subcontracts under prime contracts providing progress payments.

(a) Subcontracts may include either performance-based payments, provided they meet the criteria in 32.1003, or progress payments, provided they meet the criteria in subpart 32.5 for customary progress payments, but not both. Subcontracts for commercial purchases may include commercial product or commercial service purchase financing terms, provided they meet the criteria in 32.202-1.

(b) The contractor's requests for progress payments may include the full amount of commercial product or commercial service purchase financing payments, performance-based payments, or progress payments to a subcontractor, whether paid or unpaid, provided that unpaid amounts are limited to amounts determined due and that the contractor will pay—

(1) In accordance with the terms and conditions of a subcontract or invoice; and

(2) Ordinarily within 30 days of the submission of the contractor's progress payment request to the Government.

(c) If the contractor is considering making unusual progress payments to a subcontractor, the parties will be guided by the policies in 32.501-2. If the Government approves unusual progress payments for the subcontract, the contracting officer must issue a contract modification to specify the new rate in paragraph (j)(6) of the clause at 52.232-16, Progress Payments, in the prime contract. This will allow the contractor to include the progress payments to the subcontractor in the cost basis for progress payments by the Government. This modification is not a deviation and does not require the clearance prescribed in 32.502-2(b).

(d) The contractor has a duty to ensure that financing payments to subcontractors conform to the standards and principles prescribed in paragraph (j) of the Progress Payments clause in the prime contract. Although the contracting officer should, to the extent appropriate, review the subcontract as part of the overall administration of progress payments in the prime contract, there is no special requirement for contracting officer review or consent merely because the subcontract includes financing payments, except as provided in paragraph (c) of this section. However, the contracting officer must ensure that the contractor has installed the necessary management control systems, including internal audit procedures.

(e) When financing payments are in the form of progress payments, the Progress Payments clause at 52.232-16 requires that the subcontract include the substance of the Progress Payments clause in the prime contract, modified to indicate that the contractor, not the Government, awards the subcontract and administers the progress payments. The following exceptions apply to wording modifications:

(1) The subcontract terms on title to property under progress payments must provide for vesting of title in the Government, not the contractor, as in paragraph (d) of the Progress Payments clause in the prime contract. A reference to the contractor may, however, be substituted for "Government" in paragraph (d)(2)(iv) of the clause.

(2) In the subcontract terms on reports and access to records, the contractor shall not delete the references to "Contracting Officer" and "Government" in adapting paragraph (g) of the Progress Payments clause in the contract, but may expand the terms as follows:

(i) The term "Contracting Officer" may be changed to "Contracting Officer or Prime Contractor".

(ii) The term "the Government" may be changed to "the Government or Prime Contractor".

(3) The subcontract special terms regarding default must include paragraph (h) of the Progress Payments clause in the contract through its subdivision (i). The rest of paragraph (h) is optional.

(f) When financing payments are in the form of performance-based payments, the Performance-Based Payments clause at 52.232-32 requires that the subcontract terms include the substance of the Performance-Based Payments clause, modified to indicate that the contractor, not the Government, awards the subcontract and administers the performance-based payments, and include appropriately worded modifications similar to those noted in paragraph (e) of this section.

(g) When financing payments are in the form of commercial product or commercial service purchase financing, the subcontract must include a contract financing clause structured in accordance with 32.206.

Subpart 32.6 Contract Debts

32.600 Scope of subpart.

This subpart prescribes policies and procedures for identifying, collecting, and deferring collection of contract debts (including interest, if applicable). Sections 32.607, 32.608, and 32.610 of this subpart do not apply to claims against common carriers for transportation overcharges and freight and cargo losses (31 U.S.C. 3726).

32.601 General.

(a) Contract debts are amounts that—

(1) Have been paid to a contractor to which the contractor is not currently entitled under the terms and conditions of the contract; or

(2) Are otherwise due from the contractor under the terms and conditions of the contract.

(b) Contract debts include, but are not limited to, the following:

(1) Billing and price reductions resulting from contract terms for price redetermination or for determination of prices under incentive type contracts.

(2) Price or cost reductions for defective certified cost or pricing data.

(3) Financing payments determined to be in excess of the contract limitations at 52.232-16(a)(7), Progress Payments, or 52.232-32(d)(2), Performance—Based Payments, or any contract clause for financing of commercial products or commercial services.

(4) Increases to financing payment liquidation rates.

(5) Overpayments disclosed by quarterly statements required under price redetermination or incentive contracts.

(6) Price adjustments resulting from Cost Accounting Standards (CAS) noncompliances or changes in cost accounting practice.

(7) Reinspection costs for nonconforming supplies or services.

(8) Duplicate or erroneous payments.

(9) Damages or excess costs related to defaults in performance.

(10) Breach of contract obligations concerning progress payments, performance-based payments, advance payments, financing of commercial products or commercial services, or Government-furnished property.

(11) Government expense of correcting defects.

(12) Overpayments related to errors in quantity or billing or deficiencies in quality.

(13) Delinquency in contractor payments due under agreements or arrangements for deferral or postponement of collections.

(14) Reimbursement of amounts due under 33.102(b)(3) and 33.104(h)(8).

32.602 Responsibilities.

(a) The contracting officer has primary responsibility for identifying and demanding payment of contract debts except those resulting from errors made by the payment office. The contracting officer must not collect contract debts or otherwise agree to liquidate contract debts (*e.g.*, offset the amount of the debt against existing unpaid bills due the contractor, or allow contractors to retain contract debts to cover amounts that may become payable in future periods).

(b) The payment office has primary responsibility for—

(1) Collecting contract debts identified by contracting officers;

(2) Identifying and collecting duplicate and erroneous payments; and

(3) Authorizing the liquidation of contract debts in accordance with agency procedures.

32.603 Debt determination.

(a) If the contracting officer has any indication that a contractor owes money to the Government under a contract, the contracting officer must determine promptly whether an actual debt is due and the amount. Any unnecessary delay may contribute to—

(1) Loss of timely availability of the funds to the program for which the funds were initially provided;

(2) Increased difficulty in collecting the debt; or

(3) Actual monetary loss to the Government.

(b) The amount of indebtedness determined by the contracting officer must be an amount that—

(1) Is based on the merits of the case; and

(2) Is consistent with the contract terms.

32.604 Demand for payment.

(a) Except as provided in paragraph (c) of this section, the contracting officer must take the following actions:

(1) Issue the demand for payment as soon as the contracting officer has determined that an actual debt is due the Government and the amount.

(2) Issue the demand for payment even if—

(i) The debt is or will be the subject of a bilateral modification;

(ii) The contractor is otherwise obligated to pay the money under the existing contract terms; or

(iii) The contractor has agreed to repay the debt.

(3) Issue the demand for payment as a part of the final decision, if a final decision is required by 32.605(a).

(b) The demand for payment must include the following:

(1) A description of the debt, including the debt amount.

(2) A distribution of the principal amount of the debt by line(s) of accounting subject to the following:

(i) If the debt affects multiple lines of accounting, the contracting officer must, to the maximum extent practicable, identify all affected lines of accounting. If it is not practicable to identify all affected lines of accounting, the contracting officer may select representative lines of accounting in accordance with paragraph (b)(2)(ii) of this section.

(ii) In selecting representative lines of accounting, the contracting officer must—

(A) Consider the affected departments or agencies, years of appropriations, and the predominant types of appropriations; and

(B) Not distribute to any line of accounting an amount of the principal in excess of the total obligation for the line of accounting; and

(iii) Include the lines of accounting even if the associated funds are expired or cancelled. While cancelled funds will be deposited in a miscellaneous receipt account of the Treasury if collected, the funds are tracked under the closed year appropriation(s) to comply with the Anti-Deficiency Act.

(iv) If the debt affects multiple contracts and the lines of accounting are not readily available, the contracting officer must—

(A) Issue the demand for payment without the distribution of the principal amount to the affected lines of accounting;

(B) Include a statement in the demand for payment advising when the distribution will be provided; and

(C) Provide the distribution by the date identified in the demand for payment.

(3) The basis for and amount of any accrued interest or penalty.

(4) (i) For debts resulting from specific contract terms (*e.g.*, debts resulting from incentive clause provisions, Quarterly Limitation on Payments Statement, Cost Accounting Standards, price reduction for defective pricing), a notification stating that payment should be made promptly, and that interest is due in accordance with the terms of the contract. Interest must be computed from the date specified in the applicable contract clause until repayment by the contractor. The interest rate must be the rate specified in the applicable contract clause. In the case of a debt arising from a price reduction for defective pricing, or as specifically set forth in a Cost Accounting Standards (CAS) clause in the contract, interest is computed from the date of overpayment by the Government until repayment by the contractor at the underpayment rate established by the Secretary of the Treasury, for the periods affected, under 26 U.S.C. 6621(a)(2).

(ii) For all other contract debts, a notification stating that any amounts not paid within 30 days from the date of the demand for payment will bear interest. Interest must be computed from the date of the demand for payment until repayment by the contractor. The interest rate must be the interest rate established by the Secretary of the Treasury, as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six-month period as established by the Secretary until the amount is paid.

(5) A statement advising the contractor—

(i) To contact the contracting officer if the contractor believes the debt is invalid or the amount is incorrect; and

(ii) If the contractor agrees, to remit a check payable to the agency's payment office annotated with the contract number along with a copy of the demand for payment to the payment office identified in the contract or as otherwise specified in the demand letter in accordance with agency procedures.

(6) Notification that the payment office may initiate procedures, in accordance with the applicable statutory and regulatory requirements, to offset the debt against any payments otherwise due the contractor.

(7) Notification that the debt may be subject to administrative charges in accordance with the requirements of 31 U.S.C. 3717(e) and the Debt Collection Improvement Act of 1996.

(8) Notification that the contractor may submit a request for installment payments or deferment of collection if immediate payment is not practicable or if the amount is disputed.

(c) Except as provided in paragraph (d) of this section, the contracting officer should not issue a demand for payment if the contracting officer only becomes aware of the debt when the contractor—

(1) Provides a lump sum payment or submits a credit invoice. (A credit invoice is a contractor's request to liquidate the debt against existing unpaid bills due the contractor); or

(2) Notifies the contracting officer that the payment office overpaid on an invoice payment. When the contractor provides the notification, the contracting officer must notify the payment office of the overpayment.

(d) If a demand for payment was not issued as provided for in paragraph (c) of this section, the contracting officer must issue a demand for payment no sooner than 30 days after the contracting officer becomes aware of the debt unless—

(1) The contractor has liquidated the debt;

(2) The contractor has requested an installment payment agreement; or

(3) The payment office has issued a demand for payment.

(e) The contracting officer must—

(1) Furnish a copy of the demand for payment to the contractor by certified mail, return receipt requested, or by any other method that provides evidence of receipt; and

(2) Forward a copy of the demand to the payment office.

32.605 Final decisions.

(a) The contracting officer must issue a final decision as required by 33.211 if—

(1) The contracting officer and the contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(2) The contractor fails to liquidate a debt previously demanded by the contracting officer within the timeline specified in the demand for payment unless the amounts were not repaid because the contractor has requested an installment payment agreement; or

(3) The contractor requests a deferment of collection on a debt previously demanded by the contracting officer (see 32.607-2).

(b) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision must identify the same due date as the original demand for payment.

(c) The contracting officer must—

(1) Furnish the decision to the contractor by certified mail, return receipt requested, or by any other method that provides evidence of receipt; and

(2) Forward a copy to the payment office identified in the contract.

32.606 Debt collection.

(a) If the contractor has not liquidated the debt within 30 days of the date due or requested installment payments or deferment of collection, the payment office must initiate withholding of principal, interest, penalties, and administrative charges. In the event the contract is assigned under the Assignment of Claims Act of 1940 (31 U.S.C. 3727 and 41 U.S.C. 6305), the rights of the assignee will be scrupulously respected and withholding of payments must be consistent with those rights. For additional information on assignment of claims, see Subpart 32.8.

(b) As provided for in the Debt Collection Improvement Act of 1996 (31 U.S.C. 3711(g)(1)), payment offices are required to transfer any debt that is delinquent more than 180 days to the Department of Treasury for collection.

(c) The contracting officer must periodically follow up with the payment office to determine whether the debt has been collected and credited to the correct appropriation(s).

32.607 Installment payments and deferment of collection.

(a) The contracting officer must not approve or deny a contractor's request for installment payments or deferment of collections. The office designated in agency procedures is responsible for approving or denying requests for installment payments or deferment of collections.

(b) If a contractor has not appealed the debt or filed an action under the Disputes clause of the contract and the contractor has submitted a proposal for debt deferment or installment payments—

(1) The office designated in agency procedures may arrange for deferment/installment payments if the contractor is unable to pay at once in full or the contractor's operations under national defense contracts would be seriously impaired. The arrangement must include appropriate covenants and securities and should be limited to the shortest practicable maturity; and

(2) The deferment/installment agreement must include a specific schedule or plan for payment. It should permit the Government to make periodic financial reviews of the contractor and to require payments earlier than required by the agreement if the Government considers the contractor's ability to pay improved. It should also provide for required stated or measurable payments on the occurrence of specific events or contingencies that improve the contractor's ability to pay.

(c) If not already applicable under the contract terms, interest on contract debt must be made an element of any agreement entered for installment payments or deferment of collection.

32.607-1 Installment payments.

If a contractor requests an installment payment agreement, the contracting officer must notify the contractor to send a written request for installment payments to the office designated in agency procedures.

32.607-2 Deferment of collection.

(a) All requests for deferment of collection must be submitted in writing to the contracting officer.

(b) Deferments pending disposition of appeal may be granted to small business concerns and financially weak contractors, balancing the need for Government security against loss and undue hardship on the contractor.

(c) The deferment agreement must not provide that a claim of the Government will not become due and payable pending mutual agreement on the amount of the claim or, in the case of a dispute, until the decision is reached.

(d) At a minimum, the deferment agreement must contain the following:

(1) A description of the debt.

(2) The date of first demand for payment.

(3) Notice of an interest charge, in conformity with 32.608 and the FAR clause at 52.232-17, Interest; or, in the case of a debt arising from a defective pricing or a CAS noncompliance overpayment, interest, as prescribed by the applicable Price Reduction for Defective Certified Cost or Pricing Data or CAS clause (see 32.607(c)).

(4) Identification of the office to which the contractor is to send debt payments.

(5) A requirement for the contractor to submit financial information requested by the Government and for reasonable access to the contractor's records and property by Government representatives.

(6) Provision for the Government to terminate the deferment agreement and accelerate the maturity of the debt if the contractor defaults or if bankruptcy or insolvency proceedings are instituted by or against the contractor.

(7) Protective requirements that are considered by the Government to be prudent and feasible in the specific circumstances. The coverage of protective terms at 32.409 and 32.501-5 may be used as a guide.

(e) If a contractor appeal of the debt determination is pending, the deferment agreement must also include a requirement that the contractor must—

(1) Diligently prosecute the appeal; and

(2) Pay the debt in full when the appeal is decided, or when the parties reach agreement on the debt amount.

(f) The deferment agreement may provide for the right to make early payments without prejudice, for refund of overpayments, and for crediting of interest.

32.608 Interest.

32.608-1 Interest charges.

Unless specified otherwise in the clause at 52.232-17, Interest, interest charges must apply to any contract debt unpaid after 30 days from the issuance of a demand unless—

(a) The contract is a kind excluded under 32.611; or

(b) The contract or debt has been exempted from interest charges under agency procedures.

32.608-2 Interest credits.

(a) An equitable interest credit must be applied under the following circumstances:

(1) When the amount of debt initially determined is subsequently reduced, *e.g.*, through a successful appeal.

(2) When any amount collected by the Government is in excess of the amount found to be due on appeal under the Disputes Clause of the contract.

(3) When the collection procedures followed in a given case result in an overcollection of the debt due.

(4) When the responsible official determines that the Government has unduly delayed payments to the contractor on the same contract at some time during the period to which the interest charge applied, provided an interest penalty was not paid for such late payment.

(b) Any appropriate interest credits must be computed under the following procedures:

(1) Interest at the rate under 52.232-17 must be charged on the reduced debt from the date of collection by the Government until the date the monies are remitted to the contractor.

(2) Interest may not be reduced for any time between the due date under the demand and the period covered by a deferment of collection, unless the contract includes an interest clause, *e.g.*, the clause prescribed in 32.611.

(3) Interest must not be credited in an amount that, when added to other amounts refunded or released to the contractor, exceeds the total amount that has been collected, or withheld for the purpose of collecting the debt. This limitation must be further reduced by the amount of any limitation applicable under paragraph (b)(2) of this section.

32.609 Delays in receipt of notices or demands.

If interest is accrued based on the date of the demand letter and delivery of the demand letter is delayed by the Government (*e.g.*, undue delay after dating at the originating office or delays in the mail), the date of the debt and accrual of interest must be extended to a time that is fair and reasonable under the particular circumstances.

32.610 Compromising debts.

For debts under $100,000, excluding interest, the designated agency official may compromise the debt pursuant to the Federal Claims Collection Standards (31 CFR part 902) and agency regulations. Unless specifically authorized by agency procedures, contracting officers cannot compromise debts.

32.611 Contract clause.

(a) Insert the clause at 52.232-17, Interest, in solicitations and contracts unless it is contemplated that the contract will be in one or more of the following categories:

(1) Contracts at or below the simplified acquisition threshold.

(2) Contracts with Government agencies.

(3) Contracts with a State or local government or instrumentality.

(4) Contracts with a foreign government or instrumentality.

(5) Contracts without any provision for profit or fee with a nonprofit organization.

(6) Contracts described in Subpart 5.5, Paid Advertisements.

(7) Any other exceptions authorized under agency procedures.

(b) The contracting officer may insert the FAR clause at 52.232-17, Interest, in solicitations and contracts when it is contemplated that the contract will be in any of the categories specified in 32.611(a).

This page intentionally left blank.

Subpart 32.7 Contract Funding

32.700 Scope of subpart.

This subpart describes basic requirements for contract funding and prescribes procedures for using limitation of cost or limitation of funds clauses. Detailed acquisition funding requirements are contained in agency fiscal regulations.

32.701 [Reserved]

32.702 Policy.

No officer or employee of the Government may create or authorize an obligation in excess of the funds available, or in advance of appropriations (Anti-Deficiency Act, 31 U.S.C. 1341), unless otherwise authorized by law. Before executing any contract, the contracting officer must obtain written assurance from responsible fiscal authority that adequate funds are available or expressly condition the contract upon availability of funds in accordance with 32.703-2.

32.703 Contract funding requirements.

32.703-1 General.

(a) If the contract is fully funded, funds are obligated to cover the price or target price of a fixed-price contract or the estimated cost and any fee of a cost-reimbursement contract.

(b) If the contract is incrementally funded, funds are obligated to cover the amount allotted and any corresponding increment of fee.

32.703-2 Contracts conditioned upon availability of funds.

(a) *Fiscal year contracts.* The contracting officer may initiate a contract action properly chargeable to funds of the new fiscal year before these funds are available, *provided* that the contract includes the clause at 52.232-18, Availability of Funds (see 32.706-1(a)). This authority may be used only for operation and maintenance and continuing services (e.g., rentals, utilities, and supply items not financed by stock funds)-

(1) Necessary for normal operations and

(2) For which Congress previously had consistently appropriated funds, unless specific statutory authority exists permitting applicability to other requirements.

(b) *Indefinite-quantity or requirements contracts.* A one-year indefinite-quantity or requirements contract for services that is funded by annual appropriations may extend beyond the fiscal year in which it begins; *provided,* that (1) any specified minimum quantities are certain to be ordered in the initial fiscal year (see part 37) and (2) the contract includes the clause at 52.232-19, Availability of Funds for the Next Fiscal Year (see 32.706-1(b)).

(c) *Acceptance of supplies or services.* The Government will not accept supplies or services under a contract conditioned upon the availability of funds until the contracting officer has given the contractor notice, to be confirmed in writing, that funds are available.

32.703-3 Contracts crossing fiscal years.

(a) A contract that is funded by annual appropriations may not cross fiscal years, except in accordance with statutory authorization (e.g., 31 U.S.C. 1308, 41 U.S.C. 6302, 42 U.S.C. 3515, and paragraph (b) of this section), or when the contract calls for an end product that cannot feasibly be subdivided for separate performance in each fiscal year (e.g., contracts for expert or consultant services).

(b) The head of an executive agency, except NASA, may enter into a contract, exercise an option, or place an order under a contract for severable services for a period that begins in one fiscal year and ends in the next fiscal year if the period of the contract awarded, option exercised, or order placed does not exceed one year (10 U.S.C. 3133 and 41 U.S.C. 3902). Funds made available for a fiscal year may be obligated for the total amount of an action entered into under this authority.

32.704 Limitation of cost or funds.

(a) (1) When a contract contains the clause at 52.232-20, Limitation of Cost; or 52.232-22, Limitation of Funds, the contracting officer, upon learning that the contractor is approaching the estimated cost of the contract or the limit of the funds allotted, will promptly obtain funding and programming information pertinent to the contract's continuation and notify the contractor in writing that—

(i) Additional funds have been allotted, or the estimated cost has been increased, in a specified amount;

(ii) The contract is not to be further funded and that the contractor should submit a proposal for an adjustment of fee, if any, based on the percentage of work completed in relation to the total work called for under the contract;

(iii) The contract is to be terminated; or

(iv) (A) The Government is considering whether to allot additional funds or increase the estimated cost,

(B) the contractor is entitled by the contract terms to stop work when the funding or cost limit is reached, and

(C) any work beyond the funding or cost limit will be at the contractor's risk.

(2) Upon learning that a partially funded contract containing any of the clauses referenced in subparagraph (1) of this section will receive no further funds, the contracting officer must promptly give the contractor written notice of the decision not to provide funds.

(b) Under a cost-reimbursement contract, the contracting officer may issue a change order, a direction to replace or repair defective items or work, or a termination notice without immediately increasing the funds available. Since a contractor is not obligated to incur costs in excess of the estimated cost in the contract, the contracting officer must ensure availability of funds for directed actions. The contracting officer may direct that any increase in the estimated cost or amount allotted to a contract be used for the sole purpose of funding termination or other specified expenses.

(c) Government personnel encouraging a contractor to continue work in the absence of funds (31 U.S.C. 1341 *et seq.)* may subject the violator to civil or criminal penalties.

32.705 Unenforceability of unauthorized obligations.

Many supplies or services are acquired subject to supplier license agreements. These are particularly common in information technology acquisitions, but they may apply to any supply or service. For example, computer software and services delivered through the internet (web services) are often subject to license agreements, referred to as End User License Agreements (EULA), Terms of Service (TOS), or other similar legal instruments or agreements. Many of these agreements contain indemnification clauses that are inconsistent with Federal law and unenforceable, but which could create a violation of the Anti-Deficiency Act (31 U.S.C. 1341 *et seq.*) if agreed to by the Government.

32.706 Contract clauses.

32.706-1 Clauses for contracting in advance of funds.

(a) Insert the clause at 52.232-18, Availability of Funds, in solicitations and contracts if the contract will be chargeable to funds of the new fiscal year and the contract action will be initiated before the funds are available.

(b) Insert the clause at 52.232-19, Availability of Funds for the Next Fiscal Year, in solicitations and contracts if a one-year indefinite-quantity or requirements contract for services is contemplated and the contract—

(1) Is funded by annual appropriations; and

(2) Is to extend beyond the initial fiscal year (see 32.703-2(b)).

32.706-2 Clauses for limitation of cost or funds.

(a) Insert the clause at 52.232-20, Limitation of Cost, in solicitations and contracts if a fully funded cost-reimbursement contract is contemplated, whether or not the contract provides for payment of a fee. The 60-day period may be varied from 30 to 90 days and the 75 percent from 75 to 85 percent. "Task Order" or other appropriate designation may be substituted for "Schedule" wherever that word appears in the clause.

(b) Insert the clause at 52.232-22, Limitation of Funds, in solicitations and contracts if an incrementally funded cost-reimbursement contract is contemplated.

32.706-3 Clause for unenforceability of unauthorized obligations.

Insert the clause at 52.232-39, Unenforceability of Unauthorized Obligations in all solicitations and contracts.

Subpart 32.8 Assignment of Claims

32.800 Scope of subpart.

This subpart prescribes policies and procedures for the assignment of claims under the Assignment of Claims Act of 1940 (31 U.S.C. 3727, 41 U.S.C. 6305) (hereafter referred to as *the Act*).

32.801 Definitions.

Designated agency, as used in this subpart, means any department or agency of the executive branch of the United States Government (see 32.803(d)).

No-setoff commitment, as used in this subpart, means a contractual undertaking that, to the extent permitted by the Act, payments by the designated agency to the assignee under an assignment of claims will not be reduced to liquidate the indebtedness of the contractor to the Government.

32.802 Conditions.

Under the Assignment of Claims Act, a contractor may assign moneys due or to become due under a contract if all the following conditions are met:

(a) The contract specifies payments aggregating $1,000 or more.

(b) The assignment is made to a bank, trust company, or other financing institution, including any Federal lending agency.

(c) The contract does not prohibit the assignment.

(d) Unless otherwise expressly permitted in the contract, the assignment—

(1) Covers all unpaid amounts payable under the contract;

(2) Is made only to one party, except that any assignment may be made to one party as agent or trustee for two or more parties participating in the financing of the contract; and

(3) Is not subject to further assignment.

(e) The assignee sends a written notice of assignment together with a true copy of the assignment instrument to the—

(1) Contracting officer or the agency head;

(2) Surety on any bond applicable to the contract; and

(3) Disbursing officer designated in the contract to make payment.

32.803 Policies.

(a) Any assignment of claims that has been made under the Act to any type of financing institution listed in 32.802(b) may thereafter be further assigned and reassigned to any such institution if the conditions in 32.802(d) and (e) continue to be met.

(b) A contract may prohibit the assignment of claims if the agency determines the prohibition to be in the Government's interest.

(c) Under a requirements or indefinite quantity type contract that authorizes ordering and payment by multiple Government activities, amounts due for individual orders for $1,000 or more may be assigned.

(d) Any contract of a designated agency (see FAR 32.801), except a contract under which full payment has been made, may include a no-setoff commitment only when a determination of need is made by the head of the agency, in accordance with the Presidential delegation of authority dated October 3, 1995, and after such determination has been published in the Federal Register. The Presidential delegation makes such determinations of need subject to further guidance issued by the Office of Federal Procurement Policy. The following guidance has been provided: Use of the no-setoff provision may be appropriate to facilitate the national defense; in the event of a national emergency or natural disaster; or when the use of the no-setoff provision may facilitate private financing of contract performance. However, in the event an offeror is significantly indebted to the United States, the contracting officer should consider whether the inclusion of the no-setoff commitment in a particular contract is in the best interests of the United States. In such an event, the contracting officer should consult with the Government officer(s) responsible for collecting the debt(s).

(e) When an assigned contract does not include a no-setoff commitment, the Government may apply against payments to the assignee any liability of the contractor to the Government arising independently of the assigned contract if the liability existed at the time notice of the assignment was received even though that liability had not yet matured so as to be due and payable.

32.804 Extent of assignee's protection.

(a) No payments made by the Government to the assignee under any contract assigned in accordance with the Act may be recovered on account of any liability of the contractor to the Government. This immunity of the assignee is effective whether the contractor's liability arises from or independently of the assigned contract.

(b) Except as provided in paragraph (c) of this section, the inclusion of a no-setoff commitment in an assigned contract entitles the assignee to receive contract payments free of reduction or setoff for—

(1) Any liability of the contractor to the Government arising independently of the contract; and

(2) Any of the following liabilities of the contractor to the Government arising from the assigned contract:

(i) Renegotiation under any statute or contract clause.

(ii) Fines.

(iii) Penalties, exclusive of amounts that may be collected or withheld from the contractor under, or for failure to comply with, the terms of the contract.

(iv) Taxes or social security contributions.

(v) Withholding or nonwithholding of taxes or social security contributions.

(c) In some circumstances, a setoff may be appropriate even though the assigned contract includes a no-setoff commitment, e.g.—

(1) When the assignee has neither made a loan under the assignment nor made a commitment to do so; or

(2) To the extent that the amount due on the contract exceeds the amount of any loans made or expected to be made under a firm commitment for financing.

32.805 Procedure.

(a) *Assignments.*

(1) Assignments by corporations must be—

(i) Executed by an authorized representative;

(ii) Attested by the secretary or the assistant secretary of the corporation; and

(iii) Impressed with the corporate seal or accompanied by a true copy of the resolution of the corporation's board of directors authorizing the signing representative to execute the assignment.

(2) Assignments by a partnership may be signed by one partner, if the assignment is accompanied by adequate evidence that the signer is a general partner of the partnership and is authorized to execute assignments on behalf of the partnership.

(3) Assignments by an individual must be signed by that individual and the signature acknowledged before a notary public or other person authorized to administer oaths.

(b) *Filing.* The assignee must forward to each party specified in 32.802(e) an original and three copies of the notice of assignment, together with one true copy of the instrument of assignment. The true copy must be a certified duplicate or photostat copy of the original assignment.

(c) *Format for notice of assignment.* The following is a suggested format for use by an assignee in providing the notice of assignment required by 32.802(e).

Notice of Assignment

TO: __________ [*address to one of the parties specified in 32.802(e)*].

This has reference to Contract No. ______ dated ______, entered into between ________ [*contractor's name and address*] and ________ [*government agency, name of office, and address*], for ________ [*describe nature of the contract*].

Moneys due or to become due under the contract described above have been assigned to the undersigned under the provisions of the Assignment of Claims Act of 1940, as amended, (31 U.S.C. 3727, 41 U.S.C. 6305).

A true copy of the instrument of assignment executed by the Contractor on ________ [*date*], is attached to the original notice.

Payments due or to become due under this contract should be made to the undersigned assignee.

Please return to the undersigned the three enclosed copies of this notice with appropriate notations showing the date and hour of receipt and signed by the person acknowledging receipt on behalf of the addressee.

Very truly yours,

__________ [*name of assignee*]

By

__________ [*signature of signing officer*]

Title

__________ [*title of signing officer*]

__________ [*address of assignee*]

Acknowledgement

Receipt is acknowledged of the above notice and of a copy of the instrument of assignment. They were received at ____ (a.m.) (p.m.) on ________, 20____.

__________ [*signature*]

__________ [*title*]

On behalf of

__________ [*name of addressee of this notice*]

(d) *Examination by the Government.* In examining and processing notices of assignment and before acknowledging their receipt, contracting officers should ensure that the following conditions and any additional conditions specified in agency regulations, have been met:

(1) The contract has been properly approved and executed.

(2) The contract is one under which claims may be assigned.

(3) The assignment covers only money due or to become due under the contract.

(4) The assignee is registered separately in the System for Award Management unless one of the exceptions in 4.1102 applies.

(e) *Release of assignment.*

(1) A release of an assignment is required whenever—

(i) There has been a further assignment or reassignment under the Act; or

(ii) The contractor wishes to reestablish its right to receive further payments after the contractor's obligations to the assignee have been satisfied and a balance remains due under the contract.

(2) The assignee, under a further assignment or reassignment, in order to establish a right to receive payment from the Government, must file with the addressees listed in 32.802(e) a—

(i) Written notice of release of the contractor by the assigning financing institution;

(ii) Copy of the release instrument;

(iii) Written notice of the further assignment or reassignment; and

(iv) Copy of the further assignment or reassignment instrument.

(3) If the assignee releases the contractor from an assignment of claims under a contract, the contractor, in order to establish a right to receive payment of the balance due under the contract, must file a written notice of release together with a true copy of the release of assignment instrument with the addressees noted in 32.802(e).

(4) The addressee of a notice of release of assignment or the official acting on behalf of that addressee must acknowledge receipt of the notice.

32.806 Contract clauses.

(a) (1) The contracting officer must insert the clause at 52.232-23, Assignment of Claims, in solicitations and contracts expected to exceed the micro-purchase threshold, unless the contract will prohibit the assignment of claims (see 32.803(b)). The use of the clause is not required for purchase orders. However, the clause may be used in purchase orders expected to exceed the micro-purchase threshold, that are accepted in writing by the contractor, if such use is consistent with agency policies and regulations.

(2) If a no-setoff commitment has been authorized (see FAR 32.803(d)), the contracting officer must use the clause with its *Alternate I.*

(b) The contracting officer must insert the clause at 52.232-24, Prohibition of Assignment of Claims, in solicitations and contracts for which a determination has been made under agency regulations that the prohibition of assignment of claims is in the Government's interest.

This page intentionally left blank.

Subpart 32.9 Prompt Payment

32.900 Scope of subpart.

This subpart prescribes policies, procedures, and clauses for implementing Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

32.901 Applicability.

(a) This subpart applies to invoice payments on all contracts, except contracts with payment terms and late payment penalties established by other governmental authority (*e.g.,* tariffs).

(b) This subpart does not apply to contract financing payments (see definition at 32.001).

32.902 Definitions.

As used in this subpart—

Discount for prompt payment means an invoice payment reduction offered by the contractor for payment prior to the due date.

Mixed invoice means an invoice that contains items with different payment due dates.

Payment date means the date on which a check for payment is dated or, for an electronic funds transfer (EFT), the settlement date.

Settlement date, as it applies to electronic funds transfer, means the date on which an electronic funds transfer payment is credited to the contractor's financial institution.

32.903 Responsibilities.

(a) Agency heads—

(1) Must establish the policies and procedures necessary to implement this subpart;

(2) May prescribe additional standards for establishing invoice payment due dates (see 32.904) necessary to support agency programs and foster prompt payment to contractors;

(3) May adopt different payment procedures in order to accommodate unique circumstances, provided that such procedures are consistent with the policies in this subpart;

(4) Must inform contractors of points of contact within their cognizant payment offices to enable contractors to obtain status of invoices; and

(5) May authorize the use of the accelerated payment methods specified at 5 CFR 1315.5 but see 32.009-1(a).

(b) When drafting solicitations and contracts, contracting officers must identify for each line item number, subline item number, or exhibit line item number—

(1) The applicable Prompt Payment clauses that apply to each item when the solicitation or contract contains items that will be subject to different payment terms; and

(2) The applicable Prompt Payment food category (*e.g.,* which item numbers are meat or meat food products, which are perishable agricultural commodities), when the solicitation or contract contains multiple payment terms for various classes of foods and edible products.

32.904 Determining payment due dates.

(a) *General.* Agency procedures must ensure that, when specifying due dates, contracting officers give full consideration to the time reasonably required by Government officials to fulfill their administrative responsibilities under the contract.

(b) *Payment due dates.* Except as prescribed in paragraphs (c) through (f) of this section, or as authorized in 32.908(a)(2) or (c)(2), the due date for making an invoice payment is as follows:

(1) The later of the following two events:

(i) The 30th day after the designated billing office receives a proper invoice from the contractor (except as provided in paragraph (b)(3) of this section).

(ii) The 30th day after Government acceptance of supplies delivered or services performed.

(A) For a final invoice, when the payment amount is subject to contract settlement actions, acceptance is deemed to occur on the effective date of the contract settlement.

(B) For the sole purpose of computing an interest penalty that might be due the contractor—

(1) Government acceptance is deemed to occur constructively on the 7th day after the contractor delivers supplies or performs services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, or contractor compliance with a contract requirement;

(2) If actual acceptance occurs within the constructive acceptance period, the Government must base the determination of an interest penalty on the actual date of acceptance;

(3) The constructive acceptance requirement does not compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities; and

(4) Except for a contract for the purchase of a commercial product or commercial service, including a brand-name commercial product for authorized resale (*e.g.,* commissary items), the contracting officer may specify a longer period for constructive acceptance in the solicitation and resulting contract, if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or to evaluate the services performed. The contracting officer must document in the contract file the justification for extending the constructive acceptance period beyond 7 days. Extended acceptance periods must not be a routine agency practice and must be used only when necessary to permit proper Government inspection and testing of the supplies delivered or services performed.

(2) If the contract does not require submission of an invoice for payment (*e.g.,* periodic lease payments), the contracting officer must specify the due date in the contract.

(3) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(c) *Architect-engineer contracts.*

(1) The due date for making payments on contracts that contain the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts, is as follows:

(i) The due date for work or services completed by the contractor is the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the contractor.

(B) The 30th day after Government acceptance of the work or services completed by the contractor.

(1) For a final invoice, when the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance is deemed to occur on the effective date of the settlement.

(2) For the sole purpose of computing an interest penalty that might be due the contractor, Government acceptance is deemed to occur constructively on the 7th day after the contractor completes the work or services in accordance with the terms and conditions of the contract (see also paragraph (c)(2) of this section). If actual acceptance occurs within the constructive acceptance period, the Government must base the determination of an interest penalty on the actual date of acceptance.

(ii) The due date for progress payments is the 30th day after Government approval of contractor estimates of work or services accomplished. For the sole purpose of computing an interest penalty that might be due the contractor—

(A) Government approval is deemed to occur constructively on the 7th day after the designated billing office receives the contractor estimates (see also paragraph (c)(2) of this section).

(B) If actual approval occurs within the constructive approval period, the Government must base the determination of an interest penalty on the actual date of approval.

(iii) If the designated billing office fails to annotate the invoice or payment request with the actual date of receipt at the time of receipt, the payment due date is the 30th day after the date of the contractor's invoice or payment request, provided the designated billing office receives a proper invoice or payment request and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(2) The constructive acceptance and constructive approval requirements described in paragraphs (c)(1)(i) and (ii) of this section are conditioned upon receipt of a proper payment request and no disagreement over quantity, quality, contractor compliance with contract requirements, or the requested progress payment amount. These requirements do not compel Government officials to accept work or services, approve contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities. The contracting officer may specify a longer period for constructive acceptance or constructive approval, if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or to evaluate the services performed. The contracting officer must document in the contract file the justification for extending the constructive acceptance or approval period beyond 7 days.

(d) *Construction contracts.*

(1) The due date for making payments on construction contracts is as follows:

(i) The due date for making progress payments based on contracting officer approval of the estimated amount and value of work or services performed, including payments for reaching milestones in any project, is 14 days after the designated billing office receives a proper payment request.

(A) If the designated billing office fails to annotate the payment request with the actual date of receipt at the time of receipt, the payment due date is the 14th day after the date of the contractor's payment request, provided the designated billing office receives a proper payment request and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(B) The contracting officer may specify a longer period in the solicitation and resulting contract if required to afford the Government a reasonable opportunity to adequately inspect the work and to determine the adequacy of the contractor's performance under the contract. The contracting officer must document in the contract file the justification for extending the due date beyond 14 days.

(C) The contracting officer must not approve progress payment requests unless the certification and substantiation of amounts requested are provided as required by the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts.

(ii) The due date for payment of any amounts retained by the contracting officer in accordance with the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, will be as specified in the contract or, if not specified, 30 days after approval by the contracting officer for release to the contractor. The contracting officer must base the release of retained amounts on the contracting officer's determination that satisfactory progress has been made.

(iii) The due date for final payments based on completion and acceptance of all work (including any retained amounts), and payments for partial deliveries that have been accepted by the Government (*e.g.,* each separate building, public work, or other division of the contract for which the price is stated separately in the contract) is as follows:

(A) The later of the following two events:

(1) The 30th day after the designated billing office receives a proper invoice from the contractor.

(2) The 30th day after Government acceptance of the work or services completed by the contractor. For a final invoice, when the payment amount is subject to contract settlement actions (*e.g.,* release of contractor claims), acceptance is deemed to occur on the effective date of the contract settlement.

(B) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(2) For the sole purpose of computing an interest penalty that might be due the contractor for payments described in paragraph (d)(1)(iii) of this section—

(i) Government acceptance or approval is deemed to occur constructively on the 7th day after the contractor completes the work or services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, contractor compliance with a contract requirement, or the requested amount;

(ii) If actual acceptance occurs within the constructive acceptance period, the Government must base the determination of an interest penalty on the actual date of acceptance;

(iii) The constructive acceptance requirement does not compel Government officials to accept work or services, approve contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities; and

(iv) The contracting officer may specify a longer period for constructive acceptance or constructive approval in the solicitation and resulting contract, if required to afford the Government a reasonable opportunity to adequately inspect the work and to determine the adequacy of the contractor's performance under the contract. The contracting officer must document in the contract file the justification for extending the constructive acceptance or approval beyond 7 days.

(3) Construction contracts contain special provisions concerning contractor payments to subcontractors, along with special contractor certification requirements. The Office of Management and Budget has determined that these certifications must not be construed as final acceptance of the subcontractor's performance. The certification in 52.232-5(c) implements this determination; however, certificates are still acceptable if the contractor deletes paragraph (c)(4) of 52.232-5 from the certificate.

(4) (i) Paragraph (d) of the clause at 52.232-5, Payments under Fixed-Price Construction Contracts, and paragraph (e)(6) of the clause at 52.232-27, Prompt Payment for Construction Contracts, provide for the contractor to pay interest on unearned amounts in certain circumstances. The Government must recover this interest from subsequent payments to the contractor. Therefore, contracting officers normally must make no demand for payment. Contracting officers must—

(A) Compute the amount in accordance with the clause;
(B) Provide the contractor with a final decision; and
(C) Notify the payment office of the amount to be withheld.
(ii) The payment office is responsible for making the deduction of interest. Amounts collected in accordance with these provisions revert to the United States Treasury.
(e) *Cost-reimbursement contracts for services.* For purposes of computing late payment interest penalties that may apply, the due date for making interim payments on cost-reimbursement contracts for services is 30 days after the date of receipt of a proper invoice.
(f) *Food and specified items.*

If the items delivered are:	Payment must be made as close as possible to, but not later than:
(1) *Meat or meat food products*. As defined in section 2(a)(3) of the Packers and Stockyard Act of 1921 (7 U.S.C. 182(3)), and as further defined in Public Law98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, and any perishable egg product.	7th day after product delivery.
(2) *Fresh or frozen fish*. As defined in section 204(3) of the Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)).	7th day after product delivery.
(3) *Perishable agricultural commodities*. As defined in section 1(4) of the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)).	10th day after product delivery, unless another date is specified in the contract.
(4) *Dairy products*. As defined in section 111(e) of the Dairy Production Stabilization Act of 1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products prepared from edible fats or oils. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products fall within this classification. Nothing in the Act limits this classification to refrigerated products. If questions arise regarding the proper classification of a specific product, the contracting officer must follow prevailing industry practices in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the contractor making the representation.	10th day after a proper invoice has been received.

(g) *Multiple payment due dates.* Contracting officers may encourage, but not require, contractors to submit separate invoices for products with different payment due dates under the same contract or order. When an invoice contains items with different payment due dates (*i.e.,* a mixed invoice), the payment office will, subject to agency policy—
(1) Pay the entire invoice on the earliest due date; or
(2) Split invoice payments, making payments by the applicable due dates.

32.905 Payment documentation and process.

(a) *General.* Payment will be based on receipt of a proper invoice and satisfactory contract performance.
(b) *Content of invoices.*
(1) A proper invoice must include the following items (except for interim payments on cost reimbursement contracts for services):
(i) Name and address of the contractor.
(ii) Invoice date and invoice number. (Contractors should date invoices as close as possible to the date of mailing or transmission.)
(iii) Contract number or other authorization for supplies delivered or services performed (including order number and line item number).
(iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered, or services performed.

(v) Shipping and payment terms (*e.g.,* shipment number and date of shipment, discount for prompt payment terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.

(vi) Name and address of contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The contractor must include its TIN on the invoice only if required by agency procedures. (See 4.9 TIN requirements.)

(ix) Electronic funds transfer (EFT) banking information.

(A) The contractor must include EFT banking information on the invoice only if required by agency procedures.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the contractor must have submitted correct EFT banking information in accordance with the applicable solicitation provision (*e.g.,* 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (*e.g.,* 52.232-33, Payment by Electronic Funds Transfer—System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer—Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract (*e.g.,* evidence of shipment).

(2) An interim payment request under a cost-reimbursement contract for services constitutes a proper invoice for purposes of this section if it includes all of the information required by the contract.

(3) If the invoice does not comply with these requirements, the designated billing office must return it within 7 days after receipt (3 days on contracts for meat, meat food products, or fish; 5 days on contracts for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils), with the reasons why it is not a proper invoice. If such notice is not timely, then the designated billing office must adjust the due date for the purpose of determining an interest penalty, if any.

(c) *Authorization to pay.* All invoice payments, with the exception of interim payments on cost-reimbursement contracts for services, must be supported by a receiving report or other Government documentation authorizing payment (*e.g.,* Government certified voucher). The agency receiving official should forward the receiving report or other Government documentation to the designated payment office by the 5th working day after Government acceptance or approval, unless other arrangements have been made. This period of time does not extend the due dates prescribed in this section. Acceptance should be completed as expeditiously as possible. The receiving report or other Government documentation authorizing payment must, as a minimum, include the following:

(1) Contract number or other authorization for supplies delivered or services performed.

(2) Description of supplies delivered or services performed.

(3) Quantities of supplies received and accepted or services performed, if applicable.

(4) Date supplies delivered or services performed.

(5) Date that the designated Government official—

(i) Accepted the supplies or services; or

(ii) Approved the progress payment request, if the request is being made under the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, or the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts.

(6) Signature, printed name, title, mailing address, and telephone number of the designated Government official responsible for acceptance or approval functions.

(d) *Billing office.* The designated billing office must immediately annotate each invoice with the actual date it receives the invoice.

(e) *Payment office.* The designated payment office will annotate each invoice and receiving report with the actual date it receives the invoice.

32.906 Making payments.

(a) *General.* The Government will not make invoice payments earlier than 7 days prior to the due dates specified in the contract unless the agency head determines—

(1) To make earlier payment on a case-by-case basis; or

(2) That the use of accelerated payment methods is necessary. See 32.903(a)(5) but see 32.009-1(a).

(b) *Payment office.* The designated payment office—

(1) Will mail checks on the same day they are dated;

(2) For payments made by EFT, will specify a date on or before the established due date for settlement of the payment at a Federal Reserve Bank;

(3) When the due date falls on a Saturday, Sunday, or legal holiday when Government offices are closed, may make payment on the following working day without incurring a late payment interest penalty.

(4) When it is determined that the designated billing office erroneously rejected a proper invoice and upon resubmission of the invoice, will enter in the payment system the original date the invoice was received by the designated billing office for the purpose of calculating the correct payment due date and any interest penalties that may be due.

(c) *Partial deliveries.*

(1) Contracting officers must, where the nature of the work permits, write contract statements of work and pricing arrangements that allow contractors to deliver and receive invoice payments for discrete portions of the work as soon as completed and found acceptable by the Government (see 32.102(d)).

(2) Unless specifically prohibited by the contract, the clause at 52.232-1, Payments, provides that the contractor is entitled to payment for accepted partial deliveries of supplies or partial performance of services that comply with all applicable contract requirements and for which prices can be calculated from the contract terms.

(d) *Contractor identifier.* Each payment or remittance advice will use the contractor invoice number in addition to any Government or contract information in describing any payment made.

(e) *Discounts.* When a discount for prompt payment is taken, the designated payment office will make payment to the contractor as close as possible to, but not later than, the end of the discount period. The discount period is specified by the contractor and is calculated from the date of the contractor's proper invoice. If the contractor has not placed a date on the invoice, the due date is calculated from the date the designated billing office receives a proper invoice, provided the agency annotates such invoice with the date of receipt at the time of receipt. When the discount date falls on a Saturday, Sunday, or legal holiday when Government offices are closed, the designated payment office may make payment on the following working day and take a discount. Payment terms are specified in the clause at 52.232-8, Discounts for Prompt Payment.

32.907 Interest penalties.

(a) *Late payment.* The designated payment office will pay an interest penalty automatically, without request from the contractor, when all the following conditions, if applicable, have been met:

(1) The designated billing office received a proper invoice.

(2) The Government processed a receiving report or other Government documentation authorizing payment, and there was no disagreement over quantity, quality, or contractor compliance with any contract requirement.

(3) In the case of a final invoice, the payment amount is not subject to further contract settlement actions between the Government and the contractor.

(4) The designated payment office paid the contractor after the due date.

(5) In the case of interim payments on cost-reimbursement contracts for services, when payment is made more than 30 days after the designated billing office receives a proper invoice.

(b) *Improperly taken discount.* The designated payment office will pay an interest penalty automatically, without request from the contractor, if the Government takes a discount for prompt payment improperly. The interest penalty is calculated on the amount of discount taken for the period beginning with the first day after the end of the discount period through the date when the contractor is paid.

(c) *Failure to pay interest.*

(1) The designated payment office will pay a penalty amount, in addition to the interest penalty amount, only if—

(i) The Government owes an interest penalty of $1 or more;

(ii) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(iii) The contractor makes a written demand to the designated payment office for additional penalty payment in accordance with paragraph (c)(2) of this section, postmarked not later than 40 days after the date the invoice amount is paid.

(2) (i) Contractors must support written demands for additional penalty payments with the following data. The Government must not request additional data. Contractors must—

(A) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(B) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(C) State that payment of the principal has been received, including the date of receipt.

(ii) If there is no postmark or the postmark is illegible—

(A) The designated payment office that receives the demand will annotate it with the date of receipt, provided the demand is received on or before the 40th day after payment was made; or

(B) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the contractor has placed on the demand; provided such date is no later than the 40th day after payment was made.

(d) *Disagreements.*

(1) The payment office will not pay interest penalties if payment delays are due to disagreement between the Government and contractor concerning—

(i) The payment amount;

(ii) Contract compliance; or

(iii) Amounts temporarily withheld or retained in accordance with the terms of the contract.

(2) The Government and the contractor must resolve claims involving disputes, and any interest that may be payable in accordance with the Disputes clause.

(e) *Computation of interest penalties.* The Government will compute interest penalties in accordance with OMB prompt payment regulations at 5 CFR part 1315.

(f) *Unavailability of funds.* The temporary unavailability of funds to make a timely payment does not relieve an agency from the obligation to pay interest penalties.

32.908 Contract clauses.

(a) Insert the clause at 52.232-26, Prompt Payment for Fixed-Price Architect-Engineer Contracts, in solicitations and contracts that contain the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts.

(1) As authorized in 32.904(c)(2), the contracting officer may modify the date in paragraph (a)(4)(i) of the clause to specify a period longer than 7 days for constructive acceptance or constructive approval, if required to afford the Government a practicable opportunity to inspect and test the supplies furnished or evaluate the services performed.

(2) As provided in 32.903, agency policies and procedures may authorize amendment of paragraphs (a)(1)(i) and (ii) of the clause to insert a period shorter than 30 days (but not less than 7 days) for making contract invoice payments.

(b) Insert the clause at 52.232-27, Prompt Payment for Construction Contracts, in all solicitations and contracts for construction (see part 36).

(1) As authorized in 32.904(d)(1)(i)(B), the contracting officer may modify the date in paragraph (a)(1)(i)(A) of the clause to specify a period longer than 14 days if required to afford the Government a reasonable opportunity to adequately inspect the work and to determine the adequacy of the Contractor's performance under the contract.

(2) As authorized in 32.904(d)(2)(iv), the contracting officer may modify the date in paragraph (a)(4)(i) of the clause to specify a period longer than 7 days for constructive acceptance or constructive approval if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or evaluate the services performed.

(c) Insert the clause at 52.232-25, Prompt Payment, in all other solicitations and contracts, except when the clause at 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services, applies, or when payment terms and late payment penalties are established by other governmental authority (*e.g.,* tariffs).

(1) As authorized in 32.904(b)(1)(ii)(B)(*4*), the contracting officer may modify the date in paragraph (a)(5)(i) of the clause to specify a period longer than 7 days for constructive acceptance, if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or to evaluate the services performed, except in the case of a contract for the purchase of a commercial product or commercial service, including a brand-name commercial product for authorized resale (*e.g.,* commissary items).

(2) As provided in 32.903, agency policies and procedures may authorize amendment of paragraphs (a)(1)(i) and (ii) of the clause to insert a period shorter than 30 days (but not less than 7 days) for making contract invoice payments.

(3) If the contract is a cost-reimbursement contract for services, use the clause with its *Alternate I.*

32.909 Contractor inquiries.

(a) Direct questions involving—

(1) Delinquent payments to the designated billing office or designated payment office; and

(2) Disagreements in payment amount or timing to the contracting officer for resolution. The contracting officer must coordinate within appropriate contracting channels and seek the advice of other offices as necessary to resolve disagreements.

(b) Small business concerns may contact the agency's local small business specialist or representative from the Office of Small and Disadvantaged Business Utilization to obtain additional assistance related to payment issues, late payment interest penalties, and information on the Prompt Payment Act.

Subpart 32.10 Performance-Based Payments

32.1000 Scope of subpart.

This subpart provides policy and procedures for performance-based payments under noncommercial purchases pursuant to Subpart 32.1.

32.1001 Policy.

(a) Performance-based payments are the preferred Government financing method when the contracting officer finds them practical, and the contractor agrees to their use.

(b) Performance-based payments are contract financing payments that are not payment for accepted items.

(c) Performance-based payments are fully recoverable, in the same manner as progress payments, in the event of default.

(d) Performance-based payments are contract financing payments and, therefore, are not subject to the interest-penalty provisions of prompt payment (see Subpart 32.9). These payments must be made in accordance with agency policy.

(e) Performance-based payments must not be used for—

(1) Payments under cost-reimbursement line items;

(2) Contracts for architect-engineer services or construction, or for shipbuilding or ship conversion, alteration, or repair, when the contracts provide for progress payments based upon a percentage or stage of completion; or

(3) Contracts awarded through sealed bid procedures.

32.1002 Bases for performance-based payments.

Performance-based payments may be made on any of the following bases:

(a) Performance measured by objective, quantifiable methods.

(b) Accomplishment of defined events.

(c) Other quantifiable measures of results.

32.1003 Criteria for use.

The contracting officer may use performance-based payments for individual orders and contracts provided—

(a) The contracting officer and offeror agree on the performance-based payment terms;

(b) The contract, individual order, or line item is a fixed-price type;

(c) For indefinite delivery contracts, the individual order does not provide for progress payments; and

(d) For other than indefinite-delivery contracts, the contract does not provide for progress payments.

32.1004 Procedures.

Performance-based payments may be made either on a whole contract or on a deliverable item basis, unless otherwise prescribed by agency regulations. Financing payments to be made on a whole contract basis are applicable to the entire contract, and not to specific deliverable items. Financing payments to be made on a deliverable item basis are applicable to a specific individual deliverable item. (A deliverable item for these purposes is a separate item with a distinct unit price. Thus, a line item for 10 airplanes, with a unit price of $1,000,000 each, has 10 deliverable items-the separate planes. A line item for 1 lot of 10 airplanes, with a lot price of $10,000,000, has only one deliverable item-the lot.)

(a) *Establishing performance bases.*

(1) The basis for performance-based payments may be either specifically described events (e.g., milestones) or some measurable criterion of performance. Each event or performance criterion that will trigger a finance payment must be an integral and necessary part of contract performance and must be identified in the contract, along with a description of what constitutes successful performance of the event or attainment of the performance criterion. The signing of contracts or modifications, the exercise of options, the passage of time, or other such occurrences do not represent meaningful efforts or actions and must not be identified as events or criteria for performance-based payments. An event need not be a critical event in order to trigger a payment, but the Government must be able to readily verify successful performance of each such event or performance criterion.

(2) Events or criteria may be either severable or cumulative. The successful completion of a severable event or criterion is independent of the accomplishment of any other event or criterion. Conversely, the successful accomplishment of a cumulative event or criterion is dependent upon the previous accomplishment of another event. A contract may provide for more than one series of severable and/or cumulative performance events or criteria performed in parallel. The contracting officer must include the following in the contract:

(i) The contract must not permit payment for a cumulative event or criterion until the dependent event or criterion has been successfully completed.

(ii) The contract must specifically identify severable events or criteria.

(iii) The contract must specifically identify cumulative events or criteria and identify which events or criteria are preconditions for the successful achievement of each event or criterion.

(iv) Because performance-based payments are contract financing, events or criteria must not serve as a vehicle to reward the contractor for completion of performance levels over and above what is required for successful completion of the contract.

(v) If payment of performance-based finance amounts is on a deliverable item basis, each event or performance criterion must be part of the performance necessary for that deliverable item and must be identified to a specific line item or subline item.

(b) *Establishing performance-based finance payment amounts.*

(1) The contracting officer must establish a complete, fully defined schedule of events or performance criteria and payment amounts when negotiating contract terms. If a contract action significantly affects the price, or event or performance criterion, the contracting officer responsible for pricing the contract modification must adjust the performance-based payment schedule appropriately.

(2) Total performance-based payments must—

(i) Reflect prudent contract financing provided only to the extent needed for contract performance (see 32.104(a)); and

(ii) Not exceed 90 percent of the contract price if on a whole contract basis, or 90 percent of the delivery item price if on a delivery item basis.

(3) The contract must specifically state the amount of each performance-based payment either as a dollar amount or as a percentage of a specifically identified price (e.g., contract price or unit price of the deliverable item). The payment of contract financing has a cost to the Government in terms of interest paid by the Treasury to borrow funds to make the payment. Because the contracting officer has wide discretion as to the timing and amount of the performance-based payments, the contracting officer must ensure that—

(i) The total contract price is fair and reasonable, all factors considered; and

(ii) Performance-based payment amounts are commensurate with the value of the performance event or performance criterion and are not expected to result in an unreasonably low or negative level of contractor investment in the contract. To confirm sufficient investment, the contracting officer may request expenditure profile information from offerors, but only if other information in the proposal, or information otherwise available to the contracting officer, is expected to be insufficient.

(4) Unless agency procedures prescribe the bases for establishing performance-based payment amounts, contracting officers may establish them on any rational basis, including (but not limited to)—

(i) Engineering estimates of stages of completion;

(ii) Engineering estimates of hours or other measures of effort to be expended in performance of an event or achievement of a performance criterion; or

(iii) The estimated projected cost of performance of particular events.

(5) When subsequent contract modifications are issued, the contracting officer must adjust the performance-based payment schedule as necessary to reflect the actions required by those contract modifications.

(c) *Instructions for multiple appropriations.* If there is more than one appropriation account (or subaccount) funding payments on the contract, the contracting officer must provide instructions to the Government payment office for distribution of financing payments to the respective funds accounts. Distribution instructions must be consistent with the contract's liquidation provisions.

(d) *Liquidating performance-based finance payments.* Performance-based amounts must be liquidated by deducting a percentage or a designated dollar amount from the delivery payments. The contracting officer must specify the liquidation rate or designated dollar amount in the contract. The method of liquidation must ensure complete liquidation no later than final payment.

(1) If the contracting officer establishes the performance-based payments on a delivery item basis, the liquidation amount for each line item is the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount.

(2) If the performance-based finance payments are on a whole contract basis, liquidation is by predesignated liquidation amounts or liquidation percentages.

(e) *Competitive negotiated solicitations.*

(1) If a solicitation requests offerors to propose performance-based payments, the solicitation must specify—

(i) What, if any, terms must be included in all offers; and

(ii) The extent to which and how offeror-proposed performance-based payment terms will be evaluated. Unless agencies prescribe other evaluation procedures, if the contracting officer anticipates that the cost of providing performance-based payments would have a significant impact on determining the best value offer, the solicitation should state that the evaluation of the offeror's proposed prices will include an adjustment to reflect the estimated cost to the Government of providing each offeror's proposed performance-based payments (see Alternate I to the provision at 52.232-28).

(2) The contracting officer must—

(i) Review the proposed terms to ensure they comply with this section; and

(ii) Use the adjustment method at 32.205(c) if the price is to be adjusted for evaluation purposes in accordance with paragraph (e)(1)(ii) of this section.

32.1005 Solicitation provision and contract clause.

(a) Insert the clause at 52.232-32, Performance-Based Payments, in—

(1) Solicitations that may result in contracts providing for performance-based payments; and

(2) Fixed-price contracts under which the Government will provide performance-based payments.

(b) (1) Insert the solicitation provision at 52.232-28, Invitation to Propose Performance-Based Payments, in negotiated solicitations that invite offerors to propose performance-based payments.

(2) Use the provision with its Alternate I in competitive negotiated solicitations if the Government intends to adjust proposed prices for proposal evaluation purposes (see 32.1004(e)).

32.1006 [Reserved]

32.1007 Administration and payment of performance-based payments.

(a) *Responsibility.* The contracting officer responsible for administering performance-based payments (*see* 42.302(a)(13)) for the contract must review and approve all performance-based payments for that contract.

(b) *Approval of financing requests.* Unless otherwise provided in agency regulations, or by agreement with the appropriate payment official—

(1) The contracting officer must be responsible for receiving, approving, and transmitting all performance-based payment requests to the appropriate payment office; and

(2) Each approval must specify the amount to be paid, necessary contractual information, and the appropriation account(s) (see 32.1004(c)) to be charged for the payment.

(c) *Reviews.* The contracting officer is responsible for determining what reviews are required for protection of the Government's interests. The contracting officer should consider the contractor's experience, performance record, reliability, financial strength, and the adequacy of controls established by the contractor for the administration of performance-based payments. Based upon the risk to the Government, post-payment reviews and verifications should normally be arranged as considered appropriate by the contracting officer. If considered necessary by the contracting officer, pre-payment reviews may be required.

(d) *Incomplete performance.* The contracting officer must not approve a performance-based payment until the specified event or performance criterion has been successfully accomplished in accordance with the contract. If an event is cumulative, the contracting officer must not approve the performance-based payment unless all identified preceding events or criteria are accomplished.

(e) *Government-caused delay.* Entitlement to a performance-based payment is solely on the basis of successful performance of the specified events or performance criteria. However, if there is a Government-caused delay, the contracting officer may renegotiate the performance-based payment schedule to facilitate contractor billings for any successfully accomplished portions of the delayed event or criterion.

32.1008 Suspension or reduction of performance-based payments.

The contracting officer must apply the policy and procedures in paragraphs (a), (b), (c), and (e) of 32.503-6, Suspension or reduction of payments, whenever exercising the Government's rights to suspend or reduce performance-based payments in accordance with paragraph (e) of the clause at 52.232-32, Performance-Based Payments.

32.1009 Title.

(a) Since the clause at 52.232-32, Performance-Based Payments, gives the Government title to the property described in paragraph (f) of the clause, the contracting officer must ensure that the Government title is not compromised by other encumbrances. Ordinarily, the contracting officer, in the absence of reason to believe otherwise, may rely upon the contractor's certification contained in the payment request.

(b) If the contracting officer becomes aware of any arrangement or condition that would impair the Government's title to the property affected by the Performance-Based Payments clause, the contracting officer must require additional protective provisions.

(c) The existence of any such encumbrance is a violation of the contractor's obligations under the contract, and the contracting officer may, if necessary, suspend or reduce payments under the terms of the Performance-Based Payments clause covering failure to comply with a material requirement of the contract. In addition, if the contractor fails to disclose an existing encumbrance in the certification, the contracting officer should consult with legal counsel concerning possible violation of 31 U.S.C. 3729, the False Claims Act.

32.1010 Risk of loss.

(a) Under the clause at 52.232-32, Performance-Based Payments, and except for normal spoilage, the contractor bears the risk of loss for Government property, even though title is vested in the Government, unless the Government has expressly assumed this risk. The clauses prescribed in this regulation related to performance-based payments, default, and terminations do not constitute a Government assumption of risk.

(b) If a loss occurs in connection with property for which the contractor bears the risk, and the property is needed for performance, the contractor is obligated to repay the Government the performance-based payments related to the property.

(c) The contractor is not obligated to pay for the loss of property for which the Government has assumed the risk of loss. However, a serious loss may impede the satisfactory progress of contract performance, so that the contracting officer may need to act under paragraph (e)(2) of the Performance-Based Payments clause. In addition, while the contractor is not required to repay previous performance-based payments in the event of a loss for which the Government has assumed the risk, such a loss may prevent the contractor from making the certification required by the Performance-Based Payments clause.

Subpart 32.11 Electronic Funds Transfer.

32.1100 Scope of subpart.

This subpart provides policy and procedures for contract financing and delivery payments to contractors by electronic funds transfer (EFT).

32.1101 Statutory requirements.

31 U.S.C. 3332 requires, subject to implementing regulations of the Secretary of the Treasury at 31 CFR part 208, that EFT be used to make all contract payments.

32.1102 Definitions.

As used in this subpart—

Electronic Funds Transfer information (EFT) means information necessary for making a payment by EFT through specified EFT mechanisms.

Governmentwide commercial purchase card means a card that is similar in nature to a commercial credit card that is used to make financing and delivery payments for supplies and services. The purchase card is an EFT method, and it may be used as a means to meet the requirement to pay by EFT, to the extent that purchase card limits do not preclude such payments.

Payment information means the payment advice provided by the Government to the contractor that identifies what the payment is for, any computations or adjustments made by the Government, and any information required by the Prompt Payment Act.

32.1103 Applicability.

The Government must provide all contract payments through EFT except if—

(a) The office making payment under a contract that requires payment by EFT, loses the ability to release payment by EFT. To the extent authorized by 31 CFR part 208, the payment office must make necessary payments pursuant to paragraph (a)(2) of the clause at either 52.232-33 or 52.232-34 until such time as it can make EFT payments;

(b) The payment is to be received by or on behalf of the contractor outside the United States and Puerto Rico (but see 32.1106(b));

(c) A contract is paid in other than United States currency (but see 32.1106(b));

(d) Payment by EFT under a classified contract could compromise the safeguarding of classified information or national security, or arrangements for appropriate EFT payments would be impractical due to security considerations;

(e) A contract is awarded by a deployed contracting officer in the course of military operations, including, but not limited to, contingency operations as defined in 2.101, or a contract is awarded by any contracting officer in the conduct of emergency operations, such as responses to natural disasters or national or civil emergencies, if—

(1) EFT is not known to be possible; or

(2) EFT payment would not support the objectives of the operation;

(f) The agency does not expect to make more than one payment to the same recipient within a one-year period;

(g) An agency's need for supplies and services is of such unusual and compelling urgency that the Government would be seriously injured unless payment is made by a method other than EFT;

(h) There is only one source for supplies and services and the Government would be seriously injured unless payment is made by a method other than EFT; or

(i) Otherwise authorized by Department of the Treasury Regulations at 31 CFR part 208.

32.1104 Protection of EFT information.

The Government must protect against improper disclosure of contractors' EFT information.

32.1105 Assignment of claims.

The use of EFT payment methods is not a substitute for a properly executed assignment of claims in accordance with Subpart 32.8. EFT information that shows the ultimate recipient of the transfer to be other than the contractor, in the absence of a proper assignment of claims, is considered to be incorrect EFT information within the meaning of the “Suspension of Payment” paragraphs of the EFT clauses at 52.232-33 and 52.232-34.

32.1106 EFT mechanisms.

(a) *Domestic EFT mechanisms.* The EFT clauses at 52.232-33 and 52.232-34 are designed for use with the domestic United States banking system, using United States currency, and only the specified mechanisms (U.S. Automated Clearing House, and Fedwire Transfer System) of EFT. However, the head of an agency may authorize the use of any other EFT mechanism for domestic EFT with the concurrence of the office or agency responsible for making payments.

(b) *Nondomestic EFT mechanisms and other than United States currency.* The Government must provide payment by other than EFT for payments received by or on behalf of the contractor outside the United States and Puerto Rico or for contracts paid in other than United States currency. However, the head of an agency may authorize appropriate use of EFT with the concurrence of the office or agency responsible for making payments if—

(1) The political, financial, and communications infrastructure in a foreign country supports payment by EFT; or

(2) Payments of other than United States currency may be made safely.

32.1107 Payment information.

The payment or disbursing office must forward to the contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System.

32.1108 Payment by Governmentwide commercial purchase card.

A Governmentwide commercial purchase card charge authorizes the third party (e.g., financial institution) that issued the purchase card to make immediate payment to the contractor. The Government reimburses the third party at a later date for the third party's payment to the contractor.

(a) The clause at 52.232-36, Payment by Third Party, governs when a contractor submits a charge against the purchase card for contract payment. The clause provides that the contractor must make such payment requests by a charge to a Government account with the third party at the time the payment clause(s) of the contract authorizes the contractor to submit a request for payment, and for the amount due in accordance with the terms of the contract. To the extent that such a payment would otherwise be approved, the charge against the purchase card should not be disputed when the charge is reported to the Government by the third party. To the extent that such payment would otherwise not have been approved, an authorized individual (see 1.603-3) must take action to remove the charge, such as by disputing the charge with the third party or by requesting that the contractor credit the charge back to the Government under the contract.

(b) (1) Written contracts to be paid by purchase card should include the clause at 52.232-36, Payment by Third Party, as prescribed by 32.1110(d). However, payment by a purchase card also may be made under a contract that does not contain the clause to the extent the contractor agrees to accept that method of payment.

(2) (i) When it is contemplated that the Governmentwide commercial purchase card will be used as the method of payment, and the contract or order is above the micro-purchase threshold, contracting officers are required to verify by looking in the System for Award Management (SAM) whether the contractor has any delinquent debt subject to collection under the Treasury Offset Program (TOP) at contract award and order placement. Information on TOP is available at *http://fms.treas.gov/debt/index.html* .

(ii) The contracting officer must not authorize the Governmentwide commercial purchase card as a method of payment during any period the SAM indicates that the contractor has delinquent debt subject to collection under the TOP. In such cases, payments under the contract must be made in accordance with the clause at 52.232-33, Payment by Electronic Funds Transfer—System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer—Other Than System for Award Management, as appropriate (see FAR 32.1110(d)).

(iii) Contracting officers must not use the presence of the SAM debt flag indicator to exclude a contractor from receipt of the contract award or issuance or placement of an order.

(iv) The contracting officer may take steps to authorize payment by Governmentwide commercial purchase card when a contractor alerts the contracting officer that the SAM debt flag indicator has been changed to no longer show a delinquent debt.

(c) The clause at 52.232-36, Payment by Third Party, requires that the contract—

(1) Identify the third party and the particular purchase card to be used; and

(2) Not include the purchase card account number. The purchase card account number should be provided separately to the contractor.

32.1109 EFT information submitted by offerors.

If offerors are required to submit EFT information prior to award, the successful offeror is not responsible for resubmitting this information after award of the contract except to make changes, or to place the information on invoices if required by agency procedures. Therefore, contracting officers must forward EFT information provided by the successful offeror to the appropriate office.

32.1110 Solicitation provision and contract clauses.

(a) Insert the clause at—

(1) 52.232-33, Payment by Electronic Funds Transfer—System for Award Management, in solicitations and contracts that include the provision at 52.204-7, System for Award Management, or an agency clause that requires a contractor to be registered in SAM and maintain registration until final payment, unless—

(i) Payment will be made through a third party arrangement (*see* 13.301 and paragraph (d) of this section); or

(ii) An exception listed in 32.1103(a) through (i) applies.

(2) (i) 52.232-34, Payment by Electronic Funds Transfer—Other than System for Award Management, in solicitations and contracts that require EFT as the method for payment but do not include the provision at 52.204-7, System for Award Management, or a similar agency clause that requires the contractor to be registered in SAM.

(ii) (A) If permitted by agency procedures, the contracting officer may insert in paragraph (b)(1) of the clause, a particular time after award, such as a fixed number of days, or event such as the submission of the first request for payment.

(B) If no agency procedures are prescribed, the time period inserted in paragraph (b)(1) of the clause must be "no later than 15 days prior to submission of the first request for payment."

(b) If the head of the agency has authorized, in accordance with 32.1106, to use a nondomestic EFT mechanism, insert in solicitations and contracts a clause substantially the same as 52.232-33 or 52.232-34 that clearly addresses the nondomestic EFT mechanism.

(c) If EFT information is to be submitted to other than the payment office in accordance with agency procedures, insert in solicitations and contracts the clause at 52.232-35, Designation of Office for Government Receipt of Electronic Funds Transfer Information, or a clause substantially the same as 52.232-35 that clearly informs the contractor where to send the EFT information.

(d) If payment under a written contract will be made by a charge to a Government account with a third party such as a Governmentwide commercial purchase card, insert the clause at 52.232-36, Payment by Third Party, in solicitations and contracts. Payment by a purchase card may also be made under a contract that does not contain the clause at 52.232-36, to the extent the contractor agrees to accept that method of payment. When the clause at 52.232-36 is included in a solicitation or contract, insert the clause at 52.232-33, Payment by Electronic Funds Transfer—System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer—Other Than System for Award Management, as appropriate.

(e) If the contract or agreement provides for the use of delivery orders, and provides that the ordering office designate the method of payment for individual orders, insert in the solicitation and contract or agreement, the clause at 52.232-37, Multiple Payment Arrangements, and, to the extent they are applicable, the clauses at—

(1) 52.232-33, Payment by Electronic Funds Transfer—System for Award Management;

(2) 52.232-34, Payment by Electronic Funds Transfer—Other than System for Award Management; and

(3) 52.232-36, Payment by Third Party.

(f) If more than one disbursing office will make payment under a contract or agreement, the contracting officer, or ordering office (if the contract provides for choices between EFT clauses on individual orders or classes of orders), must include or identify the EFT clause appropriate for each office and must identify the applicability by disbursing office and line item.

(g) If the solicitation contains the clause at 52.232-34, Payment by Electronic Funds Transfer—Other than System for Award Management, and an offeror is required to submit EFT information prior to award—

(1) Insert in the solicitation the provision at 52.232-38, Submission of Electronic Funds Transfer Information with Offer, or a provision substantially the same; and

(2) For sealed bid solicitations, amend 52.232-38 to ensure that a bidder's EFT information—

(i) Is not a part of the bid to be opened at the public opening; and

(ii) May not be released to members of the general public who request a copy of the bid.

This page intentionally left blank.

Subpart 32.12 Fast Payment Procedure

32.1201 General.

(a) The fast payment procedure allows payment under limited conditions to a contractor prior to the Government's verification that supplies have been received and accepted. The procedure provides for payment for supplies based on the contractor's submission of an invoice that constitutes a certification that the contractor—

(1) Has delivered the supplies to a post office, common carrier, or point of first receipt by the Government; and

(2) Must replace, repair, or correct supplies not received at destination, damaged in transit, or not conforming to purchase agreements.

(b) The contracting officer must be primarily responsible for determining the amount of debts resulting from failure of contractors to properly replace, repair, or correct supplies lost, damaged, or not conforming to purchase requirements (see 32.602 and 32.603).

32.1202 Conditions for use.

Fast payment procedures may be used under the following conditions—

(a) The contract or order does not exceed the simplified acquisition threshold, except that executive agencies may permit higher dollar limitations for specified activities or items on a case-by-case basis.

(b) Deliveries of supplies are to occur at locations where there is both a geographical separation and a lack of adequate communications facilities between Government receiving and disbursing activities that will make it impractical to make timely payment based on evidence of Government acceptance.

(c) Title to the supplies will pass to the Government—

(1) Upon delivery to a post office or common carrier for mailing or shipment to destination; or

(2) Upon receipt by the Government if the shipment is by means other than Postal Service or common carrier;

(d) The supplier agrees to replace, repair, or correct supplies not received at destination, damaged in transit, or not conforming to purchase requirements;

(e) The contract or order will be firm-fixed-price; and

(f) A system is in place to—

(1) Document contractor performance under fast payment purchases;

(2) Provide timely feedback to the contracting officer in case of contractor deficiencies; and

(3) Identify suppliers that have a current history of abusing the fast payment procedure.

32.1203 Preparation and execution of orders.

When using fast payment procedures, include the following in the purchasing instrument:

(a) A requirement that the supplies be shipped transportation or postage prepaid.

(b) A requirement that invoices be submitted directly to the finance or other office designated in the order, or in the case of unpriced purchase orders, to the contracting officer (see 12.201(e)(2)).

(c) The following statement on the consignee’s copy:

Consignee's Notification to Purchasing Activity of Nonreceipt, Damage, or Nonconformance. The consignee shall notify the purchasing office promptly after the specified date of delivery of supplies not received, damaged in transit, or not conforming to specifications of the purchase order. Unless extenuating circumstances exist, the notification should be made not later than 60 days after the specified date of delivery.

32.1204 Contract clause.

Insert the clause at 52.232-90, Fast Payment Procedure, in solicitations and contracts when the conditions in 32.1202 are applicable and it is intended that the fast payment procedure be used in the contract (in the case of BPAs, the contracting officer may elect to insert the clause either in the BPA or in orders under the BPA).

This page intentionally left blank.

PART 33 PROTESTS, DISPUTES, AND APPEALS

This page intentionally left blank.

33.000 Scope of part.

This part outlines policies and procedures for filing protests and for processing contract disputes and appeals.

Subpart 33.1 - Protests

33.100 Purpose of the bid protest system.

(a) The bid protest system provides a prompt, fair, and transparent way to resolve disputes concerning federal procurement actions.

(b) The objectives of the protest system are to:

(1) Ensure protests are decided efficiently and without undue delay, to minimize disruption to contract award and performance;

(2) Support the effective and economical operation of the Government by correcting procurement errors, as quickly as possible;

(3) Deter and discourage abuse of the bid protest process by requiring clear and substantiated allegations of procurement impropriety;

(4) Safeguard the rights of interested parties to obtain independent review of procurement actions alleged to violate law, or regulation; and

(5) Promote integrity, competition, accountability, and public confidence in the federal acquisition system by using available, timely and appropriate remedies.

(c) All participants in the protest process, including protesters, agency officials, and intervenors, should act in a manner consistent with these purposes to help resolve protests fairly and quickly.

(d) The protest process is not intended to serve as a way for offerors to get post-award explanations, debriefings, or additional insight into the Government's acquisition decision. Interested parties should address questions regarding the evaluation, award rationale, or proposal deficiencies through established preaward or postaward communication procedures, including formal debriefings where applicable under FAR 15 or other relevant FAR parts.

(e) Protests should not be used by incumbent contractors as a way to disrupt transition or induce extensions of their current contracts when there is no reasonable prospect of success on the merits of the protest.

33.101 Applicability.

(a) This subpart applies to protests filed with an agency or the Government Accountability Office (GAO).

(b) This subpart, except for 33.100, does not apply to bid protest or dispute appeal authorities where the United States Court of Federal Claims has jurisdiction (see 28 U.S.C. 1491).

(c) This subpart does not apply to protests of small business status (see 13 CFR part 121).

33.102 Definitions.

As used in this subpart-

Day means a calendar day, unless otherwise specified. In the computation of any period-

(1) The day of the act, event, or default from which the designated period of time begins to run is not included; and

(2) The last day after the act, event, or default is included. However, if the last day is a Saturday, Sunday, or Federal holiday, or the place for filing is closed for all or part of the last day, then the deadline for filing is the next day the place is open.

Filed means the complete receipt of any document by an agency before its close of business. Documents received after close of business are considered filed as of the next day. Unless otherwise stated, the agency close of business is presumed to be 4:30 p.m., local time.

Interested Party for the purpose of filing a protest means an actual or prospective offeror whose direct economic interest would be affected by the award of a contract or by the failure to award a contract.

Protest means a written objection by an interested party to any of the following:

(1) A solicitation or other request by an agency for offers for a contract for the procurement of property or services.

(2) The cancellation of the solicitation or other request.

(3) An award or proposed award of the contract.

(4) A termination or cancellation of an award of the contract, if the written objection contains an allegation that the termination or cancellation is based in whole or in part on improprieties concerning the award of the contract.

33.103 General.

(a) *Consulting with legal counsel*. Whenever a contracting officer becomes aware of a protest on one of their acquisitions, they should consult with their designated legal advisor.

(b) *Agency action on protests*. If the head of an agency determines that a solicitation, proposed award, or award does not comply with the requirements of law or regulation, then, according to 41 U.S.C. 3708, the head of the agency may—

(1) Take any action that could have been recommended by the Comptroller General had the protest been filed with the Government Accountability Office (see 31 U.S.C. 3554(b)(1)(A)-(H);

(2) Pay appropriate costs as provided in 31 U.S.C. 3554(c);

(3) (i) Require the contractor to reimburse the Government's costs, where a postaward protest is sustained due to the contractor's intentional or negligent misstatement, misrepresentation, or miscertification, as described in 52.233-3.

(ii) When a protest is sustained by GAO under circumstances that may allow the Government to seek reimbursement for protest costs, the contracting officer will determine whether the protest was sustained based on the contractor's negligent or intentional misrepresentation. If the protest was sustained on several issues, protest costs must be apportioned according to the costs attributable to the contractor's actions.

(iii) (A) The contracting officer must review the amount of the debt, degree of the awardee's fault, and costs of collection, to determine whether a demand for reimbursement ought to be made.

(B) If it is in the best interests of the Government to seek reimbursement, the contracting officer must notify the contractor in writing of the nature and amount of the debt, and the intention to collect by offset if necessary.

(C) Before issuing a final decision, the contracting officer must give the contractor an opportunity to inspect and copy agency records about the debt to the extent permitted by statute and regulation, and to request review of the matter by the head of the contracting activity.

(c) *Availability of funds*. (1) When a protest is filed with GAO regarding a solicitation, proposed award, or award of a contract, and the agency's contract funds available at the time the protest is filed would otherwise lapse, those funds must remain available for obligation for 100 days following the date of the final ruling on the protest (31 U.S.C. 1558).

(2) A ruling is considered final on the date on which the time allowed for filing an appeal or request for reconsideration has expired, or the date on which a decision is rendered on such appeal or request, whichever is later.

(d) *Stop work order.* Whenever the contracting officer is required or decides to suspend performance under this subpart, the contracting officer may issue a written stop-work order.

33.104 Protests to the agency.

33.104-1 Scope.

(a) This section implements Executive Order 12979, Agency Procurement Protests.

(b) The agency should provide for inexpensive, informal, procedurally simple, and quick resolution of protests. Where appropriate, the use of alternative dispute resolution techniques, third party neutrals, and another agency's personnel are acceptable protest resolution methods.

33.104-2 Preaward.

(a) *Filing*. Protests based on alleged apparent improprieties in a solicitation must be filed before bid opening or the closing date for receiving proposals. If no closing time has been established, or if no further submissions are anticipated, any alleged solicitation improprieties must be protested within 10 days of when the alleged impropriety was known or should have been known.

(b) Action upon receiving a protest before award. (1) A contract may not be awarded until the agency resolves the protest, unless a written justification is made for urgent and compelling reasons, or award is determined in writing to be in the best interest of the Government.

(2) If award is withheld pending agency resolution of the protest, the contracting officer will inform the offerors whose offers might become eligible for award of the contract. If appropriate to avoid the need to resolicit, the contracting officer should request that offerors extend the time to accept their proposals. If offers are not extended, then consideration should be given to proceeding with award pursuant to paragraph (b)(1) of this section.

33.104-3 Postaward.

(a) If a protest is received, within 10 days after contract award or within 5 days after a debriefing date offered to the protester under a timely debriefing request in accordance with 15.505 or 15.506, whichever is later, then the contracting officer must immediately suspend performance, pending resolution of the protest within the agency, including any independent review by a higher level official, unless continued performance is justified.

(b) Continued performance may be justified upon a written finding that there are urgent and compelling reasons, or continued performance is determined in writing to be in the best interest of the Government.

33.104-4 Other procedures.

(a) *General*. These procedures are established to resolve agency protests effectively, to build confidence in the Government's acquisition system, and to reduce protests outside of the agency:

(1) Before submitting an agency protest, parties must use their best efforts to resolve concerns raised by an interested party at the contracting officer level through open and frank discussions.

(2) Protests must be concise and logically presented to facilitate review by the agency.

(3) Protests must include the following information. Failure to comply may result in dismissing the protest.

(i) Name, email address, and telephone number of the protester.

(ii) Solicitation or contract number.

(iii) Detailed statement of the legal and factual grounds for the protest, including a description of resulting prejudice to the protester.

(iv) Copies of relevant documents.

(v) Request for a ruling by the agency.

(vi) Statement as to the form of relief requested.

(vii) All information establishing that the protester is an interested party for the purpose of filing a protest.

(viii) All information establishing the timeliness of the protest.

(4) (i) Protests filed directly with the agency will be addressed to the contracting officer or other official designated to receive protests.

(ii) As soon as practicable after a protest is filed, the contracting officer must notify the head of the contracting activity, in accordance with agency procedures.

(5) (i) In accordance with agency procedures, interested parties may request an independent review of their protest at a level above the contracting officer; solicitations should advise potential bidders and offerors that this review is available.

(ii) Agency procedures and/or solicitations must-

(A) Notify potential bidders and offerors whether this independent review is available as an alternative to consideration by the contracting officer of a protest, or is available as an appeal of a contracting officer decision on a protest.

(B) Ensure that the protester receives a redacted copy of the source selection decision, if applicable, or if not already provided to the protester, within a reasonable time after the protester elects the independent review;

(C) Provide the protester an opportunity to submit a supplemental statement to the independent review official based on the documents provided, subject to timeliness requirements at 33.104-2 and 33.104-3.

(iii) Agencies must designate the official(s) who are to conduct this independent review, but the official(s) need not be within the contracting officer's supervisory chain. When possible, officials designated to conduct the independent review should not have been previously personally involved in the procurement.

(b) *Timeliness*. (1) The agency may consider the merits of any protest that is not filed in time for good cause shown, or where it determines that a protest raises issues significant to the agency's acquisition system.

(2) Filing an agency protest does not extend the time for obtaining a stay at GAO. Agencies may include, as part of the agency protest process, a voluntary suspension period when agency protests are denied and the protester subsequently files at GAO.

(3) If there is an agency appellate review of the contracting officer's decision on the protest, it will not extend GAO's timeliness requirements. Therefore, any subsequent protest to the GAO must be filed within 10 days of knowledge of initial adverse agency action (4 CFR 21.2(a)(3)).

(c) *Protest decisions*. (1) Agencies must make their best efforts to resolve agency protests within 35 days after the protest is received by the contracting officer or an official conducting an independent review requested according to paragraph (a)(5).

(2) Protest decisions must be well-reasoned, explain the agency position for sustaining or denying the protest, and be provided to the protester using a method that provides evidence of receipt.

33.105 Protests to GAO.

33.105-1 GAO Bid Protest Regulations.

Procedures for protests to GAO are found at 4 CFR Part 21, Bid Protest Regulations.

33.105-2 Preaward.

(a) If the agency receives notice of a protest from GAO before award, then a contract may not be awarded unless the head of the contracting activity authorizes contract award and performance.

(b) The head of the contracting activity, on a nondelegable basis, may authorize contract award and performance upon a written finding that—

(1) Urgent and compelling circumstances which significantly affect the interest of the United States will not allow waiting for a decision from GAO; and

(2) Award is likely to occur within 30 days of the written finding.

(c) An agency may not authorize contact award and performance until the agency has notified GAO of the finding in paragraph (b) of this section.

(d) When a protest against the making of an award is received and award will be withheld pending disposition of the protest, the contracting officer should inform the offerors whose offers might become eligible for award of the protest. If appropriate, those offerors should be requested, before the time for accepting their offers expires, to extend the time for acceptance to avoid the need for resolicitation. If offers are not extended, then consideration should be given to proceeding under paragraph (b) of this section.

33.105-3 Postaward.

(a) If a protest is likely after award, then the contracting officer may direct the contractor to stop performance within the time period contained in paragraph (b)(1) of this section if the contracting officer makes a written determination that—

(1) A protest is likely to be filed; and

(2) Delay of performance is, under the circumstances, in the best interests of the United States.

(b) (1) If the agency receives notice of a protest from the GAO within 10 days after contract award or within 5 days after a debriefing date offered to the protester for any debriefing that is required by 15.505 or 15.506, whichever is later, then the contracting officer must immediately suspend performance or terminate the awarded contract, unless the head of the contracting activity authorizes contract performance.

(2) The head of the contracting activity, on a nondelegable basis, may authorize contract performance, upon a written finding that—

(i) Contract performance will be in the best interests of the United States; or

(ii) Urgent and compelling circumstances that significantly affect the interests of the United States will not permit waiting for the GAO's decision.

(c) An agency must not authorize contact performance until the agency has notified the GAO of the finding in paragraph (b)(2) of this section.

(d) When it is decided to suspend performance or terminate the awarded contract, the contracting officer should attempt to negotiate a mutual agreement on a no-cost basis.

(e) When the agency receives notice of a protest filed with the GAO after the dates contained in subparagraph (b)(1), the contracting officer does not have to suspend contract performance or terminate the awarded contract unless the contracting officer believes that an award may be invalidated and a delay in receiving the supplies or services is not prejudicial to the Government's interest.

33.105-4 Other procedures.

(a) *Agency report*. Upon notice that a protest has been filed with GAO, the contracting officer must immediately notify legal counsel and begin compiling the information necessary for the agency report that will be filed with GAO.

(b) *Notice to GAO*. If the agency has not fully implemented the GAO recommendations with respect to a solicitation for a contract or an award or a proposed award of a contract within 60 days of receiving the GAO recommendations, then the head of the contracting activity must report the failure to the GAO by 5 days later. The report must explain the reasons why the GAO's recommendation, exclusive of costs, has not been followed by the agency.

33.106 Protests at the U.S. Court of Federal Claims.

Procedures for protests at the U.S. Court of Federal Claims are set forth in the rules of the U.S. Court of Federal Claims, found at https://www.uscfc.uscourts.gov/filing-bid-protest.

33.107 Solicitation provision and contract clause.

(a) The contracting officer must insert the provision at 52.233-2, Service of Protest, in solicitations for contracts expected to exceed the simplified acquisition threshold.

(b) The contracting officer must insert the clause at 52.233-3, Protest After Award, in all solicitations and contracts. If a cost reimbursement contract is being considered, the contracting officer must use the clause with its *Alternate I*.

This page intentionally left blank.

Subpart 33.2 - Disputes and Appeals

33.200 Scope.

41 U.S.C. chapter 71, Contract Disputes, establishes procedures and requirements for asserting and resolving claims subject to the Disputes statute.

33.201 Definitions.

As used in this subpart—

Accrual of a claim means the date when all events, that fix the alleged liability of either the Government or the contractor and permit assertion of the claim, were known or should have been known. For liability to be fixed, some injury caused by the Government's action or the contractor's action must have occurred. However, monetary damages need not have been incurred.

Alternative dispute resolution (ADR) means any type of procedure or combination of procedures voluntarily used to resolve issues in controversy. These procedures may include, but are not limited to, conciliation, facilitation, mediation, fact-finding, minitrials, arbitration, and use of ombudsmen.

Defective certification means a certificate that alters or otherwise deviates from the language in 52.233-1(d)(2)(iii) or which is not executed by a person authorized to bind the contractor with respect to the claim. Failure to certify must not be deemed to be a defective certification.

Issue in controversy means a material disagreement between the Government and the contractor that (1) may result in a claim or (2) is all or part of an existing claim.

Misrepresentation of fact means a false statement of substantive fact, or any conduct that leads to the belief of a substantive fact material to proper understanding of the matter in hand, made with intent to deceive or mislead.

33.202 Applicability.

(a) Except as specified in paragraph (b) below, this subpart applies to any express or implied contract covered by the Federal Acquisition Regulation.

(b) This subpart does not apply to any contract with-

(1) A foreign government or agency of that government; or

(2) An international organization or a subsidiary body of that organization, if the agency head determines that the application of the Contract Disputes statute to the contract would not be in the public interest.

(c) This subpart applies to all disputes with respect to contracting officer decisions on matters "arising under" or "relating to" a contract. Agency Boards of Contract Appeals (BCAs) (e.g., Armed Services Board of Contract Appeals or Civilian Board of Contract Appeals) authorized under the Disputes statute continue to have all of the authority they possessed before the Disputes statute about disputes arising under a contract, as well as authority to decide disputes relating to a contract.

(d) The clause at 52.233-1, Disputes, recognizes the "all disputes" authority established by the Disputes statute, and states certain requirements and limitations of the Disputes statute to guide contractors and contracting agencies. The clause is not intended to affect the rights and obligations of the parties as provided by the Disputes statute or to constrain the authority of the statutory agency BCAs in handling and deciding contractor appeals under the Disputes statute.

33.203 Relationship of the Disputes statute to Pub. L. 85-804.

(a) A contractor's allegation that it is entitled to rescission or reformation of its contract in order to correct or mitigate the effect of a mistake must be treated as a claim under the Dispute statute.

(b) A claim that is first submitted to the contracting officer for consideration under the Disputes statute and is either denied or not approved in its entirety under the Disputes statute may be presented by the contractor as a request for relief under Pub. L. 85-804 (50 U.S.C. 1431-1435) as implemented by subpart 50.1.

33.204 Policy.

As a matter of policy, the Government tries to resolve all contractual issues in controversy by mutual agreement at the contracting officer's level. Reasonable efforts should be made to resolve controversies before submitting a claim.

33.205 Postaward.

33.205-1 Contractor claim.

(a) *Contractor claims against the Government.* (1) Contractor requirements for submission of claims are located at 52.233-1(d).

(2) The contracting officer must document in the contract file the date of receipt of a claim submitted by a contractor.

(b) *Government claims against a contractor.* The contracting officer must issue a written decision on any Government claim against a contractor within 6 years after accrual of the claim, unless the contracting parties agreed to a shorter time period, or the claim is based on a contractor claim involving fraud.

33.205-2 Contractor certification.

(a) Contractor requirements for certification of claims exceeding $100,000 are located at 52.233-1(d).

(b) Use the aggregate amount of both increased and decreased costs to determine when the dollar thresholds requiring certification are met (see example in 15.403-4(a)(1)(iii) regarding certified cost or pricing data).

(c) A defective certification does not deprive a court or an agency BCA of jurisdiction over that claim. Before the entry of a final judgment by a court or a decision by an agency BCA, the court or agency BCA must require a defective certification to be corrected.

33.205-3 Interest on claims.

(a) The Government must pay interest on a contractor's claim on the amount found due and unpaid from the date that—

(1) The contracting officer receives the claim (certified if required by 33.205-2(a)); or

(2) Payment otherwise would be due, if that date is later, until the date of payment.

(b) Simple interest on claims must be paid at the rate, fixed by the Secretary of the Treasury as provided in the Disputes statute, which applies to the period during which the contracting officer receives the claim and then at the rate that applies for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim. (See the clause at 52.232-17 for the right of the Government to collect interest on its claims against a contractor).

(c) Interest must be paid on claims having defective certifications starting on the date that the contracting officer initially receives the claim until the date the claim was paid, see 52.233-1(h).

33.205-4 Suspected fraudulent claims.

If the contractor is unable to support any part of the claim and evidence reveals that the inability is due to misrepresentation of fact or to fraud on the part of the contractor, the contracting officer must refer the matter to the agency official responsible for investigating fraud.

33.205-5 Contracting officer's authority.

(a) Contracting officers are authorized, within any specific limitations defined in their warrants, to decide or resolve all claims arising under or relating to a contract subject to the Disputes statute, except this authority does not extend to—

(1) A claim or dispute for penalties or forfeitures prescribed by statute or regulation that another Federal agency is specifically authorized to administer, settle, or determine; or

(2) The settlement, compromise, payment or adjustment of any claim involving fraud.

(b) Contracting officers can use ADR procedures to resolve claims, according to agency policies and 33.205-8.

33.205-6 Contracting officer's decision.

(a) When a claim by or against a contractor cannot be satisfied or settled by mutual agreement and a decision on the claim is necessary, the contracting officer must—

(1) Review the facts relevant to the claim;

(2) Get help from legal and other advisors;

(3) Coordinate with the contract administration officer or contracting office, as appropriate; and

(4) Prepare a written decision that-

(i) Includes the contracting officer's decision and supporting rationale for the decision reached;

(ii) Substantially conveys the following:

"This is the final decision of the Contracting Officer. You may appeal this decision to the agency board of contract appeals. If you decide to appeal, you must, within 90 days from the date you receive this decision, mail or otherwise furnish written notice to the agency board of contract appeals and provide a copy to the Contracting Officer from whose decision this appeal is taken. The notice must indicate that an appeal is intended, refer to this decision, and identify the contract by number.

With regard to appeals to the agency board of contract appeals, you may, solely at your election, proceed under the board's —

(A) (1) Small claim procedure for claims of $50,000 or less or, in the case of a small business concern (as defined in the Small Business Act and regulations under that Act), $150,000 or less; or

(B) (2) Accelerated procedure for claims of $100,000 or less.

Instead of appealing to the agency board of contract appeals, you may bring an action directly in the United States Court of Federal Claims (except as provided in 41 U.S.C. 7102(d), regarding Maritime Contracts) within 12 months of the date you receive this decision"; and

(iii) Makes a demand for payment prepared according to 32.604 and 32.605 in all cases where the decision results in a finding that the contractor is indebted to the Government.

(b) The contracting officer must furnish a copy of the decision to the contractor by certified mail, return receipt requested, or by any other method that provides evidence of receipt. This requirement applies to decisions on claims initiated by or against the contractor.

(c) The contracting officer must issue the decision within the following statutory time limitations:

(1) For claims of $100,000 or less, 60 days after receiving a written request from the contractor that a decision be given within that period, or within a reasonable time after receipt of the claim if the contractor does not make such a request.

(2) For claims over $100,000, 60 days after receiving a certified claim; provided, however, that if a decision will not be issued within 60 days, the contracting officer must notify the contractor, within that period, of the time within which a decision will be issued.

(d) The contracting officer must issue a decision within a reasonable time, taking into account-

(1) The size and complexity of the claim;

(2) The adequacy of the contractor's supporting data; and

(3) Any other relevant factors.

(e) The contracting officer has no obligation to render a final decision on any claim exceeding $100,000 that contains a defective certification, if within 60 days after receiving the claim, the contracting officer notifies the contractor, in writing, of the reasons why any attempted certification was found to be defective.

(f) In the event of undue delay by the contracting officer in providing a decision on a claim, the contractor may request the tribunal concerned to direct the contracting officer to issue a decision in a specified time period that the tribunal decides.

(g) Any failure of the contracting officer to issue a decision within the required time periods will be deemed a decision by the contracting officer denying the claim and will authorize the contractor to file an appeal or suit on the claim.

(h) The amount determined payable under the decision, less any portion already paid, should be paid, if otherwise proper, without awaiting contractor action concerning appeal. Such payment must be without prejudice to the rights of either party.

33.205-7 Obligation to continue performance.

(a) (1) Before the passage of the Disputes statute, the obligation to continue performance applied only to claims arising under a contract. However, the Disputes statute, at 41 U.S.C. 7103(g), authorizes agencies to require a contractor to continue contract performance according to the contracting officer's decision pending a final resolution of any claim arising under, or relating to, the contract.

(2) (i) A claim arising under a contract is a claim that can be resolved under a contract clause, other than the clause at 52.233-1, Disputes, that provides for the relief sought by the claimant. However, relief for such a claim can also be sought under the clause at 52.233-1.

(ii) A claim relating to a contract is a claim that cannot be resolved under a contract clause other than the clause at 52.233-1. This distinction is recognized by the clause with its Alternate I (see 33.205-9).

(b) In all contracts that include the clause at 52.233-1, with its Alternate I, in the event of a dispute relating to the contract, the contracting officer must consider providing, through appropriate agency procedures, financing of the continued performance, provided that the Government's interest is properly secured.

33.205-8 Alternative dispute resolution (ADR).

(a) (1) Agencies are encouraged to use ADR procedures as much as possible. Certain factors, however, may make the use of ADR inappropriate (see 5 U.S.C. 572(b)).

(2) Except for arbitration conducted according to the Administrative Dispute Resolution Act (ADRA), (5 U.S.C. 571, et seq.), agencies have authority that is separate from that provided by the ADRA to use ADR procedures to resolve issues in controversy. Agencies may also choose to proceed under the authority and requirements of the ADRA.

(b) The objective of using ADR procedures is to increase the opportunity to relatively quickly and cheaply resolve an issue in controversy. Essential elements of ADR include—

(1) An issue in controversy;

(2) Both parties choose to participate in the ADR process;

(3) Both parties agree on alternative procedures and terms instead of formal litigation; and

(4) Officials of both parties who have the authority to resolve the issue in controversy choose to participate in the process.

(c) (1) If the contracting officer rejects a contractor's request for ADR proceedings, the contracting officer must give the contractor a written explanation citing one or more of the conditions in 5 U.S.C. 572(b) or such other specific reasons that ADR procedures are inappropriate to resolve the dispute.

(2) If a contractor rejects a request for ADR see 52.233-1(g).

(d) ADR procedures may be used at any time that the contracting officer has authority to resolve the issue in controversy. If a claim has been submitted, ADR procedures may apply to all or a portion of the claim. When ADR procedures are used after a contracting officer has issued their final decision, the contracting officer’s use of ADR procedures does not alter any of the time limitations or procedural requirements for filing an appeal of the contracting officer's final decision. The use of ADR procedures does not constitute a reconsideration of the final decision.

(e) When appropriate, a neutral person may be used to help resolve the issue in controversy using the procedures the parties chose.

(f) The confidentiality of ADR proceedings must be protected consistent with 5 U.S.C. 574.

(g) (1) A solicitation must not require arbitration as a condition of award, unless arbitration is otherwise required by law.

(2) An agreement to use arbitration must be in writing and must specify a maximum award that the arbitrator may issue, as well as any other conditions limiting the range of possible outcomes.

(h) Binding arbitration, as an ADR procedure, may be agreed to only as specified in agency guidelines. Such guidelines must provide advice on the appropriate use of binding arbitration and when an agency has authority to settle an issue in controversy through binding arbitration.

33.205-9 Contract clauses.

(a) Insert the clause at 52.233-1, Disputes, in solicitations and contracts, unless the conditions in 33.202(b) apply. If it is determined under agency procedures that continued performance is necessary pending resolution of any claim arising under or relating to the contract, the contracting officer must use the clause with its Alternate I.

(b) Insert the clause at 52.233-4 in all solicitations and contracts.

PART 34 - MAJOR SYSTEM ACQUISITION

This page intentionally left blank.

Subpart 34.1 - Postaward

34.100 Testing, Qualification and Use of Industrial Resources Developed Under Title III of the Defense Production Act.

34.101 Scope.

This section describes policies and procedures for testing, qualification, and use of industrial resources manufactured or developed with Government assistance under Title III of the Defense Production Act (DPA) (50 U.S.C. 4531 et seq.). Title III of the Act authorizes Government assistance to encourage expansion of production capacity and the supply of industrial resources essential to national defense.

34.102 Definitions.

Item of supply, as used in this section, means any part or component that is part of a larger system. The item can be a small part, group of parts, or a complete unit. It also includes spare or replacement parts used during the system's life. This definition does not include packaging or labeling used for shipment or identification of an "item."

34.103 Policy.

The Government will generally pay the costs of any testing and qualification it needs to use an industrial resource manufactured or developed with assistance provided under Title III of the DPA.

34.104 Testing and qualification.

(a) (1) When notified that a Title III project contractor has requested testing and approval of a Title III industrial resource, the contracting officer will review the request according to agency procedures to determine if—

(i) The Title III industrial resource is being used or might be used in the manufacture or development of a major system or item of supply; and

(ii) The remaining quantities available for purchase justify incurring the cost of testing and qualification.

(2) The contracting officer may also consult with the Defense Production Act Office, Title III Program, located at Wright Patterson Air Force Base, Ohio 45433-7739.

(b) If both conditions at 34.104(a)(1) are met, the contracting officer must modify the contract to require the contractor to conduct testing.

(c) The Title III Program will provide the contractor enough of the Title III industrial resource to conduct the necessary tests.

34.105 Contract clause.

Insert the clause at 52.234-1, Industrial Resources Developed under Title III of the Defense Production Act, in all contracts for major systems and items of supply.

This page intentionally left blank.

Subpart 34.2 - Earned Value Management System

34.201 Policy.

(a) In accordance with OMB Circular A-11, agencies must require an Earned Value Management System (EVMS) in major acquisitions for development.

(b) For contracts with EVMS requirements, agencies must require contractor submission of monthly EVMS reports.

(c) EVMS requirements apply to subcontractors using the same rules as applied to the prime contractor.

(d) When a solicitation requires a contractor-proposed EVMS plan, agencies will determine adequacy of the plan prior to contract award.

34.202 Integrated Baseline Reviews.

When an EVMS is required, the agency will conduct an Integrated Baseline Review.

34.203 Contract clause.

Insert a clause that is substantially the same as the clause at FAR 52.234-4, Earned Value Management System, in solicitations and contracts that require a contractor to use an EVMS.

This page intentionally left blank.

PART 35 - RESEARCH AND DEVELOPMENT CONTRACTING

This page intentionally left blank.

35.000 Scope of part.

(a) This part prescribes policies and procedures specifically for research and development (R&D) contracting.

(b) R&D integral to acquisition of major systems is covered in part 34. Independent research and development (IR&D) is covered in part 31.

35.001 Definitions.

As used in this subpart—

Applied research (1) means the effort that—

(i) Normally follows basic research, but may not be severable from the related basic research;

(ii) Attempts to determine and exploit the potential of scientific discoveries or improvements in technology, materials, processes, methods, devices, or techniques; and

(iii) Attempts to advance the state of the art.

(2) When being used by contractors in cost principle applications, this term does not include efforts whose principal aim is the design, development, or testing of specific items or services to be considered for sale; these efforts are within the definition of "development," given below.

Development, means the systematic use of scientific and technical knowledge in the design, development, testing, or evaluation of a potential new product or service (or of an improvement in an existing product or service) to meet specific performance requirements or objectives. It includes the functions of design engineering, prototyping, and engineering testing; it excludes subcontracted technical effort that is for the sole purpose of developing an additional source for an existing product.

35.002 Policy.

(a) *Use of contracts.* Contracts must be used only when the principal purpose is the acquisition of supplies or services for the direct benefit or use of the Federal Government. Grants or cooperative agreements should be used when the principal purpose of the transaction is to stimulate or support research and development for another public purpose.

(b) *Cost sharing.* Cost sharing policies (which are not otherwise required by law) under Government contracts must be in accordance with part 16, part 42 and agency procedures.

Subpart 35.1 - Presolicitation

35.101 Solicitations.

(a) Reviewing too many R&D proposals from unqualified sources wastes time and money for both industry and the Government. Therefore, contracting officers should first send solicitations only to sources with the technical qualifications to perform the research or development work. Technical personnel should recommend potential sources that appear qualified, based on—

(1) Present and past performance of similar work;

(2) Professional stature and reputation;

(3) Position or expertise in their field;

(4) Ability to obtain and maintain the necessary professional and technical capability, including facilities, to perform the work; and

(5) Other relevant factors.

(b) Proposals must generally be solicited from technically qualified sources, including sources identified through synopses or other means of publicizing requirements. When soliciting all qualified sources is not practical, the contracting officer may select a reasonable number to solicit. To promote competition, the contracting officer must provide the solicitation to other apparently qualified sources.

(c) Solicitations must require offerors to—

(1) Describe their technical and management approach;

(2) Identify any technical uncertainties;

(3) Propose specific solutions to resolve uncertainties; and

(4) Propose any planned subcontracting of scientific or technical work.

(d) Solicitations may require proposals to be organized with technical sections grouped together for efficient review by technical experts (see part 15). Both the solicitation process and proposal evaluation should be designed to reduce costs for both offerors and the Government.

(e) R&D solicitations should include evaluation factors to identify the most technically competent offerors (see part 15) such as—

(1) The offeror's understanding of the scope of work;

(2) The quality of the offerors approach proposed to meet the scientific and technical objectives, or the merit of the ideas or concepts presented.

(3) The offeror's access to qualified engineering, scientific, or other technical staff.

(4) The offeror's experience is relevant.

(5) Any innovative ideas the offeror proposes in the specific scientific or technical field.

(6) The offeror's access to the necessary research, testing, laboratory, or shop facilities.

(f) Besides technical evaluation factors, the contracting officer must also consider management capability, as appropriate, including—

(1) Management capabilities, including cost control methods;

(2) Experience and past performance;

(3) Subcontracting practices; and

(4) Any other significant evaluation criteria (*e.g.*, unrealistically low cost estimates in proposals for cost-reimbursement or fixed-price incentive contracts.

(g) Although cost or price is not usually the deciding factor in selecting a contractor to perform R&D, it remains important. The final selection should be the offer that best satisfies the Government's requirement at a fair and reasonable cost.

(h) The contracting officer should ensure potential offerors completely understand the details of the work, especially the Government interpretation of the work statement. For complex requirements, the contracting officer should give potential offerors a chance to comment on the details of the requirements as contained in the work statement, the contract schedule, and any related specifications. This may be done at a preproposal conference (see part 15).

(i) When appropriate, solicitations should allow offerors to propose an alternative contract type (see part 16).

(j) When a potential contractor wants to discuss a new idea or product based on their privately-funded independent R&D work, Government personnel should be willing to discuss it. However, the potential contractor must be informed that these discussions do not create any obligation for the Government. In such situations, direct negotiation with the potential contractor without competition may be appropriate. Also refer to part 15 regarding unsolicited proposals.

(k) The Government may issue an exploratory request to identify existing ideas or prior work in a specific field of research. Any such request must clearly state that it does not impose any obligation on the Government or signify a firm intention to enter into a contract.

35.102 Broad agency announcement.

(a) *General.* This paragraph prescribes procedures for the use of the broad agency announcement (BAA) with Peer or Scientific Review (see part 6) for the acquisition of basic and applied research, as well as that part of development not related to developing a specific system or hardware procurement. The BAA technique must only be used when meaningful proposals with varying technical/scientific approaches are reasonably expected.

(b) The BAA and its supporting documentation must—

(1) Describe what research the agency is interested in, either for specific program needs or broad areas covering a range of agency requirements;

(2) Explain how proposals will be selected, the relative importance of each criteria, and the evaluation methodology;

(3) Specify the proposal due date; and

(4) Contain clear instructions for preparing and submitting proposals.

(c) Contracting officers must publicize the BAA through the Governmentwide point of entry (GPE) and, if authorized in accordance with part 5, may also be published in scientific, technical, or engineering periodicals, or other electronic platforms and communities used by the target audience. Publish the notice at least once per year.

(d) Use a peer or scientific review process to evaluate proposals. Written evaluation reports are required for each proposal; however, proposals are not required to be evaluated against each other since they are responding to broad research areas rather than a common work statement.

(e) Proposals should be selected based on—

(1) Technical merit;

(2) Importance to agency programs; and

(3) Availability of funds.

(f) Contracting officers must consider cost realism and reasonableness to the extent appropriate.

(g) Contracting officers do not need to publish a synopsis under part 5 for individual contracts awarded through a BAA. The notice published pursuant to paragraph (c) of this section fulfills the synopsis requirement.

This page intentionally left blank.

Subpart 35.2 - Evaluation and Award

35.201 Evaluation for award.

(a) R&D contracts should be awarded to the organization, including educational institutions, with the best ideas and highest level of expertise, but not such that the capabilities exceed the requirement.

(b) The contracting officer should use the procedures in part 15 to notify and debrief offerors.

(c) Evaluating a contractor's cost or price estimate serves multiple purposes: it determines whether the estimate is reasonable, reveals the offeror's understanding of the project, shows how the offeror perceives risks, and demonstrates the offeror's ability to organize and perform the work. Cost or price analysis is an effective tool for this evaluation as appropriate (see part 15).

This page intentionally left blank.

Subpart 35.3 - Postaward

35.301 Scientific and technical reports.

(a) R&D contracts must require contractors provide scientific and technical reports, consistent with the project's objectives. These reports serve as a permanent record of work completed under the contract.

(b) Agencies should share R&D contract results with other Government activities and the private sector. Contracting officers must follow agency regulations regarding national security, protection of data, and policies for sharing new technology. Reports should be sent to https://www.ntis.gov/contact-us/index.xhtml or -

National Technical Information Service (NTIS)
5301 Shawnee Road
Alexandria, VA 22312.

This page intentionally left blank.

Subpart 35.4 - Federally Funded Research and Development Centers

35.401 Definitions.

As used in this subpart—

Nonsponsor means any other organization, in or outside of the Federal Government, which funds specific work to be performed by the FFRDC and is not a party to the sponsoring agreement.

Primary sponsor means the lead agency responsible for managing, administering, or monitoring overall use of the FFRDC under a multiple sponsorship agreement.

Sponsor means the executive agency which manages, administers, monitors, funds, and is responsible for the overall use of an FFRDC. Multiple agency sponsorship is possible as long as one agency agrees to act as the "primary sponsor." In the event of multiple sponsors, "sponsor" refers to the primary sponsor.

35.402 Policy.

(a) This section explains Federal policy on establishing, using, reviewing, and terminating Federally Funded Research and Development Centers (FFRDCs) and related sponsoring agreements.

(b) An FFRDC meets special long-term research or development needs that cannot be met as effectively by existing Government or contractor resources. FFRDCs allow agencies to use private sector resources for work integral to the agency’s mission. To fulfill its responsibilities, an FFRDC has special access to—

(1) Government and supplier data, including sensitive and proprietary information;

(2) Government employees; and

(3) Government facilities, equipment, and real property.

(c) The FFRDC must—

(1) Conduct business appropriately considering its special relationship with the Government;

(2) Operate in the public interest with objectivity and independence;

(3) Be free of organizational conflicts of interest; and

(4) Fully disclose its affairs to the sponsoring agency.

(d) FFRDCs must not use their privileged access to information or facilities to compete with the private sector. However, an FFRDC may perform work for agencies other than its sponsor under the Economy Act or other applicable laws when the work is not otherwise available from the private sector.

(e) FFRDCs are operated, managed, and/or administered by—

(1) A university or consortium of universities;

(2) A nonprofit organization; or

(3) An industrial firm, as an autonomous organization or as an identifiable separate operating unit of a parent organization.

(f) Long-term relationships between the Government and FFRDCs are encouraged to provide the continuity that attracts high-quality personnel. This relationship should help the FFRDC stay current in its field(s) of expertise, maintain its objectivity and independence, understand its sponsor’s needs, and provide a quick response capability.

35.403 Sponsoring agreements.

(a) (1) When establishing an FFRDC, the Government and the FFRDC must create a written sponsorship agreement. This agreement serves three key purposes—

(i) Establishes a long-term relationship;

(ii) Defines the FFRDC’s mission; and

(iii) Ensures regular evaluation of the FFRDC.

(2) Regardless of its form, the sponsor must clearly identify it as a sponsoring agreement.

(b) While specific content will vary based on circumstances, all sponsoring agreements or sponsoring agency policies and procedures must include the following requirements at a minimum—

(1) A clear statement of the FFRDC’s purpose;

(2) Provisions for orderly termination or nonrenewal, including how to handle assets and liabilities. The agreement must clearly define ownership of capital assets in the event the relationship ends;

(3) A method to identify retained earnings (reserves) and a plan for using and disposing of these funds;

(4) A prohibition preventing the FFRDC from competing with non-FFRDCs for Federal contracts except for FFRDC operations. This restriction does not apply to the FFRDC’s parent organization or other subsidiaries in their non-FFRDC

activities. The FFRDC may respond to requests for information, qualifications or capabilities unless restricted by the Sponsor; and

(5) Clear rules about whether the FFRDC may accept work from organizations other than its sponsor(s). If allowed, the agreement must outline—

(i) Procedures to follow for non-sponsor work; and

(ii) Any limitations on which non-sponsors may provide work (e.g., other Federal agencies, state or local governments, or non-profit organizations.)

(c) The sponsoring agreement or agency policies may also include other provisions as needed, such as—

(1) Cost elements requiring advance agreement when using cost-type contracts; and

(2) Factors affecting fee negotiations when the sponsor determines fee is appropriate.

(d) The agreement term must not exceed 5 years, but may be renewed after review in increments of up to 5 years.

35.404 Establishing or changing an FFRDC.

To establish an FFRDC, or change its basic purpose and mission, the sponsor must—

(a) Verify existing alternative sources cannot effectively meet the special research or development needs;

(b) Publish at least one notice to the Government Point of Entry 90 days or more before issuing the contract action, indicating the agency's intention, and requesting comments. Notice is not required when the action is required by law;

(c) Ensure the Government has expertise available to adequately and objectively evaluate the FFRDC's work;

(d) Notify the Executive Office of the President, Office of Science and Technology Policy, Washington, DC 20506;

(e) Establish controls to ensure the Government pays reasonable costs for services;

(f) Define the FFRDC's purpose and mission clearly enough to distinguish work appropriate for the FFRDC vs. work for non-FFRDCs;

(g) Maintain reasonable continuity in support levels, consistent with agency needs and the sponsoring agreement;

(h) Ensure the FFRDC—

(1) Is operated, managed, or administered by an autonomous organization or as an identifiably separate operating unit of a parent organization;

(2) Works in the public interest;

(3) Remains free from organizational conflict of interest; and

(4) Discloses its affairs (as an FFRDC) to the primary sponsor;

(i) Does not allow quantity production or manufacturing unless authorized by legislation; and

(j) Obtain approval from the head of the sponsoring agency.

35.405 Using an FFRDC.

(a) All work placed with the FFRDC must align with its purpose, mission, general scope of effort, or special competency of the FFRDC.

(b) When permitted by the sponsor, Federal agency may contract directly with the FFRDC, in which case that Federal agency is responsible for compliance with FAR Part 6. The nonsponsoring agency must-

(1) Provide the documentation regarding competition with domestic private industry required by part 17 to the sponsoring agency; and

(2) Prepare any required Economy Act determinations and findings (D&F) document and provide documentation required by part 17 to the sponsoring agency.

35.406 Limitation on the creation of new FFRDC's.

Pursuant to 10 U.S.C. 4126, the Secretary of Defense, the Secretary of the Army, the Secretary of the Navy, the Secretary of the Air Force, the Secretary of Homeland Security, and the Administrator of the National Aeronautics and Space Administration may not obligate or expend amounts appropriated to the Department of Defense for purposes of operating an FFRDC that was not in existence before June 2, 1986, until—

(a) The head of the agency submits a report to Congress describing the center's purpose, mission, and general scope of the center's effort; and

(b) A period of 60 days, beginning on the date such report is received by Congress, has elapsed.

35.407 Reviewing FFRDC's.

(a) Before extending an FFRDC contract or agreement, the sponsor must conduct a comprehensive review of its use and need. Coordinate the review with any co-sponsors. If the sponsor decides to end its sponsorship, it must inform other agencies that use the FFRDC of its decision and give them an opportunity to assume sponsorship.

(b) The head of the sponsoring agency must approve continuing or terminating sponsorship, based on the results of the review described below:

(1) An examination of the sponsor's special technical needs and mission requirements that are performed by the FFRDC to determine if and at what level they continue to exist.

(2) Consideration of alternative sources to meet the sponsor's needs.

(3) An assessment of the efficiency and effectiveness of the FFRDC in meeting the sponsor's needs, including the FFRDC's ability to maintain its objectivity, independence, quick response capability, currency in its field(s) of expertise, and familiarity with the needs of its sponsor.

(4) An assessment of the adequacy of the FFRDC management in ensuring a cost-effective operation.

(5) A determination that the criteria for establishing the FFRDC continue to be satisfied and that the sponsoring agreement is in compliance with the requirements of this subpart.

35.408 Terminating an FFRDC.

When a sponsor no longer needs the FFRDC, the sponsorship may be transferred to one or more Government agencies, if appropriately justified. If the FFRDC is not transferred to another Government agency, it must be phased out.

35.409 Master list of FFRDC's.

The National Science Foundation (NSF) maintains a master Government list of FFRDCs. Primary sponsors must provide information on each FFRDC, including sponsoring agreements, mission statements, funding data, and type of R&D being performed, to the NSF upon its request for such information.

This page intentionally left blank.

PART 36 - CONSTRUCTION AND ARCHITECT-ENGINEER CONTRACTS

This page intentionally left blank.

36.000 Scope of part.

This part prescribes policies and procedures for construction, which includes dismantling, demolition or removal of improvements; and architect-engineer services.

36.001 Definition.

As used in this part—

Firm as it relates to architect-engineer services, means any individual, partnership, corporation, association, or other legal entity permitted by law to practice the professions of architecture or engineering.

36.002 Policy.

(a) Agencies must require the use of a project labor agreement for Federal construction projects with a total estimated construction cost at or above $35 million, unless an exception applies (see part 22).

(b) Contracting officers conducting market research for Federal construction contracts valued at or above $35 million, must ensure that the market research procedures (see part 10) involve a current and proactive examination of the market conditions in the project area to determine national, regional, and local entity interest in participating on a project that requires a project labor agreement, and to understand the availability of unions, and unionized and non-unionized contractors. Contracting officers may coordinate with agency labor advisors, as appropriate.

(c) The contracting officer must use one of the following acquisition procedures when contracting for the design and construction of a public building, facility, or work:

(1) Design-bid-build established under 40 U.S.C. chapter 11, Selection of Architects and Engineers.

(2) Two-phase design-build selection procedures authorized by 10 U.S.C. 3241 or 41 U.S.C. 3309.

(3) Another acquisition procedure authorized by law.

(d) Agencies must implement high-performance sustainable building design, construction, renovation, repair, commissioning, operation and maintenance, management, and deconstruction practices to ensure that—

(1) All new construction and modernization projects greater than 25,000 gross square feet are designed, constructed, and maintained to meet or exceed Government sustainable design and operations principles in accordance with the Council on Environmental Quality's Guiding Principles for Sustainable Federal Buildings and Associated Instructions (Guiding Principles) (available at https://www.sustainability.gov/pdfs/guiding_principles_for_sustainable_federal_buildings.pdf);

(2) All renovation projects of existing Federal buildings/facilities must use, to the greatest extent possible, Government sustainable design and operations principles for existing buildings in accordance with the Guiding Principles; and

(3) Rehabilitation of Federally-owned historic buildings utilizes best practices and technologies in retrofitting to promote long-term viability of the buildings.

Subpart 36.1 - Pre-solicitation

36.101 Construction.

36.101-1 Acquisition Strategy.

(a) The contracting officer will only use sealed bid procedures (see part 14) for a construction contract if the conditions in part 6 for use of sealed bidding are met. However, the contracting officer should not use sealed bidding if the contract will be performed outside the United States and its outlying areas.

(b) The following must be considered when determining the contract type and pricing structure and must be addressed in the acquisition plan.

(1) Generally, firm-fixed-price contracts must be used to acquire construction. They may be priced—

(i) on a lump-sum basis (when a lump sum is paid for the total work or defined parts of the work),

(ii) on a unit-price basis (when a unit price is paid for a specified quantity of work units), or

(iii) using a combination of the two methods.

(2) Lump-sum pricing must be used in preference to unit pricing except when—

(i) Large quantities of work such as grading, paving, building outside utilities, or site preparation are involved;

(ii) Quantities of work, such as excavation, cannot be estimated with sufficient confidence to permit a lump-sum offer without a substantial contingency;

(iii) Estimated quantities of work required may change significantly during construction; or

(iv) Offerors would have to expend unusual effort to develop adequate estimates.

(3) Fixed-price contracts with economic price adjustment may be used if such a provision is customary in contracts for the type of work being acquired, or when omission of an adjustment provision would preclude a significant number of firms from submitting offers or would result in offerors including unwarranted contingencies in proposed prices.

(4) In view of potential labor and administrative problems, cost-plus-fixed-fee, price-incentive, or other types of contracts with cost variation or cost adjustment features must not be permitted concurrently, at the same work site, with firm-fixed-price, lump sum, or unit price contracts except with the prior approval of the head of the contracting activity.

36.101-2 Use of two-phase design-build selection procedures.

(a) As authorized by 10 U.S.C. 3241 and 41 U.S.C. 3309, the two-phase design-build selection procedures may be used when the contracting officer determines in writing that this method is appropriate, based on the following:

(1) Three or more offers are anticipated.

(2) Design work must be performed by offerors before developing price or cost proposals, and a substantial expense will be incurred in preparing offers.

(3) That the contracting officer has considered:

(i) The extent to which the project requirements have been adequately defined.

(ii) The time constraints for delivery of the project.

(iii) The capability and experience of potential contractors.

(iv) The suitability of the project for use of the two-phase selection method.

(v) The capability of the agency to manage the two-phase selection process.

(vi) Other criteria established by the agency.

(b) Phase-one of the solicitation(s) must include—

(1) The scope of work;

(2) The phase-one evaluation factors, which must include—

(i) Technical approach (excluding detailed design or technical information);

(ii) Technical qualifications, such as—

(A) Specialized experience and technical competence;

(B) Capability to perform;

(C) Past performance of the offeror's team (including the architect-engineer and construction members); and

(iii) Other appropriate factors (excluding cost or price related factors);

(3) Phase-two evaluation factors (see paragraph (d) of this section); and

(4) A statement of the maximum number of offerors that will be selected to submit phase-two proposals. Unless the contracting officer determines in writing that a number greater than five is in the Government's interest, no more than five offerors can be selected for phase-two proposals.

(c) After evaluating phase-one proposals in accordance with the solicitation, the contracting officer must select the most highly qualified offerors and request those offerors submit phase-two proposals.

(d) Phase-two of the solicitation(s) must—

(1) Be prepared and evaluated in accordance with part 15;

(2) Include phase-two evaluation factors, such as design concepts and proposed technical solutions; and

(3) Require submission of separate technical and price proposals.

36.101-3 Scope of work.

(a) A scope of work must be included in the solicitation, and must:

(1) Define the project; and

(2) Provide prospective offerors with sufficient information regarding the Government's requirements.

(b) The scope of work may include criteria and preliminary design, budget parameters, and schedule or delivery requirements.

(c) If the agency contracts for development of the scope of work, it must use the procedures in sections 36.102 and 36.202.

36.101-4 Advance notices and solicitations.

As required by 15 U.S.C. 644(w), when the contracting officer anticipates the award of a contract to a small business pursuant to a solicitation for construction, the contracting officer must transmit to the Governmentwide point of entry (GPE) a solicitation notice (see part 5). The solicitation notice must include information regarding the agency's definitization of equitable adjustments for change orders under construction contracts, including:

(a) A description of agency policies or procedures, in addition to that outlined in part 43, that apply to definitization of equitable adjustments for change orders under construction contracts.

(b) Data on the agency's past performance, for the prior 3 fiscal years, regarding the time required to definitize equitable adjustments for change orders under construction contracts (see part 43). Agencies must provide the data shown in the following table, or provide the address of an agency-specific, publicly accessible website containing this information.

Table 1 to Paragraph (b)

Time to definitize after receipt of an adequate change order definitization proposal under construction contracts	Number of change order proposals definitized under construction contracts
30 days or less	
31 to 60 days	
61 to 90 days	
91 to 180 days	
181 to 365 days	
366 or more days	
After completion of contract performance via a contract modification addressing all undefinitized equitable adjustments received during contract performance	

36.101-5 Liquidated damages.

During acquisition planning the contracting officer must evaluate the need for liquidated damages in a construction contract in accordance with part 11 and agency policies.

36.101-6 Government cost estimate.

(a) An independent Government estimate (IGE) of the cost of construction must be prepared for any action expected to exceed the simplified acquisition threshold. The IGE must be prepared based on a detailed analysis of the requirements.

(b) The IGE must be given to the contracting officer before receipt of any proposals. When two-step sealed bidding is used, the independent Government estimate must be prepared when the contract requirements are definitized.

36.101-7 Clauses.

(a) The contracting officer must insert the clauses in Table 1 in solicitations and contracts when a fixed-price construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold. The Table 1 clauses may be used for contracts valued at or below the simplified acquisition threshold.

Table 1 to Paragraph (a)

Clause	Title
52.236-2	Differing Site Conditions
52.236-3	Site Investigation and Conditions Affecting the Work
52.236-6	Superintendence by the Contractor
52.236-8	Other Contracts
52.236-9	Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements
52.236-10	Operations and Storage Areas
52.236-12	Cleaning Up

(b) The contracting officer must insert the clause at 52.236-5, Material and Workmanship, in solicitations and contracts for construction.

(c) The contracting officer must insert the clause at 52.236-7, Permits and Responsibilities, in solicitations and contracts when a fixed-price or cost-reimbursement construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated.

(d) (1) The contracting officer must insert the clause at 52.236-11, Use and Possession Prior to Completion, in solicitations and contracts when a fixed-price construction contract is contemplated, and the contract award amount is expected to exceed the simplified acquisition threshold.

(2) This clause may be inserted in solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold.

(e) The contracting officer must insert the clause at 52.236-13, Accident Prevention, in solicitations and contracts when a fixed-price construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold.

(1) This clause may be inserted in solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold.

(2) The clause must be used with its Alternate I when a contract for services will involve:

(i) Work of a long duration or hazardous nature; or

(ii) Performance on a Government facility that on the advice of technical representatives involves hazardous materials or operations that might endanger the safety of the public and/or Government personnel or property.

(f) (1) The contracting officer must insert the clause at 52.236-14, Availability and Use of Utility Services, in solicitations and contracts when a fixed-price construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated, the contract is to be performed on Government sites, and the contracting officer decides that—

(i) The existing utility system(s) is adequate for the needs of both the Government and the contractor; and

(ii) Furnishing it is in the Government's interest.

(2) When this clause is used, the contracting officer must list the available utilities in the contract.

(g) (1) The contracting officer may insert the clause at 52.236-15, Schedules for Construction Contracts, in solicitations and contracts when a fixed-price construction contract is contemplated, the contract amount is expected to exceed the simplified acquisition threshold, and—

(i) The period of actual work performance exceeds 60 days; or

(ii) When work performance is expected to last less than 60 days and an unusual situation exists that warrants imposition of the requirements.

(2) Contracting officers should not insert the clause in paragraph (g)(1) of this section, in the same contract with clauses covering other management approaches for ensuring that a contractor makes adequate progress.

(h) The contracting officer may insert the clause at 52.236-16, Quantity Surveys, in solicitations and contracts when a fixed-price construction contract providing for unit pricing of items and for payment based on quantity surveys is contemplated. The clause must be used with its Alternate I if it is determined at a level above that of the contracting officer that—

(1) It is impracticable for Government personnel to perform the original and final surveys; and

(2) The Government wishes the contractor to perform these surveys.

(i) The contracting officer must insert the clause at 52.236-17, Layout of Work, in solicitations and contracts when a fixed-price construction contract is contemplated, and use of this clause is appropriate due to a need for accurate work layout and for siting verification during work performance.

(j) The contracting officer must insert the clause at 52.236-18, Work Oversight in Cost-Reimbursement Construction Contracts, in solicitations and contracts when a cost-reimbursement construction contract is contemplated.

(k) (1) The contracting officer must insert the clause at 52.236-21, Specifications and Drawings for Construction, in solicitations and contracts when a fixed-price construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold.

(2) The contracting officer may insert the clause in paragraph (k)(1) of this section in solicitations and contracts when a fixed-price construction or a fixed-price contract for dismantling, demolition, or removal of improvements is contemplated and the contract amount is expected to be at or below the simplified acquisition threshold.

(3) When the Government needs record drawings, the contracting officer must—

(i) Use the clause with its Alternate I, if reproducible shop drawings are needed, or

(ii) Use the clause with its Alternate II, if reproducible shop drawings are not needed.

36.102 Architect-Engineer Services.

36.102-1 Public announcement.

The Government must publicly announce all requirements for architect-engineer services (see 40 U.S.C. 1101 et seq.).

36.102-2 Contracting procedures and competition.

(a) Contracting officers must acquire architect-engineer services by negotiation and select sources in accordance with this section.

(b) The procedures of this section are competitive procedures (see part 6).

(c) Agencies must encourage firms to submit annually an updated statement of qualifications and performance data on a Standard Form (SF) 330, Part II—General Qualifications.

(d) (1) Surveying is considered to be an architectural and engineering service and must be procured pursuant to sections 36.102 and 36.202 from registered surveyors or architects and engineers. Mapping associated with the research, planning, development, design, construction, or alteration of real property is considered to be an architectural and engineering service and must be procured pursuant to sections 36.102 and 36.202.

(2) Mapping services that are not connected to traditionally understood or accepted architectural and engineering activities, are not incidental to such architectural and engineering activities or have not in themselves traditionally been considered architectural and engineering services must be procured pursuant to provisions in parts 13, 14, and 15.

36.102-3 Government cost estimate.

(a) An independent Government estimate (IGE) of the cost of architect-engineer services must be prepared based on a detailed analysis of the requirements.

(b) The IGE must be given to the contracting officer before beginning negotiations for any action expected to exceed the simplified acquisition threshold.

36.102-4 Clauses.

(a) The contracting officer must insert the clause at 52.236-22, Design Within Funding Limitations, in fixed-price architect-engineer contracts except when—

(1) The head of the contracting activity determines in writing that cost limitations are secondary to performance considerations and additional project funding can be expected;

(2) The design is for a standard structure and is not intended for a specific location; or

(3) There is little or no design effort involved.

(b) The contracting officer must insert the clause at 52.236-23, Responsibility of the Architect-Engineer Contractor, in fixed-price architect-engineer contracts.

(c) The contracting officer must insert the clause at 52.236-24, Work Oversight in Architect-Engineer Contracts, in all architect-engineer contracts.

(d) The contracting officer must insert the clause at 52.236-25, Requirements for Registration of Designers, in architect-engineer contracts, except that it may be omitted when the design will be performed—

(1) Outside the United States and its outlying areas; or

(2) In a State or outlying area of the United States that does not have registration requirements for the particular field involved.

This page intentionally left blank.

Subpart 36.2 - Evaluation and award

36.201 Construction.

36.201-1 Limitations.

The contracting officer must not award a contract for construction—

(a) At a cost to the Government—

(1) In excess of statutory cost limitations, unless applicable limitations can be and are waived in writing for the particular contract; or

(2) Which, with allowances for Government-imposed contingencies and overhead, exceeds the statutory authorization.

(b) To the firm that designed the project or to the firm's subsidiaries or affiliates, unless approved by the agency head.

36.201-2 Standard and optional forms.

(a) Standard Form 1442, Solicitation, Offer, and Award (Construction, Alteration, or Repair), must be used to solicit and submit offers, and award construction or dismantling, demolition, or removal of improvements contracts expected to exceed the simplified acquisition threshold, and may be used for contracts at or below the simplified acquisition threshold. In all sealed bid solicitations, or when the Government otherwise requires a noncancellable offer acceptance period, the contracting officer must insert in the blank provided in Block 13D the number of calendar days that the offer must be available for acceptance after the date offers are due.

(b) Optional Form 347, Order for Supplies or Services, may be used for construction or dismantling, demolition, or removal of improvements contracts that are at or below the simplified acquisition threshold; provided, that the contracting officer includes the clauses required (see section 36.101-7) in the simplified acquisitions (see part 13).

(c) Contracting officers may use Optional Form 1419, Abstract of Offers—Construction, and Optional Form 1419A, Abstract of Offers—Construction, Continuation Sheet, or the automated equivalents to record offers submitted in response to a sealed bid solicitation (see part 14) and may also use them to record offers submitted in response to negotiated solicitations.

36.202 Architect and engineering services.

36.202-1 Evaluation.

(a) (1) Agencies must provide for one or more permanent or ad hoc architect-engineer evaluation boards—

(i) Which may include preselection boards when authorized by agency regulations;

(ii) Composed of members who—

(A) Collectively, have experience in architecture, engineering, construction, and Government and related acquisition matters;

(B) Are appointed from among highly qualified professional employees of the agency or other agencies; and

(C) If authorized by agency procedure, are private practitioners of architecture, engineering, or related professions.

(2) One Government member of each board must be designated as the chairperson.

(b) Under the general direction of the head of the contracting activity, an evaluation board must perform the following functions:

(1) For each proposed project, evaluate the firms' Standard Form (SF) 330, Part II—General Qualifications, together, if necessary, with data submitted on the SF 330, Part I—Contract-Specific Qualifications, either already on file with the agency or submitted regarding the proposed project.

(2) Conduct discussions with at least 3 firms to consider anticipated concepts and compare alternative methods for furnishing services.

(3) Prepare a selection report for the agency head or other designated selection authority recommending, in order of preference, at least three firms that are considered to be the most highly qualified to perform the required services. The report must include a description of the discussions and evaluation conducted by the board to allow the selection authority to review the considerations upon which the recommendations are based.

36.202-2 Selection authority.

(a) The final selection decision must be made by the agency head or a designated selection authority.

(b) The final selection must be made by reviewing and considering the selection report and advice of technical and staff representatives.

(1) The final selection must be a listing, in order of preference, of the firms considered most highly qualified to perform the work.

(2) The selection authority must not add firms to the selection report.

(3) If the firm listed as the most preferred is not the firm recommended as the most highly qualified, the selection authority must provide a written explanation of the reason for the preference for inclusion in the contract file.

(4) If the firms recommended in the report are not deemed to be qualified or the report is considered inadequate for any reason, the selection authority must record the reasons and return the report for appropriate revision.

(c) All firms on the final selection list are considered selected firms with which the contracting officer may negotiate.

36.202-3 Award.

(a) The contracting officer must negotiate a contract with the most highly qualified firm selected by the selection authority.

(b) (1) If the contracting officer is unable to negotiate a fair and reasonable contract with the firm selected by the selection authority, the contracting officer must—

(i) Formally terminate negotiations;

(ii) Proceed to negotiate a fair and reasonable contract with the next most qualified firm; and

(iii) The contracting officer must continue the process until a fair and reasonable agreement is reached.

(2) If unable to reach a fair and reasonable agreement after negotiating with the firms on the final selection list, the contracting officer must reject all bids and reissue the solicitation.

(c) During negotiations, the contracting officer is permitted to identify a specialized task and disclose the associated cost breakdown figures in the Government estimate, but only to the extent deemed necessary to arrive at a fair and reasonable price.

(d) Contracting officers must only award contracts for architect-engineer services to firms permitted by law to practice the professions of architecture or engineering.

(e) An architect-engineer contract must not be awarded to a firm during the period in which any of its principals or associates are participating as members of the awarding agency's evaluation board.

36.202-4 Short selection process for contracts not to exceed the simplified acquisition threshold.

When authorized by the agency, either or both of the short processes described in this subsection may be used to select firms for contracts not expected to exceed the simplified acquisition threshold. Otherwise, the procedures prescribed in 36.202-1, 36.202-2, and 36.202-3 must be followed.

(a) *Selection by the board.* The board must review and evaluate architect-engineer firms in accordance with 36.202-1, except that the selection report serves as the final selection list and must be provided directly to the contracting officer. The report serves as the authorization for the contracting officer to commence negotiations in accordance with 36.202-3.

(b) *Selection by the chairperson of the board.* When the board decides that formal action by the board is not necessary in connection with a particular selection, the following procedures must be followed:

(1) The chairperson of the board must perform the functions required in 36.202-1(b).

(2) The agency head or designated selection authority must review the report and approve it or return it to the chairperson for appropriate revision.

(3) Upon receipt of an approved report, the chairperson of the board must provide a copy of the report to the contracting officer which will serve as the authorization for the contracting officer to commence negotiations in accordance with 36.202-3.

36.202-5 Standard and optional forms.

(a) Contracting officers must use Standard Form (SF) 252, Architect-Engineer Contract, to award fixed-price contracts for architect-engineer services when the services will be performed in the United States or its outlying areas.

(b) The firm's qualifications as listed in the SF 330, Part II—General Qualifications as well as the SF 330, Part I—Contract-Specific Qualifications, must be used to evaluate firms before awarding a contract for architect-engineer services:

(1) Use the SF 330, Part I—Contract-Specific Qualifications, to obtain information from an architect-engineer firm about its qualifications for a specific contract when the contract amount is expected to exceed the simplified acquisition threshold. Part I may be used when the contract amount is expected to be at or below the simplified acquisition threshold, if the contracting officer determines that its use is appropriate.

(2) Use the SF 330, Part II—General Qualifications, to obtain information from an architect-engineer firm about its general professional qualifications.

This page intentionally left blank.

Subpart 36.3 - Postaward

36.301 Responsibilities of contracting officers.

See part 42 for performing general contract administration functions. For construction and architect-engineer services there are additional functions including:

(a) *Performance and Deliverables.* (1) Contracting officers can, in writing, request the removal of any contractor employee deemed incompetent, careless, or otherwise objectionable (see 52.236-5).

(2) Contracting officers must provide the contractor with a list of work remaining to be performed or corrected for any portions of the work the Government intends to possess or use, prior to taking possession or using said work (see 52.236-11).

(3) Regarding schedules for construction contracts:

(i) The contracting officer may withhold approval of progress payments if the contractor fails to submit the required schedule.

(ii) (A) The contracting officer must determine whether the work is progressing with sufficient diligence to meet the contract's specified completion time; and

(B) May terminate the contractor's right to proceed with the work, or any separable part of it, per the default terms of the contract if the contractor fails to recover lost time (see 52.236-15).

(b) *Modifications.* (1) Upon receiving written notice of differing site conditions, the contracting officer must—

(i) Promptly investigate the site; and

(ii) Negotiate an equitable adjustment if the conditions materially differ, leading to an increase or decrease in the contractor's costs or performance time. Requests for an equitable adjustment will be allowed only if prior written notice is received or if submitted before final payment (see 52.236-2).

(2) If repairs are not made promptly to damaged existing vegetation, structures, equipment, utilities, or improvements; contracting officers may have the necessary work performed and charge the cost to the contractor (see 52.236-9).

(3) If stakes and marks are destroyed by the contractor, the contracting officer may replace them and deduct the cost from due or future payments (see 52.236-17).

(4) Regarding specifications and drawings for construction—

(i) The contracting officer must—

(A) Make a written determination in the case of a discrepancy in the figures, in the drawings, or in the specifications; and

(B) Approve or disapprove shop drawings, with reasons for disapproval if applicable.

(ii) If the contracting officer approves a shop drawing variation from the contract requirements that is minor or does not impact price or performance time, a contract modification will not be issued. For all other approved variations, the contracting officer must issue a contract modification (see 52.236-21).

(5) If a construction contract needs a modification due to architect-engineer design errors, the contracting officer must—

(i) Assess the architect-engineer's liability, with the advice of technical personnel and legal counsel;

(ii) Seek cost recovery if the amount exceeds administrative costs or if it benefits the Government; and

(iii) Include in the contract file a written statement detailing the recovery decision (see 52.236-23).

(c) *Compliance and Reporting.*

(1) Contracting officers must ensure compliance with the labor standards requirement of the contract (e.g., payroll reviews, on-site inspections, and employee interviews to determine compliance).

(2) Contracting officers should advise contractors to promptly execute and return any required payment and performance bonds to ensure a notice to proceed is issued to commence work in a timely manner (see part 28).

(3) Contracting officers must, if appropriate, give written consent for the contractor to abandon, without removal, temporary buildings and utilities. (see 52.236-10).

(4) If the contracting officer becomes aware of noncompliance with requirements or conditions that endanger public or Government personnel health or safety, the contracting officer—

(i) Must notify the contractor orally, then in writing, requesting immediate corrective action; and

(ii) May issue a stop-work order if the contractor fails to promptly take satisfactory corrective action. (see 52.236-13).

This page intentionally left blank.

PART 37 - SERVICE CONTRACTING

This page intentionally left blank.

37.000 Scope of part.

This part prescribes policy and procedures specific to the acquisition and management of services by contract. This part applies to all contracts and orders for services regardless of the contract type or kind of service being acquired.

37.001 Definition.

Service contract, as used in this part, means a contract that directly engages the time and effort of a contractor whose primary purpose is to perform an identifiable task rather than to furnish an end item of supply. A service contract may be either a nonpersonal or personal contract. It can also cover services performed by either professional or nonprofessional personnel whether on an individual or organizational basis.

Subpart 37.1 - Performance-Based Acquisition

37.101 Presolicitation.

37.101-1 Policy.

When acquiring services, including acquisition of commercial services using the procedures in part 12, agencies must—

(a) Use performance-based acquisition methods to the maximum extent practicable, except for—

(1) Architect-engineer services acquired in accordance with 40 U.S.C. 1101 *et seq.* (see part 36);

(2) Construction (see part 36);

(3) Utility services (see part 41); or

(4) Services that are incidental to supply purchases; and

(b) Use the following order of precedence (Public Law 106-398, section 821(a)):

(1) A firm-fixed price performance-based contract or task order.

(2) A performance-based contract or task order that is not firm-fixed price.

(3) A contract or task order that is not performance-based.

37.102 Evaluation and award.

37.102-1 Procedures.

(a) Performance-based contracts must include a performance work statement (PWS).

(1) The PWS may be prepared by the Government or proposed by an offeror in response to a statement of objectives (SOO)(see 2.101) and included in the contract. While the SOO in a solicitation may be used to guide the development of the PWS, the SOO does not become part of the contract.

(2) The PWS must describe the outcome required rather than “how” that outcome is to be achieved or the estimated level of effort anticipated.

(3) The PWS must, to the maximum extent practicable, include meaningful and measurable performance standards. Such standards may be established by the Government or proposed by the offeror.

(b) When an offeror proposes performance standards in response to a SOO, agencies must—

(1) Evaluate whether the proposed standards meet agency needs;

(2) Identify methods for assessing contractor performance against the standards; and

(3) Incorporate both the accepted standards and assessment methods into the contract.

This page intentionally left blank.

Subpart 37.2 - Personal Services

37.201 Presolicitation.

37.201-1 Policy.

Agencies must not contract for personal services unless specifically authorized by statute (e.g., 5 U.S.C. 3109).

37.201-2 Characteristics of personal services contracts.

(a) A personal services contract exists when the Government supervises or controls contractor employees, or appears to do so, as if they were Government employees. This type of contract circumvents civil service laws that require the Government to competitively hire and appoint its own employees.

(b) The Government exercising relatively continuous supervision and control over multiple contractor personnel is frequently a key indicator of a personal services contract. However, judgment is required because service contracts often involve interaction with contractor employees—such as ordering and reviewing specific work—that do not constitute the type of supervision or control that would convert a contractor employee into a Government employee.

37.202 Postaward.

37.202-1 Avoiding personal services contracts.

When administering contracts, agencies must avoid making contractor personnel appear to be, in effect, Government employees, unless a statute provides otherwise.

This page intentionally left blank.

Subpart 37.3 - Inherently Governmental Functions

37.301 Presolicitation.

37.301-1 Policy.

(a) Agencies must not award a contract for the performance of an inherently governmental function (see part 7).

(b) Service contracts require special oversight if the contract work:

(1) Supports an inherently governmental function, including contracts providing recommendations, analyses, reports, or similar work products that can influence government decision-making; or

(2) May approach becoming inherently governmental because of the nature of the function, the manner in which the contractor performs the contract, or the manner in which the Government administers contractor performance.

(c) Agencies must carefully develop requirements for such work to ensure contracted functions do not expand into inherently governmental functions.

37.302 Postaward.

37.302-1 Contractor support to inherently governmental functions.

Agencies must actively administer contracts to ensure contract functions do not expand into inherently governmental functions, including—

(a) Assigning sufficient qualified Government employees to actively oversee contractor work and monitor for potential encroachment on inherently governmental functions, particularly when the work supports Government policy or decision-making.

(b) Requiring contractor personnel to identify themselves as contractors when attending meetings, answering government phones, or in any situation where their status might be unclear to the public or Congress, unless the agency determines no confusion or harm would result.

(c) Ensuring contractor-produced documents are clearly marked as contractor products or include appropriate disclosure of contractor involvement.

This page intentionally left blank.

Subpart 37.4 - Advisory and Assistance Services

37.401 Definition.

Covered personnel , as used in this subpart, means—

(1) An officer or an individual who is appointed in the civil service by one of the following acting in an official capacity:

(i) The President;

(ii) A Member of Congress;

(iii) A member of the uniformed services;

(iv) An individual who is an employee under 5 U.S.C. 2105;

(v) The head of a Government-controlled corporation; or

(vi) An adjutant general appointed by the Secretary concerned under 32 U.S.C. 709(c).

(2) A member of the Armed Services of the United States.

(3) A person assigned to a Federal agency who has been transferred to another position in the competitive service in another agency.

37.402 Presolicitation.

37.402-1 Policy.

When essential to the agency's mission, agencies may contract for advisory and assistance services (A&AS) to obtain—

(a) Management and professional support services;

(b) Studies, analyses, and evaluations (see 37.402-3 for limitations on evaluative work); or

(c) Engineering and technical services.

37.402-2 Prohibitions.

A&AS contracts must not be awarded for purposes of—

(a) Performing work of a policy-making, decision-making, or managerial nature which is the direct responsibility of agency officials;

(b) Bypassing or undermining personnel ceilings, pay limitations, or competitive employment procedures;

(c) Aiding in influencing or enacting legislation; or

(d) Obtaining professional or technical advice which is readily available within the agency or another Federal agency.

37.402-3 A & AS contracts for the evaluation of proposals.

Agencies must not contract for A & AS to conduct evaluations or analyses of any aspect of a proposal submitted for an initial contract award unless—

(a) The head of the agency has determined covered personnel with the required training and capabilities to perform the evaluation or analysis are not readily available in the agency or from another Federal agency (41 U.S.C. 1709).

(1) The head of the agency may consider the associated administrative burden when assessing the feasibility of using covered personnel from other agencies. Such considerations may include—

(i) The time and cost associated with searching for suitable personnel;

(ii) Potential travel costs;

(iii) The amount of such costs in relation to the acquisition value; and

(iv) Potential competing demands for the personnel in meeting the agency's mission.

(2) The contracting officer must ensure, to the maximum extent practicable, any such determination is made prior to issuing the solicitation and in accordance with agency procedures. Once the solicitation is released, any determination of a need for A&AS support in analyzing proposals for the initial contract award must be made prior to granting the A&AS contractor access to any proposal material.

(b) The contractor is a Federally-Funded Research and Development Center (FFRDC) as authorized in 41 U.S.C. 1709(c) and the work placed under the FFRDC's contract meets the criteria of part 35; or

(c) Such functions are otherwise authorized by law.

37.402-4 Exclusions.

The following activities and programs are excluded or exempted from the definition of A&AS:

(a) Routine information technology services unless they are an integral part of a contract for the acquisition of advisory and assistance services.

(b) Architectural and engineering services as defined in 40 U.S.C. 1102.

(c) Research on theoretical mathematics and basic research involving medical, biological, physical, social, psychological, or other phenomena.

37.403 Evaluation and award.

37.403-1 Treatment of former Government employees.

Agencies must ensure A&AS is not contracted for on a preferential basis to former Government employees.

37.403-2 Avoiding A & AS use in evaluation of proposals.

When evaluating proposals for initial contract award, agencies must not use A & AS to support evaluation unless the conditions at 37.402-3 are satisfied.

37.404 Postaward.

37.404-1 Performance monitoring in A & AS contracts.

(a) Agencies must administer A & AS contracts with sufficient oversight to ensure prohibited practices at 37.402-2 are not performed.

(b) Agencies must not pay for A & AS evaluations or analyses of any aspect of a proposal submitted for an initial contract award unless the conditions at 37.402-3 are satisfied.

Subpart 37.5 - Child Care Services

37.501 Definition.

Child care services, as used in this subpart, means child protective services (including the investigation of child abuse and neglect reports), social services, health and mental health care, child (day) care, education (whether or not directly involved in teaching), foster care, residential care, recreational or rehabilitative programs, and detention, correctional, or treatment services.

37.502 Presolicitation.

37.502-1 Policy.

Ensure that contracts for nonpersonal child care services include requirements for criminal history background checks on employees who will perform child care services under the contract in accordance with 34 U.S.C. 20351 and agency procedures.

This page intentionally left blank.

Subpart 37.6 - Nonpersonal Health care services

37.601 Presolicitation.

37.601-1 Policy.

Agencies must ensure nonpersonal health care services contracts with physicians, dentists and other health care providers include indemnification and medical liability insurance.

37.601-2 Procedures.

To ensure adequate medical liability insurance is obtained, the contracting officer must insert the necessary value(s) in paragraph (a) of contract clause 52.237-7. Agencies determine the value(s) by considering the standard coverage prevailing within the local community for the specific medical specialty, or a higher amount if necessary to protect the Government's interests.

37.601-3 Contract clause.

Insert the clause at 52.237-7, Indemnification and Medical Liability Insurance, in solicitations and contracts for nonpersonal health care services.

37.602 Evaluation and award.

37.602-1 Evidence of insurability.

Before making award, the contracting officer must obtain proof that the apparent successful offeror will be able to obtain the required medical liability insurance (e.g., letter of intent from a reputable insurer, underwriting approval letter).

37.603 Postaward.

37.603-1 Evidence of insurance.

After contract award, but before performance begins, the contracting officer must obtain proof that the contractor holds an active policy for the required medical liability insurance.

This page intentionally left blank.

Subpart 37.7 - Dismantling, Demolition, or Removal of Improvements

37.701 Presolicitation.

37.701-1 Labor standards.

Contracts for dismantling of buildings, ground improvements, and other real property structures and for the removal of such structures or a portion of them (hereafter referred to as *dismantling, demolition, or removal of improvements*) must comply with one of two labor standards statutes. Service Contract Labor Standards (41 U.S.C. chapter 67) apply when the contract is solely for dismantling, demolition, or removal. However, if the Government plans any follow-on construction, alteration, or repair work of a public building or public work at the same location—even under a separate contract—then the Construction Wage Rate Requirements (40 U.S.C. chapter 31, subchapter IV) apply (see part 22).

37.701-2 Bonds or other security.

The standard bonding requirements (see part 28) in 40 U.S.C. chapter 31, subchapter III do not apply to contracts solely for dismantling, demolition, or removal of improvements. However, the contracting officer may require the contractor to furnish a performance bond or other security in an amount that the contracting officer considers adequate to—

(a) Ensure completion of the work;

(b) Protect property to be retained by the Government;

(c) Protect property to be provided as compensation to the contractor; and

(d) Protect the Government against damage to adjoining property.

37.701-3 Payments and title.

Agencies must structure contracts to carefully balance payment terms and title rights to protect the Government's interests.

(a) Contracts for dismantling or demolition may be structured so that either the Government pays the contractor for performing the work, or the contractor pays the Government for the right to salvage and remove the resulting materials.

(b) The contracting officer must evaluate all salvageable property to determine its usefulness to the Government. When property is worth more to the Government than its salvage value to the contractor, the contract must specifically designate it for Government retention. For all other property, which the contractor will own, the contracting officer must determine its fair market value. This valuation affects both payment structure and any potential termination compensation.

37.701-4 Solicitation provisions and contract clauses.

(a) Insert the clause at 52.237-4, Payment by Government to Contractor, in solicitations and contracts solely for dismantling, demolition, or removal of improvements whenever the contracting officer determines that the Government must make payment to the contractor in addition to any title to property that the contractor may receive under the contract. If the contracting officer determines that all material resulting from the dismantling or demolition work is to be retained by the Government, use the basic clause with its Alternate I.

(b) Insert the clause at 52.237-5, Payment by Contractor to Government in solicitations and contracts for dismantling, demolition, or removal of improvements whenever the contractor is to receive title to dismantled or demolished property and a net amount of compensation is due to the Government, except if the contracting officer determines that it would be advantageous to the Government for the contractor to pay in increments and the Government to transfer title to the contractor for increments of property only upon receipt of those payments.

(c) Insert the clause at 52.237-6, Incremental Payment by Contractor to Government, in solicitations and contracts for dismantling, demolition, or removal of improvements if—

(1) The contractor is to receive title to dismantled or demolished property and a net amount of compensation is due the Government; and

(2) The contracting officer determines that it would be advantageous to the Government for the contractor to pay in increments (e.g., to encourage greater competition or participation of small business concerns), and for the Government to transfer title to the contractor for increments of property only upon receipt of those payments.

This page intentionally left blank.

Subpart 37.8 - Other Service Considerations

37.801 Definitions.

As used in this subpart—

Adjusted hourly rate (including uncompensated overtime) is the rate that results from multiplying the hourly rate for a 40-hour work week by 40, and then dividing by the proposed hours per week which includes uncompensated overtime hours over and above the standard 40-hour work week. For example, 45 hours proposed on a 40-hour work week basis at $20 per hour would be converted to an uncompensated overtime rate of $17.78 per hour ($20.00 × *40/45 = $17.78).*

Uncompensated overtime means the hours worked without additional compensation in excess of an average of 40 hours per week by direct charge employees who are exempt from the Fair Labor Standards Act. Compensated personal absences such as holidays, vacations, and sick leave must be included in the normal work week for purposes of computing uncompensated overtime hours.

37.802 Presolicitation

37.802-1 Uncompensated overtime.

Agencies must ensure solicitations do not incentivize the use of uncompensated overtime (10 U.S.C. 4507).

37.802-2 Services of quasi-military armed forces.

Agencies must not contract with organizations that offer quasi-military armed forces for hire, or with their employees, regardless of the contract's character (5 U.S.C. 3108). An organization providing guard or protective services is not considered a quasi-military armed force, even though the guards are armed or the organization provides general investigative or detective services.

37.802-3 Foreign national severance cost limitations.

(a) Part 31 specifies cost allowability limitations for severance payments to foreign nationals under service contracts outside the United States. However, agencies may waive or except the cost limitations in certain circumstances (see 10 U.S.C. 3744 and 41 U.S.C. 4304).

(b) Waivers.

(1) The head of the agency may waive such severance cost limitations when the contract—

(i) Provides significant support services for members of the armed forces stationed or deployed outside the United States; or

(ii) Provides significant support for employees of an executive agency posted outside the United States; and

(iii) The head of the agency determines the conditions outlined in 52.237-8(b) are present.

(2) Waivers cannot be granted if the severance is a result of the curtailment or termination of basing rights of the United States military at the request of the host government (see part 31).

(3) Waivers may only be granted prior to contract award.

(c) Applicability. The Secretary of Defense may determine that the cost allowability limitations on severance do not apply in military banking contracts (10 U.S.C. 3744(a)(13) and (14)).

37.802-4 Use of private sector temporaries.

(a) Agencies may hire temporary help service firms to provide workers for short-term or occasional needs (5 U.S.C. 3109). These arrangements are not considered personal services contracts. However, agencies cannot use temporary help to avoid normal Federal hiring processes or replace existing Federal employees.

(b) All temporary help contracts must comply with the requirements in 5 CFR part 300, subpart E, Use of Private Sector Temporaries, and agency procedures.

(c) Contracting officers should consult with cognizant civilian personnel offices for expertise when exercising this authority.

37.802-5 Solicitation provisions and contract clauses.

(a) Insert the provision at 52.237-1, Site Visit, in solicitations for services to be performed on Government installations, unless the solicitation is for construction.

(b) Insert the clause at 52.237-2, Protection of Government Buildings, Equipment, and Vegetation, in solicitations and contracts for services to be performed on Government installations, unless a construction contract is contemplated.

(c) Insert the clause at 52.237-3, Continuity of Services, in solicitations and contracts for services, when—

(1) The services under the contract are considered vital to the Government and must be continued without interruption and when, upon contract expiration, a successor, either the Government or another contractor, may continue them; and

(2) The Government anticipates difficulties during the transition from one contractor to another or to the Government. Examples of instances where use of the clause may be appropriate are services in remote locations or services requiring personnel with special security clearances.

(d) Insert the provision at 52.237-8, Restriction on Severance Payments to Foreign Nationals, in solicitations that meet the criteria in 37.802-3(b).

(e) Insert the clause at 52.237-9, Waiver of Limitation on Severance Payments to Foreign Nationals when the head of an agency has granted a waiver pursuant to 37.802-3(b).

(f) Insert the provision at 52.237-10, Identification of Uncompensated Overtime, in solicitations valued above the simplified acquisition threshold, for professional or technical services to be acquired on the basis of the level of effort rather than performance outcome required.

37.803 Evaluation and award.

37.803-1 Evaluating uncompensated overtime.

Agencies must ensure an offeror's use of uncompensated overtime will not degrade the level of technical expertise required to meet Government requirements. When offerors propose uncompensated overtime, contracting officers must assess potential risks posed, including by—

(a) Using adjusted hourly rates instead of standard hourly rates for all proposed hours;

(b) Reviewing whether unrealistically low labor rates or costs might lead to poor quality or inadequate service; and

(c) Examining whether uncompensated overtime is distributed unevenly across skill levels or concentrated in critical technical positions.

37.803-2 Funding and term of service contracts.

(a) Contracts funded by annual appropriations must not extend beyond the end of the fiscal year of the appropriation except when authorized (see part 32).

(b) The head of the agency may enter into a contract, exercise an option, or place an order under a contract for severable services for a period that begins in one fiscal year and ends in the next fiscal year if the period of the contract awarded, option exercised, or order placed does not exceed one year (10 U.S.C. 3133 and 41 U.S.C. 3902). Funds made available for a fiscal year may be obligated for the total amount of an action entered into under this authority.

(c) Agencies with statutory multiyear authority should consider the use of this authority to encourage and promote economical business operations when acquiring services.

PART 38 - RESERVED

This page intentionally left blank.

This page intentionally left blank.

PART 39 - ACQUISITION OF INFORMATION AND COMMUNICATION TECHNOLOGY

This page intentionally left blank.

39.001 Applicability.

(a) (1) This part applies to acquiring information and communication technology (ICT), and supplies and services that use ICT.

(2) This part emphasizes strategies that promote faster acquisition and secure deployment of technology that is new or emerging.

(b) This part does not apply to acquiring information technology for national security systems; as defined in 40 U.S.C. 11103

Subpart 39.1 - Presolicitation

39.101 Management of risk.

(a) Before entering into an information technology contract, agencies should analyze risks, benefits, and costs. Reasonable risk taking is appropriate as long as risks are controlled and mitigated.

(b) Both contracting and program office officials are responsible for assessing, monitoring and controlling risk throughout the acquisition process.

39.102 Modular contracting.

(a) Agencies should use modular contracting (i.e., use one or more contracts to acquire information technology systems in successive, interoperable increments) to acquire major systems of information technology, to the maximum extent possible (see 41 U.S.C. 2308). Agencies may also use modular contracting to acquire non-major systems of information technology.

(b) When acquiring an information technology system (i.e., either a major system or non-major system), it may be divided into several smaller increments (see 41 U.S.C. 2308(c)) that—

(1) Are easier to manage individually than would be possible in one comprehensive acquisition;

(2) Address complex information technology objectives incrementally to enhance the likelihood of achieving workable systems or solutions for attainment of those objectives;

(3) Provide for delivery, implementation, and testing of workable systems or solutions in discrete increments, each of which comprises a system or solution that is not dependent on any subsequent increment in order to perform its principal functions; and

(4) Provide an opportunity for subsequent increments to take advantage of any evolution in technology or needs that occur during implementation and use of the earlier increments.

(c) To promote compatibility, each increment should comply with common or commercially acceptable information technology standards when available and appropriate, and be compatible with other (including earlier and later) increments.

(d) When using modular contracting, agencies should, to the maximum extent possible—

(1) Award a contract for an increment within 180 days after the date on which the solicitation is issued. If an award cannot be made within 180 days, agencies should consider cancelling the solicitation in accordance with 14.209 or 15.206(e).

(2) Schedule deliveries under the contract to occur within 18 months after the solicitation was issued.

39.103 Information technology services.

When acquiring information technology services, solicitations should not describe any minimum experience or educational requirements for proposed contractor personnel, unless the contracting officer determines that the needs of the agency—

(a) Cannot be met without that requirement; or

(b) Require using other than a performance-based acquisition (see subpart 37.6).

39.104 ICT accessibility standards.

39.104-1 Scope.

(a) This section implements section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), and the Architectural and Transportation Barriers Compliance Board's (U.S. Access Board) ICT accessibility standards at 36 CFR 1194.1.

(b) For further information on section 508 visit http://www.section508.gov.

39.104-2 Policy.

When acquiring ICT, agencies must ensure that—

(a) Federal employees with disabilities have access to and use of information and data that is comparable to the access and use by Federal employees who are not individuals with disabilities; and

(b) Members of the public with disabilities seeking information or services from an agency have access to and use of information and data that is comparable to the access to and use of information and data by members of the public who are not individuals with disabilities.

39.104-3 Applicability.

(a) *General.* Unless an exception at 39.104-4 or an exemption at 39.104-5 applies, acquisitions for ICT supplies and services must meet the applicable ICT accessibility standards at 36 CFR 1194.1.

(b) *Commercial products and commercial services.* When acquiring commercial products and commercial services, an agency must comply with those ICT accessibility standards that can be met with supplies or services that are available in the commercial marketplace and that best address the agency's needs, but see 39.104-5(a)(3).

(c) *Legacy ICT.* Any component or portion of existing ICT (*i.e.,* ICT that was procured, maintained, or used on or before January 18, 2018) is not required to comply with the current ICT accessibility standards if it—

(1) Complies with an earlier standard issued according to section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), which is set forth in Appendix D to 36 CFR 1194.1); and

(2) Has not been altered (i.e., a change that affects interoperability, the user interface, or access to information or data) after January 18, 2018.

(d) *Alterations of legacy ICT.* When altering any component or portion of existing ICT, after January 18, 2018, the component or portion must be modified to conform to the current ICT accessibility standards in 36 CFR 1194.1.

39.104-4 Exceptions.

(a) The requirements in 39.104-2 do not apply to acquisitions for—

(1) *National security systems.* ICT operated by agencies as part of a national security system, as defined by 40 U.S.C. 11103(a);

(2) *Incidental contract items.* ICT acquired by a contractor incidental to a contract, *i.e.,* for in-house use by the contractor to perform the contract; or

(3) *Maintenance or monitoring spaces.* The portions of ICT that are operable parts (*i.e.,* hardware-based user controls for activating, deactivating, or adjusting ICT) or status indicators, and that are located in spaces frequented only by service personnel for maintenance, repair, or occasional monitoring of equipment.

(b) The contracting officer must receive, as a part of the requirements documentation, written confirmation from the requiring activity that an exception, in accordance with paragraph (a)(1), (2), or (3) of this section, applies to the ICT supply or service (see 7.105(b)(5)(iv)). This documentation must be maintained in the contract file.

39.104-5 Exemptions.

(a) Allowable exemptions. An agency may grant an exemption for the following:

(1) *Undue burden.* When an agency determines the acquisition of ICT conforming with all the applicable ICT accessibility standards would impose an undue burden on the agency, compliance with the ICT accessibility standards is only required to the extent that it would not impose an undue burden. In determining whether conformance to one or more ICT accessibility standards would impose an undue burden, an agency must consider the extent to which conformance would impose significant difficulty or expense considering the agency resources available to the program or component for which the ICT supply or service is being procured.

(2) *Fundamental alteration.* When an agency determines that acquisition of ICT that conforms with all applicable ICT accessibility standards would result in a fundamental alteration in the nature of the ICT, such acquisition is required to conform only to the extent that conformance will not fundamentally alter the nature of the ICT.

(3) *Nonavailability of conforming commercial products and commercial services.* Where there are no commercial products and commercial services that fully conform to the ICT accessibility standards, the agency must procure the supplies or service available in the commercial marketplace that best meets the ICT accessibility standards consistent with the agency's needs.

(b) *Alternative means of access.* An agency must provide individuals with disabilities access to and use of information and data by an alternative means to meet the identified needs when an exemption in paragraphs (a)(1), (2), or (3) of this section applies.

(c) *Documentation.* When an exemption applies, the contracting officer must obtain, as part of the requirements documentation, a written determination from the requiring activity explaining the basis for the exemption in paragraphs (a)(1), (2) or (3) of this section. Maintain this documentation in the contract file.

(1) *Undue burden.* A determination of undue burden must address why and to what extent compliance with applicable ICT accessibility standards constitutes an undue burden.

(2) *Fundamental alteration.* A determination of fundamental alteration must address the extent to which compliance with the applicable ICT accessibility standards would fundamentally alter the nature of the ICT.

(3) *Nonavailability of conforming commercial products and commercial services.* A determination of commercial products and commercial services nonavailability must include—

(i) A description of the market research performed;

(ii) A listing of the requirements that cannot be met; and

(iii) The rationale for determining that the ICT to be procured best meets the ICT accessibility standards in 36 CFR 1194.1, consistent with the agency's needs.

This page intentionally left blank.

Subpart 39.2 - Evaluation and Award

39.201 ICT accessibility standards for indefinite-quantity contracts.

(a) Confirming an exception (see 39.104-4) or determining an exemption (see 39.104-5) is not required before awarding of an indefinite-quantity contract, except for requirements that the initial award is to satisfy.

(b) The contract must identify which supplies and services the contractor indicates as compliant and show where to find full details of compliance (e.g., a contractor may provide a link to a vendor’s website identifying supplies or services that are fully compliant with ICT accessibility standards.

This page intentionally left blank.

Subpart 39.3 - Postaward

39.301 ICT accessibility standards for task orders or delivery orders.

When issuing a task order or delivery order under an indefinite-quantity contract, the requiring activity and ordering activity must ensure compliance with the ICT accessibility standards. For a noncompliant ICT item, the requiring activity must document an exception (see 39.104-5) or exemption (see 39.104-5).

This page intentionally left blank.

PART 40 - INFORMATION SECURITY AND SUPPLY CHAIN SECURITY

This page intentionally left blank.

40.000 Scope of part.

(a) This part addresses broad security requirements that apply to acquisitions of products and services. It outlines policies and procedures for managing information security and supply chain security when acquiring products and services that include, but are not limited to, information and communications technology (ICT).

(b) See parts 24 and 46 for more policies and procedures related to managing information security and supply chain security.

(c) Information and supply chain policies and procedures that are unrelated to security are covered in other parts of the FAR (*e.g.*, part 22 for labor and human trafficking risks).

40.001 Definition.

As used in this part—

Supply chain risk, as defined in 41 U.S.C. 4713(k), means the risk that any person may sabotage, maliciously introduce unwanted functionality, extract data, or otherwise manipulate the design, integrity, manufacturing, production, distribution, installation, operation, maintenance, disposition, or retirement of covered articles so as to surveil, deny, disrupt, or otherwise manipulate the function, use, or operation of the covered articles or information stored or transmitted on the covered articles.

Subpart 40.1 - Processing Supply Chain Risk Information

40.101 Definition.

As used in this subpart—

Supply chain risk information includes, but is not limited to, information that describes or identifies:

(1) Functionality and features of covered articles, including access to data and information system privileges;

(2) The user environment where a covered article is used or installed;

(3) The ability of a source to produce and deliver covered articles as expected;

(4) Foreign control of, or influence over, a source or covered article (e.g., foreign ownership, personal and professional ties between a source and any foreign entity, legal regime of any foreign country in which a source is headquartered or conducts operations);

(5) Implications to government mission(s) or assets, national security, homeland security, or critical functions associated with use of a covered source or covered article;

(6) Vulnerability of Federal systems, programs, or facilities;

(7) Market alternatives to the covered source;

(8) Potential impact or harm caused by the possible loss, damage, or compromise of a product, material, or service to an organization's operations or mission; and

(9) Likelihood of a potential impact or harm, or the possible exploitation of a system;

(10) Security, authenticity, and integrity of covered articles and their supply and compilation chains;

(11) Capacity to mitigate risks identified;

(12) Factors that may reflect upon the reliability of other supply chain risk information; and

(13) Any other considerations that would factor into analyzing the security, integrity, resilience, quality, trustworthiness, or authenticity of covered articles or sources.

40.102 Sharing supply chain risk information.

Executive agencies must share relevant supply chain risk information with the Federal Acquisition Security Council if the executive agency determines there is a reasonable basis to conclude a substantial supply chain risk associated with a source or covered article exists (see 41 CFR 201-1.201).

This page intentionally left blank.

Subpart 40.2 - Security Prohibitions and Exclusions

40.201 Definitions.

As used in this subpart—

American Security Drone Act-covered foreign entity means an entity included on a list developed and maintained by the Federal Acquisition Security Council (FASC) and published in the System for Award Management (SAM) at https://www.sam.gov (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (*e.g.*, connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (*e.g.*, fiber optic, coaxial cable, Ethernet).

Business operations means engaging in commerce in any form, including by acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means—

(1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;

(2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);

(3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or

(4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) that requires removing covered articles from executive agency information systems or excluding one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Federal Acquisition Security Council (FASC) means the Council established under 41 U.S.C. 1322(a).

Information technology, as defined in 40 U.S.C. 11101(6)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission,

or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following—

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within DoD for the collection of specialized national intelligence through reconnaissance programs;

(8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

(9) The Bureau of Intelligence and Research of the Department of State;

(10) The Office of Intelligence and Analysis of the Department of the Treasury;

(11) The Office of Intelligence and Analysis of the Department of Homeland Security; or

(12) Such other elements of any department or agency as may be designated by the President or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Kaspersky Lab-covered article means any hardware, software, or service that—

(1) Is developed or provided by a Kaspersky Lab-covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered entity.

Kaspersky Lab-covered entity means—

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab, including any change in name, *e.g.*, “Kaspersky”;

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

Marginalized populations of Sudan means—

(1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and

(2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

(1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or through another subsidiary of a parent corporation.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the national airspace system (49 U.S.C. 44801(12)).

40.202 Prohibitions.

Agencies are prohibited from contracting, including renewing or extending contracts, with contractors that operate, provide, and/or use certain products or services that violate any of the following prohibitions (see the clause at 52.240-91 for details regarding the scope of each prohibition and whether there are any exceptions, exemptions, or waiver possibilities):

(a) *TikTok/ByteDance.* Covered Application (Section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328));

(b) *Kaspersky.* Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91);

(c) *Drones.* Unmanned Aircraft Systems Manufactured or Assembled by American Security Drone Act—Covered Foreign Entities (American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024 (Pub. L. 118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.));

(d) *Telecommunications and Video Surveillance Equipment*. (Paragraphs (a)(1)(A) and (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232));

(e) *Governmentwide Exclusion Orders*. FASCSA orders (sections 1823 and 1826 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.);

(f) *Office of Foreign Assets Control (OFAC) Restrictions*. OFAC Restrictions (International Emergency Economic Powers Act (IEEPA) (50 U.S.C. 1701 et seq.));

(g) *Sudan Prohibition*. Accountability and Divestment Act of 2007 (Pub. L. 110-174); and

(h) *Iran Prohibitions*. Section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701 note) and section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note).

40.203 General Procedures.

40.203-1 Assessment of proposals.

Except where an exemption, exception, or waiver applies, the contracting officer should work with the program office or requiring activity to review proposals if needed to ensure they are not proposing delivery of a product or service in violation of the prohibitions in FAR 40.202, such as a FASC-prohibited unmanned aircraft system (drone).

40.203-2 Disclosures.

If the offeror submits a disclosure according to FAR 52.240-90, the contracting officer must follow agency procedures to determine if an exception or exemption applies with any prohibition, or if a waiver may be applicable in accordance with 40.203-3.

40.203-3 Waivers.

(a) An acquisition may be either fully or partially covered by a waiver. Partial waiver coverage occurs when only portions of the products or services being procured or provided by a source are covered by an applicable waiver. If the requiring activity notifies the contracting officer that the acquisition is partially covered by an approved individual waiver or class waiver, then the contracting officer must work with the program office or requiring activity to identify in the solicitation, request for quotation, or order the products or services that are subject to the waiver.

(b) The contracting officer, in accordance with agency procedures, must decide whether to pursue a waiver or to make award to an offeror that does not require a waiver. If a full or partial waiver is being pursued, then the contracting officer may not make an award until written approval is obtained that the waiver has been granted.

40.203-4 Reporting requirements.

If a contractor submits a report according to the clause at 52.240-91, the contracting officer must follow agency procedures to determine if an exception or exemption applies with any prohibition, or if a waiver may be applicable in accordance with 40.203-3.

40.204 Specific Procedures.

40.204-1 Procedures on FASCSA orders.

(a) *Identifying applicable FASCSA orders*. Whether FASCSA orders apply to a particular acquisition depends on the contracting office's agency, the scope of the FASCSA order, the funding, and whether the requirement involves certain types of information systems (see the definition of "FASCSA order" at 40.201). The contracting officer must coordinate with the program office or requiring activity to identify the FASCSA order(s) that apply to the acquisition as follows:

(1) Unless the program office or requiring activity instructs the contracting officer otherwise, FASCSA orders apply as follows:

(i) Contracts awarded by civilian agencies will be subject to DHS FASCSA orders.

(ii) Contracts awarded by DoD will be subject to DoD FASCSA orders. See paragraph (e)(1) of 52.240-91, Security Prohibitions and Exclusions.

(2) For acquisitions where the program office or the requiring activity instructs the contracting officer to select specific types of FASCSA orders, the contracting officer must select "yes" or "no" for each applicable type of FASCSA order. See paragraph (e)(1) of 52.240-91, Security Prohibitions and Exclusions, with its Alternate I.

(b) *Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts specific procedures.*

(1) Applying FASCSA orders. An agency awarding this type of contract must apply FASCSA orders to the basic contract award. Ordering activity contracting officers may use this contract vehicle without taking further steps to identify applicable FASCSA orders in the order. The contracting officer awarding the basic contract would select "yes" for all FASCSA orders (i.e., "DHS FASCSA Order" "DoD FASCSA Order" and "DNI FASCSA Order") (see paragraph (e)(1) of 52.240-91, Security Prohibitions and Exclusions, with its Alternate I). If the contracting officer becomes aware of a newly issued applicable FASCSA order, then the agency awarding the basic contract must modify the basic contract to remove any covered article, or any products or services produced or provided by a source, prohibited by the newly issued FASCSA order.

(2) Interagency acquisitions. For an interagency acquisition (see subpart 17.5) where the funding agency differs from the awarding agency, the funding agency must determine the applicable FASCSA orders.

(c) *Updating the solicitation or contract for new FASCSA orders*. The contracting officer must update a solicitation or contract if the program office or requiring activity determines it needs to:

(1) Amend the solicitation to include FASCSA orders in effect after the date the solicitation was issued but before contract award; or

(2) Modify the contract to include FASCSA orders issued after the date of contract award.

(i) Any such modification should take place within a reasonable amount of time, but no later than 6 months from the program office or requiring activity's determination.

(ii) If the contract is not modified within the time specified in paragraph (c)(2)(i) of this section, then the contract file must be documented giving the reason why the contract could not be modified within this timeframe.

(d) *Agency specific procedures*. The contracting officer must follow agency procedures for implementing FASCSA orders not identified in SAM.

(e) *Waivers*.

(1) An executive agency required to comply with a FASCSA order may submit a request that the order or some of its provisions not apply to—

(i) The agency;

(ii) Specific actions of the agency or a specific class of acquisitions;

(iii) Actions of the agency for a period of time before compliance with the order is practicable; or

(iv) Other activities, as appropriate, that the requesting agency identifies.

(2) A request for waiver must be submitted by the executive agency in writing to the official that issued the order, unless other instructions for submission are provided by the applicable FASCSA order.

(3) The request for waiver must provide the following information for the issuing official to review and evaluate the request, including—

(i) Identification of the applicable FASCSA order;

(ii) A description of the exception sought, including, if limited to only a portion of the order, a description of the order provisions from which an exception is sought;

(iii) The name or a description sufficient to identify the covered article or the product or service provided by a source that is subject to the order from which an exception is sought;

(iv) Compelling justification for why an exception should be granted, such as the impact of the order on the agency's ability to fulfill its mission-critical functions, or considerations related to the national interest, including national security reviews, national security investigations, or national security agreements;

(v) Any alternative mitigations to be undertaken to reduce the risks addressed by the FASCSA order; and

(vi) Any other information requested by the issuing official.

40.204-2 Procedures on contracting for certain telecommunications and video surveillance services or equipment.

Identifying covered telecommunications equipment or services.

(a) Prohibitions on purchasing equipment, systems, or services produced or provided by entities identified in paragraphs (1) and (2) of the definition of "covered telecommunications equipment or services" (including known subsidiaries or affiliates) at 40.201 will be recorded in SAM (see 9.404).

(b) Prohibitions on purchasing equipment, systems, or services produced or provided by entities identified in paragraph (4) of the definition of "covered telecommunications equipment or services" (including known subsidiaries or affiliates) at 40.201 are recorded by DoD in SAM (see 9.404).

40.204-3 Procedures on Sudan Prohibition.

(a) *Waivers*.

(1) The President may waive the certification within the provision at 52.240-90(e) on a case-by-case basis if the President determines and certifies in writing to the appropriate congressional committees that it is in the national interest to do so.

(2) An agency seeking waiver of the requirement must submit the request to the Administrator of the Office of Federal Procurement Policy (OFPP), allowing sufficient time for review and approval. Upon receipt of the waiver request, OFPP must consult with the President's National Security Council and the Department of State to assess foreign policy aspects of making a national interest recommendation

(3) Agencies may request a waiver on an individual or class basis; however, waivers are not indefinite and can be cancelled if warranted.

(i) A class waiver may be requested only when the class of supplies is not available from any other source and it is in the national interest.

(ii) Prior to submitting the waiver request, the request must be reviewed and cleared by the agency head.

(iii) All waiver requests must include the following information:

(A) Agency name and point of contact name, telephone number, and email address;

(B) Offeror's name, complete mailing address, and point of contact name, telephone number, and email address;

(C) Description/nature of product or service;

(D) The total price and length of the contract;

(E) Justification, with market research demonstrating that no other offeror can provide the product or service and stating why the product or service must be procured from this offeror, as well as why it is in the national interest for the President to waive the prohibition on contracting with this offeror that conducts restricted business operations in Sudan, including consideration of foreign policy aspects identified in consultation(s) pursuant to 40.204-3(a)(2);

(F) Documentation regarding the offeror's past performance and integrity;

(G) Information regarding the offeror's relationship or connection with other firms that conduct prohibited business operations in Sudan; and

(H) Any humanitarian efforts engaged in by the offeror, the human rights impact of doing business with the offeror for which the waiver is requested, and the extent of the offeror's business operations in Sudan.

(4) The consultation in 40.204-3(a)(2) and the information in 40.204-3(a)(3)(iii) will be considered in determining whether to recommend that the President waive the certification within the provision at 52.240-90(e). In accordance with section 6(c) of the Sudan Accountability and Divestment Act of 2007, OFPP will semiannually submit a report to Congress, on April 15th and October 15th, on the waivers granted.

(b) Remedies. Upon the determination of a false certification within the provision at 52.240-90(e)—

(1) The contracting officer may terminate the contract;

(2) The suspending and debarring official may suspend the contractor in accordance with the procedures in part 9; and

(3) The suspending and debarring official may debar the contractor for a period not to exceed 3 years in accordance with the procedures in part 9.

40.204-4 Procedures on Iran Prohibitions.

(a) *Waivers*.

(1) An agency seeking a waiver of the representation and certifications in the provision at 52.240-90(f) or the prohibition in the clause at 52.240-91(d)(4), consistent with section 6(b)(5) of the Iran Sanctions Act or 22 U.S.C. 8551(b), respectively, and the Presidential Memorandum of September 23, 2010 (75 FR 67025), must submit the request to the Office of Federal Procurement Policy, allowing sufficient time for review and approval.

(2) Agencies may request a waiver on an individual or class basis; however, waivers are not indefinite and can be cancelled, if warranted.

(i) A class waiver may be requested only when the class of supplies or equipment is not available from any other source and it is in the national interest.

(ii) Prior to submitting the waiver request, the request must be reviewed and cleared by the agency head.

(3) In general, all waiver requests should include the following information:

(i) Agency name and point of contact name, telephone number, and email address.

(ii) Offeror's name, complete mailing address, and point of contact name, telephone number, and email address.

(iii) Description/nature of product or service.

(iv) The total price and length of the contract.

(v) Justification, with market research demonstrating that no other offeror can provide the product or service and stating why the product or service must be procured from this offeror.

(A) If the offeror exports sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran, provide rationale why it is in the national interest for the President to waive the prohibition on contracting with this offeror, as required by 22 U.S.C. 8551(b).

(B) If the offeror conducts activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act or engages in any transaction that exceeds the certification transaction threshold within the provision at 52.240-90(f)(1)(iii) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act, provide rationale why it is essential to the national security interests of the United States for the President to waive the prohibition on contracting with this offeror, as required by section 6(b)(5) of the Iran Sanctions Act.

(vi) Documentation regarding the offeror's past performance and integrity.

(vii) Information regarding the offeror's relationship or connection with other firms that—

(A) Export sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(B) Conduct activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act; or

(C) Conduct any transaction that exceeds the certification transaction threshold within the provision at 52.240-90(f)(1)(iii) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act.

(viii) Describe —

(A) The sensitive technology and the entity or individual to which it was exported (i.e., the government of Iran or an entity or individual owned or controlled by, or acting on behalf or at the direction of, the government of Iran);

(B) The activities in which the offeror is engaged for which sanctions may be imposed under section 5 of the Iran Sanctions Act; or

(C) The transactions that exceed the certification transaction threshold within the provision at 52.240-90(f)(1)(iii) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act.

(b) Remedies. Upon the determination of a false certification within the provision at 52.240-90(f)(1)(ii) or at 52.240-90(f)(1)(iii), the agency must take one or more of the following actions:

(1) The contracting officer terminates the contract in accordance with procedures in part 49, or for commercial products and commercial services, see part 12.

(2) The suspending and debarring official suspends the contractor in accordance with the procedures in part 9.

(3) The suspending and debarring official debars the contractor for a period of at least two years in accordance with the procedures in part 9.

40.205 Solicitation provision and contract clause.

(a) Insert the provision at 52.240-90, Security Prohibitions and Exclusions Representations and Certifications, in all solicitations.

(b) Except as prescribed in paragraph (c), insert the clause at 52.240-91, Security Prohibitions and Exclusions, in all solicitations and contracts.

(c) Insert the clause with its Alternate I in-

(1) Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts; and

(2) Where the program office or the requiring activity instructs the contracting officer to select specific types of FASCSA orders.

This page intentionally left blank.

Subpart 40.3 - Safeguarding Information

40.300 Scope.

(a) This subpart provides policies and procedures for safeguarding classified information and Federal contract information.

(b) Part 27, Patents, Data, and Copyrights, contains policy and procedures for safeguarding classified information in patent applications and patents.

40.301 Definitions.

As used in this subpart—

Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information provided by the Government to the public (such as that on public Web sites) or simple transactional information, such as that necessary to process payments.

Information means any communication or representation of knowledge such as facts, data, or opinions in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

Safeguarding means measures or controls that are prescribed to protect information systems.

40.302 Safeguarding classified information within industry.

40.302-1 National industrial security program.

This section provides policies and procedures to implement the National Industrial Security Program according to Executive Order 12829, January 6, 1993 (58 FR 3479, January 8, 1993), titled "National Industrial Security Program" (NISP). Executive Order 12829 amends Executive Order 10865, February 20, 1960 (25 FR 1583, February 25, 1960), entitled "Safeguarding Classified Information Within Industry," as amended by Executive Order 10909, January 17, 1961 (26 FR 508, January 20, 1961). This program safeguards Federal Government classified information. The following publications implement the program:

(a) *National Industrial Security Program Operating Manual* (NISPOM) (32 CFR part 117).

(b) DoD Manual 5220.22, Volume 2, National Industrial Security Program: Industrial Security Procedures for Government Activities.

40.302-2 Responsibilities of contracting officers.

(a) Review all proposed solicitations to determine whether offerors or contractors may require access to classified information.

(b) Nondefense agencies that have industrial security services agreements with the Department of Defense (DoD) and DoD components must use the Contract Security Classification Specification, DD Form 254. The contracting officer or authorized agency representative is the approving official for the DD Form 254 associated with the prime contract and must ensure the DD Form 254 is properly prepared, distributed by and coordinated with requirements and security personnel, according to agency procedures.

40.302-3 Contract clause.

(a) Insert the clause at 52.240-92, Security Requirements, in solicitations and contracts when the contract may require access to classified information.

(b) If a cost contract for research and development with an educational institution is considered, use the clause with its Alternate I.

(c) If a construction or architect-engineer contract where employee identification is required for security reasons is being considered, use the clause with its Alternate II.

40.303 Basic safeguarding of covered contractor information systems.

40.303-1 Applicability.

This section applies to all acquisitions, including acquisitions of commercial products or commercial services, other than commercially available off-the-shelf items, when a contractor's information system may contain Federal contract information.

40.303-2 Contract clause.

Insert the clause at 52.240-93, Basic Safeguarding of Covered Contractor Information Systems, in solicitations and contracts when the contractor or a subcontractor at any tier may have Federal contract information residing in or moving through its information system.

PART 41 - ACQUISITION OF UTILITY SERVICES

This page intentionally left blank.

Subpart 41.1 - General

41.100 Scope of part.

This part prescribes policies, procedures, and contract format for the acquisition of utility services.

41.101 Definitions.

As used in this part,

Areawide contract means a contract entered into between the General Services Administration (GSA) and a utility service supplier to cover utility service needs of Federal agencies within the franchise territory of the supplier. Each areawide contract includes an "Authorization" form for requesting service, connection, disconnection, or change in service.

Authorization means the document executed by the ordering agency and the utility supplier to order service under an areawide contract.

Connection charge means all nonrecurring costs, whether refundable or nonrefundable, to be paid by the Government to the utility supplier for the required connecting facilities, which are installed, owned, operated, and maintained by the utility supplier (see Termination liability).

Federal Power and Water Marketing Agency means a Government entity that produces, manages, transports, controls, and sells electrical and water supply service to customers.

Franchise territory means a geographical area that a utility supplier has a right to serve based upon a franchise, a certificate of public convenience and necessity, or other legal means.

Intervention means action by GSA or a delegated agency to formally participate in a utility regulatory proceeding on behalf of all Federal executive agencies.

Rates may include rate schedules, riders, rules, terms and conditions of service, and other tariff and service charges, e.g., facilities use charges.

Separate contract means a utility services contract (other than a GSA areawide contract, an Authorization under an areawide contract, or an interagency agreement) to cover the acquisition of utility services.

Termination liability means a contingent Government obligation to pay a utility supplier the unamortized portion of a connection charge and any other applicable nonrefundable service charge as defined in the contract in the event the Government terminates the contract before the cost of connection facilities has been recovered by the utility supplier (see "Connection charge").

Utility service includes, but is not limited to, a continuous service such as furnishing electricity, natural or manufactured gas, water, sewerage, thermal energy, chilled water, steam, hot water, or high temperature hot water for use in the United States. Utility services does not include: any of the above when purchased for use in a foreign country, broadband internet, non-broadcast television, telecommunications services, information technology services, acquisitions of natural or manufactured gas when not purchased as utility services (i.e., when purchased as commodities), or acquisitions of rights in real property, acquisitions of public utility facilities, and on-site equipment needed for the facility's own distribution system, or construction/maintenance of Government-owned equipment and real property.

41.102 Applicability.

(a) Except as provided in paragraph (b) of this section, this part applies to the acquisition of utility services for the Government, including connection charges and termination liabilities.

(b) This part does not apply to—

(1) Utility services produced, distributed, or sold by another Federal agency. In those cases, agencies must use interagency agreements;

(2) Utility services obtained by purchase, exchange, or otherwise by a Federal power or water marketing agency incident to that agency's marketing or distribution program; or

(3) Third party financed shared-savings projects authorized by 42 U.S.C. 8287. However, agencies may utilize part 41 for any energy savings or purchased utility service directly resulting from implementation of a third party financed shared-savings project under 42 U.S.C. 8287 for periods not to exceed 25 years.

41.103 Statutory and delegated authority.

(a) *Statutory authority.* (1) The General Services Administration (GSA) is authorized by 40 U.S.C. 501 to prescribe policies and methods governing the acquisition and supply of utility services for Federal agencies. This authority includes related functions such as managing public utility services and representing Federal agencies in proceedings before Federal and state regulatory bodies. GSA is authorized by 40 U.S.C. 501 to contract for utility services for periods not exceeding ten years.

(2) The Department of Defense (DOD) is authorized by 10 U.S.C. 3201(a) , and 40 U.S.C. 113(e)(3) to acquire utility services for military facilities.

(3) The Department of Energy (DOE) is authorized by the Department of Energy Organization Act (42 U.S.C. 7251, *et seq.*) to acquire utility services. DOE is authorized by the Atomic Energy Act of 1954, as amended (42 U.S.C. 2204), to enter into new contracts or modify existing contracts for electric services for periods not exceeding 25 years for uranium enrichment installations.

(b) *Delegated authority.* GSA has delegated its authority to enter into utility service contracts for periods not exceeding ten years to DOD and DOE, and for connection charges only, to the Department of Veteran Affairs. Contracting pursuant to this delegated authority must be consistent with the requirements of this part. Other agencies requiring utility service contracts for periods over one year, but not exceeding ten years, may request a delegation of authority from GSA at utilities@gsa.gov. In keeping with its statutory authority, GSA will, as necessary, conduct reviews of delegated agencies' acquisitions of utility services to ensure compliance with the terms of the delegation and applicable laws and regulations.

(c) Requests for delegations of contracting authority from GSA must include a certification from the acquiring agency's Senior Procurement Executive that the agency has—

(1) An established acquisition program;

(2) Personnel technically qualified to deal with specialized utilities problems; and

(3) The ability to accomplish its own pre-award contract review.

Subpart 41.2 - Acquiring Utility Services

41.201 Policy.

(a) Subject to paragraph (d) of this section, it is the policy of the Federal Government that agencies obtain required utility services from sources of supply which are most advantageous to the Government in terms of economy, efficiency, reliability, or service.

(b) Except for acquisitions at or below the simplified acquisition threshold, agencies must acquire utility services by a bilateral written contract, which must include the clauses required by 41.501, regardless of whether rates or terms and conditions of service are fixed or adjusted by a regulatory body. Agencies may not use the utility supplier's forms and clauses to avoid the inclusion of provisions and clauses required by 41.501 or by statute.

(d) (1) Section 8093 of the Department of Defense Appropriations Act of 1988, Pub. L. 100-202, provides that none of the funds appropriated by that Act or any other Act with respect to any fiscal year by any department, agency, or instrumentality of the United States, may be used for the purchase of electricity by the Government in any manner that is inconsistent with state law governing the providing of electric utility service, including state utility commission rulings and electric utility franchises or service territories established pursuant to state statute, state regulation, or state-approved territorial agreements.

(2) The Act does not preclude—

(i) The head of a Federal agency from entering into a contract pursuant to 42 U.S.C.8287 (which pertains to the subject of shared energy savings including cogeneration);

(ii) The Secretary of a military department from entering into a contract pursuant to 10 U.S.C. 2922a (which pertains to contracts for energy or fuel for military installations including the provision and operation of energy production facilities); or

(iii) The Secretary of a military department from purchasing electricity from any provider when the utility or utilities having applicable state-approved franchise or other service authorizations are found by the Secretary to be unwilling or unable to meet unusual standards for service reliability that are necessary for purposes of national defense.

(3) Additionally, the head of a Federal agency may—

(i) Consistent with applicable state law, enter into contracts for the purchase or transfer of electricity to the agency by a non-utility, including a qualifying facility under the Public Utility Regulatory Policies Act of 1978;

(ii) Enter into an interagency agreement, pursuant to 41.206 and 17.5, with a Federal power marketing agency or the Tennessee Valley Authority for the transfer of electric power to the agency; and

(iii) Enter into a contract with an electric utility under the authority or tariffs of the Federal Energy Regulatory Commission.

(e) Prior to acquiring electric utility services on a competitive basis, the contracting officer must determine, with the advice of legal counsel, by a market survey or any other appropriate means, *e.g.* consultation with the state agency responsible for regulating public utilities, that such competition would not be inconsistent with state law governing the provision of electric utility service, including state utility commission rulings and electric utility franchises or service territories established pursuant to state statute, state regulation, or state-approved territorial agreements. Proposals from alternative electric suppliers must provide a representation that service can be provided in a manner consistent with section 8093 of Public Law 100-202 (see 41.201(c)).

41.202 Procedures.

(a) Agencies must conduct market surveys and perform acquisition planning in order to promote and provide for full and open competition provided that the contracting officer determines that any resultant contract would not be inconsistent with applicable state law governing the provision of electric utility services. If competition for an entire utility service is not available, the market survey may be used to determine the availability of competitive sources for certain portions of the requirement. The scope of the term "entire utility service" includes the provision of the utility service capacity, energy, water, sewage, transportation, standby or back-up service, transmission and/or distribution service, quality assurance, system reliability, system operation and maintenance, metering, and billing.

(b) In performing a market survey, the contracting officer must consider, in addition to alternative competitive sources, use of the following:

(1) GSA areawide contracts;

(2) Separate contracts; and

(3) Interagency agreements.

(c) When a utility supplier refuses to execute a tendered contract, the agency must obtain a written definite and final refusal signed by a corporate officer or other responsible official of the supplier (or if unobtainable, document any unwritten refusal), and transmit this document, along with statements of the reasons for the refusal and the record of negotiations, to GSA at utilities@gsa.gov. Unless urgent and compelling circumstances exist, the contracting officer must notify GSA prior to acquiring utility services without executing a tendered contract. After such notification, the agency may proceed with the acquisition and pay for the utility service under the provisions of31 U.S.C. 1501(a)(8)—

(1) By issuing a purchase order; or

(2) By ordering the necessary utility service and paying for it upon the presentation of an invoice, provided that a determination is approved by the head of the contracting activity that a written contract cannot be obtained and that the issuance of a purchase order is not feasible.

(d) When obtaining service without a bilateral written contract, the contracting officer must establish a utility history file on each acquisition of utility service provided by a contractor. This utility history file must contain the following information:

(1) The unsigned, tendered contract and any related letter of transmittal.

(2) The reasons stated by the utility supplier for not executing the tendered contract, the record of negotiations, and a written definite and final refusal by a corporate officer or other responsible official of the supplier (or if unobtainable, documentation of unwritten refusal).

(3) Services to be furnished and the estimated annual cost.

(4) Historical record of any applicable connection charges.

(5) Historical record of any applicable ongoing capital credits.

(6) A copy of the applicable rate schedule.

(e) If the Government obtains utility service pursuant toparagraph (c) of this section, on an annual basis beginning from the date of final refusal, take action to execute a bilateral written contract. The contracting officer must document the utility history file with the efforts made and the agency must notify GSA, in writing at utilities@gsa.gov, if the utility continues to refuse to execute a bilateral contract.

41.203 GSA assistance.

(a) GSA will, upon request, provide technical and acquisition assistance, or will delegate its contracting authority for the furnishing of the services described in this part for any Federal agency, mixed-ownership Government corporation, the District of Columbia, the Senate, the House of Representatives, or the Architect of the Capitol and any activity under the Architect's direction.

(b) Agencies, seeking assistance must provide upon request by GSA the information listed in 41.301.

41.204 GSA areawide contracts.

(a) *Purpose.* GSA enters into areawide contracts for use by Federal agencies. Areawide contracts provide a pre-established contractual vehicle for ordering utility services under the conditions inparagraph (c)(1) of this section.

(b) *Features.*

(1) Areawide contracts generally provide for ordering utility service at rates approved and/or established by a regulatory body and published in a tariff or rate schedule. However, agencies are permitted to negotiate other rates and terms and conditions of service with the supplier (seeparagraph (c) of this section). Rates other than those published may require the approval of the regulatory body.

(2) Areawide contracts are negotiated with utility service suppliers for the provision of service within the supplier's franchise territory or service area.

(3) Due to the regulated nature of the utility industry, as well as statutory restrictions associated with the procurement of electricity, competition is typically not available within the entire geographical area covered by an areawide contract, although it may be available at specific locations within the utility's service area. When competing suppliers are available, the provisions ofparagraph (c)(1) of this section apply.

(c) *Procedures for obtaining service.*

(1) Any Federal agency having a requirement for utility services within an area covered by an areawide contract must acquire services under that areawide contract unless—

(d) Service is available from more than one supplier; or

(e) The head of the contracting activity or designee otherwise determines that use of the areawide contract is not advantageous to the Government. If service is available from more than one supplier, service must be acquired using competitive acquisition procedures. The determination required byparagraph (c)(1)(ii) of this section must be documented in the contract file with an information copy furnished to GSA at utilities@gsa.gov.

(1) Each areawide contract includes an authorization form for ordering service, connection, disconnection, or change in service. Upon execution of an authorization by the contracting officer and utility supplier, the utility supplier is required to furnish services, without further negotiation, at the current, applicable published or unpublished rates, unless other rates, and/or terms and conditions are separately negotiated by the Federal agency with the supplier.

(2) The contracting officer must execute the authorization, and attach it to a Standard Form (SF) 26, Award/Contract, along with any modifications such as connection charges, special facilities, or service arrangements. The contracting officer must also attach any specific fiscal, operational, and administrative requirements of the agency, applicable rate schedules, technical information and detailed maps or drawings of delivery points, details on Government ownership, maintenance, or repair of facilities, and other information deemed necessary to fully define the service conditions in the authorization/contract.

(f) *Notification.* Agencies must provide a copy of each SF 26 and executed authorization issued under an areawide contractto GSA at utilities@gsa.gov within 30 days after execution.

41.205 Separate contracts.

(a) In the absence of an areawide contract or interagency agreement, agencies must acquire utility services by separate contract subject to this part, and subject to agency contracting authority.

(b) If an agency enters into a separate contract, the contracting officer must document the contract file with the following information:

(1) The number of available suppliers.

(2) Any special equipment, service reliability, or facility requirements and related costs.

(3) The utility supplier's rates, connection charges, and termination liability.

(4) Total estimated contract value (including costs in paragraphs (b)(2) and (3) of this subsection).

(5) Any technical or special contract terms required.

(6) Any unusual characteristics of services required.

(c) If requesting GSA assistance with a separate contract, the requesting agency must furnish the technical and acquisition data specified in 41.205(b), 41.301, and such other data as GSA may deem necessary.

(d) A contract exceeding a 1-year period, but not exceeding tenyears (except pursuant to 41.103), may be justified, and is usually required, where any of the following circumstances exist:

(1) The Government will obtain lower rates, larger discounts, or more favorable terms and conditions of service.

(2) A proposed connection charge, termination liability, or any other facilities charge to be paid by the Federal Government will be reduced or eliminated.

(3) The utility service supplier refuses to render the desired service except under a contract exceeding a 1-year period.

41.206 Interagency agreements.

Agencies must use interagency agreements (*e.g.*, consolidated purchase, joint use, or cross-service agreements) when acquiring utility service or facilities from other Government agencies.

This page intentionally left blank.

Subpart 41.3 - Requests for Assistance

41.301 Requirements.

(a) Requests for delegations of GSA contracting authority, assistance with a proposed contract, and the submission of other information required by this part, must be sent or submitted to GSA at utilities@gsa.gov.

(b) Requests for contracting assistance for utility services must be sent not later than 120 days prior to the date new services are required to commence or an existing contract will expire. Requests for assistance must contain the following information:

(1) A technical description or specification of the type, quantity, and quality of service required, and a delivery schedule.

(2) A copy of any service proposal or proposed contract.

(3) Copies of all current published or unpublished rates of the utility supplier.

(4) Identification of any unusual factors affecting the acquisition.

(5) Identification of all available sources or methods of supply, an analysis of the cost effectiveness of each, and a statement of the ability of each source to provide the required services, including the location and a description of each available supplier's facilities at the nearest point of service, and the cost of providing or obtaining necessary backup and other ancillary services.

(c) For new utility service requirements, the agency must furnish the information inparagraph (a) of this section and the following as applicable:

(1) The date initial service is required.

(2) For the first 12 months of full service, estimated maximum demand, monthly consumption, other pertinent information (*e.g.*, demand side management, load or energy management, peak shaving, on site generation, load shaping), and annual cost of the service.

(3) Known or estimated time schedule for growth to ultimate requirements.

(4) Estimated ultimate maximum demand and ultimate monthly consumption.

(5) A simple schematic diagram or line drawing showing the meter locations, the location of the new utility facilities to be constructed on Federal property by the Federal agency, and any required new connection facilities on either side of the delivery point to be constructed by the utility supplier to provide the new services.

(6) Accounting and appropriation data to cover the required utility services and any connection charges required to be paid by the agency receiving such utility services.

(7) The following data concerning proposed facilities and related charges or costs:

(d) Proposed refundable or nonrefundable connection charge, termination liability, or other facilities charge to be paid by the agency, together with a description of the supplier's proposed facilities and estimated construction costs, and its rationale for the charge (*e.g.*, tariff provisions or policies).

(e) A copy of the acquiring agency's estimate to make its own connection to the supplier's facilities through use of its own resources or by separate contract. When feasible, the acquiring agency must provide its estimates to construct and operate its own utility facilities in lieu of participating in a cost-sharing construction program with the proposed utility supplier.

(f) For existing utility service, the agency must furnish GSA the information in paragraph (b) of this section and the following, as applicable:

(1) A copy of the most recent 12-months' service invoices.

(2) A tabulation, by month, for the most recent 12 months, showing the actual utility demands, consumption, connection charges, fuel adjustment charges, and the average monthly cost per unit of consumption.

(3) An estimate, by month, for the next 12 months, showing the estimated maximum demands, monthly consumption, other pertinent information (*e.g*., demand side management, load or energy management, peak shaving, on site generation, load shaping), and annual cost of the service.

(4) Accounting and appropriation data to cover the costs for the continuation of utility services.

(5) A statement noting whether the transformer, or other system components, on either side of the delivery point are owned by the Federal agency or the utility supplier, and if the metering is on the primary or secondary side of the transformer.

This page intentionally left blank.

Subpart 41.4 - Administration

41.401 Monthly and annual review.

Agencies must review utility service invoices on a monthly basis and all utility accounts, with annual values exceeding the simplified acquisition threshold, on an annual basis. Annual reviews of accounts with annual values at or below the simplified acquisition threshold must be conducted when deemed advantageous to the Government. The purpose of the monthly review is to ensure the accuracy of utility service invoices. The purpose of the annual review is to ensure that the utility supplier is furnishing the services to each facility under the utility's most economical, applicable rate and to examine competitive markets for more advantageous service offerings. The annual review must be based upon the facility's usage, conditions and characteristics of service at each individual delivery point for the most recent 12 months. If a more advantageous rate is appropriate, the Federal agency must request the supplier to make such rate change immediately.

41.402 Rate changes and regulatory intervention.

(a) When a change is proposed to rates or terms and conditions of service to the Government, the agency must promptly determine whether the proposed change is reasonable, justified, and not discriminatory.

(b) If a change is proposed to rates or terms and conditions of service that may be of interest to other Federal agencies, and intervention before a regulatory body is considered justified, the matter must be referred to GSA. The agency may request from GSA a delegation of authority for the agency to intervene on behalf of the consumer interests of the Federal executive agencies.

(c) Pursuant to 52.241-7, Change in Rates or Terms and Conditions of Service for Regulated Services, if a regulatory body approves a rate change, any rate change must be made a part of the contract by unilateral contract modification or otherwise documented in accordance with agency procedures. The approved applicable rate must be effective on the date determined by the regulatory body and resulting rates and charges must be paid promptly to avoid late payment provisions. Copies of the modification containing the approved rate change must be sent to the agency's paying office or office responsible for verifying billed amounts.

(d) If the utility supplier is not regulated and the rates, terms, and conditions of service are subject to negotiation pursuant to the clause at 52.241-8, Change in Rates or Terms and Conditions of Service for Unregulated Services, any rate change must be made a part of the contract by contract modification, with copies sent to the agency's paying office or office responsible for verifying billed amounts.

This page intentionally left blank.

Subpart 41.5 - Solicitation Provision and Contract Clauses

41.501 Solicitation provision and contract clauses.

(a) Because the terms and conditions under which utility suppliers furnish service may vary from area to area, the differences may influence the terms and conditions appropriate to a particular utility's contracting situation. To accommodate requirements that are peculiar to the contracting situation, this section prescribes provisions and clauses on a "substantially the same as" basis which permits the contracting officer to prepare and utilize variations of the prescribed provision and clauses in accordance with agency procedures.

(b) Insert a provision substantially the same as the provision at 52.241-1, Electric Service Territory Compliance Representation, when proposals from alternative electric suppliers are sought.

(c) Insert in solicitations and contracts for utility services clauses substantially the same as the clauses at—

(1) 52.241-2, Order of Precedence—Utilities;

(2) 52.241-3, Scope and Duration of Contract;

(3) 52.241-4, Change in Class of Service;

(4) 52.241-5, Contractor's Facilities; and

(5) 52.241-6, Service Provisions.

(d) Insert clauses substantially the same as the clauses listed below in solicitations and contracts under the prescribed conditions—

(1) 52.241-7, Change in Rates or Terms and Conditions of Service for Regulated Services, when the utility services are subject to a regulatory body. (Except for GSA areawide contracts, insert in the blank space provided in the clause the name of the contracting officer. For GSA areawide contracts, the contracting officer must insert the following: "GSA and each areawide customer with annual billings that exceed $250,000.")

(2) 52.241-8, Change in Rates or Terms and Conditions of Service for Unregulated Services, when the utility services are not subject to a regulatory body.

(3) 52.241-9, Connection Charge, when a refundable connection charge is required to be paid by the Government to compensate the contractor for furnishing additional facilities necessary to supply service. (Use *Alternate I* to the clause if a nonrefundable charge is to be paid. When conditions require the incorporation of a nonrecurring, nonrefundable service charge or a termination liability, see paragraphs (d)(6) and(d)(4) of this section.)

(4) 52.241-10, Termination Liability, when payment is to be made to the contractor upon termination of service in conjunction with or in lieu of a connection charge upon completion of the facilities.

(5) 52.241-11, Multiple Service Locations (as defined in 41.101), when providing for possible alternative service locations, except under areawide contracts, is required.

(6) 52.241-12, Nonrefundable, Nonrecurring Service Charge, when the Government is required to pay a nonrefundable, nonrecurring membership fee, a charge for initiation of service, or a contribution for the cost of facilities construction. The Government may provide for inclusion of such agreed amount or fee as a part of the connection charge, a part of the initial payment for services, or as periodic payments to fulfill the Government's obligation.

(7) 52.241-13, Capital Credits, when the Federal Government is a member of a cooperative and is entitled to capital credits, consistent with the bylaws and governing documents of the cooperative.

(e) Depending on the conditions that are appropriate for each acquisition, the contracting officer must also insert in solicitations and contracts for utility services the provisions and clauses prescribed elsewhere in the FAR.

This page intentionally left blank.

Subpart 41.6 - Forms

41.601 Utility services forms.

(a) If acquiring utility services under other than an areawide contract, a purchase order or an interagency agreement, the Standard Form (SF) 33, Solicitation, Offer and Award; SF 26, Award/Contract; or SF 1447, Solicitation/Contract, must be used.

(b) The contracting officer must incorporate the applicable rate schedule in each contract, purchase order or modification.

This page intentionally left blank.

Subpart 41.7 - Formats

41.701 Formats for utility service specifications.

(a) The following specification formats for use in acquiring utility services are available from GSA at utilities@gsa.gov and may be used and modified at the agency's discretion:

(1) Electric service.

(2) Water service.

(3) Steam service.

(4) Sewage service.

(5) Natural gas service.

(b) Contracting officers may modify the specification format referenced in paragraph (a) of this section and attach technical items, details on Government ownership of equipment and real property and maintenance or repair obligations, maps or drawings of delivery points, and other information deemed necessary to fully define the service conditions.

(c) The specifications and attachments (see paragraph (b) of this section) must be inserted in Section C of the utility service solicitation and contract.

41.702 Formats for annual utility service review.

(a) Formats for use in conducting annual reviews of the following utility services are available from GSA at utilities@gsa.gov and may be used at the agency's discretion:

(1) Electric service.

(2) Gas service.

(3) Water and sewage service.

(b) Contracting officers may modify the annual utility service review format as necessary to fully cover the service used.

This page intentionally left blank.

PART 42 - CONTRACT ADMINISTRATION AND AUDIT SERVICES

42.000 Scope of part.

This part prescribes policies and procedures for assigning and performing contract administration and contract audit services.

42.001 Interagency agreements.

(a) Agencies must use interagency agreements to prevent duplicate audits, reviews, inspections, and examinations of contractors or subcontractors by more than one agency.

(b) Subject to the fiscal regulations of the agencies and applicable interagency agreements, the requesting agency must pay the servicing agency for services rendered, in accordance with the Economy Act (31 U.S.C. 1535).

42.002 Cognizant Federal agency.

(a) The cognizant Federal agency is the agency with the largest dollar amount in negotiated contracts, including options, for each contractor business unit, except for educational institutions and nonprofits. The cognizant Federal agency for educational institutions (defined as institutions of higher education at 2 CFR part 200, subpart A, and 20 U.S.C. 1001) and nonprofit organizations (as defined in 2 CFR part 200), the cognizant Federal agency for indirect costs is determined by using the OMB Uniform Guidance at 2 CFR part 200, appendices III and IV, respectively.

(b) Once a Federal agency assumes cognizance for a contractor, it should remain the cognizant Federal agency for at least 5 years to ensure continuity and ease of administration.

Subpart 42.1 - Contract Audit Services

42.101 Contract audit responsibilities.

(a) The auditor is responsible for-

(1) Analyzing contractor financial records or other related data and advising the requesting activity on the acceptability of the contractor's incurred and estimated costs;

(2) Reviewing the financial and accounting aspects of the contractor’s cost control systems; and

(3) Performing other analyses and reviews that require access to the contractor’s financial and accounting records supporting proposed and incurred costs.

(b) Normally, the Defense Contract Audit Agency (DCAA) is the responsible Government audit agency. However, there may be instances where an agency other than DCAA desires cognizance of a particular contractor. In those instances, the two agencies must agree on the most efficient and economical approach to meet contract audit requirements. For educational institutions (defined as institutions of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A, and 20 U.S.C. 1001) and nonprofit organizations (as defined in the OMB Uniform Guidance at 2 CFR part 200), audit cognizance will be determined according to the provisions of the OMB Uniform Guidance at 2 CFR part 200.

42.102 Assignment of contract audit services.

(a) Contracting officers may request audit services directly from the responsible audit agency listed in the Directory of Federal Contract Audit Offices. Requests must include a suspense date and identify any information needed by the contracting officer.

(b) The responsible audit agency may decline requests for services on a case-by-case basis if they lack adequate resources. Declinations must be in writing.

42.103 Contract audit services directory.

(a) DCAA maintains the Directory of Federal Contract Audit Offices. The directory identifies cognizant audit offices and the assigned contractors they have cognizance over. Contract Audit Offices must provide audit cognizance changes to DCAA for directory updates.

(b) To obtain the directory or information about audit offices, contact: Defense Contract Audit Agency, ATTN: CMO, Publications Officer, 8725 John J. Kingman Road, Suite 2135, Fort Belvoir, VA 22060-6219.

This page intentionally left blank.

Subpart 42.2 - Contract Administration Services

42.201 Contract administration responsibilities.

For each contract assigned for administration, the contract administration office (CAO) will-

(a) Perform the functions listed in 42.302(a) to the extent that they apply to the contract, except for the functions specifically withheld;

(b) Perform the functions listed in 42.302(b) only when and to the extent specifically authorized by the contracting officer; and

(c) Request supporting contract administration under 42.202(e) and (f) as required.

42.202 Assignment of contract administration.

(a) *Delegating functions.* Contracting officers may delegate contract administration or specialized support services through interagency agreements or by direct request to the cognizant CAO listed in the Contract Administration Services Directory (CASD). The delegation should include-

(1) The name and address of the CAO designated to perform the administration (this information must also be entered in the contract);

(2) Any specials instructions, including any functions withheld or any specific authorization to perform functions listed in 42.302 (b);

(3) A copy of the contract to be administered; and

(4) Copies of all contracting agency regulations or directives that are-

(i) Incorporated into the contract by reference; or

(ii) Otherwise, necessary to administer the contract, unless copies have been provided previously.

(b) *Special instructions.* As necessary, the contracting officer must advise the contractor (and other activities as appropriate) of any functions withheld from or additional functions delegated to the CAO.

(c) *Delegating additional functions*. For individual contracts or groups of contracts, the contracting officer may delegate additional functions beyond those listed in 42.302 to the CAO, provided that-

(1) Prior coordination with the CAO ensures the availability of required resources;

(2) In the case of authority to issue orders under provisioning procedures in existing contracts and under basic ordering agreements for items and services identified in the schedule, the head of the contracting activity or designee approves the delegation; and

(3) The delegation does not require the CAO to undertake new or follow-on acquisitions.

(d) *Rescinding functions.* The contracting officer at the requesting agency may rescind or recall a delegation to administer a contract or perform a contract administration function, except for the cognizant Federal agency functions identified in 42.302(a). The requesting agency must coordinate with the CAO to establish a reasonable transition period prior to rescinding or recalling the delegation.

(e) *Secondary delegations of contract administration.*

(1) A CAO that has been delegated administration of a contract function may request supporting contract administration from the cognizant CAO at the location. The request must-

(i) Be in writing;

(ii) Clearly state the specific administration functions to be performed; and

(iii) Be accompanied by a copy of pertinent contractual and other necessary documents.

(2) The prime contractor is responsible for managing its subcontracts. The CAO's review of subcontracts is normally limited to evaluating the prime contractor's management of the subcontracts (see part 44). Therefore, supporting contract administration may only be used for subcontracts when-

(i) The Government otherwise would incur undue cost;

(ii) Successful completion of the prime contract is threatened; or

(iii) It is authorized under paragraph (f) of this section or elsewhere in this regulation.

(f) *Special surveillance.* For major system acquisitions (see part 34), the contracting officer may designate certain high risk or critical subsystems or components for special surveillance in addition to requesting supporting contract administration. This surveillance must be conducted in a manner consistent with the policy of requesting that the cognizant CAO perform contract administration functions at a contractor's facility (see 42.002).

(g) *Refusing delegation of contract administration*. An agency may decline a request for contract administration services on a case-by-case basis if they lack adequate resources to accomplish the tasks. Declinations must be in writing.

42.203 Contract administration services directory.

The Defense Contract Management Agency (DCMA) maintains the CASD. The directory lists the contact information of those DCMA and other agency offices that offer contract administration services within designated geographic areas and at specified contractor locations. Federal agencies may access CASD on the Internet at https://piee.eb.mil/pcm/xhtml/unauth/index.xhtml.

Subpart 42.3 - Contract Administration Office Functions

42.301 General.

When a contract is assigned for administration under subpart 42.2, the contract administration office (CAO) will perform contract administration functions in accordance with 48 CFR Chapter 1, the contract terms, and, unless otherwise agreed to in an interagency agreement (see 42.001), the applicable regulations of the servicing agency.

42.302 Contract administration functions.

(a) The contracting officer normally delegates the following contract administration functions to a CAO. The contracting officer may retain any of these functions, except those in paragraphs (a)(5), (a)(9), (a)(11), and (a)(12) of this section, which must be performed by the cognizant Federal agency.

(1) Review the contractor's compensation structure.

(2) Review the contractor's insurance plans.

(3) Conduct post-award orientation conferences.

(4) Review and evaluate contractors' proposals under subpart 15.4 and, when the contracting officer will conduct negotiations, furnish comments and recommendations to that officer.

(5) Negotiate forward pricing rate agreements (see part 15 and subpart 42.13).

(6) Negotiate advance agreements pursuant to the contract cost principles in part 31.

(7) Determine the allowability of costs suspended or disapproved as required (see subpart 42.6), direct the suspension or disapproval of costs when there is reason to believe they should be suspended or disapproved, and approve final vouchers.

(8) Issue Notices of Intent to Disallow or not Recognize Costs (see subpart 42.6).

(9) Establish final indirect cost rates and billing rates for contractors meeting the criteria for contracting officer determination in subpart 42.5.

(10) Attempt to resolve issues in controversy, using alternative dispute resolution (ADR) procedures when appropriate (see part 33); prepare findings of fact; and issue decisions under the Disputes clause on matters in which the administrative contracting officer (ACO) has the authority to take definitive action.

(11) In connection with Cost Accounting Standards (CAS) (see part 30 and 48 CFR chapter 99)-

(i) Determine the adequacy of the contractor's disclosure statements;

(ii) Determine whether disclosure statements are in compliance with CAS and part 31;

(iii) Determine the contractor's compliance with CAS and disclosure statements, if applicable; and

(iv) Negotiate price adjustments and execute supplemental agreements under the CAS clauses at 52.230-2, 52.230-3, 52.230-4, 52.230-5, and 52.230-6.

(12) Determine the adequacy of the contractor's accounting system. The contractor's accounting system should be adequate during the entire period of contract performance. The adequacy of the contractor's accounting system and its associated internal control system, as well as contractor compliance with the CAS, affects the quality and validity of the contractor data the Government relies on for contractor oversight.

(13) Review and approve or disapprove contractor requests for financing payments (see part 32).

(14) Make payments on assigned contracts when prescribed in agency acquisition regulations.

(15) Manage special bank accounts.

(16) Ensure the contractor notifies the contracting officer in a timely manner of any anticipated overrun or underrun of the estimated cost under cost-reimbursement contracts.

(17) Monitor the contractor's financial condition and advise the contracting officer when it jeopardizes contract performance.

(18) Analyze quarterly limitation on payments statements and act in accordance with part 32 to recover overpayments from the contractor.

(19) Issue tax exemption forms.

(20) Ensure processing and execution of duty-free entry certificates.

(21) For classified contracts, administer delegated portions of the industrial security program delegated to the CAO (see part 40).

(22) Review and negotiate supplemental agreements in response to contractor work requests under maintenance, overhaul, modification, and repair contracts.

(23) Negotiate prices and execute supplemental agreements for spare parts and other items selected through provisioning procedures when prescribed by agency acquisition regulations.

(24) Negotiate and execute settlement of partial and complete contract terminations for convenience, unless stated otherwise by part 49.

(25) Negotiate and execute settlements of cancellation charges under multiyear contracts.

(26) Process and execute novation and change of name agreements under subpart 42.9.

(27) Perform property administration (see part 45).

(28) Perform necessary screening, redistribution, and disposal of contractor inventory.

(29) Issue contract modifications requiring the contractor to provide packing, crating, and handling services on excess Government property.

(30) When contractors request Government property-

(i) Evaluate contractor's requests for Government property and for changes to existing Government property, and provide appropriate recommendations to the contracting officer;

(ii) Ensure required screening of Government property before acquisition by the contractor;

(iii) Evaluate the use of Government property on a non-interference basis in accordance with the clause at 52.245-9, Use and Charges;

(iv) Ensure contractor payment of any rental due; and

(v) Modify contracts to reflect the addition of Government-furnished property and ensure appropriate consideration.

(31) Perform production support, surveillance, and status reporting, including timely reporting of potential and actual slippages in contract delivery schedules.

(32) Perform preaward surveys (see part 9).

(33) Advise and assist contractors regarding their priorities and allocations responsibilities and assist contracting offices in processing requests for special assistance and for priority ratings for privately owned capital equipment (see part 11).

(34) Monitor contractor industrial labor relations matters under the contract; apprise the contracting officer and, if designated by the agency, the cognizant labor relations advisor, of actual or potential labor disputes; and coordinate the removal of urgently required material from the strikebound contractor's plant upon instruction from, and authorization of, the contracting officer.

(35) Perform traffic management services, including issuance and control of Government bills of lading and other transportation documents.

(36) Review the adequacy of the contractor's traffic operations.

(37) Review and evaluate preservation, packaging, and packing.

(38) Ensure contractor compliance with contractual quality assurance requirements (see part 46).

(39) Ensure contractor compliance with contractual safety requirements.

(40) Perform engineering surveillance to assess compliance with contractual terms for schedule, cost, and technical performance in the areas of design, development, and production.

(41) Evaluate for adequacy and perform surveillance of contractor engineering efforts and management systems that relate to design, development, production, engineering changes, subcontractors, tests, management of engineering resources, reliability and maintainability, data control systems, configuration management, and independent research and development.

(42) Review and evaluate for technical adequacy, the contractor's logistics support, maintenance, and modification programs.

(43) Report to the contracting office any inadequacies noted in specifications.

(44) Perform engineering analyses of contractor cost proposals.

(45) Review and analyze contractor-proposed engineering and design studies and submit comments and recommendations to the contracting office, as required.

(46) Review engineering change proposals for proper classification, and when required, for need, technical adequacy of design, producibility, and impact on quality, reliability, schedule, and cost; submit comments to the contracting office.

(47) Assist in evaluating and make recommendations for acceptance or rejection of waivers and deviations.

(48) Evaluate and monitor the contractor's procedures for complying with procedures regarding restrictive markings on data.

(49) Monitor the contractor's value engineering program.

(50) Review, approve or disapprove, and maintain surveillance of the contractor's purchasing system (see part 44).

(51) Consent to the placement of subcontracts (see part 44).

(52) Review, evaluate, and approve plant or division-wide small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business master subcontracting plans.

(53) Obtain the contractor's currently approved company- or division-wide plans for small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting for its commercial products. If there is no currently approved plan, assist the contracting officer in evaluating the plans for those products.

(54) Assist the contracting officer, upon request, in evaluating an offeror's proposed small, small disadvantaged women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting plans, including documentation of compliance with similar plans under prior contracts.

(55) By periodic surveillance, ensure the contractor's compliance with small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting plans and any labor surplus area contractual requirements; maintain documentation of the contractor's performance under and compliance with these plans and requirements; and provide advice and assistance to the firms involved, as appropriate.

(56) Maintain surveillance of flight operations.

(57) Assign and perform supporting contract administration.

(58) Ensure timely submission of required reports.

(59) Issue administrative changes, correcting errors or omissions in typing, contractor address, facility or activity code, remittance address, computations which do not require additional contract funds, and other such changes (see part 43).

(60) Administer and release shipments from the contractor's plants according to the shipping instructions. When applicable, the order of assigned priority must be followed; shipments within the same priority will be determined by date of the instruction.

(61) Obtain contractor proposals for any contract price adjustments resulting from amended shipping instructions. Review all amended shipping instructions on a periodic, consolidated basis to ensure that adjustments are timely. Except when the ACO has settlement authority, the ACO will forward the proposal to the contracting officer for contract modification. The ACO will not delay shipments pending completion and formalization of negotiations of revised shipping instructions.

(62) Negotiate and/or execute supplemental agreements making changes in packaging subcontractors or contract shipping points.

(63) Cancel unilateral purchase orders when rejected by the contractor. The CAO must notify the contracting officer when the purchase order is canceled.

(64) Negotiate and execute one-time supplemental agreements providing for the extension of contract delivery schedules up to 90 days on contracts with an assigned Criticality Designator of C (see 42.804). The CAO must provide notification that the contract delivery schedule is being extended to the contracting office. Subsequent extensions on any individual contract must have concurrence of the contracting office.

(65) Perform administrative closeout procedures (see part 4).

(66) Determine that the contractor has a drug-free workplace program and drug-free awareness program (see part 26).

(67) Support the program, product, and project offices for program reviews, program status, program performance and actual or anticipated program problems.

(68) Monitor the contractor's environmental practices for adverse impact on contract performance or contract cost, and for compliance with environmental requirements specified in the contract. ACO responsibilities include-

(i) Requesting environmental technical assistance, if needed;

(ii) Monitoring contractor compliance with specifications or other contractual requirements requiring the delivery, use, or furnishing of sustainable products in accordance with the clause at 52.223-23. This occurs as part of the quality assurance procedures set forth in part 46; and

(iii) As required in the contract, ensuring that the contractor complies with the reporting requirements relating to recovered material content (see 52.223-9) and biobased products (see 52.223-2) utilized in contract performance.

(69) Administer commercial financing provisions and monitor contractor security to ensure its continued adequacy to cover outstanding payments, when on-site review is required (see part 32).

(70) Deobligate excess funds after final price determination.

(71) Ensure that the contractor has implemented the requirements of 52.203-13, Contractor Code of Business Ethics and Conduct.

(b) The CAO may perform the following functions only when and to the extent specifically authorized by the contracting office:

(1) Negotiate and execute supplementals agreements incorporating contractor proposals resulting from change orders issued under the Changes clause. Before completing negotiations, coordinate any delivery schedule change with the contracting office.

(2) Negotiate prices and execute priced exhibits for unpriced orders issued by the contracting officer under basic ordering agreements.

(3) Negotiate and execute supplementals agreements changing contract delivery schedules.

(4) Negotiate and execute supplemental agreements providing for the deobligation of unexpended dollar balances considered excess to known contract requirements.

(5) Issue amended shipping instructions and, when necessary, negotiate and execute resultant supplemental agreements incorporating contractor proposals.

(6) Negotiate changes to interim billing prices.

(7) Negotiate and definitize adjustments to contract prices resulting from exercise of an economic price adjustment clause (see part 16).

(8) Issue change orders and negotiate and execute resulting supplemental agreements under contracts for ship construction, conversion, and repair.

(9) Execute supplementals agreements on firm-fixed-price supply contracts to reduce required line item quantities and deobligate excess funds when notified by the contractor of an inconsequential delivery shortage, but only when the action is —

(i) Determined to be in the best interests of the Government;

(ii) Supported by a written request of the contractor; and

(iii) A total downward contract price adjustment resulting from an inconsequential delivery shortage. This action must not exceed $250.00 or 5 percent of the contract price, whichever is less.

(10) Execute supplementals agreements to permit a change in place of inspection at origin specified in firm-fixed-price supply contracts awarded to nonmanufacturers, as deemed necessary to protect the Government's interests.

(11) Prepare evaluations of contractor performance in accordance with subpart 42.11.

(c) Any additional contract administration functions not listed in 42.302(a) and (b), or not otherwise delegated, remain the responsibility of the contracting office unless in accordance with 42.202 Assignment of contract administration(c).

Subpart 42.4 - Corporate Administrative Contracting Officer

42.401 General.

Contractors with more than one operational location (e.g., division, plant, or subsidiary) often have corporate-wide policies, procedures, and activities requiring Government review and approval and affecting the work of more than one administrative contracting officer (ACO). In these circumstances, the CFA may assign a corporate administrative contracting officer (CACO) to deal with corporate management and to perform selected contract administration functions on a corporate-wide basis.

42.402 Assignment and location.

(a) A CACO may be assigned only when the—

(1) Contractor has at least two locations with resident ACOs; or

(2) Agency head or designee approves the assignment. For this purpose ((a)(2) of this paragraph), a nonresident ACO is considered as resident if at least 75 percent of the ACO's effort is devoted to a single contractor. The agency head or designee may also designate a resident ACO to perform the CACO functions.

(b) Agencies must base decisions to initiate or discontinue a CACO assignment on such factors as the-

(1) Benefits of coordination and liaison at the corporate level;

(2) Volume of Government sales;

(3) Degree of control exercised by the contractor's corporate office over Government-oriented lower-tier operating elements; and

(4) Impact of corporate policies and procedures on those elements.

(c) The CASD referenced in 42.203 includes a listing of CACOs and the contractors to whom they are assigned responsibility.

42.403 Responsibilities.

(a) The CACO will perform, on a corporate-wide basis, the contract administration functions as designated by the responsible agency. Typical CACO functions include-

(1) The determination of final indirect cost rates for cost-reimbursement contracts;

(2) Establishment of advance agreements or recommendations on corporate/home office expense allocations; and

(3) Administration of CAS applicable to corporate-level and corporate-directed accounting practices.

(b) The CACO must-

(1) Fully utilize the responsible contract audit agency financial and advisory accounting services, including-

(i) Advice regarding the acceptability of corporate-wide policies; and

(ii) Advisory audit reports;

(2) Keep cognizant ACOs and auditors informed of important matters under consideration and determinations made; and

(3) Solicit advice and participation from cognizant ACOs and auditors as appropriate.

This page intentionally left blank.

Subpart 42.5 - Indirect Cost Rates

42.500 Scope of subpart.

This subpart prescribes policies and procedures for establishing-

(a) Billing rates; and

(b) Final indirect cost rates.

42.501 Definition.

Billing rate, as used in this subpart, means an indirect cost rate-

(1) Established temporarily for interim reimbursement of incurred indirect costs; and

(2) Adjusted as necessary until final indirect cost rates are established.

42.502 Purpose.

(a) Establishing final indirect cost rates under this subpart provides-

(1) Uniformity of approach with a contractor when more than one contract or agency is involved;

(2) Economy of administration; and

(3) Timely settlement under cost-reimbursement contracts.

(b) Establishing billing rates provides a method for interim reimbursement of indirect costs at estimated rates subject to adjustment during contract performance and at the time the final indirect cost rates are established.

42.503 General.

42.503-1 Policy.

(a) A single agency (see 42.505-1) is responsible for establishing final indirect cost rates for each business unit. These rates are binding on all agencies and their contracting offices, unless specifically prohibited by statute. Agencies cannot audit indirect cost rates when the audit objectives can reasonably be met by accepting the results of an audit by another department or agency of the Federal Government (10 U.S.C. 3841(e) and 41 U.S.C. 4706(e)).

(b) Contracting officers must use billing rates and final indirect cost rates to reimburse indirect costs under cost-reimbursement contracts and make progress payments under fixed-price contracts.

(c) To ensure compliance with 10 U.S.C. 3743(a) and 41 U.S.C. 4303(a) use final indirect cost rates for -

(1) Contract closeout for a business unit, unless the quick-closeout procedure in 42.507 is used. These final rates are binding for all cost-reimbursement contracts at the business unit, subject to any specific limitation in a contract or advance agreement; and

(2) Negotiating the final price of fixed-price incentive and fixed-price redeterminable contracts and in other situations requiring that indirect costs be settled before contract prices are established, unless the quick-closeout procedure in 42.507 is used.

42.503-2 Certificate of indirect costs.

(a) *General*. In accordance with 10 U.S.C. 3747 and 41 U.S.C. 4307, the Government must not accept a proposal or agree to establish final indirect cost rates unless the contractor certifies the costs are allowable.

(b) *Waiver of certification.*

(1) The agency head, or designee, may waive the certification requirement when-

(i) It is determined to be in the interest of the United States; and

(ii) The reasons for the determination are put in writing and made available to the public.

(2) A waiver may be appropriate for a contract with-

(i) A foreign government or international organization, such as a subsidiary body of the North Atlantic Treaty Organization;

(ii) A State or local government subject to the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendices V and VII;

(iii) An educational institution (defined as an institution of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A, and 20 U.S.C. 1001) subject to the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III; and

(iv) A nonprofit organization (as defined in the OMB Uniform Guidance at 2 CFR part 200) subject to the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix IV.

(c) *Failure to certify*.

(1) If the contractor has not certified its proposal for final indirect cost rates and a waiver is not appropriate, the contracting officer may unilaterally establish the rates.

(2) Unilateral rates should be-

(i) Based on audited historical data or other available data if unallowable costs are excluded; and

(ii) Set low enough to ensure that unallowable costs are not reimbursed.

(d) *False certification*. Consult with legal counsel to determine appropriate action when a contractor's certificate of final indirect costs is thought to be false.

(e) *Penalties for unallowable costs*. 10 U.S.C. 3743 and 41 U.S.C.4303 prescribe penalties for submission of unallowable costs in final indirect cost rate proposals (see 42.508 for penalties and contracting officer responsibilities).

(f) *Contract clause*.

(1) Except as provided in paragraph (f)(2) of this section, use the clause at 52.242-4, Certification of Final Indirect Costs, in all solicitations and contracts which provide for establishment of final indirect cost rates.

(2) The Department of Energy may provide an alternate clause in its agency supplement for its Management and Operating contracts.

42.504 Billing rates.

(a) The contracting officer (or cognizant Federal agency official) or auditor responsible under 42.505 for establishing the final indirect cost rates must also determine the billing rates.

(b) The contracting officer (or cognizant Federal agency official) or auditor must establish billing rates on the basis of information resulting from recent review, previous rate audits or experience, or similar reliable data or experience of other contracting activities. When establishing billing rates, ensure that the billing rates are as close as possible to the final indirect cost rates anticipated for the contractor's fiscal period, as adjusted for any unallowable costs. When the contracting officer (or cognizant Federal agency official) or auditor determines that the dollar value of contracts requiring use of billing rates does not warrant submission of a detailed billing rate proposal, the billing rates may be established by making appropriate adjustments from the prior year's indirect cost experience to eliminate unallowable and nonrecurring costs and to reflect new or changed conditions.

(c) Once established, billing rates may be prospectively or retroactively revised by mutual agreement of the contracting officer (or cognizant Federal agency official) or auditor and the contractor at either party's request, to prevent substantial overpayment or underpayment. When agreement cannot be reached, the contracting officer (or cognizant Federal agency official) may unilaterally determine the billing rates.

(d) Do not construe the elements of indirect cost and the base or bases used in computing billing rates as determinative of the indirect costs to be distributed or of the bases of distribution to be used in the final settlement.

(e) When the contractor provides to the cognizant contracting officer the certified final indirect cost rate proposal in accordance with 42.505-1(b) or 42.505-2(b), the contractor and the Government may mutually agree to revise billing rates to reflect the proposed indirect cost rates, as approved by the Government to reflect historically disallowed amounts from prior years' audits, until the proposal has been audited and settled. The cognizant contracting officer (see 42.505-1(b)) or auditor (see 42.505-2(b)) will determine the historical decrement.

42.505 Final indirect cost rates.

(a) Establish final indirect cost rates based on-

(1) Contracting officer determination procedure (see 42.505-1), or

(2) Auditor determination procedure (see 42.505-2).

(b) Within 120 days (or longer period, if approved in writing by the contracting officer,) after, settlement of the final annual indirect cost rates for all years of a physically complete contract, the contractor must submit a completion invoice or voucher reflecting the settled amounts and rates. To determine whether a period longer than 120 days is appropriate, the contracting officer should consider whether there are extenuating circumstances, such as the following:

(1) Pending closeout of subcontracts awaiting Government audit.

(2) Pending contractor, subcontractor, or Government claims.

(3) Delays in the disposition of Government property.

(4) Delays in contract reconciliation.

(5) Any other pertinent factors.

(c)

(1) If the contractor does not submit a completion invoice or voucher within the time specified in paragraph (b) of this section, the contracting officer may-

(i) Determine the amounts due to the contractor under the contract; and

(ii) Record this determination in a unilateral modification to the contract.

(2) This contracting officer determination must be issued as a final decision in accordance with part 33.

42.505-1 Contracting officer determination procedure.

(a) *Applicability and responsibility*. Contracting officer determination will be used for the following, with the indicated cognizant contracting officer (or cognizant Federal agency official) responsible for establishing the final indirect cost rates:

(1) Business units of a multidivisional corporation under the cognizance of a corporate administrative contracting officer (CACO) (see subpart 42.4), with that officer responsible for the determination, assisted, as required, by the administrative contracting officers assigned to the individual business units. Negotiations may be conducted on a coordinated or centralized basis, depending upon the degree of centralization within the contractor's organization.

(2) Business units not under the cognizance of a CACO but having a resident ACO (see subpart 42.4), with that officer responsible for the determination. For this purpose, a nonresident ACO is considered as resident if they spend at least 75 percent of their time devoted to a single contractor.

(3) For business units not included in paragraph (a)(1) or (a)(2) of this subsection, the contracting officer (or cognizant Federal agency official) will determine whether the rates will be contracting officer or auditor determined.

(4) Educational institutions (see 42.505-3).

(5) State and local governments (see 42.505-4).

(6) Nonprofit organizations other than educational and state and local governments (see 42.505-5).

(b) *Procedures*.

(1) *Contractor proposal.* In accordance with the Allowable Cost and Payment clause at 52.216-7, the contractor must submit an adequate final indirect cost rate proposal to the cognizant contracting officer (or cognizant Federal agency official) and to the cognizant auditor.

(i) The required content of the proposal and supporting data will vary depending on such factors as business type, size, and accounting system capabilities. The contractor, contracting officer, and auditor must work together to make the proposal, audit, and negotiation process as efficient as possible.

(ii) Each contractor must submit the final indirect cost rate proposal within the six-month period following the expiration of each of its fiscal years. The contracting officer may grant, in writing, reasonable extensions, for exceptional circumstances only, when requested in writing by the contractor.

(iii) Upon receipt of the proposal—

(A) The cognizant auditor will review the adequacy of the contractor's proposal for audit in support of negotiating final indirect cost rates and a written description of any inadequacies to the contractor and contracting officer.

(B) If the auditor and contractor are unable to resolve the proposal's inadequacies identified by the auditor, the auditor will elevate the issue to the contracting office to resolve the inadequacies.

(iv) The proposal must be supported with adequate supporting data. Additional supporting data may be required after finding that the proposal is adequate in support of negotiating final indirect cost rates. See the clause at 52.216-7(d)(2) for the description of an adequate final indirect cost rate proposal and supporting data.

(2) *Audit*. Once a proposal has been determined to be adequate for audit in support of negotiating final indirect cost rates, the auditor will audit the proposal and prepare an advisory audit report to the contracting officer (or cognizant Federal agency official), including a listing of any relevant advance agreements or restrictive terms of specific contracts.

(3) *Negotiation team*. The contracting officer (or cognizant Federal agency official) heads the Government negotiating team. The team develops a negotiation position. The team includes:

(i) The cognizant auditor;

(ii) Technical or functional personnel as required.;

(iii) Contracting offices with significant dollar interest must be invited to participate in the negotiation and in the preliminary discussion of critical issues.;

(iv) Parties that have provided a significant input to the Government position should be invited to attend.

(4) *Negotiation position*. The team develops a negotiation position. Pursuant to 10 U.S.C. 3745 and 41 U.S.C.4305, the contracting officer will -

(i) Not resolve any questioned costs until obtaining-

(A) Adequate documentation on the costs; and

(B) The contract auditor's opinion on the allowability of the costs.

(ii) Whenever possible, invite the contract auditor to serve as an advisor at any negotiation or meeting with the contractor on the determination of the contractor's final indirect cost rates.

(5) The cognizant contracting officer must-

(i) Conduct negotiations;

(ii) Prepare a written indirect cost rate agreement conforming to the requirements of the contracts;

(iii) Prepare, sign, and place in the contractor general file a negotiation memorandum covering—

(A) The disposition of significant matters in the advisory audit report,

(B) Reconciliation of all costs questioned, with identification of items and amounts allowed or disallowed in the final settlement as well as the disposition of period costing or allocability issues,

(C) Reasons why any recommendations of the auditor or other Government advisors were not followed, and

(D) Identification of certified cost or pricing data submitted during the negotiations and relied upon in reaching a settlement; and

(iv) The contracting officer must promptly distribute executed copies of the indirect cost rate agreement to the contractor and to each affected contracting agency and include copies of the agreement in the contract file. The contracting officer must include a copy of the negotiation memorandum described in 42.501(b)(5)(iii) in the contract file and furnish, as appropriate, to the affected contracting offices and Government auditor.

(v) Notify the contractor of the individual costs which were considered unallowable and the respective amounts of the disallowance.

42.505-2 Auditor determination procedure.

(a) *Applicability and responsibility*.

(1) The cognizant Government auditor must establish final indirect cost rates for business units not covered in 42.505-1(a).

(2) Auditor determination may also be used for business units that are covered in 42.505-1(a) when the contracting officer (or cognizant Federal agency official) and auditor agree that the indirect costs can be settled with little difficulty and any of the following circumstances apply:

(i) The business unit primarily has fixed-price contracts, with only minor involvement in cost-reimbursement contracts.

(ii) The administrative cost of contracting officer determination would exceed the expected benefits.

(iii) The business unit does not have a history of disputes and there are few cost problems.

(iv) The contracting officer (or cognizant Federal agency official) and auditor agree that special circumstances require auditor determination.

(b) *Procedures*.

(1) The contractor must submit to the cognizant contracting officer (or cognizant Federal agency official) and auditor a final indirect cost rate proposal in accordance with 42.505-1(b)(1).

(2) Once a proposal has been determined to be adequate for audit in support of negotiating final indirect cost rates, the auditor will-

(i) Audit the proposal and prepare an advisory audit report, including a listing of any relevant advance agreements or restrictive terms of specific contracts. Copies of the audit report must be furnished to the affected contracting offices;

(ii) Seek agreement on indirect costs with the contractor;

(iii) Prepare an indirect cost rate agreement conforming to the requirements of the contracts. The agreement must be signed by the contractor and the auditor. A copy of the agreement must be distributed to the contractor and to each affected contracting agency;

(iv) If agreement with the contractor is not reached, forward the audit report to the contracting officer (or cognizant Federal agency official) identified in the Directory of Contract Administration Services Components (see 42.203), who will then resolve the disagreement; and

(v) Promptly distribute resultant documents.

42.505-3 Educational institutions.

(a) *General*.

(1) Postdetermined final indirect cost rates must be used to settle indirect costs for all cost-reimbursement contracts with educational institutions, unless predetermined final indirect cost rates are authorized and used (see paragraph (b) of this subsection).

(2) The OMB Uniform Guidance at 2 CFR part 200, appendix III assigns each educational institution (defined as an institution of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A, and 20 U.S.C. 1001) to a single Government agency for the negotiation of indirect cost rates; all Federal agencies accept those rates. Cognizant Government agencies and educational institutions are listed in the CASD (see 42.202).

(3) The cognizant agency for indirect costs establishes billing rates and final indirect cost rates at the educational institutions, using the procedures at 42.505-1 (b).

(4) If the cognizant agency is unable to reach agreement with an institution, the cognizant agency will resolve disputes in accordance with agency procedures and the OMB Uniform Guidance.

(b) *Predetermined final indirect cost rates*.

(1) Agencies may use predetermined rates for cost-reimbursement research and development contracts with universities, colleges, or other educational institutions (41 U.S.C. 4708). If established, they extend to all the institution's Government contracts.

(2) In deciding whether the use of predetermined rates are appropriate, consider the stability of indirect costs and bases over a period of years and anticipated changes.

(3) Unless approved at a level in the cognizant agency higher than the contracting officer, do not use predetermined rates when-

(i) There has been no recent audit of the indirect costs;

(ii) There have been frequent or wide fluctuations in the indirect cost rates and the bases over a period of years; or

(iii) The estimated reimbursable costs for any individual contract are expected to exceed $1 million annually.

(4) If no predetermined rates exist for the institution's current fiscal year-

(i) The institution must provide the agency a proposal for predetermined rates.

(ii) If the proposal is found to be generally acceptable, the agency must negotiate the predetermined rates with the institution. The rates should be based on an audit of the institution's costs for the year immediately preceding year that the rates are being negotiated. If this is not possible, or, if not available, earlier audits, if determined appropriate by the cognizant agency may be used, but appropriate steps should be taken to identify and evaluate significant variations in costs incurred or in bases used that may have a bearing on the reasonableness of the proposed rates. However, in the case of smaller contracts (i.e., contracts that do not exceed the simplified acquisition threshold), an audit made at an earlier date is acceptable if-

(A) There have been no significant changes in the contractor's organization; and

(B) It is reasonably apparent that another audit would have little effect on the rates finally agreed upon and the potential for overpayment of indirect cost is relatively insignificant.

(5) If predetermined rates are used-

(i) The contracting officer must include the negotiated rates and bases in the contract Schedule; and

(ii) See part 16, which prescribes the clause at 52.216-15, Predetermined Indirect Cost Rates.

(6) Predetermined indirect cost rates are applicable for a period of not more than four years. The agency must obtain new rate proposals sufficiently in advance so that the new rates, based on current data, may be promptly negotiated near the beginning of the next fiscal year or other period agreed to by the parties (see paragraphs (b) and (d) of the clause at 52.216-15, Predetermined Indirect Cost Rates).

(7) Use billing rates for periods not covered by predetermined rates.

(8) The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III, provides additional guidance on how long predetermined rates may be used.

42.505-4 State and local governments.

The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix V, concerning cost principles for state and local governments (see part 31) establishes the procedures for determining the cognizant agency for State and local government indirect costs associated with federally-funded programs and activities. Rates approved by the cognizant agency for indirect costs must be used by all Federal agencies that also award contracts to these same State and local governments.

42.505-5 Nonprofit organizations other than educational institutions and state and local governments.

The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix V, establishes the procedures for determining the cognizant agency for State and local government indirect costs associated with federally-funded programs and activities. Rates approved by the cognizant agency must be used by all Federal agencies.

42.506 Cost-sharing rates and limitations on indirect cost rates.

(a) *Rate ceilings in cost sharing*. Cost-sharing arrangements, when authorized, may call for the contractor to participate in the costs of the contract by accepting indirect cost rates lower than the anticipated actual rates. In such cases, a negotiated indirect cost rate ceiling may be incorporated into the contract for prospective application.

(b) *Other rate ceilings*. Other situations may warrant the use of final indirect cost rate ceilings, such as when the contractor-

(1) Is a new or recently reorganized company with no indirect cost history;

(2) Has rapidly increasing indirect cost rates due to declining sales without a commensurate decline in indirect expenses; or

(3) Seeks a competitive advantage by basing its proposal on unrealistically low indirect cost rates, likely to result in a cost overrun.

(c) When ceiling provisions are utilized, the contract must also provide that-

(1) The Government is not obligated to pay any additional amount should the final rates exceed the negotiated ceiling rates, and

(2) If final rates are less than the ceiling rates, the rates will be reduced to conform with the lower rates.

42.507 Quick-closeout procedure.

(a) The contracting officer responsible for contract closeout may negotiate the settlement of direct and indirect costs for a specific contract, task order, or delivery order prior to the determination of final indirect cost rates, as set forth 42.505, if-

(1) The contract, task order, or delivery order is physically complete;

(2) The amount of unsettled direct costs and indirect costs to be allocated to the contract, task order, or delivery order is relatively insignificant. Cost amounts will be considered relatively insignificant when the (total unsettled direct costs and indirect costs to be allocated to any one contract, task order, or delivery order does not exceed the lesser of $1,000,000 or 10 percent of the total contract amount).

(3) The contracting officer performs a risk assessment and determines quick-closeout procedures are appropriate. The risk assessment must include-

(i) Consideration of the contractor’s accounting, estimating, and purchasing systems;

(ii) Other concerns of the cognizant contract auditors; and

(iii) Any other pertinent information, such as, documented history of Federal Government approved indirect cost rate agreements, changes to contractor’s rate structure, volatility of rate fluctuations during affected periods, mergers or acquisitions, special contract provisions limiting contractor’s recovery of otherwise allowable indirect costs under cost reimbursement or time-and-materials contracts; and

(4) Agreement can be reached on a reasonable estimate of allocable dollars.

(b) A determination of final indirect costs under the quick-closeout procedure provided for by the Allowable Cost and Payment clause at 52.216-7 is final for the contract it covers and no adjustment will be made to other contracts for over- or under-recoveries of costs allocated or allocable to the contract covered by the agreement.

(c) Indirect cost rates used in the quick closeout of a contract will not be considered a binding precedent when establishing the final indirect cost rates for other contracts.

42.508 Penalties for Unallowable Costs.

42.508-1 Scope.

(a) This section implements 10 U.S.C. 3743 and 41 U.S.C. 4303. It covers the assessment of penalties against contractors which include unallowable indirect costs in-

(1) Final indirect cost rate proposals; or

(2) The final statement of costs incurred or estimated to be incurred under a fixed-price incentive contract.

(b) This section applies to all contracts in excess of $1 million, except fixed-price contracts without cost incentives or any firm-fixed-price contracts for the purchase of commercial products or commercial services.

42.508-2 General.

(a) The following penalties apply to contracts covered by this section:

(1) If the indirect cost is expressly unallowable under a cost principle in the FAR, or an executive agency supplement to the FAR, that defines the allowability of specific selected costs, the penalty is equal to-

(i) The amount of the disallowed costs allocated to contracts that are subject to this section for which an indirect cost proposal has been submitted; plus

(ii) Interest on the paid portion, if any, of the disallowance.

(2) If the indirect cost was determined to be unallowable for that contractor before proposal submission, the penalty is two times the amount in paragraph (a)(1)(i) of this section.

(b) These penalties are in addition to other administrative, civil, and criminal penalties provided by law.

(c) Penalties may be assessed even if the unallowable costs were not paid to the contractor.

42.508-3 Responsibilities.

(a) The cognizant contracting officer is responsible for determining whether the penalties in 42.508-2(a) should be assessed and determining if such penalties should be waived pursuant to 42.508-6.

(b) The contract auditor is responsible for reviews and/or making determinations of final indirect cost proposals for contracts subject to this section, identifying costs that may be subject to penalty, and providing rationale and supporting documentation for any recommendations

(c) Both contracting officers and contract auditors have a duty to refer matters to the appropriate criminal investigative organization for review and coordination of remedies if there is evidence that the contractor knowingly submitted unallowable costs.

42.508-4 Assessing the penalty.

Unless a waiver is granted pursuant to 42.508-6, the cognizant contracting officer must-

(a) Assess the penalty in 42.508-2(a)(1), when the submitted cost is expressly unallowable under a cost principle in the FAR or an executive agency supplement that defines the allowability of specific selected costs; or

(b) Assess the penalty in 42.508-2(a)(2), when the submitted cost was determined to be unallowable for that contractor prior to submission of the proposal. Prior determinations of unallowability may be evidenced by-

(1) A DCAA Form 1, Notice of Contract Costs Suspended and/or Disapproved (see 48 CFR 242.705-2), or any similar notice which the contractor elected not to appeal and was not withdrawn by the cognizant Government agency;

(2) A contracting officer final decision which was not appealed;

(3) A prior executive agency Board of Contract Appeals or court decision involving the contractor, which upheld the cost disallowance; or

(4) A determination or agreement of unallowability under part 31.

(c) The contracting officer must issue a final decision (see part 33) which includes a demand for payment any penalty assessed under paragraph (a) or (b) of this section. The letter must state that the determination is a final decision under the Disputes clause of the contract. The demand for payment of the penalty is separate from a demand for repayment of any paid portion of the disallowed cost.

42.508-5 Computing Interest.

For 42.508-2(a)(1)(ii), compute interest on any paid portion of the disallowed cost as follows:

(a) Consider the overpayment to have occurred, and interest to have begun accumulating, from the midpoint of the contractor's fiscal year. Use an alternate equitable method if the cost was not paid evenly over the fiscal year.

(b) Use the interest rate specified by the Secretary of the Treasury pursuant to 41 U.S.C. 7109.

(c) Compute interest from the date of overpayment to the date of the demand letter for payment of the penalty.

(d) Determine the paid portion of the disallowed costs in consultation with the contract auditor.

42.508-6 Waiver of the penalty.

The cognizant contracting officer must waive the penalties at 42.508-2(a) when—

(a) The contractor withdraws the proposal before formal audit initiation (written notice to the contractor or an entrance conference with the contractor is held, indicating that audit work on a specific final indirect cost proposal has begun) and submits a revised proposal as required by 41 U.S.C. 4303(c) and 10 U.S.C. 3743(c).;

(b) The unallowable costs subject to the penalty are $10,000 or less; or

(c) The contractor demonstrates, to the cognizant contracting officer's satisfaction, that-

(1) It has established policies and personnel training and an internal control and review system that provide assurance that unallowable costs subject to penalties are precluded from being included in the contractor's final indirect cost rate proposals; and

(2) The unallowable costs subject to the penalty were inadvertently included into the proposal despite due care.

42.508-7 Contract clause.

Use the clause at 52.242-3, Penalties for Unallowable Costs, in all solicitations and contracts over $1 million except fixed-price contracts without cost incentives or any firm-fixed-price contract for the purchase of commercial products or commercial services. Generally, covered contracts are those which contain one of the clauses at 52.216-7, 52.216-16, or 52.216-17, or a similar clause from an executive agency's supplement to the FAR.

Subpart 42.6 - Disallowance of Costs

42.600 Scope of subpart.

This subpart prescribes policies and procedures for-

(a) Issuing notices of intent to disallow costs; and

(b) Disallowing costs already incurred during the course of performance.

42.601 Notice of intent to disallow costs.

(a) Contracting officers must make reasonable efforts to proactively address potentially unallowable costs with contractors. If unable to settle the matter through discussion, the cognizant contracting officer responsible for administering the contract may issue the contractor a written notice of intent to disallow specified costs incurred or planned for incurrence during the performance of the following contract types:

(1) Cost-reimbursement contracts.

(2) Cost-reimbursement portions of fixed-price contracts.

(3) Letter contracts that provides for reimbursement of costs.

(4) Time-and-material and labor-hour contracts.

(5) Fixed-price incentive contracts.

(b) A notice of intent to disallow such costs usually results from monitoring contractor costs. The purpose of the notice is to notify the contractor as early as practicable during contract performance that the cost is considered unallowable under the contract terms and to provide for timely resolution of any resulting disagreement. In case of disagreement, the contractor may submit to the contracting officer a written response. Any such response must be answered by withdrawal of the notice or by making a written decision within 60 days.

(c) As a minimum, the notice must-

(1) Refer to the contract's Notice of Intent to Disallow Costs clause;

(2) State the contractor's name and list the numbers of the affected contracts;

(3) Describe the costs to be disallowed, including estimated dollar value by item and applicable time periods, and state the reasons for the intended disallowance;

(4) Describe the potential impact on billing rates and forward pricing rate agreements;

(5) State the notice's effective date and the date by which written response must be received;

(6) List the recipients of copies of the notice; and

(7) Request the contractor to acknowledge receipt of the notice.

(d) The contracting officer issuing the notice must furnish copies to all contracting officers cognizant of any segment of the contractor's organization.

(e) If the notice involves elements of indirect cost, it must not be issued without coordination with the contracting officer or auditor having authority for final indirect cost settlement (see 42.505).

(f) In the event the contractor submits a response that disagrees with the notice (see paragraph (b) of this section), the contracting officer who issued the notice must either withdraw the notice or issue the written decision, except when elements of indirect cost are involved, in which case the contracting officer responsible under 42.505 for determining final indirect cost rates must issue the decision.

42.602 Contract clause.

The contracting officer must insert the clause at 52.242-1, Notice of Intent to Disallow Costs, in solicitations and contracts when a cost-reimbursement contract, a fixed-price incentive contract, or a contract providing for price redetermination is contemplated.

42.603 Disallowing costs after incurrence.

The contracting officer must apply the following procedures when disallowing costs which the contractor has already incurred:

(a) *Contracting officer receipt of vouchers*. Contracting officers should follow agency procedures when they receive vouchers directly from the contractor.

(b) *Auditor receipt of vouchers*.

(1) When authorized by agency regulations, the contract auditor may—

(i) Receive reimbursement vouchers directly from contractors,

(ii) Approve acceptable vouchers for payment, and

(iii) Suspend payment of questionable costs.

(2) The auditor must forward approved vouchers for payment to the cognizant contracting, finance, or disbursing officer, as appropriate under the agency's procedures.

(3) If a voucher raises allowability questions, the auditor may issue a notice of contract costs suspended and or disapproved to the contractor and the disbursing officer. A copy must be provided to the cognizant contracting officer. This action after informal discussion and when authorized by agency regulations, permits deduction from current payments for costs claimed but not considered reimbursable.

(4) If the contractor disagrees with the deduction from current payments, they may-

(i) Submit a written request to the cognizant contracting officer to consider whether the unreimbursed costs should be paid and discuss findings;

(ii) File a claim under the Disputes clause, which the cognizant contracting officer will process in accordance with agency procedures; or

(iii) Do both options listed above.

Subpart 42.7 – Bankruptcy

42.700 Scope of subpart.

This subpart prescribes policies and procedures for actions to be taken when a contractor enters into proceedings relating to bankruptcy. It requires contractors to notify the contracting officer upon filing a petition for bankruptcy and establishes minimum requirements for agencies to follow in the event of a contractor bankruptcy.

42.701 General.

The contract administration office must take prompt action to determine the potential impact of a contractor bankruptcy to protect the interests of the Government.

42.702 Procedures.

(a) When notified of bankruptcy proceedings, agencies must, at a minimum-

(1) Furnish the notice of bankruptcy to legal counsel and other appropriate agency offices (e.g., contracting, financial, property) and affected buying activities;

(2) Determine the amount of the Government's potential claim against the contractor (in assessing this impact, identify and review any contracts that have not been closed out, including those physically completed or terminated);

(3) Take actions necessary to protect the Government's financial interests and safeguard Government property; and

(4) Furnish pertinent contract information to the legal counsel representing the Government.

(b) The contracting officer will consult with legal counsel, whenever possible, prior to taking any action regarding the contractor's bankruptcy proceedings.

42.703 Solicitation provision and contract clause.

The contracting officer must insert the clause at 52.242-13, Bankruptcy, in all solicitations and contracts exceeding the simplified acquisition threshold.

This page intentionally left blank.

Subpart 42.8 - Production Surveillance and Reporting

42.801 General.

Production surveillance is a contract administration function used to determine contractor progress and to identify any factors that may delay performance. Production surveillance involves Government review and analysis of-

(a) Contractor performance plans, schedules, controls, and industrial processes; and

(b) The contractor’s actual performance under them.

42.802 Applicability.

This subpart applies to all contracts other than construction contracts and Federal Supply Schedule contracts.

42.803 Surveillance requirements.

(a) The contract administration office determines the extent of production surveillance on the basis of-

(1) The criticality (degree of importance to the Government) assigned by the contracting officer (see 42.804) to the supplies or services; and

(2) Consideration of the following factors:

(i) Contract requirements for reporting production progress and performance.

(ii) The contract performance schedule.

(iii) The contractor’s production plan.

(iv) The contractor’s history of contract performance.

(v) The contractor’s experience with the contract supplies or services.

(vi) The contractor’s financial capability.

(vii) Any supplementary written instructions from the contracting office.

(b) Contracts at or below the simplified acquisition threshold should not normally require production surveillance.

(c) In planning and conducting surveillance, contract administration offices must make maximum use of any reliable contractor production control or data management systems.

(d) In performing surveillance, contract administration office personnel must avoid any action that may-

(1) Be inconsistent with any contract requirement; or

(2) Result in claims of waivers, of changes, or of other contract modifications.

42.804 Assignment of criticality designator.

Contracting officers must assign a criticality designator to each contract in the space for designating the contract administration office in the contract, as follows:

Criticality Designator	Criterion
A	Critical contracts, including DX-rated contracts (see part 11), contracts citing the authority in part 6 for unusual and compelling urgency, and contracts for major systems (see part 34).
B	Contracts (other than those designated "A") for items needed to maintain a Government or contractor production or repair line, to preclude out-of-stock conditions, or to meet user needs for nonstock items.
C	All contracts other than those designated "A" or "B”.

42.805 Contract clause.

(a) Insert the clause at 52.242-2, Production Progress Reports, in solicitations and contracts when production progress reporting is required; unless a construction contract, or a Federal Supply Schedule contract is contemplated.

(b) When the clause at 52.242-2 is used, specify appropriate reporting instructions in the Schedule.

This page intentionally left blank.

Subpart 42.9 - Novation and Change-of-Name Agreements

42.900 Scope of subpart.

This subpart prescribes policies and procedures for-

(a) Recognition of a successor in interest to Government contracts when contractor assets are transferred;

(b) Recognition of a change in a contractor's name; and

(c) Execution of novation agreements and change-of-name agreements by the responsible contracting officer.

42.901 Responsibility for executing agreements.

The contracting officer responsible for processing and executing novation and change-of-name agreements will be determined as follows:

(a) If any of the affected contracts held by the transferor have been assigned to an administrative contracting officer (ACO) (see part 2 and 42.202 of this part), the responsible contracting officer will be-

(1) The assigned ACO; or

(2) The ACO responsible for the corporate office, if affected contracts are in more than one plant or division of the transferor.

(b) If none of the affected contracts held by the transferor have been assigned to an ACO, the contracting officer responsible for the largest unsettled (unbilled plus billed but unpaid) dollar balance of contracts will be the responsible contracting officer.

(c) If several transferors are involved, the responsible contracting officer is-

(1) The ACO administering the largest unsettled dollar balance; or

(2) The contracting officer designated by the agency having the largest unsettled dollar balance, if none of the affected contracts have been assigned to an ACO.

42.902 Processing agreements.

(a) If a contractor wishes the Government to recognize a successor in interest to its contracts or a name change, the contractor must submit a written request to the responsible contracting officer (see 42.901). If the contractor is an AbilityOne Nonprofit Agency, paragraphs (a) through (g) of this section do not apply. The Committee will provide a notice of change to the cognizant contracting officer for execution of an SF-30 in accordance with paragraph (h).

(b) The responsible contracting officer will-

(1) Identify and request that the contractor submit information necessary to evaluate the proposed agreement for recognizing a successor in interest or a name change. This information should include the items identified in 42.903(e) and (f) or 42.904(a), as applicable;

(2) Notify each contract administration office and contracting office affected by a proposed agreement for recognizing a successor in interest, and provide those offices with a list of all affected contracts; and

(3) Request submission of any comments or objections to the proposed transfer within 30 days after notification. Any submission should be accompanied by supporting documentation.

(c) Upon receipt of the necessary information, the responsible contracting officer will determine whether it is in the Government's interest to recognize the proposed successor in interest on the basis of-

(1) The comments received from the affected contract administration offices and contracting offices;

(2) The proposed successor's responsibility under part 9; and

(3) Any factor relating to the proposed successor's performance of Government contracts that the Government determines would impair the proposed successor's ability to perform the contract satisfactorily.

(d) The execution of a novation agreement does not preclude the use of any other method available to the contracting officer to resolve any other issues related to a transfer of contractor assets, including the treatment of costs.

(e) Any separate agreement between the transferor and transferee regarding the assumption of liabilities (e.g., long-term incentive compensation plans, cost accounting standards noncompliances, environmental cleanup costs, and final overhead costs) should be referenced specifically in the novation agreement.

(f) Before novation and change-of-name agreements are executed, the responsible contracting officer must ensure that Government counsel has reviewed them for legal sufficiency.

(g) The responsible contracting officer must-

(1) Forward a signed copy of the executed novation or change-of-name agreement to the transferor and to the transferee and

(2) Retain a signed copy in the case file.

(h) Following distribution of the agreement, the responsible contracting officer must-

(1) Prepare a Standard Form 30, Amendment of Solicitation/Modification of Contract, incorporating a summary of the agreement and attaching a complete list of contracts affected;

(2) Retain the original Standard Form 30 with the attached list in the case file;

(3) Send a signed copy of the Standard Form 30, with attached list to the transferor and to the transferee; and

(4) Send a copy of this Standard Form 30 with attached list to each contract administration office or contracting office involved, which will be responsible for further appropriate distribution.

42.903 Applicability of novation agreements.

(a) 41 U.S.C.6305 prohibits transfer of Government contracts from the contractor to a third party. The Government may, when in its interest, recognize a third party as the successor in interest to a Government contract when the third party's interest in the contract arises out of the transfer of-

(1) All the contractor's assets; or

(2) The entire portion of the assets involved in performing the contract. (See part 14 for the effect of novation agreements after bid opening but before award.) Examples of such transactions include, but are not limited to-

(i) Sale of these assets with a provision for assuming liabilities;

(ii) Transfer of these assets incident to a merger or corporate consolidation; and

(iii) Incorporation of a proprietorship or partnership, or formation of a partnership.

(b) A novation agreement is unnecessary when there is a change in the ownership of a contractor as a result of a stock purchase, with no legal change in the contracting party, and when that contracting party remains in control of the assets and is the party performing the contract. However, whether there is a purchase of assets or a stock purchase, there may be issues related to the change in ownership that appropriately should be addressed in a formal agreement between the contractor and the Government (see 42.902(e)).

(c) When it is in the Government's interest not to concur in the transfer of a contract from one company to another company, the original contractor remains under contractual obligation to the Government, and the contract may be terminated for reasons of default, should the original contractor not perform.

(d) When considering whether to recognize a third party as a successor in interest to Government contracts, the responsible contracting officer must identify and evaluate any significant organizational conflicts of interest in accordance with part 9. If the responsible contracting officer determines that a conflict of interest cannot be resolved but approving the novation request is in the Government's interest, a waiver request may be submitted in accordance with part 9.

(e) When a contractor asks the Government to recognize a successor in interest, the contractor must submit to the responsible contracting officer three signed copies of the proposed novation agreement and one copy each, as applicable, of the following:

(1) The document describing the proposed transaction, e.g., purchase or sale agreement or memorandum of understanding.

(2) A list of all affected contracts between the transferor and the Government, as of the date of sale or transfer of assets, showing for each, as of that date, the-

(i) Contract number and type;

(ii) Name and address of the contracting office;

(iii) Total dollar value, as amended; and

(iv) Approximate remaining unpaid balance.

(3) Evidence of the transferee's capability to perform.

(4) Any other relevant information requested by the responsible contracting officer.

(f) Except as provided in paragraph (g) of this section, the contractor must submit to the responsible contracting officer one copy of each of the following documents, as applicable, as the documents become available:

(1) An authenticated copy of the instrument effecting the transfer of assets (e.g., bill of sale, certificate of merger, contract, deed, agreement, or court decree).

(2) A certified copy of each resolution of the corporate parties' boards of directors authorizing the transfer of assets.

(3) A certified copy of the minutes of each corporate party's stockholder meeting necessary to approve the transfer of assets.

(4) An authenticated copy of the transferee's certificate and articles of incorporation, if a corporation was formed for the purpose of receiving the assets involved in performing the Government contracts.

(5) The opinion of legal counsel for the transferor and transferee stating that the transfer was properly effected under applicable law and the effective date of transfer.

(6) Balance sheets of the transferor and transferee as of the dates immediately before and after the transfer of assets, audited by independent accountants.

(7) Evidence that any security clearance requirements have been met.

(8) The consent of sureties on all contracts listed under paragraph (e)(2) of this section if bonds are required, or a statement from the transferor that none are required.

(g) If the Government has acquired the documents during its participation in the pre-merger or pre-acquisition review process, or the Government's interests are adequately protected with an alternative formulation of the information, the responsible contracting officer may modify the list of documents to be submitted by the contractor.

(h) When recognizing a successor in interest to a Government contract is consistent with the Government's interest, the responsible contracting officer must execute a novation agreement with the transferor and the transferee. It must ordinarily provide in part that-

(1) The transferee assumes all the transferor's obligations under the contract;

(2) The transferor waives all rights under the contract against the Government;

(3) The transferor guarantees performance of the contract by the transferee (a satisfactory performance bond may be accepted instead of the guarantee); and

(4) Nothing in the agreement will relieve the transferor or transferee from compliance with any Federal law.

(i) The responsible contracting officer must use the following format for agreements when the transferor and transferee are corporations, and all the transferor's assets are transferred. This format may be adapted to fit specific cases and may be used as a guide in preparing similar agreements for other situations.

NOVATION AGREEMENT

The ABC CORPORATION (Transferor), a corporation duly organized and existing under the laws of ________ [*insert State*] with its principal office in ________ [*insert city*]; the XYZ CORPORATION (Transferee), [*if appropriate add "formerly known as the EFG Corporation"*] a corporation duly organized and existing under the laws of ________ [*insert State*] with its principal office in ________ [*insert city*]; and the UNITED STATES OF AMERICA (Government) enter into this Agreement as of ________ [*insert the date transfer of assets became effective under applicable State law*].

(a) THE PARTIES AGREE TO THE FOLLOWING FACTS:

(1) The Government, represented by various Contracting Officers of the ________ [*insert name(s) of agency(ies)*], has entered into certain contracts with the Transferor, namely: ________ [*insert contract or purchase order identifications*]; [*or delete "namely" and insert "as shown in the attached list marked 'Exhibit A' and incorporated in this Agreement by reference."*]. The term *the contracts,* as used in this Agreement, means the above contracts and purchase orders and all other contracts and purchase orders, including all modifications, made between the Government and the Transferor before the effective date of this Agreement (whether or not performance and payment have been completed and releases executed if the Government or the Transferor has any remaining rights, duties, or obligations under these contracts and purchase orders). Included in the term *the contracts* are also all modifications made under the terms and conditions of these contracts and purchase orders between the Government and the Transferee, on or after the effective date of this Agreement.

(2) As of ________, 20__, the Transferor has transferred to the Transferee all the assets of the Transferor by virtue of a ________ [*insert term descriptive of the legal transaction involved*] between the Transferor and the Transferee.

(3) The Transferee has acquired all the assets of the Transferor by virtue of the above transfer.

(4) The Transferee has assumed all obligations and liabilities of the Transferor under the contracts by virtue of the above transfer.

(5) The Transferee is in a position to fully perform all obligations that may exist under the contracts.

(6) It is consistent with the Government's interest to recognize the Transferee as the successor party to the contracts.

(7) Evidence of the above transfer has been filed with the Government.

[*When a change of name is also involved; e.g., a prior or concurrent change of the Transferee's name, an appropriate statement shall be inserted (see example in paragraph (8) below)*].

(8) A certificate dated ________, 20__, signed by the Secretary of State of ________ [*insert State*], to the effect that the corporate name of EFG CORPORATION was changed to XYZ CORPORATION on ________, 20__, has been filed with the Government.

(b) IN CONSIDERATION OF THESE FACTS, THE PARTIES AGREE THAT BY THIS AGREEMENT—

(1) The Transferor confirms the transfer to the Transferee, and waives any claims and rights against the Government that it now has or may have in the future in connection with the contracts.

(2) The Transferee agrees to be bound by and to perform each contract in accordance with the conditions contained in the contracts. The Transferee also assumes all obligations and liabilities of, and all claims against, the Transferor under the contracts as if the Transferee were the original party to the contracts.

(3) The Transferee ratifies all previous actions taken by the Transferor with respect to the contracts, with the same force and effect as if the action had been taken by the Transferee.

(4) The Government recognizes the Transferee as the Transferor's successor in interest in and to the contracts. The Transferee by this Agreement becomes entitled to all rights, titles, and interests of the Transferor in and to the contracts as if the Transferee were the original party to the contracts. Following the effective date of this Agreement, the term *Contractor,* as used in the contracts, shall refer to the Transferee.

(5) Except as expressly provided in this Agreement, nothing in it shall be construed as a waiver of any rights of the Government against the Transferor.

(6) All payments and reimbursements previously made by the Government to the Transferor, and all other previous actions taken by the Government under the contracts, shall be considered to have discharged those parts of the Government's obligations under the contracts. All payments and reimbursements made by the Government after the date of this Agreement in the name of or to the Transferor shall have the same force and effect as if made to the Transferee and shall constitute a complete discharge of the Government's obligations under the contracts, to the extent of the amounts paid or reimbursed.

(7) The Transferor and the Transferee agree that the Government is not obligated to pay or reimburse either of them for, or otherwise give effect to, any costs, taxes, or other expenses, or any related increases, directly or indirectly arising out of or resulting from the transfer or this Agreement, other than those that the Government in the absence of this transfer or Agreement would have been obligated to pay or reimburse under the terms of the contracts.

(8) The Transferor guarantees payment of all liabilities and the performance of all obligations that the Transferee (i) assumes under this Agreement or (ii) may undertake in the future should these contracts be modified under their terms and conditions. The Transferor waives notice of, and consents to, any such future modifications.

(9) The contracts shall remain in full force and effect, except as modified by this Agreement. Each party has executed this Agreement as of the day and year first above written.

42.904 Agreement to recognize contractor's change of name.

(a) If only a change of the contractor's name is involved and the Government's and contractor's rights and obligations remain unaffected, the parties must execute an agreement to reflect the name change. The contractor must forward to the responsible contracting officer three signed copies of the Change-of-Name Agreement, and one copy each of the following:

(1) The document effecting the name change, authenticated by a proper official of the State having jurisdiction.

(2) The opinion of the contractor's legal counsel stating that the change of name was properly effected under applicable law and showing the effective date.

(3) A list of all affected contracts and purchase orders remaining unsettled between the contractor and the Government, showing for each the contract number and type, and name and address of the contracting office. The contracting officer may request the total dollar value as amended and the remaining unpaid balance for each contract.

(b) The following suggested format for an agreement may be adapted for specific cases:

Change-of-Name Agreement

The ABC CORPORATION (Contractor), a corporation duly organized and existing under the laws of ______ [*insert State*], and the UNITED STATES OF AMERICA (Government), enter into this Agreement as of ________ [*insert date when the change of name became effective under applicable State law*].

(a) THE PARTIES AGREE TO THE FOLLOWING FACTS:

(1) The Government, represented by various Contracting Officers of the ________ [*insert name(s) of agency(ies)*], has entered into certain contracts and purchase orders with the XYZ CORPORATION, namely: ________ [*insert contract or purchase order identifications*]; [*or delete "namely" and insert "as shown in the attached list marked 'Exhibit A' and incorporated in this Agreement by reference."*]. The term the contracts, as used in this Agreement, means the above contracts and purchase orders and all other contracts and purchase orders, including all modifications, made by the Government and the Contractor before the effective date of this Agreement (whether or not performance and payment have been completed and releases executed if the Government or the Contractor has any remaining rights, duties, or obligations under these contracts and purchase orders).

(2) The XYZ CORPORATION, by an amendment to its certificate of incorporation, dated ________, 20__, has changed its corporate name to ABC CORPORATION.

(3) This amendment accomplishes a change of corporate name only and all rights and obligations of the Government and of the Contractor under the contracts are unaffected by this change.

(4) Documentary evidence of this change of corporate name has been filed with the Government.

(b) IN CONSIDERATION OF THESE FACTS, THE PARTIES AGREE THAT—

(1) The contracts covered by this Agreement are amended by substituting the name "ABC CORPORATION" for the name "XYZ CORPORATION" wherever it appears in the contracts; and

(2) Each party has executed this Agreement as of the day and year first above written.

Subpart 42.10 - Suspension of Work, Stop-Work Orders, and Government Delay of Work

42.1001 General.

Situations may occur during contract performance that cause the Government to order a suspension of work or result in a work stoppage.

42.1002 Suspension of work.

A suspension of work under a construction or architect-engineer contract may be ordered by the contracting officer for a reasonable period of time. If the suspension is unreasonable, the contractor may submit a written claim for increases in the cost of performance, excluding profit.

42.1003 Stop-work orders.

(a) Stop-work orders may be used, when appropriate, in any negotiated fixed-price or cost-reimbursement supply, research and development, or service contract if work stoppage may be required for reasons such as advancement in the state-of-the-art, production or engineering breakthroughs, or realignment of programs.

(b) Generally, a stop-work order will be issued only if it is advisable to suspend work pending a decision by the Government and a supplemental agreement providing for the suspension is not feasible. Issuance of a stop-work order must be approved at a level higher than the contracting officer. Stop-work orders will not be used in place of a termination notice after a decision to terminate has been made.

(c) Stop-work orders should include-

(1) A description of the work to be suspended;

(2) Instructions concerning the contractor's issuance of further orders for materials or services;

(3) Guidance to the contractor on action to be taken on any subcontracts; and

(4) Other suggestions to the contractor for minimizing costs.

(d) Promptly after issuing the stop-work order, the contracting officer should discuss the stop-work order with the contractor and modify the order, if necessary, in light of the discussion.

(e) As soon as feasible after a stop-work order is issued, but before its expiration, the contracting officer must take appropriate action to-

(1) Terminate the contract;

(2) Cancel the stop-work order (any cancellation of a stop-work order is subject to the same approvals as were required for its issuance); or

(3) Extend the period of the stop-work order if it is necessary and if the contractor agrees (any extension of the stop-work order must be done by a supplemental agreement).

42.1004 Government delay of work.

(a) The clause at 52.242-17, Government Delay of Work, provides for the administrative settlement of contractor claims that arise from delays and interruptions in the contract work caused by the acts, or failures to act, of the contracting officer. This clause is not applicable if the contract otherwise specifically provides for an equitable adjustment because of the delay or interruption, e.g., when the Changes clause is applicable.

(b) The clause does not authorize the contracting officer to order a suspension, delay, or interruption of the contract work and it must not be used as the basis or justification of such an order.

(c) If the contracting officer has notice of an unordered delay or interruption covered by the clause, the contracting officer must act to end the delay or take other appropriate action as soon as practicable.

(d) The contracting officer must retain in the file a record of all negotiations leading to any adjustment made under the clause, and related certified cost or pricing data, or data other than certified cost or pricing data.

42.1005 Contract clauses.

(a) Insert the clause at 52.242-14, Suspension of Work, in solicitations and contracts when a fixed-price construction or architect-engineer contract is contemplated. Contracting officers may reduce the 90-day period in the clause, as appropriate.

(b) (1) The contracting officer may, when contracting by negotiation, insert the clause at 52.242-15, Stop-Work Order, in solicitations and contracts for supplies, services, or research and development. Contracting officers may reduce the 90-day period in the clause, as appropriate.

(2) If a cost-reimbursement contract is contemplated, use the clause with its Alternate I.

(c) Insert the clause at 52.242-17, Government Delay of Work, in solicitations and contracts when a fixed-price contract is contemplated for supplies other than commercial or modified-commercial products. The clause use is optional when a fixed-price contract is contemplated for services, or for supplies that are commercial or modified-commercial products.

Subpart 42.11 - Contractor Performance Information

42.1100 Scope of subpart.

This subpart provides policies and establishes responsibilities for recording and maintaining contractor performance information.

42.1101 General.

(a) Past performance information (including the ratings and supporting narratives) is relevant information, for future purposes, regarding a contractor's actions under previously awarded contracts or orders. It includes, for example, the contractor's record of-

(1) Conforming to requirements and to standards of good workmanship;

(2) Forecasting and controlling costs;

(3) Adherence to schedules, including the administrative aspects of performance;

(4) Reasonable and cooperative behavior and commitment to customer satisfaction;

(5) Complying with the requirements of the small business subcontracting plan (see part 19), including:

(i) Favorable consideration of a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9) that subcontracts to its protégé, and

(ii) That protégé is a covered territory business or that protégé's principal office is located in the Commonwealth of Puerto Rico (see 15 U.S.C. 632(ff));

(6) Reporting into databases (see part 4, and reporting requirements in the solicitation provisions and clauses referenced in part 9);

(7) Integrity and business ethics (see part 9); and

(8) Business-like concern for the interest of the customer.

(b) Agencies must monitor their compliance with the past performance evaluation requirements (see 42.1102) and use the Contractor Performance Assessment Reporting System (CPARS) metric tools to measure the quality and timely reporting of past performance information. CPARS is the official source for past performance information.

42.1102 Policy.

(a) *General.* Past performance evaluations must be prepared at least annually and at the time the work under a contract or order is completed. Interim evaluations are permissible.

(1) Past performance evaluations are required for contracts and orders as specified in paragraphs (b) through (f) of this section, including contracts and orders performed outside the United States.

(2) Past performance evaluations are completed for the entity, division, or unit that performed the contract or order.

(3) Agencies must enter past performance information into CPARS, the Governmentwide evaluation reporting tool for all past performance reports on contracts and orders. Instructions for submitting evaluations into CPARS are available at *http://www.cpars.gov/.*

(b) *Contracts.*

(1) Except as provided in paragraphs (e), (f), and (h) of this section, agencies must prepare evaluations of contractor performance for each contract and order that exceeds the simplified acquisition threshold and for each order that exceeds the simplified acquisition threshold.

(2) Agencies must prepare an evaluation if a modification to the contract causes the dollar amount to exceed the simplified acquisition threshold.

(c) *Orders under multiple-agency contracts.*

(1) Agencies must prepare an evaluation of contractor performance for each order that exceeds the simplified acquisition threshold that placed under a Federal Supply Schedule contract or placed under a task-order contract, or a delivery-order contract awarded by another agency (*i.e.,* Governmentwide acquisition contract or multi-agency contract).

(2)

(i) Agencies placing orders under their own multiple-agency contract must prepare evaluations for their own orders. This evaluation must not consider the requirements under paragraph (g) of this section.

(ii) Agencies must prepare an evaluation if a modification to an order causes the value to exceed the simplified acquisition threshold.

(d) *Orders under single-agency contracts.* For single-agency task-order and delivery-order contracts, the contracting officer may require performance evaluations for each order in excess of the simplified acquisition threshold when such evaluations would produce more meaningful past performance information for source selection officials than that contained in the overall contract evaluation (e.g., when the scope of the basic contract is very broad and the nature of individual orders could be significantly different). This evaluation does not have to consider the requirements under paragraph (g) of this section unless the contracting officer deems it appropriate.

(e) *Construction contracts*. Agencies must prepare past performance evaluations for each construction contract of $900,000 or more, and for each construction contract terminated for default regardless of contract value. Past performance evaluations may also be prepared for construction contracts below $900,000.

(f) *Architect-engineer services contracts*. Past performance evaluations must be prepared for each architect-engineer services contract of $45,000 or more, and for each architect-engineer services contract that is terminated for default regardless of contract value. Past performance evaluations may also be prepared for architect-engineer services contracts below $45,000.

(g) *Content*. Past performance evaluations must include an assessment of the contractor's—

(1) Performance against, and efforts to achieve, the goals identified in the small business subcontracting plan when the contract includes the clause at 52.219-9, Small Business Subcontracting Plan; and

(2) Reduced or untimely payments (as defined in part 19), made to small business subcontractors, determined by the contracting officer to be unjustified. The contracting officer must—

(i) Consider and evaluate a contractor's written explanation for a reduced or an untimely payment when determining whether the reduced or untimely payment is justified; and

(ii) Determine that a history of unjustified reduced or untimely payments has occurred when the contractor has reported three or more occasions of unjustified reduced or untimely payments under a single contract within a 12-month period (see 42.1503(h)(1)(vi) and the evaluation ratings in Table 42-2). The following payment or nonpayment situations are not considered to be unjustified:

(A) There is a contract dispute on performance.

(B) A partial payment is made for amounts not in dispute.

(C) A payment is reduced due to past overpayments.

(D) There is an administrative mistake.

(E) Late performance by the subcontractor leads to later payment by the prime contractor.

(h) Agencies must promptly report other contractor information in accordance with 42.1103(g).

42.1103 Procedures.

(a) (1) Agencies must assign responsibility and management accountability for the completeness of past performance submissions. Agency procedures for the past performance evaluation system must—

(i) Generally, provide for input to the evaluations from the technical office, contracting office, program management office, and, where appropriate, quality assurance and end users of the product or service;

(ii) Identify and assign past performance evaluation roles and responsibilities to those individuals responsible for preparing and reviewing interim evaluations, if prepared, and final evaluations (e.g., contracting officers, contracting officer representatives, project managers, and program managers). Those individuals identified may obtain information for the evaluation of performance from the program office, administrative contracting office, audit office, end users of the product or service, and any other technical or business advisor, as appropriate; and

(iii) Address management controls and appropriate management reviews of past performance evaluations, to include accountability for documenting past performance on CPARS.

(b) (1) (i) The evaluation must include a clear, non-technical description of the principal purpose of the contract or order.

(ii) The evaluation must reflect how the contractor performed.

(iii) The evaluation must include clear relevant information that accurately depicts the contractor's performance and be based on objective facts supported by program and contract or order performance data.

(iv) Tailor each evaluation to the contract type, size, content, and complexity of the contractual requirements.

(2) Evaluation factors for each assessment must include, at a minimum, the following:

(i) Technical (quality of product or service);

(ii) Cost control (not applicable for firm-fixed-price or fixed-price with economic price adjustment arrangements);

(iii) Schedule/timeliness;

(iv) Management or business relations;

(v) Small business subcontracting, including reduced or untimely payments to small business subcontractors when part 19 requires a subcontracting plan (as applicable, see Table 42-2); and

(vi) Other (as applicable) (e.g., trafficking violations, tax delinquency, failure to report in accordance with contract terms and conditions, defective cost or pricing data, terminations, suspension and debarments, and failure to comply with limitations on subcontracting).

(3) Evaluation factors may include subfactors.

(4) Each factor and subfactor used must be evaluated and a supporting narrative provided. Each evaluation factor, as listed in this paragraph ((b)(2)), must be rated in accordance with a five-scale rating system (*i.e.,* exceptional, very good, satisfactory, marginal, and unsatisfactory). The ratings and narratives must reflect the definitions in the tables 42-1 or 42-2 of this section.

(c) (1) When the contract provides for incentive fees, the incentive-fee contract performance evaluation must be entered into CPARS.

(2) When the contract provides for award fee, the award fee-contract performance adjectival rating as described in part 16 must be entered into CPARS.

(d) (1) Agency evaluations of contractor performance, including both negative and positive evaluations, prepared under this subpart must be provided to the contractor as soon as practicable after completion of the evaluation. The contractor will receive a CPARS-system generated notification when an evaluation is ready for comment.

(2) Contractors must be afforded up to 14 calendar days from the date of notification of availability of the past performance evaluation to submit comments, rebutting statements, or additional information.

(3) While the evaluation is an agency decision, agencies must provide for review at a level above the contracting officer in the event of disagreements between the parties.

(4) Evaluations of contractor performance developed on contracts awarded prior to April 1, 2026 should be marked "Source Selection Information."

(5) Evaluations used in determining award or incentive fee payments may also be used to satisfy the requirements of this subpart.

(6) Agencies must provide a copy of the annual or final past performance evaluation to the contractor as soon as it is finalized.

(e) (1) Agencies must prepare and submit all past performance evaluations electronically in CPARS at *https://www.cpars.gov* .

(2) The agency must make the past performance evaluation, including any contractor response, including any contractor-submitted information (with indication whether agency review is pending), available to source selection officials in the CPARS system within 14 days after the contractor notification of the evaluation's availability for comment.

(3) Contractors must be given 14 calendar days from notification to submit comments, rebutting statements, or additional information.

(4) The Government must update CPARS with any contractor comments provided within the 14-day timeframe given to contractors in this paragraph (e), as well as any subsequent agency review of comments received.

(5) Past performance evaluations for classified contracts and special access programs must not be reported in CPARS but will be reported as stated in this subpart and in accordance with agency procedures.

(6) Agencies must ensure that appropriate management and technical controls are in place to ensure that only authorized personnel have access to the data and the information safeguarded in accordance with paragraph (d) of this section.

(f) Agencies must use the past performance information in CPARS that is within 3 years (6 years for construction and architect-engineer contracts) of the completion of performance of the evaluated contract or order, and information contained in responsibility/qualification reports in the System Award Management (SAM), at SAM.gov, e.g., terminations for default or cause.

(g) (1) Agencies use integrity records to support responsibility determinations, as addressed in part 9. Agencies must ensure information is accurately reported in the FAPIIS module of CPARS within 3 calendar days after a contracting officer —

(i) Issues a final determination that a contractor has submitted defective cost or pricing data;

(ii) Makes a subsequent change to the final determination concerning defective cost or pricing data pursuant to part 15;

(iii) Issues a final termination for cause or default notice;

(iv) Makes a subsequent withdrawal or a conversion of a termination for default to a termination for convenience;

(v) Receives a final determination after an administrative proceeding, in accordance with part 22, that substantiates an allegation of a violation of the trafficking in persons prohibitions in part 22 and 52.222-50(b); or

(vi) Determines that a contractor has a history of three or more unjustified reduced or untimely payments to small business subcontractors under a single contract within a 12-month period (see 42.1102(g)(2)).

(2) The information posted in accordance with this paragraph (g) is information relating to contractor performance but does not constitute a "past performance review", which would be exempted from public availability in accordance with section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111-212). Therefore, all such information posted in FAPIIS will be publicly available, unless covered by a disclosure exemption under the Freedom of Information Act (see part 9).

(3) Agencies must establish CPARS focal points who will register users to report data into the FAPIIS module of CPARS (available at *https://www.cpars.gov)*.

(4) The contracting officer must follow the procedures in part 9 when handling information that may be covered by a disclosure exemption under the Freedom of Information Act.

TABLE 42-1—EVALUATION RATINGS DEFINITIONS

Rating	Definition	Note
(a) Exceptional	Performance meets contractual requirements and exceeds many to the Government's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the Government. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been NO significant weaknesses identified.
(b) Very Good	Performance meets contractual requirements and exceeds some to the Government's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with some minor problems for which corrective actions taken by the contractor were effective	To justify a Very Good rating, identify a significant event and state how it was a benefit to the Government. There should have been no significant weaknesses identified.
(c) Satisfactory	Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor recovered from without impact to the contract/order. There should have been NO significant weaknesses identified. A fundamental principle of assigning ratings is that contractors will not be evaluated with a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.

TABLE 42-1—EVALUATION RATINGS DEFINITIONS

Rating	Definition	Note
(d) Marginal	Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being evaluated reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor's proposed actions appear only marginally effective or were not fully implemented	To justify Marginal performance, identify a significant event in each category that the contractor had trouble overcoming and state how it impacted the Government. A Marginal rating should be supported by referencing the management tool that notified the contractor of the contractual deficiency (e.g., management, quality, safety, or environmental deficiency report or letter).
(e) Unsatisfactory	Performance does not meet most contractual requirements, and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains a serious problem(s) for which the contractor's corrective actions appear or were ineffective	To justify an Unsatisfactory rating, identify multiple significant events in each category that the contractor had trouble overcoming and state how it impacted the Government. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the contractor of the contractual deficiencies (e.g., management, quality, safety, or environmental deficiency reports, or letters).

Note 1: Plus or minus signs may be used to indicate an improving (+) or worsening (−) trend insufficient to change the evaluation status.

Note 2: N/A (not applicable) should be used if the ratings are not going to be applied to a particular area for evaluation.

TABLE 42-2—EVALUATION RATINGS DEFINITIONS

[For the small business subcontracting evaluation factor, when 52.219-9 is used]

Rating	Definition	Note
(a) Exceptional	Exceeded all statutory goals or goals as negotiated. Had exceptional success with initiatives to assist, promote, and utilize small business (SB), small disadvantaged business (SDB), women-owned small business (WOSB), HUBZone small business, veteran-owned small business (VOSB) and service disabled veteran owned small business (SDVOSB). Complied with FAR 52.219-8, Utilization of Small Business Concerns. Exceeded any other small business participation requirements incorporated in the contract/order, including the use of small businesses in mission critical aspects of the program. Went above and beyond the required elements of the subcontracting plan and other small business requirements of the contract/order. Completed and submitted Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate and timely manner. Did not have a history of three or more unjustified reduced or untimely payments to small business subcontractors within a 12-month period.	To justify an Exceptional rating, identify multiple significant events and state how they were a benefit to small business utilization. A singular benefit, however, could be of such magnitude that it constitutes an Exceptional rating. Small businesses should be given meaningful and innovative work directly related to the contract, and opportunities should not be limited to indirect work such as cleaning offices, supplies, landscaping, etc. Also, there should have been no significant weaknesses identified.

TABLE 42-2—EVALUATION RATINGS DEFINITIONS

[For the small business subcontracting evaluation factor, when 52.219-9 is used]

Rating	Definition	Note
(b) Very Good	Met all of the statutory goals or goals as negotiated. Had significant success with initiatives to assist, promote and utilize SB, SDB, WOSB, HUBZone, VOSB, and SDVOSB. Complied with FAR 52.219-8, Utilization of Small Business Concerns. Met or exceeded any other small business participation requirements incorporated in the contract/order, including the use of small businesses in mission critical aspects of the program. Endeavored to go above and beyond the required elements of the subcontracting plan. Completed and submitted Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate and timely manner. Did not have a history of three or more unjustified reduced or untimely payments to small business subcontractors within a 12-month period.	To justify a Very Good rating, identify a significant event and state how it was a benefit to small business utilization. Small businesses should be given meaningful and innovative opportunities to participate as subcontractors for work directly related to the contract, and opportunities should not be limited to indirect work such as cleaning offices, supplies, landscaping, etc. There should be no significant weaknesses identified.
(c) Satisfactory	Demonstrated a good faith effort to meet all of the negotiated subcontracting goals in the various socio-economic categories for the current period. Complied with FAR 52.219-8, Utilization of Small Business Concerns. Met any other small business participation requirements included in the contract/order. Fulfilled the requirements of the subcontracting plan included in the contract/order. Completed and submitted Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate and timely manner. Did not have a history of three or more unjustified reduced or untimely payments to small business subcontractors within a 12-month period.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor has addressed or taken corrective action. There should have been no significant weaknesses identified. A fundamental principle of assigning ratings is that contractors will not be assessed a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.

TABLE 42-2—EVALUATION RATINGS DEFINITIONS

[For the small business subcontracting evaluation factor, when 52.219-9 is used]

Rating	Definition	Note
(d) Marginal	Deficient in meeting key subcontracting plan elements. Deficient in complying with FAR 52.219-8, Utilization of Small Business Concerns, and any other small business participation requirements in the contract/order. Did not submit Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate or timely manner. Failed to satisfy one or more requirements of a corrective action plan currently in place; however, does show an interest in bringing performance to a satisfactory level and has demonstrated a commitment to apply the necessary resources to do so. Required a corrective action plan. Did not have a history of three or more unjustified reduced or untimely payments to small business subcontractors within a 12-month period.	To justify a Marginal rating, identify a significant event that the contractor had trouble overcoming and how it impacted small business utilization. A Marginal rating should be supported by referencing the actions taken by the Government that notified the contractor of the contractual deficiency.
(e) Unsatisfactory	Noncompliant with FAR 52.219-8 and 52.219-9, and any other small business participation requirements in the contract/order. Did not submit Individual Subcontract Reports and/or Summary Subcontract Reports in an accurate or timely manner. Showed little interest in bringing performance to a satisfactory level or is generally uncooperative. Required a corrective action plan. Had a history of three or more unjustified reduced or untimely payments to small business subcontractors within a 12-month period.	To justify an Unsatisfactory rating, identify multiple significant events that the contractor had trouble overcoming and state how it impacted small business utilization. A singular problem, however, could be of such serious magnitude that it alone constitutes an Unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the actions taken by the Government to notify the contractor of the deficiencies. When an Unsatisfactory rating is justified, the contracting officer must consider whether the contractor made a good faith effort to comply with the requirements of the subcontracting plan required by FAR 52.219-9 and follow the procedures outlined in FAR 52.219-16, Liquidated Damages-Subcontracting Plan.

Note 1: Plus or minus signs may be used to indicate an improving (+) or worsening (-) trend insufficient to change evaluation status.

Note 2: Zero percent is not a goal unless the contracting officer determined when negotiating the subcontracting plan that no subcontracting opportunities exist in a particular socio-economic category. In such cases, the contractor will be considered to have met the goal for any socio-economic category where the goal negotiated in the plan was zero.

42.1104 Contract clause.

Insert the clause at 52.242-5, Payments to Small Business Subcontractors, in all solicitations and contracts containing the clause at 52.219-9, Small Business Subcontracting Plan.

This page intentionally left blank.

Subpart 42.12 - Small Business Contract Administration

42.1201 General.

The contracting officer must make every reasonable effort to respond in writing within 30 days to any written request to the contracting officer from a small business concern regarding a contract administration matter. In the event the contracting officer cannot respond to the request within the 30-day period, the contracting officer must, within the period, communicate to the contractor a written notification of the specific date the contracting officer expects to respond. This provision does not apply to a request for a contracting officer decision under 41 U.S.C. chapter 71, Contract Disputes.

This page intentionally left blank.

Subpart 42.13 - Forward Pricing Rate Agreements

42.1301 Procedures.

(a) The contracting officer, administrative contracting officer (ACO), or the contractor may initiate a request for a forward pricing rate agreement (FPRA). Normally, FPRAs are negotiated only with contractors having a significant volume of Government contract proposals. The cognizant Federal agency should determine whether to establish an FPRA by considering whether the benefits to be derived from the agreement are commensurate with the effort of establishing and monitoring it.

(b) The ACO must obtain the contractor's forward pricing rate proposal and require that it include cost or pricing data that are accurate, complete, and current as of the date of submission, but must not require a certification (see part 15). The ACO must invite the cognizant contract auditor and contracting offices having a significant interest to participate in developing a Government objective and in the negotiations. Upon completing negotiations, the ACO must prepare a price negotiation memorandum (PNM) (see part 15) and forward copies of the PNM and FPRA to the cognizant auditor and to all contracting offices that are known to be affected by the FPRA.

(c) The FPRA must provide specific terms and conditions covering expiration, application, and data requirements for systematic monitoring to ensure the validity of the rates. The agreement must provide for cancellation at the choice of either party and must require the contractor to submit to the ACO and to the cognizant contract auditor any significant change in cost or pricing data used to support the FPRA.

(d) When an FPRA is invalid, the contractor should submit and negotiate a new proposal to reflect the changed conditions. If an FPRA has not been established or has been invalidated, the ACO will issue a forward pricing rate recommendation (FPRR) to buying activities with documentation to assist negotiators. In the absence of an FPRA or FPRR, the ACO must provide support to the contracting officer for rates utilized.

(e) The ACO may negotiate continuous updates to the FPRA. The FPRA will provide specific terms and conditions covering notification, application, and data requirements for systematic monitoring to ensure the validity of the rates.

This page intentionally left blank.

PART 43 - CONTRACT MODIFICATIONS

This page intentionally left blank.

Subpart 43.1 - Postaward

43.100 Scope of part.

This part provides contract modification standards for the workforce to limit risk to the public and government. This part applies to all types of contracts including construction and architect-engineer contracts. This part does not apply to modifications for extraordinary contractual relief (see subpart 50.1).

This page intentionally left blank.

Subpart 43.2 - General

43.201 Definitions.

As used in this part—

Administrative change means a unilateral (see 43.203(b)) contract change, in writing, that does not affect the substantive rights of the parties (e.g., a change in the paying office or the appropriation data).

(1) For a solicitation amendment, change order, or administrative change, the effective date shall be the issue date of the amendment, change order, or administrative change.

(2) For a supplemental agreement, the effective date shall be the date agreed upon by the contracting parties.

(3) For a modification issued as a confirming notice of termination for the convenience of the Government, the effective date of the confirming notice shall be the same as the effective date of the initial notice.

(4) For a modification converting a termination for default to a termination for the convenience of the Government, the effective date shall be the same as the effective date of the termination for default.

(5) For a modification confirming the termination contracting officer's previous letter determination of the amount due in settlement of a contract termination for convenience, the effective date shall be the same as the effective date of the previous letter determination.

43.202 Policy.

(a) Only contracting officers acting within the scope of their authority may execute contract modifications on behalf of the Government. Other Government personnel shall not—

(1) Execute contract modifications;

(2) Act in such a manner as to cause the contractor to believe that they have authority to bind the Government; or

(3) Direct or encourage the contractor to perform work that should be the subject of a contract modification.

(b) Contract modifications, including changes that could be issued unilaterally, shall be priced before their execution if this can be done without adversely affecting the interest of the Government. If a significant cost increase could result from a contract modification and time does not permit negotiation of a price, at least a ceiling price shall be negotiated unless impractical.

43.203 Types of contract modifications.

Contract modifications are of the following types:

(a) *Bilateral.* A bilateral modification (supplemental agreement) is a contract modification that is signed by the contractor and the contracting officer. Bilateral modifications are used to—

(1) Make negotiated equitable adjustments resulting from the issuance of a change order;

(2) Definitize letter contracts; and

(3) Reflect other agreements of the parties modifying the terms of contracts.

(b) *Unilateral.* A unilateral modification is a contract modification that is signed only by the contracting officer. Unilateral modifications are used, for example, to—

(1) Make administrative changes;

(2) Issue change orders;

(3) Make changes authorized by clauses other than a changes clause (*e.g.,* Property clause, Options clause, or Suspension of Work clause); and

(4) Issue termination notices.

43.204 Notification of contract changes.

(a) When a contractor determines that the Government has made or may make a change in the contract that is not in writing and is not signed by the contracting officer, the contractor shall notify the Government in writing as soon as possible. This will permit the Government to evaluate the alleged change and—

(a) Confirm that it is a change, direct the mode of further performance, and plan for its funding;

(b) Countermand the alleged change; or

(c) Notify the contractor that no change is considered to have occurred.

43.205 Availability of funds.

(a) The contracting officer shall not execute a contract modification that causes or will cause an increase in funds without obtaining a certification of fund availability first, except for modifications to contracts that—

(1) Are conditioned on availability of funds (see 32.703-2); or

(2) Contain a limitation of cost or funds clause (see 32.704).

(b) The certification required by paragraph (a) of this section shall be based on the negotiated price, except for modifications executed before agreement on price, which may be based on the best available estimate of cost.

(c) In accordance with 10 U.S.C. 983, do not provide funds by contract or contract modification, or make contract payments, to an institution of higher education that has a policy or practice of hindering Senior Reserve Officer Training Corps units or military recruiting on campus as described at 9.110. The prohibition in this paragraph (c) does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products, including commercially available off-the-shelf items, and commercial services.

43.206 Contract clause.

The contracting officer may insert a clause substantially the same as the clause at 52.243-7, Notification of Changes, in solicitations and contracts. The clause is available for use primarily in negotiated research and development or supply contracts for the acquisition of major weapon systems or principal subsystems. If the contract amount is expected to be less than $1,000,000, the clause shall not be used, unless the contracting officer anticipates that situations will arise where a contractor alleges that the Government has effected changes other than those identified in writing and signed by the contracting officer.

Subpart 43.3 - Change Orders

43.301 General.

(a) Generally, Government contracts contain a changes clause that permits the contracting officer to make unilateral changes, in designated areas, within the scope of the contract. These are accomplished by issuing written change orders on Standard Form 30, Amendment of Solicitation/Modification of Contract (SF 30), unless otherwise provided (see 43.401).

(b) Upon receipt of a change order, the contractor must continue performance of the contract as changed, except for cost-reimbursement or incrementally funded contracts where the contractor is not obligated to continue performance or incur costs beyond the limits established in the Limitation of Cost or Limitation of Funds clause (see 32.706-2).

(c) The contracting officer may issue a change order by electronic means without a SF 30 under unusual or urgent circumstances, *provided* that the message contains substantially the information required by the SF 30 and immediate action is taken to issue the SF 30.

43.302 Authority to issue change orders.

Change orders shall be issued by the contracting officer except when authority is delegated to an administrative contracting officer (see 42.202(c)).

43.303 Change order accounting procedures.

The following categories of direct costs normally are segregable and accountable under the terms of the Change Order Accounting clause at 52.243-6:

(a) Nonrecurring costs such as engineering costs and costs of obsolete or reperformed work.

(b) Costs of added distinct work caused by the change order such as new subcontract work, new prototypes, or new retrofit or backfit kits.

(c) Costs of recurring work such as labor and material costs.

43.304 Administration.

(a) *Change order documentation.* Documentation of unilaterally issued change orders that are later definitized through a bilateral supplement agreement contract modification requires two documents: the initial SF-30 change order and then the subsequent SF-30 supplemental agreement reflecting the resulting equitable adjustment in contract terms. If an equitable adjustment in the contract price or delivery terms or both can be agreed upon in advance, only a bilateral supplemental agreement contract modification (SF-30) need be issued. Administrative changes and change orders issued pursuant to a clause giving the Government a unilateral right to make a change (e.g., an option clause) require only the unilateral SF-30 change order.

(b) *Definitization.*

(1) (i) Contracting officers shall negotiate equitable adjustments resulting from change orders in the shortest practicable time.

(ii) Agencies shall, in accordance with agency procedures, record and maintain data regarding the time required to definitize equitable adjustments associated with change orders for construction. The definitization of an equitable adjustment begins when the contracting officer receives an adequate change order definitization proposal and ends when the contracting officer executes a contractual action to definitize the change order. The contracting officer shall ensure the data is recorded promptly in accordance with agency procedures. See 36.211(b).

(2) The contracting officer shall ensure that an appropriate cost analysis is made in consideration of the contractor's costs of the change.

(c) *Complete and final equitable adjustments.* To avoid subsequent controversies that may result from a supplemental agreement containing an equitable adjustment as the result of a change order, the contracting officer should—

(1) Ensure that all elements of the equitable adjustment have been presented and resolved; and

(2) Include, in the supplemental agreement, a release similar to the following:

CONTRACTOR'S STATEMENT OF RELEASE

In consideration of the modification(s) agreed to herein as complete equitable adjustments for the Contractor's _______ (describe) _________ "proposal(s) for adjustment," the Contractor hereby releases the Government from any and all liability under this contract for further equitable adjustments attributable to such facts or circumstances giving rise to the "proposal(s) for adjustment" (except for ____________).

43.305 Contract clauses.

(a) (1) The contracting officer shall insert the clause at 52.243-1, Changes-Fixed-Price, in solicitations and contracts when a fixed-price contract for supplies is anticipated.

(2) If the requirement is for services, other than architect-engineer or other professional services, and no supplies are to be furnished, the contracting officer shall use the clause with its Alternate I.

(3) If the requirement is for services (other than architect-engineer services, transportation, or research and development) and supplies are to be furnished, the contracting officer shall use the clause with its Alternate II.

(4) If the requirement is for architect-engineer or other professional services, the contracting officer shall use the clause with its Alternate III.

(5) If the requirement is for transportation services, the contracting officer shall use the clause with its Alternate IV.

(6) If it is desired to include the clause in solicitations and contracts when a research and development contract is contemplated, the contracting officer shall use the clause with its Alternate V.

(b) (1) The contracting officer shall insert the clause at 52.243-2, Changes-Cost-Reimbursement, in solicitations and contracts when a cost-reimbursement contract for supplies is contemplated.

(2) If the requirement is for services and no supplies are to be furnished, the contracting officer shall use the clause with its Alternate I.

(3) If the requirement is for services and supplies are to be furnished, the contracting officer shall use the clause with its Alternate II.

(4) If the requirement is for construction, the contracting officer shall use the clause with its Alternate III.

(5) [Reserved]

(6) If it is desired to include the clause in solicitations and contracts when a research and development contract is contemplated, the contracting officer shall use the clause with its Alternate V.

(c) Insert the clause at 52.243-3, Changes-Time-and-Materials or Labor-Hours, in solicitations and contracts when a time-and-materials or labor-hour contract is anticipated. The contracting officer may vary the 30-day period in paragraph (c) of the clause according to agency procedures.

(d) The contracting officer shall insert the clause at 52.243-4, Changes, in solicitations and contracts for-

(1) Dismantling, demolition, or removal of improvements; and

(2) Construction, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold.

(e) The contracting officer shall insert the clause at 52.243-5, Changes and Changed Conditions, in solicitations and contracts for construction, when the contract amount is not expected to exceed the simplified acquisition threshold.

(f) The contracting officer may insert a clause, substantially the same as the clause at 52.243-6, Change Order Accounting, in solicitations and contracts for supply and research and development contracts of significant technical complexity, if numerous changes are anticipated. The clause may be included in solicitations and contracts for construction if deemed appropriate by the contracting officer.

Subpart 43.4 - Forms

43.401 Use of forms.

(a) (1) The Standard Form 30 (SF 30), Amendment of Solicitation/Modification of Contract, shall (except for the options stated in 43.401(a)(2) or actions processed under part 15) be used for—

(i) Any amendment to a solicitation;

(ii) Change orders issued under the Changes clause of the contract;

(iii) Any other unilateral contract modification issued under a contract clause authorizing such modification without the consent of the contractor;

(iv) Administrative changes such as the correction of typographical mistakes, changes in the paying office, and changes in accounting and appropriation data;

(v) Supplemental agreements (see 43.203); and

(vi) Removal, reinstatement, or addition of funds to a contract.

(2) The SF 30 may be used for-

(i) Modifications that change the price of contracts for the acquisition of petroleum as a result of economic price adjustment;

(ii) Termination notices; and

(iii) Purchase order modifications as specified in 13.302-3.

(3) If it is anticipated that a change will result in a price change, the estimated amount of the price change shall not be shown on copies of SF 30 furnished to the contractor.

(b) The Optional Form 336 (OF 336), Continuation Sheet, or a blank sheet of paper, may be used as a continuation sheet for a contract modification.

This page intentionally left blank.

PART 44 - SUBCONTRACTING POLICIES AND PROCEDURES

This page intentionally left blank.

44.000 Scope of part.

(a) This part prescribes policies and procedures for consent to subcontracts or advance notification of subcontracts, and for review and approval of contractors' purchasing systems.

(b) The consent and advance notification requirements of subpart 44.2 do not apply to prime contracts for commercial products or commercial services.

44.001 Definitions.

As used in this part—

Contractor means the total contractor organization or a separate entity of it, such as an affiliate, division, or plant, that performs its own purchasing.

Contractor purchasing system review (CPSR) means the complete assessment of a contractor's purchasing of material and services, subcontracting, and subcontract management from developing the requirement through completing subcontract performance.

Subcontract means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

Subpart 44.1 - [Reserved]

This page intentionally left blank.

Subpart 44.2 - Evaluation and award

44.201 Consent to subcontracts and requirements for advance notice.

44.201-1 Consent requirements.

(a) If the contractor has an approved purchasing system, consent is required for subcontracts specifically identified by the contracting officer in paragraph (d) of 52.244-2, Subcontracts. The contracting officer may require consent to subcontract to protect the Government because of the subcontract type, complexity, or value, or because the subcontract needs special surveillance.

(b) If the contractor does not have an approved purchasing system, consent to subcontract is required for certain subcontracts identified in paragraph (c) of 52.244-2, Subcontracts.

44.201-2 Advance notification requirements.

Under cost-reimbursement contracts, the contractor is required by statute to notify the contracting officer as follows:

(a) For the Department of Defense, the Coast Guard, and the National Aeronautics and Space Administration, unless the contractor maintains an approved purchasing system, 10 U.S.C. 3322(c) requires notification before the award of any cost-plus-fixed-fee subcontract, or any fixed-price subcontract that exceeds the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(b) For civilian agencies other than the Coast Guard and the National Aeronautics and Space Administration, even if the contractor has an approved purchasing system, 41 U.S.C. 3905 requires notification before the award of any cost-plus-fixed-fee subcontract, or any fixed-price subcontract that exceeds either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

44.201-3 Contracting officer's responsibilities.

(a) The contracting officer responsible for consent (see part 42 regarding delegation) must review the contractor's notification (*i.e.*, request to subcontract) and supporting data to ensure that the proposed subcontract is appropriate for the risks involved and consistent with current policy and sound business judgment.

(b) Careful and thorough review and consideration of the request to subcontract is necessary when—

(1) The contractor's purchasing system or performance is inadequate;

(2) Close working relationships or ownership affiliations between the contactor and subcontractor may preclude free competition or result in higher prices;

(3) Subcontracts are proposed for award on a noncompetitive basis, at prices that appear to be unreasonable, or at higher prices than those offered to the Government in comparable circumstances; or

(4) Subcontracts are proposed on a cost-reimbursement, time-and-materials, or labor-hour basis.

(c) If the advance notification or consent requirements were satisfied for certain subcontracts evaluated during negotiations, the contracting officer must identify those subcontracts in paragraph (j) of the clause at 52.244-2.

44.201-4 Consent limitations.

(a) The contracting officer's consent to a subcontract or approval of the contractor's purchasing system does not constitute a determination of the acceptability of the subcontract terms or price, or of the allowability of costs, unless the consent or approval specifies otherwise.

(b) Contracting officers must not consent to—

(1) Cost-reimbursement subcontracts if the fee exceeds the fee limitations in part 15;

(2) Subcontracts providing for payment on a cost-plus-a-percentage-of-cost basis;

(3) Subcontracts obligating the contracting officer to deal directly with the subcontractor; or

(4) Subcontracts that make the results of arbitration, judicial determination, or voluntary settlement between the prime contractor and subcontractor binding on the Government.

44.201-5 Contract clauses.

(a) (1) Insert the clause at 52.244-2, Subcontracts, in solicitations and contracts when contemplating—

(i) A cost-reimbursement contract;

(ii) A labor-hour, time-and-materials, or letter contract that exceeds the simplified acquisition threshold; or

(iii) A fixed-price contract that exceeds the simplified acquisition threshold under which unpriced contract actions (including unpriced modifications or unpriced delivery orders) are anticipated.

(2) If a cost-reimbursement contract is planned, for civilian agencies other than the Coast Guard and the National Aeronautics and Space Administration, use the clause with its Alternate I.

(3) Use of this clause is not required in—

(i) Fixed-price architect-engineer contracts; or

(ii) Contracts for mortuary services, refuse services, or shipment and storage of personal property, when an agency-prescribed clause on approval of subcontractors' facilities is required.

(b) The contracting officer may insert the clause at 52.244-4, Subcontractors and Outside Associates and Consultants (Architect-Engineer Services), in architect-engineer contracts.

(c) When contracting by negotiation, insert the clause at 52.244-5, Competition in Subcontracting, in solicitations and contracts when the contract amount is expected to exceed the simplified acquisition threshold, unless—

(1) A firm-fixed-price contract, awarded on the basis of adequate price competition or whose prices are set by law or regulation, is planned; or

(2) A time-and-materials, labor-hour, or architect-engineer contract is planned.

Subpart 44.3 - Postaward

44.301 Contractors' purchasing systems reviews.

44.301-1 Objective.

The objective of a contractor purchasing system review (CPSR) is to assess the efficiency and effectiveness with which the contractor spends Government funds and complies with Government policy when subcontracting. The review provides the basis for granting, withholding, or withdrawing approval of the contractor's purchasing system.

44.301-2 Requirements.

(a) The responsible contracting officer (see part 42 regarding delegation) must determine if a CPSR is needed based on factors such as the past performance of the contractor, and the volume, complexity and dollar value of subcontracts.

(b) If a determination is made under paragraph (a) to conduct a CPSR, at least every three years the contracting officer must determine whether a CPSR is needed.

(c) The contracting officer must monitor a contract to ensure that the contractor is effectively managing its purchasing program.

(d) Surveillance must be accomplished in accordance with a plan developed by the contracting officer with the assistance of subcontracting, audit, pricing, technical, or other specialists as necessary. The plan should cover pertinent phases of a contractor's purchasing system and pertinent operations that affect the contractor's purchasing and subcontracting.

44.301-3 Responsibilities for granting, withholding or withdrawing approval.

The contracting officer is responsible for granting, withholding, or withdrawing approval of a contractor's purchasing system, and must—

(a) Approve a purchasing system only after determining that the contractor's purchasing policies and practices are efficient and adequately protect the Government's interests; and

(b) Promptly notify the contractor in writing after granting, withholding, or withdrawing approval.

44.301-4 Notice.

(a) The notice granting purchasing system approval must include—

(1) Identification of the plant or plants covered by the approval;

(2) The effective date of approval; and

(3) A statement that system approval—

(i) Applies to all Federal Government contracts at that plant to the extent that cross-servicing arrangements exist;

(ii) Waives the contractual requirement for advance notification in fixed-price contracts, but not for cost-reimbursement contracts;

(iii) Waives the contractual requirement for consent to subcontracts in fixed-price contracts and for specified subcontracts in cost-reimbursement contracts but not for those subcontracts, if any, selected for special surveillance and identified in the contract Schedule; and

(iv) May be withdrawn at any time at the contracting officer's discretion.

(b) In certain circumstances, the contracting officer may require consent for certain subcontracts or classes of subcontracts even though the contractor's purchasing system is approved. The system approval notification must identify the class or classes of subcontracts requiring consent. When sufficient weaknesses in a particular area of subcontracting are identified, requiring consent to subcontract provides the contracting officer additional visibility. See 52.244-2(d).

44.301-5 Withholding or withdrawing approval.

(a) The contracting officer must withhold or withdraw approval of a contractor's purchasing system when major weaknesses exist or when the contractor is unable to provide enough information upon which to make an affirmative determination. The contracting officer may withdraw approval at any time based on a determination that the contractor's purchasing system has deteriorated or to protect the Government's interest.

(b) When approval is withheld or withdrawn, the contracting officer must notify the contractor in writing within 10 days after completing the review. The notice must specify the deficiencies that must be corrected to qualify the system for approval and request the contractor to furnish within 15 days a plan to correct the deficiencies. If the plan is accepted, the contracting officer must make a follow-up review as soon as the contractor notifies the contracting officer that the deficiencies have been corrected.

(c) The contracting officer must withhold or withdraw approval when the contractor consistently does not comply with requirements.

Subpart 44.4 - Subcontracts for Commercial Products and Commercial Services

44.401 Definition.

Subcontract , as used in this subpart, includes a transfer of commercial products or commercial services between divisions, subsidiaries, or affiliates of a contractor or subcontractor.

44.402 Requirements.

(a) *Preference*. Require contractors and subcontractors to incorporate, to the maximum extent practicable, commercial products, commercial services, or nondevelopmental items as components of items supplied to the agency.

(b) *Flowdown*. The clauses listed in the clause at 52.244-6, Subcontracts for Commercial Products and Commercial Services, flow down to subcontracts for commercial products and commercial services as indicated in the specific clause. Do not require a contractor or subcontractor to apply to any of its divisions, subsidiaries, affiliates, subcontractors, or suppliers that are furnishing commercial products, commercial components, or commercial services a clause that is not listed in 52.244-6.

(c) *Inapplicable laws*. A list of laws that do not apply to subcontracts for the acquisition of commercial products, including commercially available off-the-shelf items, or commercial services is available at www.acquisition.gov/inapplicablelaws.

44.403 Contract clause.

Insert the clause at 52.244-6, Subcontracts for Commercial Products and Commercial Services, in solicitations and contracts.

PART 45 - GOVERNMENT PROPERTY

This page intentionally left blank.

45.000 Scope of part.

(a) This part prescribes policies and procedures for providing Government property to contractors; contractors' management and use of Government property; and reporting, redistributing, and disposing of contractor inventory.

(b) It does not apply to—

(1) Government property provided under any statutory leasing authority, except as to non-Government use of property under 45.301(f);

(2) Property to which the Government has acquired a lien or title solely because of partial, advance, progress, or performance based payments;

(3) Disposal of real property;

(4) Software and intellectual property; or

(5) Government property that is incidental to the place of performance, when the contract requires contractor personnel to be located on a Government site or installation, and when the property used by the contractor within the location remains accountable to the Government. Items considered to be incidental to the place of performance include, for example, office space, desks, chairs, telephones, computers, and fax machines.

Subpart 45.1 - General

45.101 Definitions.

As used in this part-

Cannibalize means to remove parts from Government property for use or for installation on other Government property.

Contractor-acquired property means property acquired, fabricated, or otherwise provided by the contractor for performing a contract and to which the Government has title.

Contractor inventory means-

(1) Any property acquired by and in the possession of a contractor or subcontractor under a contract for which title is vested in the Government and which exceeds the amounts needed to complete full performance under the entire contract;

(2) Any property that the Government is obligated or has the option to take over under any type of contract, *e.g.*, as a result either of any changes in the specifications or plans thereunder or of the termination of the contract (or subcontract thereunder), before completion of the work, for the convenience or at the option of the Government; and

(3) Government-furnished property that exceeds the amounts needed to complete full performance under the entire contract.

Contractor's managerial personnel means the contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the contractor's business;

(2) All or substantially all of the contractor's operation at any one plant or separate location; or

(3) A separate and complete major industrial operation.

Demilitarization means rendering a product unusable for, and not restorable to, the purpose for which it was designed or is customarily used.

Discrepancies incident to shipment means any differences (*e.g.*, count or condition) between the items documented to have been shipped and items actually received.

Equipment means a tangible item that is functionally complete for its intended purpose, durable, nonexpendable, and needed for the performance of a contract. Equipment is not intended for sale, and does not ordinarily lose its identity or become a component part of another article when put into use. Equipment does not include material, real property, special test equipment or special tooling.

Government-furnished property means property in the possession of, or directly acquired by, the Government and subsequently furnished to the contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract.

Government property means all property owned or leased by the Government. Government property includes both Government-furnished property and contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Loss of Government property means unintended, unforeseen or accidental loss, damage, or destruction of Government property that reduces the Government's expected economic benefits of the property. Loss of Government property does not include occurrences such as purposeful destructive testing, obsolescence, normal wear and tear, or manufacturing defects. Loss of Government property includes, but is not limited to-

(1) Items that cannot be found after a reasonable search;

(2) Theft;

(3) Damage resulting in unexpected harm to property requiring repair to restore the item to usable condition; or

(4) Destruction resulting from incidents that render the item useless for its intended purpose or beyond economical repair.

Material means property that may be consumed or expended during the performance of a contract, component parts of a higher assembly, or items that lose their individual identity through incorporation into an end-item. Material does not include equipment, special tooling, special test equipment or real property.

Nonseverable means property that cannot be removed after construction or installation without substantial loss of value or damage to the installed property or to the premises where installed.

Precious metals means silver, gold, platinum, palladium, iridium, osmium, rhodium, and ruthenium.

Production scrap means unusable material resulting from production, engineering, operations and maintenance, repair, and research and development contract activities. Production scrap may have value when re-melted or reprocessed, *e.g.*, textile and metal clippings, borings, and faulty castings and forgings.

Property means all tangible property, both real and personal.

Property Administrator means an authorized representative of the contracting officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a contractor.

Property records means the records created and maintained by the contractor in support of its stewardship responsibilities for the management of Government property.

Provide means to furnish, as in Government-furnished property, or to acquire, as in contractor-acquired property.

Real property See Federal Management Regulation 102-71.20 (41 CFR 102-71.20).

Sensitive property means property potentially dangerous to the public safety or security if stolen, lost, or misplaced, or that shall be subject to exceptional physical security, protection, control, and accountability. Examples include weapons, ammunition, explosives, controlled substances, radioactive materials, hazardous materials or wastes, or precious metals.

Unit acquisition cost means-

(1) For Government-furnished property, the dollar value assigned by the Government and identified in the contract; and

(2) For contractor-acquired property, the cost derived from the contractor's records that reflect consistently applied generally accepted accounting principles.

45.102 Policy.

(a) Contractors are ordinarily required to furnish all property necessary to perform Government contracts.

(b) Contracting officers must provide property to contractors only when it is clearly demonstrated-

(1) To be in the Government's best interest;

(2) That the overall benefit to the acquisition significantly outweighs the increased cost of administration, including ultimate property disposal;

(3) That providing the property does not substantially increase the Government's assumption of risk; and

(4) That Government requirements cannot otherwise be met.

(c) The contractor's inability or unwillingness to supply its own resources is not sufficient reason for the furnishing or acquisition of property.

(d) "Exception". Property provided under contracts for repair, maintenance, overhaul, or modification is not subject to the requirements of paragraph (b) of this section.

(e) Government property, other than foundations and similar improvements necessary for installing special tooling, special test equipment, or equipment, must not be installed or constructed on contractor-owned real property in such fashion as to become nonseverable, unless the head of the contracting activity determines that such installation or construction is necessary and in the Government's interest.

45.103 General.

(a) Agencies must—

(1) Allow and encourage contractors to use voluntary consensus standards (see FAR part 11) and industry-leading practices and standards to manage Government property in their possession;

(2) Eliminate to the maximum practical extent any competitive advantage a prospective contractor may have by using Government property;

(3) Ensure maximum practical reutilization of contractor inventory for government purposes;

(4) Require contractors to use Government property already in their possession to the maximum extent practical in performing Government contracts;

(5) Charge appropriate rentals when the property is authorized for use on other than a rent-free basis; and

(6) Require contractors to justify retaining Government property not needed for contract performance and to declare property as excess when no longer needed for contract performance.

(b) Agencies will not generally require contractors to establish property management systems that are separate from a contractor's established procedures, practices, and systems used to account for and manage contractor-owned property.

45.104 Responsibility and liability for Government property.

(a) Generally, contractors are not held liable for loss of Government property under the following types of contracts:

(1) Cost-reimbursement contracts.

(2) Time-and-material contracts.

(3) Labor-hour contracts.

(4) Fixed-price contracts awarded on the basis of submission of certified cost or pricing data.

(b) A prime contractor that provides Government property to a subcontractor must not be relieved of any responsibility to the Government that the prime contractor may have under the terms of the prime contract.

(c) Any monies received as financial restitution from the contractor for Government property loss must be credited to the Treasury of the United States as miscellaneous receipts, unless otherwise authorized by statute (31 U.S.C. 3302(b)).

45.105 Contractors' property management system compliance.

(a) The agency responsible for contract administration must conduct an analysis of the contractor's property management policies, procedures, practices, and systems. This analysis must be accomplished as frequently as conditions warrant, in accordance with agency procedures.

(b) The property administrator must notify the contractor in writing when the contractor's property management system does not comply with contractual requirements, must request prompt correction of deficiencies, and must request from the contractor a corrective action plan, including a schedule for correction of the deficiencies. If the contractor does not correct the deficiencies in accordance with the schedule, the contracting officer must notify the contractor, in writing, that failure to take the required corrective action(s) may result in-

(1) Revocation of the Government's assumption of risk for loss of Government property; and/or

(2) The exercise of other rights or remedies available to the contracting officer.

(c) If the contractor fails to take the required corrective action(s) in response to the notification provided by the contracting officer in accordance with paragraph (b) of this section, the contracting officer must notify the contractor in writing of any Government decision to apply the remedies described in paragraphs (b)(1) and (b)(2) of this section.

(d) When the property administrator determines that a reported case of loss of Government property is a risk assumed by the Government, the property administrator must notify the contractor in writing that it is granted relief of stewardship responsibility and liability in accordance with 52.245-1(f)(1)(vii). Where the property administrator determines that the risk of loss of Government property is not assumed by the Government, the property administrator must request that the contracting officer hold the contractor responsible and liable.

45.106 Transferring accountability.

Government property must be transferred from one contract to another only when firm requirements exist under the gaining contract (see 45.102). Such transfers must be documented by modifications to both gaining and losing contracts. Once transferred, all property must be considered Government-furnished property to the gaining contract. The warranties of suitability of use and timely delivery of Government-furnished property do not apply to property acquired or fabricated by the contractor as contractor-acquired property that is subsequently transferred to another contract with the same contractor.

45.107 Contract clauses.

(a) (1) Except as provided in paragraph (d) of this section, the contracting officer must insert the clause at 52.245-1, Government Property, in-

(i) All cost-reimbursement and time-and-material type solicitations and contracts, and labor-hour solicitations when property is expected to be furnished for the labor-hour contracts.

(ii) Fixed-price solicitations and contracts when the Government will provide Government property.

(iii) Contracts or modifications awarded under FAR part 12 procedures where Government property that exceeds the simplified acquisition threshold, as defined in FAR 2.101, is furnished or where the contractor is directed to acquire property for use under the contract that is titled in the Government.

(2) The contracting officer must use the clause with its Alternate I in contracts other than those identified in FAR 45.104(a), Responsibility and Liability for Government Property.

(3) The contracting officer must use the clause with its Alternate II when a contract for the conduct of basic or applied research at nonprofit institutions of higher education or at nonprofit organizations whose primary purpose is the conduct of scientific research (see 35.014) is contemplated.

(b) The contracting officer must also insert the clause at 52.245-2, Government Property (Installation Operation Services), in fixed-price service contracts to be performed on a Government installation when Government-furnished property will be provided for initial provisioning only and the Government is not responsible for repair or replacement.

(c) The contracting officer shall insert the clause at 52.245-9, Use and Charges, in solicitations and contracts when the clause at 52.245-1 is included.

(d) Purchase orders for property repair need not include a Government property clause when the unit acquisition cost of Government property to be repaired does not exceed the simplified acquisition threshold, unless other Government property (not for repair) is provided.

Subpart 45.2 - Solicitation and Evaluation Procedures

45.201 Solicitation.

(a) The contracting officer must insert a listing of the Government property to be offered in all solicitations where Government-furnished property is anticipated (see 45.102). The listing must include at a minimum-

(1) The name, part number and description, manufacturer, model number, and National Stock Number (if needed for additional item identification tracking and management, and disposition);

(2) Quantity/unit of measure;

(3) Unit acquisition cost;

(4) Unique-item identifier or equivalent (if available and necessary for individual item tracking and management); and

(5) A statement as to whether the property is to be furnished in an "as-is" condition and instructions for physical inspection.

(b) When Government property is offered for use in a competitive acquisition, solicitations should specify that the contractor is responsible for all costs related to making the property available for use, such as payment of all transportation, installation or rehabilitation costs.

(c) The solicitation must describe the evaluation procedures to be followed, including rental charges or equivalents and other costs or savings to be evaluated, and must require all offerors to submit the following information with their offers-

(1) A list or description of all Government property that the offeror or its subcontractors propose to use on a rent-free basis. The list must identify the accountable contract under which the property is held and the authorization for its use (from the contracting officer having cognizance of the property);

(2) The dates during which the property will be available for use (including the first, last, and all intervening months) and, for any property that will be used concurrently in performing two or more contracts, the amounts of the respective uses in sufficient detail to support prorating the rent;

(3) The amount of rent that would otherwise be charged in accordance with 52.245-9, Use and Charges; and

(4) A description of the offeror's property management system, plan, and any customary commercial practices, voluntary consensus standards, or industry-leading practices and standards to be used by the offeror in managing Government property.

45.202 Evaluation procedures.

(a) The contracting officer must consider any potentially unfair competitive advantage that may result from an offeror or contractor possessing Government property. This must be done by adjusting the offers by applying, for evaluation purposes only, a rental equivalent evaluation factor as specified in 52.245-9.

(b) The contracting officer must ensure the offeror’s property management plans, methods, practices, or procedures for accounting for property are consistent with the requirements of the solicitation.

This page intentionally left blank.

Subpart 45.3 - Authorizing the Use and Rental of Government Property

45.301 Use and rental.

This subpart prescribes policies and procedures for contractor use and rental of Government property.

(a) Government property generally must be provided on a rent-free basis in performance of the contract under which it is accountable or otherwise authorized.

(b) Rental charges, to the extent authorized do not apply to Government property that is left in place or installed on contractor-owned property for mobilization or future Government production purposes; however, rental charges must apply to that portion of property or its capacity used for non-government commercial purposes or otherwise authorized for use.

(c) The contracting officer cognizant of the Government property may authorize the rent-free use of property in the possession of nonprofit organizations when used for research, development, or educational work and-

(1) The use of the property is in the national interest;

(2) The property will not be used for the direct benefit of a profit-making organization; and

(3) The Government receives some direct benefit, such as rights to use the results of the work without charge, from its use.

(d) In exchange for consideration as determined by the cognizant contracting officer(s), the contractor may use Government property under fixed-price contracts other than the contract to which it is accountable. When, after contract award, a contractor requests the use of Government property, the contracting officer must obtain a fair rental or other adequate consideration if use is authorized.

(e) The cognizant contracting officer(s) may authorize the use of Government property on a rent-free basis on a cost type Government contract other than the contract to which it is accountable.

(f) In exchange for consideration as determined by the cognizant contracting officer, the contractor may use Government property for commercial use. Prior approval of the Head of the Contracting Activity is required where non-Government use is expected to exceed 25 percent of the total use of Government and commercial work performed.

45.302 Contracts with foreign governments or international organizations.

Requests by, or for the benefit of, foreign Governments or international organizations to use Government property must be processed in accordance with agency procedures.

45.303 Use of Government property on independent research and development programs.

The contracting officer may authorize a contractor to use the property on an independent research and development (IR&D) program, if-

(a) Such use will not conflict with the primary use of the property or enable the contractor to retain property that could otherwise be released;

(b) The contractor agrees not to claim reimbursement against any Government contract for the rental value of the property; and

(c) A rental charge for the portion of the contractor's IR&D program cost allocated to commercial work is deducted from the claim for reimbursement of any agreed-upon Government share of the contractor's IR&D costs.

This page intentionally left blank.

Subpart 45.4 - Title to Government Property

45.401 Title to Government-furnished property.

The Government retains title to all Government-furnished property until properly disposed of, as authorized by law or regulation. Property that is leased by the Government and subsequently furnished to the contractor for use must be considered Government-furnished property under the clause 52.245-1, Government Property.

45.402 Title to contractor-acquired property.

(a) Title vests in the Government for all property acquired or fabricated by the contractor in accordance with the financing provisions or other specific requirements for passage of title in the contract. Under fixed-price type contracts, in the absence of financing provisions or other specific requirements for passage of title in the contract, the contractor retains title to all property acquired by the contractor for use on the contract, except for property identified as a deliverable end item. If a deliverable item is to be retained by the contractor for use after inspection and acceptance by the Government, it must be made accountable to the contract through a contract modification listing the item as Government-furnished property.

(b) Under cost type and time-and-material contracts, the Government acquires title to all property to which the contractor is entitled to reimbursement, in accordance with paragraph (e)(3) of clause 52.245-1.

This page intentionally left blank.

Subpart 45.5 - Support Government Property Administration

45.501 Prime contractor alternate locations.

The property administrator assigned to the prime contract may request support property administration from another contract administration office, for purposes of evaluating prime contractor management of property located at subcontractors and alternate locations.

45.502 Subcontractor and alternate prime contractor locations.

(a) To ensure subcontractor compliance with Government property administration requirements, and with prime contractor consent, the property administrator assigned to the prime contract may request support property administration from another contract administration office. If the prime contractor does not provide consent to support property administration at subcontractor locations, the property administrator must refer the matter to the contracting officer for resolution.

(b) The prime property administrator must accept the findings of the delegated support property administrator and advise the prime contractor of the results of property management reviews, including deficiencies found with the subcontractor's property management system.

(c) Prime contractor consent is not required for support delegations involving prime contractor alternate locations.

45.503 Support property administrator findings.

In instances where the prime contractor does not concur with the findings of the support Property Administrator, the prime property administrator must immediately refer the matter to the contracting officer.

This page intentionally left blank.

Subpart 45.6 - Reporting, Reutilization, and Disposal

45.600 Scope of subpart.

This subpart establishes policies and procedures for the reporting, reutilization, and disposal of contractor inventory excess to contracts and of property that forms the basis of a claim against the Government (*e.g.*, termination inventory under fixed-price contracts).

45.601 [Reserved]

45.602 Reutilization of Government property.

This section is applicable to the reutilization, including transfer and donation, of Government property that is not required for continued performance of a Government contract. Except for 45.602-1, this section does not apply to scrap other than scrap aircraft parts.

45.602-1 Inventory disposal schedules.

(a) Plant clearance officers should review and accept, or return for correction, inventory disposal schedules within 10 days following receipt from a contractor. Schedules that are completed in accordance with the instructions for Standard Form 1428 should be accepted.

(b) Plant clearance officers must—

(1) Use Standard Form 1423 to verify, in accordance with agency procedures, accepted schedules within 20 days following acceptance;

(2) Require the contractor to correct any discrepancies found during verification;

(3) Require the contractor to correct any failure to complete predisposal requirements of the contract; and

(4) Provide the contractor disposition instructions for property identified on an acceptable inventory disposal schedule within 120 days. A failure to provide timely disposition instructions may entitle the contractor to an equitable adjustment.

(c) (1) The contractor may request the plant clearance officer's approval to remove the Government property from an inventory schedule.

(2) Plant clearance officers should approve removal of Government property from an inventory schedule when-

(i) The contractor wishes to purchase a contractor-acquired or contractor-produced item at unit acquisition cost and credit the contract;

(ii) The contractor is able to return unused property to the supplier at fair market value and credit the contract (less, if applicable, a reasonable restocking fee that is consistent with the supplier's customary practices);

(iii) The Government has authorized the contractor to use the property on another Government contract; or

(iv) The contractor has requested continued use of the Government property, and the contracting officer has authorized its retention and further use.

45.602-2 Reutilization priorities.

Plant clearance officers must initiate reutilization actions for all property not meeting the abandonment or destruction criteria of 45.603(b). Authorized methods, listed in descending order from highest to lowest priority, are-

(a) Reuse within the owning agency;

(b) Transfer of educationally useful equipment to schools and nonprofit organizations (see Executive Order 12999, Educational Technology: Ensuring Opportunity For All Children In The Next Century, April 17, 1996, and 15 U.S.C. 3710(i));

(c) Report to GSA for reuse within the Federal Government or donation as surplus property;

(d) Dispose of the following property in accordance with agency procedures without reporting to GSA:

(1) Property determined appropriate for abandonment or destruction (see Federal Management Regulation (FMR) 102-36.305, 41 CFR 102-36.305).

(2) Property furnished to nonappropriated fund activities (see FMR 102-36.165, 41 CFR 102-36.165).

(3) Foreign excess personal property (see FMR 102-36.380, 41 CFR 102-36.380).

(4) Scrap, except aircraft in scrap condition.

(5) Perishables, defined for the purposes of this section as any personal property subject to spoilage or decay.

(6) Trading stamps and bonus goods.

(7) Hazardous waste or toxic and hazardous materials.

(8) Controlled substances.

(9) Property dangerous to public health and safety.

(10) Classified items or property determined to be sensitive for reasons of national security; and

(e) Dispose of nuclear materials (see 45.603-3(b)(5)) in accordance with the Nuclear Regulatory Commission, applicable state licenses, applicable Federal regulations, and agency regulations.

45.602-3 Screening.

The screening period begins upon the plant clearance officer's acceptance of an inventory disposal schedule. The plant clearance officer must determine whether standard or special screening is appropriate and initiate screening actions.

(a) *Standard screening*. The standard screening period is 46 days.

(1) *First through twentieth day-Screening by the contracting agency*. The contracting agency has 20 days to screen property reported on the inventory disposal schedule for: other use within the agency; transfer of educationally useful equipment to other Federal agencies that have expressed a need for the property; and transfer of educationally useful equipment to schools and nonprofit organizations if a Federal agency has not expressed a need for the property. Excess personal property, meeting the conditions of 45.603, may be abandoned, destroyed, or donated to public bodies. No later than the 21st day, the plant clearance officer must submit four copies of the revised schedules and Standard Form (SF) 120, Report of Excess Personal Property, or an electronic equivalent to GSA (see 41 CFR 102-36.215).

(2) *Twenty-first through forty-sixth day (21 days concurrent screening plus 5 days donation processing)*.- (i) *Screening by other Federal agencies*. GSA will normally honor requests for transfers of property on a first-come-first-served basis through the 41st day. When a request is honored, the GSA regional office must promptly transmit to the plant clearance officer an approved transfer order that includes shipping instructions.

(ii) *Screening for possible donation*. Screening for donation is also completed during days 21 through 41. Property is not available for allocation to donees until after the completion of screening. Days 42 through 46 are reserved for GSA to make such allocation.

(3) *Screening period transfer request*. If an agency receives an intra-agency transfer request during the screening periods described in paragraph (a)(2) of this section, the plant clearance officer must request GSA approval to withdraw the item from the inventory disposal schedule.

(b) *Special screening requirements*.- (1) *Special tooling and special test equipment without commercial components*. Agencies must follow the procedures in paragraph (a) of this section. This property owned by the Department of Defense (DoD) or the National Aeronautics and Space Administration (NASA) may be screened for reutilization only within these agencies.

(2) *Special test equipment with commercial components*.- (i) Agencies must complete the screening required by paragraph (a) of this section. If an agency has no further need for the property and the contractor has not expressed an interest in using or acquiring the property by annotating the inventory disposal schedule, the plant clearance officer must forward the inventory disposal schedule to the GSA regional office that serves the region in which the property is located.

(ii) If the contractor has expressed an interest in using the property on another Government contract, the plant clearance officer must contact the contracting officer for that contract. If the contracting officer concurs with the proposed use, the contracting officer for the contract under which the property is accountable must transfer the property's accountability to that contract. If the contracting officer does not concur with the proposed use, the plant clearance officer must deny the contractor's request and must continue the screening process.

(iii) If the property is contractor-acquired or produced, and the contractor or subcontractor has expressed an interest in acquiring the property, and no other party expresses an interest during agency or GSA screening, the property may be sold to the contractor or subcontractor at acquisition cost.

(3) *Printing equipment*. Agencies must report all excess printing equipment to the Public Printer, Government Publishing Office, 732 North Capitol Street, NW, Washington, DC 20401, after screening within the agency (see 44 U.S.C. 312). If the Public Printer does not express a need for the equipment within 21 days, the agency must submit the report to GSA for further use and donation screening as described in paragraph (a) of this section.

(4) *Non-nuclear hazardous materials, hazardous wastes, and classified items*. These items must be screened in accordance with agency procedures. Report non-nuclear hazardous materials to GSA if the agency has no requirement for them.

(5) *Nuclear materials*. The possession, use, and transfer of certain nuclear materials are subject to the regulatory controls of the Nuclear Regulatory Commission (NRC). Contracting activities must screen excess nuclear materials in the following categories:

(i) *By-product material*. Any radioactive material (except special nuclear material) yielded in or made radioactive by exposure to the radiation incident to producing or using special nuclear material.

(ii) *Source material*. Uranium or thorium, or any combination thereof, in any physical or chemical form; or ores that contain by weight one-twentieth of 1 percent (0.05 percent) or more of uranium, thorium, or any combination thereof. Source material does not include special nuclear material.

(iii) *Special nuclear material*. Plutonium, Uranium 233, Uranium enriched in the isotope 233 or in the isotope 235, any other material that the NRC determines to be special nuclear material (but not including source material); or any material artificially enriched by any nuclear material.

45.602-4 Interagency property transfer costs.

Agencies whose property is transferred to other agencies must not be reimbursed for the property in any manner unless the circumstances of FMR 102-36.285 (41 CFR102-36.285) apply. The agency receiving the property must pay any transportation costs that are not the contractor's responsibility and any costs to pack, crate, or otherwise prepare the property for shipment. The contract administration office must process appropriate contract modifications. To accelerate plant clearance, the receiving agency must promptly furnish funding data, and transfer or shipping documents to the contract administration office.

45.603 Abandonment or destruction of personal property.

(a) When contractor inventory is processed through the reutilization screening process prescribed in 45.602-2 without success, and provided the property has no commercial value, does not require demilitarization, and does not constitute a danger to public health or welfare, plant clearance officers or other authorized officials may without further approval-

(1) Direct the contractor to destroy the property;

(2) Abandon non-sensitive property at the contractor's or subcontractor's premises; or

(3) Abandon sensitive property at the contractor's or subcontractor's premises, with contractor consent.

(b) Provided a Government reviewing official at least one level higher than the plant clearance officer or other agency authorized official approves, plant clearance officers or other agency authorized officials may authorize the abandonment, or order the destruction of other contractor inventory at the contractor's or subcontractor's premises, in accordance with FMR 102-36.305 through 325 (41 CFR 102-36.305-325) and consistent with the following:

(1) The property is not considered sensitive, does not require demilitarization, has no commercial value or reutilization, transfer or donation potential, and does not constitute a danger to public health or welfare.

(2) The estimated cost of continued care and handling of the property (including advertising, storage and other costs associated with making the sale), exceed the estimated proceeds from its sale.

(c) In lieu of abandonment or its authorized destruction, the plant clearance officer or authorized official may authorize the donation of property including unsold surplus property to public bodies, provided that the property is not sensitive property, does not require demilitarization, and it does not constitute a danger to public health or welfare. The Government will not bear any of the costs incident to such donations.

(d) Unless the property qualifies for one of the exceptions under FMR 102-36.330 (41 CFR 102-36.330), the plant clearance officer or requesting official will ensure prior public notice of such actions of abandonment or destruction consistent with FMR 102-36.325 (41 CFR 102-36.325).

45.604 Sale of surplus personal property.

45.604-1 Sales procedures.

Surplus personal property that has completed screening in accordance with 45.602-3(a) must be sold in accordance with the policy for the sale of surplus personal property contained in the Federal Management Regulation, at part 102-38 (41 CFR part 102-38). Agencies may specify implementing procedures.

45.604-2 Use of GSA sponsored sales centers.

Agencies may use sales center services. Use of such centers for sale of surplus property is authorized when in the best interest of the Government, consistent with contract terms and conditions.

45.604-3 Proceeds from sales of surplus property.

Proceeds of any sale are to be credited to the Treasury of the United States as miscellaneous receipts, unless otherwise authorized by statute or the contract or any subcontract thereunder authorizes the proceeds to be credited to the price or cost of the work (40 U.S.C. 571 and 574).

45.604-4 Sale of property pursuant to the exchange/sale authority.

Agencies should consider the sale of property pursuant to the exchange/sale authority in FMR 102-39 (41 CFR part 102-39) when agencies are acquiring or plan to acquire similar products and other requirements of the authority are satisfied.

45.605 Inventory disposal reports.

The plant clearance officer must promptly prepare an SF1424, Inventory Disposal Report, following disposition of the property identified on an inventory disposal schedule and the crediting of any related proceeds. The report must identify any lost or otherwise unaccounted for property and any changes in quantity or value of the property made by the contractor after submission of the initial inventory disposal schedule. The report must be provided to the administrative contracting officer or, for termination inventory, to the termination contracting officer, with a copy to the property administrator.

45.606 Contractor scrap procedures.

(a) The property administrator should, in coordination with the plant clearance officer, ensure that contractor scrap disposal processes, methods, and practices allow for effective, efficient, and proper disposition and are properly documented in the contractor’s property management procedures.

(b) Absent contract terms and conditions to the contrary, the Government may abandon parts removed and replaced from property as a result of normal maintenance actions or removed from property as a result of the repair, maintenance, overhaul, or modification process.

PART 46 - QUALITY ASSURANCE

This page intentionally left blank.

46.000 Scope of part.

This part prescribes policies and procedures to ensure that supplies and services acquired under Government contract conform to the contract's quality and quantity requirements. Included are inspection, acceptance, warranty, and other measures associated with quality requirements.

Subpart 46.1 - General

46.101 Definitions.

As used in this part-

Acceptance means the act of an authorized representative of the Government by which the Government, for itself or as agent of another, assumes ownership of existing identified supplies tendered or approves specific services rendered as partial or complete performance of the contract.

Conditional acceptance means acceptance of supplies or services that do not conform to contract quality requirements, or are otherwise incomplete, that the contractor is required to correct or otherwise complete by a specified date.

Contract quality requirements means the technical requirements in the contract relating to the quality of the product or service and those contract clauses prescribing inspection, and other quality controls incumbent on the contractor, to assure that the product or service conforms to the contractual requirements.

Counterfeit item means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified item from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used items represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.

Critical item means an item, the failure of which is likely to result in hazardous or unsafe conditions for individuals using, maintaining, or depending upon the item; or is likely to prevent performance of a vital agency mission.

Critical nonconformance means a nonconformance that is likely to result in hazardous or unsafe conditions for individuals using, maintaining, or depending upon the supplies or services; or is likely to prevent performance of a vital agency mission.

Design activity means an organization, Government or contractor, that has responsibility for the design and configuration of an item, including the preparation or maintenance of design documents. Design activity could be the original organization, or an organization to which design responsibility has been transferred.

Government contract quality assurance means the various functions, including inspection, performed by the Government to determine whether a contractor has fulfilled the contract obligations pertaining to quality and quantity.

Major nonconformance means a nonconformance, other than critical, that is likely to result in failure of the supplies or services, or to materially reduce the usability of the supplies or services for their intended purpose.

Minor nonconformance means a nonconformance that is not likely to materially reduce the usability of the supplies or services for their intended purpose, or is a departure from established standards having little bearing on the effective use or operation of the supplies or services.

Off-the-shelf item means an item produced and placed in stock by a contractor, or stocked by a distributor, before receiving orders or contracts for its sale. The item may be commercial or produced to military or Federal specifications or description.

Patent defect means any defect which exists at the time of acceptance and is not a latent defect.

Subcontractor (see part 44).

Suspect counterfeit item means an item for which credible evidence (including but not limited to, visual inspection or testing) provides reasonable doubt that the item is authentic.

Testing means that element of inspection that determines the properties or elements, including functional operation of supplies or their components, by the application of established scientific principles and procedures.

46.102 Policy.

Agencies must ensure that-

(a) Contracts include inspection and other quality requirements, including warranty clauses when appropriate, that are determined necessary to protect the Government's interest;

(b) Supplies or services (including commercial services) tendered by contractors meet contract requirements;

(c) Government contract quality assurance is conducted before acceptance (except as otherwise provided in this part), by or under the direction of Government personnel;

(d) No contract precludes the Government from performing inspection; and

(e) Nonconforming supplies or services are rejected, except as otherwise provided in 46.407.

46.103 Contracting office responsibilities.

Contracting offices are responsible for-

(a) Receiving from the activity responsible for technical requirements any specifications for inspection, testing, and other contract quality requirements essential to ensure the integrity of the supplies or services (the activity responsible for technical requirements is responsible for prescribing contract quality requirements, such as inspection and testing requirements or, for service contracts, a quality assurance surveillance plan);

(b) Including in solicitations and contracts the appropriate requirements for the contractor's control of quality for the supplies or services to be acquired;

(c) Issuing any necessary instructions to the cognizant contract administration office and acting on recommendations submitted by that office (see part 42 and 46.104(f));

(d) When contract administration is retained (see part 42), verifying that the contractor fulfills the contract quality requirements; and

(e) Ensuring that nonconformances are identified, and establishing the significance of a nonconformance when considering the acceptability of supplies or services which do not meet contract requirements.

46.104 Contract administration office responsibilities.

When a contract is assigned for administration to the contract administration office cognizant of the contractor's plant, that office, unless specified otherwise, must—

(a) Develop and apply efficient procedures for performing Government contract quality assurance actions under the contract in accordance with the written direction of the contracting office;

(b) Perform all actions necessary to verify whether the supplies or services conform to contract quality requirements;

(c) Maintain, as part of the performance records of the contract, suitable records reflecting-

(1) The nature of Government contract quality assurance actions, including, when appropriate, the number of observations made and the number and type of defects; and

(2) Decisions regarding the acceptability of the products, the processes, and the requirements, as well as action to correct defects.

(d) Implement any specific written instructions from the contracting office;

(e) Report to the contracting office any defects observed in design or technical requirements, including contract quality requirements; and

(f) Recommend any changes necessary to the contract, specifications, instructions, or other requirements that will provide more effective operations or eliminate unnecessary costs (see 46.103(c)).

46.105 [Reserved]

Subpart 46.2 - Contract Quality Requirements

46.201 General.

(a) The contracting officer must include in the solicitation and contract the appropriate quality requirements. The type and extent of contract quality requirements needed depends on the particular acquisition and may range from inspection at time of acceptance to a requirement for the contractor's implementation of a comprehensive program for controlling quality.

(b) As feasible, solicitations and contracts may provide for alternative, but substantially equivalent, inspection methods to obtain wide competition and low cost. The contracting officer may also authorize contractor-recommended alternatives when in the Government's interest and approved by the activity responsible for technical requirements.

(c) Although contracts generally make contractors responsible for performing inspection before tendering supplies to the Government, there are situations in which contracts will provide for specialized inspections to be performed solely by the Government. Among situations of this kind are-

(1) Tests that require use of specialized test equipment or facilities not ordinarily available in suppliers' plants or commercial laboratories (*e.g.,* ballistic testing of ammunition, unusual environmental tests, and simulated service tests); and

(2) Contracts that require Government testing for first article approval (see part 9).

(d) Except as otherwise specified by the contract, required contractor testing may be performed in the contractor's or subcontractor's laboratory or testing facility, or in any other laboratory or testing facility acceptable to the Government.

46.202 Types of contract quality requirements.

Contract quality requirements fall into four general categories, depending on the extent of quality assurance needed by the Government for the acquisition involved.

46.202-1 Contracts for commercial products and commercial services.

When acquiring commercial products (see part 12), the Government must rely on contractors' existing quality assurance systems as a substitute for Government inspection and testing before tender for acceptance unless customary market practices for the commercial product being acquired include in-process inspection. Any in-process inspection by the Government must be conducted in a manner consistent with commercial practice. The Government must rely on the contractor to accomplish all inspection and testing needed to ensure that commercial services acquired conform to contract requirements before they are tendered to the Government.

46.202-2 Government reliance on inspection by contractor.

(a) Except as specified in paragraph (b) of this section, the Government must rely on the contractor to accomplish all inspection and testing needed to ensure that supplies or services acquired at or below the simplified acquisition threshold conform to contract quality requirements before they are tendered to the Government (see 46.301).

(b) The Government must not rely on inspection by the contractor if the contracting officer determines that the Government has a need to test the supplies or services in advance of their tender for acceptance, or to pass judgment upon the adequacy of the contractor's internal work processes. In making the determination, the contracting officer must consider-

(1) The nature of the supplies and services being purchased and their intended use;

(2) The potential losses in the event of defects;

(3) The likelihood of uncontested replacement or correction of defective work; and

(4) The cost of detailed Government inspection.

46.202-3 Standard inspection requirements.

Standard inspection requirements are contained in the clauses prescribed in 46.302 through 46.308, and in the product and service specifications that are included in solicitations and contracts.

46.202-4 Higher-level contract quality requirements.

(a) Agencies must establish procedures for determining when higher-level contract quality requirements are necessary, for determining the risk (both the likelihood and the impact) of nonconformance, and for advising the contracting officer about which higher-level standards should be applied and included in the solicitation and contract. Requiring compliance with higher-level quality standards is necessary in solicitations and contracts for complex or critical items (see 46.203)or when the technical requirements of the contract require-

(1) Control of such things as design, work operations, in-process controls, testing, and inspection; or

(2) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(b) Examples of higher-level quality standards include overarching quality management system standards such as ISO 9001, ASQ/ANSI E4, ASME NQA-1, SAE AS9100, SAE AS9003, and ISO/TS 16949, and product or process specific quality standards such as SAE AS5553.

46.203 Criteria for use of contract quality requirements.

The extent of contract quality requirements, including contractor inspection, required under a contract will usually be based upon the classification of the contract item (supply or service) as determined by its technical description, its complexity, and the criticality of its application.

(a) *Technical description.* Contract items may be technically classified as-

(1) Commercial (described in commercial catalogs, drawings, or industrial standards; see part 2); or

(2) Military-Federal (described in Government drawings and specifications).

(b) Complexity. (1) Complex items have quality characteristics, not wholly visible in the end item, for which contractual conformance must be established progressively through precise measurements, tests, and controls applied during purchasing, manufacturing, performance, assembly, and functional operation either as an individual item or in conjunction with other items.

(2) Noncomplex items have quality characteristics for which simple measurement and test of the end item are sufficient to determine conformance to contract requirements.

(c) Criticality. (1) A critical application of an item is one in which the failure of the item could injure personnel or jeopardize a vital agency mission. A critical item may be either peculiar, meaning it has only one application, or common, meaning it has multiple applications.

(2) A noncritical application is any other application. Noncritical items may also be either peculiar or common.

46.204 [Reserved]

Subpart 46.3 - Contract Clauses

46.301 Contractor inspection requirements.

The contracting officer must insert the clause at 52.246-1, Contractor Inspection Requirements, in solicitations and contracts for supplies or services when the contract amount is expected to be at or below the simplified acquisition threshold and (a) inclusion of the clause is necessary to ensure an explicit understanding of the contractor's inspection responsibilities, or (b) inclusion of the clause is required under agency procedures. The clause must not be used if the contracting officer has made the determination specified in 46.202-2(b).

46.302 Fixed-price supply contracts.

The contracting officer must insert the clause at 52.246-2, Inspection of Supplies-Fixed-Price, in solicitations and contracts for supplies, or services that involve the furnishing of supplies, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold and inclusion of the clause is in the Government's interest. If a fixed-price incentive contract is contemplated, the contracting officer must use the clause with its Alternate I. If a fixed-ceiling-price contract with retroactive price redetermination is contemplated, the contracting officer must use the clause with its Alternate II.

46.303 Cost-reimbursement supply contracts.

The contracting officer must insert the clause at 52.246-3, Inspection of Supplies-Cost-Reimbursement, in solicitations and contracts for supplies, or services that involve the furnishing of supplies, when a cost-reimbursement contract is contemplated.

46.304 Fixed-price service contracts.

The contracting officer must insert the clause at 52.246-4, Inspection of Services-Fixed-Price, in solicitations and contracts for services, or supplies that involve the furnishing of services, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold and inclusion is in the Government's interest.

46.305 Cost-reimbursement service contracts.

The contracting officer must insert the clause at 52.246-5, Inspection of Services-Cost Reimbursement, in solicitations and contracts for services, or supplies that involve the furnishing of services, when a cost-reimbursement contract is contemplated.

46.306 Time-and-material and labor-hour contracts.

The contracting officer must insert the clause at 52.246-6, Inspection-Time-and-Material and Labor-Hour, in solicitations and contracts when a time-and-material contract or a labor-hour contract is contemplated. If Government inspection and acceptance are to be performed at the contractor's plant, the contracting officer must use the clause with its Alternate I.

46.307 Fixed-price research and development contracts.

(a) The contracting officer must insert the clause at 52.246-7, Inspection of Research and Development-Fixed-Price, in solicitations and contracts for research and development when-

(1) The primary objective of the contract is the delivery of end items other than designs, drawings, or reports,

(2) A fixed-price contract is contemplated, and

(3) The contract amount is expected to exceed the simplified acquisition threshold; unless use of the clause is impractical and the clause prescribed in 46.309 is considered to be more appropriate.

(b) The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold, and its use is in the Government's interest.

46.308 Cost-reimbursement research and development contracts.

The contracting officer must insert the clause at 52.246-8, Inspection of Research and Development-Cost-Reimbursement, in solicitations and contracts for research and development when (a) the primary objective of the contract is the delivery of end items other than designs, drawings, or reports, and (b) a cost-reimbursement contract is contemplated; unless use of the clause is impractical and the clause prescribed in 46.309 is considered to be more appropriate. If it is contemplated that the contract will be on a no-fee basis, the contracting officer must use the clause with its Alternate I.

46.309 Research and development contracts (short form).

The contracting officer must insert the clause at 52.246-9, Inspection of Research and Development (Short Form), in solicitations and contracts for research and development when the clause prescribed in 46.307 or the clause prescribed in 46.308 is not used.

46.310 [Reserved]

46.311 Higher-level contract quality requirement.

(a) The contracting officer must insert the clause at 52.246-11, Higher-Level Contract Quality Requirement, in solicitations and contracts when the inclusion of a higher-level contract quality requirement is necessary (see 46.202-4).

(b) For each higher-level quality standard, the contracting officer must fill in the title, number, date, and tailoring (if any).

46.312 Construction contracts.

The contracting officer must insert the clause at 52.246-12, Inspection of Construction, in solicitations and contracts for construction when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold, and its use is in the Government's interest.

46.313 Contracts for dismantling, demolition, or removal of improvements.

The contracting officer must insert the clause at 52.246-13, Inspection-Dismantling, Demolition, or Removal of Improvements, in solicitations and contracts for dismantling, demolition, or removal of improvements.

46.314 Transportation contracts.

The contracting officer must insert the clause at 52.246-14, Inspection of Transportation, in solicitations and contracts for freight transportation services (including local drayage) by rail, motor (including bus), domestic freight forwarder, and domestic water carriers (including inland, coastwise, and intercoastal). The contracting officer must not use the clause for the acquisition of transportation services by domestic or international air carriers or by international ocean carriers, or to freight services provided under bills of lading or to those negotiated for reduced rates under 49 U.S.C. 10721 or 13712. (See part 47)

46.315 Certificate of conformance.

The contracting officer must insert the clause at 52.246-15, Certificate of Conformance, in solicitations and contracts for supplies or services when the conditions in 46.504 apply.

46.316 Responsibility for supplies.

The contracting officer must insert the clause at 52.246-16, Responsibility for Supplies, in solicitations and contracts for (a) supplies, (b) services involving the furnishing of supplies, or (c) research and development, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is not expected to exceed the simplified acquisition threshold and inclusion of the clause is authorized under agency procedures.

46.317 Reporting nonconforming Items.

(a) Except as provided in paragraph (b) of this section, the contracting officer must insert the clause at 52.246-26, Reporting Nonconforming Items, in solicitations and contracts - as follows:

(1) For an acquisition by an agency, including the Department of Defense, of–

(i) Any items that are subject to higher-level quality standards in accordance with the clause at 52.246-11 Higher-Level Contract Quality Requirement;

(ii) Any items that the contracting officer, in consultation with the requiring activity determines to be critical items for which use of the clause is appropriate;

(2) In addition (as required by paragraph (c)(4) of section 818 of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81)), for an acquisition that exceeds the simplified acquisition threshold and is by, or for, the Department of Defense of electronic parts or end items, components, parts, or materials containing electronic parts, whether or not covered in paragraph (a)(1) of this section; or

(3) For the acquisition of services, if the contractor will furnish, as part of the service, any items that meet the criteria specified in paragraphs (a)(1) through (a)(2) of this section.

(b) The contracting officer must not insert the clause at 52.246-26, Reporting Nonconforming Items, in solicitations and contracts when acquiring—

(1) Commercial products and commercial services using part 12 procedures; or

(2) Medical devices that are subject to the Food and Drug Administration reporting requirements at 21 CFR 803.

(c) If required by agency policy, the contracting officer may modify paragraph (b)(4) of the clause at 52.246-26, but only to change the responsibility for the contractor to submit reports to the agency rather than to Government-Industry Data Exchange Program (GIDEP), so that the agency instead of the contractor submits reports to GIDEP within the mandatory 60 days.

This page intentionally left blank.

Subpart 46.4 - Government Contract Quality Assurance

46.401 General.

(a) Government contract quality assurance must be performed at such times (including any stage of manufacture or performance of services) and places (including subcontractors' plants) as may be necessary to determine that the supplies or services conform to contract requirements. Quality assurance surveillance plans should be prepared in conjunction with the preparation of the statement of work. The plans should specify-

(1) All work requiring surveillance; and

(2) The method of surveillance.

(b) Each contract must designate the place or places where the Government reserves the right to perform quality assurance.

(c) If the contract provides for performance of Government quality assurance at source, the place or places of performance may not be changed without the authorization of the contracting officer.

(d) If a contract provides for delivery and acceptance at destination and the Government inspects the supplies at a place other than destination, the supplies must not ordinarily be reinspected at destination, but should be examined for quantity, damage in transit, and possible substitution or fraud.

(e) [Reserved]

(f) Government inspection must be documented on an inspection or receiving report form or commercial shipping document/packing list, under agency procedures (see subpart 46.6).

(g) Agencies may prescribe the use of inspection approval or disapproval stamps to identify and control supplies and material that have been inspected for conformance with contract quality requirements.

46.402 Government contract quality assurance at source.

Agencies must perform contract quality assurance, including inspection, at source if—

(a) Performance at any other place would require uneconomical disassembly or destructive testing;

(b) Considerable loss would result from the manufacture and shipment of unacceptable supplies, or from the delay in making necessary corrections;

(c) Special required instruments, gauges, or facilities are available only at source;

(d) Performance at any other place would destroy or require the replacement of costly special packing and packaging;

(e) Government inspection during contract performance is essential; or

(f) It is determined for other reasons to be in the Government's interest.

46.403 Government contract quality assurance at destination.

(a) Government contract quality assurance that can be performed at destination is normally limited to inspection of the supplies or services. Inspection must be performed at destination under the following circumstances—

(1) Supplies are purchased off-the-shelf and require no technical inspection;

(2) Necessary testing equipment is located only at destination;

(3) Perishable subsistence supplies purchased within the United States, except that those supplies destined for overseas shipment will normally be inspected for condition and quantity at points of embarkation;

(4) Brand name products purchased for authorized resale through commissaries or similar facilities (however, supplies destined for direct overseas shipment may be accepted by the contracting officer or an authorized representative on the basis of a tally sheet evidencing receipt of shipment signed by the port transportation officer or other designated official at the transshipment point);

(5) The products being purchased are processed under direct control of the National Institutes of Health or the Food and Drug Administration of the Department of Health and Human Services;

(6) The contract is for services performed at destination; or

(7) It is determined for other reasons to be in the Government's interest.

(b) Overseas inspection of supplies shipped from the United States must not be required except in unusual circumstances, and then only when the contracting officer determines in advance that inspection can be performed or makes necessary arrangements for its performance.

46.404 Government contract quality assurance for acquisitions at or below the simplified acquisition threshold.

(a) In determining the type and extent of Government contract quality assurance to be required for contracts at or below the simplified acquisition threshold, the contracting officer must consider the criticality of application of the supplies or services, the amount of possible losses, and the likelihood of uncontested replacement of defective work (see 46.202-2).

(b) When the conditions in 46.202-2(b) apply, the following policies must govern:

(1) Unless a special situation exists, the Government must inspect contracts at or below the simplified acquisition threshold at destination and only for type and kind; quantity; damage; operability (if readily determinable); and preservation, packaging, packing, and marking, if applicable.

(2) Special situations may require more detailed quality assurance and the use of a standard inspection or higher-level contract quality requirement. These situations include those listed in 46.402 and contracts for items having critical applications.

(3) Detailed Government inspection may be limited to those characteristics that are special or likely to cause harm to personnel or property. When repetitive purchases of the same item are made from the same manufacturer with a history of defect-free work, Government inspection may be reduced to a periodic check of occasional purchases.

46.405 Subcontracts.

(a) Government contract quality assurance on subcontracted supplies or services must be performed only when required in the Government's interest. It does not relieve the prime contractor of any responsibilities under the contract. When appropriate, the prime contractor must be requested to arrange for timely Government access to the subcontractor facility.

(b) The Government must perform quality assurance at the subcontract level when-

(1) The item is to be shipped from the subcontractor's plant to the using activity and inspection at source is required;

(2) The conditions for quality assurance at source are applicable (see 46.402);

(3) The contract specifies that certain quality assurance functions, which can be performed only at the subcontractor's plant, are to be performed by the Government; or

(4) It is otherwise required by the contract or determined to be in the Government's interest.

(c) Supplies or services for which certificates, records, reports, or similar evidence of quality are available at the prime contractor's plant must not be inspected at the subcontractor's plant, except occasionally to verify this evidence or when required under (b) of this section.

(d) All oral and written statements and contract terms and conditions relating to Government quality assurance actions at the subcontract level must be worded so as not to-

(1) Affect the contractual relationship between the prime contractor and the Government, or between the prime contractor and the subcontractor;

(2) Establish a contractual relationship between the Government and the subcontractor; or

(3) Constitute a waiver of the Government's right to accept or reject the supplies or services.

46.406 Foreign governments.

Government contract quality assurance performed for foreign governments or international agencies must be administered according to the foreign policy and security objectives of the United States. Such support must be furnished only when consistent with or required by legislation, executive orders, or agency policies concerning mutual international programs.

46.407 Nonconforming supplies or services.

(a) The contracting officer should reject supplies or services not conforming in all respects to contract requirements (see 46.102). In those instances where deviation from this policy is found to be in the Government's interest, such supplies or services may be accepted only as authorized in this section.

(b) The contracting officer ordinarily must give the contractor an opportunity to correct or replace nonconforming supplies or services when this can be accomplished within the required delivery schedule. Unless the contract specifies otherwise (as may be the case in some cost-reimbursement contracts), correction or replacement must be without additional cost to the Government. Paragraph (e)(2) of the clause at 52.246-2, Inspection of Supplies-Fixed-Price, reserves to the Government the right to charge the contractor the cost of Government reinspection and retests because of prior rejection.

(c) (1) In situations not covered by paragraph (b) of this section, the contracting officer ordinarily must reject supplies or services when the nonconformance is critical or major or the supplies or services are otherwise incomplete. However, there may be circumstances (*e.g.,* reasons of economy or urgency) when the contracting officer determines acceptance or conditional acceptance of supplies or services is in the best interest of the Government. The contracting officer must make this determination based upon-

(i) Advice of the technical activity that the item is safe to use and will perform its intended purpose;

(ii) Information regarding the nature and extent of the nonconformance or otherwise incomplete supplies or services;

(iii) A request from the contractor for acceptance of the nonconforming or otherwise incomplete supplies or services (if feasible);

(iv) A recommendation for acceptance, conditional acceptance, or rejection, with supporting rationale; and

(v) The contract adjustment considered appropriate, including any adjustment offered by the contractor.

(2) The cognizant contract administration office, or other Government activity directly involved, must furnish this data to the contracting officer in writing, except that in urgent cases it may be furnished orally and later confirmed in writing. Before making a decision to accept, the contracting officer must obtain the concurrence of the activity responsible for the technical requirements of the contract and, where health factors are involved, of the responsible health official of the agency concerned.

(d) If the nonconformance is minor, the cognizant contract administration office may make the determination to accept or reject, except where this authority is withheld by the contracting office of the contracting activity. To assist in making this determination, the contract administration office may establish a joint contractor-contract administrative office review group. Acceptance of supplies and services with critical or major nonconformances is outside the scope of the review group.

(e) The contracting officer must discourage the repeated tender of nonconforming supplies or services, including those with only minor nonconformances, by appropriate action, such as rejection and documenting the contractor's performance record.

(f) When supplies or services are accepted with critical or major nonconformances as authorized in paragraph (c) of this section, the contracting officer must modify the contract to provide for an equitable price reduction or other consideration. In the case of conditional acceptance, amounts withheld from payments generally should be at least sufficient to cover the estimated cost and related profit to correct deficiencies and complete unfinished work. The contracting officer must document in the contract file the basis for the amounts withheld. For services, the contracting officer can consider identifying the value of the individual work requirements or tasks (subdivisions) that may be subject to price or fee reduction. This value may be used to determine an equitable adjustment for nonconforming services. However, when supplies or services involving minor nonconformances are accepted, the contract need not be modified unless it appears that the savings to the contractor in fabricating the nonconforming supplies or performing the nonconforming services will exceed the cost to the Government of processing the modification.

(g) Notices of rejection must include the reasons for rejection and be furnished promptly to the contractor. Promptness in giving this notice is essential because, if timely nature of rejection is not furnished, acceptance may in certain cases be implied as a matter of law. The notice must be in writing if-

(1) The supplies or services have been rejected at a place other than the contractor's plant;

(2) The contractor persists in offering nonconforming supplies or services for acceptance; or

(3) Delivery or performance was late without excusable cause.

(h) The contracting officer must provide disposition instructions for counterfeit or suspect counterfeit items in accordance with agency policy. Agency policy may require the contracting officer to direct the contractor to retain such items for investigative or evidentiary purposes.

46.408 [Reserved]

This page intentionally left blank.

Subpart 46.5 - Acceptance

46.501 General.

Acceptance constitutes acknowledgment that the supplies or services conform with applicable contract quality and quantity requirements, except as provided in this subpart and subject to other terms and conditions of the contract. Acceptance may take place before delivery, at the time of delivery, or after delivery, depending on the provisions of the terms and conditions of the contract. Supplies or services must ordinarily not be accepted before completion of Government contract quality assurance actions (however, see 46.504). Acceptance must ordinarily be evidenced by execution of an acceptance certificate on an inspection or receiving report form or commercial shipping document/packing list.

46.502 Responsibility for acceptance.

Acceptance of supplies or services is the responsibility of the contracting officer. When this responsibility is assigned to a cognizant contract administration office or to another agency (see 42.202(g)), acceptance by that office or agency is binding on the Government.

46.503 Place of acceptance.

Each contract must specify the place of acceptance. Contracts that provide for Government contract quality assurance at source must ordinarily provide for acceptance at source. Contracts that provide for Government contract quality assurance at destination must ordinarily provide for acceptance at destination. (For transportation terms, see subpart 47.3.) Supplies accepted at a place other than destination must not be reinspected at destination for acceptance purposes, but should be examined at destination for quantity, damage in transit, and possible substitution or fraud.

46.504 Certificate of conformance.

A certificate of conformance (see 46.315) may be used in certain instances instead of source inspection (whether the contract calls for acceptance at source or destination) at the discretion of the contracting officer if the following conditions apply:

(a) Acceptance on the basis of a contractor's certificate of conformance is in the Government's interest.

(b) (1) Small losses would be incurred in the event of a defect; or

(2) Because of the contractor's reputation or past performance, it is likely that the supplies or services furnished will be acceptable and any defective work would be replaced, corrected, or repaired without contest. In no case will the Government's right to inspect supplies under the inspection provisions of the contract be prejudiced.

46.505 Transfer of title and risk of loss.

(a) Title to supplies must pass to the Government upon formal acceptance, regardless of when or where the Government takes physical possession, unless the contract specifically provides for earlier passage of title.

(b) Unless the contract specifically provides otherwise, risk of loss of or damage to supplies must remain with the contractor until, and must pass to the Government upon-

(1) Delivery of the supplies to a carrier if transportation is f.o.b. origin; or

(2) Acceptance by the Government or delivery of the supplies to the Government at the destination specified in the contract, whichever is later, if transportation is f.o.b. destination.

(c) Paragraph (b) of this section must not apply to supplies that so fail to conform to contract requirements as to give a right of rejection. The risk of loss of or damage to such nonconforming supplies remains with the contractor until cure or acceptance. After cure or acceptance, paragraph (b) of this section must apply.

(d) Under paragraph (b) of this section, the contractor must not be liable for loss of or damage to supplies caused by the negligence of officers, agents, or employees of the Government acting within the scope of their employment.

(e) The policy expressed in paragraphs (a) through (d) of this section is specified in the clause at 52.246-16, Responsibility for Supplies, which is prescribed in 46.316.

This page intentionally left blank.

Subpart 46.6 - Material Inspection and Receiving Reports

46.601 General.

Agencies must prescribe procedures and instructions for the use, preparation, and distribution of material inspection and receiving reports and commercial shipping document/packing lists to evidence Government inspection (see 46.401) and acceptance (see 46.501).

This page intentionally left blank.

Subpart 46.7 - Warranties

46.701 [Reserved]

46.702 General.

(a) The principal purposes of a warranty in a Government contract are-

(1) To delineate the rights and obligations of the contractor and the Government for defective items and services; and

(2) To foster quality performance.

(b) Generally, a warranty should provide-

(1) A contractual right for the correction of defects notwithstanding any other requirement of the contract pertaining to acceptance of the supplies or services by the Government; and

(2) A stated period of time or use, or the occurrence of a specified event, after acceptance by the Government to assert a contractual right for the correction of defects.

(c) The benefits to be derived from a warranty must be commensurate with the cost of the warranty to the Government.

46.703 Criteria for use of warranties.

The use of warranties is not mandatory. In determining whether a warranty is appropriate for a specific acquisition, the contracting officer must consider the following factors:

(a) *Nature and use of the supplies or services.* This includes such factors as-

(1) Complexity and function;

(2) Degree of development;

(3) State of the art;

(4) End use;

(5) Difficulty in detecting defects before acceptance; and

(6) Potential harm to the Government if the item is defective.

(b) *Cost.* Warranty costs arise from-

(1) The contractor's charge for accepting the deferred liability created by the warranty; and

(2) Government administration and enforcement of the warranty (see paragraph (c) of this section).

(c) *Administration and enforcement.* The Government's ability to enforce the warranty is essential to the effectiveness of any warranty. There must be some assurance that an adequate administrative system for reporting defects exists or can be established. The adequacy of a reporting system may depend upon such factors as the—

(1) Nature and complexity of the item;

(2) Location and proposed use of the item;

(3) Storage time for the item;

(4) Distance of the using activity from the source of the item;

(5) Difficulty in establishing existence of defects; and

(6) Difficulty in tracing responsibility for defects.

(d) *Trade practice.* In many instances an item is customarily warranted in the trade, and, as a result of that practice, the cost of an item to the Government will be the same whether or not a warranty is included. In those instances, it would be in the Government's interest to include such a warranty.

(e) *Reduced requirements.* The contractor's charge for assumption of added liability may be partially or completely offset by reducing the Government's contract quality assurance requirements where the warranty provides adequate assurance of a satisfactory product.

46.704 [Reserved]

46.705 Limitations.

(a) Except for the warranties in the clauses at 52.246-3, Inspection of Supplies-Cost-Reimbursement, and 52.246-8, Inspection of Research and Development-Cost-Reimbursement, the contracting officer must not include warranties in cost-reimbursement contracts, unless authorized in accordance with agency regulations (see 46.708).

(b) Warranty clauses must not limit the Government's rights under an inspection clause (see subpart 46.3) in relation to latent defects, fraud, or gross mistakes that amount to fraud.

(c) Except for warranty clauses in construction contracts, warranty clauses must provide that the warranty applies notwithstanding inspection and acceptance or other clauses or terms of the contract.

46.706 Warranty terms and conditions.

(a) To facilitate the pricing and enforcement of warranties, the contracting officer must ensure that warranties clearly state the-

(1) Exact nature of the item and its components and characteristics that the contractor warrants;

(2) Extent of the contractor's warranty including all of the contractor's obligations to the Government for breach of warranty;

(3) Specific remedies available to the Government; and

(4) Scope and duration of the warranty.

(b) The contracting officer must consider the following guidelines when preparing warranty terms and conditions:

(1) *Extent of contractor obligations*. (i) Generally, the contractor's obligations under warranties extend to all defects discovered during the warranty period, but do not include damage caused by the Government. When a warranty for the entire item is not advisable, a warranty may be required for a particular aspect of the item that may require special protection (*e.g.,* installation, components, accessories, subassemblies, preservation, packaging, and packing, etc.).

(ii) If the Government specifies the design of the end item and its measurements, tolerances, materials, tests, or inspection requirements, the contractor's obligations for correction of defects must usually be limited to defects in material and workmanship or failure to conform to specifications. If the Government does not specify the design, the warranty extends also to the usefulness of the design.

(iii) If express warranties are included in a contract (except contracts for commercial products and commercial services), all implied warranties of merchantability and fitness for a particular purpose must be negated by the use of specific language in the clause (see clauses 52.246-17, Warranty of Supplies of a Noncomplex Nature; 52.246-18, Warranty of Supplies of a Complex Nature; and 52.246-19, Warranty of Systems and Equipment under Performance Specifications or Design Criteria).

(2) *Remedies*. (i) Normally, a warranty must provide as a minimum that the Government may-

(A) Obtain an equitable adjustment of the contract; or

(B) Direct the contractor to repair or replace the defective items at the contractor's expense.

(ii) If it is not practical to direct the contractor to make the repair or replacement, or, because of the nature of the item, the repair or replacement does not afford an appropriate remedy to the Government, the warranty should provide alternate remedies, such as authorizing the Government to-

(A) Retain the defective item and reduce the contract price by an amount equitable under the circumstances; or

(B) Arrange for the repair or replacement of the defective item, by the Government or by another source, at the contractor's expense.

(iii) If it can be foreseen that it will not be practical to return an item to the contractor for repair, to remove it to an alternate source for repair, or to replace the defective item, the warranty should provide that the Government may repair, or require the contractor to repair, the item in place at the contractor's expense. The contract must provide that in the circumstance where the Government is to accomplish the repair, the contractor will furnish at the place of delivery the material or parts, and the installation instructions required to successfully accomplish the repair.

(iv) Unless provided otherwise in the warranty, the contractor's obligation to repair or replace the defective item, or to agree to an equitable adjustment of the contract, must include responsibility for the costs of furnishing all labor and material to-

(A) Reinspect items that the Government reasonably expected to be defective;

(B) Accomplish the required repair or replacement of defective items; and

(C) Test, inspect, package, pack, and mark repaired or replaced items.

(v) If repair or replacement of defective items is required, the contractor will generally be required by the warranty to bear the expense of transportation for returning the defective item from the place of delivery specified in the contract (irrespective of the f.o.b. point or the point of acceptance) to the contractor's plant and subsequent return. When defective items are returned to the contractor from other than the place of delivery specified in the contract, or when the Government exercises alternate remedies, the contractor's liability for transportation charges incurred must not exceed an amount equal to the cost of transportation by the usual commercial method of shipment between the place of delivery specified in the contract and the contractor's plant and subsequent return.

(3) *Duration of the warranty.* The time period or duration of the warranty must be clearly specified and must be established after consideration of such factors as (i) the estimated useful life of the item, (ii) the nature of the item including storage or shelf-life, and (iii) trade practice. The period specified must not extend the contractor's liability for patent defects beyond a reasonable time after acceptance by the Government.

(4) *Notice.* The warranty must specify a reasonable time for furnishing notice to the contractor regarding the discovery of defects. This notice period, which must apply to all defects discovered during the warranty period, must be long enough to assure that the Government has adequate time to give notice to the contractor. The contracting officer must consider the following factors when establishing the notice period:

(i) The time necessary for the Government to discover the defects.

(ii) The time reasonably required for the Government to take necessary administrative steps and make a timely report of discovery of the defects to the contractor.

(iii) The time required to discover and report defective replacements.

(5) *Markings.* (i) The packaging and preservation requirements of the contract must require the contractor to stamp or mark the supplies delivered or otherwise furnish notice with the supplies of the existence of the warranty. The purpose of the markings or notice is to inform Government personnel who store, stock, or use the supplies that the supplies are under warranty. Markings may be brief but should include—

(A) A brief statement that a warranty exists;

(B) The substance of the warranty;

(C) Its duration; and

(D) Who to notify if the supplies are found to be defective.

(ii) For commercial products (see 46.709), the contractor's trade practice in warranty marking is acceptable if sufficient information is presented for supply personnel and users to identify warranted supplies.

(6) *Consistency.* Contracting officers must ensure that the warranty clause and any other warranty conditions in the contract (*e.g.,* in the specifications or an inspection clause) are consistent. To the extent practicable, all of the warranties to be contained in the contract should be expressed in the warranty clause.

46.707 Pricing aspects of fixed-price incentive contract warranties.

If a fixed-price incentive contract contains a warranty, the estimated cost of the warranty to the contractor should be considered in establishing the incentive target price and the ceiling price of the contract. All costs incurred, or estimated to be incurred, by the contractor in complying with the warranty must be considered when establishing the total final price. Contractor compliance with the warranty after the establishment of the total final price must be at no additional cost to the Government.

46.708 Warranties of data.

Warranties of data must be developed and used in accordance with agency regulations.

46.709 Warranties of commercial products and commercial services.

For information on warranties of commercial products and commercial services, see part 12.

46.710 Contract clauses.

The clauses and alternates prescribed in this section may be used in solicitations and contracts in which inclusion of a warranty is appropriate (see 46.709 for warranties for commercial products and commercial services). However, because of the many situations that may influence the warranty terms and conditions appropriate to a particular acquisition, the contracting officer may vary the terms and conditions of the clauses and alternates to the extent necessary. The alternates prescribed in this section address the clauses; however, the conditions pertaining to each alternate must be considered if the terms and conditions are varied to meet a particular need.

(a) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-17, Warranty of Supplies of a Noncomplex Nature, in solicitations and contracts for noncomplex items when a fixed-price supply contract is contemplated and the use of a warranty clause has been approved under agency procedures. If the contractor's design rather than the Government's design will be used, insert the word "design" before "material" in paragraph (b)(1)(i).

(2) If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), the contracting officer may use the clause with its Alternate II.

(3) If the supplies cannot be obtained from another source, the contracting officer may use the clause with its Alternate III.

(4) If a fixed-price incentive contract is contemplated, the contracting officer may use the clause with its Alternate IV.

(5) If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, the contracting officer may use the clause with its Alternate V.

(b) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-18, Warranty of Supplies of a Complex Nature, in solicitations and contracts for deliverable complex items when a fixed-price supply or research and development contract is contemplated and the use of a warranty clause has been approved under agency procedures. If the contractor's design rather than the Government's design will be used, insert the word "design" before "material" in paragraph (b)(1).

(2) If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), the contracting officer may use the clause with its Alternate II.

(3) If a fixed-price incentive contract is contemplated, the contracting officer may use the clause with its Alternate III.

(4) If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, the contracting officer may use the clause with its Alternate IV.

(c) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-19, Warranty of Systems and Equipment under Performance Specifications or Design Criteria, in solicitations and contracts when performance specifications or design are of major importance; a fixed-price supply, service, or research and development contract for systems and equipment is contemplated; and the use of a warranty clause has been approved under agency procedures.

(2) If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), the contracting officer may use the clause with its Alternate I.

(3) If a fixed-price incentive contract is contemplated, the contracting officer may use the clause with its Alternate II.

(4) If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, the contracting officer may use the clause with its Alternate III.

(d) The contracting officer may insert a clause substantially the same as the clause at 52.246-20, Warranty of Services, in solicitations and contracts for services when a fixed-price contract for services is contemplated and the use of a warranty clause has been approved under agency procedures; unless a clause substantially the same as the clause at 52.246-19, Warranty of Systems and Equipment under Performance Specifications or Design Criteria, has been used.

(e) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-21, Warranty of Construction, in solicitations and contracts when a fixed-price construction contract (see 46.705(c)) is contemplated and the use of a warranty clause has been approved under agency procedures.

(2) If the Government specifies in the contract the use of any equipment by "brand name and model," the contracting officer may use the clause with its Alternate I.

Subpart 46.8 - Contractor Liability for Loss of or Damage to Property of the Government

46.800 Scope of subpart.

This subpart prescribes policies and procedures for limiting contractor liability for loss of or damage to property of the Government that-

(a) Occurs after acceptance; and

(b) Results from defects or deficiencies in the supplies delivered or services performed.

46.801 Applicability.

(a) This subpart does not apply to commercial products and commercial services. This subpart applies to contracts other than those for—

(1) Information technology, including telecommunications;

(2) Construction;

(3) Architect-engineer services; and

(4) Maintenance and rehabilitation of real property.

(b) See subpart 46.7, Warranties, for policies and procedures concerning contractor liability caused by nonconforming technical data.

46.802 Definition.

High-value item, as used in this subpart, means a contract end item that-

(1) Has a high unit cost (normally exceeding $100,000 per unit), such as an aircraft, an aircraft engine, a communication system, a computer system, a missile, or a ship; and

(2) Is designated by the contracting officer as a high-value item.

46.803 Policy.

(a) *General.* The Government will generally act as a self-insurer by relieving contractors, as specified in this subpart, of liability for loss of or damage to property of the Government that (1) occurs after acceptance of supplies delivered or services performed under a contract and (2) results from defects or deficiencies in the supplies or services. However, the Government will not relieve the contractor of liability for loss of or damage to the contract end item itself, except for high-value items.

(b) *High-value items.* In contracts requiring delivery of high-value items, the Government will relieve contractors of contractual liability for loss of or damage to those items. However, this relief must not limit the Government's rights arising under the contract to-

(1) Have any defective item or its components corrected, repaired, or replaced when the defect or deficiency is discovered before the loss of or damage to a high-value item occurs; or

(2) Obtain equitable relief when the defect or deficiency is discovered after such loss or damage occurs.

(c) *Exception.* The Government will not provide contractual relief under paragraphs (a) and (b) of this section when contractor liability can be preserved without increasing the contract price.

(d) *Limitations.* Subject to the specific terms of the limitation of liability clause included in the contract, the relief provided under paragraphs (a) and (b) of this section does not apply-

(1) To the extent that contractor liability is expressly provided under a contract clause authorized by this regulation;

(2) When a defect or deficiency in, or Government's acceptance of, the supplies or services results from willful misconduct or lack of good faith on the part of the contractor's managerial personnel; or

(3) To the extent that any contractor insurance, or self-insurance reserve, covers liability for loss or damage suffered by the Government through purchase or use of the supplies delivered or services performed under the contract.

46.804 [Reserved]

46.805 Contract clauses.

(a) *Contracts that exceed the simplified acquisition threshold.* The contracting officer must insert the appropriate clause or combination of clauses specified in paragraphs (a)(1) through (a)(5) of this section in solicitations and contracts when the contract amount is expected to be in excess of the simplified acquisition threshold and the contract is subject to the requirements of this subpart as indicated in 46.801:

(1) In contracts requiring delivery of end items that are not high-value items, insert the clause at 52.246-23, Limitation of Liability.

(2) In contracts requiring delivery of high-value items, insert the clause at 52.246-24, Limitation of Liability-High Value Items.

(3) In contracts requiring delivery of both high-value items and other end items, insert both clauses prescribed in paragraphs (a)(1) and (a)(2) of this section, Alternate I of the clause at 52.246-24, and identify clearly in the contract schedule the line items designated as high-value items.

(4) In contracts requiring the performance of services, insert the clause at 52.246-25, Limitation of Liability-Services.

(5) In contracts requiring both the performance of services and the delivery of end items, insert the clause prescribed in paragraph (a)(4) of this section and the appropriate clause or clauses prescribed in paragraph (a)(1), (2), or (3) of this section, and identify clearly in the contract schedule any high-value line items.

(b) *Acquisitions at or below the simplified acquisition threshold.* The clauses prescribed by paragraph (a) of this section are not required for contracts at or below the simplified acquisition threshold. However, in response to a contractor's specific request, the contracting officer may insert the clauses prescribed in paragraph (a)(1) or (a)(4) of this section in a contract at or below the simplified acquisition threshold and may obtain any price reduction that is appropriate.

PART 47 - TRANSPORTATION

Subpart 47.4 - Air Transportation by U.S.-Flag Carriers

Subpart 47.5 - Ocean Transportation by U.S.-Flag Vessels

47.000 Scope of part.

(a) This part describes policies and procedures for—

(1) Applying transportation and traffic management considerations in the acquisition of supplies; and

(2) Acquiring transportation or transportation-related services by contract methods other than bills of lading, transportation requests, transportation warrants, and similar transportation forms.

(b) Acquire transportation and transportation services either subject to the FAR or using the bill of lading as the contract under 49 U.S.C. 10721 or 49 U.S.C. 13712. The FAR does not regulate acquisition of transportation or transportation-related services when the bill of lading is the contract, but this contract method is common and, therefore, section 47.104 provides guidance on this method.

47.001 Definitions.

As used in this part-

Bill of lading means a transportation document, used as a receipt of goods, as documentary evidence of title, for clearing customs, and generally used as a contract of carriage.

(1) Commercial bill of lading (CBL), unlike the Government bill of lading, is not an accountable transportation document.

(2) Government bill of lading (GBL) is an accountable transportation document, authorized and prepared by a Government official.

Carrier or commercial carrier means a common carrier or a contract carrier.

Common carrier means a person holding itself out to the general public to provide transportation for compensation.

Contract carrier means a person providing transportation for compensation under continuing agreements with one person or a limited number of persons.

Government rate tender under 49 U.S.C. 10721 and 13712 means an offer by a common carrier to the United States at a rate below the regulated rate offered to the general public.

Household goods in accordance with 49 U.S.C. 13102 means personal effects and property used or to be used in a dwelling, when a part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is arranged and paid for by—

(1) The householder, except such term does not include property moving from a factory or store, other than property that the householder has purchased with the intent to use in his or her dwelling and is transported at the request of, and the transportation charges are paid to the carrier by, the householder; or

(2) Another party.

Noncontiguous domestic trade means transportation (except with regard to bulk cargo, forest products, recycled metal scrap, waste paper, and paper waste) subject to regulation by the Surface Transportation Board involving traffic originating in or destined to Alaska, Hawaii, or a territory or possession of the United States (see 49 U.S.C. 13102(17) and 13702).

Released or declared value means the assigned value of the cargo for reimbursement purposes, not necessarily the actual value of the cargo. Released value may be more or less than the actual value of the cargo. The released value is the maximum amount that could be recovered by the agency in the event of loss or damage for the shipments of freight and household goods.

47.002 Applicability.

All Government personnel concerned with the following activities must follow this part as applicable:

(a) Acquisition of supplies.

(b) Acquisition of transportation and transportation-related services.

(c) Transportation assistance and traffic management.

(d) Administration of transportation contracts, transportation-related services, and other contracts that involve transportation.

(e) Entering into and administering contracts under which payments are made from Government funds for—

(1) The transportation of supplies;

(2) Transportation-related services; or

(3) Transportation of contractor personnel and their personal belongings.

Subpart 47.1 - General

47.101 Policies.

(a) For domestic shipments, authorize shipments on commercial bills of lading (CBL's). Government bills of lading (GBL's) may be used for international or noncontiguous domestic trade shipments or when otherwise authorized.

(b) The contract administration office (CAO) must ensure that instructions to contractors result in the most efficient and economical use of transportation services and equipment. Transportation personnel will assist and provide transportation management expertise to the CAO. The Federal Management Regulation at 41 CFR parts 102-117 and 102-118 provides specific responsibilities and details on transportation management. (For the Department of Defense (DoD), see DoD 4500.9-R, Defense Transportation Regulation.)

(c) Obtain traffic management advice and assistance when considering transportation factors required for—

(1) Solicitations and awards;

(2) Contract administration, modification, and termination; and

(3) Transportation of property by the Government to and from contractors' plants.

(d) (1) The preferred method of transporting supplies for the Government is by commercial carriers. However, Government-owned, leased, or chartered vehicles, aircraft, and vessels may be used if—

(i) They are available and not fully utilized,

(ii) Their use will result in substantial economies, and

(iii) Their use complies with all applicable statutes, agency policies and regulations.

(2) If the three circumstances listed in paragraph (d)(1) apply, then Government vehicles may be used for purposes such as—

(i) Local transportation of supplies between Government installations;

(ii) Pickup and delivery services that commercial carriers do not perform in connection with line-haul transportation;

(iii) Transporting supplies to meet emergencies; and

(iv) Accomplishing program objectives that cannot be attained by using commercial carriers.

(e) Agencies must not accord preferential treatment to any mode of transportation or to any particular carrier either in awarding or administering contracts for the acquisition of supplies or in awarding contracts for the acquisition of transportation. (See subparts 47.2 and 47.3 for situations in which the contracting officer is permitted to use specific modes of transportation.)

(f) When a contract specifies delivery of supplies f.o.b. origin with transportation costs to be paid by the Government, the contractor must make shipments on bills of lading, or on other shipping documents prescribed by Military Surface Deployment and Distribution Command (SDDC) in the case of seavan containers, either at the direction of or furnished by the CAO or the appropriate agency transportation office.

47.102 [Reserved]

47.103 Transportation payment and audit regulation.

47.103-1 General.

31 U.S.C. 3726 requires all agencies to establish a prepayment audit program. For details on the establishment of a prepayment audit, see 41 CFR part 102-118.

47.103-2 Contract clause.

Complete and insert the clause at 52.247-67, Submission of Transportation Documents for Audit, in solicitations and contracts when a cost-reimbursement contract is contemplated and the contract, or a first-tier cost-reimbursement subcontract under it, will authorize reimbursement of transportation as a direct charge to the contract or subcontract.

47.104 Government rate tenders under sections 10721 and 13712 of the Interstate Commerce Act (49 U.S.C. 10721 and 13712).

(a) This section explains statutory authority for common carriers subject to the jurisdiction of the Surface Transportation Board, i.e., motor carrier, water carrier, freight forwarder, rail carrier, to offer to transport persons or property for the account of the United States without charge or at "a rate reduced from the applicable commercial rate." A carrier offers reduced rates in a Government rate tender. Additional information for civilian agencies is available in the Federal Management Regulation (41 CFR parts 102-117 and 102-118) and for DoD in the Defense Transportation Regulation (DoD 4500.9-R).

(b) Reduced rates offered in a Government rate tender are authorized for transportation provided by a rail carrier, for the movement of household goods, and for movement by or with a water carrier in noncontiguous domestic trade.

(1) For Government rate tenders submitted by a rail carrier, a rate reduced from the applicable commercial rate is a rate reduced from a rate regulated by the Surface Transportation Board.

(2) For Government rate tenders submitted for the movement of household goods, “a rate reduced from the applicable commercial rate” is a rate reduced from a rate contained in a published tariff subject to regulation by the Surface Transportation Board.

(3) For Government rate tenders submitted for movement by or with a water carrier in noncontiguous domestic trade, “a rate reduced from the applicable commercial rate” is a rate reduced from a rate contained in a published tariff required to be filed with the Surface Transportation Board.

47.104-1 Government rate tender procedures.

(a) 49 U.S.C. 10721 and 13712 rates are published in Government rate tenders and apply to shipments moving for the account of the Government on—

(1) Commercial bills of lading endorsed to show that the Government is assigned, and will reimburse, total transportation charges (see the clause at 52.247-1, Commercial Bill of Lading Notations); and

(2) Government bills of lading.

(b) Agencies may negotiate with carriers for additional or revised 49 U.S.C. 10721 and 13712 rates. Only personnel authorized under agency procedures may negotiate such rates.

47.104-2 Fixed-price contracts.

(a) *F.o.b. destination*. 49 U.S.C. 10721 and 13712 rates do not apply to shipments under fixed-price f.o.b. destination contracts (delivered price).

(b) *F.o.b. origin*. The contracting officer may occasionally require the contractor to prepay the freight charges to a specific destination. In such cases, the contractor must use a commercial bill of lading, and the contractor must invoice the direct and actual transportation cost as a separate item. The clause at 52.247-1, Commercial Bill of Lading Notations, ensures that the Government in this type of arrangement obtains the benefit of 49 U.S.C. 10721 and 13712 rates.

47.104-3 Cost-reimbursement contracts.

(a) 49 U.S.C. 10721 and 13712 rates may apply to shipments other than those made by the Government if the total benefit accrues to the Government, i.e., the Government pays the charges or reimburses the party that initially assumed the freight charges. Therefore, 49 U.S.C. 10721 and 13712 rates may apply to shipments moving on commercial bills of lading in cost reimbursement contracts under which the transportation costs are direct and allowable costs under the cost principles of Part 31.

(b) 49 U.S.C. 10721 and 13712 rates may apply to the movement of household goods and personal effects of contractor employees who are relocated for the convenience and at the direction of the Government and whose total transportation costs are reimbursed by the Government.

(c) The clause at 52.247-1, Commercial Bill of Lading Notations, ensures that the Government receives the benefit of lower 49 U.S.C. 10721 and 13712 rates in cost-reimbursement contracts as described in paragraphs (a) and (b) of this section.

(d) Contracting officers must—

(1) Include in contracts a statement requiring the contractor to use carriers that offer acceptable service at reduced rates if available; and

(2) Ensure that contractors receive the name and location of the transportation officer designated to furnish support and guidance when using Government rate tenders.

47.104-4 Contract clause.

(a) To ensure application of 49 U.S.C. 10721 and 13712 rates, where authorized (see 47.104(b)), insert the clause at 52.247-1, Commercial Bill of Lading Notations, in solicitations and contracts when the contracts will be—

(1) Cost-reimbursement contracts, including those that may involve the movement of household goods (see 47.104-3(b)); or

(2) Fixed-price f.o.b. origin contracts (other than contracts at or below the simplified acquisition threshold) (see 47.104-2(b) and 47.104-3).

(b) The contracting officer may insert the clause at 52.247-1, Commercial Bill of Lading Notations, in solicitations and contracts made at or below the simplified acquisition threshold when the delivery terms will be f.o.b. origin.

47.104-5 Citation of Government rate tenders.

When 49 U.S.C. 10721 and 13712 rates apply, transportation offices or contractors, as appropriate, must identify the applicable Government rate tender by endorsement on bills of lading.

47.105 [Reserved]

Subpart 47.2 - Contracts for Transportation or for Transportation-Related Services

47.200 Scope of subpart.

(a) This subpart describes procedures for the acquisition by sealed bid or negotiated contracts of—

(1)

Freight transportation (including local drayage) from rail, motor (including bus), domestic water (including inland, coastwise, and intercoastal) carriers, and from freight forwarders; and

(2)

Transportation-related services including but not limited to stevedoring, storage, packing, marking, and ocean freight forwarding.

(b)

Except as provided in paragraph (c) below, this subpart does not apply to—

(1)

The acquisition of freight transportation from—

(i)

Domestic or international air carriers (see subpart 47.4); and

(ii)

International ocean carriers (see subpart 47.5);

(2)

Freight transportation acquired by bills of lading;

(3)

Household goods for which rates are negotiated under 49 U.S.C. 10721 and 13712. (These statutes do not apply in intrastate moves); or

(4)

Contracts at or below the simplified acquisition threshold.

(c)

With appropriate modifications, apply the procedures in this subpart as necessary to the acquisition of freight transportation from the carriers listed in paragraph (b)(1) above and passenger transportation from any carrier or mode.

(d)

The procedures in this subpart apply to the transportation of household goods of persons being relocated at Government expense except when acquired—

(1)

Under the commuted rate schedules as required in the Federal Travel Regulation (41 CFR Chapter 302);

(2)

By the Department of Defense under DoD 4500.9-R, Defense Transportation Regulation; or

(3)

Under 49 U.S.C. 10721 and 13712 rates. (These statutes do not apply in intrastate moves.)

47.201 Definitions.

As used in this subpart-

General freight means supplies, goods, and transportable property not encompassed in the definitions of household goods or office furniture.

Office furniture means furniture, equipment, fixtures, records, and other equipment and materials used in Government offices, hospitals, and similar establishments.

47.202 [Reserved]

47.203 [Reserved]

47.204 Single-movement contracts.

Contracting officers may award single-movement contracts for unique transportation services not otherwise available under carrier tariffs or covered by DoD or the General Services Administration contracts, e.g., special requirements at origin and/or destination.

47.205 [Reserved]

47.206 [Reserved]

47.207 Contract clauses, and special requirements.

47.207-1 Qualifications of offerors.

(a) *Operating authorities*. Insert the clause at 52.247-2, Permits, Authorities, or Franchises, when regulated transportation is involved. The clause need not be used when a Federal office move is intrastate and the contracting officer determines that it is in the Government's interest not to apply the requirement for holding or obtaining State authority to operate within the State.

(b) [Reserved]

(c) [Reserved]

(d)

Familiarization with conditions. Insert the clause at 52.247-5, Familiarization with Conditions, to ensure that offerors become familiar with conditions under which and where the services will be performed.

47.207-2 [Reserved]

47.207-3 Description of shipment, origin, and destination.

(a) *Origin of shipments*. Include in solicitations full details regarding the location from which the freight is to be shipped.

(b) *Destination of shipments*. Include full details regarding delivery points.

(c) *Description of the freight*. Include in solicitations—

(1) An inventory if the freight consists of nonbulk items; and

(2) The freight classification description, which the transportation office should provide. If a freight classification description is not available, use a clear nontechnical description. Include additional details necessary to ensure that the prospective offerors have complete information about the freight, e.g., size, weight, hazardous material, whether packed for export, or unusual value.

(d) [Reserved]

(e) *Quantity*.

(1) State the actual weight of the freight or a reasonably accurate estimate.

(2) Insert the clause at 52.247-8, Estimated Weights or Quantities Not Guaranteed, when weights or quantities are estimates.

47.207-4 Determination of weights.

Specify in the contract the method of determining the weights of shipments as appropriate for the kind of freight involved and the type of service required.

(a) *Shipments of freight other than household goods and office furniture*.

(1) [Reserved]

(2) Insert the clause at 52.247-10, Net Weight—General Freight, when the weight of shipments of freight other than household goods or office furniture is not known at the time of shipment and the contractor is responsible for determining the net weight of the shipments.

(b) *Shipments of household goods or office furniture*. Insert the clause at 52.247-11, Net Weight—Household Goods or Office Furniture, when movements of Government employees' household goods or relocations of Government offices are involved.

47.207-5 Contractor responsibilities.

Specify clearly those service requirements that are not normal transportation or transportation-related requirements.

(a) *Type of equipment*. As necessary, specify the type and size of equipment the contractor must furnish. Otherwise, state that the contractor shall furnish clean and sound closed-type equipment of sufficient size to accommodate the shipment.

(b) [Reserved]

(c) *Accessorial services—moving contracts*. Insert a clause substantially the same as the clause at 52.247-13, Accessorial Services—Moving Contracts, in contracts for the transportation of household goods or office furniture.

(d) [Reserved]

(e) *Loading and unloading*. Insert the clause at 52.247-15, Contractor Responsibility for Loading and Unloading, when the contractor is responsible for loading and unloading shipments.

47.207-6 Rates and charges.

(a) (1) Include in the solicitation a statement that the charges in the contract must not exceed the contractor's charges for the same service that is—

(i) Available to the general public; or

(ii) Otherwise tendered to the Government.

(2) Insert the clause at 52.247-17, Charges.

(b) Include in the solicitation a tabulation listing each required service and the basis for the rate (price), e.g., unit of weight or per work-hour, leaving sufficient space for offerors to insert the rates offered for each service.

(c) The following guidelines apply to the composition of a tabulation of transportation or of transportation-related services and their rate (price) bases:

(1) *Combination of pricing bases*. If a contract requires various types of services with different bases for assessing charges, show each service separately and the applicable basis for that service.

(2) *Hourly rate basis*. If charges are based on an hourly rate, state the method for charging for fractions of an hour, e.g., —

(i) A period of 30 minutes or less is charged at one-half the hourly rate; and

(ii) The hourly rate applies to any portion of an hour that exceeds 30 minutes.

(3) *Shipments of varying weights*. If charges are based on weight and shipments will vary in weight, request rates on a graduated weight basis. Include a table of graduated weights for offerors to insert rates.

(4) *Multiple origins and/or destinations*. Specify whether rates are requested for each origin and/or each destination or for specific groups of origins and/or destinations.

(5) *Multiple shipments from one origin*. If multiple shipments will be tendered at one time to the contractor for delivery to two or more consignees at the same destination, request the rate applicable to the aggregate weight. If such shipments are for delivery to various destinations along the route between origin and last destination, request the rate applicable to the aggregate weight and a stopoff charge for each intermediate destination.

(i) Insert the clause at 52.247-18, Multiple Shipments, when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees at the same destination.

(ii) Insert the clause at 52.247-19, Stopping in Transit for Partial Unloading, when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees along the route between origin and last destination.

(6) [Reserved]

(7) *Additional services*. State the conditions for payment for any services in addition to those covered in the basic rate, e.g., inside delivery.

47.207-7 Liability and insurance.

(a) Specify in the solicitation and contract—

(1) The contractor's liability for injury to persons or damage to property other than the freight being transported;

(2) The contractor's liability for loss of and/or damage to the freight being transported; and

(3) The amount of insurance the contractor must maintain.

(b) When the contractor's liability for loss of and/or damage to the freight being transported is not specified, the usual measure of liability as prescribed in section 11706 of the Interstate Commerce Act (49 U.S.C. 11706) applies.

(c) Insert the clause at 52.247-21, Contractor Liability for Personal Injury and/or Property Damage.

(d) Insert the clause at 52.247-22, Contractor Liability for Loss of and/or Damage to Freight other than Household Goods, in solicitations and contracts for the transportation of freight other than household goods.

(e) Insert the clause at 52.247-23, Contractor Liability for Loss of and/or Damage to Household Goods, in solicitations and contracts for the transportation of household goods, including the rate per pound appropriate to the situation.

(f) When freight is not shipped under rates subject to released or declared value, see 28.313(a) and the clause at 52.228-9, Cargo Insurance.

(g) When vehicular liability and/or general public liability insurance required by law are not sufficient for a contract, see 28.313(b) and the clause at 52.228-10, Vehicular and General Public Liability Insurance.

47.207-8 Government responsibilities.

State clearly the Government's responsibilities that have a direct bearing on the contractor's performance under the contract, e.g., the Government's responsibility to notify the contractor in advance when hazardous materials are included in a shipment.

47.207-9 Annotation and distribution of shipping and billing documents.

State in detail the responsibilities of the contractor, the contracting agency, and, if appropriate, the consignee for the annotation and distribution of shipping and billing documents. See 41 CFR part 102-118, Transportation Payment and Audit.

47.207-10 [Reserved]

47.207-11 Volume movements within the contiguous United States.

(a) For purposes of contract administration, a volume movement is—

(1) For DoD, the aggregate of freight shipments amounting to or exceeding 25 carloads, 25 truckloads, or 500,000 pounds, to move during the contract period from one origin point for delivery to one destination point or area; and

(2) For civilian agencies, 50 short tons (100,000 pounds) in the aggregate to move during the contract period from one origin point for delivery to one destination point or area.

(b) Transportation personnel assigned to or supporting the CAO, or appropriate agency personnel, must report planned and actual volume movements in accordance with agency regulations. DoD activities report to the Military Surface Deployment and Distribution Command (SDDC) under DoD 4500.9-R, Defense Transportation Regulation.

47.208 Report of shipment (REPSHIP).

47.208-1 Advance notice.

Military and, as required, civilian agency, storage and distribution points, depots, and other receiving activities require advance notice of shipments en route from contractors' plants. Generally, this notification is required only for classified material; sensitive, controlled, and certain other protected material; explosives, and some other hazardous materials; selected shipments requiring movement control; or minimum carload or truckload shipments. It facilitates arrangements for transportation control, labor, space, and use of materials handling equipment at destination. Also, timely receipt of notices by the consignee transportation office precludes the incurring of demurrage and vehicle detention charges.

47.208-2 Contract clause.

Insert the clause at 52.247-68, Report of Shipment (REPSHIP), in solicitations and contracts requiring advance notice of shipment for safety or security reasons, or where the contract requires carload or truckload shipments to DoD installations or to civilian agency facilities.

Subpart 47.3 - Transportation in Supply Contracts

47.300 Scope of subpart.

(a) This subpart describes policies and procedures for the application of transportation and traffic management considerations in the acquisition of supplies. The terms and conditions in this subpart apply to fixed-price contracts.

(b) If a special requirement exists for application of any of these terms and conditions to other types of contracts, e.g., cost-reimbursement contracts, for which transportation arrangements are normally the responsibility of the contractor and transportation costs are allowable, then use the terms and conditions in this subpart as a guide for—

(1) Contract coverage of transportation; and

(2) Instructions to the contractor to minimize the ultimate transportation costs to the Government.

47.301 General.

47.301-1 Responsibilities of contracting officers.

(a) Obtain from traffic management offices transportation factors required for—

(1) Solicitations and awards; and

(2) Contract administration, modification, and termination, including the movement of property by the Government to and from contractors' plants.

(b) Request transportation office participation especially before making an initial acquisition of supplies that are unusually large, heavy, high, wide, or long; have sensitive or dangerous characteristics; or lend themselves to containerized movements from the source. In determining total transportation charges, also consider additional costs arising from factors such as the use of special equipment, excess blocking and bracing material, or circuitous routing.

47.301-2 [Reserved]

47.301-3 Using the Defense Transportation System (DTS).

(a) All military and civilian agencies shipping, or arranging for the acquisition and shipment by Government contractors, using military-controlled transport or through military transshipment facilities must follow Department of Defense (DoD) Regulation DoD 4500.9-R, Defense Transportation Regulation, Part II. This regulation establishes uniform procedures and documents for the generation, documentation, communication, and use of transportation information, thus providing the capability for control of shipments moving in the DTS. DoD 4500.9-R Part II has been implemented on a world-wide basis.

(b) Contracting activities are responsible for—

(1) Ensuring that the requirements of DoD 4500.9-R Part II regulation are included in appropriate contracts for all applicable shipments; and

(2) Enforcing these requirements regarding shipments under their control. This includes requirements relating to documentation, marking, advance notification of shipment dates, and terminal clearances.

(c) Designate in contractual documents a contract administration office (see 42.202(a)) as the point of contact to whom the contractor will provide information necessary to—

(1) Effect DoD 4500.9-R Part II documentation and movement control, including air or water terminal shipment clearances; and

(2) Obtain data necessary for shipment marking and freight routing. Contractual documents must specify that the contractor shall not ship directly to a military air or water port terminal without authorization from the designated contract administration office (see 47.305-6(f)).

47.302 Place of delivery-f.o.b. point.

(a) The policies and procedures in 47.304-1 and -3 govern the transportation of supplies from sources in the Contiguous United States (CONUS), except when identifiable costs, nature of the supplies (security, safety, or value), delivery requirements (premium modes of transport, escorts, transit arrangements, and tentative conditions), or other advantages, limitations, or requirements dictate otherwise. The policies and procedures in 47.304-4 govern the transportation of supplies from sources outside CONUS.

(b) Generally, solicit offers, and award contracts, with delivery terms on the basis prescribed in 47.304.

(c) (1) The delivery term must not dictate the place of performance of Government acquisition quality assurance actions or the place of acceptance, except that if acceptance is at destination, use f.o.b. destination (see 47.304-1(f)).

(2) The fact that transportation is f.o.b. destination does not alone necessitate changing the place of acceptance from origin to destination. Further, the fact that acceptance is at origin does not necessitate an f.o.b. origin delivery term. Providing for inspection and acceptance at origin (if appropriate under 46.402), in conjunction with an f.o.b. destination term, might benefit both the Government and the contractor. Government acceptance of title at origin permits payment to the contractor, provided the invoice is supported either—

(i) By a copy of the signed commercial bill of lading (indicating the carrier's receipt of the supplies covered by the invoice for transportation to the destination specified in the contract); or

(ii) By other appropriate evidence of shipment to the destination for the contractor's account.

47.303 Standard delivery terms and contract clauses.

This section lists standard delivery terms. See 47.300(b) regarding applicability to cost reimbursement contracts.

47.303-1 F.o.b. origin.

(a) *Explanation of delivery term*. *F.o.b. origin* means free of expense to the Government delivered—

(1) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipment will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(2) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(3) To a U.S. Postal Service facility; or

(4) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372).

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-29, F.o.b. Origin, when the delivery term is f.o.b. origin.

47.303-2 F.o.b. origin, contractor's facility.

(a) *Explanation of delivery term*. *F.o.b. origin, contractor's facility* means free of expense to the Government delivered on board the indicated type of conveyance of the carrier (or of the Government if specified) at the designated facility, on the named street or highway, in the city, county, and State from which the shipment will be made.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-30, F.o.b. Origin, Contractor's Facility, when the delivery term is f.o.b. origin, contractor's facility.

47.303-3 F.o.b. origin, freight allowed.

(a) *Explanation of delivery term*. *F.o.b. origin, freight allowed* means—

(1) Free of expense to the Government delivered—

(i) On board the indicated type or conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) An allowance for freight, based on applicable published tariff rates (or Government rate tenders) between the points specified in the contract, is deducted from the contract price.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-31, F.o.b. Origin, Freight Allowed, when the delivery term is f.o.b. origin, freight allowed.

47.303-4 F.o.b. origin, freight prepaid.

(a) *Explanation of delivery term*. *F.o.b. origin, freight prepaid* means—

(1) Free of expense to the Government delivered—

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) The cost of transportation, ultimately the Government's obligation, is prepaid by the contractor to the point specified in the contract.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-32, F.o.b. Origin, Freight Prepaid, when the delivery term is f.o.b. origin, freight prepaid.

47.303-5 F.o.b. origin, with differentials.

(a) *Explanation of delivery term*. *F.o.b. origin, with differentials* means—

(1) Free of expense to the Government delivered—

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) Differentials for mode of transportation, type of vehicle, or place of delivery as indicated in contractor's offer may be added to the contract price.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-33, F.o.b. Origin, with Differentials, when offerors are likely to include in f.o.b. origin offers a contingency to compensate for a possibly unfavorable routing condition by the Government at the time of shipment.

47.303-6 F.o.b. destination.

(a) *Explanation of delivery term*. *F.o.b. destination* means—

(1) Free of expense to the Government delivered, on board the carrier's conveyance, at a specified delivery point where the consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and

(2) Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for export), warehouse unloading platform, or receiving dock, at the expense of the contractor. The Government shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or constructive placement as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item 568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested. If the contractor uses rail carrier or freight forwarder for less than carload shipments, the contractor shall ensure that the carrier will furnish tailgate delivery when required, if transfer to truck is required to complete delivery to consignee.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-34, F.o.b. Destination, when the delivery term is f.o.b. destination.

47.303-7 F.o.b. destination, within consignee's premises.

(a) *Explanation of delivery term*. *F.o.b. destination, within consignee's premises* means free of expense to the Government delivered and laid down within the doors of the consignee's premises, including delivery to specific rooms within a building if so specified.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-35, F.o.b. Destination, within Consignee's Premises, when the delivery term is f.o.b. destination, within consignee's premises.

47.303-8 F.a.s. vessel, port of shipment.

(a) *Explanation of delivery term*. *F.a.s. vessel, port of shipment* means free of expense to the Government delivered alongside the ocean vessel and within reach of its loading tackle at the specified port of shipment.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-36, F.a.s. Vessel, Port of Shipment, when the delivery term is f.a.s. vessel, port of shipment.

47.303-9 F.o.b. vessel, port of shipment.

(a) *Explanation of delivery term*. F.o.b. vessel, port shipment means free of expense to the Government loaded, stowed, and trimmed on board the ocean vessel at the specified port of shipment.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-37, F.o.b. Vessel, Port of Shipment, when the delivery term is f.o.b. vessel, port of shipment.

47.303-10 F.o.b. inland carrier, point of exportation.

(a) *Explanation of delivery term*. F.o.b. inland carrier, point of exportation means free of expense to the Government, on board the conveyance of the inland carrier, delivered to the specified point of exportation.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-38, F.o.b. Inland Carrier, Point of Exportation, when the delivery term is f.o.b. inland carrier, point of exportation.

47.303-11 F.o.b. inland point, country of importation.

(a) *Explanation of delivery term*. F.o.b. inland point, country of importation means free of expense to the Government, on board the indicated type of conveyance of the carrier, delivered to the specified inland point where the consignee's facility is located.

(b) [Reserved]

(c) *Contract clause*. Insert in solicitations and contracts the clause at 52.247-39, F.o.b. Inland Point, Country of Importation, when the delivery term is f.o.b. inland point, country of importation.

47.303-12 [Reserved]

47.303-13 [Reserved]

47.303-14 [Reserved]

47.303-15 [Reserved]

47.303-16 [Reserved]

47.303-17 [Reserved]

47.304 Determination of delivery terms.

47.304-1 General.

(a) In general, determine f.o.b. terms based on overall costs, considering the criteria in this section.

(b) Specify in solicitations whether offerors must submit offers f.o.b. origin, f.o.b. destination, or both, or whether offerors may choose the basis on which they make an offer. Consider the most advantageous delivery point, such as—

(1) F.o.b. origin, carrier's equipment, wharf, or specified freight station near contractor's plant; or

(2) F.o.b. destination.

(c) In determining whether f.o.b. origin or f.o.b. destination is more advantageous to the Government, consider the availability of lower freight rates, i.e., Government rate tenders, to the Government for f.o.b. origin acquisitions. F.o.b. origin contracts also present other desirable traffic management features, in that they—

(1) Permit use of transit privileges (see 47.305-13);

(2) Permit diversions to new destinations without price adjustment for transportation (see 47.305-11);

(3) Facilitate use of special routings or types of equipment (e.g., circuitous routing or oversize shipments) (see 47.305-14);

(4) Facilitate, if necessary, use of premium cost transportation and permit Government-controlled transportation;

(5) Permit negotiations for reduced freight rates (see 47.104-1(b)); and

(6) Permit use of small shipment consolidation stations.

(d) When destinations are tentative or unknown, specify in the solicitation f.o.b. origin only.

(e) When the size or quantity of supplies with confidential or higher security classification requires commercial transportation services, generally specify f.o.b. origin acquisitions.

(f) When acceptance must be at destination, specify in the solicitation f.o.b. destination only.

(g) Here follow examples of situations in which solicitations will normally be on an f.o.b. destination only basis as advantageous to the Government (see 47.305-4):

(1) Bulk supplies, such as coal, that require other than Government-owned or operated handling, storage, and loading facilities, are destined for shipment outside CONUS.

(2) Steel or other bulk construction products are destined for shipment outside CONUS.

(3) Supplies consist of forest products such as lumber.

(4) Perishable or medical supplies are subject to in-transit deterioration.

(5) Evaluation of f.o.b. origin offers will likely result in increased administrative lead time or administrative cost that would outweigh the potential advantages of an f.o.b. origin determination.

47.304-2 [Reserved]

47.304-3 Shipments from CONUS for overseas delivery.

(a) When Government acquisitions involve shipments from CONUS to overseas destinations, delivery f.o.b. origin may afford not only the economies of lower freight rates available to the Government within CONUS, but also flexibility for selection of—

(1) The port of export; and

(2) The ocean transportation providing the lowest overall cost to the Government.

(b) (1) Unless valid reasons exist to the contrary (see 47.304-5), make acquisition of supplies originating within CONUS for ultimate delivery to destinations outside CONUS on an f.o.b. origin basis. This policy applies to supplies and equipment shipped either directly to a port area for export or to a storage or holding area for subsequent forwarding to a port area for export.

(2) Solicitation of offers on other than an f.o.b. origin basis requires written justification.

(c) Export cargo involves considerations of operational and cost factors from the point of origin within CONUS to the overseas port destination. Determine the lowest cost of shipping only upon considering and comparing the various prospective landed costs, including inland, terminal, and ocean costs. Also, agencies may have export licensing privileges for shipments to foreign destinations. Obtain advice from the transportation officer to ensure full use of these privileges.

47.304-4 Shipments originating outside CONUS.

(a) Unless valid reasons exist to the contrary (see 47.304-5), make acquisition of supplies originating outside CONUS for ultimate delivery to destinations within CONUS or elsewhere, regardless of the quantity of the shipments, on either an f.o.b. origin or an f.o.b. destination basis, whichever is more advantageous to the Government.

(b) When developing acquisition documents, request the advice of the transportation officer to determine the best place of delivery, considering the possible use of Government transportation facilities, reduced rates available, special licensing or custom requirements, and availability of U.S.-flag shipping services between the points involved (see subpart 47.5).

47.304-5 Exceptions.

(a) Unusual conditions or circumstances might dictate the use of terms other than f.o.b. origin or f.o.b. destination. Such conditions or circumstances include, but are not limited to—

(1) Transportation disabilities at origin or destination;

(2) Mode of transportation required;

(3) Availability of Government or commercial loading, unloading, or transshipment facilities;

(4) Characteristics of the supplies;

(5) Trade customs related to certain supplies;

(6) Origins or destinations in Alaska and Hawaii; and

(7) Program requirements.

(b) Obtain assistance from transportation officers before issuing solicitations when unusual conditions or circumstances exist that relate to f.o.b. terms.

47.305 Solicitation provisions, contract clauses, and transportation factors.

47.305-1 Solicitation requirements.

When the acquisition of supplies is on f.o.b. origin or f.o.b. destination delivery terms, include in solicitations a requirement that the offeror furnish the Government as much of the following data as is applicable to the particular acquisition:

(a) Modes of transportation and, if rail transportation is used, names of rail carriers serving the offeror's facility.

(b) The number of railroad cars, motor trucks, or other conveyances that can be loaded per day.

(c) Type of packaging, e.g., box, carton, crate, drum, bundle, skids, and when applicable, package number from the governing freight classification.

(d) Number of units packed in one container.

(e) Guaranteed maximum shipping weight; cubic measurement; and length, width, and height of each container.

(f) Minimum size of each shipment.

(g) Number of containers or units that can be loaded in a car, truck, or other conveyance of the size normally used (specify type and size) for the commodity.

(h) Description of material in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates apply.

(i) Benefits available to the Government under transit arrangements.

(j) Other requirements as stated under specific section headings.

47.305-2 [Reserved]

47.305-3 F.o.b. origin solicitations.

When preparing f.o.b. origin solicitations, see 47.303 for clause prescriptions. Include in supply solicitations that will or may result in f.o.b. origin contracts any requirements, information, provisions, and clauses concerning the following items:

(a) Delivery in carload or truckload lots f.o.b. carrier's equipment, wharf, or freight station.

(b) The requirement that the offeror furnish the following information with the offer:

(1) Location of the offeror's actual shipping point(s) (street address, city, State, and ZIP code) from which supplies will be delivered to the Government.

(2) Whether the offeror's shipping point has a private railroad siding, and the name of the rail carrier serving it.

(3) When the offeror's shipping point does not have a private siding, the names and addresses of the nearest public rail siding and of the carrier serving it. This will enable transportation officers, when issuing routing instructions, to select the mode of transportation providing the required service at the lowest overall cost.

(4) The quantity of supplies to be shipped from each shipping point.

(c) When delivery is f.o.b. origin, contractor's facility, and the designated facility is not covered by the line-haul transportation rate, the charges required to deliver the shipment to the point where the line-haul rate is applicable.

(d) When delivery is f.o.b. origin, freight allowed, the basis on which transportation charges will be allowed, including the origin and destination locations.

(e) When the Government will accept only f.o.b. origin offers, a statement that the Government will reject as nonresponsive offers submitted on any other basis.

(f) The methods of transportation used in evaluating offers, as applicable,to establish the cost of transportation between offeror's shipping point and the destination within the contiguous United States. Add this transportation cost to the offer price to determine the Government's overall cost. The Government normally uses land transportation by regulated common carriers between points in the 48 contiguous United States and the District of Columbia.

(g) (g) (1) When offerors are likely to include in f.o.b. origin offers a contingency to compensate for a possibly unfavorable routing condition by the Government at the time of shipment, the contracting officer may permit offerors to state in offers a reimbursable differential that represents the cost of bringing the supplies to any f.o.b. origin place of delivery the Government specifies at the time of shipment. See the clause at 52.247-33, F.o.b. Origin, with Differentials.

(2) Here follow situations that might impose on the contractor a substantial cost above at plant or commercial shipping point prices because of Government-required routings:

(i) The loading nature of the supplies, e.g., wheeled vehicles.

(ii) Government-specified methods of shipment, e.g., towaway, driveaway, tri-level vehicle, or rail car, that might increase the contractor's cost for bringing the supplies to, or loading and bracing the supplies at, the specified place of delivery.

(iii) The contractor's f.o.b. origin shipping point is a port city served by United States inland, coastwise, or intercoastal water transportation, and the contractor would incur additional costs to make delivery f.o.b. a wharf in that city to accommodate Government-specified water routing.

(iv) The contractor's plant lacks a private rail siding, and shipping by a Government-specified rail routing would require the contractor to deliver the supplies to a public siding or freight terminal and to load, brace, and install dunnage in rail cars.

47.305-4 F.o.b. destination solicitations.

(a) When preparing f.o.b. destination solicitations, see 47.303 for clause prescriptions.

(b) When the Government will accept only f.o.b. destination offers, state in the solicitation that the Government will reject as nonresponsive offers submitted on a basis other than f.o.b. destination.

(c) When the solicitation or contract for supplies specifies f.o.b. destination, but inspection and acceptance will be at origin, insert in solicitations and contracts the clause at 52.247-48, F.o.b. Destination—Evidence of Shipment.

47.305-5 [Reserved]

47.305-6 Shipments to ports and air terminals.

(a) When acquiring supplies based on the delivery terms in 47.303-8 through 47.303-11, include in the solicitation a requirement that the offeror furnish the Government the following information:

(1) When the delivery term is f.a.s. vessel, port of shipment; f.o.b. vessel, port of shipment; or f.o.b. inland carrier, point of exportation, the offeror must furnish—

(i) A delivery schedule in number of units and/or long or short tons;

(ii) Maximum quantities available per shipment;

(iii) The quantity that can be made available for loading to vessel per running day of 24 hours (if acquisition involves a commodity to be shipped in bulk);

(iv) The minimum lead time required to make supplies available for loading to vessel; and

(v) The port and pier or other designation and, when applicable, the maximum draft of vessel (in feet) that can be accommodated.

(2) When the delivery term is f.o.b. inland point, country of importation, the offeror must furnish—

(i) A delivery schedule in number of units and/or long or short tons;

(ii) Maximum quantities available per shipment; and

(iii) Other data appropriate to shipment by air carrier.

(b) When acquiring supplies that originate within CONUS for known destinations outside CONUS, for transportation evaluation purposes, note in the solicitation the CONUS port of loading or point of exit (aerial or water) and the water port of debarkation that serves the overseas destination.

(c) The contracting officer may also, for evaluation purposes, list in the solicitation other CONUS ports compatible with the nature and quantity of the supplies, their destination, type of carrier required, and specified overseas delivery dates. This allows offerors that are geographically remote from the port that normally serves the overseas destination to offer competitive transportation costs.

(d) Unless logistics requirements limit the ports of loading to the ports listed in the solicitation, state in the solicitation that —

(1) Offerors may nominate additional ports (including ports in Alaska and Hawaii) more favorably located to their shipping points; and

(2) When evaluating offers, the Government will consider such additional ports that possess the capabilities of the listed ports, considering the type of supplies.

(e) [Reserved]

(f) (1) When the supplies will move in the DTS (see 47.301-3), specify in the contract that—

(i) A Transportation Control Movement Document (TCMD) must be sent to the appropriate DoD air or water clearance authority in accordance with DoD 4500.9-R, Defense Transportation Regulation, Part II, procedures for all shipments consigned to DoD air or water terminal transshipment points; and

(ii) An Export Release must be obtained for supplies to be transshipped via a water port of loading to overseas destinations, except for shipments for which an Export Release is not required, generally shipments of less than 10,000 pounds, (see DoD 4500.9-R Part II).

(2) When shipments will be consigned to DoD air or water terminal transshipment points, insert in solicitations and contracts the clause at 52.247-52, Clearance and Documentation Requirements—Shipments to DoD Air or Water Terminal Transshipment Points.

(g) When a contract will not generate any shipments that require an Export Release, list in the solicitation only the DoD CONUS ports that serve the overseas destination, except that the contracting officer may limit the water ports listed when necessary to meet delivery or other requirements.

(h) Specify in the award the United States ports of loading that afford the lowest overall cost to the overseas destination.

(i) When supplies will originate outside CONUS to destinations either within or outside CONUS, use the appropriate f.o.b. term and include evaluation-of-offers information.

(j) In furtherance of the Cargo Preference Act of 1954 (46 U.S.C. 55305), to encourage and foster the American Merchant Marine, the port of delivery of supplies originating outside the United States and shipped by ocean vessel must derive from availability of United States-flag vessels between the ports involved, unless the acquiring activity has given other specific instructions. See subpart 47.5.

47.305-7 Quantity analysis, direct delivery, and reduction of crosshauling and backhauling.

(a) *Quantity analysis*.

(1) The requiring activity must consider the acquisition of carload or truckload quantities.

(2) When transporting additional quantities of the supplies will result in lower unit transportation costs (or a de minimus increase in total transportation costs), without impairing the program schedule, determine from the requiring activity

whether a known requirement exists for additional quantities. This situation might arise, for example, when the activity could store the additional quantity for future use, or when multiple activities on the same transportation route or in the same geographical area could use or store the additional quantity.

(b) *Direct delivery*. When a requiring activity normally acquires supplies in large quantities for shipment to a central point and for subsequent distribution, to reduce the cost of transportation and handling, consider—

(1) Whether the quantities involved warrant scheduling direct delivery; and

(2) The feasibility of providing for direct delivery from the contractor to the using activity.

(c) *Crosshauling and backhauling*. Select distribution and transshipment facilities intermediate to origins and ultimate destinations to minimize crosshauling and backhauling, i.e., the transportation of personal property of the same kind in opposite directions or the return of the property to or through areas previously traversed in shipment.

47.305-8 Consolidation of small shipments and the use of stopoff privileges.

(a) *Consolidation of small shipments*. Consolidation of small shipments into larger lots frequently results in lower transportation costs. Therefore, the contracting officer, after consultation with the transportation office and the requiring activity, may revise the delivery schedules to provide for deliveries in larger quantities.

(b) *Stopping for partial unloading*. When feasible, consolidate schedules for delivery of supplies to multiple destinations. Direct the use of stopoff privileges permitted under carrier tariffs for partial unloading at one or more points directly en route between the point of origin and the last destination.

47.305-9 Commodity description and freight classification.

(a) Generally, the freight rate for supplies is based on the rating applicable to the freight classification description published in the National Motor Freight Classification (NMFC) (for carriers) and the Uniform Freight Classification (UFC) (for rail) filed with Federal and State regulatory bodies. Therefore, state in the solicitation a complete description of the commodity and the packing requirements to determine proper transportation charges for the evaluation of offers. If proper classification of supplies using freight classification tariffs is impracticable, or if doubt exists, then obtain the applicable freight classification from the transportation office. Additionally, offerors may provide an official freight classification description.

(b) (1) When the supplies are new to the supply system, nonstandard, or modifications of previously shipped items, and different freight classifications might apply, insert in solicitations the provision at 52.247-53, Freight Classification Description.

(2) Alert the transportation officer to the possibility of negotiations for appropriate freight classification ratings and reasonable transportation rates.

(c) Include in the solicitation adequate descriptions of explosives and other dangerous supplies according to—

(1) The regular freight classification; and

(2) The hazardous material description and hazard class as shown in 49 CFR 172.101.

(d) Furnish the freight classification information developed in 47.305-9(a), (b), and (c) above to the contract administration office.

47.305-10 Packing, marking, and consignment instructions.

(a) Include in acquisition documents packing and marking requirements necessary to prevent deterioration of supplies and damages due to the hazards of shipping, handling, and storage, and, when appropriate, marking in accordance with the requirements of 49 CFR 172.300.

(b) Include in contracts complete consignment and marking instructions at the time the contract is awarded to ensure that supplies are delivered to proper destinations without delay. If complete consignment information is initially unknown, then issue amended delivery instructions under the Changes clause of the contract (see part 43) as soon as the information becomes known.

(c) As necessary to meet required delivery schedules, issue instructions by telephone or electronic means. Confirm telephonic instructions in writing, and confirm electronic instructions in the absence of confirmation of receipt.

(d) Marking and consignment instructions for military shipments must conform to the current issue of MIL-STD-129 (Military Standard Marking for Shipment and Storage) and other applicable DoD regulations. Mark shipments for civilian agencies as specified in Federal Standard 123, Marking for Domestic Shipment (Civil Agencies).

47.305-11 Options in shipment and delivery.

Although the clauses prescribed in subpart 43.2 allow certain changes regarding shipment and delivery, generally provide specifically for certain options in the solicitation. The Government may reserve the right to—

(a) Direct deliveries of all or part of the contract quantity to destinations or to consignees other than those specified in the solicitation and in the contract;

(b) Direct shipments in quantities requiring transportation rates different from those on which the contract price is based; and

(c) Direct shipments by a mode of transportation other than that stipulated in the solicitation and in the contract.

47.305-12 Delivery of Government-furnished property.

(a) When a solicitation contemplates Government-furnished property, and transportation costs to the Government factor in the evaluation of offers, include in the solicitation a clear description of the property, its location, and other information necessary for preparation of cost estimates.

(b) Describe any explosive and dangerous material according to—

(1) The regular freight classification; and

(2) The hazardous material description and hazard class as shown in 49 CFR 172.101.

47.305-13 Transit arrangements.

(a) (1) Transit arrangements permit the stopping of a carload or truckload shipment at a specific intermediate point en route to the final destination for storage, processing, or other purposes, as specified in carrier tariffs or rate tenders. A single through rate is charged from origin to final destination plus a transit or other related charge, rather than a more expensive combination of rates to and from the transit point.

(2) Consider possible benefits available to the Government using existing transit arrangements or through efforts to obtain additional transit privileges from the carriers. Restrict solicitations incorporating transit arrangements to f.o.b. origin offers, because f.o.b. destination offers can only include fixed overall delivered prices at first destination.

(3) (i) Traffic management personnel must furnish information and analyses of situations in which transit arrangements might benefit the Government. The quantity awarded must entail sufficient tonnage to ensure the contractor can make carload/truckload shipments, and reasonable certainty should exist that carload/truckload quantities will ship upon request from the transit point.

(ii) Insert in solicitations the provision at 52.247-56, Transit Arrangements, when benefits might accrue to the Government because transit arrangements might apply.

(b) [Reserved]

47.305-14 Mode of transportation.

Generally, do not specify in solicitations a particular mode of transportation or a particular carrier. If, however, a program requires particular types of carriers, then state in the solicitation that the Government will consider only offers involving the specified types of carriers. Obtain all specifications for mode, route, delivery, etc., from the transportation office.

47.305-15 Loading responsibilities of contractors.

(a) (1) Contractors are responsible for loading, blocking, and bracing carload shipments as specified in standards published by the Association of American Railroads.

(2) Insert in solicitations and contracts the clause at 52.247-58, Loading, Blocking, and Bracing of Freight Car Shipments, when supplies may be shipped in carload lots by rail.

(b) If the nature of the supplies, or safety, environmental, or transportability factors, require special methods for securing the supplies on the carrier's equipment, or if only a special mode of transportation or vehicle is appropriate, then include in solicitations detailed specifications coordinated with the transportation office.

47.305-16 [Reserved]

47.305-17 [Reserved]

47.306 [Reserved]

Subpart 47.4 - Air Transportation by U.S.-Flag Carriers

47.400 Scope of subpart.

This subpart describes policies and procedures for implementing 49 U.S.C. 40118, Government-financed air transportation, commonly known as the Fly America Act.

47.401 Definitions.

As used in this subpart-

Air freight forwarder means an indirect air carrier that is responsible for the transportation of property from the point of receipt to the point of destination, and utilizes for the whole or any part of such transportation the services of a direct air carrier or its agent, or of another air freight forwarder.

Gateway airport abroad means the airport from which the traveler last embarks en route to the United States or at which the traveler first debarks incident to travel from the United States.

Gateway airport in the United States means the last U.S. airport from which the traveler's flight departs or the first U.S. airport at which the traveler's flight arrives.

International air transportation means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

United States means the 50 States, the District of Columbia, and outlying areas of the United States.

U.S.-flag air carrier means an entity granted authority to provide air transportation in the form of a certificate of public convenience and necessity under 49 U.S.C. 41102.

47.402 Policy.

Under the Fly America Act, Federal employees and their dependents, consultants, contractors, grantees, and others must use, if available, U.S.-flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property.

47.403 Guidelines for implementation of the Fly America Act.

This section 47.403 reflects the Guidelines for Implementation of the Fly America Act (case number B-138942), issued by the Comptroller General of the United States on March 31, 1981.

47.403-1 Availability and unavailability of U.S.-flag air carrier service.

(a) If a U.S.-flag air carrier cannot provide the international air transportation needed or if use of U.S.-flag air carrier service would not accomplish an agency's mission, the agency may use a foreign-flag air carrier service as necessary.

(b) Consider a U.S.-flag air carrier service as available even though—

(1) A foreign-flag air carrier can provide comparable or a different kind of service at less cost;

(2) The agency or traveler prefers, or finds convenient, foreign-flag air carrier service; or

(3) Excess foreign currency is available to pay for foreign-flag air carrier service (unless U.S.-flag air carriers decline to accept excess or near excess foreign currencies for transportation payable only out of such monies).

(c) Except as provided in paragraph (a), use U.S.-flag air carrier service for U.S. Government-financed commercial foreign air travel if U.S.-flag air carrier service is available. In determining availability of a U.S.-flag air carrier, apply the following scheduling principles unless their application would result in the last or first leg of travel to or from the United States being performed by a foreign-flag air carrier:

(1) Use U.S.-flag air carrier service available at point of origin to destination or, in the absence of direct or through service, to the farthest interchange point on a usually traveled route.

(2) When a U.S.-flag air carrier does not serve an origin or interchange point, use foreign-flag air carrier service only to the nearest interchange point on a usually traveled route to connect with U.S.-flag air carrier service.

(3) When a U.S.-flag air carrier involuntarily reroutes the traveler via a foreign-flag air carrier, the traveler may use the foreign-flag air carrier notwithstanding the availability of alternative U.S.-flag air carrier service.

(d) For travel between a gateway airport in the United States and a gateway airport abroad, consider passenger service by U.S.-flag air carrier unavailable if—

(1) The gateway airport abroad is the traveler's origin or destination airport, and use of U.S.-flag air carrier service would extend the time in a travel status, including delay at origin and accelerated arrival at destination, by at least 24 hours more than travel by a foreign-flag air carrier; or

(2) (i) The gateway airport abroad is an interchange point and use of U.S.-flag air carrier service would require the traveler to wait 6 hours or more to make connections at that point; or

(ii) Delayed departure from, or accelerated arrival at, the gateway airport in the United States would extend time in a travel status by at least 6 hours more than travel by a foreign-flag air carrier.

(e) The rules in paragraphs (a), (b), and (c) apply to travel between two points outside the United States, but do not consider passenger service by a U.S.-flag air carrier reasonably available if—

(1) Travel by a foreign-flag air carrier would eliminate two or more aircraft changes en route;

(2) One of the two points abroad is the gateway airport en route to or from the United States and the use of a U.S.-flag air carrier would extend the time in a travel status by at least 6 hours more than travel by a foreign-flag air carrier, including accelerated arrival at the overseas destination or delayed departure from the overseas origin, as well as delay at the gateway airport or other interchange point abroad; or

(3) The travel is not part of the trip to or from the United States and the use of a U.S.-flag air carrier would extend the time in a travel status by at least 6 hours more than travel by a foreign-flag air carrier including delay at origin, delay en route, and accelerated arrival at destination.

(f) For all short-distance travel under either paragraph (d) or paragraph (e), do not consider U.S. air carrier service available when the elapsed travel time on a scheduled flight from origin to destination airport by foreign-flag air carrier is 3 hours or less and service by a U.S.-flag air carrier would involve at least 6 hours of travel time.

47.403-2 Air transport agreements between the United States and foreign governments.

Nothing in the guidelines of the Comptroller General (see 47.403) precludes, and no penalty results from, use of a foreign-flag air carrier that provides transportation under an air transport agreement between the United States and a foreign government, the terms of which are consistent with the international aviation policy goals at 49 U.S.C. 40101 and provide reciprocal rights and benefits.

47.403-3 Disallowance of expenditures.

(a) (1) Agencies must disallow expenditures for U.S. Government-financed commercial international air transportation on foreign-flag air carriers unless the contractor attaches to the voucher a memorandum adequately explaining why—

(i) Service by U.S.-flag air carriers was not available; or

(ii) Use of foreign-flag air carriers was necessary.

(2) The contractor's use of a statement of unavailability similar to the one contained in the clause at 52.247-63, Preference for U.S.-Flag Air Carriers, satisfies this memorandum requirement.

(b) When the travel is by indirect route, or the traveler otherwise fails to use available U.S.-flag air carrier service, the amount disallowed against the traveler is based on the loss of revenues suffered by U.S.-flag air carriers. Use the following formula, which is prescribed and more fully explained in 56 Comp. Gen. 209 (1977), to calculate the amount disallowed:

$$\frac{\text{Sum of U.S.-flag carrier segment mileage, authorized}}{\text{Sum of all segment mileage, authorized}} \times \text{Fare payable by Government}$$

MINUS

$$\frac{\text{Sum of U.S.-flag carrier segment mileage, traveled}}{\text{Sum of all segment mileage, traveled}} \times \text{Through fare payed}$$

47.404 Air freight forwarders.

(a) Agencies may use air freight forwarders that are engaged in international air transportation (49 U.S.C. 40102(a)(23)) for U.S. Government-financed movements of property. The rule on disallowance of expenditures in 47.403-3(a) applies also to the air carriers used by these international air freight forwarders.

(b) Agency personnel must inform international air freight forwarders that to facilitate prompt payments of their bills, the forwarder must submit with their bills—

(1) A copy of the airway bill or manifest showing the air carriers used; and

(2) Justification for the use of foreign-flag air carriers similar to the one shown in the clause at 52.247-63, Preference for U.S.-Flag Air Carriers.

47.405 Contract clauses.

(a) Insert the clause at 52.247-63, Preference for U.S.-Flag Air Carriers, in solicitations and contracts when the possibility exists that performance of the contract will entail U.S. Government-financed international air transportation of personnel (and their personal effects) or property. This clause does not apply to contracts awarded using the simplified acquisition procedures in part 13 or contracts for commercial products (see part 12).

(b) Insert the clause at 52.247-69, Reporting Requirement for U.S.-Flag Air Carriers Regarding Training to Prevent Human Trafficking, in solicitations and contracts with a U.S.-flag air carrier for the transportation by air of passengers. This clause does not apply to solicitations issued or contracts awarded—

(1) By the Department of Defense; or

(2) For commercial products.

This page intentionally left blank.

Subpart 47.5 - Ocean Transportation by U.S.-Flag Vessels

47.500 Scope of subpart.

(a) This subpart describes policy and procedures for giving preference to U.S.-flag vessels when transportation of supplies by ocean vessel is required.

(b) This subpart does not apply to the Department of Defense (DoD). Policy and procedures applicable to DoD appear in DFARS subpart 247.5.

47.501 Definitions.

As used in this subpart—

Dry bulk carrier means a vessel used primarily for the carriage of shipload lots of homogeneous unmarked nonliquid cargoes such as grain, coal, cement, and lumber.

Dry cargo liner means a vessel used for the carriage of heterogeneous marked cargoes in parcel lots. However, any cargo may be carried in these vessels, including part cargoes of dry bulk items or, when carried in deep tanks, bulk liquids such as petroleum and vegetable oils.

Foreign-flag vessel means any vessel of foreign registry including vessels owned by U.S. citizens but registered in a nation other than the United States.

Government vessel means a vessel owned by the U.S. Government and operated directly by the Government or for the Government by an agent or contractor, including a privately owned U.S.-flag vessel under bareboat charter to the Government.

Privately owned U.S.-flag commercial vessel means a vessel (1) registered and operated under the laws of the United States, (2) used in commercial trade of the United States, (3) owned and operated by U.S. citizens, including a vessel under voyage or time charter to the Government, and (4) a Government-owned vessel under bareboat charter to, and operated by, U.S. citizens.

Tanker means a vessel used primarily for the carriage of bulk liquid cargoes such as liquid petroleum products, vegetable oils, and molasses.

U.S.-flag vessel when used independently means either a Government vessel or a privately owned U.S.-flag commercial vessel.

47.502 Policy.

(a) The Cargo Preference Act of 1954 (46 U.S.C. 55305) requires Government agencies acquiring, either within or outside the United States, supplies that might require ocean transportation to ensure that contractors transport at least 50 percent of the gross tonnage of these supplies (computed separately for dry bulk carriers, dry cargo liners, and tankers) on privately owned U.S.-flag commercial vessels. This requirement applies—

(1) To the extent that such vessels are available at rates that are fair and reasonable for U.S.-flag commercial vessels; and

(2) When the supplies are—

(i) Acquired for the account of the United States;

(ii) Furnished to, or for the account of, a foreign nation without provision for reimbursement;

(iii) Furnished for the account of a foreign nation in connection with which the United States advances funds or credits, or guarantees the convertibility of foreign currencies; or

(iv) Acquired with advance of funds, loans, or guaranties made by or on behalf of the United States.

(b) The Cargo Preference Act of 1904 (10 U.S.C. 2631) requires agencies buying supplies for the Department of Defense to use only U.S.-flag vessels for ocean transportation, unless those vessels are not available at fair and reasonable rates.

47.503 Applicability.

(a) Except as stated in paragraph (b) below and in 47.504, the Cargo Preference Acts of 1904 and 1954, described in 47.502, apply to the following cargoes:

(1) Supplies owned by the Government and in the possession of—

(i) The Government;

(ii) A contractor; or

(iii) A subcontractor at any tier.

(2) Supplies not owned by the Government at the time of shipment that the Government acquires for its own use and for which it requires subsequent delivery to a Government activity.

(3) Supplies not owned by the Government at the time of shipment that are to be transported for distribution to foreign assistance programs, but only if these supplies are not acquired or contracted for with local currency funds (see 47.504(b)).

(b) Government-owned supplies to be shipped commercially that are—

(1) In the possession of a department, a contractor, or a subcontractor at any tier; and

(2) For use of military departments must be transported exclusively in privately owned U.S.-flag commercial vessels if such vessels are available at rates that are fair and reasonable for U.S.-flag commercial vessels.

(c) The 50-percent requirement does not preclude use of privately owned U.S.-flag commercial vessels for transportation of up to 100 percent of the cargo subject to the Cargo Preference Act of 1954.

47.504 Exceptions.

The policy and procedures in this subpart do not apply to the following:

(a) Shipments aboard vessels as required or authorized by law or treaty.

(b) Ocean transportation between foreign countries of supplies purchased with foreign currencies made available, or derived from funds that are made available, under the Foreign Assistance Act of 1961 (22 U.S.C. 2353).

(c) Shipments of classified supplies when the classification prohibits the use of non-Government vessels.

(d) Subcontracts for the acquisition of commercial products, including commercial components, or commercial services (see part 12). This exception does not apply to—

(1) Grants-in-aid shipments, such as agricultural and food-aid shipments;

(2) Shipments covered under 46 U.S.C. 55305, such as those generated by Export-Import Bank loans or guarantees;

(3) Subcontracts under—

(i) Government contracts or agreements for ocean transportation services; or

(ii) Construction contracts; or

(4) Shipments of commercial products that are—

(i) Items the contractor is reselling or distributing to the Government without adding value (see part 12). Generally, the contractor does not add value to the items when it subcontracts items for f.o.b. destination shipment; or

(ii) Shipped in direct support of U.S. military—

(A) Contingency operations;

(B) Exercises; or

(C) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations.

47.505 [Reserved]

47.506 Procedure.

If the contractor notifies the contracting officer that a privately owned U.S.-flag commercial vessel is not available, then seek assistance from the transportation activity.

47.507 Contract clauses.

(a) (1) Insert the clause at 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels, in solicitations and contracts that may involve ocean transportation of supplies subject to the Cargo Preference Act of 1954. (For application of the Cargo Preference Act of 1954, see 47.502(a), 47.503(a), and 47.504.)

(2) If a statute or agency procedures require transportation of the supplies furnished under the contracts exclusively in privately owned U.S.-flag commercial vessels (see 47.502(b) and 47.503(b)), use the clause with its Alternate I.

(3) Except for contracts or agreements for ocean transportation services or construction contracts, use the clause with its Alternate II if any of the supplies to be transported are commercial products that are shipped in direct support of U.S. military —

(i) Contingency operations;

(ii) Exercises; or

(iii) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations.

(b) The contracting officer may, under agency procedures, insert in solicitations and contracts additional clauses concerning the vessels used.

PART 48 - VALUE ENGINEERING

This page intentionally left blank.

48.001 Definitions.

As used in this part—

Acquisition savings means savings resulting from the application of a value engineering change proposal (VECP) to contracts awarded by the same contracting office of its successor for essentially the same unit. Acquisition savings include—

(1) Instant contract savings, that are the net cost reductions on the contract under which the VECP is submitted and accepted, and that are equal to the instant unit cost reduction multiplied by the number of instant contract units affected by the VECP, less the contractor's allowable development and implementation costs;

(2) Concurrent contract savings, that are net reductions in the prices of other contracts that are definitized and ongoing at the time the VECP is accepted; and

(3) Future contract savings, that are the product of the future unit cost reduction multiplied by the number of future contract units in the sharing base. On an instant contract, future contract savings include savings on increases in quantities after VECP acceptance that are due to contract modifications, exercise of options, additional orders, and funding of subsequent year requirements on a multiyear contract.

Collateral costs means agency costs of operation, maintenance, logistic support, or Government-furnished property.

Collateral savings means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contracting office includes any contracting office that the acquisition is transferred to, such as another branch of the agency or another agency's office that is performing a joint acquisition action.

Contractor's development and implementation costs means those costs the contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the contractor incurs to make the contractual changes required by Government acceptance of a VECP.

Future unit cost reduction means the instant unit cost reduction adjusted as the contracting officer considers necessary for projected learning or changes in quantity during the sharing period. It is calculated at the time the VECP is accepted and applies either—

(1) Throughout the sharing period, unless the contracting officer decides that recalculation is necessary because conditions are significantly different from those previously anticipated; or

(2) To the calculation of a lump-sum payment, that cannot later be revised.

Instant contract means the contract under which the VECP is submitted. It does not include increases in quantities after acceptance of the VECP that are due to contract modifications, exercise of options, or additional orders. If the contract is a multiyear contract, the term does not include quantities funded after VECP acceptance. In a fixed-price contract with prospective price redetermination, the term refers to the period for which firm prices have been established.

Instant unit cost reduction means the amount of the decrease in unit cost of performance (without deducting any contractor's development or implementation costs) resulting from using the VECP on the instant contract. In service contracts, the instant unit cost reduction is normally equal to the number of hours per line-item task saved by using the VECP on the instant contract, multiplied by the appropriate contract labor rate.

Sharing base means the number of affected end items on contracts of the contracting office accepting the VECP.

Sharing period means the period beginning with acceptance of the first unit incorporating the VECP and ending at a calendar date or event determined by the contracting officer for each VECP.

Unit means the item or task to which the contracting officer and the contractor agree the VECP applies.

Value engineering proposal means, in connection with an A-E contract, a change proposal developed by employees of the Federal Government or contractor value engineering personnel under contract to an agency to provide value engineering services for the contract or program.

Subpart 48.1 - Policies and Procedures

48.101 General.

Value engineering is a formal technique where contractors may (1) voluntarily suggest more economical methods and share resulting savings or (2) be required to create programs to identify and submit more economical methods to the Government.

48.102 Policies.

(a) As 41 U.S.C. 1711 requires, agencies must create and maintain cost-effective value engineering procedures. Agencies must offer contractors substantial financial incentives to develop and submit VECPs. Contracting offices must include value engineering provisions in appropriate supply, service, architect-engineer and construction contracts as sections 48.201 and 48.202 direct, except when the agency head grants exemptions for specific cases or contract classes.

(b) Non-Department of Defense agencies must use the value engineering program requirement clause (52.248-1, Alternates I or II) in initial production contracts for major systems and for major systems research and development contracts. Exceptions apply when the contracting officer determines and documents that such use is inappropriate.

(c) Department of Defense contracts must include the VE program requirement clause (52.248-1, Alternates I or II) in initial production solicitations and contracts (first and second buys) for major system acquisitions under DoD Directive 5000.1. Exceptions include:

(1) Cases where the prime contractor has proven effective VE work in earlier phases or similar production contracts.

(2) Contracts awarded through competition.

Subpart 48.2 - Contract Clauses

48.201 Clauses for supply or service contracts.

(a) *General.* The contracting officer must add a value engineering clause to solicitations and contracts exceeding the simplified acquisition threshold, except as noted in paragraphs (a)(1) through (5) and paragraph (f). Without approval from the chief of the contracting office, a value engineering clause must not be included in solicitations and contracts for:

(1) Research and development except full-scale development;

(2) Engineering services from nonprofit organizations;

(3) Personal services (see part 37);

(4) Product or component improvement, unless the value engineering incentive applies only to areas not covered by improvement provisions;

(5) Commercial products without special packaging or other requirements; or

(6) Contracts exempted by the agency head from part 48 requirements.

(b) *Value engineering incentive.* To create a value engineering incentive, the contracting officer must add clause 52.248-1, Value Engineering, to solicitations and contracts with exceptions noted in paragraph (a) and considerations in paragraph (e)(1) of this section.

(c) *Value engineering program requirement*. (1) For mandatory value engineering efforts (when substantial government savings may result from sustained, specified effort levels), the contracting officer must use the clause with Alternate I, noting considerations in paragraph (e)(2) of this section.

(2) The government may specify the value engineering program requirement in the solicitation. In negotiated contracts, contractors may propose it in their offers as a negotiation topic. The program requirement must appear as a separate line item in the contract Schedule.

(d) *Value engineering incentive and program requirement*. (1) When both a value engineering incentive and program requirement are appropriate, the contracting officer must use the clause with Alternate II, noting considerations in paragraph (e)(3) of this section.

(2) The contract must limit the value engineering program to clearly defined performance areas listed by line item. Alternate II applies a value engineering program to those specified areas and a value engineering incentive to all other contract areas.

(e) When calculating collateral savings costs more than the benefits, the head of the contracting activity may determine the contracting officer must use the clause with:

(1) Alternate III for value engineering incentives;

(2) Alternate III and Alternate I for value engineering program requirements; or

(3) Alternate III and Alternate II for combined incentives and program requirements.

(f) *Architect-engineer contracts.* For contracts requiring specific value engineering effort in architect-engineer work, the contracting officer must add clause 52.248-2, Value Engineering Architect-Engineer. Clause 52.248-1, Value Engineering, must not appear in architect-engineer solicitations and contracts.

(g) For engineering-development contracts and those with early production units, the contracting officer must modify clause 52.248-1 by:

(1) Replacing the text in paragraph (i)(3)(i) of the clause with language about quantities delivered over 36-60 months during peak production; and

(2) Revising the first sentence in paragraph (3) of the definition of "acquisition savings" with similar language about quantities over 36-60 months during peak production.

(h) For extended production periods (like ship construction or major systems), when agency procedures require sharing future contract savings on all units delivered under contracts awarded during the sharing period, the contracting officer must modify clause 52.248-1 by revising its paragraph (i)(3)(i) and the first sentence under paragraph (3) of the definition of "acquisition savings" with language about contracts awarded during the sharing period.

48.202 Clause for construction contracts.

Insert the clause 52.248-3, Value Engineering-Construction, in construction solicitations and contracts exceeding the simplified acquisition threshold, unless creating an incentive contract. This clause must not appear in incentive-type construction contracts. When computing and tracking collateral savings costs more than the benefits, as determined by the head of the contracting activity, the contracting officer must use the clause with its Alternate I.

This page intentionally left blank.

PART 49 - TERMINATION OF CONTRACTS

Subpart 49.5 - Contract Termination Clauses

Subpart 49.6 - Contract Termination Forms and Formats

49.000 Scope of part.

(a) This part covers the policy and procedures for terminating contracts early. The Government can terminate contracts for two main reasons:

(1) For its own convenience.

(2) Because the contractor failed to perform (called "default").

(b) This part prescribes—

(1) The contract clauses relating to termination and excusable delay; and

(2) Instructions for using termination and settlement forms.

49.001 Definitions.

As used in this part—

Other work means Government and commercial work the contractor is doing now or plans to do later, which does not include work on the contract that was terminated.

Plant clearance period means a set time period that starts when the contract is completed or terminated and ends 90 days after the contracting officer receives acceptable inventory schedules for each property classification. The parties can agree to make this period longer if needed. The final phase starts after the contracting officer receives acceptable inventory schedules.

Settlement agreement means a written agreement in the form of a contract modification that settles all or part of a settlement proposal

Settlement proposal means a contractor's or subcontractor's proposal for ending a contract terminated in whole or in part. The proposal must use the required forms and include supporting data from this part. Settlement proposals count as "claims" under false claims laws (see 18 U.S.C. 287 and 31 U.S.C. 3729).

Unsettled contract change means a contract change or contract term for which a formal modification is required but has not been executed.

49.002 Applicability.

(a) (1) This part applies to contracts that allow termination for Government convenience or contractor default. See part 13 for information on simplified acquisition contracts.

(2) This part does not apply to contracts for commercial products and commercial services awarded under part 12 procedures. For those contracts, use part 12 for termination policies. This part can be used as guidance for those contracts, but only if it does not conflict with part 12 or the applicable clause.

(b) Contractors must use this part to settle subcontracts terminated after a cost-reimbursement prime contract is modified, unless the contracting officer deems such a use inappropriate. The contracting officer must use this part as a guide when reviewing subcontract settlements. This applies when the contractor uses the subcontract settlement as basis for reimbursement under a cost-reimbursement contract.

(c) The contracting officer may use this part to determine equitable adjustments resulting from a modification under Changes clauses. This does not apply to cost-reimbursement contracts.

(d) When this part refers to the "amount" of a settlement proposal, calculate as follows:

(1) Start with the total settlement amount requested.

(2) Then subtract—

(i) Amounts due for completed work at the contract price; and

(ii) Amounts for settling subcontractor proposals.

(3) Do not subtract—

(i) Credits from keeping or selling termination inventory; and

(ii) Advance or partial payments already made.

Subpart 49.1 - General Principles

49.100 Scope of subpart.

(a) This subpart covers-

(1) The authority and duties of contracting officers to terminate contracts completely or partially for Government convenience or contractor default;

(2) What contractors and contracting officers must do after a termination notice;

(3) Basic procedures for settling terminated contracts; and

(4) Settlement agreements.

(b) More detailed rules are in other subparts. Subparts 49.2 and 49.3 cover convenience terminations and settlements for fixed-price and cost-reimbursement contracts. Subpart 49.4 covers default terminations.

49.101 Authorities and responsibilities.

(a) Contract termination clauses give contracting officers the authority to—

(1) Terminate contracts for convenience or default; and

(2) Enter into settlement agreements under this regulation.

(b) The contracting officer must terminate contracts, whether for default or convenience, only when it is in the Government's interest. Use a no-cost settlement instead of a termination notice when—

(1) It is known that the contractor will accept it;

(2) Government property was not furnished; and

(3) There are no outstanding payments, debts due the Government, or other contractor obligations.

(c) Contracting officers should not terminate a contract for convenience when the remaining work is worth less than $5,000.

(d) After the contracting officer or termination contracting officer (TCO) issues a termination notice, the TCO handles the settlement negotiations, including no-cost settlements if appropriate. The TCO is responsible for working out payment details with the contractor. Auditors and TCOs must work quickly on reviews, negotiations, and give special attention to small business settlements.

(e) When the same item is under contract with both large and small businesses, and the contracting officer needs to terminate some of the undelivered items for convenience, the contracting officer must give preference to continuing small business contracts unless it can be clearly shown that the small business will be unable to provide the item in a timely fashion.

(f) The contracting officer handles releasing extra funds from terminations. This responsibility can be given to the TCO if specified in writing.

49.102 Notice of termination.

(a) *General.* Contracting officers must terminate contracts only with a written notice to the contractor. See 49.601 for the notice format. The notice of termination may be expedited by means of electronic communication capable of providing confirmation of receipt by the contractor. When mailing the notice, use certified mail and request return receipt. If hand-delivering the notice, get written acknowledgment from the contractor. The notice must include the following:

(1) Why the contract is terminated (convenience or default) and the related contract clause.

(2) When the termination takes effect.

(3) How much of the contract is terminated (partial or complete). If partial, which parts are terminated.

(4) Any special instructions.

(5) Steps the contractor should take to help employees if the termination, together with all other outstanding terminations, will cause significant job losses. See 49.601-2, paragraph (g).

(b) *Distribution of copies.* The contracting officer must simultaneously send the termination notice to the contractor; the contract administration office; and any known assignee, guarantor, or surety.

(c) *Amendment of termination notice.* The contracting officer may amend a termination notice to-

(1) Fix minor mistakes;

(2) Add more information or instructions; or

(3) Rescind the notice if it is discovered that the terminated items were completed or shipped before the contractor received the notice.

(d) *Reinstatement of terminated contracts.* Upon written consent of the contractor, the contracting office may reinstate a terminated portion of a contract in whole or in part by amending the notice of termination if it has been determined in writing that-

(1) Circumstances clearly indicate that the Government still needs the terminated items; and

(2) Reinstatement benefits the Government.

49.103 Methods of settlement.

(a) Settlement of terminated cost-reimbursement contracts and fixed-price contracts terminated for convenience may be effected by-

(1) Negotiated agreement;

(2) Determination by the TCO;

(3) Costing-out under vouchers using SF 1034, Public Voucher for Purchases and Services Other Than Personal, for cost-reimbursement contracts (as prescribed in subpart 49.3); or

(4) A combination of these methods.

(b) When possible, the TCO should negotiate a fair and prompt settlement with the contractor. The TCO must settle a settlement proposal by determination only when it cannot be settled by agreement.

49.104 Duties of prime contractor after receipt of notice of termination.

After receiving a termination notice, the contractor is required to follow the notice and the termination clause of the contract, except as otherwise directed by the TCO. The notice and clause for convenience terminations generally require the contractor to—

(a) Stop work immediately on the terminated portion of the contract and stop placing subcontracts for that work;

(b) Terminate all subcontracts related to the terminated portion of the prime contract;

(c) Immediately tell the TCO about any special circumstances that prevent stopping work;

(d) Perform the continued portion of the contract and submit promptly any request for an equitable adjustment of price for the continued portion, if the termination is partial. Support this request with evidence of any cost increases;

(e) Take necessary or directed action to protect and preserve property in the contractor's possession in which the Government has or may acquire an interest. When directed by the TCO, deliver this property to the Government;

(f) Promptly notify the TCO in writing of any legal proceedings arising from any subcontract or other commitment related to the terminated portion of the contract;

(g) Settle outstanding liabilities and proposals arising from termination of subcontracts. Get any approvals or ratifications the TCO requires;

(h) Promptly submit the contractor's own settlement proposal, supported by appropriate schedules; and

(i) Dispose of termination inventory as directed or authorized by the TCO.

49.105 Duties of termination contracting officer after issuance of notice of termination.

(a) Following the termination clause and termination notice, the TCO must-

(1) Tell the prime contractor what actions to take;

(2) Review the prime contractor's settlement proposal and, when appropriate, subcontractor settlement proposals;

(3) Quickly negotiate settlement with the contractor and make a settlement agreement; and

(4) Quickly settle the contractor's settlement proposal by determination for portions on which agreement cannot be reached, if a complete settlement cannot be negotiated.

(b) To speed up settlement, the TCO may ask for specially trained people to-

(1) Assist in dealings with the contractor;

(2) Advise on legal and contract matters;

(3) Conduct accounting reviews and assist with accounting matters; and

(4) Handle the following termination inventory tasks (see subpart 45.6):

(i) Verify the inventory exists;

(ii) Decide what can be allocated and in what amounts;

(iii) Recommend whether items can be used or are serviceable;

(iv) Do necessary screening and redistribution; and

(v) Help the contractor get rid of remaining items.

(c) The TCO should quickly hold a meeting with the contractor to make a clear plan for completing the settlement. When appropriate, after talking with the contractor, major subcontractors should be asked to attend. Topics to be discussed and documented include the following:

(1) Basic rules for settling any settlement proposal, including what the contractor must do under the termination clause.

(2) How much of the contract is terminated, when work stops, and status of plans, drawings, and information that would have been delivered if the contract had been completed.

(3) Status of any continuing work;

(4) The contractor's duty to terminate subcontracts and basic rules for settling subcontractor settlement proposals.

(5) Names of subcontractors involved and dates the termination notices were issued to them.

(6) Contractor staff handling review and settlement of subcontractor settlement proposals and methods being used.

(7) Plans for transferring title and for delivering to the Government any materials the Government needs.

(8) Basic rules and procedures for protecting, preserving, and getting rid of contractor and subcontractor termination inventories, including preparing termination inventory schedules.

(9) Contractor accounting practices and preparation of SF 1439 (Schedule of Accounting Information (49.602-3)).

(10) What form to use when submitting settlement proposals.

(11) Accounting review of settlement proposals.

(12) Any need for interim financing through partial payments.;

(13) Rough timeline for negotiating the settlement, including when the contractor and subcontractors must submit settlement proposals, termination inventory schedules, and accounting information schedules (see 49.206-3 and 49.303-2).

(14) Actions taken by the contractor to reduce harm to employees hurt by the termination (see paragraph (g) of the letter notice in 49.601-2).

(15) Contractor's duty to provide accurate, complete, and current cost or pricing data, and to certify this data (see part 15 requirements for certified cost or pricing data) when the termination settlement amount, or partial termination settlement amount plus the estimated cost to complete the continued work, exceeds the cost or pricing data threshold in part 15.

49.105-1 Release of excess funds.

(a) The TCO must estimate funds needed for settlement, and within 30 days of receiving the termination notice, recommend that the contracting officer release excess funds. The contracting officer or TCO (if given the responsibility) should quickly release the initial excess funds. The TCO must not recommend releasing amounts under $1,000 unless requested by the contracting officer.

(b) The TCO must continuously monitor funding requirements in order to release additional excess funds promptly. See 49.604 for a recommended format. If previous funding releases create a shortage for settlement, the TCO must tell the contracting officer immediately. The contracting officer must restore the funds within 30 days.

49.105-2 Cleanup of construction site.

For terminated construction contracts, the contracting officer must direct cleanup actions to ensure: site cleanup, protection of usable materials, removal of hazards, and any other actions needed for a safe and healthy site.

49.106 Fraud or other criminal conduct.

If the TCO suspects fraud or other criminal conduct related to the settlement of a terminated contract, the TCO shall discontinue negotiations and report the facts under agency procedures.

49.107 Audit of prime contract settlement proposals and subcontract settlements.

(a) *Prime contractor audits*. The TCO must send settlement proposals to the audit agency for review when the value meets or exceeds the certified cost or pricing data threshold in part 15. The TCO may send proposals valued below the threshold for certified cost and pricing data for audit review.

(1) When referring proposals, include-

(i) Specific information the TCO considers relevant; and

(ii) Facts and circumstances to help the audit agency.

(2) The audit agency must-

(i) Develop requested information;

(ii) Make additional accounting reviews as appropriate; and

(iii) Submit written comments and recommendations to the TCO.

(3) For proposals under the threshold that do not need formal examination, the TCO will do a desk review and include a written summary in the termination case file.

(b) *Subcontract settlement audits*. The TCO must refer subcontract settlements to the audit agency when—

(1) The amount exceeds the certified cost or pricing data threshold; or

(2) The TCO decides a complete or partial accounting review is advisable. The audit agency must submit written comments and recommendations to the TCO. This review does not remove the prime contractor's or higher-tier subcontractor's responsibility to do their own accounting review.

(c) *Contractor responsibilities*.

(1) Prime contractors and subcontractors must perform accounting reviews and necessary field audits. However, the TCO should request a Government audit of a subcontractor’s settlement proposal when—

(i) A subcontractor objects, for competitive reasons, to an upper-tier contractor reviewing its records;

(ii) The Government audit agency is already working at the subcontractor's location, or can do the audit more economically;

(iii) Government audit is needed for consistent treatment and orderly administration; or

(iv) The contractor has substantial or controlling financial interest in the subcontractor.

(2) The audit agency should avoid duplicating reviews done by upper-tier contractors. However, this does not prevent additional Government reviews when appropriate.

(3) When contractors perform accounting reviews, the TCO should ask the audit agency to periodically examine the contractor's procedures and performance, and provide comments and recommendations to the TCO.

(d) *Using audit reports*. Audit reports are advisory only. The TCO uses them for negotiating settlements or making unilateral determinations. Government personnel handling audit reports must be careful not to reveal privileged information that could hurt the negotiation position of the Government, prime contractor, or higher-tier subcontractor. When appropriate and in the Government's best interest, the TCO may give audit reports to prime contractors and higher-tier subcontractors for settling subcontract proposals.

49.108 Settlement of subcontract settlement proposals.

49.108-1 Subcontractor’s rights.

Subcontractors have no direct contract rights against the Government when a prime contract is terminated. Subcontractors may have rights against the prime contractor or intermediate subcontractor with whom it has contracted. When a prime contract is terminated, the prime contractor and each subcontractor are responsible for promptly settling the settlement proposals of their immediate subcontractors.

49.108-2 Prime contractor’s rights and obligations.

(a) Termination for convenience clauses require prime contractors to terminate subcontracts related to terminated prime work unless the TCO directs otherwise. Prime contractors should include termination clauses in their subcontracts for their protection. See subpart 49.5 for suggestions on subcontract termination clauses.

(b) If a prime contractor fails to include proper termination clauses in subcontracts or fails to exercise clause rights, this does not—

(1) Affect the Government's right to require subcontract termination; or

(2) Increase Government obligations beyond what they would have been with proper clauses.

(c) Normally, the TCO should measure the reasonableness of prime contractor settlements with subcontractors by the total amount due under paragraph (f) of the subcontract termination clause suggested in 49.502(e). The TCO must allow reimbursement above that amount only in unusual cases and only when the subcontract terms did not unreasonably increase the subcontractor's rights.

49.108-3 Settlement procedure.

(a) Contractors must settle with subcontractors following the same policies and principles used for prime contract settlements in this subpart and subparts 49.2 or 49.3. However, the prime contractor or next higher tier subcontractor must accept the basis and form of the subcontractor's settlement proposal. Each settlement must have enough accounting data and other information for the Government to adequately review it. The Government will never pay the prime contractor any amount for lost anticipated profits or consequential damages from terminating any subcontract (but see 49.108-5).

(b) Except as provided in 49.108-4, the TCO must require that-

(1) All subcontractor termination inventory be disposed of and accounted for following the procedures in paragraph (j) of clause 52.245-1, Government Property; and

(2) The prime contractor submit all termination settlements with subcontractors for approval or ratification.

(c) The TCO must quickly examine each subcontract settlement received to determine whether-

(1) The subcontract termination was necessary because of the prime contract termination (or because of a change order —see 49.002(c));

(2) The settlement was made in good faith;

(3) The settlement amount is reasonable; and

(4) The settlement is allocable to the terminated portion of the contract (or if only partially allocable, that the proposed allocation is reasonable).

(d) When considering if any subcontract settlement is reasonable, the TCO must generally follow the provisions in this part for settling prime contracts. The TCO must also comply with any applicable requirements in 49.106 and 49.111 for accounting and other reviews. After the examination, the TCO must notify the contractor in writing of—

(1) Approval or ratification; and

(2) The reasons for disapproval.

49.108-4 Authorization for subcontract settlements without approval or ratification.

(a) (1) The TCO may give written authorization to the prime contractor to complete settlements of subcontracts terminated in whole or in part without approval or ratification when the settlement amount (see 49.002(d)) is $100,000 or less. This requires a written request from the contractor. The TCO may grant this authorization if—

(i) The TCO is satisfied with the adequacy of the procedures used by the contractor in settling settlement proposals, including proposals for keeping, selling, or otherwise disposing of termination inventory of the immediate and lower tier subcontractors. The TCO must obtain advice and recommendations from—

(A) The appropriate audit agency about the adequacy of the contractor's audit administration, including personnel; and

(B) The cognizant plant clearance officer about the adequacy of the contractor's procedures and personnel for handling property disposal matters;

(ii) Any termination inventory included in determining the settlement amount will be disposed of as directed by the prime contractor, except that disposing of the inventory will not be subject to-

(A) Review by the TCO under 49.108-3(c); or

(B) The screening requirements in 45.602-3; and

(iii) A certificate similar to the certificate in the settlement proposal form in 49.602-1(a) will accompany the settlement.

(2) Except as stated in paragraph (a)(4) of this section, authority granted to a prime contractor under paragraph (a)(1) of this section by any TCO must apply to all Executive agencies' prime contracts that are terminated or modified by change orders.

(3) Except as stated in paragraph (a)(4) of this section, the TCO must accept settlements of terminated lower tier subcontracts as part of the prime contractor's settlement proposal. This applies when the settlements are completed by any of the prime contractor's immediate or lower-tier subcontractors who have been granted authority as prime contractors to settle subcontracts, provided that the settlement is within the limit of the authority. Authorization to settle proposals of lower-tier subcontractors must not be granted directly to subcontractors. However, a prime contractor authorized to approve subcontractor settlements may also exercise this authority when acting as a subcontractor for its terminated subcontracts and orders. When exercising this authority as a subcontractor, the contractor must notify the purchaser.

(4) The provisions of paragraphs (a)(1), (2), and (3) of this section do not apply to contracts under the administration of any contracting officer if the contracting officer notifies the prime contractor concerned. This notice must—

(i) Be in writing; and

(ii) If paragraph (a)(3) of this section is involved, specify any subcontractor affected.

(b) Section 45.602 must apply to disposal of completed end items allocable to the terminated subcontract. However, these items may be disposed of without review by the TCO under 49.108-3 and without screening under 45.602-3, if the items do not require demilitarization and the total amount (at the subcontract price) when added to the settlement amount does not exceed the amount authorized under this section.

(c) A TCO granting the authorization in paragraph (a)(1) of this section must periodically (at least annually) make a selective review of settlements and settlement procedures. This review determines if the contractor is making adequate reviews and fair settlements, and whether the authorization should remain in effect. The TCO must obtain advice and recommendations from the appropriate audit agency and the cognizant plant clearance officer. The TCO must revoke the authorization by written notice to the contractor, effective on the date of receipt, when—

(1) The contractor's procedures are not adequate;

(2) Improper settlements are being made; or

(3) The authority has not been used in the preceding 2 years.

(d) The contractor may make any number of separate settlements with a single subcontractor but must not divide settlement proposals solely to bring them under an authorization limit. Separate settlement proposals that would normally be included in a single proposal, such as those based on a series of separate orders for the same item under one contract, must be consolidated whenever possible.

(e) Upon written request of the contractor, the TCO may increase an authorization granted under paragraph (a)(1) of this section to authorize the contractor to conclude settlements under a particular prime contract. The TCO may limit the increased authorization to specific subcontracts or classes of subcontracts.

(f) Authorizations granted under 49.108-4 do not authorize the settlement of requisitions or orders placed with any unit within the contractor's corporate entity.

49.108-5 Recognition of judgments and arbitration awards.

(a) When a subcontractor obtains a final judgment against a prime contractor, the TCO must treat the judgment amount as a cost of settling with the contractor. This applies to the extent the judgment is properly allocable to the terminated portion of the prime contract, if these conditions are met:

(1) The prime contractor made reasonable efforts to include in the subcontract a termination clause described in 49.502(e), 49.503(c), or a similar clause that excludes payment of anticipatory profits or consequential damages.

(2) The subcontract provisions about termination rights of both parties are fair and reasonable and do not unreasonably increase the subcontractor's common law rights.

(3) The contractor made reasonable efforts to settle the subcontractor's settlement proposal.

(4) The contractor promptly notified the contracting officer when the proceedings that led to the judgment began and did not refuse to give the Government control of the defense.

(5) The contractor defended the suit diligently or, if the Government took control of the defense, provided reasonable assistance when requested.

(b) If not all conditions in paragraphs (a)(1) through (5) of this section are met, the TCO may allow the contractor the part of the judgment considered fair for settling the subcontract proposal. The TCO must consider the policies in this part for settlement proposals.

(c) When a contractor and subcontractor submit the subcontractor's settlement proposal to arbitration under any applicable law or contract provision, the TCO must recognize the arbitration award as the cost of settling the contractor's proposal. This applies to the same extent and under the same conditions as in paragraphs (a) and (b) of this section.

49.108-6 Delay in settling subcontractor settlement proposals.

When a prime contractor's inability to settle with a subcontractor delays prime contract settlement, the TCO may settle with the prime contractor. The TCO must exclude the subcontractor settlement proposal from the settlement completely or partially and reserve the rights of the Government and prime contractor regarding the subcontractor proposal.

49.108-7 Assignment of rights under subcontracts.

(a) Termination for convenience clauses in 52.249 (except short-form clauses) require prime contractors to assign to the Government all rights, titles, and interests under any subcontract terminated because of prime contract termination. The TCO directs this assignment. The TCO must not require assignment unless it benefits the Government.

(b) Termination for convenience clauses (except short-form clauses) also give the Government the right to settle and pay any settlement proposal from a subcontract termination at its discretion. This right does not obligate the Government to settle and pay subcontractor settlement proposals. Generally, the prime contractor must settle and pay these proposals. However, when the TCO determines it benefits the Government, the TCO must settle the subcontractor's proposal using prime contract settlement procedures after notifying the contractor (*e.g.*, when a subcontractor is the only source and a delay by the prime contractor in settlement or payment would hurt the subcontractor's financial position). Direct settlements with subcontractors are not encouraged.

49.109 Settlement agreements.

49.109-1 General.

When a termination settlement has been negotiated and all required reviews have been obtained, the contractor and the TCO must execute a settlement agreement. Use Standard Form 30 (Amendment of Solicitation/Modification of Contract) (see 49.603). The settlement must cover—

(a) Any offsets that the Government has against the contractor that may be applied against the terminated contract; and

(b) All subcontractor settlement proposals, except proposals that are specifically excluded from the agreement and reserved for separate settlement.

49.109-2 Reservations.

(a) The TCO must–

(1) Reserve in the settlement agreement any rights or demands of the parties that are excluded from the settlement;

(2) Ensure reservation wording does not create rights for the parties beyond those existing before executing the settlement agreement;

(3) Mark each applicable settlement agreement with "This settlement agreement contains a reservation" and keep in the contract file until the reservation is removed;

(4) Ensure sufficient funds are kept to cover complete settlement of reserved items; and

(5) At the appropriate time, prepare a separate settlement of reserved items and include it in a separate settlement agreement.

(b) A recommended format for settlement of reservations appears in 49.603-9.

49.109-3 Government property.

Before executing a settlement agreement, the TCO must determine the accuracy of the Government property account for the terminated contract. If an audit reveals property the contractor cannot account for, the TCO must either—

(a) Reserve the Government's rights regarding that property in the settlement agreement; or

(b) Make an appropriate deduction from the amount otherwise due the contractor.

49.109-4 No-cost settlement.

The TCO must execute a no-cost settlement agreement (see 49.603-6 or 49.603-7, as applicable) if—

(a) The contractor has not incurred costs for the terminated contract portion; or

(b) The contractor is willing to waive the costs incurred; and

(c) No amounts are due the Government under the contract.

49.109-5 Partial settlements.

The TCO should try to settle all rights and liabilities of the parties in one agreement except those from any continuing contract portion. Generally, the TCO must not make partial settlements covering particular items of the prime contractor's settlement proposal. However, the TCO may make a partial settlement when complete settlement cannot be finished promptly if—

(a) Agreed upon issues are clearly severable from other issues; and

(b) The partial settlement will not hurt the Government's or contractor's interests in disposing of the unsettled part.

49.109-6 Joint settlement of two or more settlement proposals.

(a) With contractor consent, the TCO or TCOs concerned may jointly negotiate two or more termination settlement proposals with the same contractor under different contracts, even if the contracts are with different contracting offices or agencies. Consolidate accounting work as much as practical. The resulting settlement may be shown by—

(1) One settlement agreement covering all contracts involved; or

(2) A separate agreement for each contract involved.

(b) When the settlement agreement covers more than one contract, it must—

(1) Clearly identify the contracts involved;

(2) Assign an amendment modification number to each contract;

(3) Divide the total settlement amount among the contracts on some reasonable basis;

(4) Have attached or incorporated a schedule showing the division; and

(5) Be distributed and attached to each contract involved the same way as other contract modifications.

49.109-7 Settlement by determination.

(a) *General.* If the contractor and TCO cannot agree on a termination settlement, or if a settlement proposal is not submitted within the period required by the termination clause, the TCO must issue a determination of the amount due. This determination must be consistent with the termination clause, including any cost principles incorporated by reference. The TCO must comply with 49.109-1 through 49.109-6 in making a settlement by determination and with 49.203 in making an adjustment for loss, if any.

(b) *Notice to contractor.* Before issuing a determination of the amount due the contractor, the TCO must give the contractor at least 15 days' notice by certified mail (return receipt requested) to submit written evidence. The evidence must reach the TCO on or before a stated date and must support the amount previously proposed.

(c) *Justification of settlement proposal*. (1) The contractor has the burden of establishing the proposed amount by proof satisfactory to the TCO.

(2) The contractor may submit vouchers, verified transcripts of books of account, affidavits, audit reports, and other documents as desired. The TCO may request the contractor to submit additional documents and data, and may request appropriate accountings, investigations, and audits.

(3) The TCO may accept copies of documents and records without requiring original documents unless there is a question of authenticity.

(4) The TCO may hold any conferences considered appropriate—

(i) To confer with the contractor;

(ii) To obtain additional information from Government personnel or from independent experts; or

(iii) To consult persons who have submitted affidavits or reports.

(d) *Determinations.* After reviewing the information available, the TCO must determine the amount due and must transmit a copy of the determination to the contractor by certified mail (return receipt requested), or by any other method that provides evidence of receipt. The transmittal letter must advise the contractor that the determination is a final decision from which the contractor may appeal under the Disputes clause, except as shown in paragraph (f) of this section. The determination must specify the amount due the contractor and will be supported by detailed schedules conforming generally to the forms for settlement proposals prescribed in 49.602-1 and by additional information, schedules, and analyses as appropriate. The TCO must explain each major item of disallowance. The TCO need not reconsider any other action relating to the terminated portion of the contract that was ratified or approved by the TCO or another contracting officer.

(e) *Preservation of evidence.* The TCO must retain all written evidence and other data relied upon in making a determination, except that copies of original books of account need not be made. The TCO must return books of account, together with other original papers and documents, to the contractor within a reasonable time.

(f) *Appeals.* The contractor may appeal, under the Disputes clause, any settlement by determination, except when the contractor has failed to submit the settlement proposal within the time provided in the contract and failed to request an extension of time. The pendency of an appeal will not affect the authority of the TCO to settle the settlement proposal or any part by negotiation with the contractor at any time before the appeal is decided.

(g) *Decision on the contractor's appeal.* The TCO must give effect to a decision of the Claims Court or a board of contract appeals, when necessary, by an appropriate modification to the contract. When appropriate, the TCO should obtain a release from the contractor. TCOs are authorized to modify the formats of settlement agreements in 49.603 to agree with this provision.

49.110 Settlement negotiation memorandum.

(a) The TCO must, at the conclusion of negotiations, prepare a settlement negotiation memorandum describing the principal elements of the settlement for inclusion in the termination case file and for use by reviewing authorities. Pricing aspects of the settlement must be documented, and memorandum distributed, both in accordance with part 15.

(b) If the settlement was negotiated on the basis of individual items, the TCO must specify the factors considered for each item. If the settlement was negotiated on an overall lump-sum basis, the TCO need not evaluate each item or group of items individually but must support the total amount of the recommended settlement in reasonable detail. The memorandum must include explanations of matters involving differences and doubtful questions settled by agreement, and the factors considered. The TCO should include any other matters that will assist reviewing authorities in understanding the basis for the settlement.

49.111 Review of proposed settlements.

Each agency must establish procedures for administrative review of proposed termination settlements when necessary. When one agency provides termination settlement services for another agency, the agency providing the services must also perform the settlement review function.

49.112 Payment.

49.112-1 Partial payments.

(a) *General.* If the contract authorizes partial payments on settlement proposals before settlement, a prime contractor may request them on the form prescribed in 49.602-4 at any time after submission of interim or final settlement proposals. The Government will process applications for partial payments promptly. A subcontractor must submit its application through the prime contractor. The prime contractor must attach its own invoice and recommendations to the subcontractor's application. Partial payments to a subcontractor must be made only through the prime contractor and only after the prime contractor has submitted its interim or final settlement proposal. Except for undelivered acceptable finished products, partial payments must not be made for profit or fee claimed under the terminated portion of the contract. In exercising discretion on the extent of partial payments to be made, the TCO must consider the diligence of the contractor in settling with subcontractors and in preparing its own settlement proposal.

(b) *Amount of partial payment.* Before approving any partial payment, the TCO must obtain any desired accounting, engineering, or other specialized reviews of the data submitted in support of the contractor's settlement proposal. If the reviews and the TCO's examination of the data indicate that the requested partial payment is proper, the TCO may authorize reasonable payments up to—

(1) 100 percent of the contract price, adjusted for undelivered acceptable items completed before the termination date, or later completed with the approval of the TCO (see 49.205);

(2) 100 percent of the amount of any subcontract settlement paid by the prime contractor if the settlement was approved or ratified by the TCO under 49.108-3(c) or was authorized under 49.108-4;

(3) 90 percent of the direct cost of termination inventory, including costs of raw materials, purchased parts, supplies, and direct labor;

(4) 90 percent of other allowable costs (including settlement expense and manufacturing and administrative indirect costs) allocable to the terminated portion of the contract and not included in paragraphs (b)(1), (2), or (3) of this section; or

(5) 100 percent of partial payments made to subcontractors under this section.

(c) *Recognition of assignments.* When an assignment of claims has been made under the contract, the Government must not make partial payments to other than the assignee unless the parties to the assignment consent in writing (see part 32).

(d) *Security for partial payments.* If any partial payment is made for completed end items or for costs of termination inventory, the TCO must protect the Government's interest. This must be done by obtaining title to the completed end items or termination inventory, or by the creation of a lien in favor of the Government, paramount to all other liens, on the completed end items or termination inventory, or by other appropriate means.

(e) *Deductions in computing amount of partial payments*. The TCO must deduct from the gross amount of any partial payment otherwise payable under 49.112-1(b)—

(1) All unliquidated balances of progress and advance payments (including interest) made to the contractor, which are allocable to the terminated portion of the contract; and

(2) The amounts of all credits arising from the purchase, retention, or sale of property, the costs of which are included in the application for payment.

(f) *Limitation on total amount.* The total amount of all partial payments must not exceed the amount that will, in the opinion of the TCO, become due to the contractor because of the termination.

(g) *Effect of overpayment.* If the total of partial payments exceeds the amount finally determined due on the settlement proposal, the contractor must repay the excess to the Government on demand, together with interest. However, interest will not be charged for any—

(1) Excess payment attributable to a reduction in the settlement proposal because of retention or other disposition of termination inventory, until 10 days after the date of the retention or disposition, or a later date determined by the TCO; or

(2) Overpayment under cost-reimbursement research and development contracts without profit or fee if the overpayments are repaid to the Government within 30 days after demand.

(h) *Certification and approval of partial payments*. (1) The contractor must place the following certification on vouchers or invoices for partial payments:

"The payment covered by this voucher is a partial payment on the Contractor's settlement proposal under contract No. ______ under part 49 of the Federal Acquisition Regulation."

(2) The TCO must approve the invoice or voucher by noting on it the following:

"Payment of $ ____________ is approved."

49.112-2 Final payment.

(a) *Negotiated settlement.* After execution of a settlement agreement, the contractor must submit a voucher or invoice showing the amount agreed upon, less any portion previously paid. The TCO must attach a copy of the settlement agreement to the voucher or invoice and forward the documents to the disbursing officer for payment.

(b) *Settlement by determination.* If the settlement is by determination and-

(1) There is no appeal within the allowed time, the contractor must submit a voucher or invoice showing the amount determined due, less any portion previously paid; or

(2) There is an appeal, the contractor must submit a voucher or invoice showing the amount finally determined due on the appeal, less any portion previously paid. Pending determination of any appeal, the contractor may submit vouchers or invoices for charges that are not directly involved with the portion being appealed, without prejudice to the rights of either party on the appeal.

(c) *Construction contracts.* In the case of construction contracts, before forwarding the final payment voucher, the contracting officer must ascertain whether there are any outstanding labor violations. If so, the contracting officer must determine the amount to be withheld from the final payment (see part 22).

(d) *Interest.* The Government must not pay interest on the amount due under a settlement agreement or a settlement by determination. The Government may, however, pay interest on a successful contractor appeal from a contracting officer's determination under the Disputes clause at 52.233-1.

49.113 Unsettled contract changes.

(a) Before settling a completely terminated contract, the TCO must get a list from the contracting office of all related contract changes that have not been settled. The TCO must settle all unsettled contract changes as part of the final settlement. Get recommendations from the contracting office about the changes before settling them.

(b) When only part of a contract has been terminated, the contracting officer will usually handle any outstanding unsettled contract changes. However, the contracting officer may delegate this job to the TCO.

49.114 Settlement of terminated incentive contracts.

(a) *Fixed-price incentive contracts*. The TCO must settle terminated fixed-price incentive contracts using the rules in paragraph (j) of clause 52.216-16, Incentive Price Revision-Firm Target, and clause 52.249-2, Termination for Convenience of the Government (Fixed-Price).

(1) *Partial termination.* When only part of a contract is terminated, the TCO must negotiate a settlement using the termination clause and the incentive price revision clause. The contracting officer must apply the incentive price rules to completed items the Government accepted, including any items the contractor may ask for payment in the settlement proposal. The TCO must pay the contractor the target price for completed items included in the settlement proposal that do not have a final price yet. The TCO must include in the settlement agreement an appropriate reservation about final pricing for these completed items.

(2) *Complete termination.* If any items were delivered and accepted by the Government, the contracting officer must set prices using the contract's incentive provisions. For the terminated portion of the contract, the termination clause rules apply and the incentive clause rules do not apply. The TCO handling the termination settlement will make sure no costs from the incentive negotiations are included in the termination settlement. The TCO must coordinate with the contracting officer and use proper evidence to ensure this.

(b) *Cost-plus-incentive-fee contracts.* The TCO must settle terminated cost-plus-incentive-fee contracts using clause 52.249-6, Termination (Cost-Reimbursement).

(1) *Partial termination.* When only part of a contract is terminated, the TCO must limit the settlement to adjusting the target fee as provided in paragraph (e) of clause 52.216-10, Incentive Fee. The settlement agreement must include a note about any target cost adjustment from the partial termination. The contracting officer must adjust the target cost if needed.

(2) *Complete termination.* The parties must negotiate the settlement using the rules in subpart 49.3 and clause 52.249-6, Termination (Cost Reimbursement). The fee must be adjusted based on the target fee. Incentive provisions must not be applied or considered.

Subpart 49.2 - Additional Principles for Fixed-Price Contracts Terminated for Convenience

49.201 General.

(a) Fair compensation involves judgment and has no exact measurement. Different methods can determine fair compensation. Business judgment, not strict accounting rules, is most important when making settlements. Settlements should pay contractors fairly for—

(1) Work they have completed;

(2) Preparations they made for terminated portions of the contract; and

(3) A reasonable profit amount.

(b) The main goal is to reach an agreed settlement. Parties can agree on a total payment amount without breaking down specific costs or profit components.

(c) Cost and accounting information helps guide—but does not strictly control—fair compensation decisions. When appropriate—

(1) Costs can be estimated;

(2) Differences can be compromised; and

(3) Uncertain matters can be resolved through agreement.

(d) Other data types or standards might provide equally reliable guidance. Keep recordkeeping, reporting, and accounting for terminated contracts to a minimum while protecting public interest.

49.202 Profit.

(a) The TCO can use any reasonable method to determine a fair profit.

(1) The TCO must pay profit to the contractor for-

(i) Work they did on the terminated part; and

(ii) Preparations made for the terminated portion of work.

(2) Do not pay profit for-

(i) Settlement costs (the costs of working out the final payment);

(ii) To cover the profit amount the contractor expected to make on work they never did; or

(iii) Consequential damages.

(3) When the contractor helps settle subcontractor proposals, do not base their profit on the amount of those settlements. The effort involved in reaching settlement may be considered.

(4) Do not pay profit for materials or services that subcontractors had not delivered by the termination date, regardless of the percentage of completion.

(b) When deciding on profit, think about these things:

(1) How much and how hard was the work compared to all the work the contract required. Engineering estimates are not required, but should be considered if they are available.

(2) Engineering work, planning schedules, technical studies, supervision, and other needed services.

(3) How well the contractor did, especially—

(i) Making quality products on time;

(ii) Keeping costs down;

(iii) Using materials, buildings, and workers economically; or

(iv) Disposition of termination inventory.

(4) How much money the contractor put in and how much risk they took.

(5) New ideas and technical help the contractor gave to the Government and other contractors.

(6) The type of business, including where materials come from and how complicated the manufacturing is.

(7) How much profit the contractor would have made if they had finished the whole contract.

(8) How much profit both sides expected when they made the contract.

(9) How hard it was to manage subcontractors, including picking them, placing contracts with them, managing them, and working out settlements when their contracts were terminated.

(c) For construction contracts, the contracting officer must-

(1) Follow paragraphs (a) and (b) of this section;

(2) Allow profit on settlements with construction subcontractors for actual work done at the job site; and

(3) Exclude profit on settlements with construction subcontractors for materials they had on hand or preparations made to complete the work.

49.203 Adjustment for loss.

(a) When settling a terminated contract, the TCO must not allow profit if the contractor would have lost money completing the full contract. The TCO must—

(1) Figure out how much the contractor would have lost;

(2) Adjust the settlement payment accordingly using the methods in paragraph (b) or (c) of this section; and

(3) Consider factors like production efficiency when estimating completion costs.

(b) For inventory-based settlements payment is limited to the sum of items in paragraphs (b)(1), (2), and (3) of this section, minus all disposal credits and minus all unliquidated previous advance and progress payments previously made—

(1) The settlement expenses.

(2) The contract price for acceptable completed items.

(3) The remainder of the settlement amount otherwise agreed upon or determined (including the allocable portion of initial costs (see part 31), reduced by multiplying the remainder by the ratio of (i) the total contract price to (ii) the total cost incurred before termination plus the estimated cost to complete the entire contract.

(c) If the settlement is on a total cost basis (see 49.206-2(b)), the contractor must not be paid more than the total of the amounts in paragraphs (c)(1) and (2) of this section, minus all disposal and other credits, all advanced and progress payments, and all other amounts previously paid under the contract—

(1) The amount negotiated or determined for settlement expenses.

(2) The remainder of the total settlement amount otherwise agreed upon or determined (lines 7 and 14 of SF 1436, Settlement Proposal (Total Cost Basis)) reduced by multiplying the remainder by the ratio of (i) the total contract price to (ii) the remainder plus the estimated cost to complete the entire contract.

49.204 Deductions.

From the settlement payment, the TCO must subtract—

(a) The price of any inventory kept or purchased by the contractor, plus proceeds from materials sold but not yet paid or credited to the Government;

(b) The fair value, as determined by the TCO, of any inventory that was lost, damaged beyond usability, or not delivered to the Government (normal spoilage is expected, as is inventory for which the Government has expressly assumed the risk of loss);

(c) Any other appropriate amounts for that specific case.

49.205 Completed end items.

(a) Right after the termination date, the TCO must-

(1) Have all undelivered finished products inspected and accepted if they meet contract requirements; and

(2) Decide which accepted products should be delivered under the contract.

(b) The contractor must bill for accepted and delivered products at the contract price in the normal way. Do not include these in the settlement proposal.

(c) When finished products are accepted but will not be delivered under the contract, the TCO should include them in the settlement proposal at the contract price. The TCO should adjust for any savings in shipping or other costs, and include any credits for buying, keeping, or selling them.

(d) Work in place accepted by the Government under a construction contract is not considered a completed item, even if the Government paid for it at unit prices specified in the contract.

49.206 Settlement proposals.

49.206-1 Submission of settlement proposals.

(a) Subject to the termination clause, the contractor should quickly submit a settlement proposal to the TCO for the amount claimed because of the termination. The final settlement proposal must be submitted within one year from the termination date, unless the TCO allows more time. If a single contract involves two or more divisions of the contractor, they can combine their termination costs in a single settlement proposal.

(b) The settlement proposal must cover all cost elements including settlements with subcontractors and any proposed profit. With the TCO's agreement, proposals may be filed in steps covering separate parts of costs. These step-by-step proposals must include all costs of a particular type, unless the TCO says otherwise.

(c) Settlement proposals must be on the forms prescribed in 49.602 unless those forms do not work for a particular contract. Settlement proposals must have reasonable detail supported by adequate accounting data. Actual costs, standard costs (properly adjusted), or average costs may be used if the contractor determines them based on generally accepted accounting principles consistently followed by the contractor. When actual, standard, or average costs are not reasonably available, estimated costs may be used if the TCO approves the estimation method. Contractors do not have to maintain overly complicated cost accounting systems just because their contracts might be terminated.

(d) The contractor should use Settlement Proposal (Short Form), SF 1438, when the total proposal is less than $10,000, unless the TCO authorizes otherwise. Combine settlement proposals that would normally go together whenever possible, such as those based on a series of separate orders for the same item under one contract. Do not split them up just to bring them below $10,000.

(e) Submit Schedule of Accounting Information, SF 1439, for each termination requiring a settlement proposal, except when using Standard Form 1438. Even if several step-by-step proposals are submitted, only one SF 1439 should be submitted unless major changes happen in the information after the original form is filed.

49.206-2 Bases for settlement proposals.

(a) *Inventory basis*.

(1) The inventory basis is the preferred method for settlement proposals. With this approach, the contractor may propose only costs allocable to the terminated portion of the contract. The settlement proposal must separately list—

(i) Metals, raw materials, purchased parts, work in process, finished parts, components, dies, jigs, fixtures, and tooling, at purchase or manufacturing cost;

(ii) Charges such as engineering costs, initial costs, and general administrative costs;

(iii) Costs of settlements with subcontractors;

(iv) Settlement expenses; and

(v) Other proper charges.

(2) An allowance for profit (49.202) or adjustment for loss (49.203(b)) must be added to complete the gross settlement proposal. All unliquidated advance and progress payments and all disposal and other known credits must then be subtracted.

(3) The inventory basis is also appropriate for—

(i) The partial termination of a construction or related professional services contract.

(ii) The partial or complete termination of supply orders under any terminated construction contract.

(iii) Complete termination of a unit-price professional services contract (not lump-sum contracts).

(b) *Total cost basis*.

(1) When the inventory basis is not practical or would cause delays, the total-cost basis (SF 1436) may be used if the TCO approves it in advance. Examples include the following:

(i) When production has not started and costs represent planning, preproduction, or "get ready" expenses.

(ii) When the contractor's accounting system cannot easily establish unit costs for work in process and finished products.

(iii) When the contract does not specify unit prices.

(iv) When the termination is complete and involves a letter contract.

(2) For a complete termination using the total-cost basis, the contractor must itemize costs incurred under the contract up to the effective date of termination. The costs of settlements with subcontractors and applicable settlement expenses must also be added. An allowance for profit or adjustment for loss must be made. The contract price for all end items delivered or to be delivered and accepted must be deducted. All unliquidated advance and progress payments and known disposal and other credits must also be deducted.

(3) For a partial termination using the total-cost basis, the contractor must wait until completing the continued portion of the contract before submitting the proposal. The proposal must follow paragraph (b)(2) instructions, except it must include all costs incurred up to the completion of the continued portion.

(4) For a completely terminated construction contract or lump-sum professional services contract, the contractor must —

(i) Use the total cost basis of settlement;

(ii) Omit Line 10 "Deduct-Finished Product Invoiced or to be Invoiced" from Section II of SF 1436 Settlement Proposal (Total Cost Basis); and

(iii) Reduce the gross settlement amount by the total of all progress and other payments.

(c) *Other basis.* Settlement proposals cannot be submitted on any basis other than paragraph (a) or (b) of this section without prior approval from the chief of the contracting or contract administration office.

49.206-3 Submission of inventory disposal schedules.

Subject to the termination clause terms, the contractor should prepare inventory schedules on Standard Form 1428, Inventory Disposal Schedule, listing inventory which is allocable to the terminated portion of the contract. The schedules must be submitted within 120 days of the effective date of termination unless extended by the TCO.

49.207 Limitation on settlements.

The total amount payable to the contractor for a settlement, before subtracting disposal or other credits and not counting settlement costs, must not be more than the contract price minus payments already made or to be made under the contract.

49.208 Equitable adjustment after partial termination.

Under the termination clause, after partial termination, a contractor can request an equitable adjustment in the price of the continued part of a fixed-price contract. The TCO must forward the proposal to the contracting officer except when the TCO has authority to negotiate. The contractor must submit the proposal using the format in the Uniform Contract Format shown in part 15.

(a) When the contracting officer keeps responsibility for negotiating the equitable adjustment and making a supplemental agreement, the contracting officer must make sure no part of a price increase is included in a termination settlement made or in process.

(b) The TCO must also make sure no part of the costs included in the equitable adjustment are included in the termination settlement.

Subpart 49.3 - Additional Principles for Cost-Reimbursement Contracts Terminated for Convenience

49.301 General.

Cost-reimbursement contract termination clauses cover both cost and fee settlements. The contract explains which costs are allowed.

49.302 Discontinuance of vouchers.

(a) After complete contract termination, the contractor shall stop using Standard Form 1034 (Public Voucher) after the last day of the sixth month following the month of the termination. The contractor may elect to stop using any time during the 6-month period. When the contractor has vouchered out all costs within the 6-month period, a proposal for fee, if any, may be submitted on SF 1437 or by certified letter. The contractor must submit fee proposals to the Termination Contracting Officer (TCO) within 1 year of termination, unless the deadline is extended by the TCO. When use of vouchers is discontinued, the contractor must submit all unvouchered costs and the proposed fee, if any, as specified in 49.303.

(b) For partial terminations, see section 49.304.

49.303 Procedure after discontinuing vouchers.

49.303-1 Submission of settlement proposal.

Unless extended by the TCO, within 1 year of termination the contractor must submit a final proposal for unvouchered costs and any fee, using the form in 49.602-1 unless the TCO approves another format. The proposal must not include—

(a) Any costs already disallowed by the Government; or

(b) Previously questioned costs still under review.

49.303-2 Submission of inventory disposal schedules.

For termination inventory, contractors must submit complete inventory disposal schedules to the TCO, only reflecting items allocable to the terminated portion. These schedules must be submitted within 120 days of termination and be prepared on Standard Form 1428. TCO approval in writing is required for any time extensions.

49.303-3 Audit of settlement proposal.

The TCO must submit the settlement proposal for audit review unless it only adjusts the fee.

49.303-4 Adjustment of indirect costs.

(a) To avoid delays when the contract has the 52.216-7 clause (Allowable Cost and Payment), the TCO may—

(1) Negotiate indirect costs when final rates have not been negotiated;

(2) Use reasonable billing rates as final rates; or

(3) Save the indirect cost adjustment for the final settlement agreement when rates are established.

(b) When negotiating indirect costs the contractor must remove these costs and related direct costs from calculations for other contracts during the same accounting period.

49.303-5 Final settlement.

(a) The TCO finalizes the settlement after receiving the audit report (if needed), and the contract audit closing statement for costs vouchered.

(b) Fee adjustments follow 49.305.

(c) The final agreement may resolve all issues between both parties. However—

(1) Costs disallowed by the Government are not allowable; and

(2) Costs of the same nature as those disallowed are not allowable.

(d) Parties can agree on total costs without agreeing on each individual item. Differences can be compromised, and uncertain issues can be resolved by agreement. However, an overall settlement must not include costs that are unallowable under the terms of the contract.

49.304 Procedure for partial termination.

49.304-1 General.

(a) For partial terminations, the TCO must limit settlement to fee adjustment and reduced estimated cost. The TCO must adjust fee as provided in 49.304-2 and 49.305, unless—

(1) The terminated portion is clearly severable from the balance of the contract; and

(2) Performance of the contract is virtually complete, or when the remaining work involves only minor items, spare parts, or is not substantial.

(b) For these exceptions, follow 49.302 and 49.303.

49.304-2 Submission of settlement proposal (fee only).

For fee-only proposals the contractor must limit the settlement proposal to a proposed reduction in fee. The final settlement proposal must be submitted to the TCO within one year of termination, using the form prescribed in 49.602-1 or a certified letter. It must include proof supporting the fee amount.

49.304-3 Submission of vouchers.

When only adjusting the fee in partial terminations the contractor must continue to submit the SF 1034, Public Voucher for Purchases and Services Other than Personal, for reimbursable costs. The Government must not reimburse the contractor for costs of settlements with subcontractors without required approvals or ratifications.

49.305 Adjustment of fee.

49.305-1 General.

(a) (1) The TCO must determine the final fee based on contract terms, typically using percentage of completion.

(2) Important factors include-

(i) The extent and difficulty of the work performed by the contractor; and

(ii) Work performed in—

(A) Stopping performance;

(B) Settling terminated subcontracts; and

(C) Disposing of inventory.

(3) These costs must be compared with the total work required by the contract or the terminated portion.

(4) The contractor's adjusted fee must not include an allowance for fee in subcontractor effort included in subcontractor settlement proposals.

(b) Completion percentage is not only based on costs incurred ratio. The percentage might be higher or lower than the ratio of costs incurred, depending on the TCO's evaluation of other important factors.

49.305-2 Construction contracts.

(a) The percentage of completion basis includes all contractor effort, not just the actual construction work. It includes such factors as—

(1) Mobilization including organization;

(2) Use of finances;

(3) Ordering and receiving materials;

(4) Placing subcontracts;

(5) Creating shop drawings;

(6) Performing work in place by own personnel;

(7) Supervising subcontractors;

(8) Managing the job; and

(9) Closing down the project;

(b) Calculate the fee adjustment as follows:

(1) Assign a weighted value to each factor based on importance and difficulty.

(2) The total weighted value should be easily divisible (e.g., by 100) to determine percentages.

(3) Determine the percentage complete of each factor based on specific facts of each contract.

(4) Multiply the completion percentage by the importance value for each factor.

(5) Add these values for overall completion percentage.

(6) Apply this percentage to the total fee applicable to the terminated portion of the contract to calculate the equitable adjustment.

This page intentionally left blank.

Subpart 49.4 - Termination for Default

49.401 General.

(a) In a termination for default, the Government exercises its right to terminate a contract because the contractor failed or is expected to fail to perform its contractual obligations.

(b) If the contractor establishes, or it is otherwise determined that, the contractor was not in default, or the failure to perform was excusable (i.e., beyond the contractor's control and without fault or negligence), then the default clauses prescribed at 49.503 provide that the termination will be treated as a termination for convenience. The parties' rights and obligations will be governed accordingly.

(c) The Government may exercise termination or cancellation rights beyond those in the contract clauses (for example, paragraph (h) of the Default clause at 52.249-8).

(d) For default terminations of Federal Supply Schedule orders, see GSA procedures for those contracts.

(e) Despite the provisions of this section, the contracting officer may reinstate a terminated contract by amending the termination notice if-

(1) The contractor provides written consent;

(2) The contracting officer makes a written determination that the supplies or services are still needed; and

(3) Reinstatement benefits the Government.

49.402 Termination of fixed-price contracts for default.

49.402-1 The Government's right.

Under contracts with the Default clause at 52.249-8, the Government has the right, subject to the notice requirements of the clause, to terminate the contract completely or partially for default if the contractor fails to-

(a) Deliver supplies or perform services within the time specified in the contract;

(b) Perform any other provision of the contract; or

(c) Make progress, and that failure puts contract performance at risk.

49.402-2 Effect of termination for default.

(a) Under a default termination, the Government-

(1) Is not responsible for the contractor's costs on undelivered work;

(2) Is entitled to repayment of advance and progress payments for that work; and

(3) May require the contractor to transfer title and deliver completed supplies and manufacturing materials.

(b) The contracting officer must not use the Default clause to acquire completed supplies or manufacturing materials unless the Government does not already have title under other contract provisions. The contracting officer should only acquire manufacturing materials for another contractor after considering any difficulties the other contractor might have using them.

(c) Subject to paragraph (d), the Government must pay the contractor the contract price for any completed supplies and the agreed amount for manufacturing materials acquired by the Government under the Default clause.

(d) To protect against overpayment when laborers and material suppliers might have liens against the completed supplies or materials, the contracting officer must take one or more of these measures before payment:

(1) Verify that payment bonds from the contractor adequately cover all claims or obtain similar bonds to cover outstanding liens.

(2) Require the contractor to provide statements from laborers and material suppliers giving up any lien rights they may have.

(3) Create an agreement among all parties that releases the Government from potential liability.

(4) Withhold appropriate amounts from payments when the above measures are inadequate.

(5) Take other suitable actions based on the situation and the contractor's financial condition.

(e) The contractor is responsible for any excess costs the Government incurs buying similar supplies and services, and for any other damages, whether or not the Government buys replacement items.

49.402-3 Procedure for default.

(a) Before deciding on default termination, the Government must review the situation (i.e., default, convenience, or no-cost cancellation) with contracting and technical personnel, as well as legal counsel, to ensure the action is appropriate.

(b) The administrative contracting officer must get prior approval from the contracting office before issuing a show cause notice or cure notice. This approval should be obtained quickly.

(c) When the contractor fails to deliver supplies or perform services within the specified time (Default clause paragraph (a)(1)), no advance notice of termination is required. However, if the Government has taken actions that might suggest it waived the contract deadlines, the contracting officer must send a notice setting a new deadline. This notice must state that the Government reserves its rights under the Default clause.

(d) For failures covered under Default clause paragraph (a)(1) - such as not providing a required performance bond or endangering contract performance - the contracting officer must-

(1) Give the contractor written notice specifying the failure;

(2) Allow 10 days (or longer if necessary) to cure the failure;

(3) When appropriate, include this notice in the show cause notice; and

(4) After the time period expires, decide whether to terminate the contract or accept the resolution.

(e) A sample cure notice format appears in 49.607.

(f) Show cause notice procedures are as follows:

(1) If default termination seems appropriate, the contracting officer should, when practical, notify the contractor in writing about-

(i) The possible termination;

(ii) The contractual liabilities involved;

(iii) Why the contract might be terminated;

(iv) The opportunity to explain why termination should not occur;

(v) That a lack of response may be taken as an admission by the contractor that no valid explanation exists; and

(vi) When appropriate, a suggested discussion.

(2) A sample show cause notice appears in 49.607.

(g) (1) When default termination is likely, the contracting officer must notify the surety in writing. If the contractor is later terminated for default, the contracting officer must send the surety a copy of the default notice.

(2) If the surety requests it and the contractor and any assignees agree, arrangements can be made to send checks to the contractor through the surety. The contractor must submit a written request to the disbursing officer specifically directing this change in payment address.

(h) For small business contractors-

(1) The contracting officer must immediately send copies of any cure notice or show cause notice to the contracting office's small business specialist and Small Business Administration Area Office nearest the contractor;

(2) When possible, the contracting officer should consult with the small business specialist before proceeding with default termination.

(i) The contracting officer must consider these factors when deciding whether to terminate a contract for default:

(1) The contract terms and relevant laws and regulations.

(2) The specific failure and any explanations provided.

(3) Whether the supplies or services can be obtained from other sources.

(4) How urgently the items are needed and how long it would take to get them from other sources compared to the original contractor.

(5) How essential the contractor is to Government acquisition programs and how termination might affect their ability to supply other contracts.

(6) How termination might affect the contractor's ability to repay guaranteed loans, progress payments, or advance payments.

(7) Any other relevant facts and circumstances.

(j) After following procedures in paragraphs (a) through (i), if the contracting officer decides termination is proper, the contracting officer must issue a notice of termination stating-

(1) The contract number and date;

(2) What specific actions or failures constitute the default;

(3) That the contractor's right to proceed with the contract (or a specified portion) is terminated;

(4) That the Government may purchase similar supplies or services and charge any excess costs to the contractor;

(5) If the failure is determined not excusable, that the notice serves as this decision, and the contractor may appeal under the Disputes clause;

(6) That the Government reserves all other legal rights and remedies; and

(7) That this notice is a decision that the contractor is in default and has the right to appeal under the Disputes clause.

(k) The contracting officer must-

(1) Distribute the termination notice to all parties who received the original contract;

(2) Send a copy to the contractor's surety and ask if they want to arrange for completion of the work; and

(3) Tell the disbursing officer to stop payments under the terminated contract until further notice.

(l) For construction contracts, promptly after issuing the termination notice, the contracting officer must determine-

(1) How the work will be completed; and

(2) Whether materials, equipment, and plant that are on the site will be needed.

(m) If the contracting officer determines before issuing the termination notice that the failure was excusable, they must not terminate for default. If termination is still in the Government's interest, they may terminate for convenience.

(n) If the contracting officer cannot determine before issuing the notice whether the failure was excusable, they must-

(1) Make a written decision on this issue as soon as possible after issuing the notice;

(2) Deliver the decision promptly to the contractor; and

(3) Notify the contractor of their right to appeal under the Disputes clause.

49.402-4 Procedure in lieu of termination for default.

Instead of terminating for default, the contracting officer may take these alternative actions when they serve the Government's interests:

(a) Allow the contractor, surety, or guarantor to continue performance under a revised delivery schedule.

(b) Permit the contractor to continue performance through a subcontract or other business arrangement with an acceptable third party, as long as the Government's rights are adequately protected.

(c) Execute a no-cost termination settlement agreement using the formats in 49.603-6 and 49.603-7 when-

(1) The supplies or services are no longer needed; and

(2) The contractor is not liable for damages under 49.402-7.

49.402-5 Memorandum by the contracting officer.

When a contract is terminated for default or when an alternative procedure from 49.402-4 is used, the contracting officer must prepare a memorandum for the contract file explaining the reasons for the action.

49.402-6 Repurchase against contractor’s account.

(a) Generally, the contracting officer decides whether to repurchase before issuing the termination notice when supplies or services are still needed after termination. Guidelines for repurchasing are as follows:

(1) The contracting officer must repurchase similar items against the contractor's account as soon as practical.

(2) The price must be reasonable considering quality and delivery requirements.

(3) The contracting officer may buy more than the undelivered quantity if needed.

(4) Extra cost can only be charged to the contractor for the undelivered quantity (including permitted variations).

(b) For repurchases limited to the undelivered quantity-

(1) The Default clause allows the contracting officer to use any terms and acquisition method;

(2) The contracting officer must maximize competition;

(3) The Default clause serves as the authority; and

(4) For quantities exceeding the undelivered amount, treat the entire purchase as a new acquisition.

(c) If the repurchase costs more than the terminated supplies or services, after completing the repurchase contract, the contracting officer must demand payment from the contractor for the excess amount. This calculation should account for changes in transportation costs, discounts, etc. If the contractor does not pay, follow the procedures in part 32 for collecting contract debts.

49.402-7 Other damages.

(a) If the contract is terminated for default or an alternative action is taken (see 49.402-4), the contracting officer must assess and demand any liquidated damages the Government is entitled to under the contract. Under the clause at 52.211-11, these damages are in addition to any excess repurchase costs.

(b) If the Government has suffered other measurable damages, including administrative costs, the contracting officer must, based on legal advice, take appropriate action as outlined in part 32 to assert the Government's demand for these damages.

49.402-8 Reporting information.

The contracting officer must follow agency procedures to report information about the termination for default notice, any withdrawal of the termination, and any conversion to a termination for convenience. This report must comply with requirements in 42.1503(h).

49.403 Termination of cost-reimbursement contracts for default.

(a) The right to terminate a cost-reimbursement contract for default comes from the Termination for Default or for Convenience of the Government clause at 52.249-6. The clause requires giving the contractor 10 days' notice before termination.

(b) Settling a cost-reimbursement contract terminated for default follows the same principles as termination for convenience (subparts 49.1 and 49.3), except-

(1) The costs of preparing the contractor's settlement proposal are not allowable (see paragraph (h)(3) of the clause); and

(2) The contractor receives reimbursement for allowable costs, with an appropriate reduction in the total fee (see paragraph (h)(4) of the clause).

(c) The contracting officer must use the procedures in 49.402 when appropriate for cost-reimbursement contracts. However, these contracts do not include provisions for recovering excess repurchase costs after termination (but see paragraph (g) of clause 52.246-3 regarding the contractor's failure to replace or correct defective supplies).

49.404 Surety-takeover agreements.

(a) These procedures apply mainly, but not exclusively, to fixed-price construction contracts terminated for default.

(b) Since the surety must pay for damages resulting from the contractor's default, the surety has certain rights in completing the contract and using undisbursed funds. The contracting officer must carefully consider the surety's proposals, evaluating how they might affect the Government's rights against the surety.

(c) The contracting officer should allow sureties to complete the contract unless-

(1) The people or companies proposed by the surety are not qualified or competent; or

(2) The proposal does not serve the Government's best interests.

(d) Multiple parties may claim the defaulting contractor's assets, including unpaid earnings. The surety may include a "takeover" agreement in its proposal to establish its rights to payment. The contracting officer may enter into a written agreement with the surety (but not before the termination date). Consider using a three-way agreement among the Government, surety, and defaulting contractor to resolve remaining rights, including claims to unpaid earnings.

(e) Any takeover agreement must require the surety to complete the contract and the Government to pay the surety's costs up to the unpaid contract price, subject to these conditions:

(1) Any unpaid earnings of the defaulting contractor may be used to pay Government claims against the contractor, except when those earnings are needed to pay the surety's actual completion costs and expenses (not including bond payments).

(2) The surety must meet contract requirements for liquidated damages for delays unless the delays qualify as excusable under the contract.

(3) If contract proceeds were assigned to a financing institution, the surety cannot receive payment from unpaid earnings without the assignee's written permission.

(4) The Government must not pay the surety more than it spent completing the work and meeting its payment bond obligations. Payments to the surety for its payment bond obligations require—

(i) Agreement among the Government, defaulting contractor, and surety;

(ii) A determination by the Comptroller General about who gets paid and how much; or

(iii) A court order from a court of competent jurisdiction.

49.405 Liquidation of liability.

The contract makes the contractor and surety liable for resulting damages. The contracting officer must use all retained percentages of progress payments and any progress payments due for completed work to offset the contractor's and surety's liability. If these amounts are not enough, the contracting officer must take steps to recover the additional amount from the contractor and surety.

Subpart 49.5 - Contract Termination Clauses

49.501 General.

This subpart describes which contract termination clauses to use. This subpart does not apply to contracts that use the clause at 52.213-4, Terms and Conditions-Simplified Acquisitions (Other Than Commercial Products and Commercial Services). In appropriate cases, agencies may authorize the use of special purpose clauses, if consistent with this chapter.

49.502 Termination for convenience of the Government.

(a) *Fixed-price contracts that do not exceed the simplified acquisition threshold (short form)*-

(1) *General use*. Insert the clause at 52.249-1, Termination for Convenience of the Government (Fixed-Price) (Short Form), in solicitations and contracts when using a fixed-price contract and the contract amount is not expected to exceed the simplified acquisition threshold, except if-

(i) The clause at 52.249-4, Termination for Convenience of the Government (Services) (Short Form) is more appropriate;

(ii) The contract is for research and development work with an educational or nonprofit institution on a no-profit basis;

(iii) The contract is for architect-engineer services; or

(iv) One of the clauses prescribed or cited at 49.505(a) or (c) is more appropriate.

(2) *Dismantling and demolition.* If the contract is for dismantling, demolition, or removal of improvements, use the clause with its Alternate I.

(b) *Fixed-price contracts that exceed the simplified acquisition threshold*-

(1) (i) *General use.* Insert the clause at 52.249-2, Termination for Convenience of the Government (Fixed-Price), when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold.

(ii) *Exceptions*. Do not use this clause for contracts for the following:

(A) Dismantling and demolition.

(B) Research and development work with an educational or nonprofit institution on a no-profit basis.

(C) Architect-engineer services.

(D) If the clause at 52.249-4, Termination for Convenience of the Government (Services) (Short Form), is more appropriate (see 49.502(c)), or if one of the clauses prescribed or cited at 49.505(a) or (c) is appropriate.

(2) *Construction.* If the contract is for construction, use the clause with its Alternate I.

(i) *Partial payments.* If the contract is with an agency of the Government or with State, local or foreign governments or their agencies, and the contracting officer determines that requiring interest payments on excess partial payments is inappropriate, use the clause with its Alternate II. For construction contracts with these same organizations, use the clause with its Alternate III.

(ii) *Dismantling and demolition.* Insert the clause at 52.249-3, Termination for Convenience of the Government (Dismantling, Demolition, or Removal of Improvements) in solicitations and contracts for dismantling, demolition, or removal of improvements, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. If the contract is with an agency of the Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate, use the clause with its Alternate I.

(c) *Service contracts (short form).*

(1) Insert the clause at 52.249-4, Termination for Convenience of the Government (Services) (Short Form), in solicitations and contracts for services when all of these conditions are met:

(i) A fixed-price contract is contemplated (regardless of dollar value).

(ii) The contracting officer determines that because of the kind of services required, the successful offeror will not incur substantial charges in preparation for and in carrying out the contract.

(iii) If terminated for the Government's convenience, the contractor would limit termination settlement charges to services rendered before the termination date.

(2) This clause may be appropriate in contracts for services such as rental of unreserved parking space, or laundry and dry cleaning.

(d) *Research and development contracts.* Insert the clause at 52.249-5, Termination for the Convenience of the Government (Educational and Other Nonprofit Institutions), in solicitations and contracts when either a fixed-price or cost-reimbursement contract is contemplated, and the contract is for research and development work with an educational or nonprofit institution on a nonprofit or no-fee basis.

(e) Subcontracts- (1) *General use.* The prime contractor may find these clauses suitable for use in fixed-price subcontracts (except as noted in paragraph (e)(2) below): 52.249-1, Termination for Convenience of the Government (Fixed-Price) (Short Form), or 52.249-2, Termination for Convenience of the Government (Fixed-Price), as appropriate, provided the relationship between the contractor and subcontractor is clearly indicated. Delete conditions that do not apply (for example, paragraph (d) in 52.249-2.) Reduce the time periods for submitting the subcontractor's termination settlement proposal (for example, to 6 months) and the time for requesting an equitable price adjustment (for example, to 45 days.)

(2) *Research and development.* The prime contractor may find the clause at 52.249-5, Termination for the Convenience of the Government (Educational and Other Nonprofit Institutions), suitable for use in subcontracts placed with educational or nonprofit institutions on a no-profit or no-fee basis; provided, that the relationship between the contractor and subcontractor is clearly indicated. Conditions that do not apply (e.g., paragraph (h)) should be deleted, the period for submitting the subcontractor's termination settlement proposal should be reduced (e.g.,6 months), the subcontract should be placed on a no-profit or no-fee basis, and the subcontract should incorporate or be negotiated on the basis of the cost principles in part 31.

49.503 Termination for convenience of the Government and default.

(a) *Cost-reimbursement contracts-* (1) *General use.* Insert the clause at 52.249-6, Termination (Cost-Reimbursement), in solicitations and contracts when a cost-reimbursement contract is contemplated, except in research and development contracts with educational or nonprofit institutions that have no fee.

(2) *Construction.* If the contract is for construction, insert the clause with its Alternate I.

(3) *Partial payments.* If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate, insert the clause with its Alternate II. In such contracts for construction, insert the clause with its Alternate III.

(4) *Time-and-material and labor-hour contracts.* If the contract is a time-and-material or labor-hour contract, insert the clause with its Alternate IV. If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate, insert the clause with its Alternate V.

(b) Insert the clause at 52.249-7, Termination (Fixed-Price Architect-Engineer), in solicitations and contracts for architect-engineer services when a fixed-price contract is contemplated.

(c) *Subcontracts.* The prime contractor may use and customize the clause at 52.249-6, Termination (Cost-Reimbursement), suitable for use in cost-reimbursement subcontracts, as long as the relationship between the contractor and subcontractor is clearly indicated. The contractor should delete conditions that do not apply (for example, paragraphs (e), (j), and (n)). Reduce the time period for the subcontractor to submit their termination settlement proposal (for example, to 6 months).

49.504 Termination of fixed-price contracts for default.

(a) (1) *Supplies and services.* Insert the clause at 52.249-8, Default (Fixed-Price Supply and Service), in solicitations and contracts when a fixed-price contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may use the clause when the contract amount is at or below the simplified acquisition threshold, if appropriate (e.g., if the acquisition involves items with a history of unsatisfactory quality).

(2) *Transportation.* If the contract is for transportation or transportation-related services, insert the clause with its Alternate I.

(b) *Research and development.* Insert the clause at 52.249-9, Default (Fixed-Price Research and Development), in solicitations and contracts for research and development when a fixed-price contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold, except for contracts with educational or nonprofit institutions on a no-profit basis. The contracting officer may use the clause when the contract amount is at or below the simplified acquisition threshold, if appropriate.

(c) (1) *Construction.* Insert the clause at 52.249-10, Default (Fixed-Price Construction), in solicitations and contracts for construction when a fixed price contract is contemplated, and the amount is expected to exceed the simplified acquisition threshold. The contracting officer may use the clause when the contract amount is at or below the simplified acquisition threshold, if appropriate (e.g., if completion dates are essential.)

(2) *Dismantling and demolition.* If the contract is for dismantling, demolition, or removal of improvements, insert the clause with its Alternate I.

(3) *National emergencies.* If the contract is to be awarded during a period of national emergency, the contracting officer may use the clause-

(i) With its Alternate II when a fixed-price contract for construction is contemplated; or

(ii) With its Alternate III when a contract for dismantling, demolition, or removal of improvements is contemplated.

49.505 Other termination clauses.

(a) *Personal service contracts.* Insert clause 52.249-12, Termination (Personal Services), in solicitations and contracts for personal services (see part 37).

(b) *Excusable delays.* Insert clause 52.249-14, Excusable Delays, in—

(1) Solicitations and contracts for supplies, services, construction, and research and development on a fee basis when a cost-reimbursement contract is contemplated; and

(2) Time-and-material and labor-hour contracts.

(c) *Communication service contracts.* Agencies must prescribe and insert agency-specific clauses for canceling or terminating orders under communication service contracts with common carriers.

This page intentionally left blank.

Subpart 49.6 - Contract Termination Forms and Formats

49.601 Notice of termination for convenience.
(See 49.402-3(g) for notice of termination for default.)

49.601-1 Electronic notice.
The contracting officer may provide expedited notice of termination by electronic means that includes a requirement for the contractor to confirm receipt. If the contractor does not confirm receipt promptly, the contracting officer must resend the notice electronically and expedite the letter notice described in 49.601-2. If the contractor confirms receipt of the electronic notice, and the notice contains all information required in 49.601-2, the contracting officer does not need to send the letter notice.

(a) *Complete termination:* Use the following electronic notice when completely terminating a supply contract for convenience. This notice may be modified for other than supply contracts.

Date ____________

XYZ Corporation New York, NY 12345

Contract No. ___________________ is completely terminated under clause ___________, effective __________________ [*insert* "immediately, (*today's date*)" or "on ______________, 20_____," or "as soon as you have delivered, including prior deliveries, the following items:" *(list)*]. Immediately stop all work, terminate subcontracts, and place no further orders except to the extent [*insert if applicable* "necessary to complete items not terminated or"] that you or a subcontractor wish to retain and continue for your own account any work-in-process or other materials. Provide by electronic means similar instructions to all subcontractors and suppliers. Detailed instructions follow.

____

(Contracting Officer)

(b) *Partial termination:*The following electronic notice is suggested for use if a supply contract is being partially terminated for convenience. If appropriately modified, the notice may be used for other than supply contracts.

Date ____________

XYZ Corporation New York, NY 12345

Contract No.______________ is partially terminated under clause ___________, effective ____________ [*insert* "immediately, (*today's date*)" or "on ________, 20____"]. Reduce items to be delivered as follows: [*insert instructions*]. Immediately stop all work, terminate subcontracts, and place no further orders except as necessary to perform the portion not terminated or that you or a subcontractor wish to retain and continue for your account any work-in-process or other materials. Provide by electronic means similar instructions to all subcontractors and suppliers. Detailed instructions follow.

____

(Contracting Officer)

49.601-2 Letter notice.
The following letter notice of termination is suggested for use if a contract for supplies is being terminated for convenience. With appropriate modifications, it may be used in terminating contracts for other than supplies and in terminating subcontracts. This notice shall be sent by certified mail, return receipt requested, or electronically, provided evidence of receipt is received by the contracting officer. If no prior electronic notice was issued, or if no confirmation of an electronic notice was received, use the alternate notice that follows this notice.

NOTICE OF TERMINATION TO PRIME CONTRACTORS

[*At the top of the notice, set out all special details relating to the particular termination; e.g.,name and address of company, contract number of terminated contract, line items, etc.]*

(a) *Effective date of termination.* This confirms the Government's electronic notice to you dated _____________, 20_____, terminating _____________ [*insert* "completely" *or* "in part"] Contract No._________ (referred to as "the contract") for the Government's convenience under the clause entitled ___________ [*insert title of appropriate termination clause*]. The termination is effective on the date and in the manner stated in the electronic notice.

(b) *Cessation of work and notification to immediate subcontractors.* You shall take the following steps:

(1) Stop all work, make no further shipments, and place no further orders relating to the contract, except for-

(i) The continued portion of the contract, if any;

(ii) Work-in-process or other materials that you may wish to retain for your own account; or

(iii) Work-in-process that the Contracting Officer authorizes you to continue (A) for safety precautions, (B) to clear or avoid damage to equipment, (C) to avoid immediate complete spoilage of work-in-process having a definite commercial value, or (D) to prevent any other undue loss to the Government. (If you believe this authorization is necessary or advisable, immediately notify the Contracting Officer by telephone or personal conference and obtain instructions.)

(2) Keep adequate records of your compliance with paragraph (b)(1) of this notice showing the-

(i) Date you received the Notice of Termination;

(ii) Effective date of the termination; and

(iii) Extent of completion of performance on the effective date.

(3) Furnish notice of termination to each immediate subcontractor and supplier that will be affected by this termination. In the notice-

(i) Specify your Government contract number;

(ii) State whether the contract has been terminated completely or partially;

(iii) Provide instructions to stop all work, make no further shipments, place no further orders, and terminate all subcontracts under the contract, subject to the exceptions in paragraph (b)(1) of this notice;

(iv) Provide instructions to submit any settlement proposal promptly; and

(v) Request that similar notices and instructions be given to its immediate subcontractors.

(4) Notify the Contracting Officer of all pending legal proceedings that are based on subcontracts or purchase orders under the contract, or in which a lien has been or may be placed against termination inventory to be reported to the Government. Also, promptly notify the Contracting Officer of any such proceedings that are filed after receipt of this Notice.

(5) Take any other action required by the Contracting Officer or under the Termination clause in the contract.

(c) *Termination inventory.*(1)As instructed by the Contracting Officer, transfer title and deliver to the Government all termination inventory of the following types or classes, including subcontractor termination inventory that you have the right to take: [*Contracting Officer insert proper identification or* "None"].

(2) To settle your proposal, it will be necessary to establish that all prime and subcontractor termination inventory has been properly accounted for. For detailed information, see part 45.

(d) *Settlements with subcontractors.* You remain liable to your subcontractors and suppliers for proposals arising because of the termination of their subcontracts or orders. You are requested to settle these settlement proposals as promptly as possible. For purposes of reimbursement by the Government, settlements will be governed by the provisions of part 49.

(e) *Completed end items.*(1) Notify the Contracting Officer of the number of items completed under the contract and still on hand and arrange for their delivery or other disposal (see 49.205).

(2) Invoice acceptable completed end items under the contract in the usual way and do not include them in the settlement proposal.

(f) *Patents.* If required by the contract, promptly forward the following to the Contracting Officer:

(1) Disclosure of all inventions, discoveries, and patent applications made in the performance of the contract.

(2) Instruments of license or assignment on all inventions, discoveries, and patent applications made in the performance of the contract.

(g) *Employees affected.*(1)If this termination, together with other outstanding terminations, will necessitate a significant reduction in your work force, you are urged to-

(i) Promptly inform the local State Employment Service of your reduction-in-force schedule in numbers and occupations, so that the Service can take timely action in assisting displaced workers;

(ii) Give affected employees maximum practical advance notice of the employment reduction and inform them of the facilities and services available to them through the local State Employment Service offices;

(iii) Advise affected employees to file applications with the State Employment Service to qualify for unemployment insurance, if necessary;

(iv) Inform officials of local unions having agreements with you of the impending reduction-in-force; and

(v) Inform the local Chamber of Commerce and other appropriate organizations which are prepared to offer practical assistance in finding employment for displaced workers of the impending reduction-in-force.

(2) If practicable, urge subcontractors to take similar actions to those described in paragraph (g)(1) of this notice.

(h) *Administrative.* The contract administration office named in the contract will identify the Contracting Officer who will be in charge of the settlement of this termination and who will, upon request, provide the necessary settlement forms. Matters not covered by this notice should be brought to the attention of the undersigned.

(i) Please acknowledge receipt of this notice as provided below.

____ (Contracting Officer)
____ (Name of Office)
____ (Address)

ACKNOWLEDGMENT OF NOTICE

The undersigned acknowledges receipt of a signed copy of this notice on ___________, 20____. Two signed copies of this notice are returned.

____ (Name of Contractor)
By ____ (Name)
____ (Title)

(End of notice)

Alternate notice. Substitute the following paragraph (a) for paragraph (a) of 49.601-2, Notice of Termination to Prime Contractors, if no prior electronic notice was issued, or if no confirmation of an electronic notice was received:

(a) *Effective date of termination*. You are notified that Contract No. _____________ (referred to as "the contract") is terminated __________ [*insert* "completely" *or* "in part"] for the Government’s convenience under the clause entitled _____________[*insert title of appropriate termination clause*]. The termination is effective _________________ [*insert either* "immediately upon receipt of this Notice" *or* "on ___________, 20____," *or* "as soon as you have delivered, including prior deliveries, the following items:" (*list*)]. Reduce items to be delivered as follows: [*insert instructions*].

49.602 Forms for settlement of terminated contracts.

The standard forms listed below shall be used for settling terminated prime contracts. The forms at 49.602-1 and 49.602-2 may also be used for settling terminated subcontracts. A listing of the Standard forms is located in subpart 53.3.

49.602-1 Termination settlement proposal forms.

(a) Standard Form 1435, Settlement Proposal (Inventory Basis), shall be used to submit settlement proposals resulting from the termination of fixed-price contracts if the proposals are computed on an inventory basis (see 49.206-2(a)).

(b) Standard Form 1436, Settlement Proposal (Total Cost Basis), shall be used to submit settlement proposals resulting from the termination of fixed-price contracts if the proposals are computed on a total cost basis (see 49.206-2(b)).

(c) Standard Form 1437, Settlement Proposal for Cost- Reimbursement Type Contracts, shall be used to submit settlement proposals resulting from the termination of cost-reimbursement contracts (see 49.302).

(d) Standard Form 1438, Settlement Proposal (Short Form), shall be used to submit settlement proposals resulting from the termination of fixed-price contracts if the total proposal is less than $10,000 (see 49.206-1(d)).

49.602-2 Inventory forms.

Standard Form (SF) 1428, Inventory Disposal Schedule, and SF 1429, Inventory Disposal Schedule-Continuation Sheet, shall be used to support settlement proposals submitted on the forms specified in 49.602-1(b) and (d).

49.602-3 Schedule of accounting information.

Standard Form 1439, Schedule of Accounting Information, shall be filed in support of a settlement proposal unless the proposal is filed on Standard Form 1438, Settlement Proposal (Short Form) (see 49.206-1(e)).

49.602-4 Partial payments.

Standard Form 1440, Application for Partial Payment, shall be used to apply for partial payments (see 49.112).

49.602-5 Settlement agreement.

Standard Form30 (SF 30), Amendment of Solicitation/Modification of Contract, shall be used to execute a settlement agreement (see 49.109).

49.603 Formats for termination for convenience settlement agreements.

The formats to be used for termination for convenience settlement agreements should be substantially as shown in this section (see 49.109). Termination contracting officers (TCO's) may, however, modify the contents of these agreements to conform with special termination clauses prescribed or authorized by their agencies (e.g., see 49.501 and 49.505(c)).

49.603-1 Fixed price contracts-complete termination.

[*Insert the following in Block 14 of SF 30 for settlements of fixed-price contracts completely terminated.*]

(a) This supplemental agreement settles the settlement proposal resulting from the Notice of Termination dated ___________.

(b) The parties agree to the following:

(1) The Contractor certifies that all contract termination inventory (including scrap) has been retained or acquired by the contractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits have been used in arriving at this agreement.

(2) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal settled by this agreement, has furnished the contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits were used in arriving at the settlement of the subcontract, and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was included in its proposal.

(3) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement, (i) are properly allocable to the terminated portion of the contract, (ii) do not exceed the reasonable quantitative requirements of the terminated portion of the contract, and (iii) do not include any items reasonably usable without loss to the Contractor on its other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the status of the items between the dates of the termination inventory schedules and the date of this agreement.

(4) The Contractor transfers, conveys, and assigns to the Government all the right, title, and interest, if any, that the Contractor has received, or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(5) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(6)(i) The Contractor has received $________ for work and services performed, or items delivered, under the completed portion of the contract. The Government confirms the right of the Contractor, subject to paragraph (7) of this agreement, to retain this sum and agrees that it constitutes a portion of the total amount to which the Contractor is entitled in complete and final settlement of the contract.

(ii) Further, the Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher, the sum of $________ [*insert net amount of settlement*], arrived at by deducting from the sum of $________ [*for proposals on an inventory basis insert gross amount of settlement; for proposals on a total cost basis, insert gross amount of settlement less amount shown in paragraph (b)(6)(i) of this agreement*]-

(A) The amount of $________ for all unliquidated partial or progress payments previously made to the Contractor or its assignee and all unliquidated advance payments (with any interest),

(B) The amount of $_______ for all applicable property disposal credits [*insert if appropriate,* "and (C) the amount of $____ for all other amounts due the Government under this contract, except as provided in paragraph (7) of this agreement."]

(iii) The net settlement of $____ in paragraph (b)(6)(ii) of this agreement, together with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor for the complete termination of the contract and all other demands and liabilities of the Contractor and the Government under the contract, except as provided in paragraph (b)(7) of this section.

(7) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the contract are reserved: [*The following list of reserved or excepted rights and liabilities is intended to cover those that should most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The suggested language of the excepted items on the list may be varied at the discretion of the contracting officer. If accuracy or*

completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question, then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and add any additional exceptions or reservations required.]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights of the Government to take the benefit of agreements or judgments affecting royalties paid or payable in connection with the performance of the contract.

(iii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [*If the contract contains clauses of this character inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be appropriately modified*.]

(iv) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the bonds.

(v) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the Government by the Contractor under the contract or this agreement.

(vi) All rights and liabilities of the parties under the contract relating to any contract termination inventory stored for the Government.

(vii) All rights and liabilities of the parties under agreements relating to the future care and disposition by the Contractor of Government-owned property remaining in the Contractor's custody.

(viii) All rights and liabilities of the parties relating to Government property furnished to the Contractor for the performance of this contract.

(ix) All rights and liabilities of the parties under the contract relating to options (except options to continue or increase the work under the contract), covenants not to compete, and covenants of indemnity.

(x) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.603-2 Fixed-price contracts-partial termination.

[*Insert the following in Block 14 of SF 30 for settlements of fixed-price contracts partially terminated.*]

(a) This supplemental agreement settles the settlement proposal resulting from the Notice of Termination dated __________________.

(b) The parties agree to the following:

(1) The terminated portion of the contract is as follows: [*specify the terminated portion clearly as to-*

(i) *Line item numbers,*

(ii) *Descriptions,*

(iii) *Quantity terminated,*

(iv) *Unit price of items,*

(v) *Total price of terminated items, and*

(vi) *Any other explanation necessary to avoid uncertainty or misunderstanding*].

(2) The Contractor certifies that all contract termination inventory (including scrap) has been retained or acquired by the Contractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits have been used in arriving at this agreement.

(3) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal settled by this agreement, has furnished the Contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits were used in arriving at the settlement of the subcontract; and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was included in its proposal.

(4) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement, (i) are properly allocable to the terminated portion of the contract, (ii) do not exceed the reasonable quantitative requirements of the terminated portion of the contract, and (iii) do not include any items reasonably usable without loss to the Contractor on its other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the status of the items between the dates of the termination inventory schedules and the date of this agreement.

(5) The Contractor transfers, conveys, and assigns to the Government all the right, title, and interest, if any, that the Contractor has received, or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(6) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(7)(i) The Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher, the sum of $______ [*insert net amount of settlement*], arrived at by deducting from $________ [*insert gross amount of settlement*],

(A) the amount of $____ for all unliquidated partial or progress payments previously made to the Contractor or its assignee and all unliquidated advance payments (with any interest) applicable to the terminated portion of the contract and

(B) the amount of $_______ for all applicable property disposal credits.

(ii) The net settlement of $______ in paragraph (b)(7)(i) of this agreement, together with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor for the terminated portion of the contract, except as provided in paragraph (b)(8) of this agreement.

(iii) Upon payment of the net settlement of $______, all obligations of the Contractor to perform further work or services or to make further deliveries under the terminated portion of the contract and all obligations of the Government to take further payments or carry out other undertakings concerning the terminated portion of the contract shall cease; provided, that nothing in this agreement shall impair or affect any covenants, terms, or conditions of the contract relating to the completed or continued portion of this contract.

(8) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the contract are reserved: [*The following list of reserved or excepted rights and liabilities is intended to cover those that should most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The suggested language of the excepted items in the list may be varied at the discretion of the contracting officer. If accuracy or completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question, then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and add any additional exceptions or reservations required*.]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights of the Government to take the benefit of agreements or judgments affecting royalties paid or payable in connection with the performance of the contract.

(iii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [*If the contract contains clauses of this character inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be appropriately modified*.]

(iv) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the bonds.

(v) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the government by the Contractor under the contract or this agreement.

(vi) All rights and liabilities of the parties under the contract relating to any contract termination inventory stored for the Government.

(vii) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.603-3 Cost reimbursement contracts-complete termination, if settlement includes cost.

[*Insert the following in Block 14 of SF 30 for settlement of cost-reimbursement contracts that are completely terminated, if settlement includes costs.*]

(a) This supplemental agreement settles the settlement proposal resulting from the Notice of Termination dated ________.

(b) The parties agree to the following:

(1) The Contractor certifies that all contract termination inventory (including scrap) has been retained or acquired by the Contractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits have been used in arriving at this agreement.

(2) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal settled by this agreement, has furnished the Contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits were used in arriving at the settlement of the subcontract; and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was included in its proposal.

(3) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the amount of this settlement or he settlement of any subcontract settlement proposal included in this settlement, (i) are properly allocable to the terminated portion of the contract, (ii) do not exceed the reasonable quantitative requirements of the terminated portion of the contract, and (iii) do not include any items reasonably usable without loss to the Contractor on its other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the status of the items between the dates of the termination inventory schedules and the date of this agreement.

(4) The Contractor transfers, conveys, and assigns to the Government all the right, title and interest, if any, that the Contractor has received, or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(5) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(6)(i) The Contractor has received $______ for work and services performed, or articles delivered, under the contract before the effective date of termination. The Government confirms the right of the Contractor, subject to paragraph (b)(7) of this agreement, to retain this sum and agrees that it constitutes a portion of the total amount to which the Contractor is entitled in complete and final settlement of the contract.

(ii) Further, the Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher, the sum of $_____ [*insert net amount of settlement*], arrived at by deducting from the sum of $___ [*insert gross amount of settlement less amount shown in paragraph (b)(6)(i) of this agreement*]-

(A) The amount of $___ for all unliquidated partial or progress payments previously made to the Contractor or its assignee and all unliquidated advance payments (with any interest),

(B) The amount of $___ for all applicable property disposal credits [*insert if appropriate,* "and (C) the amount of $___ for all other amounts due the Government under this contract, except as provided in paragraph (b)(7) of this agreement."]

(iii) The net settlement of $_______ in subdivision (b)(6)(ii) of this section, together with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor for the complete termination of the contract and of all other demands and liabilities of the Contractor and the Government under the contract, except as provided in paragraph (b)(7) in this section.

(7) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the contract are reserved: [*The following list of reserved or excepted rights and liabilities is intended to cover those that should most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The suggested language of the excepted items on the list may be varied at the discretion of the contracting officer. If accuracy or completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question, then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and add any additional exceptions or reservations required.*]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights of the Government to take the benefit of agreements or judgments affecting royalties paid or payable in connection with the performance of the contract.

(iii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [*If the contract contains clauses of this character inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be appropriately modified*.]

(iv) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the bonds.

(v) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the Government by the Contractor under the contract or this agreement.

(vi) All rights and liabilities of the parties under the contract relating to any contract termination inventory stored for the Government.

(vii) All rights and liabilities of the parties under agreements relating to the future care and disposition by the Contractor of Government-owned property remaining in the Contractor's custody.

(viii) All rights and liabilities of the parties relating to Government property furnished to the Contractor for the performance of this contract.

(ix) All rights and liabilities of the parties under the contract relating to options (except options to continue or increase the work under the contract), covenants not to compete, and covenants of indemnity.

(x) Unresolved demands or assertions by the Contractor against the Government for costs under Government Accountability Office exceptions or other costs of the same nature that are excluded from the settlement without prejudice to the rights of either party, as follows: [*Insert amount and describe charges not waived*.]

(xi) Claims by the Contractor against the Government, when the Contractor's rights of reimbursement are disputed, that are excluded without prejudice to the rights of either party are as follows: [*Insert the amounts and describe the claims on which the Contracting Officer has made findings and has disallowed and on which the Contractor has taken, or intends to take, timely appeal*.]

(xii) Unresolved demands or assertions by the Contractor against the Government that are unknown in amount and involve costs alleged to be reimbursable under the contract are as follows: [*Insert the estimated amounts and describe the charges*.]

(xiii) Unknown amounts alleged by the Contractor against the Government, based upon responsibility of the Contractor to third parties that involve costs reimbursable under the contract.

(xiv) Debts due the Government by the Contractor that are based on refunds, rebates, credits, or other amounts not now known to the Government, with interest, now due or that may become due the Contractor from third parties, if the amounts arise out of transactions for which reimbursement has been made to the Contractor under the contract. The Contractor shall pay to the Government, within 30 days after receipt, any of these amounts that become due from any third party or any other source. Interest at the rate established by the Secretary of the Treasury under 41 U.S.C. 7109 shall accrue and shall be paid to the Government on any amounts that remain unpaid after the 30-day period.

(xv) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.603-4 Cost-reimbursement contracts-complete termination, with settlement limited to fee.

[*Insert the following in Block 14 of SF 30 for settlement of cost-reimbursement contracts that are completely terminated, if settlement is limited to fee*.]

(a) This supplemental agreement settles the amount of fee due under the contract, terminated in its entirety by Notice of Termination dated ______.

(b) The parties agree to the following:

(1) The Contractor has received $______ on account of its fee under the contract before the effective date of termination.

(2) The Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher, $______ [*insert net amount to be paid on account of fee*]. This sum, with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor on account of its fee under the contract.

(3) The Contractor's allowable costs under the contract will be paid under the terms and conditions of the contract and parts 31 and 49 of the Federal Acquisition Regulation. [*Insert paragraph (b)(3) of this agreement only if there are costs to be vouchered out (see 49.302) or if there are costs to be covered later by a separate settlement agreement*.]

(4) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the contract are reserved: [*The following list of reserved or excepted rights and liabilities is intended to cover those that should most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The suggested language of the excepted items on the list may be varied at the discretion of the contracting officer. If accuracy or completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question, then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and add any additional exceptions or reservations required.*]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [*If the contract contains clauses of this character inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be appropriately modified.*]

(iii) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the bonds.

(iv) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the Government by the Contractor under the contract or this agreement.

(v) All rights and liabilities of the parties under agreements relating to the future care and disposition by the Contractor of Government-owned property remaining in the Contractor's custody.

(vi) All rights and liabilities of the parties relating to Government property furnished to, or acquired by, the Contractor for the performance of the contract.

(vii) All rights and liabilities of the parties under the contract relating to options (except options to continue or increase the work under the contract), covenants not to compete, and covenants of indemnity.

(viii) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.603-5 Cost-reimbursement contracts-partial termination.

[*Insert the following in Block 14 of SF 30, Amendment of Solicitation/Modification of Contract, for settlement agreements for cost-reimbursement contracts as a result of partial termination.*]

(a) This supplemental agreement settles the termination settlement proposal resulting from the Notice of Termination dated _________.

(b) The parties agree as follows:

(1) The contract is amended by deleting the terminated portion as follows: [*specify the terminated portion clearly as to-*

(i) *Line item numbers,*

(ii) *Descriptions,*

(iii) *Quantity terminated,*

(iv) *Unit and total price of terminated items, and*

(v) *Any other explanation necessary to avoid uncertainty or misunderstanding*].

(2) The fee stated in the contract is decreased by $____, from $____ to $____ [*Insert, if appropriate,*"(3) The estimated cost of the contract is decreased by $____, from $____ to $____"].

(c) The Contractor's allowable costs and earned fee, if any, for the terminated portion of the contract will continue to be reimbursed on SF 1034, Public Voucher for Purchase and Services Other Than Personal, under the applicable provisions of the contract and part 31 of the Federal Acquisition Regulation.

(End of agreement)

49.603-6 No-cost settlement agreement-complete termination.

[*Insert the following in Block 14 of SF 30 if a no-cost settlement agreement, under a complete termination, is to be executed.*]

(a) This supplemental agreement [*insert* "modifies the contract to reflect a no-cost settlement agreement with respect to the Notice of Termination dated ____" *or, if not previously terminated,* "terminates the contract in its entirety"].

(b) The parties agree as follows:

The Contractor unconditionally waives any charges against the Government because of the termination of the contract and, except as set forth below, releases it from all obligations under the contract or due to its termination. The Government agrees that all obligations under the contract are concluded, except as follows: [*List reserved or excepted rights and liabilities. See 49.109-2 and 49.603-1(b)(7).*]

(End of agreement)

49.603-7 No-cost settlement agreement-partial termination.

[*Insert the following in Block 14 of SF 30 if a no-cost settlement agreement, under partial termination, is to executed.*]

(a) This supplemental agreement modifies the contract to reflect a no-cost settlement agreement with respect to the Notice of Termination dated ____.

(b) The parties agree as follows:

(1) The terminated portion of the contract is as follows: [*Specify-*

(i) *Line item numbers,*

(ii) *Descriptions,*

(iii) *Quantity terminated,*

(iv) *Unit and total price of terminated items, and*

(v) *Any other explanation necessary to avoid uncertainty or misunderstanding*.]

(2) The Contractor unconditionally waives any charges against the Government arising under the terminated portion of the contract or by reason of its termination, including, without limitation, all obligations of the Government to make further payments or to carry out any further undertakings under the terminated portion of the contract. The Government acknowledges that the Contractor has no obligation to perform further work or services or to make further deliveries under the terminated portion of the contract. Nothing in this paragraph affects any other covenants, terms, or conditions of the contract. Under the terminated portion of the contract, the following rights and liabilities of the parties are reserved: [*List reserved or excepted rights and liabilities. See 49.109-2 and 49.603-1(b)(7).*]

(End of agreement)

49.603-8 Fixed-price contracts-settlements with subcontractors only.

[*Insert the following in Block 14 of SF 30 for settlements of fixed-price contracts covering only settlements with subcontractors.*]

(a) This agreement settles that portion of the settlement proposal of the contractor that is based upon termination of the following subcontracts entered into in performing this contract: [*Insert a list of the terminated subcontracts included in this settlement.*]

(b) The parties agree to the following:

(1) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal settled by the agreement, has furnished the Contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits were used in arriving at the settlement of the subcontract; and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was included in its proposal.

(2) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement-

(i) Are properly allocable to the terminated portion of the contract;

(ii) Do not exceed the reasonable quantitative requirements of the terminated portion of the contract; and

(iii) Do not include any items reasonably usable without loss to the Contractor on its other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the status of the items between the dates of the termination inventory schedules and the date of this agreement.

(3) The Contractor transfers, conveys, and assigns to the Government all the right, title, and interest, if any, that the Contractor has received or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(4) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(5) The Government agrees to pay the Contractor or its assignee, upon presentation of a proper invoice or voucher, $____ [*insert net amount of settlement*], which, together with the amount of $____ previously paid the Contractor as partial, progress, or advance payments, constitutes payment in full and complete settlement, except as provided in paragraph (b)(6) of this agreement, of the amount due the Contractor for that portion of its settlement proposal that is based upon termination of the subcontracts listed above.

(6) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the contract are reserved: [*List reserved or excepted rights and liabilities. See 49.109-2 and 49.603-1(b)(7).*]

(End of agreement)

49.603-9 Settlement of reservations.

[*Insert the following in Block 14 of SF 30 for settlement of reservations.*]

(a) Supplemental Agreement No. ____, dated ____, was executed to reflect the settlement of the termination of this contract. The supplemental agreement excepted from the settlement certain items described in the agreement including the items described in paragraph (b) of this agreement. This supplemental agreement settles those items.

(b) The parties agree to the following:

(1) The Government agrees to pay the contractor $_____ for the following reserved or excepted items:* [*List items.*]

(2) The Contractor releases and forever discharges the Government from all liability and from all existing and future claims and demands that it may have under this contract, insofar as it pertains to the contract, for the items described in paragraph (b)(1) of this agreement.*

**When payment is due the Government, reverse the words "Governmen"t and "contracto"r in paragraphs (b)(1) and (b)(2).*

(End of agreement)

49.604 Release of excess funds under terminated contracts.

The following format shall be used to recommend the release of excess funds under terminated contracts, except if the contracting office retains responsibility for settlement of the termination-

From: Termination Contracting Officer __________ [address]
To: Contracting office ______________[address]
Subj: Terminated Contract No ________ with _______ [Contractor]

Refs:

(a) [*Cite termination notice and effective date.*]

(b) [*Cite prior letters releasing excess funds, if any.*]

(1) Referenced termination notice, ____ [*insert* "completely" *or* "partially"] terminated contract __________.

(2) Based on the best information available, it is estimated that the gross settlement cost will be $_____ The amount available for release as excess to the contract is $___. Any payments previously made to the Contractor for terminated items have been considered in arriving at the above amounts.

[*If prior letters recommending release of excess funds are cited, use the following as paragraph 2:*

The estimated settlement costs previously reported by reference (b) in the amount of $____ are revised. On the best evidence now available, it is estimated that the settlement costs will be $___ The additional amount available for release is $_____.]

(3) The related appropriations and amounts involved are:

Appropriations	**Allocated Amounts**
____________	____________

Appropriations	Allocated Amounts
____________	____________

Copies to: Paying Office Accounting and Finance Office Other.

49.605 Request to settle subcontractor settlement proposals.

Contractors requesting authority to settle subcontractor settlement proposals shall furnish applicable information from the list below and any additional information required by the contracting officer-

(a) Name of contractor and address of principal office;

(b) Name and location of divisions of the applicant's plant for which authorization is requested;

(c) An explanation of the necessity and justification for the authorization requested;

(d) A full description of the applicant's organization for handling terminations, including the names of the officials in charge of processing and settling proposals;

(e) The number and dollar amount (estimated if necessary) of uncompleted contracts with Government agencies and the percentage applicable to each agency;

(f) The number and dollar amount (estimated if necessary) of uncompleted subcontracts under Government contracts and the percentage applicable to each agency;

(g) The extent of the applicant's experience in termination matters, including the handling of proposals of subcontractors;

(h) The approximate amount and general nature of terminations of the applicant currently in process;

(i) A statement that no other application has been made for any division of the applicant's plant covered by the application or, if one has been made, a full statement of the facts;

(j) The limit of authorization requested.

49.606 Granting subcontract settlement authorization.

Contracting officers shall use the following format when granting subcontract settlement authorization-

LETTER OF AUTHORIZATION

(a) Your request of ____ (date) is approved, and you are authorized, subject to the limitations of subsection 49.109-4 and those stated below, to settle, without further approval of the Government, all subcontracts and purchase orders terminated by you as a result of a Government contract being terminated or modified-

(1) For the convenience of the Government; or

(2) Under any other circumstances that may require the Government to bear the cost of their settlement.

(b) This authorization does not extend to the disposition of Government-furnished material or articles completed but undelivered under the subcontract or purchase order, as these require screening and approval of disposal actions by the Government, except that allocable completed articles may be disposed of without Government approval or screening if the total amount (at subcontract price) when added to the amount of settlement (as computed below) does not exceed $_____ [*insert limit of authorization being granted*].

(c) This authorization is subject to the following conditions and requirements-

(1) The amount of the subcontract termination settlement does not exceed $____ [*insert limit of authorization being granted*], computed as follows:

(i) Do not deduct advance or partial payments or credits for retention or other disposal of termination inventory allocated to the settlement proposal.

(ii) Deduct amounts payable for completed articles or work at the contract price or for the settlement of termination proposals of subcontractors (except those settlements that have not been approved by the Government).

(2) Any termination inventory involved has been disposed of under subsection 49.108-4, except that screening and Government approval of scrap and salvage determinations are not required.

(3) The Contracting Officer may incorporate into each Notice of Termination specific instructions about the disposition of specific items of termination inventory, or the Contracting Officer may, at any time before final settlement, issue specific instructions. These instructions will not affect any disposal action taken by you or your subcontractors before their receipt.

(4) The settlements made by you with your subcontractors and suppliers under this authorization, including sales, retention, or other dispositions of property involved in making these settlements, are reimbursable under part 49 and the Termination clause of the contract, and do not require approval of the Contracting Officer.

(5) Any number of separate settlements of $_____ [*insert limit of authorization granted*] or less may be made with a single subcontractor. Settlement proposals that would normally be included in a single proposal; *e.g.,* those based on a series of separate orders for the same item under one contract, should be consolidated whenever possible and shall not be divided to bring them within the authorization.

(6) This authorization does not apply if a subcontractor or supplier is affiliated with you. For this purpose, you should consider a contractor to be affiliated with you if you are under common control or if there is any common interest between you by reason of stock ownership, or otherwise, that is sufficient to create a reasonable doubt that the bargaining between you is completely at arm's length.

(7) A representative of this office will, from time to time, review the methods used in negotiating settlements with your subcontractors and will make a selective examination of the settlements made by you. If the review indicates that you are not adequately protecting the Government's interest, this delegation will be revoked.

(End of letter)

49.607 Delinquency notices.

The formats of the delinquency notices in this section may be used to satisfy the requirements of 49.402-3. All notices will be sent with proof of delivery requested. (See part 42 for stop-work orders.)

(a) *Cure notice.* If a contract is to be terminated for default before the delivery date, a "Cure Notice" is required by the Default clause. Before using this notice, it must be ascertained that an amount of time equal to or greater than the period of "cure" remains in the contract delivery schedule or any extension to it. If the time remaining in the contract delivery schedule is not sufficient to permit a realistic "cure" period of 10 days or more, the "Cure Notice" should not be issued. The "Cure Notice" may be in the following format:

Cure Notice

You are notified that the Government considers your ____ [*specify the contractor's failure or failures*] a condition that is endangering performance of the contract. Therefore, unless this condition is cured within 10 days after receipt of this notice [*or insert any longer time that the Contracting Officer may consider reasonably necessary*], the Government may terminate for default under the terms and conditions of the _______ [*insert clause title*] clause of this contract.

(End of notice)

(b) *Show cause notice*. If the time remaining in the contract delivery schedule is not sufficient to permit a realistic "cure" period of 10 days or more, the following "Show Cause Notice" may be used. It should be sent immediately upon expiration of the delivery period.

Show Cause Notice

Since you have failed to ____ [*insert* "perform Contract No. ___ within the time required by its terms," *or* "cure the conditions endangering performance under Contract No _____ as described to you in the Government's letter of _____ (date)"], the Government is considering terminating the contract under the provisions for default of this contract. Pending a final decision in this matter, it will be necessary to determine whether your failure to perform arose from causes beyond your control and without fault or negligence on your part. Accordingly, you are given the opportunity to present, in writing, any facts bearing on the question to ____ [*insert the name and complete address of the contracting officer*], within 10 days after receipt of this notice. Your failure to present any excuses within this time may be considered as an admission that none exist. Your attention is invited to the respective rights of the Contractor and the Government and the liabilities that may be invoked if a decision is made to terminate for default.

Any assistance given to you on this contract or any acceptance by the Government of delinquent goods or services will be solely for the purpose of mitigating damages, and it is not the intention of the Government to condone any delinquency or to waive any rights the Government has under the contract.

(End of notice)

This page intentionally left blank.

PART 50 - EXTRAORDINARY CONTRACTUAL ACTIONS AND THE SAFETY ACT

This page intentionally left blank.

50.000 Scope of part.

This part—

(a) (1) Prescribes procedures and implements statutory and Executive Order requirements for entering into, amending, or modifying contracts in order to facilitate the national defense under the extraordinary emergency authority granted by Public Law 85-804 (50 U.S.C. 1431—1435) and Executive Order 10789, dated November 14, 1958. It does not cover advance payments (see Subpart 32.4); and

(2) Implements indemnification authority granted by Pub. L. 85-804 and paragraph 1A of E.O. 10789 with respect to any matter that has been, or could be, designated by the Secretary of Homeland Security as a qualified anti-terrorism technology as defined in the Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act); and

(b) Implements SAFETY Act liability protections to promote development and use of anti-terrorism technologies.

Subpart 50.1 - Extraordinary Contractual Actions

50.100 Definitions.

As used in this part—

Approving authority means an agency official or contract adjustment board authorized to approve actions under Pub. L. 85-804 and E.O. 10789.

Secretarial level means a level at or above the level of a deputy assistant agency head, or a contract adjustment board.

50.101 General.

50.101-1 Authority.

(a) Pub. L. 85-804 empowers the President to authorize agencies exercising functions in connection with the national defense to enter into, amend, and modify contracts, without regard to other provisions of law related to making, performing, amending, or modifying contracts, whenever the President considers that such action would facilitate the national defense.

(b) E.O. 10789 authorizes the heads of the following agencies to exercise the authority conferred by Pub. L. 85-804 and to delegate it to other officials within the agency: the Government Publishing Office; the Department of Homeland Security; the Tennessee Valley Authority; the National Aeronautics and Space Administration; the General Services Administration; the Defense, Army, Navy, Air Force, Treasury, Interior, Agriculture, Commerce, and Transportation Departments; the Department of Energy for functions transferred to that Department from other authorized agencies; and any other agency that may be authorized by the President.

50.101-2 Policy.

(a) Actions authorized under Pub. L. 85-804 shall be accomplished as expeditiously as practicable, consistent with the exercise of sound judgment appropriate to the use of such extraordinary authority.

(b) Certain kinds of relief previously available only under Pub. L. 85-804; e.g., rescission or reformation for mutual mistake, are now available under the authority of 41 U.S.C. chapter 71, Contract Disputes. The disputes process in part 33 must be followed before pursuing extraordinary contract relief under this part because the authority under Pub. L. 85-804 may not be relied upon when other adequate legal authority exists. The contracting officer should seek legal advice when unsure as to whether part 33 applies.

50.101-3 Records.

Agencies must maintain complete records of all actions taken under this Subpart 50.1. For each request for relief processed, these records must include, at a minimum—

(a) The contractor's request;

(b) All relevant memorandums, correspondence, affidavits, and other pertinent documents;

(c) The Memorandum of Decision (see 50.103-6 and 50.104-2); and

(d) A copy of the contractual document implementing an approved request.

50.102 Delegation of and limitations on exercise of authority.

50.102-1 Delegation of authority.

An agency head may delegate in writing authority under Pub. L. 85-804 and E.O. 10789, subject to the following limitations:

(a) Authority delegated must be to a level high enough to ensure uniformity of action.

(b) Authority to approve requests to obligate the Government in excess of $90,000 may not be delegated below the secretarial level.

(c) Regardless of dollar amount, authority to approve any amendment without consideration that increases the contract price or unit price may not be delegated below the secretarial level, except in extraordinary cases or classes of cases when the agency head finds that special circumstances clearly justify such delegation.

(d) Regardless of dollar amount, authority to indemnify against unusually hazardous or nuclear risks, including extension of such indemnification to subcontracts, must be exercised only by the Secretary or Administrator of the agency concerned, the Public Printer, or the Chairman of the Board of Directors of the Tennessee Valley Authority (see 50.104-3).

50.102-2 Contract adjustment boards.

An agency head may establish a contract adjustment board with authority to approve, authorize, and direct appropriate action under this Subpart 50.1 and to make all appropriate determinations and findings. The decisions of the board must not be subject to appeal; however, the board may reconsider and modify, correct, or reverse its previous decisions. The board must determine its own procedures and have authority to take all action necessary or appropriate to conduct its functions.

50.102-3 Limitations on exercise of authority.

(a) Pub. L. 85-804 is not authority for—

(1) Using a cost-plus-a-percentage-of-cost system of contracting;

(2) Making any contract that violates existing law limiting profit or fees;

(3) Providing for other than full and open competition for award of contracts for supplies or services; or

(4) Waiving any bid bond, payment bond, performance bond, or other bond required by law.

(b) No contract, amendment, or modification shall be made under Pub. L. 85-804's authority-

(1) Unless the approving authority finds that the action will facilitate the national defense;

(2) Unless other legal authority within the agency concerned is deemed to be lacking or inadequate;

(3) Except within the limits of the amounts appropriated and the statutory contract authorization (however, indemnification agreements authorized by an agency head (50.104-3) are not limited to amounts appropriated or to contract authorization); and

(4) That will obligate the Government for any amount over $150 million unless the Senate and House Committees on Armed Services are notified in writing of the proposed obligation and 60 days of continuous session of Congress have passed since the transmittal of such notification. However, this paragraph (b)(4) does not apply to indemnification agreements authorized under 50.104-3.

(c) No contract shall be amended or modified unless the contractor submits a request before all obligations (including final payment) under the contract have been discharged. No amendment or modification shall increase the contract price to an amount higher than the lowest rejected bid of any responsible bidder, if the contract was negotiated under 14.404-1(f).

(d) No informal commitment will be formalized unless—

(1) The contractor submits a written request for payment within 6 months after furnishing, or arranging to furnish, supplies or services in reliance upon the commitment; and

(2) The approving authority finds that, at the time the commitment was made, it was impracticable to use normal contracting procedures.

(e) No executive department or agency will exercise the indemnification authority granted under paragraph 1 A of E.O. 10789 with respect to any supply or service that has been, or could be, designated by the Secretary of Homeland Security as a qualified anti-terrorism technology unless—

(1) For the Department of Defense, the Secretary of Defense has determined that the exercise of authority under E.O. 10789 is necessary for the timely and effective conduct of the United States military or intelligence activities, after consideration of the authority provided under the SAFETY Act (Subtitle G of title VIII of the Homeland Security Act of 2002, 6 U.S.C. 441-444); or

(2) For other departments and agencies that have authority under E.O. 10789—

(i) The Secretary of Homeland Security has advised whether the use of the authority under the SAFETY Act would be appropriate; and

(ii) The Director of the Office of Management and Budget has approved the exercise of authority under the Executive order.

50.103 Contract adjustments.

This section prescribes standards and procedures for processing contractors' requests for contract adjustment under Pub. L. 85-804 and E.O. 10789.

50.103-1 General.

The fact that losses occur under a contract is not sufficient basis for exercising the authority conferred by Pub. L. 85-804. Whether appropriate action will facilitate the national defense is a judgment to be made on the basis of all of the facts of the case. Although it is impossible to predict or enumerate all the types of cases in which action may be appropriate, examples are included in 50.103-2. Even if all of the factors in any of the examples are present, other considerations may warrant denying a contractor's request for contract adjustment. The examples are not intended to exclude other cases in which the approving authority determines that the circumstances warrant action.

50.103-2 Types of contract adjustment.

(a) Amendments without consideration. (1) When an actual or threatened loss under a defense contract, however caused, will impair the productive ability of a contractor whose continued performance on any defense contract or whose continued operation as a source of supply is found to be essential to the national defense, the contract may be amended without consideration, but only to the extent necessary to avoid such impairment to the contractor's productive ability.

(2) When a contractor suffers a loss (not merely a decrease in anticipated profits) under a defense contract because of Government action, the character of the action will generally determine whether any adjustment in the contract will be made, and its extent. When the Government directs its action primarily at the contractor and acts in its capacity as the other contracting party, the contract may be adjusted in the interest of fairness. Thus, when Government action, while not creating any liability on the Government's part, increases performance cost and results in a loss to the contractor, fairness may make some adjustment appropriate.

(b) Correcting mistakes. (1) A contract may be amended or modified to correct or mitigate the effect of a mistake. The following are examples of mistakes that may make such action appropriate:

(i) A mistake or ambiguity consisting of the failure to express, or express clearly, in a written contract, the agreement as both parties understood it.

(ii) A contractor's mistake so obvious that it was or should have been apparent to the contracting officer.

(iii) A mutual mistake as to a material fact.

(2) Amending contracts to correct mistakes with the least possible delay normally will facilitate the national defense by expediting the contracting program and assuring contractors that mistakes will be corrected expeditiously and fairly.

(c) *Formalizing informal commitments*. Under certain circumstances, informal commitments may be formalized to permit payment to persons who have taken action without a formal contract. An example of a circumstance where an informal commitment may be formalized is when a person, responding to an agency official's written or oral instructions and relying in good faith upon the official's apparent authority to issue them, has furnished or arranged to furnish supplies or services to the agency, or to a defense contractor or subcontractor, without formal contractual coverage. Formalizing commitments under such circumstances normally will facilitate the national defense by assuring such persons that they will be treated fairly and paid expeditiously.

50.103-3 Contract adjustment.

(a) *Contractor requests*. Contractors must submit two copies of requests for contract adjustments to the contracting officer or an authorized representative. The request must state—

(1) The precise adjustment requested;

(2) The essential facts, summarized chronologically in narrative form;

(3) The contractor's conclusions based on these facts, showing, in terms of the considerations set forth in 50.103-1 and 50.103-2, when the contractor considers itself entitled to the adjustment; and

(4) Whether or not-

(i) All obligations under the contracts involved have been discharged;

(ii) Final payment under the contracts involved has been made;

(iii) Any proceeds from the request will be subject to assignment or other transfer, and to whom; and

(iv) The contractor has sought the same, or a similar or related, adjustment from the Government Accountability Office or any other part of the Government, or anticipates doing so.

(b) *Contractor certification*. A contractor seeking a contract adjustment that exceeds the simplified acquisition threshold shall, at the time the request is submitted, submit a certification by a person authorized to certify the request on behalf of the contractor that-

(1) The request is made in good faith; and

(2) The supporting data are accurate and complete to the best of that person's knowledge and belief.

50.103-4 Facts and evidence.

(a) *General*. If a request is made under 50.103-3, the contracting officer or other agency official must request the contractor to support the request with any of the following information:

(1) A brief description of the contracts involved, the dates of execution and amendments, the items being acquired, the price or prices, the delivery schedules, and any special contract provisions relevant to the request.

(2) A history of performance indicating when work under the contracts or commitments began, the progress made to date, an exact statement of the contractor's remaining obligations, and the contractor's expectations regarding completion.

(3) A statement of payments received, due, and yet to be received or to become due, including advance and progress payments; amounts withheld by the Government; and information as to any obligations of the Government yet to be performed under the contracts.

(4) A detailed analysis of the request's monetary elements, including precisely how the actual or estimated dollar amount was determined and the effect of approval or denial on the contractor's profits before Federal income taxes.

(5) A statement of the contractor's understanding of why the request's subject matter cannot now, and could not at the time it arose, be disposed of under the contract terms.

(6) The best supporting evidence available to the contractor, including contemporaneous memorandums, correspondence, and affidavits.

(7) Relevant financial statements, cost analyses, or other such data, preferably certified by a certified public accountant, as necessary to support the request's monetary elements.

(8) A list of persons connected with the contracts who have factual knowledge of the subject matter, including, when possible, their names, offices or titles, addresses, and telephone numbers.

(9) A statement and evidence of steps taken to reduce losses and claims to a minimum.

(10) Any other relevant statements or evidence that may be required.

(b) *Amendments without consideration-essentiality a factor*. When a request involves the potential for an amendment without consideration, and essentiality to the national defense is a factor (50.103-2(a)(1)), the contractor may be asked to furnish, in addition to the facts and evidence listed in paragraph (a) of this subsection, any of the following information:

(1) A statement and evidence of the contractor's original breakdown of estimated costs, including contingency allowances, and profit.

(2) A statement and evidence of the contractor's present estimate of total costs under the contracts involved if it is enabled to complete them, broken down between costs accrued to date and completion costs, and between costs paid and those owed.

(3) A statement and evidence of the contractor's estimate of the final price of the contracts, taking into account all known or contemplated escalation, changes, extras, and the like.

(4) A statement of any claims known or contemplated by the contractor against the Government involving the contracts, other than those stated in response to paragraph (b)(3) of this subsection.

(5) An estimate of the contractor's total profit or loss under the contracts if it is enabled to complete them at the estimated final contract price, broken down between profit or loss to date and completion profit or loss.

(6) An estimate of the contractor's total profit or loss from other Government business and all other sources, from the date of the first contract involved to the estimated completion date of the last contract involved.

(7) A statement of the amount of any tax refunds to date, and an estimate of those anticipated, for the period from the date of the first contract involved to the estimated completion date of the last contract involved.

(8) A detailed statement of efforts the contractor has made to obtain funds from commercial sources to enable contract completion.

(9) A statement of the minimum amount the contractor needs as an amendment without consideration to enable contract completion, and the detailed basis for that amount.

(10) An estimate of the time required to complete each contract if the request is granted.

(11) A statement of the factors causing the loss under the contracts involved.

(12) A statement of the course of events anticipated if the request is denied.

(13) Balance sheets, preferably certified by a certified public accountant, (i) for the contractor's fiscal year immediately preceding the date of the first contract, (ii) for each subsequent fiscal year, (iii) as of the request date, and (iv) projected as of the completion date of all the contracts involved (assuming the contractor is enabled to complete them at the estimated final prices), together with income statements for annual periods subsequent to the date of the first balance sheet. Balance sheets and income statements should be both consolidated and broken down by affiliates. They should show all transactions between the contractor and its affiliates, stockholders, and partners, including loans to the contractor guaranteed by any stockholder or partner.

(14) A list of all salaries, bonuses, and other compensation paid or furnished to the principal officers or partners, and of all dividends and other withdrawals, and of all payments to stockholders in any form since the date of the first contract involved.

(c) *Amendments without consideration-essentiality not a factor*. When a request involves possible amendment without consideration because of Government action, and essentiality to the national defense is not a factor (50.103-2(a)(2)), the contractor may be asked to furnish, in addition to the facts and evidence listed in paragraph (a) of this subsection, any of the following information:

(1) A clear statement of the precise Government action that the contractor considers to have caused a loss under the contract, with evidence to support each essential fact.

(2) A statement and evidence of the contractor's original breakdown of estimated costs, including contingency allowances, and profit.

(3) The estimated total loss under the contract, with detailed supporting analysis.

(4) The estimated loss resulting specifically from the Government action, with detailed supporting analysis.

(d) *Correcting mistakes*. When a request involves possible correction of a mistake (50.103-2(b)), the contractor may be asked to furnish, in addition to the facts and evidence listed in paragraph (a) of this subsection, any of the following information:

(1) A statement and evidence of the precise error made, ambiguity existing, or misunderstanding arising, showing what it consists of, how it occurred, and the intention of the parties.

(2) A statement explaining when the mistake was discovered, when the contracting officer was given notice of it, and whether this notice was given before completion of work under, or the effective termination date of, the contract.

(3) An estimate of profit or loss under the contract, with detailed supporting analysis.

(4) An estimate of the increase in cost to the Government resulting from the adjustment requested, with detailed supporting analysis.

(e) *Formalizing informal commitments*. When a request involves possible formalizing of an informal commitment (50.103-2(c)), the contractor may be asked to furnish, in addition to the facts and evidence listed in paragraph (a) of this subsection, any of the following information:

(1) Copies of any written instructions or assurances (or a sworn statement of any oral instructions or assurances) given the contractor, and identification of the Government official who gave them.

(2) A statement as to when the contractor furnished or arranged to furnish the supplies or services involved, and to whom.

(3) Evidence that the contractor relied upon the instructions or assurances, with a full description of the circumstances that led to this reliance.

(4) Evidence that, when performing the work, the contractor expected to be compensated directly for it by the Government and did not anticipate recovering the costs in some other way.

(5) A cost breakdown supporting the amount claimed as fair compensation for the work performed.

(6) A statement and evidence of the impracticability of providing, in an appropriate contractual instrument, for the work performed.

50.103-5 Processing cases.

In response to a contractor request made in accordance with 50.103-3, the contracting officer or an authorized representative shall make a thorough investigation to establish the facts necessary to decide a given case. Facts and evidence, including signed statements of material facts within the knowledge of individuals when documentary evidence is lacking, and audits if considered necessary to establish financial or cost facts, shall be obtained from contractor and Government personnel.

50.103-6 Disposition.

(a) When approving or denying a contractor's request made in accordance with 50.103-3, the approving authority must sign and date a Memorandum of Decision.

(b) If some adjustment is approved, the Memorandum of Decision will contain a statement in substantially the following form: “I find that the action authorized herein will facilitate the national defense.” The case files supporting this statement will show the rationale and basis for the dollar amount of the award. When the dollar amount exceeds the amounts supported by audit or other independent reviews, the approving authority will further document the rationale for deviating from the recommendation.

50.103-7 Contract requirements.

(a) Pub. L. 85-804 and E.O. 10789 require that every contract entered into, amended, or modified under this Subpart 50.1 shall contain—

(1) A citation of Pub. L. 85-804 and E.O. 10789;

(2) A brief statement of the circumstances justifying the action; and

(3) A recital of the finding that the action will facilitate the national defense.

(b) The authority in 50.101-1(a) shall not be used to omit from contracts, when otherwise required, the clauses at 52.203-5, Covenant Against Contingent Fees; 52.215-2, Audit and Records—Negotiation; 52.222-4, Contract Work Hours and Safety Standards—Overtime Compensation; 52.222-6, Construction Wage Rate Requirements; 52.222-10, Compliance With Copeland Act Requirements; 52.222-20, Contracts for Materials, Supplies, Articles, and Equipment; 52.222-26, Equal Opportunity; and 52.232-23, Assignment of Claims.

50.104 Residual powers.

This section prescribes standards and procedures for exercising residual powers under Pub. L. 85-804. The term “residual powers” includes all authority under Pub. L. 85-804 except—

(a) That covered by section 50.103; and

(b) The authority to make advance payments (see Subpart 32.4).

50.104-1 Standards for use.

Subject to the limitations in 50.102-3, residual powers may be used in accordance with the policies in 50.101-2 when necessary and appropriate, all circumstances considered. In authorizing the inclusion of the clause at 52.250-1, Indemnification Under Public Law 85-804, in a contract or subcontract, an agency head may require the indemnified contractor to provide and maintain financial protection of the type and amount determined appropriate. In deciding whether to approve use of the indemnification clause, and in determining the type and amount of financial protection the indemnified contractor is to provide and maintain, an agency head must consider such factors as self-insurance, other proof of financial responsibility, workers' compensation insurance, and the availability, cost, and terms of private insurance. The approval and determination must be final.

50.104-2 General.

(a) When approving or denying a proposal for the exercise of residual powers, the approving authority must sign and date a Memorandum of Decision.

(b) Every contract entered into, amended, or modified under residual powers shall comply with the requirements of 50.103-7.

50.104-3 Special procedures for unusually hazardous or nuclear risks.

(a) *Indemnification requests*. (1) Contractor requests for the indemnification clause to cover unusually hazardous or nuclear risks should be submitted to the contracting officer and must include the following information:

(i) Identification of the contract for which the indemnification clause is requested.

(ii) Identification and definition of the unusually hazardous or nuclear risks for which indemnification is requested, with a statement indicating how the contractor would be exposed to them.

(iii) A statement, executed by a corporate official with binding contractual authority, of all insurance coverage applicable to the risks to be defined in the contract as unusually hazardous or nuclear, including-

(A) Names of insurance companies, policy numbers, and expiration dates;

(B) A description of the types of insurance provided (including the extent to which the contractor is self-insured or intends to self-insure), with emphasis on identifying the risks insured against and the coverage extended to persons or property, or both;

(C) Dollar limits per occurrence and annually, and any other limitation, for relevant segments of the total insurance coverage;

(D) Deductibles, if any, applicable to losses under the policies;

(E) Any exclusions from coverage under such policies for unusually hazardous or nuclear risks; and

(F) Applicable workers' compensation insurance coverage.

(iv) The controlling or limiting factors for determining the amount of financial protection the contractor is to provide and maintain, with information regarding the availability, cost, and terms of additional insurance or other forms of financial protection.

(v) Whether the contractor's insurance program has been approved or accepted by any Government agency; and whether the contractor has an indemnification agreement covering similar risks under any other Government program, and, if so, a brief description of any limitations.

(vi) If the contractor is a division or subsidiary of a parent corporation-

(A) A statement of any insurance coverage of the parent corporation that bears on the risks for which the contractor seeks indemnification; and

(B) A description of the precise legal relationship between parent and subsidiary or division.

(2) If the dollar value of the contractor's insurance coverage varies by 10 percent or more from that stated in an indemnification request submitted in accordance with paragraph (a)(1) of this subsection, or if other significant changes in insurance coverage occur after submission and before approval, the contractor shall immediately submit to the contracting officer a brief description of the changes.

(b) *Action on indemnification requests*. (1) The contracting officer, with assistance from legal counsel and cognizant program office personnel, shall review the indemnification request and ascertain whether it contains all required information. If the contracting officer, after considering the facts and evidence, denies the request, the contracting officer shall notify the contractor promptly of the denial and of the reasons for it. If recommending approval, the contracting officer shall forward the request (as modified, if necessary, by negotiation) through channels to the appropriate official specified in 50.102-1(d). The contracting officer's submission shall include all information submitted by the contractor and-

(i) All pertinent information regarding the proposed contract or program, including the period of performance, locations, and facilities involved;

(ii) A definition of the unusually hazardous or nuclear risks involved in the proposed contract or program, with a statement that the parties have agreed to it;

(iii) A statement by responsible authority that the indemnification action would facilitate the national defense;

(iv) A statement that the contract will involve unusually hazardous or nuclear risks that could impose liability upon the contractor in excess of financial protection reasonably available;

(v) A statement that the contractor is complying with applicable Government safety requirements;

(vi) A statement of whether the indemnification should be extended to subcontractors; and

(vii) A description of any significant changes in the contractor's insurance coverage (see 50.104-3(a)(2)) occurring since submission of the indemnification request.

(2) Approval of a request to include the indemnification clause in a contract shall be by a Memorandum of Decision executed by the appropriate official specified in 50.102-1(d).

(3) When use of the indemnification clause is approved under paragraph (b)(2) of this subsection, the definition of unusually hazardous or nuclear risks (see paragraph (b)(1)(ii) of this subsection) shall be incorporated into the contract, along with the clause.

(4) When approval is-

(i) Authorized in the Memorandum of Decision; and

(ii) Justified by the circumstances, the contracting officer may approve the contractor's written request to provide for indemnification of subcontractors, using the same procedures as those required for contractors.

50.104-4 Contract clause.

The contracting officer shall insert the clause at 52.250-1, Indemnification Under Public Law 85-804, in contracts whenever the approving official determines that the contractor must be indemnified against unusually hazardous or nuclear risks (also see 50.104-3(b)(3)). In cost-reimbursement contracts, the contracting officer shall use the clause with its Alternate I.

Subpart 50.2 - Support Anti-terrorism by Fostering Effective Technologies Act of 2002

50.200 Scope of subpart.

This subpart implements the Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act) liability protections to promote development and use of anti-terrorism technologies.

50.201 Definitions.

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case of a domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the United States.

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction, injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security (DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Pre-qualification designation notice means a notice in a procurement solicitation or other publication by the Government stating that the technology to be procured either affirmatively or presumptively satisfies the technical criteria necessary to be deemed a qualified anti-terrorism technology. A pre-qualification designation notice authorizes offeror(s) to submit streamlined SAFETY Act applications for SAFETY Act designation and receive expedited processing of those applications.

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any combination of the foregoing. Design services, consulting services, engineering services, software development services, software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may be deemed a technology.

SAFETY Act certification means a determination by DHS pursuant to 6 U.S.C. 442(d), as further delineated in 6 CFR 25.8 and 25.9, that a QATT for which a SAFETY Act designation has been issued is an approved product for homeland security, i.e., it will perform as intended, conforms to the seller's specifications, and is safe for use as intended.

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

50.202 Authorities.

The following authorities apply:

(a) Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act), 6 U.S.C. 441-444.

(b) Executive Order 13286 of February 28, 2003, Amendment of Executive Orders, and Other Actions, in Connection With the Transfer of Certain Functions to the Secretary of Homeland Security.

(c) Executive Order 10789 of November 14, 1958, Contracting Authority of Government Agencies in Connection with National Defense Functions.

(d) 6 CFR Part 25.

50.203 General.

(a) As part of the Homeland Security Act of 2002, Pub. L. 107-296, Congress enacted the SAFETY Act to-

(1) Encourage the development and use of anti-terrorism technologies that will enhance the protection of the nation; and

(2) Provide risk management and litigation management protections for sellers of QATTs and others in the supply and distribution chain.

(b) The SAFETY Act’s liability protections are complementary to the Terrorism Risk Insurance Act of 2002.

(c) Questions concerning the SAFETY Act may be directed to DHS Office of SAFETY Act Implementation (OSAI). Additional information about the SAFETY Act may be found at http://www.SAFETYAct.gov. Included on this website are block designations and block certifications granted by DHS.

50.204 Policy.

(a) Agencies should-

(1) Determine whether the technology to be procured is appropriate for SAFETY Act protections and, if appropriate, formally relay this determination to DHS for purposes of supporting contractor application(s) for SAFETY Act protections in relation to criteria (b)(viii) of 6 CFR 25.4, Designation of Qualified Anti-Terrorism Technologies;

(2) Encourage offerors to seek SAFETY Act protections for their offered technologies, even in advance of the issuance of a solicitation; and

(3) Not mandate SAFETY Act protections for acquisitions because applying for SAFETY Act protections for a particular technology is the choice of the offeror.

(b) Agencies shall not solicit offers contingent upon SAFETY Act designation or certification occurring before contract award unless authorized in accordance with 50.205-3.

(c) Agencies shall not solicit offers or award contracts presuming DHS will issue a SAFETY Act designation or certification after contract award unless authorized in accordance with 50.205-4.

(d) The DHS determination to extend SAFETY Act protections for a particular technology is not a determination that the technology meets, or fails to meet, the requirements of a solicitation.

50.205 Procedures.

50.205-1 SAFETY Act Considerations.

(a) *SAFETY Act applicability*. Requiring activities should review requirements to identify potential technologies that prevent, detect, identify, or deter acts of terrorism or limit the harm such acts might cause, and may be appropriate for SAFETY Act protections. In questionable cases, the agency shall consult with DHS. For acquisitions involving such technologies, the requiring activity should ascertain through discussions with DHS whether a block designation or block certification exists for the technology being acquired.

(1) If one does exist, the requiring activity should request that the contracting officer notify offerors.

(2) If one does not exist, see 50.205-2, Pre-qualification designation notice.

(b) *Early consideration of the SAFETY Act*. Acquisition officials shall consider SAFETY Act issues as early in the acquisition cycle as possible (see 7.105(b)(20)(v)). Normally, this would be at the point where the required capabilities or performance characteristics are addressed. This is important because the processing times for issuing determinations on all types of SAFETY Act applications vary depending on many factors, including the influx of applications to DHS and the technical complexity of individual applications.

(c) *Industry outreach*. When applicable, acquisition officials should include SAFETY Act considerations in all industry outreach efforts including, but not limited to, requests for information, draft requests for proposal, and industry conferences.

(d) *Reciprocal waiver of claims*. For purposes of 6 CFR 25.5(e), the Government is not a customer from which a contractor must request a reciprocal waiver of claims.

50.205-2 Pre-qualification designation notice.

Upon receipt of documentation from the program office or requiring activity related to a DHS pre-qualification designation notice, the contracting officer shall—

(a) Include in any pre-solicitation notice (Subpart 5.2) that a pre-qualification designation notice has been—

(1) Requested and is under review by DHS;

(2) Denied by DHS; or

(3) Issued and a copy will be included with the solicitation; and

(b) Incorporate the pre-qualification designation notice into the solicitation.

50.205-3 Authorization of offers contingent upon SAFETY Act designation or certification before contract award.

(a) Contracting officers may authorize such contingent offers, only if-

(1) DHS has issued-

(i) For offers contingent upon SAFETY Act designation, a pre-qualification designation notice or a block designation; or

(ii) For offers contingent upon SAFETY Act certification, a block certification;

(2) To the contracting officer's knowledge, the Government has not provided advance notice so that potential offerors could have obtained SAFETY Act designations/ certifications for their offered technologies before release of any solicitation; and

(3) Market research shows that there will be insufficient competition without SAFETY Act protections or the subject technology would be sold to the Government only with SAFETY Act protections.

(b) Contracting officers shall not authorize offers contingent upon obtaining a SAFETY Act certification (as opposed to a SAFETY Act designation), unless a block certification applies to the class of technology to be acquired under the solicitation.

50.205-4 Authorization of awards made presuming SAFETY Act designation or certification after contract award.

(a) When necessary to award a contract prior to DHS issuing SAFETY Act protections, contracting officers may award contracts presuming that DHS will issue a SAFETY Act designation/certification to the contractor after contract award only if-

(1) The criteria of 50.205-3(a) are met;

(2) The chief of the contracting office (or other official designated in agency procedures) approves the action; and

(3) The contracting officer advises DHS of the timelines for potential award and consults DHS as to when DHS could reasonably complete evaluations of offerors' applications for SAFETY Act designations or certifications.

(b) Contracting officers shall not authorize offers presuming that SAFETY Act certification will be obtained (as opposed to a SAFETY Act designation), unless a block certification applies to the class of technology to be acquired under the solicitation.

50.206 Solicitation provisions and contract clause.

(a) Insert the provision at 52.250-2, SAFETY Act Coverage Not Applicable, in solicitations if—

(1) The agency consulted with DHS on a questionable case of SAFETY Act applicability to an acquisition in accordance with 50.205-1(a), and after the consultation, the agency has determined that SAFETY Act protection is not applicable for the acquisition; or

(2) DHS has denied approval of a pre-qualification designation notice.

(b) (1) Insert the provision at 52.250-3, SAFETY Act Block Designation/Certification, in a solicitation when DHS has issued a block designation/certification for the solicited technologies.

(2) Use the provision at 52.250-3 with its Alternate I when contingent offers are authorized in accordance with 50.205-3.

(3) Use the provision at 52.250-3 with its Alternate II when offers presuming SAFETY Act designation or certification are authorized in accordance with 50.205-4. If this alternate is used, the contracting officer may increase the number of days within which offerors must submit their SAFETY Act designation or certification application.

(c) (1) Insert the provision at 52.250-4, SAFETY Act Pre-qualification Designation Notice, in a solicitation for which DHS has issued a pre-qualification designation notice.

(2) Use the provision at 52.250-4 with its Alternate I when contingent offers are authorized in accordance with 50.205-3

(3) Use the provision at 52.250-4 with its Alternate II when offers presuming SAFETY Act designation or certification are authorized in accordance with 50.205-4. If this alternate is used, the contracting officer may increase the number of days within which offerors must submit their SAFETY Act designation or certification application.

(d) Insert the clause at 52.250-5, SAFETY Act—Equitable Adjustment

(1) In the solicitation, if the provision at 52.250-3 or 52.250-4 is used with its Alternate II; and

(2) In any resultant contract, if DHS has not issued SAFETY Act designation or certification to the successful offeror before contract award.

VOLUME II-PARTS 52 & 53

REVOLUTIONARY FEDERAL ACQUISITION REGULATION OVERHAUL

Issued Fiscal Year 2019 by the:

GENERAL SERVICES ADMINISTRATION

DEPARTMENT OF DEFENSE

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

TITLE 48-FEDERAL ACQUISITION REGULATIONS SYSTEM

Chapter 1

FEDERAL ACQUISITION REGULATION

Volume I

FOREWORD

The FAR is the primary regulation for use by all executive agencies in their acquisition of supplies and services with appropriated funds. It became effective on April 1, 1984, and is issued within applicable laws under the joint authorities of the Administrator of General Services, the Secretary of Defense, and the Administrator for the National Aeronautics and Space Administration, under the broad policy guidelines of the Administrator, Office of Federal Procurement Policy, Office of Management and Budget.

The FAR precludes agency acquisition regulations that unnecessarily repeat, paraphrase, or otherwise restate the FAR, limits agency acquisition regulations to those necessary to implement FAR policies and procedures within an agency, and provides for coordination, simplicity, and uniformity in the Federal acquisition process. It also provides for agency and public participation in developing the FAR and agency acquisition regulation.

On April 17th, 2026, the Federal Acquisition Regulatory Council has updated the Revolutionary FAR Overhaul (RFO) to conform with the changes to support the implementation of Executive Order (E.O.) 14398, Addressing DEI Discrimination by Federal Contractors, dated March 26, 2026.

PART 52 - SOLICITATION PROVISIONS AND CONTRACT CLAUSES

52.214-28 Subcontractor Certified Cost or Pricing Data-Modifications-Sealed Bidding.
52.214-29 Order of Precedence-Sealed Bidding.
52.214-30 [Reserved]
52.214-31 [Reserved]
52.214-32 [Reserved]
52.214-33 [Reserved]
52.214-34 Submission of Offers in the English Language.
52.214-35 Submission of Offers in U.S. Currency.
52.215 [Reserved]
52.215-1 Instructions to Offerors-Competitive Acquisition.
52.215-2 Audit and Records-Negotiation.
52.215-3 [Reserved]
52.215-4 [Reserved]
52.215-5 [Reserved]
52.215-6 Place of Performance.
52.215-7 [Reserved]
52.215-8 Order of Precedence-Uniform Contract Format.
52.215-9 Changes or Additions to Make-or-Buy Program.
52.215-10 Price Reduction for Defective Certified Cost or Pricing Data.
52.215-11 Price Reduction for Defective Certified Cost or Pricing Data-Modifications.
52.215-12 Subcontractor Certified Cost or Pricing Data.
52.215-13 Subcontractor Certified Cost or Pricing Data-Modifications.
52.215-14 Integrity of Unit Prices.
52.215-15 Pension Adjustments and Asset Reversions.
52.215-16 Facilities Capital Cost of Money.
52.215-17 Waiver of Facilities Capital Cost of Money.
52.215-18 Reversion or Adjustment of Plans for Postretirement Benefits (PRB) Other Than Pensions.
52.215-19 Notification of Ownership Changes.
52.215-20 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data.
52.215-21 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data-Modifications.
52.215-22 Limitations on Pass-Through Charges-Identification of Subcontract Effort.
52.215-23 Limitations on Pass-Through Charges.
52.216 [Reserved]
52.216-1 Type of Contract.
52.216-2 Economic Price Adjustment-Standard Supplies.
52.216-3 Economic Price Adjustment-Semistandard Supplies.
52.216-4 Economic Price Adjustment-Labor and Material.
52.216-5 Price Redetermination-Prospective.
52.216-6 Price Redetermination-Retroactive.
52.216-7 Allowable Cost and Payment.
52.216-8 Fixed Fee.
52.216-9 Fixed Fee-Construction.
52.216-10 Incentive Fee.
52.216-11 Cost Contract-No Fee.
52.216-12 Cost-Sharing Contract-No Fee.
52.216-13 [Reserved]
52.216-14 [Reserved]
52.216-15 Predetermined Indirect Cost Rates.
52.216-16 Incentive Price Revision-Firm Target.
52.216-17 Incentive Price Revision-Successive Targets.
52.216-18 Ordering.
52.216-19 Order Limitations.
52.216-20 Definite Quantity.
52.216-21 Requirements.
52.216-22 Indefinite Quantity.
52.216-23 Execution and Commencement of Work.
52.216-24 Limitation of Government Liability.
52.216-25 Contract Definitization.
52.216-26 Payments of Allowable Costs Before Definitization.
52.216-27 Single or Multiple Awards.
52.216-28 Multiple Awards for Advisory and Assistance Services.
52.216-29 Time-and-Materials/Labor-Hour Proposal Requirements—Other Than Commercial Acquisition With Adequate Price Competition.
52.216-30 Time-and-Materials/Labor-Hour Proposal Requirements—Other Than Commercial Acquisition Without Adequate Price Competition.
52.216-31 Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Acquisition.
52.216-32 Task-Order and Delivery-Order Ombudsman.
52.217 [Reserved]
52.217-1 [Reserved]
52.217-2 Cancellation Under Multiyear Contracts.
52.217-3 Evaluation Exclusive of Options.
52.217-4 Evaluation of Options Exercised at Time of Contract Award.
52.217-5 Evaluation of Options.
52.217-6 Option for Increased Quantity.
52.217-7 Option for Increased Quantity-Separately Priced Line Item.
52.217-8 Option to Extend Services.
52.217-9 Option to Extend the Term of the Contract.
52.217-10 Reverse Auction
52.217-11 Reverse Auction—Orders.
52.217-12 Reverse Auction Services.
52.218 [Reserved]
52.219 [Reserved]
52.219-1 Small Business Program Representations.
52.219-2 Equal Low Bids.
52.219-3 Notice of HUBZone Set-Aside or Sole-Source Award.

52.226-8	Encouraging Contractor Policies to Ban Text Messaging While Driving.
52.227	[Reserved]
52.227-1	Authorization and Consent.
52.227-2	Notice and Assistance Regarding Patent and Copyright Infringement.
52.227-3	Patent Indemnity.
52.227-4	Patent Indemnity-Construction Contracts.
52.227-5	Waiver of Indemnity.
52.227-6	Royalty Information.
52.227-7	[Reserved]
52.227-8	[Reserved]
52.227-9	Refund of Royalties.
52.227-10	Filing of Patent Applications-Classified Subject Matter.
52.227-11	Patent Rights-Ownership by the Contractor.
52.227-12	[Reserved]
52.227-13	Patent Rights-Ownership by the Government.
52.227-14	Rights in Data-General.
52.227-15	Representation of Limited Rights Data and Restricted Computer Software.
52.227-16	Additional Data Requirements.
52.227-17	Rights in Data-Special Works.
52.227-18	[Reserved]
52.227-19	[Reserved]
52.227-20	Rights in Data-SBIR Program.
52.227-21	Technical Data Declaration, Revision, and Withholding of Payment-Major Systems.
52.227-22	Major System-Minimum Rights.
52.227-23	[Reserved]
52.228	[Reserved]
52.228-1	Bid Guarantee.
52.228-2	Additional Bond Security.
52.228-3	Workers' Compensation Insurance (Defense Base Act).
52.228-4	Workers' Compensation and War-Hazard Insurance Overseas.
52.228-5	Insurance-Work on a Government Installation.
52.228-6	[Reserved]
52.228-7	Insurance-Liability to Third Persons.
52.228-8	Liability and Insurance-Leased Motor Vehicles.
52.228-9	Cargo Insurance.
52.228-10	Vehicular and General Public Liability Insurance.
52.228-11	Individual Surety—Pledge of Assets.
52.228-12	Prospective Subcontractor Requests for Bonds.
52.228-13	Alternative Payment Protections.
52.228-14	Irrevocable Letter of Credit.
52.228-15	Performance and Payment Bonds-Construction.
52.228-16	Performance and Payment Bonds-Other Than Construction.
52.228-17	Individual Surety—Pledge of Assets (Bid Guarantee).
52.229	[Reserved]
52.229-1	State and Local Taxes.
52.229-2	North Carolina State and Local Sales and Use Tax.
52.229-3	Federal, State, and Local Taxes.
52.229-4	Federal, State, and Local Taxes (State and Local Adjustments).
52.229-5	[Reserved]
52.229-6	Taxes-Foreign Fixed-Price Contracts.
52.229-7	Taxes-Fixed-Price Contracts with Foreign Governments.
52.229-8	Taxes-Foreign Cost-Reimbursement Contracts.
52.229-9	Taxes-Cost-Reimbursement Contracts with Foreign Governments.
52.229-10	State of New Mexico Gross Receipts and Compensating Tax.
52.229-11	Tax on Certain Foreign Procurements—Notice and Representation.
52.229-12	Tax on Certain Foreign Procurements.
52.229-13	[Reserved]
52.229-14	[Reserved]
52.230	[Reserved]
52.230-1	Cost Accounting Standards Notices and Certification.
52.230-2	Cost Accounting Standards.
52.230-3	Disclosure and Consistency of Cost Accounting Practices.
52.230-4	Disclosure and Consistency of Cost Accounting Practices-Foreign Concerns.
52.230-5	Cost Accounting Standards-Educational Institution.
52.230-6	Administration of Cost Accounting Standards.
52.230-7	Proposal Disclosure-Cost Accounting Practice Changes.
52.231	[Reserved]
52.232	[Reserved]
52.232-1	Payments.
52.232-2	Payments under Fixed-Price Research and Development Contracts.
52.232-3	Payments under Personal Services Contracts.
52.232-4	Payments under Transportation Contracts and Transportation-Related Services Contracts.
52.232-5	Payments under Fixed-Price Construction Contracts.
52.232-6	Payment under Communication Service Contracts with Common Carriers.
52.232-7	Payments under Time-and-Materials and Labor-Hour Contracts.
52.232-8	Discounts for Prompt Payment.
52.232-9	Limitation on Withholding of Payments.
52.232-10	Payments under Fixed-Price Architect-Engineer Contracts.
52.232-11	Extras.
52.232-12	Advance Payments.
52.232-13	Notice of Progress Payments.

52.232-14 Notice of Availability of Progress Payments Exclusively for Small Business Concerns.
52.232-15 Progress Payments Not Included.
52.232-16 Progress Payments.
52.232-17 Interest.
52.232-18 Availability of Funds.
52.232-19 Availability of Funds for the Next Fiscal Year.
52.232-20 Limitation of Cost.
52.232-21 [Reserved]
52.232-22 Limitation of Funds.
52.232-23 Assignment of Claims.
52.232-24 Prohibition of Assignment of Claims.
52.232-25 Prompt Payment.
52.232-26 Prompt Payment for Fixed-Price Architect-Engineer Contracts.
52.232-27 Prompt Payment for Construction Contracts.
52.232-28 Invitation to Propose Performance-Based Payments.
52.232-29 Terms for Financing of Purchases of Commercial Products and Commercial Services.
52.232-30 Installment Payments for Commercial Products and Commercial Services.
52.232-31 Invitation to Propose Financing Terms.
52.232-32 Performance-Based Payments.
52.232-33 Payment by Electronic Funds Transfer-System for Award Management.
52.232-34 Payment by Electronic Funds Transfer-Other than System for Award Management.
52.232-35 Designation of Office for Government Receipt of Electronic Funds Transfer Information.
52.232-36 Payment by Third Party.
52.232-37 Multiple Payment Arrangements.
52.232-38 Submission of Electronic Funds Transfer Information with Offer.
52.232-39 Unenforceability of Unauthorized Obligations.
52.232-40 Providing Accelerated Payments to Small Business Subcontractors.
52.232-90 Fast Payment Procedure.
52.233 [Reserved]
52.233-1 Disputes.
52.233-2 Service of Protest.
52.233-3 Protest after Award.
52.233-4 Applicable Law for Breach of Contract Claim.
52.234 [Reserved]
52.234-1 Industrial Resources Developed Under Title III of the Defense Production Act.
52.234-2 [Reserved]
52.234-3 [Reserved]
52.234-4 Earned Value Management System.
52.235 [Reserved]
52.236 [Reserved]
52.236-1 [Reserved]
52.236-2 Differing Site Conditions.
52.236-3 Site Investigation and Conditions Affecting the Work.
52.236-4 [Reserved]
52.236-5 Material and Workmanship.
52.236-6 Superintendence by the Contractor.
52.236-7 Permits and Responsibilities.
52.236-8 Other Contracts.
52.236-9 Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements.
52.236-10 Operations and Storage Areas.
52.236-11 Use and Possession Prior to Completion.
52.236-12 Cleaning Up.
52.236-13 Accident Prevention.
52.236-14 Availability and Use of Utility Services.
52.236-15 Schedules for Construction Contracts.
52.236-16 Quantity Surveys.
52.236-17 Layout of Work.
52.236-18 Work Oversight in Cost-Reimbursement Construction Contracts.
52.236-19 [Reserved]
52.236-20 [Reserved]
52.236-21 Specifications and Drawings for Construction.
52.236-22 Design Within Funding Limitations.
52.236-23 Responsibility of the Architect-Engineer Contractor.
52.236-24 Work Oversight in Architect-Engineer Contracts.
52.236-25 Requirements for Registration of Designers.
52.236-26 [Reserved]
52.236-27 [Reserved]
52.236-28 [Reserved]
52.237 [Reserved]
52.237-1 Site Visit.
52.237-2 Protection of Government Buildings, Equipment, and Vegetation.
52.237-3 Continuity of Services.
52.237-4 Payment by Government to Contractor.
52.237-5 Payment by Contractor to Government.
52.237-6 Incremental Payment by Contractor to Government.
52.237-7 Indemnification and Medical Liability Insurance.
52.237-8 Restriction on Severance Payments to Foreign Nationals.
52.237-9 Waiver of Limitation on Severance Payments to Foreign Nationals.
52.237-10 Identification of Uncompensated Overtime.
52.238 [Reserved]
52.239 [Reserved]
52.239-1 [Reserved]
52.240 [Reserved]
52.240-1 [Reserved]
52.240-90 Security Prohibitions and Exclusions Representations and Certifications.
52.240-91 Security Prohibitions and Exclusions.

52.247-10 Net Weight-General Freight.
52.247-11 Net Weight-Household Goods or Office Furniture.
52.247-12 [Reserved]
52.247-13 Accessorial Services-Moving Contracts.
52.247-14 [Reserved]
52.247-15 Contractor Responsibility for Loading and Unloading.
52.247-16 [Reserved]
52.247-17 Charges.
52.247-18 Multiple Shipments.
52.247-19 Stopping in Transit for Partial Unloading.
52.247-20 [Reserved]
52.247-21 Contractor Liability for Personal Injury and/ or Property Damage.
52.247-22 Contractor Liability for Loss of and/or Damage to Freight other than Household Goods.
52.247-23 Contractor Liability for Loss of and/or Damage to Household Goods.
52.247-24 [Reserved]
52.247-25 [Reserved]
52.247-26 [Reserved]
52.247-27 [Reserved]
52.247-28 [Reserved]
52.247-29 F.o.b. Origin.
52.247-30 F.o.b. Origin, Contractor's Facility.
52.247-31 F.o.b. Origin, Freight Allowed.
52.247-32 F.o.b. Origin, Freight Prepaid.
52.247-33 F.o.b. Origin, with Differentials.
52.247-34 F.o.b. Destination.
52.247-35 F.o.b. Destination, Within Consignee's Premises.
52.247-36 F.a.s. Vessel, Port of Shipment.
52.247-37 F.o.b. Vessel, Port of Shipment.
52.247-38 F.o.b. Inland Carrier, Point of Exportation.
52.247-39 F.o.b. Inland Point, Country of Importation.
52.247-40 [Reserved]
52.247-41 [Reserved]

52.250-2 SAFETY Act Coverage Not Applicable.
52.250-3 SAFETY Act Block Designation/ Certification.
52.250-4 SAFETY Act Pre-qualification Designation Notice.
52.250-5 SAFETY Act-Equitable Adjustment.
52.251 [Reserved]
52.251-1 [Reserved]
52.251-2 [Reserved]
52.252 [Reserved]

Subpart 52.3 - Provision and Clause Matrix

52.000 Scope of part.

This part-

(a) Gives instructions for using provisions and clauses in solicitations and/or contracts;

(b) Sets forth the solicitation provisions and contract clauses prescribed by this regulation; and

(c) Presents a matrix listing the FAR provisions and clauses applicable to each principal contract type and/or purpose (*e.g.,* fixed-price supply, cost-reimbursement research and development).

Subpart 52.1 - Instructions for Using Provisions and Clauses

52.100 Scope of subpart.

This subpart-

(a) Gives instructions for using part 52, including the explanation and use of provision and clause numbers, prescriptions, prefaces, and the matrix;

(b) Prescribes procedures for incorporating, identifying, and modifying provisions and clauses in solicitations and contracts, and for using alternates; and

(c) Describes the derivation of FAR provisions and clauses.

52.101 Using Part 52.

(a) *Definition*. "Modification," as used in this subpart, means a minor change in the details of a provision or clause that is specifically authorized by the FAR and does not alter the substance of the provision or clause (see 52.104).

(b) *Numbering—* (1) *FAR provisions and clauses*. subpart 52.2 sets forth the text of all FAR provisions and clauses, each in its own separate subsection. The subpart is arranged by subject matter, in the same order as, and keyed to, the parts of the FAR. Each FAR provision or clause is uniquely identified. All FAR provision and clause numbers begin with "52.2," since the text of all FAR provisions and clauses appear in subpart 52.2. The next two digits of the provision or clause number correspond to the number of the FAR subject part in which the provision or clause is prescribed. The FAR provision or clause number is then completed by a hyphen and a sequential number assigned within each section of subpart 52.2. The following example illustrates the makeup of the FAR provision or clause number (see Figure 1 below).

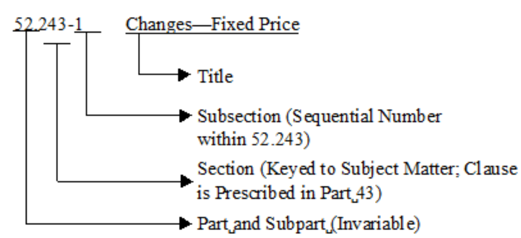

Figure 1

(2) *Provisions or clauses that supplement the FAR*. (i) Provisions or clauses that supplement the FAR are-

(A) Prescribed and included in authorized agency acquisition regulations issued within an agency to satisfy the specific needs of the agency as a whole;

(B) Prescribed and included in a regulation issued by a suborganization of an agency to satisfy the needs of that particular suborganization; or

(C) Developed for use at a suborganizational level of an agency, not meant for repetitive use, but intended to meet the needs of an individual acquisition and, thus, impractical to include in either an agency or suborganization acquisition regulation. (See 1.301(c).)

(ii) Supplemental provisions or clauses published in agency acquisition regulations shall be in full text and the prescription for the use of each shall be included. Supplemental provisions or clauses published in agency acquisition regulations shall be numbered in the same manner in which FAR provisions and clauses are numbered except that-

(A) If it is included in an agency acquisition regulation that is published in the *Federal Register* and is codified in Title 48, *Code of Federal Regulations* (48 CFR), the number shall be preceded by the chapter number within 48 CFR assigned by the CFR staff; and

(B) The sequential number shall be "70" or a higher number (see 1.303).

(iii) The sequential number at the end of the number of a provision or clause that supplements the FAR, like its counterpart at the end of any FAR provision or clause number, indicates the subsection location of the provision or clause in subpart 52.2 of the agency acquisition regulation that contains its full text. If, for example, an agency acquisition regulation contains only one provision followed by only one clause supplementing the FAR in its section 52.236 (Construction and Architect-Engineer Contracts), then the sequential numbers would be "70" for the provision and "71" for the clause.

(c) *Prescriptions*. Each provision or clause in subpart 52.2 is prescribed at that place in the FAR text where the subject matter of the provision or clause receives its primary treatment. The prescription includes all conditions, requirements, and instructions for using the provision or clause and its alternates, if any. The provision or clause may be referred to in other FAR locations.

(d) *Introductory text.* Within subpart 52.2, the introductory text of each provision or clause includes a cross-reference to the location in the FAR subject text that prescribes its use.

(e) Matrix. (1) The matrix in subpart 52.3 contains a column for each principal type and/or purpose of contract (*e.g.,* fixed-price supply, cost reimbursement research and development). The matrix lists the-

(i) Required solicitation provisions;

(ii) Required-when-applicable solicitation provisions;

(iii) Optional solicitation provisions;

(iv) Required contract clauses;

(v) Required-when-applicable contract clauses; and

(vi) Optional contract clauses.

(2) For each provision or clause listed, the matrix provides information on-

(i) Whether incorporation by reference is or is not authorized (see 52.102);

(ii) The section of the Uniform Contract Format (UCF) in which it is to be located, if it is used in an acquisition that is subject to the UCF;

(iii) Its number;

(iv) The citation of the FAR text that prescribes its use; and

(v) Its title.

(3) Since the matrix does not provide sufficient information to determine the applicability of a provision or clause in the "required-when-applicable" and "optional" categories, contracting officers shall refer to the FAR text (cited in the matrix) that prescribes its use.

(4) The FAR matrix may be reproduced at agency levels, and at subordinate levels, for the purpose of supplementing it with agency-developed provisions and clauses. The resulting consolidated matrices may be included in agency acquisition regulations.

(f) *Dates*. Since they are subject to revision from time to time, all provisions, clauses, and alternates are dated; *e.g.,*(*Dec* 1983). To avoid questions concerning which version of any provision, clause, or alternate is operative in any given solicitation or contract, its date shall be included whether it is incorporated by reference or in full text.

52.102 Incorporating provisions and clauses.

(a) Provisions and clauses should be incorporated by reference to the maximum practical extent, rather than being incorporated in full text, even if they-

(1) Are used with one or more alternates or on an optional basis;

(2) Are prescribed on a "substantially as follows" or "substantially the same as" basis, provided they are used verbatim;

(3) Require modification or the insertion by the Government of fill-in material (see 52.104); or

(4) Require completion by the offeror or prospective contractor. This instruction also applies to provisions completed as annual representations and certifications.

(b) Except for provisions and clauses prescribed in 52.107, any provision or clause that can be accessed electronically by the offeror or prospective contractor may be incorporated by reference in solicitations and/or contracts. However, the contracting officer, upon request, shall provide the full text of any provision or clause incorporated by reference.

(c) Agency approved provisions and clauses prescribed in agency acquisition regulations, and provisions and clauses not authorized by subpart 52.3 to be incorporated by reference, need not be incorporated in full text, provided the contracting officer includes in the solicitation and contract a statement that-

(1) Identifies all provisions and clauses that require completion by the offeror or prospective contractor;

(2) Specifies that the provisions and clauses must be completed by the offeror or prospective contractor and must be submitted with the quotation or offer; and

(3) Identifies to the offeror or prospective contractor at least one electronic address where the full text may be accessed.

(d) An agency may develop a group listing of provisions and clauses that apply to a specific category of contracts. An agency group listing may be incorporated by reference in solicitations and/or contracts in lieu of citing the provisions and clauses individually, provided the group listing is made available electronically to offerors and prospective contractors.

(e) A provision or clause that is not available electronically to offerors and prospective contractors shall be incorporated in solicitations and/or contracts in full text if it is-

(1) A FAR provision or clause that otherwise is not authorized to be incorporated by reference (see sub part 52.3); or

(2) A provision or clause prescribed for use in an agency acquisition regulation.

(f) Provisions or clauses may not be incorporated by reference by being listed in the-

(1) Provision at 52.252-3, Alterations in Solicitations; or

(2) Clause at 52.252-4, Alterations in Contract.

52.103 Identification of provisions and clauses.

(a) Whenever any FAR provision or clause is used without deviation in a solicitation or contract, whether it is incorporated by reference or in full text, it shall be identified by number, title, and date. This identification shall also be used if the FAR provision or clause is used with an authorized deviation, except that the contracting officer shall then insert "(DEVIATION)" after the date. Solicited firms and contractors will be advised of the meaning of this insertion through the use of the (1) provision at 52.252-5, Authorized Deviations in Provisions, or (2) clause at 52.252-6, Authorized Deviations in Clauses. The above mentioned provision and clause are prescribed in 52.107(e) and (f).

(b) Any provision or clause that supplements the FAR whether it is incorporated by reference or in full text shall be clearly identified by number, title, date, and name of the regulation. When a supplemental provision or clause is used with an authorized deviation, insert "(DEVIATION)" after the name of the regulation.

(c) A provision or clause of the type described in 52.101(b)(2)(i)(C) shall be identified by the title, date, and the name of the agency or suborganization within the agency that developed it.

(d) Except for provisions or clauses covered by 52.103(c), the following hypothetical examples illustrate how a provision or clause that supplements the FAR shall be identified when it is incorporated in solicitations and/or contracts by reference or in full text:

(1) If part 14 (Sealed Bidding) of the X Agency Acquisition Regulation, published in the *Federal Register* and codified as Chapter 99 in 48 CFR, prescribes the use of a provision entitled "Bid Envelopes," dated October 1983, and that provision is sequentially the first provision or clause appearing in Section 52.214 of the X Agency Acquisition Regulation, then the identification of that provision shall be "9952.214-70-Bid Envelopes (OCT 1983)."

(2) Assume that Y, a major organizational element of the X Agency, is authorized to issue the Y Acquisition Regulation, which is not published in the *Federal Register* and codified in 48 CFR. If part 36 (Construction and Architect-Engineer Contracts) of the Y Acquisition Regulation prescribes the use of a clause entitled "Refrigerated Display Cases," dated March 1983, pertaining to a specialized type of construction work, and that clause is sequentially the second provision or clause appearing in Section 52.236 of the Y Acquisition Regulation, then the identification of that clause shall be "52.236-71-Refrigerated Display Cases (MAR 1983)-Y Acquisition Regulation."

52.104 Procedures for modifying and completing provisions and clauses.

(a) The contracting officer must not modify provisions and clauses unless the FAR authorizes their modification. For example-

(1) "The contracting officer may use a period shorter than 60 days (but not less than 30 days) in paragraph (x) of the clause"; or

(2) "The contracting officer may substitute the words 'task order' for the word 'Schedule' wherever that word appears in the clause."

(b) When modifying provisions or clauses incorporated by reference, insert the changed wording directly below the title of the provision or clause identifying to the lowest level necessary (*e.g.,* paragraph, sentence, word), to clearly indicate what is being modified.

(c) When modifying provisions or clauses incorporated in full text, modify the language directly by substituting the changed wording as permitted.

(d) When completing blanks in provisions or clauses incorporated by reference, insert the fill-in information directly below the title of the provision or clause identifying to the lowest level necessary to clearly indicate the blanks being filled in.

(e) When completing blanks in provisions or clauses incorporated in full text, insert the fill-in information in the blanks of the provision or clause.

52.105 Procedures for using alternates.

(a) The FAR accommodates a major variation in a provision or clause by use of an alternate. The FAR prescribes alternates to a given provision or clause in the FAR subject text where the provision or clause is prescribed. The alternates to each provision or clause are titled "Alternate I," "Alternate II," "Alternate III," etc.

(b) When an alternate is used, its date shall be cited along with the date of the basic provision or clause; *e.g.,* 52.209-3 First Article Approval-Contractor Testing (OCT 1983)-Alternate I (DEC 1983).

(c) Under certain circumstances, a provision or clause may be used with two or more alternates. In these circumstances, each of the applicable alternates shall be cited, whether incorporated by reference or in full text; *e.g.,* 52.209-3 First Article Approval-Contractor Testing (OCT 1983)-Alternate I (DEC 1983) and Alternate II (FEB 1984). However, under no circumstances may an alternate to a specific provision or clause be applied to any other provision or clause.

52.106 [Reserved]

52.107 Provisions and clauses prescribed in subpart 52.1.

(a) The contracting officer shall insert the provision at 52.252-1, Solicitation Provisions Incorporated by Reference, in solicitations in order to incorporate provisions by reference.

(b) The contracting officer shall insert the clause at 52.252-2, Clauses Incorporated by Reference, in solicitations and contracts in order to incorporate clauses by reference.

(c) The contracting officer shall insert the provision at 52.252-3, Alterations in Solicitation, in solicitations in order to revise or supplement, as necessary, other parts of the solicitation that apply to the solicitation phase only, except for any provision authorized for use with a deviation.

(d) The contracting officer shall insert the clause at 52.252-4, Alterations in Contract, in solicitations and contracts in order to revise or supplement, as necessary, other parts of the contract, or parts of the solicitations that apply to the contract phase, except for any clause authorized for use with a deviation.

(e) The contracting officer shall insert the provision at 52.252-5, Authorized Deviations in Provisions, in solicitations that include any FAR or supplemental provision with an authorized deviation. Whenever any FAR or supplemental provision is used with an authorized deviation, the contracting officer shall identify it by the same number, title, and date assigned to the provision when it is used without deviation, include regulation name for any supplemental provision, except that the contracting officer shall insert "(DEVIATION)" after the date of the provision.

(f) The contracting officer shall insert the clause at 52.252-6, Authorized Deviations in Clauses, in solicitations and contracts that include any FAR or supplemental clause with an authorized deviation. Whenever any FAR or supplemental clause is used with an authorized deviation, the contracting officer shall identify it by the same number, title, and date assigned to the clause when it is used without deviation, include regulation name for any supplemental clause, except that the contracting officer shall insert "(DEVIATION)" after the date of the clause.

Subpart 52.2 - Text of Provisions and Clauses

52.200 Scope of subpart.

This subpart sets forth the text of all FAR provisions and clauses (see 52.101(b)(1)) and gives a cross-reference to the location in the FAR that prescribes the provision or clause.

52.201 [Reserved]

52.201-1 [Reserved]

(DEVIATION DATE)

This page intentionally left blank.

52.202 [Reserved]

52.202-1 Definitions.

As prescribed in 2.201, insert the following clause:

DEFINITIONS (JUN 2020)

When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless-

(a) The solicitation, or amended solicitation, provides a different definition;

(b) The contracting parties agree to a different definition;

(c) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning;

(d) The word or term is defined in FAR part 31, for use in the cost principles and procedures; or

(e) The word or term defines an acquisition-related threshold, and if the threshold is adjusted for inflation as set forth in FAR 1.108, then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment; see FAR 1.108.

(End of clause)

This page intentionally left blank.

52.203 [Reserved]

52.203-1 [Reserved]

52.203-2 Certificate of Independent Price Determination.

As prescribed in 3.103-1 , insert the following provision. If the solicitation is a Request for Quotations, the terms "Quotation" and "Quoter" may be substituted for "Offer" and "Offeror."

CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)

(a) The offeror certifies that-

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to-

(i) Those prices;

(ii) The intention to submit an offer; or

(iii) The methods or factors used to calculate the prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory-

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; or

(2) (i) Has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision ____________ *[insert full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization]*;

(ii) As an authorized agent, does certify that the principals named in subdivision (b)(2)(i) of this provision have not participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; and

(iii) As an agent, has not personally participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision.

(c) If the offeror deletes or modifies subparagraph (a)(2) above, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

(End of provision)

52.203-3 Gratuities.

As prescribed in 3.202 , insert the following clause:

GRATUITIES (APR 1984)

(a) The right of the Contractor to proceed may be terminated by written notice if, after notice and hearing, the agency head or a designee determines that the Contractor, its agent, or another representative-

(1) Offered or gave a gratuity (*e.g.,* an entertainment or gift) to an officer, official, or employee of the Government; and

(2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.

(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.

(c) If this contract is terminated under paragraph (a) of this clause, the Government is entitled-

(1) To pursue the same remedies as in a breach of the contract; and

(2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a designee. (This paragraph (c)(2) is applicable only if this contract uses money appropriated to the Department of Defense.)

(d) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

52.203-4 [Reserved]

52.203-5 Covenant Against Contingent Fees.

As prescribed in 3.404 , insert the following clause:

COVENANT AGAINST CONTINGENT FEES (MAY 2014)

(a) The Contractor warrants that no person or agency has been employed or retained to solicit or obtain this contract upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or, to deduct from the contract price or consideration, or otherwise recover, the full amount of the contingent fee.

(b) *Bona fide agency*, as used in this clause, means an established commercial or selling agency, maintained by a contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

Bona fide employee, as used in this clause, means a person, employed by a contractor and subject to the contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

Contingent fee, as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

Improper influence, as used in this clause, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

(End of clause)

52.203-6 Restrictions on Subcontractor Sales to the Government.

As prescribed in 3.503-2 , insert the following clause:

RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT (JUN 2020)

(a) Except as provided in (b) of this clause, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation.

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract which exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award.

(End of clause)

Alternate I (NOV 2021). As prescribed in 3.503-2 , substitute the following paragraph in place of paragraph (b) of the basic clause:

(b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial products or commercial services, the prohibition in paragraph

(a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial product(s) and commercial service(s).

52.203-7 Anti-Kickback Procedures.

As prescribed in 3.502-3 , insert the following clause:

ANTI-KICKBACK PROCEDURES (JUN 2020)

(a) *Definitions*.

Kickback, as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided to any prime Contractor, prime Contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract.

Person, as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

Prime contract, as used in this clause, means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

Prime Contractor, as used in this clause, means a person who has entered into a prime contract with the United States.

Prime Contractor employee, as used in this clause, means any officer, partner, employee, or agent of a prime Contractor.

Subcontract, as used in this clause, means a contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

Subcontractor, as used in this clause, (1) means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract, and (2) includes any person who offers to furnish or furnishes general supplies to the prime Contractor or a higher tier subcontractor.

Subcontractor employee, as used in this clause, means any officer, partner, employee, or agent of a subcontractor.

(b) 41 U.S.C. chapter 87, Kickbacks, prohibits any person from-

(1) Providing or attempting to provide or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

(c) (1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Attorney General.

(3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States under the prime contract and/or (ii) direct that the Prime Contractor withhold from sums owed a subcontractor under the prime contract the amount of the kickback. The Contracting Officer may order the monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c)(5) but excepting paragraph (c)(1) of this clause, in all subcontracts under this contract that exceed the threshold specified in Federal Acquisition Regulation 3.502-2(i) on the date of subcontract award.

(End of clause)

52.203-8 Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity.

As prescribed in 3.104-9(a), insert the following clause:

CANCELLATION, RESCISSION, AND RECOVERY OF FUNDS FOR ILLEGAL OR IMPROPER ACTIVITY (MAY 2014)

(a) If the Government receives information that a contractor or a person has violated 41 U.S.C. 2102-2104, Restrictions on Obtaining and Disclosing Certain Information, the Government may-

(1) Cancel the solicitation, if the contract has not yet been awarded or issued; or

(2) Rescind the contract with respect to which-

(i) The Contractor or someone acting for the Contractor has been convicted for an offense where the conduct violates 41 U.S.C.2102 for the purpose of either-

(A) Exchanging the information covered by such subsections for anything of value; or

(B) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; or

(ii) The head of the contracting activity has determined, based upon a preponderance of the evidence, that the Contractor or someone acting for the Contractor has engaged in conduct punishable under 41 U.S.C. 2105(a).

(b) If the Government rescinds the contract under paragraph (a) of this clause, the Government is entitled to recover, in addition to any penalty prescribed by law, the amount expended under the contract.

(c) The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law, regulation, or under this contract.

(End of clause)

52.203-9 [Reserved]

52.203-10 Price or Fee Adjustment for Illegal or Improper Activity.

As prescribed in 3.104-9(b), insert the following clause:

PRICE OR FEE ADJUSTMENT FOR ILLEGAL OR IMPROPER ACTIVITY (MAY 2014)

(a) The Government, at its election, may reduce the price of a fixed-price type contract and the total cost and fee under a cost-type contract by the amount of profit or fee determined as set forth in paragraph (b) of this clause if the head of the contracting activity or designee determines that there was a violation of 41 U.S.C.2102 or 2103, as implemented in section 3.104 of the Federal Acquisition Regulation.

(b) The price or fee reduction referred to in paragraph (a) of this clause shall be-

(1) For cost-plus-fixed-fee contracts, the amount of the fee specified in the contract at the time of award;

(2) For cost-plus-incentive-fee contracts, the target fee specified in the contract at the time of award, notwithstanding any minimum fee or "fee floor" specified in the contract;

(3) For cost-plus-award-fee contracts-

(i) The base fee established in the contract at the time of contract award;

(ii) If no base fee is specified in the contract, 30 percent of the amount of each award fee otherwise payable to the Contractor for each award fee evaluation period or at each award fee determination point.

(4) For fixed-price-incentive contracts, the Government may-

(i) Reduce the contract target price and contract target profit both by an amount equal to the initial target profit specified in the contract at the time of contract award; or

(ii) If an immediate adjustment to the contract target price and contract target profit would have a significant adverse impact on the incentive price revision relationship under the contract, or adversely affect the contract financing provisions, the Contracting Officer may defer such adjustment until establishment of the total final price of the contract. The total final price established in accordance with the incentive price revision provisions of the contract shall be reduced by an amount equal to the initial target profit specified in the contract at the time of contract award and such reduced price shall be the total final contract price.

(5) For firm-fixed-price contracts, by 10 percent of the initial contract price or a profit amount determined by the Contracting Officer from records or documents in existence prior to the date of the contract award.

(c) The Government may, at its election, reduce a prime contractor's price or fee in accordance with the procedures of paragraph (b) of this clause for violations of the statute by its subcontractors by an amount not to exceed the amount of profit or fee reflected in the subcontract at the time the subcontract was first definitively priced.

(d) In addition to the remedies in paragraphs (a) and (c) of this clause, the Government may terminate this contract for default. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

52.203-11 Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions.

As prescribed in 3.808(a), insert the following provision:

CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (SEP 2024)

(a) *Definitions.* As used in this provision-"Lobbying contact" has the meaning provided at 2 U.S.C. 1602(8). The terms "agency," "influencing or attempting to influence," "officer or employee of an agency," "person," "reasonable compensation," and "regularly employed" are defined in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12).

(b) *Prohibition*. The prohibition and exceptions contained in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12) are hereby incorporated by reference in this provision.

(c) *Certification*. The offeror, by signing its offer, hereby certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on its behalf in connection with the awarding of this contract.

(d) *Disclosure*. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the offeror with respect to this contract, the offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. The offeror need not report regularly employed officers or employees of the offeror to whom payments of reasonable compensation were made.

(e) *Penalties*. Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by 31 U.S.C. 1352. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure required to be filed or amended by this provision, shall be subject to civil penalties as provided in 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(End of provision)

52.203-12 Limitation on Payments to Influence Certain Federal Transactions.

As prescribed in 3.808(b), insert the following clause:

LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (JUN 2020)

(a) *Definitions*. As used in this clause-

Agency means "*executive agency*" as defined in Federal Acquisition Regulation (FAR) 2.101.

Covered Federal action means any of the following actions:

(1) Awarding any Federal contract.

(2) Making any Federal grant.

(3) Making any Federal loan.

(4) Entering into any cooperative agreement.

(5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

Indian tribe and "tribal organization" have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b) and include Alaskan Natives.

Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

Officer or employee of an agency includes the following individuals who are employed by an agency:

(1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.

(2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.

(3) A special Government employee, as defined in section 202, Title 18, United States Code.

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, United States Code, appendix 2.

Person means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and are permitted by other Federal law.

Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

Recipient includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and *are* permitted by other Federal law.

Regularly employed means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

State means a State of the United States, the District of Columbia, or an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) *Prohibition*. 31 U.S.C. 1352 prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal actions. In accordance with 31 U.S.C. 1352, the Contractor shall not use appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the award of this contractor the extension, continuation, renewal, amendment, or modification of this contract.

(1) The term *appropriated funds* does not include profit or fee from a covered Federal action.

(2) To the extent the Contractor can demonstrate that the Contractor has sufficient monies, other than Federal appropriated funds, the Government will assume that these other monies were spent for any influencing activities that would be unallowable if paid for with Federal appropriated funds.

(c) *Exceptions*. The prohibition in paragraph (b) of this clause does not apply under the following conditions:

(1) *Agency and legislative liaison by Contractor employees*. (i) Payment of reasonable compensation made to an officer or employee of the Contractor if the payment is for agency and legislative liaison activities not directly related to this contract. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is permitted at any time.

(ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern-

(A) The qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities; or

(B) The application or adaptation of the person's products or services for an agency's use.

(iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(v) Making capability presentations prior to formal solicitation of any covered Federal action by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(2) *Professional and technical services*. (i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(iii) As used in paragraph (c)(2) of this clause, "professional and technical services" are limited to advice and analysis directly applying any professional or technical discipline (for examples, see FAR 3.803(a)(2)(iii)).

(iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted.

(d) *Disclosure*. (1) If the Contractor did not submit OMB Standard Form LLL, Disclosure of Lobbying Activities, with its offer, but registrants under the Lobbying Disclosure Act of 1995 have subsequently made a lobbying contact on behalf of the Contractor with respect to this contract, the Contractor shall complete and submit OMB Standard Form LLL to provide the name of the lobbying registrants, including the individuals performing the services.

(2) If the Contractor did submit OMB Standard Form LLL disclosure pursuant to paragraph (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, and a change occurs that affects Block 10 of the OMB Standard Form LLL (name and address of lobbying registrant or individuals performing services), the Contractor shall, at the end of the calendar quarter in which the change occurs, submit to the Contracting Officer within 30 days an updated disclosure using OMB Standard Form LLL.

(e) *Penalties*. (1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or who fails to file or amend the disclosure to be filed or amended by paragraph (d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(f) *Cost allowability*. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(g) *Subcontracts*. (1) The Contractor shall obtain a declaration, including the certification and disclosure in paragraphs (c) and (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract under this contract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award. The Contractor or subcontractor that awards the subcontract shall retain the declaration.

(2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

(3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award.

(End of clause)

52.203-13 Contractor Code of Business Ethics and Conduct.

As prescribed in 3.1004(a), insert the following clause:

CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (NOV 2021)

(a) *Definitions. As used in this clause*—

Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

Full cooperation-

(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require-

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from-

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

United States, means the 50 States, the District of Columbia, and outlying areas.

(b) *Code of business ethics and conduct.* (1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall—

(i) Have a written code of business ethics and conduct;

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall-

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3) (i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed-

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked "confidential" or "proprietary" by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the

Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial product or commercial service as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall—

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including-

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) *Subcontracts*. (1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(End of clause)

52.203-14 Display of Hotline Poster(s).

As prescribed in 3.1004(b), insert the following clause:

DISPLAY OF HOTLINE POSTER(S) (NOV 2021)

(a) *Definition.*

United States, as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) *Display of fraud hotline poster(s).* Except as provided in paragraph (c)—

(1) During contract performance in the United States, the Contractor shall prominently display in common work areas within business segments performing work under this contract and at contract work sites-

(i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and

(ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.

(2) Additionally, if the Contractor maintains a company website as a method of providing information to employees, the Contractor shall display an electronic version of the poster(s) at the website.

(3) Any required posters may be obtained as follows:

Poster(s)	***Obtain from***
______________	_________________
______________	_________________

(*Contracting Officer shall insert—*

(i) Appropriate agency name(s) and/or title of applicable Department of Homeland Security fraud hotline poster); and

(ii) The website(s) or other contact information for obtaining the poster(s).)

(c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism, such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of this clause, other than any required DHS posters.

(d) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (d), in all subcontracts that exceed the threshold specified in Federal Acquisition Regulation 3.1004(b)(1) on the date of subcontract award, except when the subcontract—

(1) Is for the acquisition of a commercial product or commercial service; or

(2) Is performed entirely outside the United States.

(End of clause)

52.203-15 [Reserved]

(DEVIATION DATE)

52.203-16 Preventing Personal Conflicts of Interest.

As prescribed in 3.1106 , insert the following clause:

PREVENTING PERSONAL CONFLICTS OF INTEREST (JUN 2020)

(a) *Definitions*. As used in this clause—

Acquisition function closely associated with inherently governmental functions means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

(1) Planning acquisitions.

(2) Determining what supplies or services are to be acquired by the Government, including developing statements of work.

(3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria.

(4) Evaluating contract proposals.

(5) Awarding Government contracts.

(6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).

(7) Terminating contracts.

(8) Determining whether contract costs are reasonable, allocable, and allowable.

Covered employee means an individual who performs an acquisition function closely associated with inherently governmental functions and is—

(1) An employee of the contractor; or

(2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is no employer to whom such an individual could submit the required disclosures.

Non-public information means any Government or third-party information that-

(1) Is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) or otherwise protected from disclosure by statute, Executive order, or regulation; or

(2) Has not been disseminated to the general public and the Government has not yet determined whether the information can or will be made available to the public.

Personal conflict of interest means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when performing under the contract. (A de minimis interest that would not "impair the employee's ability to act impartially and in the best interest of the Government" is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are-

(i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;

(ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and

(iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from-

(i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;

(ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);

(iii) Services provided in exchange for honorariums or travel expense reimbursements;

(iv) Research funding or other forms of research support;

(v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);

(vi) Real estate investments;

(vii) Patents, copyrights, and other intellectual property interests; or

(viii) Business ownership and investment interests.

(b) *Requirements*. The Contractor shall—

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest, by-

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee—

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation-

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause; and

(6) Report to the Contracting Officer any personal conflict-of-interest violation by a covered employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include-

(i) Failure by a covered employee to disclose a personal conflict of interest;

(ii) Use by a covered employee of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Failure of a covered employee to comply with the terms of a non-disclosure agreement.

(c) Mitigation or waiver. (1) In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of this clause, the Contractor may submit a request through the Contracting Officer to the Head of the Contracting Activity for-

(i) Agreement to a plan to mitigate the personal conflict of interest; or

(ii) A waiver of the requirement.

(2) The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

(3) The Contractor shall-

(i) Comply, and require compliance by the covered employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or

(ii) Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

(d) *Subcontract*s. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts—

(1) That exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award; and

(2) In which subcontractor employees will perform acquisition functions closely associated with inherently governmental functions (*i.e.*, instead of performance only by a self-employed individual).

(End of clause)

52.203-17 Contractor Employee Whistleblower Rights.

As prescribed in 3.906 , insert the following clause:

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS (NOV 2023)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies established at 41 U.S.C. 4712 and Federal Acquisition Regulation (FAR) 3.900 through 3.905.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in FAR 3.900 through 3.905.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts.

(End of clause)

52.203-18 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation.

As prescribed in 3.909-3(a), insert the following provision:

PROHIBITION ON CONTRACTING WITH ENTITIES THAT REQUIRE CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS-REPRESENTATION (JAN 2017)

(a) *Definition*. As used in this provision-

Internal confidentiality agreement or statement, subcontract, and subcontractor , are defined in the clause at 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements.

(b) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions), Government agencies are not permitted to use funds appropriated (or otherwise made available) for contracts with an entity that requires employees or subcontractors of such entity seeking to report waste, fraud, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(c) The prohibition in paragraph (b) of this provision does not contravene requirements applicable to Standard Form 312, (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(d) *Representation*. By submission of its offer, the Offeror represents that it will not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (e.g., agency Office of the Inspector General).

(End of provision)

52.203-19 Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements.

As prescribed in 3.909-3(b), insert the following clause:

PROHIBITION ON REQUIRING CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS (JAN 2017)

(a) *Definitions*. As used in this clause-

Internal confidentiality agreement or statement means a confidentiality agreement or any other written statement that the contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information, except that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor employees or subcontractors sign at the behest of a Federal agency.

Subcontract means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services to or for a prime contractor or another subcontractor.

(b) The Contractor shall not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (*e.g.*, agency Office of the Inspector General).

(c) The Contractor shall notify current employees and subcontractors that prohibitions and restrictions of any preexisting internal confidentiality agreements or statements covered by this clause, to the extent that such prohibitions and restrictions are inconsistent with the prohibitions of this clause, are no longer in effect.

(d) The prohibition in paragraph (b) of this clause does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(e) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015, (Pub. L. 113-235), and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions) use of funds appropriated (or otherwise made available) is prohibited, if the Government determines that the Contractor is not in compliance with the provisions of this clause.

(f) The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts under such contracts.

(End of clause)

(DEVIATION DATE)

52.204-2 [Reserved]

(DEVIATION DATE)

52.204-3 [Reserved]

(DEVIATION DATE)

52.204-4 [Reserved]

52.204-5 Women-Owned Business (Other Than Small Business).

As prescribed in 4.208(a), insert the following provision:

WOMEN-OWNED BUSINESS (OTHER THAN SMALL BUSINESS) (OCT 2014)

(a) *Definition.*"Women-owned business concern," as used in this provision, means a concern that is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; and whose management and daily business operations are controlled by one or more women.

(b) *Representation*. [*Complete only if the offeror is a women-owned business concern and has not represented itself as a small business concern in paragraph (c)(1) of FAR 52.219-1, Small Business Program Representations, of this solicitation*.] The offeror represents that it □ is a women-owned business concern.

(End of provision)

52.204-6 [Reserved]

(DEVIATION DATE)

52.204-7 System for Award Management—Registration.

As prescribed in 4.208(b)(1), insert the following provision:

SYSTEM FOR AWARD MANAGEMENT—REGISTRATION (DEVIATION DATE)

The Offeror shall have an active Federal Government contracts registration in the System for Award Management (SAM) when submitting an offer or quotation in response to this solicitation and at the time of award. As part of the SAM registration process, the Government collects information, as described in paragraphs (b) through (d) of this provision, that is necessary to identify the Offeror and for the Offeror to be awarded Federal Government contracts. To register in SAM, go to https://www.sam.gov. Allow for processing time when registering in SAM. If the Offeror is not registered in SAM, it should register immediately after receiving this solicitation.

(a) *Definitions*. As used in this provision—

Commercial and Government Entity (CAGE) code has the meaning provided in the clause at the Federal Acquisition Regulation (FAR) 52.204-13, System for Award Management—Maintenance, of this solicitation.

Electronic Funds Transfer (EFT) indicator means a bank account identifier to establish additional System for Award Management records for identifying alternative EFT accounts (see part 32) for the same entity.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest-level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees. There may be more than one immediate owner (e.g., joint ventures).

Predecessor means an entity whose assets were acquired by the offeror or another entity (most often through merger or acquisition) and whose affairs are now carried out by the offeror or the other entity under a new name.

Taxpayer identification number means the number required by the Internal Revenue Service (IRS) to be used by the offeror to report income tax and other returns. It may be either a Social Security Number or an Employer Identification Number.

Unique entity identifier (UEI) has the meaning provided in the clause at FAR 52.204-13, System for Award Management —Maintenance, of this solicitation.

(b) *Identifiers*. The Offeror shall obtain and provide the following identifying information:

(1) *Unique entity identifier (UEI)*.

(i) The Offeror shall obtain a UEI to register in SAM. The Government will independently validate the existence and uniqueness of the Offeror before assigning a UEI to the Offeror. Go to https://www.sam.gov for instructions on obtaining a UEI.

(ii) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the UEI that identifies the Offeror's name and address exactly as stated in the offer. The Offeror shall also enter its EFT indicator, if applicable.

(iii) The Contracting Officer will use the UEI to verify that the Offeror has an active Federal Government contracts registration in SAM.

(2) *Taxpayer identification number (TIN)*.

(i) The Offeror shall provide its TIN or related information to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d); reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M; and implementing regulations issued by the IRS. The Offeror shall consent for TIN validation; and

(3) *Commercial and Government Entity (CAGE) code*.

(i) The Offeror shall provide a CAGE code and legal business name (Do not use a "doing business as" name) for—

(A) Itself;

(B) Its immediate owner(s), if any;

(C) Its highest-level owner, if any; and

(D) Any predecessor(s), or predecessor of an Offeror's predecessor, that held a Federal contract or grant within the last three years.

(ii) If the Offeror is in the United States or its outlying areas and does not already have a CAGE code assigned, the DLA CAGE Branch will assign a CAGE code to the Offeror as a part of the SAM registration process. For information on obtaining a CAGE code go to https://cage.dla.mil/.

(iii) The Offeror shall get from any immediate and/or highest-level owner(s) their respective CAGE code(s) to provide the code(s) as part of the registration (FAR 52.204-7(b)(3)(i)).

(iv) If the Offeror is located outside of the United States or its outlying areas, and does not already have a CAGE code assigned, the Offeror may obtain a CAGE code as indicated in the following table.

If the Offeror is…	Then…
Located in a country that is a member of the North Atlantic Treaty Organization (NATO) or a sponsored nation	Contact the appropriate National Codification Bureau (https://www.nato.int/structur/ac/135/about/contacts)
Located in a country that is not a member of NATO or a sponsored nation	Contact the NATO Support and Procurement Agency (NSPA) (https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx)

(c) *Representations and certifications*.

(1) The following FAR solicitation provisions contain entity-level representations and certifications that the Offeror shall submit as part of their Federal Government contracts registration in SAM:

Provision	Title	Date

52.204-5	Women-Owned Business (Other Than Small Business)	Oct 2014
52.209-2	Prohibition on Contracting with Inverted Domestic Corporations—Representation	Nov 2015
52.209-5	Certification Regarding Responsibility Matters	Aug 2020
52.209-11	Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law	Feb 2016
52.219-1	Small Business Program Representations	Feb 2024
52.219-1 Alt I	Small Business Program Representations, with its Alternate I	Feb 2024
52.219-1 Alt II	Small Business Program Representations, with its Alternate II	Mar 2023
52.226-2	Historically Black College or University and Minority Institution Representation	Oct 2014

(2) By submitting its offer, the Offeror verifies that, as of the date of its offer, its representations and certifications posted electronically in SAM for the provisions listed in paragraph (c)(1) of this provision are current, accurate, and complete. The Offeror's representations and certifications in SAM are hereby incorporated by reference into its offer.

(d) *Other information*. The Offeror shall provide more information on its business operations and type that is necessary to be considered for award of certain contracts and financial information necessary to receive payment under contracts.

(End of provision)

Alternate I (DATE). As prescribed in 4.208(b)(1), replace the first sentence of the introductory paragraph of the basic provision with the following sentences:

The Offeror shall have an active Federal Government contracts registration in the System for Award Management (SAM) as soon as possible. If registration is not possible when submitting an offer or quotation, the awardee shall be registered in SAM according to the requirements of the Alternate I of clause at FAR 52.204-13, System for Award Management-Maintenance.

52.204-8 [Reserved]

(DEVIATION DATE)

52.204-9 Personal Identity Verification of Contractor Personnel.

As prescribed in 4.208(d), insert the following clause:

PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL (JAN 2011)

(a) The Contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201.

(b) The Contractor shall account for all forms of Government-provided identification issued to the Contractor employees in connection with performance under this contract. The Contractor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

(1) When no longer needed for contract performance.

(2) Upon completion of the Contractor employee's employment.

(3) Upon contract completion or termination.

(c) The Contracting Officer may delay final payment under a contract if the Contractor fails to comply with these requirements.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system. It shall be the responsibility of the prime Contractor to return such identification to the issuing agency in accordance with the terms set forth in paragraph (b) of this section, unless otherwise approved in writing by the Contracting Officer.

(End of clause)

52.204-10 Reporting Executive Compensation and First-Tier Subcontract Awards.

As prescribed in 4.208(e) insert the following clause:

REPORTING EXECUTIVE COMPENSATION AND FIRST-TIER SUBCONTRACT AWARDS (DEVIATION DATE)

(a) *Definitions*. As used in this clause:

Executive means officers, managing partners, or any other employees in management positions.

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

Month of award means the month in which the Contracting Officer signs a contract or the month in which the Contractor signs a first-tier subcontract.

Total compensation means the cash and noncash dollar value earned by the executive during the Contractor's preceding fiscal year and includes the information described at 17 CFR 229.402(c)(2).

(b) *Requirement*. Section 2(d)(2) of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), requires the Contractor to report information on subcontract awards. The law requires all reported information be made public; therefore, the Contractor is responsible for notifying its subcontractors that the required information will be made public. Nothing in this clause requires disclosing classified information.

(c) *Reporting*. Unless otherwise directed by the Contracting Officer, or as provided in paragraph (f) of this clause, the Contractor shall report the following in the System for Award Management at https://www.sam.gov as follows:

(1) Executive compensation of the prime contractor. The Contractor shall report the names and total compensation of each of the five most highly compensated executives for its preceding completed fiscal year, if—

(i) In the Contractor's preceding fiscal year, the Contractor received—

(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(B) $25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm.).

(2) First-tier subcontract information. The Contractor shall report the following information by the end of the month following the month of award of each first-tier subcontract award:

(i) Unique entity identifier for the subcontractor receiving the award and for the subcontractor's ultimate parent company, if the subcontractor has a parent company.

(ii) Name of the subcontractor.
(iii) Amount of the subcontract award.
(iv) Date of the subcontract award.
(v) A description of the products or services (including construction) being provided under the subcontract, including the overall purpose and expected outcomes or results of the subcontract.
(vi) The subcontract number assigned by the Prime Contractor.
(vii) Subcontractor's physical address.
(viii) Subcontractor's primary performance location.
(ix) The prime contract number, and order number if applicable.
(x) Awarding agency name and code.
(xi) Funding agency name and code.
(xii) Government contracting office code.
(xiii) The applicable North American Industry Classification System code.

(3) Executive compensation of the first-tier subcontractor. The Contractor shall report by the end of the month following the month of award of a first-tier subcontract award and annually thereafter (calculated from the prime contract award date) the names and total compensation of each of the five most highly compensated executives for that subcontractor in the subcontractor's preceding completed fiscal year, if—

(i) In the subcontractor's preceding fiscal year, the subcontractor received—

(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(B) $25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986 (see http://www.sec.gov/answers/execomp.htm).

(d) *Restriction*. The Contractor shall not split or break down subcontracts to a value below the threshold at the Federal Acquisition Regulation 4.208(e), on the date of subcontract award, to avoid the reporting requirements in paragraph (c) of this clause.

(e) *Duration*. Continued reporting on first-tier subcontracts is not required unless one of the reported data elements changes during the performance of the subcontract. The Contractor is not required to make further reports after a first-tier subcontract expires.

(f) *Exceptions.* (1) If the Contractor in the previous tax year had gross income, from all sources, under $300,000, the Contractor is exempt from the requirement to report subcontractor awards.

(2) If a subcontractor in the previous tax year had gross income from all sources under $300,000, the Contractor does not need to report awards for that subcontractor.

(g) *Prepopulated data*. The Subcontract Reports in SAM will prepopulate with some information from SAM and the Federal Procurement Data System (FPDS). If the FPDS information is incorrect, the Contractor should notify the Contracting Officer. If the SAM information is incorrect, the Contractor is responsible for correcting this information.

(End of clause)

52.204-11 [Reserved]

52.204-12 [Reserved]

(DEVIATION DATE)

52.204-13 System for Award Management—Maintenance.
As prescribed in 4.208(b)(2), use the following clause:

SYSTEM FOR AWARD MANAGEMENT—MAINTENANCE (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Commercial and Government Entity code means—

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique location (referred to as "CAGE code"); or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and Procurement Agency to entities located outside the United States and its outlying areas that the DLA CAGE Branch records and maintains in the CAGE master file (referred to as "NCAGE code").

Unique Entity Identifier (UEI) means an identifier used to identify a specific commercial, nonprofit, or Government entity.

(b) *Active registration*.

(1) The Contractor shall maintain an active Federal Government contracts registration in the System for Award Management (SAM) at https://www.sam.gov during contract performance and through final payment under this contract. To maintain an active registration in SAM, the Contractor shall review at least annually its registration in SAM and validate that the information is current, accurate, and complete.

(2) The Contractor is responsible for the currency, accuracy, and completeness of the information provided within SAM, and for any liability resulting from the Government's reliance on inaccurate or incomplete information. Updating SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(c) *Novation and change-of-name agreements*.

(1) If the Contractor has legally changed its business name or "doing business as" name (whichever is shown on the contract), or has transferred the assets used to perform the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in part 42 of the Federal Acquisition Regulation (FAR), the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to —

(i) Change the legal business name in SAM;

(ii) Comply with the requirements of FAR part 42; and

(iii) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with its written notification sufficient documentation to support the legally changed name.

(2) If the Contractor fails to comply with the requirements of paragraph (c)(1) of this clause, or fails to perform the agreement at paragraph (c)(1)(iii) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(d) *Assignees*.

(1) The Contractor shall not change the legal business name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR part 32). Assignees shall be separately registered in SAM.

(2) Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(e) Unique entity identifier (UEI). The Contractor shall ensure that its UEI is maintained throughout the life of the contract.

(f) Commercial and Government Entity (CAGE) code. The Contractor shall ensure that the CAGE code is maintained throughout the life of the contract. To update a CAGE code, the Contractor shall initiate the change by updating its SAM registration.

(g) Communicating changes. The Contractor shall communicate any change to its UEI or CAGE code to the Contracting Officer within 30 days after the change, so a modification can be issued to update the UEI or CAGE code on this contract. A change in the UEI does not necessarily require a novation.

(End of clause)

Alternate I (DATE). As prescribed in 4.208(b)(2), replace paragraph (b) of the basic clause with the following paragraph (b):

(b) *Active registration*.

(1) If the Contractor was unable to register for Federal Government contracts in the System for Award Management (SAM) at *https://www.sam.gov* before award, the Contractor shall register in SAM within 30 days after contract award or at least three days before submitting the first invoice, whichever occurs first.

(2) The Contractor shall maintain an active Federal Government contracts registration in SAM during contract performance and through final payment under this contract. To maintain an active registration in SAM, the Contractor shall review at least annually its registration in SAM and validate that the information is current, accurate, and complete.

(3) The Contractor is responsible for the currency, accuracy, and completeness of the information provided within SAM, and for any liability resulting from the Government's reliance on inaccurate or incomplete information. Updating SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

52.204-14 Service Contract Reporting Requirements.

As prescribed in 4.208(f)(2), insert the following clause:

SERVICE CONTRACT REPORTING REQUIREMENTS (DEVIATION DATE)

(a) *Definition.* As used in this clause—

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

(b) *Requirement*. The Contractor shall report, according to paragraphs (c) and (d) of this clause, annually by October 31, for services performed under this contract during the preceding Government fiscal year (October 1-September 30).

(c) *Report elements*. The Contractor shall report the following information:

(1) Contract number and, as applicable, order number.

(2) The total dollar amount invoiced for services performed during the previous Government fiscal year under the contract.

(3) The number of Contractor direct labor hours expended on the services performed during the previous Government fiscal year.

(4) Data reported by subcontractors under paragraph (f) of this clause.

(d) *Remedies*. The Contractor shall submit the information required in paragraph (c) of this clause in the System for Award Management (SAM) at https://www.sam.gov (see SAM User Guide). If the Contractor fails to submit the report in a timely manner, the Contracting Officer will exercise appropriate contractual remedies. In addition, the Contracting Officer will make the Contractor's failure to comply with the reporting requirements a part of the Contractor's performance information under the Federal Acquisition Regulation part 42.

(e) *Review*. Agencies will review Contractor-reported information for reasonableness and consistency with available contract information. If the agency believes that revisions to the Contractor's reported information are warranted, the agency will notify the Contractor no later than November 15. By November 30, the Contractor shall revise the report, or put its reason in writing for the agency.

(f) *First-tier subcontracts.* (1) The Contractor shall require each first-tier subcontractor providing services under this contract, with subcontract(s) each valued at or above the thresholds set forth in 4.303(b), to provide the following detailed information to the Contractor in sufficient time to submit the report:

(i) Subcontract number (including subcontractor name and unique entity identifier); and

(ii) The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous Government fiscal year.

(2) The Contractor shall tell the subcontractor that the information will be made available to the public as required by section 743 of Division C of the Consolidated Appropriations Act, 2010.

(End of clause)

52.204-15 Service Contract Reporting Requirements for Indefinite-Delivery Contracts.

As prescribed in 4.208(f)(3), insert the following clause:

SERVICE CONTRACT REPORTING REQUIREMENTS FOR INDEFINITE-DELIVERY CONTRACTS (DEVIATION DATE)

(a) *Definition*. As used in this clause—

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

(b) *Requirement*. The Contractor shall report, according to paragraphs (c) and (d) of this clause, annually by October 31, for services performed during the preceding Government fiscal year (October 1-September 30) under this contract for orders that exceed the thresholds established in 4.303(b).

(c) *Report elements*. The Contractor shall report the following information:

(1) Contract number and order number.

(2) The total dollar amount invoiced for services performed during the previous Government fiscal year under the order.

(3) The number of Contractor direct labor hours expended on the services performed during the previous Government fiscal year.

(4) Data reported by subcontractors under paragraph (f) of this clause.

(d) *Remedies*. The Contractor shall submit the information required in paragraph (c) of this clause in the System for Award Management (SAM) at https://www.sam.gov (see SAM User Guide). If the Contractor fails to submit the report in a timely manner, the Contracting Officer will exercise appropriate contractual remedies. In addition, the Contracting Officer will make the Contractor's failure to comply with the reporting requirements a part of the Contractor's performance information under the Federal Acquisition Regulation part 42.

(e) *Review*. Agencies will review Contractor-reported information for reasonableness and consistency with available contract information. If the agency believes that revisions to the Contractor’s reported information are warranted, the agency will notify the Contractor no later than November 15. By November 30, the Contractor shall revise the report, or put its reason in writing for the agency.

(f) *First-tier subcontracts*. (1) The Contractor shall require each first-tier subcontractor providing services under this contract, with subcontract(s) each valued at or above the thresholds set forth in 4.303(b), to provide the following detailed information to the Contractor in sufficient time to submit the report:

(i) Subcontract number (including subcontractor name and unique entity identifier); and

(ii) The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous Government fiscal year.

(2) The Contractor shall tell the subcontractor that the information will be made available to the public as required by section 743 of Division C of the Consolidated Appropriations Act, 2010.

52.204-90 Offeror Identification.

As prescribed in 4.208(c)(1), insert the following provision:

OFFEROR IDENTIFICATION (DEVIATION DATE)

If the Offeror will not have an active Federal Government contracts registration in the System for Award Management (https://www.sam.gov) when submitting its offer, it shall complete paragraphs (c) and (d) of this provision and include its responses with its offer.

(a) *Definitions*. As used in this provision—

Commercial and Government Entity (CAGE) code has the meaning provided in the clause at FAR 52.204-91, Contractor Identification, of this solicitation.

Common parent means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

Electronic Funds Transfer (EFT) indicator means a bank account identifier to establish additional System for Award Management records for identifying alternative EFT accounts (see part 32) for the same entity.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest-level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees. There may be more than one immediate owner (e.g., joint ventures).

Predecessor means an entity whose assets were acquired by the offeror or another entity (most often through merger or acquisition) and whose affairs are now carried out by the offeror or the other entity under a new name.

Taxpayer Identification Number means the number required by the Internal Revenue Service (IRS) to be used by the offeror to report income tax and other returns. It may be either a Social Security Number or an Employer Identification Number.

Unique entity identifier (UEI) has the meaning provided in the clause at FAR 52.204-91, Contractor Identification, of this solicitation.

(b) *Unique entity identifier (UEI).*

(1) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “Unique Entity Identifier” followed by the UEI that identifies the Offeror's name and address exactly as stated in the offer. The Offeror shall also enter its EFT indicator, if applicable.

(2) If the Offeror does not have a UEI, it shall go to https://www.sam.gov to obtain one. The Government will independently validate the existence and uniqueness of the Offeror before assigning a UEI.

(c) *Taxpayer identification*. The Offeror shall provide with its offer the following information that is necessary to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d); reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M; and the implementing IRS regulations:

(1) Taxpayer identification number (TIN)

□ TIN: ______________;

□ TIN has been applied for; or

□ TIN is not required because:

□ Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;

□ Offeror is an agency or instrumentality of a foreign government; or

□ Offeror is an agency or instrumentality of the Federal Government.

(2) *Type of organization.*

□ Sole proprietorship;

□ Partnership;

□ Corporate entity (not tax-exempt);

□ Corporate entity (tax-exempt);

□ Government entity (Federal, State, or local);

□ Foreign government;

□ International organization per 26 CFR 1.6049-4; or

□ Other.

(3) *Common parent.*

□ Offeror is not owned or controlled by a common parent as defined in paragraph (a) of this provision; or

□ Name and TIN of common parent:
Name: _______________
TIN: _______________

(4) The TIN provided in paragraph (c)(1) of this provision may be matched with IRS records to verify the accuracy of the Offeror's TIN. The Government may use the TIN to collect and report on any delinquent amounts arising out of the Offeror's relationship with the Government (31 U.S.C. 7701(c)(3)).

(d) Commercial and Government Entity (CAGE) code.

(1) The Offeror shall provide its CAGE code with its offer with its name and location address or otherwise include it prominently in its offer. The CAGE code shall be for that name and location address. Insert the word “CAGE” before the code. The Offeror may obtain a CAGE code as indicated in the following table.

If the Offeror is…	**Then…**
Located in the United States or its outlying areas	Submit a request to the DLA CAGE Branch via https://cage.dla.mil
Located outside the United States and its outlying areas and its country is a member of the North Atlantic Treaty Organization (NATO) or a sponsored nation	Contact the appropriate National Codification Bureau (https://www.nato.int/structur/ac/135/about/contacts)
Located outside the United States and its outlying areas and its country is not a member of NATO or a sponsored nation	Contact the NATO Support and Procurement Agency (NSPA) (https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx)

(2) The Offeror shall provide the CAGE code and legal business name (Do not use a “doing business as” name) for—

(i) Its immediate owner(s), if any;

(ii) Its highest-level owner, if any; and

(iii) Any predecessor(s), or predecessor of an Offeror’s predecessor, that held a Federal contract or grant within the last three years.

Owner Type	**CAGE Code**	**Legal Business Name**
Immediate owner		
Highest-level owner		
Predecessor*		

* Predecessor CAGE code may be marked “Unknown.”

(3) If the Offeror has more than one immediate owner (such as a joint venture), give the information for each owner (or joint venture participant). If the Offeror has more than one predecessor, provide information for each predecessor in reverse chronological order.

(End of provision)

52.204-91 Contractor Identification.

As prescribed in 4.208(c)(2), insert the following clause:

CONTRACTOR IDENTIFICATION (DEVIATION DATE)

Definitions. As used in this clause—

Commercial and Government Entity code means—

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique location (referred to as “CAGE code”); or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA CAGE Branch records and maintains in the CAGE master file (referred to as "NCAGE code").

Unique entity identifier means an identifier used to identify a specific commercial, nonprofit, or Government entity.

(b) *Unique entity identifier (UEI).* The Contractor shall ensure that its UEI is maintained throughout the life of the contract.

(c) *Commercial and Government Entity (CAGE) code.* The Contractor shall ensure that the CAGE code is maintained throughout the life of the contract. The Contractor shall request changes to a CAGE code as indicated in the following table.

If the Contractor is…	**Then…**
Registered in the System for Award Management (SAM)	Initiate the change by updating its SAM registration
Located in the United States or its outlying areas and is not registered in SAM	Submit a change request to the DLA CAGE Branch via https://cage.dla.mil
Located outside the United States and its outlying areas and is not registered in SAM	Request a change by contacting the appropriate National Codification Bureau (https://www.nato.int/structur/ac/135/about/contacts) or NSPA (https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx)

(d) *Communicating changes*. The Contractor shall communicate any change to its UEI or CAGE code to the Contracting Officer within 30 days after the change, so a modification can be issued to update the UEI or CAGE code on this contract. A change in the UEI does not necessarily require a novation.

(End of clause)

52.207-4 Economic Purchase Quantity-Supplies.

As prescribed in 7.203 , insert the following provision:

ECONOMIC PURCHASE QUANTITY-SUPPLIES (AUG 1987)

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals or quotes are requested in this solicitation is (are) economically advantageous to the Government.

____

____

(b) Each offeror who believes that acquisitions in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

Offeror Recommendations			
Item	**Quantity**	**Price Quotation**	**Total**
____________	____________	____________	____________

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate that different quantities should be acquired.

(End of provision)

52.207-5 Option to Purchase Equipment.

As prescribed in 7.404 , insert a clause substantially the same as the following:

OPTION TO PURCHASE EQUIPMENT (FEB 1995)

(a) The Government may purchase the equipment provided on a lease or rental basis under this contract. The Contracting Officer may exercise this option only by providing a unilateral modification to the Contractor. The effective date of the purchase will be specified in the unilateral modification and may be any time during the period of the contract, including any extensions thereto.

(b) Except for final payment and transfer of title to the Government, the lease or rental portion of the contract becomes complete and lease or rental charges shall be discontinued on the day immediately preceding the effective date of purchase specified in the unilateral modification required in paragraph (a) of this clause.

(c) The purchase conversion cost of the equipment shall be computed as of the effective date specified in the unilateral modification required in paragraph (a) of this clause, on the basis of the purchase price set forth in the contract, minus the total purchase option credits accumulated during the period of lease or rental, calculated by the formula contained elsewhere in this contract.

(d) The accumulated purchase option credits available to determine the purchase conversion cost will also include any credits accrued during a period of lease or rental of the equipment under any previous Government contract if the equipment has been on continuous lease or rental. The movement of equipment from one site to another site shall be "continuous rental."

(End of clause)

52.207-6 Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts).

As prescribed in 7.107-4 , insert the following provision:

SOLICITATION OF OFFERS FROM SMALL BUSINESS CONCERNS AND SMALL BUSINESS TEAMING ARRANGEMENTS OR JOINT VENTURES (MULTIPLE-AWARD CONTRACTS) (AUG 2024)

(a) *Definition*. "Small Business Teaming Arrangement," as used in this provision-

(1) Means an arrangement where–

(i) Two or more small business concerns have formed a joint venture; or

(ii) A small business offeror agrees with one or more other small business concerns to have them act as its subcontractors under a specified Government contract. A Small Business Teaming Arrangement between the offeror and its small business subcontractor(s) exists through a written agreement between the parties that–

(A) Is specifically referred to as a "Small Business Teaming Arrangement"; and

(B) Sets forth the different responsibilities, roles, and percentages (or other allocations) of work as it relates to the acquisition;

(2) (i) For civilian agencies, may include two business concerns in a mentor-protégé relationship when both the mentor and the protégé are small or the protégé is small and the concerns have received an exception to affiliation pursuant to 13 CFR 121.103(h)(3)(ii) or (iii).

(ii) For DoD, may include two business concerns in a mentor-protégé relationship in the Department of Defense Mentor-Protégé Program (see 10 U.S.C. 4902) when both the mentor and the protégé are small. There is no exception to joint venture size affiliation for offers received from teaming arrangements under the DoD Mentor-Protégé Program; and

(3) See 13 CFR 121.103(b)(9) regarding the exception to affiliation for offers received from Small Business Teaming Arrangements in the case of a solicitation of offers for a bundled contract with a reserve.

(b) The Government is soliciting and will consider offers from any responsible source, including responsible small business concerns and offers from Small Business Teaming Arrangements or joint ventures of small business concerns.

52.208-9 Contractor Use of Mandatory Sources of Supply or Services.
As prescribed in 8.105-1(b), insert the following clause:

CONTRACTOR USE OF MANDATORY SOURCES OF SUPPLY OR SERVICES (DEVIATION DATE)

(a) Certain supplies or services to be provided under this contract for use by the Government are required by law to be obtained from nonprofit agencies participating in the program operated by the Committee for Purchase From People Who Are Blind or Severely Disabled (the Committee) under 41 U.S.C. 8504. The Committee operates under the name AbilityOne Commission. Additionally, some of these supplies are available from the Defense Logistics Agency (DLA), the General Services Administration (GSA), or the Department of Veterans Affairs (VA). The Contractor shall obtain mandatory supplies or services to be provided for Government use under this contract from the specific sources indicated in the contract schedule.

(b) The Contractor shall immediately notify the Contracting Officer if a mandatory source is unable to provide the supplies or services by the time required, or if the quality of supplies or services provided by the mandatory source is unsatisfactory. The Contractor shall not purchase the supplies or services from other sources until the Contracting Officer has notified the Contractor that the Committee or an AbilityOne central nonprofit agency has authorized purchase from other sources.

(c) Price and delivery information for the mandatory supplies is available from the Contracting Officer for the supplies obtained through the DLA/GSA/VA distribution facilities. For mandatory supplies or services that are not available from DLA/GSA/VA, price and delivery information is available from the appropriate central nonprofit agency. Payments shall be made directly to the source making delivery. Points of contact for AbilityOne central nonprofit agencies are:

(1) National Industries for the Blind (www.NIB.org), 1310 Braddock Place, Alexandria, VA 22314-1691, (703) 310-0500; and

(2) NISH/SourceAmerica (www.SourceAmerica.org), 8401 Old Courthouse Road, Vienna, VA 22182, (571) 226-4660.

(End of clause)

52.208-90 Government Supply Sources.
As prescribed in 8.105-2(c), insert the following clause:

GOVERNMENT SUPPLY SOURCES (DEVIATION DATE)

The Contracting Officer may issue the Contractor an authorization to use Government supply sources in the performance of this contract. Title to all property acquired by the Contractor under such an authorization shall vest in the Government unless otherwise specified in the contract. The provisions of the clause at FAR 52.245-1, Government Property, apply to all property acquired under such authorization.

(End of clause)

52.208-91 GSA Fleet Vehicles and Related Services.

As prescribed in 8.105-3(c), insert the following clause:

GSA FLEET VEHICLES AND RELATED SERVICES (DEVIATION DATE)

The Contracting Officer may issue the Contractor an authorization to obtain GSA Fleet vehicles and related services for use in the performance of this contract. The use, service, and maintenance of GSA Fleet vehicles and the use of related services by the Contractor shall be in accordance with 41 CFR 101-39 and 41 CFR 102-34.

(End of clause)

52.209 [Reserved]

52.209-1 Qualification Requirements.

As prescribed in 9.206-2 , insert the following clause:

QUALIFICATION REQUIREMENTS (DEVIATION DATE)

(a) *Definition*. As used in this clause—

Qualification requirement means a Government requirement for testing or other quality assurance demonstration that must be completed before award.

(b) One or more qualification requirements apply to the supplies or services covered by this contract. For those supplies or services requiring qualification, whether the covered product or service is an end item under this contract or simply a component of an end item, the product, manufacturer, or source must have demonstrated that it meets the standards prescribed for qualification before award of this contract. The product, manufacturer, or source must be qualified at the time of award whether or not the name of the product, manufacturer, or source is actually included on a qualified products list, qualified manufacturers list, or qualified bidders list. Offerors should contact the agency activity designated below to obtain all requirements that they or their products or services, or their subcontractors or their products or services, must satisfy to become qualified and to arrange for an opportunity to demonstrate their abilities to meet the standards specified for qualification.

(Name) ____

(Address) ____

(c) If an offeror, manufacturer, source, product or service covered by a qualification requirement has already met the standards specified, the relevant information noted below should be provided.

Offeror’s Name ____________________________________

Manufacturer’s Name________________________________

Source’s Name ____________________________________

Item Name _______________________________________

Service Identification ________________________________

Test Number _______________________________________ (to the extent known)

(d) Even though a product or service subject to a qualification requirement is not itself an end item under this contract, the product, manufacturer, or source must nevertheless be qualified at the time of award of this contract. This is necessary whether the Contractor or a subcontractor will ultimately provide the product or service in question. If, after award, the Contracting Officer discovers that an applicable qualification requirement was not in fact met at the time of award, the Contracting Officer may either terminate this contract for default or allow performance to continue if adequate consideration is offered and the action is determined to be otherwise in the Government's best interests.

(e) If an offeror, manufacturer, source, product or service has met the qualification requirement but is not yet on a qualified products list, qualified manufacturers list, or qualified bidders list, the offeror must submit evidence of qualification prior to award of this contract. Unless determined to be in the Government's interest, award of this contract will not be delayed to permit an offeror to submit evidence of qualification.

(f) Any change in location or ownership of the plant where a previously qualified product or service was manufactured or performed requires reevaluation of the qualification. Similarly, any change in location or ownership of a previously qualified manufacturer or source requires reevaluation of the qualification. The reevaluation must be accomplished before the date of award.

(End of clause)

52.209-2 Prohibition on Contracting With Inverted Domestic Corporations-Representation.

As prescribed in 9.108-6(a), insert the following provision:

PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-REPRESENTATION (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Subsidiary means an entity in which more than 50 percent of the entity is owned—

(1) Directly by a parent corporation; or

(2) Through another subsidiary of a parent corporation.

(b) Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation, unless the exception at 9.108-3(b) applies or the requirement is waived in accordance with the procedures at 9.108-5.

(c) *Representation*. The Offeror represents that-

(1) It □ is, □ is not an inverted domestic corporation; and

(2) It □ is, □ is not a subsidiary of an inverted domestic corporation.

(End of provision)

52.209-3 First Article Approval-Contractor Testing.

As prescribed in 9.308-1(a) and (b), insert the following clause:

FIRST ARTICLE APPROVAL-CONTRACTOR TESTING (DEVIATION DATE)

[*Contracting Officer inserts details*]

(a) The Contractor shall test _____ unit(s) of Lot/Item _____ as specified in this contract. At least _____ calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within _____ calendar days from the date of this contract to _____ [*insert address of the Government activity to receive the report*] marked “FIRST ARTICLE TEST REPORT: Contract No. _______, Lot/Item No. _______." Within _____ calendar days after the Government receives the test report, the Contracting Officer will notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval will state any further action required of the Contractor. A notice of disapproval will cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government will take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer will, upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

(End of clause)

Alternate I (JAN 1997). As prescribed in 9.308-1(a)(2) and (b)(2), add the following paragraph (i) to the basic clause:

(i) The Contractor shall produce both the first article and the production quantity at the same facility.

Alternate II (Sept1989). As prescribed in 9.308-1(a)(3) and (b)(3), substitute the following paragraph (g) for paragraph (g) of the basic clause:

(g) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated by the Government, make the required changes or replace all items produced under this contract at no change in the contract price.

52.209-4 First Article Approval-Government Testing.

As prescribed in 9.308-2 (a) and (b), insert the following clause:

FIRST ARTICLE APPROVAL-GOVERNMENT TESTING (DEVIATION DATE)

[*Contracting Officer inserts details*]

(a) The Contractor shall deliver ___ unit(s) of Lot/Item ___ within ____ calendar days from the date of this contract to the Government at ______ [*insert name and address of the testing facility*] for first article tests. The shipping documentation shall contain this contract number and the Lot/Item identification. This contract elsewhere specifies the characteristics that the first article must meet and the testing requirements.

(b) Within _____ calendar days after the Government receives the first article, the Contracting Officer will notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval will state any further action required of the Contractor. A notice of disapproval will cite reasons for the disapproval.

(c) If the Government disapproves the first article, the Contractor, upon Government request, shall submit an additional first article for testing. After each request, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall furnish any additional first article to the Government under the terms and conditions and within the time the Government specifies. The Government will act on this first article within the time limit specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article on time, or the Contracting Officer disapproves any first article, the Contractor will have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, the Contractor—

(1) May deliver the approved first article as a part of the contract quantity, provided it meets all contract requirements for acceptance and was not consumed or destroyed in testing; and

(2) Shall remove and dispose of any first article from the Government test facility at the Contractor’s expense.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer will, upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or performance dates, the contract price, or both, and any other contractual term affected by the delay.

(g) The Contractor is responsible for providing operating and maintenance instructions, spare parts support, and repair of the first article during any first article test.

(h) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(i) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the Offeror/Contractor and have been accepted by the Government. The Offeror/Contractor may request a waiver.

(End of clause)

Alternate I (JAN 1997). As prescribed in 9.308-2 (a)(2) and (b)(2), add the following paragraph (j) to the basic clause:

(j) The Contractor shall produce both the first article and the production quantity at the same facility.

Alternate II (SEP 1989). As prescribed in 9.308-2 (a)(3) and (b)(3), substitute the following paragraph (h) for paragraph (h) of the basic clause:

(h) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated by the Government, make the required changes or replace all items produced under this contract at no change in the contract price.

52.209-5 Certification Regarding Responsibility Matters.

As prescribed in 9.104-7(a), insert the following provision:

CERTIFICATION REGARDING RESPONSIBILITY MATTERS (DEVIATION DATE)

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are □ are not □ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have □ have not □, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are □ are not □ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have □, have not □, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(1) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) The Offeror has □ has not □, within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

52.209-6 Protecting the Government's Interest When Subcontracting With Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded.

As prescribed in 9.409 , insert the following clause:

PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED, PROPOSED FOR DEBARMENT, OR VOLUNTARILY EXCLUDED (DEVIATION DATE)

(a) *Definition*. As used in this clause—

Commercially available off-the-shelf (COTS) item

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

(b) The Government suspends or debars Contractors to protect the Government's interests. Other than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of the threshold specified in FAR 9.405-2(b) on the date of subcontract award, with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless a compelling reason exists to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed the threshold specified in FAR 9.405-2(b) on the date of subcontract award, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, proposed for debarment, or voluntarily excluded by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, proposed for debarment, or voluntarily excluded (see FAR 9.404 for information on the System for Award Management (SAM) Exclusions). The notice must include the following:

(1) The name of the subcontractor.

(2) The Contractor's knowledge of the reasons for the subcontractor being listed with an exclusion in SAM.

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its being listed with an exclusion in SAM.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, proposed debarment, or voluntary exclusion.

(e) *Subcontracts*. Unless this is a contract for the acquisition of commercial products or commercial services, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that—

(1) Exceeds the threshold specified in FAR 9.405-2(b) on the date of subcontract award; and

(2) Is not a subcontract for commercially available off-the-shelf items.

(End of clause)

52.209-7 Information Regarding Responsibility Matters.

As prescribed at 9.104-7(b), insert the following provision:

INFORMATION REGARDING RESPONSIBILITY MATTERS (DEVIATION DATE)

(a) *Definitions*. As used in this provision—

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (*e.g.*, Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than $10,000,000 means—

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror □ has □ does not have current active Federal contracts and grants with total value greater than $10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in–

(A) The payment of a monetary fine or penalty of $5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of $100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via https://www.sam.gov (see 52.204-7).

(End of provision)

52.209-8 [Reserved]

52.209-9 Updates of Publicly Available Information Regarding Responsibility Matters.

As prescribed at 9.104-7(c), insert the following clause:

UPDATES OF PUBLICLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (DEVIATION DATE)

(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System (FAPIIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the System for Award Management via https://www.sam.gov.

(b) All information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIIS consists of two segments—

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by-

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for-

(i) Past performance reviews required by part 42.

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.

(2) The Contractor will also have an opportunity to post comments regarding information that the Government has posted. FAPIIS will retain the comments as long as the associated information is retained, i.e., for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.

(3) All information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available (section 3010 of Pub. L. 111-212).

(d) The Government will handle public requests for system information posted prior to April 15, 2011, under Freedom of Information Act procedures, including, where appropriate, procedures promulgated under E.O. 12600.

(End of clause)

52.209-10 Prohibition on Contracting With Inverted Domestic Corporations.

As prescribed in 9.108-6(b), insert the following clause:

PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS (DEVIATION DATE)

(a) *Definitions*. As used in this clause-

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Subsidiary means an entity in which more than 50 percent of the entity is owned—

(1) Directly by a parent corporation; or

(2) Through another subsidiary of a parent corporation.

(b) If the contractor reorganizes as an inverted domestic corporation or becomes a subsidiary of an inverted domestic corporation at any time during the period of performance of this contract, applicable law may prohibit the Government from paying for Contractor activities performed after the date when it becomes an inverted domestic corporation or subsidiary. The Government may seek any available remedies in the event the Contractor fails to perform in accordance with the terms and conditions of the contract as a result of Government action under this clause.

(c) Exceptions to this prohibition are located at 9.108-3.

(d) In the event the Contractor becomes either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation during contract performance, the Contractor shall give written notice to the Contracting Officer within five business days from the date of the inversion event.

(End of clause)

52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law.

As prescribed in 9.104-7(d), insert the following provision:

REPRESENTATION BY CORPORATIONS REGARDING DELINQUENT TAX LIABILITY OR A FELONY CONVICTION UNDER ANY FEDERAL LAW (DEVIATION DATE)

(a) The Government will not enter into a contract with any corporation that—

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that–

(1) It is □ is not □ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(2) It is □ is not □ a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(End of provision)

52.209-12 Certification Regarding Tax Matters.

As prescribed in 9.104-7(e), insert the following provision:

CERTIFICATION REGARDING TAX MATTERS (OCT 2025)

(a) This provision implements section 523 of Division B of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts.

(b) If the Offeror is proposing a total contract price that will exceed $7 million (including options), the Offeror shall certify that, to the best of its knowledge and belief, it

(1) Has □ filed all Federal tax returns required during the three years preceding the certification;

(2) Has not □ been convicted of a criminal offense under the Internal Revenue Code of 1986; and

(3) Has not □, more than 90 days prior to certification, been notified of any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous administrative or judicial proceeding.

(End of provision)

52.209-13 Violation of Arms Control Treaties or Agreements-Certification.

As prescribed in 9.109-5 , insert the following provision:

VIOLATION OF ARMS CONTROL TREATIES OR AGREEMENTS-CERTIFICATION (DEVIATION DATE)

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101.

(b) *Certification*. [*Offeror shall check either (1) or (2).*]

__ (1) The Offeror certifies that–

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available athttps://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; or

__ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If such activity might have occurred, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-

adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless—

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) *Remedies*. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

(End of provision)

52.209-14 Reserve Officer Training Corps and Military Recruiting on Campus.

As prescribed in 9.110-5 , insert the following clause:

RESERVE OFFICER TRAINING CORPS AND MILITARY RECRUITING ON CAMPUS (NOV 2021)

(a) Definitions. As used in this clause—

Covered agency means—

(1) The Department of Defense;

(2) Any department or agency for which regular appropriations are made in a Department of Labor, Health and Human Services; and Education, and Related Agencies Appropriations Act;

(3) The Department of Homeland Security;

(4) The National Nuclear Security Administration of the Department of Energy;

(5) The Department of Transportation; or

(6) The Central Intelligence Agency.

Institution of higher education means an institution that meets the requirements of 20 U.S.C. 1001 and includes all sub-elements of such an institution.

(b) *Limitation on contract award*. Except as provided in paragraph (c) of this clause, an institution of higher education is ineligible for contract award if the Secretary of Defense determines that the institution has a policy or practice (regardless of when implemented) that prohibits or in effect prevents—

(1) The Secretary of a military department from maintaining, establishing, or operating a unit of the Senior Reserve Officer Training Corps (ROTC) at that institution (or any sub-element of that institution);

(2) A student at that institution (or any sub-element of that institution) from enrolling in a unit of the Senior ROTC at another institution of higher education;

(3) The Secretary of a military department or the Secretary of Homeland Security from gaining access to campuses, or access to students (who are 17 years of age or older) on campuses, for purposes of military recruiting; or

(4) Military recruiters from accessing, for purposes of military recruiting, the following information pertaining to students (who are 17 years of age or older) enrolled at that institution:

(i) Name, address, and telephone listings.

(ii) Date and place of birth, educational level, academic majors, degrees received, and the most recent educational institution enrolled in by the student.

(c) *Exception*. The limitation in paragraph (b) of this clause does not apply to an institution of higher education if the Secretary of Defense determines that—

(1) The institution has ceased the policy or practice described in paragraph (b) of this clause; or

(2) The institution has a long-standing policy of pacifism based on historical religious affiliation.

(d) Notwithstanding any other clause of this contract, if the Secretary of Defense determines that the institution has violated the contract in paragraph (b) of this clause—

(1) The institution will be ineligible for further payments under this and any other contracts with this agency and any other covered agency, except for contracts at or below the simplified acquisition threshold or contracts for the acquisition of commercial products and commercial services; and

(2) The Government will terminate this contract for default for the institution's material failure to comply with the terms and conditions of award.

(End of clause)

52.210-1 Market Research.

As prescribed in 10.002 , insert the following clause:

MARKET RESEARCH (DEVIATION DATE)

(a) *Definition*. As used in this clause—

Commercial product, commercial service, and nondevelopmental item have the meaning contained in Federal Acquisition Regulation (FAR) 2.101.

(b) Before awarding subcontracts for noncommercial acquisitions, where the subcontracts are over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, the Contractor shall conduct market research to determine, in the following order of priority, whether—

(1) A commercial product or commercial service can meet the agency's requirements;

(2) The requirements could be modified so the agency could use an existing commercial product or commercial service;

(3) A commercial product or commercial service could be modified to meet the agency's requirements; or

(4) The requirement can only be satisfied by a nondevelopmental item.

52.211-5 Material Requirements.

As prescribed in 11.302, insert the following clause:

MATERIAL REQUIREMENTS (DEVIATION DATE)

(a) *Definitions*.

As used in this clause—

Reconditioned means restored to the original normal operating condition by readjustments and material replacement.

Remanufactured means factory rebuilt to original specifications.

(b) A proposal to provide unused former Government surplus property shall include a complete description of the material, the quantity, the name of the Government agency from which acquired, and the date of acquisition.

(c) A proposal to provide used, reconditioned, or remanufactured supplies shall include a detailed description of such supplies and shall be submitted to the Contracting Officer for approval.

(d) Used, reconditioned, or remanufactured supplies, or unused former Government surplus property, may be used in contract performance if the Contractor has proposed the use of such supplies, and the Contracting Officer has authorized their use.

52.211-11 Liquidated Damages-Supplies, Services, or Research and Development.

As prescribed in 11.403(a), insert the following clause in solicitations and contracts:

LIQUIDATED DAMAGES-SUPPLIES, SERVICES, OR RESEARCH AND DEVELOPMENT (SEPT 2000)

(a) If the Contractor fails to deliver the supplies or perform the services within the time specified in this contract, the Contractor shall, in place of actual damages, pay to the Government liquidated damages of $__________ per calendar day of delay [*Contracting Officer insert amount*].

(b) If the Government terminates this contract in whole or in part under the Default-Fixed-Price Supply and Service clause, the Contractor is liable for liquidated damages accruing until the Government reasonably obtains delivery or performance of similar supplies or services. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(c) The Contractor will not be charged with liquidated damages when the delay in delivery or performance is beyond the control and without the fault or negligence of the Contractor as defined in the Default-Fixed-Price Supply and Service clause in this contract.

(End of clause)

52.211-12 Liquidated Damages-Construction.

As prescribed in 11.403(b), insert the following clause in solicitations and contracts:

LIQUIDATED DAMAGES-CONSTRUCTION (SEPT 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of ____________ *[Contracting Officer insert amount]* for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of clause)

52.211-13 Time Extensions.

As prescribed in 11.403(c), insert the following clause:

TIME EXTENSIONS (SEPT 2000)

Time extensions for contract changes will depend upon the extent, if any, by which the changes cause delay in the completion of the various elements of construction. The change order granting the time extension may provide that the contract completion date will be extended only for those specific elements related to the changed work and that the remaining contract completion dates for all other portions of the work will not be altered. The change order also may provide an equitable readjustment of liquidated damages under the new completion schedule.

(End of clause)

52.211-14 Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use.

As prescribed in 11.504(a), insert the following provision:

NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE,
EMERGENCY PREPAREDNESS, AND ENERGY PROGRAM USE (APR 2008)

Any contract awarded as a result of this solicitation will be □ DX rated order; □ DO rated order certified for national defense, emergency preparedness, and energy program use under the Defense Priorities and Allocations System (DPAS) (15 CFR700), and the Contractor will be required to follow all of the requirements of this regulation. [*Contracting Officer check appropriate box*.]

(End of provision)

52.211-15 Defense Priority and Allocation Requirements.

As prescribed in 11.504(b), insert the following clause:

DEFENSE PRIORITY AND ALLOCATION REQUIREMENTS (APR 2008)

This is a rated order certified for national defense, emergency preparedness, and energy program use, and the Contractor shall follow all the requirements of the Defense Priorities and Allocations System regulation (15 CFR part 700).

52.212 [Reserved]

52.212-1 Instructions to Offerors—Commercial Products and Commercial Services.

As prescribed in 12.205(a)(1), insert a clause substantially as follows:

INSTRUCTIONS TO OFFERORS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) *Submission of offers*. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include—

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers*. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers*.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

52.212-2 Evaluation—Commercial Products and Commercial Services.

As prescribed in 12.205(a)(2), insert a provision substantially as follows:

EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

[Insert evaluation factors in the relative order of importance. For requests for proposals, state: Evaluation factors other than price when combined are [significantly more important than price/approximately equal to price/significantly less important] than price. For invitations for bids, list only price and price-related factors.]

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

52.212-3 [Reserved]

(DEVIATION DATE)

52.212-4 Terms and Conditions—Commercial Products and Commercial Services.

As prescribed in 12.205(b)(3), insert the following clause:

TERMS AND CONDITIONS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) *Definitions*. The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference.

(b) *Inspection/Acceptance*. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights—

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(c) *Assignment*. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (*e.g.,* use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(d) *Changes*. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(e) *Disputes*. This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal, or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause FAR 52.233-1, Disputes, which is incorporated in this contract by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(f) *Excusable delays*. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs, the Contractor shall—

(1) Notify the Contracting Officer in writing as soon as possible;

(2) Remedy the delay as quickly as possible; and

(3) Notify the Contracting Officer when the occurrence is over.

(g) Invoice. The Government will handle invoices according to the Prompt Payment Act (31 U.S.C. 3903) and 5 CFR part 1315. The Contractor shall submit invoices to the address designated in the contract to receive invoices. An invoice must include the information required by 5 CFR part 1315.9(b).

(h) *Patent indemnity*. The Contractor shall indemnify the Government and its officers, employees, and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark, or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) *Payment*—

(1) *Items accepted*. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) *Prompt payment*. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(3) *Discount*. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(4) *Overpayments*. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable;

(D) Contractor point of contact; and

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(5) *Interest*. (i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) *Final decisions*. The Contracting Officer will issue a final decision as required by FAR part 33 if–

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR part 32).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a termination for cause.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures for interest credits prescribed in FAR part 32 in effect on the date of this contract.

(j) *Risk of loss*. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon—

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes*. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's convenience*. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title*. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty*. The Contractor warrants and implies that the items delivered under this contract are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability*. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Compliance with laws unique to Government contracts*. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 49 U.S.C. 40118, Government-financed air transportation; and 41 U.S.C. chapter 21 relating to procurement integrity.

(r) *Order of precedence*. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(1) The schedule of supplies/services;

(2) The Disputes, Payments, Invoice, Compliance with Laws Unique to Government Contracts, and Unauthorized Obligations paragraphs of this clause;

(3) Other contract clauses incorporated in the solicitation or contract;

(4) Addenda to this solicitation or contract;

(5) Solicitation provisions incorporated in the solicitation;

(6) Other paragraphs of this clause;

(7) Other documents, exhibits, and attachments; and

(8) The specification.

(s) *Unauthorized obligations*.

(1) Except as stated in paragraph (s)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes

any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government-authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (s)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(t) *Comptroller General examination of record*. This paragraph applies if this contract was awarded using other than sealed bid procedures and is in excess of the simplified acquisition threshold on the date of award of this contract.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor’s directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices, at all reasonable times, the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR part 4, longer period required by statute, or periods specified in other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This clause does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(u) *Incorporation by reference*. The Contractor’s representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(End of clause)

Alternate I (DEVIATION DATE). When contemplating a time-and-materials or labor-hour contract, substitute the following paragraphs (a), (b), (i), (l), and (m) for those in the basic clause.

(a) The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference. As used in this clause—

Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are—

(1) Performed by the contractor;

(2) Performed by the subcontractors; or

(3) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

Materials means—

(1) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a common control;

(2) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

(3) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.);

(4) The following subcontracts for services which are specifically excluded from the hourly rate: *[Insert any subcontracts for services to be excluded from the hourly rates prescribed in the schedule.]*; and

(5) Indirect costs specifically provided for in this clause.

Subcontract means any contract, as defined in FAR 2.101, entered into with a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract including transfers between divisions, subsidiaries, or affiliates of a contractor or subcontractor. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) *Inspection/Acceptance*.

(1) The Government has the right to inspect and test all materials furnished and services performed under this contract at all places and times before acceptance. The Government will perform inspections and tests in a manner that will not unduly delay the work.

(2) If the Government performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(3) Unless otherwise specified in the contract, the Government will accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they will be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the Government may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (b)(6) of this clause, the cost of replacement or correction shall be determined under paragraph (i) of this clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the "hourly rate" attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken. *[Insert portion of labor rate attributable to profit.]*

(5)(i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government), the Government may—

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (b)(4) and (5) of this clause, the Government may, at any time, require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to—

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(ii) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(i) *Payments*.

(1) *Work performed*. The Government will pay the Contractor as follows upon the submission of commercial invoices approved by the Contracting Officer:

(i) *Hourly rate*.

(A) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the contract by the number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

(B) The rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by individuals that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.

(C) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the Contracting Officer or the authorized representative.

(D) When requested by the Contracting Officer or the authorized representative, the Contractor shall substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment, individual daily job timecards, records that verify the employees meet the qualifications for the labor categories specified in the contract, or other substantiation specified in the contract.

(E) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis.

(*1*) If no overtime rates are provided in the Schedule and the Contracting Officer approves overtime work in advance, overtime rates shall be negotiated.

(*2*) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(*3*) If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(ii) *Materials*.

(A) If the Contractor furnishes materials that meet the definition of a commercial product at FAR 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the—

(*1*) Quantities being acquired; and

(*2*) Any modifications necessary because of contract requirements.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the Government will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor—

(*1*) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(*2*) Makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall—

(*1*) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(*2*) Give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) Unless listed below, other direct and indirect costs will not be reimbursed.

(*1*) *Other direct costs*. The Government will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: *[Insert each element of other direct costs (e.g., travel, computer usage charges, etc. Insert "None" if no reimbursement for other direct costs will be provided. If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the elements of other direct charge(s) for that order or, if no reimbursement for other direct costs will be provided, insert 'None'".]*

(*2) Indirect costs (material handling, subcontract administration, etc.)*. The Government will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price: *[Insert a fixed amount for the indirect costs and payment schedule. Insert "$0" if no fixed price reimbursement for indirect costs will be provided. (If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the fixed amount for the indirect costs and payment schedule or, if no reimbursement for indirect costs, insert 'None')."]*

(2) *Total cost*. The total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than the stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the

stated ceiling price, the Contracting Officer will so advise the Contractor, giving the revised estimate of the total amount of effort to be required under the contract.

(3) *Ceiling price*. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) *Access to records*. At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment—

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost—

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) *Overpayments/Underpayments*. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government will pay any such increases within 30 days, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) *Interest*.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury, as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six-month period as established by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) The Contracting Officer will issue a final decision if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer.

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in FAR part 32 in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the "completion invoice" and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims*. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment*. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(9) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(l) *Termination for the Government's convenience*. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work under this contract and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon written request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. Subject to the terms of this contract, the Contractor shall be paid an amount computed under paragraph (i), Payments, of this clause, but the "hourly rate" for labor hours expended in furnishing work not delivered to or accepted by the Government shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified in paragraph (b)(4) of this clause, the portion of the "hourly rate" attributable to profit shall be 10 percent. In the event of termination for cause, the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

52.213-1 [Reserved]

(DEVIATION DATE)

52.213-2 [Reserved]

(DEVIATION DATE)

52.213-3 [Reserved]

(DEVIATION DATE)

52.213-4 Terms and Conditions—Simplified Acquisitions (Noncommercial).
As prescribed in 13.204(b), insert the following clause:

TERMS AND CONDITIONS—SIMPLIFIED ACQUISITIONS (NONCOMMERCIAL) (DEVIATION DATE)

(a) *Inspection/Acceptance*. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights—

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Excusable delays*. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs, the Contractor shall—

(1) Notify the Contracting Officer in writing as soon as possible;

(2) Remedy the delay as quickly as possible; and

(3) Notify the Contracting Officer when the occurrence is over.

(c) *Termination for the Government's convenience*. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(d) *Termination for cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(e) *Warranty*. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(End of clause)

52.214 [Reserved]

52.214-1 [Reserved]

52.214-2 [Reserved]

52.214-3 Amendments to Invitations for Bids.

As prescribed in 14.207(b)(1), insert the following provision:

AMENDMENTS TO INVITATIONS FOR BIDS (DEVIATION DATE)

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) (1) Bidders shall acknowledge receipt of any amendment to this solicitation-

(i) By signing and returning the amendment;

(ii) By identifying the amendment number and date in space provided for this purpose on the form for submitting a bid;

(iii) By letter; or

(iv) By email, if email bids are authorized in the solicitation.

(2) The Government shall receive the acknowledgement by the time and at the place specified for receipt of bids.

(End of provision)

52.214-4 False Statements in Bids.

As prescribed in 14.207(b)(2), insert the following provision:

FALSE STATEMENTS IN BIDS (APR 1984)

Bidders shall provide full, accurate, and complete information as required by this solicitation and its attachments. The penalty for making false statements in bids is prescribed in 18 U.S.C. 1001.

(End of provision)

52.214-5 Submission of Bids.

As prescribed in 14.207(b)(3), insert the following provision:

SUBMISSION OF BIDS (DEVIATION DATE)

(a) Bids and bid modifications shall be submitted in sealed envelopes or packages (unless submitted by electronic means) (1) addressed to the office specified in the solicitation, and (2) showing the time and date specified for receipt, the solicitation number, and the name and address of the bidder.

(b) Bidders using commercial carrier services shall ensure that the bid is addressed and marked on the outermost envelope or wrapper as prescribed in subparagraphs (a) (1) and (2) of this provision when delivered to the office specified in the solicitation.

(c) Bids submitted by electronic commerce shall be considered only if the electronic commerce method was specifically stipulated or permitted by the solicitation.

(End of provision)

52.214-6 Explanation to Prospective Bidders.

As prescribed in 14.207(b)(4), insert the following provision:

EXPLANATION TO PROSPECTIVE BIDDERS (APR 1984)

Any prospective bidder desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., shall request it in writing soon enough to allow a reply to reach all prospective bidders before the submission of their bids. Oral explanations or instructions given before the award of a contract will not be binding. Any information given a prospective bidder concerning a solicitation will be furnished promptly to all other prospective bidders as an amendment to the solicitation, if that information is necessary in submitting bids or if the lack of it would be prejudicial to other prospective bidders.

(End of provision)

52.214-7 Late Submissions, Modifications, and Withdrawals of Bids.

As prescribed in 14.207(b)(5), insert the following provision:

LATE SUBMISSIONS, MODIFICATIONS, AND WITHDRAWALS OF BIDS (DEVIATION DATE)

(a) Bidders are responsible for submitting bids, and any modifications or withdrawals, so as to reach the Government office designated in the invitation for bids (IFB) by the time specified in the IFB. If no time is specified in the IFB, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that bids are due.

(b) (1) Any bid, modification, or withdrawal received at the Government office designated in the IFB after the exact time specified for receipt of bids is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late bid would not unduly delay the acquisition; and—

(i) If it was transmitted through an electronic commerce method authorized by the IFB, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of bids; or

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of bids and was under the Government's control prior to the time set for receipt of bids.

(2) However, a late modification of an otherwise successful bid that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the bid wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that bids cannot be received at the Government office designated for receipt of bids by the exact time specified in the IFB and urgent Government requirements preclude amendment of the IFB, the time specified for receipt of bids will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(e) Bids may be withdrawn by written notice received at any time before the exact time set for receipt of bids. A bid may be withdrawn in person by a bidder or its authorized representative if, before the exact time set for receipt of bids, the identity of the person requesting withdrawal is established and the person signs a receipt for the bid.

(End of provision)

52.214-8 [Reserved]

52.214-9 [Reserved]

52.214-10 Contract Award-Sealed Bidding.

As prescribed in 14.207(c), insert the following provision:

CONTRACT AWARD-SEALED BIDDING (JULY 1990)

(a) The Government will evaluate bids in response to this solicitation without discussions and will award a contract to the responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the Government considering only price and the price-related factors specified elsewhere in the solicitation.

(b) The Government may-

(1) Reject any or all bids;
(2) Accept other than the lowest bid; and
(3) Waive informalities or minor irregularities in bids received.

(c) The Government may accept any item or group of items of a bid, unless the bidder qualifies the bid by specific limitations. Unless otherwise provided in the Schedule, bids may be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the bidder specifies otherwise in the bid.

(d) A written award or acceptance of a bid mailed or otherwise furnished to the successful bidder within the time for acceptance specified in the bid shall result in a binding contract without further action by either party.

(e) The Government may reject a bid as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the Government even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.

(End of provision)

52.214-11 [Reserved]

52.214-12 Preparation of Bids.

As prescribed in 14.207(d), insert the following provision:

PREPARATION OF BIDS (APR 1984)

(a) Bidders are expected to examine the drawings, specifications, Schedule, and all instructions. Failure to do so will be at the bidder's risk.

(b) Each bidder shall furnish the information required by the solicitation. The bidder shall sign the bid and print or type its name on the Schedule and each continuation sheet on which it makes an entry. Erasures or other changes shall be initialed by the person signing the bid. Bids signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(c) For each item offered, bidders shall (1) show the unit price, including, unless otherwise specified, packaging, packing, and preservation and (2) enter the extended price for the quantity of each item offered in the "Amount" column of the Schedule. In case of discrepancy between a unit price and an extended price, the unit price will be presumed to be correct, subject, however, to correction to the same extent and in the same manner as any other mistake.

(d) Bids for supplies or services other than those specified will not be considered unless authorized by the solicitation.

(e) Bidders shall state a definite time for delivery of supplies or for performance of services, unless otherwise specified in the solicitation.

(f) Time, if stated as a number of days, will include Saturdays, Sundays, and holidays.

(End of provision)

52.214-13 [Reserved]

52.214-14 Place of Performance-Sealed Bidding.

As prescribed in 14.207(e), insert the following provision:

PLACE OF PERFORMANCE-SEALED BIDDING (APR 1985)

(a) The bidder, in the performance of any contract resulting from this solicitation, □ intends, □ does not intend [*check applicable box*] to use one or more plants or facilities located at a different address from the address of the bidder as indicated in this bid.

(b) If the bidder checks "intends" in paragraph (a) of this provision, it shall insert in the spaces provided below the required information:

PLACE OF PERFORMANCE (STREET ADDRESS, CITY, COUNTY, STATE, ZIP CODE)	NAME AND ADDRESS OF OWNER AND OPERATOR OF THE PLANT OR FACILITY IF OTHER THAN BIDDER
____________________	____________________
____________________	____________________

(End of provision)

52.214-15 Period for Acceptance of Bids.

As prescribed in 14.207(f), insert the following provision:

PERIOD FOR ACCEPTANCE OF BIDS (APR 1984)

In compliance with the solicitation, the bidder agrees, if this bid is accepted within ______ calendar days (60 calendar days unless a different period is inserted by the bidder) from the date specified in the solicitation for receipt of bids, to furnish any or all items upon which prices are bid at the price set opposite each item, delivered at the designated point(s), within the time specified in the Schedule.

(End of provision)

52.214-16 Minimum Bid Acceptance Period.

As prescribed in 14.207(g), insert the following provision:

MINIMUM BID ACCEPTANCE PERIOD (APR 1984)

(a) "Acceptance period," as used in this provision, means the number of calendar days available to the Government for awarding a contract from the date specified in this solicitation for receipt of bids.

(b) This provision supersedes any language pertaining to the acceptance period that may appear elsewhere in this solicitation.

(c) The Government requires a minimum acceptance period of __________ calendar days [*the Contracting Officer shall insert the number of days*].

(d) In the space provided immediately below, bidders may specify a longer acceptance period than the Government's minimum requirement.

The bidder allows the following acceptance period: __________ calendar days.

(e) A bid allowing less than the Government's minimum acceptance period will be rejected.

(f) The bidder agrees to execute all that it has undertaken to do, in compliance with its bid, if that bid is accepted in writing within-

(1) The acceptance period stated in paragraph (c) of this clause; or

(2) Any longer acceptance period stated in paragraph (d) of this clause.

(End of clause)

52.214-17 [Reserved]

52.214-18 Preparation of Bids-Construction.

As prescribed in 14.207(h), insert the following provision:

PREPARATION OF BIDS-CONSTRUCTION (APR 1984)

(a) Bids must be-

(1) Submitted on the forms furnished by the Government or on copies of those forms, and

(2) *Manually signed.* The person signing a bid must initial each erasure or change appearing on any bid form.

(b) The bid form may require bidders to submit bid prices for one or more items on various bases, including-

(1) Lump sum bidding;
(2) Alternate prices;
(3) Units of construction; or
(4) Any combination of paragraphs (b)(1) through (b)(3) of this provision.

(c) If the solicitation requires bidding on all items, failure to do so will disqualify the bid. If bidding on all items is not required, bidders should insert the words "no bid" in the space provided for any item on which no price is submitted.

(d) Alternate bids will not be considered unless this solicitation authorizes their submission.

(End of provision)

52.214-19 Contract Award-Sealed Bidding-Construction.

As prescribed in 14.207(i), insert the following provision:

CONTRACT AWARD-SEALED BIDDING-CONSTRUCTION (AUG 1996)

(a) The Government will evaluate bids in response to this solicitation without discussions and will award a contract to the responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the Government, considering only price and the price-related factors specified elsewhere in the solicitation.

(b) The Government may reject any or all bids, and waive informalities or minor irregularities in bids received.

(c) The Government may accept any item or combination of items, unless doing so is precluded by a restrictive limitation in the solicitation or the bid.

(d) The Government may reject a bid as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the Government even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.

(End of provision)

52.214-20 Bid Samples.

As prescribed in 14.207(j)(1), insert the following provision:

BID SAMPLES (APR 2002)

(a) "Bid sample" means a product sample required to be submitted by a bidder to show those characteristics of the offered products that cannot adequately be described by specifications, purchase descriptions, or the invitation for bid (*e.g.,* balance, facility of use, or pattern).

(b) Bidders must furnish bid samples as part of the bid. The Government must receive the bid samples by the time specified in the invitation for bids. If the bidder fails to submit samples on time, the Government will reject the bid, except that the Contracting Officer will consider a late sample sent by mail under the Late Submissions, Modifications, and Withdrawals of Bids provision of this solicitation.

(c) The Government will test or evaluate bid samples to determine compliance with all the characteristics listed for examination in this solicitation. The Government will reject the bid when the sample fails to conform to the required characteristics. Products delivered under any resulting contract must conform to-

(1) The approved sample for the characteristics listed for test or evaluation; and
(2) The specifications for all other characteristics.

(d) Unless otherwise specified in the solicitation, bid samples shall be-

(1) Submitted at no expense to the Government; and
(2) Returned at the bidder’s request and expense, unless they are destroyed during preaward testing.

(End of provision)

Alternate I (MAY 2002). As prescribed in 14.207(j)(2)(i), insert the following Alternate I:

(e) At the discretion of the Contracting Officer, the requirement for furnishing bid samples may be waived for a bidder if-

(1) The bid states that the offered product is the same as a product offered by the bidder to the _______________ *[as appropriate, the Contracting Officer shall designate the contracting office or an alternate activity or office]*; and

(2) The Contracting Officer determines that the previously offered product was accepted or tested and found to comply with specification and other requirements for technical acceptability conforming in every material respect with those in this solicitation.

Alternate II (MAY 2002). As prescribed in 14.207(j)(2)(ii), insert the following Alternate II:

(e) At the discretion of the Contracting Officer, the requirements for furnishing bid samples may be waived for a bidder if-

(1) The bid states that the offered product is the same as a product offered by the bidder to the _________ *[as appropriate, the Contracting Officer shall designate the contracting office or an alternate activity or office]* on a previous acquisition;

(2) The Contracting Officer determines that the previously offered product was accepted or tested and found to comply with specification and other requirements for technical acceptability conforming in every material respect with those of this solicitation; and

(3) The product offered under this solicitation will be produced under a resulting contract at the same plant in which the previously acquired or tested product was produced.

52.214-21 Descriptive Literature.

As prescribed in 14.207(k)(1), insert the following provision:

DESCRIPTIVE LITERATURE (APR 2002)

(a) "Descriptive literature," as used in this provision, means information furnished by a bidder, such as cuts, illustrations, drawings, and brochures, that shows a product's characteristics or construction or explains its operation. The term includes only that information required to evaluate the acceptability of the product and excludes other information for operating or maintaining the product.

(b) Descriptive literature is required to establish, for the purpose of evaluation and award, details of the product offered that are specified elsewhere in the solicitation and pertain to significant elements such as-

(1) Design;

(2) Materials;

(3) Components;

(4) Performance characteristics; and

(5) Methods of manufacture, assembly, construction, or operation.

(c) Descriptive literature, required elsewhere in this solicitation, shall be-

(1) Identified to show the item(s) of the offer to which it applies; and

(2) Received by the time specified in this solicitation.

(d) If the bidder fails to submit descriptive literature on time, the Government will reject the bid, except that late descriptive literature sent by mail may be considered under the Late Submissions, Modifications, and Withdrawals of Bids provision of this solicitation.

(e) If the descriptive literature fails to show that the product offered conforms to the requirements of the solicitation, the Government will reject the bid.

(End of provision)

Alternate I (JAN 2017). As prescribed in 14.207(k)(2), add the following paragraphs (f) and (g) to the basic provision:

(f) The Contracting Officer may waive the requirement for furnishing descriptive literature if the offeror has supplied a product that is the same as that required by this solicitation under a prior contract. A bidder that requests a waiver of this requirement shall provide the following information:

Prior contract number ____________

Date of prior contract ____________

Line item number of product supplied ______

Name and address of Government activity to which delivery was made ___________________________

Date of final delivery of product supplied ____________

(g) Bidders shall submit bids on the basis of required descriptive literature or on the basis of a previously supplied product under paragraph (f) of this provision. A bidder submitting a bid on one of these two bases may not elect to have its bid considered on the alternative basis after the time specified for receipt of bids. The Government will disregard a bidder's request for a waiver under paragraph (f) if that bidder has submitted the descriptive literature requested under this solicitation.

52.214-22 Evaluation of Bids for Multiple Awards.

As prescribed in 14.207(l), insert the following provision:

EVALUATION OF BIDS FOR MULTIPLE AWARDS (MAR 1990)

In addition to other factors, bids will be evaluated on the basis of advantages and disadvantages to the Government that might result from making more than one award (multiple awards). It is assumed, for the purpose of evaluating bids, that $500 would be the administrative cost to the Government for issuing and administering each contract awarded under this solicitation, and individual awards will be for the items or combinations of items that result in the lowest aggregate cost to the Government, including the assumed administrative costs.

(End of provision)

52.214-23 Late Submissions, Modifications, Revisions, and Withdrawals of Technical Proposals under Two-Step Sealed Bidding.

As prescribed in 14.207(m), insert the following provision:

LATE SUBMISSIONS, MODIFICATIONS, REVISIONS, AND WITHDRAWALS OF TECHNICAL PROPOSALS UNDER TWO-STEP SEALED BIDDING (DEVIATION DATE)

(a) Bidders are responsible for submitting technical proposals, and any modifications or revisions, so as to reach the Government office designated in the request for technical proposals by the time specified in the invitation for bids (IFB). If no time is specified in the IFB, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that bids or revisions are due.

(b) (1) Any technical proposal under step one of two-step sealed bidding or modification, revision, or withdrawal of such proposal received at the Government office designated in the request for technical proposals after the exact time specified for receipt will not be considered unless the Contracting Officer determines that accepting the late technical proposal would not unduly delay the acquisition; and—

(i) If it was transmitted through an electronic commerce method authorized by the request for technical proposals, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt; or

(iii) It is the only proposal received and it is negotiated under part 15 of the Federal Acquisition Regulation.

(2) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the technical proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that technical proposals cannot be received at the Government office designated for receipt of technical proposals by the exact time specified in the request for technical proposals, and urgent Government requirements preclude amendment of the request for technical proposals, the time specified for receipt of technical proposals will be deemed to be extended to the same time of day specified in the request for technical proposals on the first work day on which normal Government processes resume.

(e) Technical proposals may be withdrawn by written notice received at any time before the exact time set for receipt of technical proposals. A technical proposal may be withdrawn in person by a bidder or its authorized representative if, before the exact time set for receipt of technical proposals, the identity of the person requesting withdrawal is established and the person signs a receipt for the technical proposal.

(End of provision)

52.214-24 Multiple Technical Proposals.

As prescribed in 14.207(n), insert the following provision:

MULTIPLE TECHNICAL PROPOSALS (APR 1984)

In the first step of this two-step acquisition, solicited sources are encouraged to submit multiple technical proposals presenting different basic approaches. Each technical proposal submitted will be separately evaluated and the submitter will be notified as to its acceptability.

(End of provision)

52.214-25 Step Two of Two-Step Sealed Bidding.

As prescribed in 14.207(o), insert the following provision:

STEP TWO OF TWO-STEP SEALED BIDDING (DEVIATION DATE)

(a) This invitation for bids is issued to initiate step two of two-step sealed bidding under section 14.211 of the Federal Acquisition Regulation.

(b) The only bids that the Contracting Officer may consider for award of a contract are those received from bidders that have submitted acceptable technical proposals in step one of this acquisition under ________________ *[the Contracting Officer shall insert the identification of the step-one request for technical proposals]*.

(c) Any bidder that has submitted multiple technical proposals in step one of this acquisition may submit a separate bid on each technical proposal that was determined to be acceptable to the Government.

(End of provision)

52.214-26 Audit and Records-Sealed Bidding.

As prescribed in 14.208(a), insert the following clause:

AUDIT AND RECORDS-SEALED BIDDING (DEVIATION DATE)

(a) As used in this clause, records includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) *Certified cost or pricing data*. If the Contractor has been required to submit certified cost or pricing data in connection with the pricing of any modification to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to—

(1) The proposal for the modification;

(2) The discussions conducted on the proposal(s), including those related to negotiating;

(3) Pricing of the modification; or

(4) Performance of the modification.

(c) *Comptroller General*. In the case of pricing any modification, the Comptroller General of the United States, or an authorized representative, shall have the same rights as specified in paragraph (b) of this clause and also the right to interview any current employee regarding such transactions.

(d) *Availability*. The Contractor shall make available at its office at all reasonable times the materials described in paragraph (b) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract, or for any other period specified in subpart 4.7 of the Federal Acquisition Regulation (FAR). FAR Subpart 4.7, Contractor Records Retention, in effect on the data of this contract, is incorporated by reference in its entirety and made a part of this contract.

(1) If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement.

(2) Records pertaining to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to the performance of this contract shall be made available until disposition of such appeals, litigation, or claims.

(e) *Subcontracts.* The Contractor shall insert a clause containing all the provisions of this clause, including this paragraph (e), in all subcontracts expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1) on the date of subcontract award.

(End of clause)

52.214-27 Price Reduction for Defective Certified Cost or Pricing Data-Modifications-Sealed Bidding.

As prescribed in 14.208(b)(1), insert the following clause:

PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA-MODIFICATIONS-SEALED BIDDING (JUN 2020)

(a) This clause shall become operative only for any modification to this contract involving aggregate increases and/or decreases in costs, plus applicable profits, expected to exceed the threshold for the submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-4(a)(1) on the date of execution of the modification, except that this clause does not apply to a modification if an exception under FAR 15.403-1(b) applies.

(b) If any price, including profit, negotiated in connection with any modification under this clause, was increased by any significant amount because (1) the Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (2)a subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data, or (3) any of these parties furnished data of any description that were not accurate, the price shall be reduced accordingly and the contract shall be modified to reflect the reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which this clause becomes operative under paragraph (a) of this clause

(c) Any reduction in the contract price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract or (2) the actual cost to the Contractor, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(d) (1) If the Contracting Officer determines under paragraph (b) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current certified cost or pricing data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (d)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if-

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification) and that the data were not submitted before such date.

(ii) An offset shall not be allowed if-

(A) The understated data was known by the Contractor to be understated when the Certificate of Current Cost or Pricing Data was signed; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the date of agreement on price.

(e) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid-

(1) Interest compounded daily, as required by 26U.S.C.6622, the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified cost or pricing data which were incomplete, inaccurate, or noncurrent.

(End of clause)

52.214-28 Subcontractor Certified Cost or Pricing Data-Modifications-Sealed Bidding.

As prescribed in 14.208(c), insert the following clause:

SUBCONTRACTOR CERTIFIED COST OR PRICING DATA-MODIFICATIONS-SEALED BIDDING (DEVIATION DATE)

(a) The requirements of paragraphs (b) and (c) of this clause shall—

(1) Become operative only for any modification to this contract involving aggregate increases and/or decreases in costs, plus applicable profits, expected to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-4(a)(1) on the date of execution of the modification, and

(2) Be limited to such modifications.

(b) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1), on the date of agreement on price or the date of award, whichever is later, or before pricing any subcontract modifications involving aggregate increases and/or decreases in costs, plus applicable profits, expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), as part of the subcontractor's proposal in accordance with FAR 15.408, Table 15-2 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price), unless an exception under FAR 15.403-1(b) applies. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-4(a)(1) is adjusted for inflation as set forth in FAR 1.108, then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(c) The Contractor shall require the subcontractor to certify in substantially the form prescribed in section 15.406-2 of the Federal Acquisition Regulation that, to the best of its knowledge and belief, the data submitted under paragraph (b) above were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in each subcontract that, when entered into, exceeds the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1).

(End of clause)

Alternate I (OCT 2025). As prescribed in 14.208(c)(1), substitute the following paragraph (b) in place of paragraph (b) of the basic clause:

(b) Unless an exception under FAR 15.403-1(b) applies, the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), as part of the subcontractor's proposal in accordance with FAR 15.408, Table 15-2 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price)—

(1) Before modifying any subcontract that was awarded prior to July 1, 2018, involving a pricing adjustment expected to exceed $950,000; or

(2) Before awarding any subcontract expected to exceed $2.5 million on or after July 1, 2018, or modifying any subcontract that was awarded on or after July 1, 2018, involving a pricing adjustment expected to exceed $2.5 million.

52.214-29 Order of Precedence-Sealed Bidding.

As prescribed in 14.208(d), insert the following clause:

ORDER OF PRECEDENCE-SEALED BIDDING (JAN 1986)

Any inconsistency in this solicitation or contract shall be resolved by giving precedence in the following order:

(a) The Schedule (excluding the specifications);

(b) Representations and other instructions;

(c) Contract clauses;

(d) Other documents, exhibits, and attachments; and

(e) The specifications.

(End of clause)

52.214-30 [Reserved]

52.214-31 [Reserved]

(DEVIATION DATE)

52.214-32 [Reserved]

52.214-33 [Reserved]

52.214-34 Submission of Offers in the English Language.

As prescribed in 14.207(p), insert the following provision:

SUBMISSION OF OFFERS IN THE ENGLISH LANGUAGE (APR 1991)

Offers submitted in response to this solicitation shall be in the English language. Offers received in other than English shall be rejected.

(End of provision)

52.214-35 Submission of Offers in U.S. Currency.

As prescribed in 14.207(q), insert the following provision:

SUBMISSION OF OFFERS IN U.S. CURRENCY (APR 1991)

Offers submitted in response to this solicitation shall be in terms of U.S. dollars. Offers received in other than U.S. dollars shall be rejected.

(End of provision)

This page intentionally left blank.

52.215 [Reserved]

52.215-1 Instructions to Offerors-Competitive Acquisition.

As prescribed in 15.110(a), insert the following provision:

INSTRUCTIONS TO OFFERORS-COMPETITIVE ACQUISITION (DEVIATION DATE)

(a) *Definitions*. As used in this provision-

In writing, *writing*, or *written* means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

Proposal modification is a change made to a proposal before the request for proposal closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

Proposal revision is a change to material elements of a proposal made after the request for proposal closing date, at the request of or as allowed by a Contracting Officer, as the result of negotiations.

Time, if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) *Amendments to requests for proposals*. If this request for proposal (RFP) is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this RFP by the date and time specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals. (1) (i) Proposals and modifications to proposals shall be—

(A) Submitted using the method and the format specified in the RFP;

(B) Addressed to the office specified in the RFP; and

(C) Showing the time and date specified for receipt, the RFP number, and the name and address of the offeror.

(ii) Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c)(1)(i)(B) and (C) of this provision.

(2) The first page of the proposal must show—

(i) The RFP number;

(ii) The name, address, and telephone number of the offeror (and electronic address if available);

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the RFP and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;

(iv) Names, titles, and telephone number (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this RFP; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) (i) Offerors are responsible for submitting proposals, and any modifications or revisions, so as to reach the Government office designated in the RFP by the time specified in the RFP. If no time is specified in the RFP, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii) (A) Any proposal, modification, or revision received at the Government office designated in the RFP after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(1) If it was transmitted through an electronic commerce method authorized by the RFP, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the RFP, and urgent Government requirements preclude amendment of the RFP, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the RFP on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral RFPs may be withdrawn orally. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the RFP, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this RFP in English, unless otherwise permitted by the RFP, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the RFP.

(6) Offerors may submit modifications to their proposals at any time before the RFP closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) *Offer expiration date*. Proposals in response to this RFP will be valid for the number of days specified on the RFP cover sheet (unless a different period is proposed by the offeror).

(e) *Restriction on disclosure and use of data*. Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall-

(1) Mark the title page with the following legend:

Mark the title page with the following legend: This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of, or in connection with, the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*]; and

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) Contract award. (1) The Government intends to award a contract or contracts resulting from this RFP to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the RFP.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract without negotiations with offerors (except clarifications as described in FAR 15.202(b)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct negotiations if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly evaluated proposals.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.

(7) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(8) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(9) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(10) If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(i) The agency's evaluation of the significant weaknesses or deficiencies in the debriefed offeror's offer.

(ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(iv) A summary of the rationale for award.

(v) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror.

(vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the RFP, applicable regulations, and other applicable authorities were followed by the agency.

(vii) For DoD contracts in excess of $10 million but not in excess of $100 million with a small business or nontraditional defense contractor (10 U.S.C. 3014), an option for the contractor to request disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(viii) For award of a DoD contract in excess of $100 million, disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(End of provision)

Alternate I–DEVIATION (DATE). As prescribed in 15.110(a)(1), substitute the following paragraph (f)(4) for paragraph (f)(4) of the provision:

(f)(4) The Government intends to evaluate proposals and award a contract after conducting negotiations with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

Alternate II–DEVIATION (DATE). As prescribed in 15.110(a)(2), add a paragraph (c)(9) substantially the same as the following to the basic clause:

(c)(9) Offerors may submit proposals that depart from stated requirements. Such proposals shall clearly identify why the acceptance of the proposal would be advantageous to the Government. Any deviations from the terms and conditions of the RFP, as well as the comparative advantage to the Government, shall be clearly identified and explicitly defined. The Government reserves the right to amend the RFP to allow all offerors an opportunity to submit revised proposals based on the revised requirements.

52.215-2 Audit and Records-Negotiation.

As prescribed in 15.110(b), insert the following clause:

AUDIT AND RECORDS-NEGOTIATION (DEVIATION DATE)

(a) As used in this clause, *records* includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) *Examination of costs*. If this is a cost-reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Contractor’s plants, or parts of them, engaged in performing the contract.

(c) *Certified cost or pricing data*. If the Contractor has been required to submit certified cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to-

(1) The proposal for the contract, subcontract, or modification;

(2) The discussions conducted on the proposal(s), including those related to negotiating;

(3) Pricing of the contract, subcontract, or modification; or

(4) Performance of the contract, subcontract or modification.

(d) *Comptroller General*.- (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Contractor's directly pertinent records involving transactions related to this contract or a subcontract hereunder and to interview any current employee regarding such transactions.

(2) This paragraph may not be construed to require the Contractor or subcontractor to create or maintain any record that the Contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) *Reports*. If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating-

(1) The effectiveness of the Contractor's policies and procedures to produce data compatible with the objectives of these reports; and

(2) The data reported.

(f) *Availability*. The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified for contractor record retention in Part 4 of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition—

(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and

(2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(g) (1) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, and—

(i) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;

(ii) For which certified cost or pricing data are required; or

(iii) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause.

(2) The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract.

(End of clause)

Alternate I [Reserved]

Alternate II (AUG 2016). As prescribed in 15.110(b)(3), add the following paragraph (h) to the clause:

(h) The provisions of the OMB Uniform Guidance at 2 CFR part 200, subpart F apply to this contract.

Alternate III (JUN 1999). As prescribed in 15.110(b)(4), delete paragraph (d) of the clause and redesignate the remaining paragraphs accordingly, and substitute the following paragraph (e) for the redesignated paragraph (e) of the clause:

(e) *Availability*. The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), and (d) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified for contractor record retention in Part 4 of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition—

(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and

(2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

52.215-3 [Reserved]

(DEVIATION DATE)

52.215-4 [Reserved]

52.215-5 [Reserved]

(DEVIATION DATE)

52.215-6 Place of Performance.

As prescribed in 15.110(f), insert the following provision:

PLACE OF PERFORMANCE (DEVIATION DATE)

(a) The offeror or respondent, in the performance of any contract resulting from this request for proposals, □ intends, □ does not intend [*check applicable block*] to use one or more plants or facilities located at a different address from the address of the offeror or respondent as indicated in this proposal or response to request for information.

(b) If the offeror or respondent checks "intends" in paragraph (a) of this provision, it shall insert in the following spaces the required information:

PLACE OF PERFORMANCE (STREET ADDRESS, CITY, STATE, COUNTY, ZIP CODE)	NAME AND ADDRESS OF OWNER AND OPERATOR OF THE PLANT OR FACILITY IF OTHER THAN OFFEROR OR RESPONDENT
____________________	______________________
____________________	______________________

(End of provision)

52.215-7 [Reserved]

52.215-8 Order of Precedence-Uniform Contract Format.

As prescribed in 15.110(h), insert the following clause:

ORDER OF PRECEDENCE-UNIFORM CONTRACT FORMAT (DEVIATION DATE)

Any inconsistency in this request for proposal or contract shall be resolved by giving precedence in the following order:

(a) The Schedule (excluding the specifications).

(b) Representations and other instructions.

(c) Contract clauses.

(d) Other documents, exhibits, and attachments.

(e) The specifications.

(End of clause)

52.215-9 Changes or Additions to Make-or-Buy Program.

As prescribed in 15.110(i), insert the following clause:

CHANGES OR ADDITIONS TO MAKE-OR-BUY PROGRAM (OCT 1997)

(a) The Contractor shall perform in accordance with the make-or-buy program incorporated in this contract. If the Contractor proposes to change the program, the Contractor shall, reasonably in advance of the proposed change, (1) notify the Contracting Officer in writing, and (2) submit justification in sufficient detail to permit evaluation. Changes in the place of performance of any "make" items in the program are subject to this requirement.

(b) For items deferred at the time of negotiation of this contract for later addition to the program, the Contractor shall, at the earliest possible time-

(1) Notify the Contracting Officer of each proposed addition; and

(2) Provide justification in sufficient detail to permit evaluation.

(c) Modification of the make-or-buy program to incorporate proposed changes or additions shall be effective upon the Contractor's receipt of the Contracting Officer's written approval.

(End of clause)

Alternate I-DEVIATION (DATE). As prescribed in 15.110(i)(1) add the following paragraph (d) to the clause:

(d) If the Contractor desires to reverse the categorization of “make” or “buy” for any item or items designated in the contract as subject to this paragraph, it shall—

(1) Support its proposal with certified cost or pricing data in accordance with FAR 15.408-2, Table 15-1, when required by FAR 15.403-3, and data other than certified cost or pricing data, to permit evaluation; and

(2) After approval is granted, promptly negotiate with the Contracting Officer an equitable reduction in the contract price in accordance with paragraph (k) of the Incentive Price Revision-Firm Target clause or paragraph (m) of the Incentive Price Revision-Successive Targets clause of this contract.

Alternate II-DEVIATION (DATE). As prescribed in 52.110(i)(2), add the following paragraph (d) to the clause:

(d) If the Contractor desires to reverse the categorization of “make” or “buy” for any item or items designated in the contract as subject to this paragraph, it shall—

(1) Support its proposal with certified cost or pricing data in accordance with FAR 15.408-2, Table 15-1, when required by FAR 15.403-3, and data other than certified cost or pricing data, to permit evaluation;

(2) Support its proposal with cost or pricing data to permit evaluation; and

(3) After approval is granted, promptly negotiate with the Contracting Officer an equitable reduction in the contract's total estimated cost and fee in accordance with paragraph (e) of the Incentive Fee clause of this contract.

52.215-10 Price Reduction for Defective Certified Cost or Pricing Data.

As prescribed in 15.110(j), insert the following clause:

PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA (AUG 2011)

(a) If any price, including profit or fee, negotiated in connection with this contract, or any cost reimbursable under this contract, was increased by any significant amount because—

(1) The Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data;

(2) A subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data; or

(3) Any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction.

(b) Any reduction in the contract price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract or (2) the actual cost to the Contractor, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(c) (1) If the Contracting Officer determines under paragraph (a) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current certified cost or pricing data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if-

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if—

(A) The understated data were known by the Contractor to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(d) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid-

(1) Interest compounded daily, as required by 26 U.S.C.6622, on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified cost or pricing data that were incomplete, inaccurate, or noncurrent.

(End of clause)

52.215-11 Price Reduction for Defective Certified Cost or Pricing Data-Modifications.

As prescribed in 15.110(k), insert the following clause:

PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA-MODIFICATIONS (DEVIATION DATE)

(a) This clause shall become operative only for any modification to this contract involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-3(a) on the date of execution of the modification, except that this clause does not apply to any modification if an exception under FAR 15.403-2 applies.

(b) If any price, including profit or fee, negotiated in connection with any modification under this clause, or any cost reimbursable under this contract, was increased by any significant amount because (1) the Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (2) a subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data, or (3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which this clause becomes operative under paragraph (a) of this clause.

(c) Any reduction in the contract price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract or (2) the actual cost to the Contractor, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(d) (1) If the Contracting Officer determines under paragraph (b) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current certified cost or pricing data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by paragraph (d)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if-

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if-

(A) The understated data were known by the Contractor to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(e) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid—

(1) Interest compounded daily, as required by 26 U.S.C.6622, on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified cost or pricing data that were incomplete, inaccurate, or noncurrent.

(End of clause)

52.215-12 Subcontractor Certified Cost or Pricing Data.

As prescribed in 15.110(l)(1), insert the following clause:

SUBCONTRACTOR CERTIFIED COST OR PRICING DATA (DEVIATION DATE)

(a) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-3(a), on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-3(a), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price), unless an exception under FAR 15.403-2 applies. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-3(a) is adjusted for inflation as set forth in FAR part 1, then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(b) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.403-4 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) In each subcontract that, when entered into, exceeds the threshold for submission of certified cost or pricing data in FAR 15.403-3(a), the Contractor shall insert either—

(1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of certified cost or pricing data for the subcontract; or

(2) The substance of the clause at FAR 52.215-13, *Subcontractor Certified Cost or Pricing Data—Modifications*.

(End of clause)

Alternate I-DEVIATION (Date). As prescribed in 15.110(l)(2), substitute the following paragraph (a) in place of paragraph (a) of the clause:

(a) Unless an exception under FAR 15.403-2 applies, the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price) before awarding any subcontract expected to exceed $2.5 million under any prime contract awarded on or after July 1, 2018.

52.215-13 Subcontractor Certified Cost or Pricing Data-Modifications.

As prescribed in 15.110(m)(1), insert the following clause:

SUBCONTRACTOR CERTIFIED COST OR PRICING DATA-MODIFICATIONS (DEVIATION DATE)

(a) The requirements of paragraphs (b) and (c) of this clause shall—

(1) Become operative only for any modification to this contract involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-3(a) on the date of execution of the modification; and

(2) Be limited to such modifications.

(b) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-3(a), on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-3(a), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price), unless an exception under FAR 15.403-2 applies. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-3(a) is adjusted for inflation as set forth in FAR part 1, then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(c) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.403-4 that, to the best of its knowledge and belief, the data submitted under paragraph (b) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in each subcontract that exceeds the threshold for submission of certified cost or pricing data in FAR 15.403-3(a) on the date of agreement on price or the date of award, whichever is later.

(End of clause)

Alternate I-DEVIATION (Date). As prescribed in 15.110(m)(2), substitute the following paragraphs (a), (b), and (d) for paragraphs (a), (b), and (d) of the clause:

(a) The requirements of paragraphs (b) and (c) of this clause shall—

(1) Become operative only for any modification to this contract involving aggregate increases and/or decreases in costs, plus applicable profits, expected to exceed the threshold for submission of certified cost or pricing data at FAR 15.403-3(a); and

(2) Be limited to such modifications.

(b) Unless an exception under FAR 15.403-2 applies, the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price)before modifying a subcontract under a prime contract awarded on after July 1, 2018 if the modification involves a pricing adjustment expected to exceed $2.5 million.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in each subcontract that exceeds $2.5 million.

52.215-14 Integrity of Unit Prices.

As prescribed in 15.110(n)(1), insert the following clause:

INTEGRITY OF UNIT PRICES (NOV 2021)

(a) Any proposal submitted for the negotiation of prices for items of supplies shall distribute costs within contracts on a basis that ensures that unit prices are in proportion to the items' base cost (*e.g.,* manufacturing or acquisition costs). Any method of distributing costs to line items that distorts unit prices shall not be used. For example, distributing costs equally among line items is not acceptable except when there is little or no variation in base cost. Nothing in this paragraph requires submission of certified cost or pricing data not otherwise required by law or regulation.

(b) When requested by the Contracting Officer, the Offeror/Contractor shall also identify those supplies that it will not manufacture or to which it will not contribute significant value.

(c) The Contractor shall insert the substance of this clause, less paragraph (b) of this clause, in all subcontracts for other than: acquisitions at or below the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award; construction or architect-engineer services under FAR part 36; utility services under FAR part 41; services where supplies are not required; commercial products and commercial services; and petroleum products.

(End of clause)

Alternate I (OCT 1997). As prescribed in 15.110(n)(2), substitute the following paragraph (b) for paragraph (b) of the clause:

(b) The Offeror/Contractor shall also identify those supplies that it will not manufacture or to which it will not contribute significant value.

52.215-15 Pension Adjustments and Asset Reversions.

As prescribed in 15.110(o), insert the following clause:

PENSION ADJUSTMENTS AND ASSET REVERSIONS (DEVIATION DATE)

(a) The Contractor shall promptly notify the Contracting Officer in writing when it determines that it will terminate a defined-benefit pension plan or otherwise recapture such pension fund assets.

(b) For segment closings, pension plan terminations, or curtailment of benefits, the amount of the adjustment shall be-

(1) For contracts and subcontracts that are subject to full coverage under the Cost Accounting Standards (CAS) Board rules and regulations (48 CFR Chapter 99), the amount measured, assigned, and allocated in accordance with 48 CFR 9904.413-50(c)(12) ; and

(2) For contracts and subcontracts that are not subject to full coverage under the CAS, the amount measured, assigned, and allocated in accordance with 48 CFR 9904.413-50(c)(12) , except the numerator of the fraction at 48 CFR 9904.413-50(c)(12)(vi) shall be the sum of the pension plan costs allocated to all non-CAS covered contracts and subcontracts that are subject to Federal Acquisition Regulation (FAR) subpart 31.2 or for which certified cost or pricing data were submitted.

(c) For all other situations where assets revert to the Contractor, or such assets are constructively received by it for any reason, the Contractor shall, at the Government's option, make a refund or give a credit to the Government for its equitable share of the gross amount withdrawn. The Government's equitable share shall reflect the Government's participation in pension costs through those contracts for which certified cost or pricing data were submitted or that are subject to FAR subpart 31.2.

(d) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.110(o).

(End of clause)

52.215-16 Facilities Capital Cost of Money.

As prescribed in 15.110(p), insert the following provision:

FACILITIES CAPITAL COST OF MONEY (JUN 2003)

(a) Facilities capital cost of money will be an allowable cost under the contemplated contract, if the criteria for allowability in FAR 31.205-10(b) are met. One of the allowability criteria requires the prospective Contractor to propose facilities capital cost of money in its offer.

(b) If the prospective Contractor does not propose this cost, the resulting contract will include the clause Waiver of Facilities Capital Cost of Money.

(End of provision)

52.215-17 Waiver of Facilities Capital Cost of Money.

As prescribed in 15.110(q), insert the following clause:

WAIVER OF FACILITIES CAPITAL COST OF MONEY (OCT 1997)

The Contractor did not include facilities capital cost of money as a proposed cost of this contract. Therefore, it is an unallowable cost under this contract.

(End of clause)

52.215-18 Reversion or Adjustment of Plans for Postretirement Benefits (PRB) Other Than Pensions.

As prescribed in 15.110(r), insert the following clause:

REVERSION OR ADJUSTMENT OF PLANS FOR POSTRETIREMENT BENEFITS (PRB) OTHER THAN PENSIONS (DEVIATION DATE)

(a) The Contractor shall promptly notify the Contracting Officer in writing when the Contractor determines that it will terminate or reduce the benefits of a PRB plan.

(b) If PRB fund assets revert or inure to the Contractor, or are constructively received by it under a plan termination or otherwise, the Contractor shall make a refund or give a credit to the Government for its equitable share as required by 31.205-6(o)(5) of the Federal Acquisition Regulation (FAR). When determining or agreeing on the method for recovery of the Government's equitable share, the contracting parties should consider the following methods: cost reduction, amortizing the credit over a number of years (with appropriate interest), cash refund, or some other agreed upon method. Should the parties be unable to agree on the method for recovery of the Government's equitable share, through good faith negotiations, the Contracting Officer shall designate the method of recovery.

(c) The Contractor shall insert the substance of this clause in all subcontracts that meet the applicability requirements of FAR 15.110(r).

(End of clause)

52.215-19 Notification of Ownership Changes.

As prescribed in 15.110(s), insert the following clause:

NOTIFICATION OF OWNERSHIP CHANGES (DEVIATION DATE)

(a) The Contractor shall make the following notifications in writing:

(1) When the Contractor becomes aware that a change in its ownership has occurred, or is certain to occur, that could result in changes in the valuation of its capitalized assets in the accounting records, the Contractor shall notify the Administrative Contracting Officer (ACO) within 30 days.

(2) The Contractor shall also notify the ACO within 30 days whenever changes to asset valuations or any other cost changes have occurred or are certain to occur as a result of a change in ownership.

(b) The Contractor shall-

(1) Maintain current, accurate, and complete inventory records of assets and their costs;

(2) Provide the ACO or designated representative ready access to the records upon request;

(3) Ensure that all individual and grouped assets, their capitalized values, accumulated depreciation or amortization, and remaining useful lives are identified accurately before and after each of the Contractor's ownership changes; and

(4) Retain and continue to maintain depreciation and amortization schedules based on the asset records maintained before each Contractor ownership change.

(c) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.110(s).

(End of clause)

52.215-20 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data.

As prescribed in 15.110(t), insert the following provision:

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA
OTHER THAN CERTIFIED COST OR PRICING DATA (DEVIATION DATE)

(a) Exceptions from certified cost or pricing data. (1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(i) *Identification of the law or regulation establishing the price offered*. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial product and commercial service exception*. For a commercial product and commercial service exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include-

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), *e.g.,* wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Schedule contract, proof that an exception has been granted for the schedule item.

(2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the offeror's determination of the prices to be offered in the catalog or marketplace.

(b) *Requirements for certified cost or pricing data*. If the offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The offeror shall prepare and submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-1 of FAR 15.408-2, which is incorporated

by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-1 are incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a different format and change this clause to use Alternate I.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4.

(End of provision)

Alternate I-DEVIATION (DATE). As prescribed in 15.110(t)(1), substitute the following paragraph (b)(1) for paragraph (b)(1) of the provision:

(b)(1) The offeror shall submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in the following format: *[Insert description of the data and format that are required, and include access to records necessary to permit an adequate evaluation of the proposed price in accordance with 15.408-2, Table 15-1, Note 2. The description may be inserted at the time of issuing the request for proposals, or the Contracting Officer may specify that the offeror's format will be acceptable, or the description may be inserted as the result of negotiations.]*

Alternate II (OCT 1997). As prescribed in 15.110(t)(2), add the following paragraph (c) to the provision:

(c) When the proposal is submitted, also submit one copy each to: (1) the Administrative Contracting Officer, and (2) the Contract Auditor.

Alternate III (OCT 1997). As prescribed in 15.110(t)(3), add the following paragraph (c) to the basic provision (if Alternate II is also used, redesignate the following paragraph as paragraph (d)).

(c) Submit the cost portion of the proposal via the following electronic media: *[Insert media format, e.g.,electronic spreadsheet format, electronic mail, etc.]*

Alternate IV-DEVIATION (DATE). As prescribed in 15.110(t)(4), replace the text of the provision with the following:

(a) Submission of certified cost or pricing data is not required.

(b) Provide data described below: *[Insert description of the data and the format that are required, including the access to records necessary to permit an adequate evaluation of the proposed price in accordance with 15.4.]*

52.215-21 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data-Modifications.

As prescribed in 15.110(u), insert the following clause:

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST OR PRICING DATA-MODIFICATIONS (DEVIATION DATE)

(a) Exceptions from certified cost or pricing data. (1) In lieu of submitting certified cost or pricing data for modifications under this contract, for price adjustments expected to exceed the threshold set forth in Federal Acquisition Regulation (FAR) 15.403-3(a) on the date of the agreement on price or the date of the award, whichever is later, the Contractor may submit a written request for exception by submitting the information described in paragraphs (a)(1)(i) and (ii) of this clause. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-3(a) is adjusted for inflation as set forth in FAR part 1, the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable—

(i) *Identification of the law or regulation establishing the price offered*. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Information on modifications of contracts or subcontracts for commercial products or commercial services.* (A) If—

(1) The original contract or subcontract was granted an exception from certified cost or pricing data requirements because the price agreed upon was based on adequate price competition or prices set by law or regulation, or was a contract or subcontract for the acquisition of a commercial product or commercial service; and

(2) The modification (to the contract or subcontract) is not exempted based on one of these exceptions, then the Contractor may provide information to establish that the modification would not change the contract or subcontract from

a contract or subcontract for the acquisition of a commercial product or commercial service, to a contract or subcontract for the acquisition of other than a commercial product or commercial service.

(B) For a commercial product and commercial service exception, the Contractor shall provide, at a minimum, information on prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price of the modification. Such information may include-

(1) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), *e.g.,* wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities.

(2) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market.

(3) For items included on an active Federal Supply Schedule contract, proof that an exception has been granted for the schedule item.

(2) The Contractor grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this clause, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the Contractor's determination of the prices to be offered in the catalog or marketplace.

(b) *Requirements for certified cost or pricing data*. If the Contractor is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The Contractor shall submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-1 of FAR 15.408-2, which is incorporated by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-1 are incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a different format and change this clause to use Alternate I.

(2) As soon as practicable after agreement on price, but before award (except for unpriced actions), the Contractor shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4.

(End of clause)

Alternate I-DEVIATION (DATE). As prescribed in 15.110(u)(1), substitute the following paragraph (b)(1) for paragraph (b)(1) of the basic clause.

(b)(1) The Contractor shall submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments prepared in the following format: *[Insert description of the data and format that are required and include access to records necessary to permit an adequate evaluation of the proposed price in accordance with 15.408-2, Table 15-1, Note 2. The description may be inserted at the time of issuing the request for proposals, or the Contracting Officer may specify that the offeror's format will be acceptable, or the description may be inserted as the result of negotiations.]*

Alternate II (OCT 1997). As prescribed in 15.110(u)(2), add the following paragraph (c) to the basic clause:

(c) When the proposal is submitted, also submit one copy each to: (1) the Administrative Contracting Officer, and (2) the Contract Auditor.

Alternate III (OCT 1997). As prescribed in 15.110(u)(3), add the following paragraph (c) to the basic clause (if Alternate II is also used, redesignate the following paragraph as paragraph (d)):

(c) Submit the cost portion of the proposal via the following electronic media: *[Insert media format]*

Alternate IV-DEVIATION (DATE). As prescribed in 15.110(u)(4), replace the text of the basic clause with the following:

(a) Submission of certified cost or pricing data is not required.

(b) Provide data described below: *[Insert description of the data and the format that are required, including the access to records necessary to permit an adequate evaluation of the proposed price in accordance with 15.4 .]*

52.215-22 Limitations on Pass-Through Charges-Identification of Subcontract Effort.

As prescribed in 15.110(v)(1), use the following provision:

LIMITATIONS ON PASS-THROUGH CHARGES-IDENTIFICATION OF SUBCONTRACT EFFORT (DEVIATION DATE)

(a) *Definitions*. Added value, excessive pass-through charge, subcontract, and subcontractor, as used in this provision, are defined in the clause of this request for proposals entitled "Limitations on Pass-Through Charges" (FAR 52.215-23).

(b) *General*. The offeror's proposal shall exclude excessive pass-through charges.

(c) Performance of work by the Contractor or a subcontractor. (1) The offeror shall identify in its proposal the total cost of the work to be performed by the offeror, and the total cost of the work to be performed by each subcontractor, under the contract, task order, or delivery order.

(2) If the offeror intends to subcontract more than 70 percent of the total cost of work to be performed under the contract, task order, or delivery order, the offeror shall identify in its proposal-

(i) The amount of the offeror's indirect costs and profit/fee applicable to the work to be performed by the subcontractor(s); and

(ii) A description of the added value provided by the offeror as related to the work to be performed by the subcontractor(s).

(3) If any subcontractor proposed under the contract, task order, or delivery order intends to subcontract to a lower-tier subcontractor more than 70 percent of the total cost of work to be performed under its subcontract, the offeror shall identify in its proposal-

(i) The amount of the subcontractor's indirect costs and profit/fee applicable to the work to be performed by the lower-tier subcontractor(s); and

(ii) A description of the added value provided by the subcontractor as related to the work to be performed by the lower-tier subcontractor(s).

(End of provision)

52.215-23 Limitations on Pass-Through Charges.

As prescribed in 15.110(v)(2), use the following clause:

LIMITATIONS ON PASS-THROUGH CHARGES (DEVIATION DATE)

(a) *Definitions*. As used in this clause-

Added value means that the Contractor performs subcontract management functions that the Contracting Officer determines are a benefit to the Government (*e.g.*, processing orders of parts or services, maintaining inventory, reducing delivery lead times, managing multiple sources for contract requirements, coordinating deliveries, performing quality assurance functions).

Excessive pass-through charge, with respect to a Contractor or subcontractor that adds no or negligible value to a contract or subcontract, means a charge to the Government by the Contractor or subcontractor that is for indirect costs or profit/fee on work performed by a subcontractor (other than charges for the costs of managing subcontracts and any applicable indirect costs and associated profit/fee based on such costs).

No or negligible value means the Contractor or subcontractor cannot demonstrate to the Contracting Officer that its effort added value to the contract or subcontract in accomplishing the work performed under the contract (including task or delivery orders).

Subcontract means any contract, as defined in Federal Acquisition Regulation (FAR)2.101, entered into by a subcontractor to furnish supplies or services for performance of the contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor, as defined in FAR part 44, means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

(b) *General*. The Government will not pay excessive pass-through charges. The Contracting Officer shall determine if excessive pass-through charges exist.

(c) *Reporting*. Required reporting of performance of work by the Contractor or a subcontractor. The Contractor shall notify the Contracting Officer in writing if-

(1) The Contractor changes the amount of subcontract effort after award such that it exceeds 70 percent of the total cost of work to be performed under the contract, task order, or delivery order. The notification shall identify the revised cost of the subcontract effort and shall include verification that the Contractor will provide added value; or

(2) Any subcontractor changes the amount of lower-tier subcontractor effort after award such that it exceeds 70 percent of the total cost of the work to be performed under its subcontract. The notification shall identify the revised cost of the subcontract effort and shall include verification that the subcontractor will provide added value as related to the work to be performed by the lower-tier subcontractor(s).

(d) *Recovery of excessive pass-through charges*. If the Contracting Officer determines that excessive pass-through charges exist;

(1) For other than fixed-price contracts, the excessive pass-through charges are unallowable in accordance with the provisions in FAR 31; and

(2) For applicable DoD fixed-price contracts, as identified in 15.110(v)(2)(i)(B), the Government shall be entitled to a price reduction for the amount of excessive pass-through charges included in the contract price.

(e) *Access to records*. (1) The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records (as defined at FAR 52.215-2(a)) necessary to determine whether the Contractor proposed, billed, or claimed excessive pass-through charges.

(2) For those subcontracts to which paragraph (f) of this clause applies, the Contracting Officer, or authorized representative, shall have the right to examine and audit all the subcontractor's records (as defined at FAR 52.215-2(a)) necessary to determine whether the subcontractor proposed, billed, or claimed excessive pass-through charges.

(f) *Subcontracts.*The Contractor shall insert the substance of this clause, including this paragraph (f), in all cost-reimbursement subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, except if the contract is with DoD, then insert in all cost-reimbursement subcontracts and fixed-price subcontracts, except those identified in FAR 15.110(v)(2)(i)(B)(2), that exceed the threshold for obtaining cost or pricing data in FAR 15.403-3(a) on the date of subcontract award.

(End of clause)

Alternate I (OCT 2009). As prescribed in 15.110(v)(2)(iii), substitute the following paragraph (b) for paragraph (b) of the clause:

(b) *General*. The Government will not pay excessive pass-through charges. The Contracting Officer has determined that there will be no excessive pass-through charges, provided the Contractor performs the disclosed value-added functions.

52.216 [Reserved]

52.216-1 Type of Contract.

As prescribed in 16.104 , complete and insert the following provision:

TYPE OF CONTRACT (DEVIATION DATE)

The Government contemplates award of a ______________ *[Contracting Officer insert specific type of contract]* contract resulting from this solicitation.

(End of provision)

Alternate I (DEVIATION DATE). As prescribed in 16.104, Include the following as paragraph (a) of the basic provision: Offerors may propose an alternative contract type.

52.216-2 Economic Price Adjustment-Standard Supplies.

As prescribed in 16.203-4(a), insert the following clause:

ECONOMIC PRICE ADJUSTMENT-STANDARD SUPPLIES (NOV 2021)

(a) The Contractor warrants that the unit price stated in the Schedule for ____________ [*offeror insert Schedule line item number*] is not in excess of the Contractor's applicable established price in effect on the contract date for like quantities of the same item. The term "unit price" excludes any part of the price directly resulting from requirements for preservation, packaging, or packing beyond standard commercial practice. The term "established price" means a price that-

(1) Is an established catalog or market price for a commercial product sold in substantial quantities to the general public; and

(2) Is the net price after applying any standard trade discounts offered by the Contractor.

(b) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in any applicable established price. Each corresponding contract unit price shall be decreased by the same percentage that the established price is decreased. The decrease shall apply to those items delivered on and after the effective date of the decrease in the Contractor's established price, and this contract shall be modified accordingly.

(c) If the Contractor's applicable established price is increased after the contract date, the corresponding contract unit price shall be increased, upon the Contractor's written request to the Contracting Officer, by the same percentage that the established price is increased, and the contract shall be modified accordingly, subject to the following limitations:

(1) The aggregate of the increases in any contract unit price under this clause shall not exceed 10 percent of the original contract unit price.

(2) The increased contract unit price shall be effective-

(i) On the effective date of the increase in the applicable established price if the Contracting Officer receives the Contractor's written request within 10 days thereafter; or

(ii) If the written request is received later, on the date the Contracting Officer receives the request.

(3) The increased contract unit price shall not apply to quantities scheduled under the contract for delivery before the effective date of the increased contract unit price, unless failure to deliver before that date results from causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the Default clause.

(4) No modification increasing a contract unit price shall be executed under this paragraph (c) until the Contracting Officer verifies the increase in the applicable established price.

(5) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability to either party, any undelivered portion of the contract items affected by the requested increase.

(d) During the time allowed for the cancellation provided for in paragraph (c)(5) of this clause, and thereafter if there is no cancellation, the Contractor shall continue deliveries according to the contract delivery schedule, and the Government shall pay for such deliveries at the contract unit price, increased to the extent provided by paragraph (c) of this clause.

(End of clause)

52.216-3 Economic Price Adjustment-Semistandard Supplies.

As prescribed in 16.203-4(b), insert the following clause:

ECONOMIC PRICE ADJUSTMENT-SEMISTANDARD SUPPLIES (NOV 2021)

(a) The Contractor warrants that the supplies identified as line items ____________ [*offeror insert Schedule line item number*] in the Schedule are, except for modifications required by the contract specifications, supplies for which it has an established price. The term "established price" means a price that (1)is an established catalog or market price for a commercial product sold in substantial quantities to the general public, and (2)is the net price after applying any standard trade discounts offered by the Contractor. The Contractor further warrants that, as of the date of this contract, any difference between the unit prices stated in the contract for these line items and the Contractor's established prices for like quantities of the nearest commercial equivalents are due to compliance with contract specifications and with any contract requirements for preservation, packaging, and packing beyond standard commercial practice.

(b) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in any applicable established price. Each corresponding contract unit price (exclusive of any part of the unit price that reflects modifications resulting from compliance with specifications or with requirements for preservation, packaging, and packing beyond standard commercial practice) shall be decreased by the same percentage that the established price is decreased. The decrease shall apply to those items delivered on and after the effective date of the decrease in the Contractor's established price, and this contract shall be modified accordingly.

(c) If the Contractor's applicable established price is increased after the contract date, the corresponding contract unit price (exclusive of any part of the unit price resulting from compliance with specifications or with requirements for preservation, packaging, and packing beyond standard commercial practice) shall be increased, upon the Contractor's written request to the Contracting Officer, by the same percentage that the established price is increased, and the contract shall be modified accordingly, subject to the following limitations:

(1) The aggregate of the increases in any contract unit price under this clause shall not exceed 10 percent of the original contract unit price.

(2) The increased contract unit price shall be effective-

(i) On the effective date of the increase in the applicable established price if the Contracting Officer receives the Contractor's written request within 10 days thereafter; or

(ii) If the written request is received later, on the date the Contracting Officer receives the request.

(3) The increased contract unit price shall not apply to quantities scheduled under the contract for delivery before the effective date of the increased contract unit price, unless failure to deliver before that date results from causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the Default clause.

(4) No modification increasing a contract unit price shall be executed under this paragraph (c) until the Contracting Officer verifies the increase in the applicable established price.

(5) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability to either party, any undelivered portion of the contract items affected by the requested increase.

(d) During the time allowed for the cancellation provided for in paragraph (c)(5) of this clause, and thereafter if there is no cancellation, the Contractor shall continue deliveries according to the contract delivery schedule, and the Government shall pay for such deliveries at the contract unit price, increased to the extent provided by paragraph (c) of this clause.

(End of clause)

52.216-4 Economic Price Adjustment-Labor and Material.

As prescribed in 16.203-4(c), insert the following clause:

ECONOMIC PRICE ADJUSTMENT-LABOR AND MATERIAL (JAN 2017)

(a) The Contractor shall notify the Contracting Officer if, at any time during contract performance, the rates of pay for labor (including fringe benefits) or the unit prices for material shown in the Schedule either increase or decrease. The Contractor shall furnish this notice within 60 days after the increase or decrease, or within any additional period that the Contracting Officer may approve in writing, but not later than the date of final payment under this contract. The notice shall include the Contractor's proposal for an adjustment in the contract unit prices to be negotiated under paragraph (b) of this clause, and shall include, in the form required by the Contracting Officer, supporting data explaining the cause, effective date, and amount of the increase or decrease and the amount of the Contractor's adjustment proposal.

(b) Promptly after the Contracting Officer receives the notice and data under paragraph (a) of this clause, the Contracting Officer and the Contractor shall negotiate a price adjustment in the contract unit prices and its effective date. However, the Contracting Officer may postpone the negotiations until an accumulation of increases and decreases in the labor rates (including fringe benefits) and unit prices of material shown in the Schedule results in an adjustment allowable under paragraph (c)(3) of this clause. The Contracting Officer shall modify this contract (1)to include the price adjustment and its effective date and (2)to revise the labor rates (including fringe benefits) or unit prices of material as shown in the Schedule to reflect the increases or decreases resulting from the adjustment. The Contractor shall continue performance pending agreement on, or determination of, any adjustment and its effective date.

(c) Any price adjustment under this clause is subject to the following limitations:

(1) Any adjustment shall be limited to the effect on unit prices of the increases or decreases in the rates of pay for labor (including fringe benefits) or unit prices for material shown in the Schedule. There shall be no adjustment for-

(i) Supplies or services for which the production cost is not affected by such changes;

(ii) Changes in rates or unit prices other than those shown in the Schedule; or

(iii) Changes in the quantities of labor or material used from those shown in the Schedule for each item.

(2) No upward adjustment shall apply to supplies or services that are required to be delivered or performed before the effective date of the adjustment, unless the Contractor's failure to deliver or perform according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of the Default clause.

(3) There shall be no adjustment for any change in rates of pay for labor (including fringe benefits) or unit prices for material which would not result in a net change of at least 3 percent of the then-current total contract price. This limitation shall not apply, however, if, after final delivery of all line items, either party requests an adjustment under paragraph (b) of this clause.

(4) The aggregate of the increases in any contract unit price made under this clause shall not exceed 10 percent of the original unit price. There is no percentage limitation on the amount of decreases that may be made under this clause.

(d) The Contracting Officer may examine the Contractor's books, records, and other supporting data relevant to the cost of labor (including fringe benefits) and material during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(End of clause)

52.216-5 Price Redetermination-Prospective.

As prescribed in 16.204-4 , insert the following clause:

PRICE REDETERMINATION-PROSPECTIVE (DEVIATION DATE)

(a) *General*. The unit prices and the total price stated in this contract shall be periodically redetermined in accordance with this clause, except that-

(1) The prices for supplies delivered and services performed before the first effective date of price redetermination (see paragraph (c) of this clause) shall remain fixed; and

(2) In no event shall the total amount paid under this contract exceed any ceiling price included in the contract.

(b) *Definition*. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract.

(c) *Price redetermination periods*. For the purpose of price redetermination, performance of this contract is divided into successive periods. The first period shall extend from the date of the contract to ________, [*see Note (1)*] and the second and each succeeding period shall extend for ________ *[insert appropriate number]* months from the end of the last preceding period, except that the parties may agree to vary the length of the final period. The first day of the second and each succeeding period shall be the effective date of price redetermination for that period.

(d) Data submission. (1) Not more than _______ nor less than ______ [*see Note (2)*] days before the end of each redetermination period, except the last, the Contractor shall submit-

(i) Proposed prices for supplies that may be delivered or services that may be performed in the next succeeding period, and-

(A) An estimate and breakdown of the costs of these supplies or services in the format of Table 15-1, FAR 15.408, or in any other form on which the parties may agree;

(B) Sufficient data to support the accuracy and reliability of this estimate; and

(C) An explanation of the differences between this estimate and the original (or last preceding) estimate for the same supplies or services; and

(ii) A statement of all costs incurred in performing this contract through the end of the _______________ month (see Note (3)) before the submission of proposed prices in the format of Table 15-1, FAR 15.408 (or in any other form on which the parties may agree), with sufficient supporting data to disclose unit costs and cost trends for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary).

(2) The Contractor shall also submit, to the extent that it becomes available before negotiations on redetermined prices are concluded-

(i) Supplemental statements of costs incurred after the date stated in subdivision (d)(1)(ii) of this section for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary); and

(ii) Any other relevant data that the Contracting Officer may reasonably require.

(3) If the Contractor fails to submit the data required by paragraphs (d)(1) and (2) of this section, within the time specified, the Contracting Officer may suspend payments under this contract until the data are furnished. If it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the Interest clause.

(e) *Price redetermination*. Upon the Contracting Officer's receipt of the data required by paragraph (d) of this section, the Contracting Officer and the Contractor shall promptly negotiate to redetermine fair and reasonable prices for supplies that may be delivered or services that may be performed in the period following the effective date of price redetermination.

(f) *Contract modifications*. Each negotiated redetermination of prices shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer, stating the redetermined prices that apply during the redetermination period.

(g) *Adjusting billing prices*. Pending execution of the contract modification (see paragraph (f) of this section), the Contractor shall submit invoices or vouchers in accordance with the billing prices stated in this contract. If at any time it appears that the then-current billing prices will be substantially greater than the estimated final prices, or if the Contractor submits data showing that the redetermined price will be substantially greater than the current billing prices, the parties shall negotiate an appropriate decrease or increase in billing prices. Any billing price adjustment shall be reflected in a contract modification and shall not affect the redetermination of prices under this clause. After the contract modification for price redetermination is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the agreed-upon prices, and any requested additional payments, refunds, or credits shall be made promptly.

(h) *Quarterly limitation on payments statement*. This paragraph (h) applies only during periods for which firm prices have not been established.

(1) Within 45 days after the end of the quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract auditor) a statement, cumulative from the beginning of the contract, showing-

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

(iii) The portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (h)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) The statement required by paragraph (h)(1) of this section need not be submitted for any quarter for which either no costs are to be reported under subdivision (h)(1)(ii) of this section, or revised billing prices have been established in accordance with paragraph (g) of this section, and do not exceed the existing contract price, the Contractor's price-redetermination proposal, or a price based on the most recent quarterly statement, whichever is least.

(3) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (h)(1)(iv) of this section exceeds the sum due the Contractor, as computed in accordance with subdivisions (h)(1)(i), (ii), and (iii) of this section, the Contractor shall immediately refund or credit to the Government the amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments, then that portion may, instead of being refunded, be added to the unliquidated progress payment account, consistent with the Progress Payments clause. The Contractor shall provide complete details to support any claimed reductions in refunds.

(4) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in accordance with the Interest clause.

(i) *Subcontracts*. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost-basis.

(j) *Disagreements*. If the Contractor and the Contracting Officer fail to agree upon redetermined prices for any price redetermination period within 60 days (or within such other period as the parties agree) after the date on which the data required by paragraph (d) of this section are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause. For the purpose of paragraphs (f), (g), and (h) of this section, and pending final settlement of the disagreement on appeal, by failure to appeal, or by agreement, this decision shall be treated as an executed contract modification. Pending final settlement, price redetermination for subsequent periods, if any, shall continue to be negotiated as provided in this clause.

(k) *Termination*. If this contract is terminated, prices shall continue to be established in accordance with this clause for (1) completed supplies and services accepted by the Government and (2) those supplies and services not terminated under a partial termination. All other elements of the termination shall be resolved in accordance with other applicable clauses of this contract.

Notes:

(1) Express in terms of units delivered, or as a date; but in either case the period should end on the last day of a month.

(2) Insert the number of days chosen so that the Contractor's submission will be late enough to reflect recent cost experience (taking into account the Contractor's accounting system), but early enough to permit review, audit (if necessary), and negotiation before the start of the prospective period.

(3) Insert "first," except that "second" may be inserted if necessary to achieve compatibility with the Contractor's accounting system.

(End of clause)

52.216-6 Price Redetermination-Retroactive.

As prescribed in 16.205-4 , insert the following clause:

PRICE REDETERMINATION-RETROACTIVE (DEVIATION DATE)

(a) *General*. The unit price and the total price stated in this contract shall be redetermined in accordance with this clause, but in no event shall the total amount paid under this contract exceed __________ *[insert dollar amount of ceiling price]*.

(b) *Definition*. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract.

(c) Data submission. (1) Within______ *[Contracting Officer insert number of days]* days after delivery of all supplies to be delivered and completion of all services to be performed under this contract, the Contractor shall submit-

(i) Proposed prices;

(ii) A statement in the format of Table 15-1, FAR 15.408, or in any other form on which the parties may agree, of all costs incurred in performing the contract; and

(iii) Any other relevant data that the Contracting Officer may reasonably require.

(2) If the Contractor fails to submit the data required by paragraph (c)(1) of this section within the time specified, the Contracting Officer may suspend payments under this contract until the data are furnished. If it is later determined that the Government has overpaid the Contractor, the excess shall be repaid to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the Interest clause.

(d) *Price determination*. Upon the Contracting Officer's receipt of the data required by paragraph (c) of this section, the Contracting Officer and the Contractor shall promptly negotiate to redetermine fair and reasonable prices for supplies delivered and services performed by the Contractor under this contract.

(e) *Contract modification*. The negotiated redetermination of price shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer.

(f) *Adjusting billing prices*. Pending execution of the contract modification (see paragraph (e) of this section), the Contractor shall submit invoices or vouchers in accordance with billing prices stated in this contract. If at any time it appears that the then-current billing prices will be substantially greater than the estimated final prices, or if the Contractor submits data showing that the redetermined prices will be substantially greater than the current billing prices, the parties shall negotiate an appropriate decrease or increase in billing prices. Any billing price adjustment shall be reflected in a contract modification and shall not affect the redetermination of prices under this clause. After the contract modification for price redetermination is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the agreed-upon prices, and any resulting additional payments, refunds, or credits shall be made promptly.

(g) *Quarterly limitation on payments statement*. This paragraph (g) shall apply until final price redetermination under this contract has been completed.

(1) Within 45 days after the end of the quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract auditor), a statement, cumulative from the beginning of the contract, showing-

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

(iii) The portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (g)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (g)(1)(iv) of this section exceeds the sum due the Contractor, as computed in accordance with subdivisions (g)(1)(i), (ii), and (iii) of this section, the Contractor shall immediately refund or credit to the Government the amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments, then that portion may, instead of being refunded, be added to the unliquidated progress payment account, consistent with the Progress Payments clause. The Contractor shall provide complete details to support any claimed reduction in refunds.

(3) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in accordance with the Interest clause.

(h) *Subcontracts*. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost basis.

(i) *Disagreements*. If the Contractor and the Contracting Officer fail to agree upon redetermined prices within 60 days (or within such other period as the parties agree) after the date on which the data required by paragraph (c) of this section are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause. For the purpose of paragraphs (e), (f), and (g) of this section, and pending final settlement of the disagreement on appeal, by failure to appeal, or by agreement, this decision shall be treated as an executed contract modification.

(j) *Termination*. If this contract is terminated before price redetermination, prices shall be established in accordance with this clause for completed supplies and services not terminated. All other elements of the termination shall be resolved in accordance with other applicable clauses of this contract.

(End of clause)

52.216-7 Allowable Cost and Payment.

As prescribed in 16.305(a), insert the following clause:

ALLOWABLE COST AND PAYMENT (DEVIATION DATE)

(a) Invoicing. (1) The Government will make payments to the Contractor when requested as work progresses, but (except for small business concerns) not more often than once every 2 weeks, in amounts determined to be allowable by the Contracting Officer in accordance with Federal Acquisition Regulation (FAR) subpart 31.2 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost for performing this contract.

(2) Contract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act. Interim payments made prior to the final payment under the contract are contract financing payments, except interim payments if this contract contains Alternate I to the clause at 52.232-25.

(3) The designated payment office will make interim payments for contract financing on the _________ *[Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30t"h]* day after the designated billing office receives a proper payment request. In the event that the Government requires an audit or other review of a specific payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date.

(b) Reimbursing costs. (1) For the purpose of reimbursing allowable costs (except as provided in paragraph (b)(2) of this clause, with respect to pension, deferred profit sharing, and employee stock ownership plan contributions), the term "costs" includes only—

(i) Those recorded costs that, at the time of the request for reimbursement, the Contractor has paid by cash, check, or other form of actual payment for items or services purchased directly for the contract;

(ii) When the Contractor is not delinquent in paying costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for-

(A) Supplies and services purchased directly for the contract and associated financing payments to subcontractors, provided payments determined due will be made–

(1) In accordance with the terms and conditions of a subcontract or invoice; and

(2) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government;

(B) Materials issued from the Contractor's inventory and placed in the production process for use on the contract;

(C) Direct labor;

(D) Direct travel;

(E) Other direct in-house costs; and

(F) Properly allocable and allowable indirect costs, as shown in the records maintained by the Contractor for purposes of obtaining reimbursement under Government contracts; and

(iii) The amount of financing payments that have been paid by cash, check, or other forms of payment to subcontractors.

(2) Accrued costs of Contractor contributions under employee pension plans shall be excluded until actually paid unless-

(i) The Contractor's practice is to make contributions to the retirement fund quarterly or more frequently; and

(ii) The contribution does not remain unpaid 30 days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Contractor's indirect costs for payment purposes).

(3) Notwithstanding the audit and adjustment of invoices or vouchers under paragraph (g) of this clause, allowable indirect costs under this contract shall be obtained by applying indirect cost rates established in accordance with paragraph (d) of this clause.

(4) Any statements in specifications or other documents incorporated in this contract by reference designating performance of services or furnishing of materials at the Contractor's expense or at no cost to the Government shall be disregarded for purposes of cost-reimbursement under this clause.

(c) *Small business concerns*. A small business concern may receive more frequent payments than every 2 weeks.

(d) Final indirect cost rates. (1) Final annual indirect cost rates and the appropriate bases shall be established in accordance with subpart 42.7 of the Federal Acquisition Regulation (FAR) in effect for the period covered by the indirect cost rate proposal.

(2) (i) The Contractor shall submit an adequate final indirect cost rate proposal to the Contracting Officer (or cognizant Federal agency official) and auditor within the 6-month period following the expiration of each of its fiscal years. Reasonable extensions, for exceptional circumstances only, may be requested in writing by the Contractor and granted in writing by the Contracting Officer. The Contractor shall support its proposal with adequate supporting data.

(ii) The proposed rates shall be based on the Contractor's actual cost experience for that period. The appropriate Government representative and the Contractor shall establish the final indirect cost rates as promptly as practical after receipt of the Contractor's proposal.

(iii) An adequate indirect cost rate proposal shall include the following data unless otherwise specified by the cognizant Federal agency official:

(A) Summary of all claimed indirect expense rates, including pool, base, and calculated indirect rate.

(B) *General and Administrative expenses (final indirect cost pool)*. Schedule of claimed expenses by element of cost as identified in accounting records (Chart of Accounts).

(C) *Overhead expenses (final indirect cost pool)*. Schedule of claimed expenses by element of cost as identified in accounting records (Chart of Accounts) for each final indirect cost pool.

(D) *Occupancy expenses (intermediate indirect cost pool)*. Schedule of claimed expenses by element of cost as identified in accounting records (Chart of Accounts) and expense reallocation to final indirect cost pools.

(E) Claimed allocation bases, by element of cost, used to distribute indirect costs.

(F) Facilities capital cost of money factors computation.

(G) Reconciliation of books of account (*i.e.*, General Ledger) and claimed direct costs by major cost element.

(H) Schedule of direct costs by contract and subcontract and indirect expense applied at claimed rates, as well as a subsidiary schedule of Government participation percentages in each of the allocation base amounts.

(I) Schedule of cumulative direct and indirect costs claimed and billed by contract and subcontract.

(J) *Subcontract information*. Listing of subcontracts awarded to companies for which the contractor is the prime or upper-tier contractor (include prime and subcontract numbers; subcontract value and award type; amount claimed during the fiscal year; and the subcontractor name, address, and point of contact information).

(K) Summary of each time-and-materials and labor-hour contract information, including labor categories, labor rates, hours, and amounts; direct materials; other direct costs; and, indirect expense applied at claimed rates.

(L) Reconciliation of total payroll per IRS form 941 to total labor costs distribution.

(M) Listing of decisions/agreements/approvals and description of accounting/organizational changes.

(N) Certificate of final indirect costs (see 52.242-4, Certification of Final Indirect Costs).

(O) Contract closing information for contracts physically completed in this fiscal year (include contract number, period of performance, contract ceiling amounts, contract fee computations, level of effort, and indicate if the contract is ready to close).

(iv) The following supplemental information is not required to determine if a proposal is adequate, but may be required during the audit process:

(A) Comparative analysis of indirect expense pools detailed by account to prior fiscal year and budgetary data.

(B) General organizational information and limitation on allowability of compensation for certain contractor personnel. See 31.205-6(p).

(C) Identification of prime contracts under which the contractor performs as a subcontractor.

(D) Description of accounting system (excludes contractors required to submit a CAS Disclosure Statement or contractors where the description of the accounting system has not changed from the previous year's submission).

(E) Procedures for identifying and excluding unallowable costs from the costs claimed and billed (excludes contractors where the procedures have not changed from the previous year's submission).

(F) Certified financial statements and other financial data (*e.g.*, trial balance, compilation, review, *etc.*).

(G) Management letter from outside CPAs concerning any internal control weaknesses.

(H) Actions that have been and/or will be implemented to correct the weaknesses described in the management letter from subparagraph (G) of this section.

(I) List of all internal audit reports issued since the last disclosure of internal audit reports to the Government.

(J) Annual internal audit plan of scheduled audits to be performed in the fiscal year when the final indirect cost rate submission is made.

(K) Federal and State income tax returns.

(L) Securities and Exchange Commission 10-K annual report.

(M) Minutes from board of directors meetings.

(N) Listing of delay claims and termination claims submitted which contain costs relating to the subject fiscal year.

(O) Contract briefings, which generally include a synopsis of all pertinent contract provisions, such as: contract type, contract amount, product or service(s) to be provided, contract performance period, rate ceilings, advance approval requirements, pre-contract cost allowability limitations, and billing limitations.

(v) The Contractor shall update the billings on all contracts to reflect the final settled rates and update the schedule of cumulative direct and indirect costs claimed and billed, as required in paragraph (d)(2)(iii)(I) of this section, within 60 days after settlement of final indirect cost rates.

(3) The Contractor and the appropriate Government representative shall execute a written understanding setting forth the final indirect cost rates. The understanding shall specify (i) the agreed-upon final annual indirect cost rates, (ii) the bases to which the rates apply, (iii) the periods for which the rates apply, (iv) any specific indirect cost items treated as direct costs in the settlement, and (v) the affected contract and/or subcontract, identifying any with advance agreements or special terms and the applicable rates. The understanding shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this contract. The understanding is incorporated into this contract upon execution.

(4) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the Disputes clause.

(5) Within 120 days (or longer period if approved in writing by the Contracting Officer) after settlement of the final annual indirect cost rates for all years of a physically complete contract, the Contractor shall submit a completion invoice or voucher to reflect the settled amounts and rates. The completion invoice or voucher shall include settled subcontract amounts and rates. The prime contractor is responsible for settling subcontractor amounts and rates included in the completion invoice or voucher and providing status of subcontractor audits to the contracting officer upon request.

(6) (i) If the Contractor fails to submit a completion invoice or voucher within the time specified in paragraph (d)(5) of this clause, the Contracting Officer may-

(A) Determine the amounts due to the Contractor under the contract; and

(B) Record this determination in a unilateral modification to the contract.

(ii) This determination constitutes the final decision of the Contracting Officer in accordance with the Disputes clause.

(e) *Billing rates*. Until final annual indirect cost rates are established for any period, the Government shall reimburse the Contractor at billing rates established by the Contracting Officer or by an authorized representative (the cognizant auditor), subject to adjustment when the final rates are established. These billing rates-

(1) Shall be the anticipated final rates; and

(2) May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.

(f) *Quick-closeout procedures*. Quick-closeout procedures are applicable when the conditions in FAR 42.708(a) are satisfied.

(g) *Audit*. At any time or times before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and statements of cost audited. Any payment may be-

(1) Reduced by amounts found by the Contracting Officer not to constitute allowable costs; or

(2) Adjusted for prior overpayments or underpayments.

(h) Final payment. (1) Upon approval of a completion invoice or voucher submitted by the Contractor in accordance with paragraph (d)(5) of this clause, and upon the Contractor's compliance with all terms of this contract, the Government shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.

(2) The Contractor shall pay to the Government any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by the Contractor or any assignee under this contract, to the extent that those amounts are properly allocable to costs for which the Contractor has been reimbursed by the Government. Reasonable expenses incurred by the Contractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by the Contracting Officer. Before final payment under this contract, the Contractor and each assignee whose assignment is in effect at the time of final payment shall execute and deliver-

(i) An assignment to the Government, in form and substance satisfactory to the Contracting Officer, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which the Contractor has been reimbursed by the Government under this contract; and

(ii) A release discharging the Government, its officers, agents, and employees from all liabilities, obligations, and claims arising out of or under this contract, except-

(A) Specified claims stated in exact amounts, or in estimated amounts when the exact amounts are not known;

(B) Claims (including reasonable incidental expenses) based upon liabilities of the Contractor to third parties arising out of the performance of this contract; provided, that the claims are not known to the Contractor on the date of the execution of the release, and that the Contractor gives notice of the claims in writing to the Contracting Officer within 6 years following the release date or notice of final payment date, whichever is earlier; and

(C) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by the Contractor under the patent clauses of this contract, excluding, however, any expenses arising from the Contractor's indemnification of the Government against patent liability.

(End of clause)

Alternate I (FEB 1997). As prescribed in 16.305(a)(2), substitute the following paragraph (b)(1)(iii) for paragraph (b)(1)(iii) of the basic clause:

(iii) The amount of progress and other payments to the Contractor's subcontractors that either have been paid, or that the Contractor is required to pay pursuant to the clause of this contract entitled "Prompt Payment for Construction Contracts." Payments shall be made by cash, check, or other form of payment to the Contractor's subcontractors under similar cost standards.

Alternate II (AUG 2012). As prescribed in 16.305(a)(3), substitute the following paragraph (a)(1) for paragraph (a)(1) of the basic clause:

(a)(1) The Government will make payments to the Contractor when requested as work progresses, but not more often than once every two weeks, in amounts determined to be allowable by the Contracting Officer in accordance with FAR subpart 31.3 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost for performing this contract.

Alternate III (AUG 2012). As prescribed in 16.305(a)(4), substitute the following paragraph (a)(1) for paragraph (a)(1) of the basic clause:

(a)(1) The Government will make payments to the Contractor when requested as work progresses, but not more often than once every two weeks, in amounts determined to be allowable by the Contracting Officer in accordance with FAR subpart 31.6 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost for performing this contract.

Alternate IV (AUG 2012). As prescribed in 16.305(a)(5), substitute the following paragraph (a)(1) for paragraph (a)(1) of the basic clause:

(a)(1) The Government will make payments to the Contractor when requested as work progresses, but not more often than once every two weeks, in amounts determined to be allowable by the Contracting Officer in accordance with FAR subpart 31.7 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost for performing this contract.

52.216-8 Fixed Fee.

As prescribed in 16.305(b), insert the following clause:

FIXED FEE (JUN 2011)

(a) The Government shall pay the Contractor for performing this contract the fixed fee specified in the Schedule.

(b) Payment of the fixed fee shall be made as specified in the Schedule; provided that the Contracting Officer withholds a reserve not to exceed 15 percent of the total fixed fee or $100,000, whichever is less, to protect the Government's interest. The Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of an adequate certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

(End of clause)

52.216-9 Fixed Fee-Construction.

As prescribed in 16.305(c), insert the following clause:

FIXED FEE-CONSTRUCTION (JUN 2011)

(a) The Government shall pay to the Contractor for performing this contract the fixed fee specified in the Schedule.

(b) Payment of the fixed fee shall be made in installments based upon the percentage of completion of the work as determined from estimates submitted to and approved by the Contracting Officer, but subject to the withholding provisions of paragraph (c) of this section.

(c) The Contracting Officer shall withhold a reserve not to exceed 15 percent of the total fixed fee or $100,000, whichever is less, to protect the Government's interest. The Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of an adequate certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

(End of clause)

52.216-10 Incentive Fee.

As prescribed in 16.305(d), insert the following clause:

INCENTIVE FEE (JUN 2011)

(a) *General*. The Government shall pay the Contractor for performing this contract a fee determined as provided in this contract.

(b) *Target cost and target fee*. The target cost and target fee specified in the Schedule are subject to adjustment if the contract is modified in accordance with paragraph (d) of this clause.

(1) "Target cost," as used in this contract, means the estimated cost of this contract as initially negotiated, adjusted in accordance with paragraph (d) of this clause.

(2) "Target fee," as used in this contract, means the fee initially negotiated on the assumption that this contract would be performed for a cost equal to the estimated cost initially negotiated, adjusted in accordance with paragraph (d) of this clause.

(c) Withholding of payment. (1) Normally, the Government shall pay the fee to the Contractor as specified in the Schedule. However, when the Contracting Officer considers that performance or cost indicates that the Contractor will not achieve target, the Government shall pay on the basis of an appropriate lesser fee. When the Contractor demonstrates that performance or cost clearly indicates that the Contractor will earn a fee significantly above the target fee, the Government may, at the sole discretion of the Contracting Officer, pay on the basis of an appropriate higher fee.

(2) Payment of the incentive fee shall be made as specified in the Schedule; provided that the Contracting Officer withholds a reserve not to exceed 15 percent of the total incentive fee or $100,000, whichever is less, to protect the

Government's interest. The Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of an adequate certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

(d) *Equitable adjustments*. When the work under this contract is increased or decreased by a modification to this contract or when any equitable adjustment in the target cost is authorized under any other clause, equitable adjustments in the target cost, target fee, minimum fee, and maximum fee, as appropriate, shall be stated in a supplemental agreement to this contract.

(e) Fee payable. (1) The fee payable under this contract shall be the target fee increased by _____ *[Contracting Officer insert Contractor's participation]* cents for every dollar that the total allowable cost is less than the target cost or decreased by ______ *[Contracting Officer insert Contractor's participation]* cents for every dollar that the total allowable cost exceeds the target cost. In no event shall the fee be greater than ____________ *[Contracting Officer insert percentage]* percent or less than _________________ *[Contracting Officer insert percentage]* percent of the target cost.

(2) The fee shall be subject to adjustment, to the extent provided in paragraph (d) of this clause, and within the minimum and maximum fee limitations in paragraph (e)(1) of this clause, when the total allowable cost is increased or decreased as a consequence of-

(i) Payments made under assignments; or

(ii) Claims excepted from the release as required by paragraph (h)(2) of the Allowable Cost and Payment clause.

(3) If this contract is terminated in its entirety, the portion of the target fee payable shall not be subject to an increase or decrease as provided in this paragraph. The termination shall be accomplished in accordance with other applicable clauses of this contract.

(4) For the purpose of fee adjustment, "total allowable cost" shall not include allowable costs arising out of-

(i) Any of the causes covered by the Excusable Delays clause to the extent that they are beyond the control and without the fault or negligence of the Contractor or any subcontractor;

(ii) The taking effect, after negotiating the target cost, of a statute, court decision, written ruling, or regulation that results in the Contractor's being required to pay or bear the burden of any tax or duty or rate increase in a tax or duty;

(iii) Any direct cost attributed to the Contractor's involvement in litigation as required by the Contracting Officer pursuant to a clause of this contract, including furnishing evidence and information requested pursuant to the Notice and Assistance Regarding Patent and Copyright Infringement clause;

(iv) The purchase and maintenance of additional insurance not in the target cost and required by the Contracting Officer, or claims for reimbursement for liabilities to third persons pursuant to the Insurance Liability to Third Persons clause;

(v) Any claim, loss, or damage resulting from a risk for which the Contractor has been relieved of liability by the Government Property clause; or

(vi) Any claim, loss, or damage resulting from a risk defined in the contract as unusually hazardous or as a nuclear risk and against which the Government has expressly agreed to indemnify the Contractor.

(5) All other allowable costs are included in "total allowable cost" for fee adjustment in accordance with this paragraph (e), unless otherwise specifically provided in this contract.

(f) *Contract modification*. The total allowable cost and the adjusted fee determined as provided in this clause shall be evidenced by a modification to this contract signed by the Contractor and Contracting Officer.

(g) *Inconsistencies*. In the event of any language inconsistencies between this clause and provisioning documents or Government options under this contract, compensation for spare parts or other supplies and services ordered under such documents shall be determined in accordance with this clause.

(End of clause)

52.216-11 Cost Contract-No Fee.

As prescribed in 16.305(e), insert the following clause.

COST CONTRACT-NO FEE (APR 1984)

(a) The Government shall not pay the Contractor a fee for performing this contract.

(b) After payment of 80 percent of the total estimated cost shown in the Schedule, the Contracting Officer may withhold further payment of allowable cost until a reserve is set aside in an amount that the Contracting Officer considers necessary to protect the Government's interest. This reserve shall not exceed one percent of the total estimated cost shown in the Schedule or $100,000, whichever is less.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 16.305(e)(2), delete paragraph (b) of the basic clause.

52.216-12 Cost-Sharing Contract-No Fee.

As prescribed in 16.307(f), insert the following clause:

COST SHARING CONTRACT-NO FEE (APR 1984)

(a) The Government shall not pay to the Contractor a fee for performing this contract.

(b) After paying 80 percent of the Government's share of the total estimated cost of performance shown in the Schedule, the Contracting Officer may withhold further payment of allowable cost until a reserve is set aside in an amount that the Contracting Officer considers necessary to protect the Government's interest. This reserve shall not exceed one percent of the Government's share of the total estimated cost shown in the Schedule or $100,000, whichever is less.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 16.305(f)(2), delete paragraph (b) of the basic clause.

52.216-13 [Reserved]

52.216-14 [Reserved]

52.216-15 Predetermined Indirect Cost Rates.

As prescribed in 16.305(g), insert the following clause:

PREDETERMINED INDIRECT COST RATES (APR 1998)

(a) Notwithstanding the Allowable Cost and Payment clause of this contract, the allowable indirect costs under this contract shall be obtained by applying predetermined indirect cost rates to bases agreed upon by the parties, as specified below.

(b) (1) The Contractor shall submit an adequate final indirect cost rate proposal to the Contracting Officer (or cognizant Federal agency official) and auditor within the 6-month period following the expiration of each of its fiscal years. Reasonable extensions, for exceptional circumstances only, may be requested in writing by the Contractor and granted in writing by the Contracting Officer. The Contractor shall support its proposal with adequate supporting data.

(2) The proposed rates shall be based on the Contractor's actual cost experience for that period. The appropriate Government representative and the Contractor shall establish the final indirect cost rates as promptly as practical after receipt of the Contractor's proposal.

(c) Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with FAR subpart 31.3 in effect on the date of this contract.

(d) Predetermined rate agreements in effect on the date of this contract shall be incorporated into the contract Schedule. The Contracting Officer (or cognizant Federal agency official) and Contractor shall negotiate rates for subsequent periods and execute a written indirect cost rate agreement setting forth the results. The agreement shall specify (1) the agreed-upon predetermined indirect cost rates, (2) the bases to which the rates apply, (3) the period for which the rates apply, and (4) the specific items treated as direct costs or any changes in the items previously agreed to be direct costs. The indirect cost rate agreement shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this contract. The agreement is incorporated into this contract upon execution.

(e) Pending establishment of predetermined indirect cost rates for any fiscal year (or other period agreed to by the parties), the Contractor shall be reimbursed either at the rates fixed for the previous fiscal year (or other period) or at billing rates acceptable to the Contracting Officer (or cognizant Federal agency official), subject to appropriate adjustment when the final rates for that period are established.

(f) Any failure by the parties to agree on any predetermined indirect cost rates under this clause shall not be considered a dispute within the meaning of the Disputes clause. If for any fiscal year (or other period specified in the Schedule) the parties fail to agree to predetermined indirect cost rates, the allowable indirect costs shall be obtained by applying final indirect cost rates established in accordance with the Allowable Cost and Payment clause.

(g) Allowable indirect costs for the period from the beginning of performance until the end of the Contractor's fiscal year (or other period specified in the Schedule) shall be obtained using the predetermined indirect cost rates and the bases shown in the Schedule.

(End of clause)

52.216-16 Incentive Price Revision-Firm Target.

As prescribed in 16.406(a), insert the following clause:

INCENTIVE PRICE REVISION-FIRM TARGET (DEVIATION DATE)

(a) *General*. The supplies or services identified in the Schedule as Items _______ *[Contracting Officer insert Schedule line item numbers]* are subject to price revision in accordance with this clause; provided, that in no event shall the total final price of these items exceed the ceiling price of ________ dollars ($_____). Any supplies or services that are to be (1) ordered separately under, or otherwise added to, this contract and (2) subject to price revision in accordance with the terms of this clause shall be identified as such in a modification to this contract.

(b) *Definition*. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract.

(c) Data submission. (1) Within __________________ *[Contracting Officer insert number of days]* days after the end of the month in which the Contractor has delivered the last unit of supplies and completed the services specified by item number in paragraph (a) of this clause, the Contractor shall submit in the format of Table 15-1, FAR 15.408, or in any other form on which the parties agree-

(i) A detailed statement of all costs incurred up to the end of that month in performing all work under the items;

(ii) An estimate of costs of further performance, if any, that may be necessary to complete performance of all work under the items;

(iii) A list of all residual inventory and an estimate of its value; and

(iv) Any other relevant data that the Contracting Officer may reasonably require.

(2) If the Contractor fails to submit the data required by paragraph (c)(1) of this clause within the time specified and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the Interest clause.

(d) *Price revision*. Upon the Contracting Officer's receipt of the data required by paragraph (c) of this clause, the Contracting Officer and the Contractor shall promptly establish the total final price of the items specified in (a) of this clause by applying to final negotiated cost an adjustment for profit or loss, as follows:

(1) On the basis of the information required by paragraph (c) of this clause, together with any other pertinent information, the parties shall negotiate the total final cost incurred or to be incurred for supplies delivered (or services performed) and accepted by the Government and which are subject to price revision under this clause.

(2) The total final price shall be established by applying to the total final negotiated cost an adjustment for profit or loss, as follows:

(i) If the total final negotiated cost is equal to the total target cost, the adjustment is the total target profit.

(ii) If the total final negotiated cost is greater than the total target cost, the adjustment is the total target profit, less ______ *[Contracting Officer insert percent]* percent of the amount by which the total final negotiated cost exceeds the total target cost.

(iii) If the final negotiated cost is less than the total target cost, the adjustment is the total target profit plus _____ *[Contracting Officer insert percent]* percent of the amount by which the total final negotiated cost is less than the total target cost.

(e) *Contract modification*. The total final price of the items specified in paragraph (a) of this clause shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer. This price shall not be subject to revision, notwithstanding any changes in the cost of performing the contract, except to the extent that-

(1) The parties may agree in writing, before the determination of total final price, to exclude specific elements of cost from this price and to a procedure for subsequent disposition of those elements; and

(2) Adjustments or credits are explicitly permitted or required by this or any other clause in this contract.

(f) Adjusting billing prices. (1) Pending execution of the contract modification (see paragraph (e) of this clause), the Contractor shall submit invoices or vouchers in accordance with billing prices as provided in this paragraph. The billing prices shall be the target prices shown in this contract.

(2) If at any time it appears from information provided by the contractor under paragraph (g)(2) of this clause that the then-current billing prices will be substantially greater than the estimated final prices, the parties shall negotiate a reduction in the billing prices. Similarly, the parties may negotiate an increase in billing prices by any or all of the difference between the target prices and the ceiling price, upon the Contractor's submission of factual data showing that final cost under this contract will be substantially greater than the target cost.

(3) Any billing price adjustment shall be reflected in a contract modification and shall not affect the determination of the total final price under paragraph (d) of this clause. After the contract modification establishing the total final price is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the total final price, and any resulting additional payments, refunds, or credits shall be made promptly.

(g) *Quarterly limitation on payments statement*. This paragraph (g) shall apply until final price revision under this contract has been completed.

(1) Within 45 days after the end of each quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract auditor) a statement, cumulative from the beginning of the contract, showing-

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

(iii) The portion of the total target profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (g)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established-increased or decreased in accordance with paragraph (d)(2) of this clause, when the amount stated under subdivision (g)(1)(ii) of this clause differs from the aggregate target costs of the supplies or services; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (g)(1)(iv) of this clause exceeds the sum due the Contractor, as computed in accordance with subdivisions (g)(1)(i), (ii), and (iii) of this clause, the Contractor shall immediately refund or credit to the Government the amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments, then that portion may, instead of being refunded, be added to the unliquidated progress payment account consistent with the Progress Payments clause. The Contractor shall provide complete details to support any claimed reductions in refunds.

(3) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in accordance with the Interest clause.

(h) *Subcontracts*. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost basis.

(i) *Disagreements*. If the Contractor and the Contracting Officer fail to agree upon the total final price within 60 days (or within such other period as the Contracting Officer may specify) after the date on which the data required by paragraph (c) of this clause are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause.

(j) *Termination*. If this contract is terminated before the total final price is established, prices of supplies or services subject to price revision shall be established in accordance with this clause for (1) completed supplies and services accepted by the Government and (2) those supplies and services not terminated under a partial termination. All other elements of the termination shall be resolved in accordance with other applicable clauses of this contract.

(k) *Equitable adjustment under other clauses*. If an equitable adjustment in the contract price is made under any other clause of this contract before the total final price is established, the adjustment shall be made in the total target cost and may be made in the maximum dollar limit on the total final price, the total target profit, or both. If the adjustment is made after the total final price is established, only the total final price shall be adjusted.

(l) *Exclusion from target price and total final price*. If any clause of this contract provides that the contract price does not or will not include an amount for a specific purpose, then neither any target price nor the total final price includes or will include any amount for that purpose.

(m) *Separate reimbursement*. If any clause of this contract expressly provides that the cost of performance of an obligation shall be at Government expense, that expense shall not be included in any target price or in the total final price, but shall be reimbursed separately.

(n) *Taxes*. As used in the Federal, State, and Local Taxes clause or in any other clause that provides for certain taxes or duties to be included in, or excluded from, the contract price, the term "contract price" includes the total target price or, if it has been established, the total final price. When any of these clauses requires that the contract price be increased or decreased as a result of changes in the obligation of the Contractor to pay or bear the burden of certain taxes or duties, the increase or decrease shall be made in the total target price or, if it has been established, in the total final price, so that it will not affect the Contractor's profit or loss on this contract.

(End of clause)

Alternate I (APR 1984). As prescribed in 16.406 (a), add the following paragraph (o) to the basic clause:

(o) *Provisioning and options*. Parts, other supplies, or services that are to be furnished under this contract on the basis of a provisioning document or Government option shall be subject to price revision in accordance with this clause. Any prices established for these parts, other supplies, or services under a provisioning document or Government option shall be treated as target prices. Target cost and profit covering these parts, other supplies, or services may be established separately, in the aggregate, or in any combination, as the parties may agree.

52.216-17 Incentive Price Revision-Successive Targets.

As prescribed in 16.406(b), insert the following clause:

INCENTIVE PRICE REVISION-SUCCESSIVE TARGETS (DEVIATION DATE)

(a) *General*. The supplies or services identified in the Schedule as Items _________ *[Contracting Officer insert line item numbers]* are subject to price revision in accordance with this clause; provided, that in no event shall the total final price of these items exceed the ceiling *price of ___ dollars ($___*). The prices of these items shown in the Schedule are the initial target prices, which include an initial target profit of ___________ *[Contracting Officer insert percent]* percent of the initial target cost. Any supplies or services that are to be-

(1) Ordered separately under, or otherwise added to, this contract; and

(2) Subject to price revision in accordance with this clause shall be identified as such in a modification to this contract.

(b) *Definition*. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract.

(c) Submitting data for establishing the firm fixed price or a final profit adjustment formula. (1) Within ___________ *[Contracting Officer insert number of days]* days after the end of the month in which the Contractor has completed ___________ *[see Note 1]*, the Contractor shall submit the following data:

(i) A proposed firm fixed price or total firm target price for supplies delivered and to be delivered and services performed and to be performed.

(ii) A detailed statement of all costs incurred in the performance of this contract through the end of the month specified above, in the format of Table 15-1, FAR 15.408 (or in any other form on which the parties may agree), with sufficient supporting data to disclose unit costs and cost trends for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary).

(iii) An estimate of costs of all supplies delivered and to be delivered and all services performed and to be performed under this contract, using the statement of costs incurred plus an estimate of costs to complete performance, in the format of Table 15-1, FAR 15.408 (or in any other form on which the parties may agree), together with-

(A) Sufficient data to support the accuracy and reliability of the estimate; and

(B) An explanation of the differences between this estimate and the original estimate used to establish the initial target prices.

(2) The Contractor shall also submit, to the extent that it becomes available before negotiations establishing the total firm price are concluded-

(i) Supplemental statements of costs incurred after the end of the month specified in paragraph (1) of this section for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary); and

(ii) Any other relevant data that the Contracting Officer may reasonably require.

(3) If the Contractor fails to submit the data required by paragraphs (c)(1) and (2) of this section within the time specified and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the Interest clause.

(d) *Establishing firm fixed price or final profit adjustment formula*. Upon the Contracting Officer's receipt of the data required by paragraph (c) of this section, the Contracting Officer and the Contractor shall promptly establish either a firm fixed price or a profit adjustment formula for determining final profit, as follows:

(1) The parties shall negotiate a total firm target cost, based upon the data submitted under paragraph (c) of this section.

(2) If the total firm target cost is more than the total initial target cost, the total initial target profit shall be decreased. If the total firm target cost is less than the total initial target cost, the total initial target profit shall be increased. The initial target profit shall be increased or decreased by _____ percent *[see Note 2]* of the difference between the total initial target cost and the total firm target cost. The resulting amount shall be the total firm target profit; *provided*, that in no event shall the total firm target profit be less than ___________ percent or more than ___________ percent [*Contracting Officer insert percents*] of the total initial target cost.

(3) If the total firm target cost plus the total firm target profit represent a reasonable price for performing that part of the contract subject to price revision under this clause, the parties may agree on a firm fixed price, which shall be evidenced by a contract modification signed by the Contractor and the Contracting Officer.

(4) Failure of the parties to agree to a firm fixed price shall not constitute a dispute under the Disputes clause. If agreement is not reached, or if establishment of a firm fixed price is inappropriate, the Contractor and the Contracting Officer shall establish a profit adjustment formula under which the total final price shall be established by applying to the total final negotiated cost an adjustment for profit or loss, determined as follows:

(i) If the total final negotiated cost is equal to the total firm target cost, the adjustment is the total firm target profit.

(ii) If the total final negotiated cost is greater than the total firm target cost, the adjustment is the total firm target profit, less ___________ percent of the amount by which the total final negotiated cost exceeds the total firm target cost.

(iii) If the total final negotiated cost is less than the total firm target cost, the adjustment is the total firm target profit, plus ___________ percent of the amount by which the total final negotiated cost is less than the total firm target cost.

(iv) The total firm target cost, total firm target profit, and the profit adjustment formula for determining final profit shall be evidenced by a modification to this contract signed by the Contractor and the Contracting Officer.

(e) *Submitting data for final price revision*. Unless a firm fixed price has been established in accordance with paragraph (d) of this section within _____________ *[Contracting Officer insert number of days]* days after the end of the month in which the Contractor has delivered the last unit of supplies and completed the services specified by item number in paragraph (a) of this section, the Contractor shall submit in the format of Table 15-1, FAR 15.408 (or in any other form on which the parties agree)-

(1) A detailed statement of all costs incurred up to the end of that month in performing all work under the items;

(2) An estimate of costs of further performance, if any, that may be necessary to complete performance of all work under the items;

(3) A list of all residual inventory and an estimate of its value; and

(4) Any other relevant data that the Contracting Officer may reasonably require.

(f) *Final price revision*. Unless a firm fixed price has been agreed to in accordance with paragraph (d) of this section, the Contractor and the Contracting Officer shall, promptly after submission of the data required by paragraph (e) of this section, establish the total final price, as follows:

(1) On the basis of the information required by paragraph (e) of this section, together with any other pertinent information, the parties shall negotiate the total final cost incurred or to be incurred for the supplies delivered (or services performed) and accepted by the Government and which are subject to price revision under this clause.

(2) The total final price shall be established by applying to the total final negotiated cost an adjustment for final profit or loss determined as agreed upon under paragraph (d)(4) of this section.

(g) *Contract modification*. The total final price of the items specified in paragraph (a) of this section shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer. This price shall not be subject to revision, notwithstanding any changes in the cost of performing the contract, except to the extent that-

(1) The parties may agree in writing, before the determination of total final price, to exclude specific elements of cost from this price and to a procedure for subsequent disposition of these elements; and

(2) Adjustments or credits are explicitly permitted or required by this or any other clause in this contract.

(h) Adjustment of billing prices. (1) Pending execution of the contract modification (see paragraph (e) of this section), the Contractor shall submit invoices or vouchers in accordance with billing prices as provided in this paragraph. The billing prices shall be the initial target prices shown in this contract until firm target prices are established under paragraph (d) of this section. When established, the firm target prices shall be used as the billing prices.

(2) If at any time it appears from information provided by the contractor under paragraph (i)(1) of this section that the then-current billing prices will be substantially greater than the estimated final prices, the parties shall negotiate a reduction in the billing prices. Similarly, the parties may negotiate an increase in billing prices by any or all of the difference between the target prices and the ceiling price, upon the Contractor's submission of factual data showing that the final cost under this contract will be substantially greater than the target cost.

(3) Any adjustment of billing prices shall be reflected in a contract modification and shall not affect the determination of any price under paragraph (d) or (f) of this section. After the contract modification establishing the total final price is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the total final price, and any resulting additional payments, refunds, or credits shall be made promptly.

(i) *Quarterly limitation on payments statement*. This paragraph (i) shall apply until a firm fixed price or a total final price is established under paragraph (d)(3) or (f)(2).

(1) Within 45 days after the end of each quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract auditor) a statement, cumulative from the beginning of the contract, showing-

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for which final prices have been established;

(ii) The total cost (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

(iii) The portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (i)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established-increased or decreased in accordance with paragraph (d)(4) of this section when the amount stated under subdivision (ii) of this section, differs from the aggregate firm target costs of the supplies or services; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (i)(1)(iv) of this section exceeds the sum due the Contractor, as computed in accordance with subdivisions (i)(1)(i), (ii), and (iii) of this section, the Contractor shall immediately refund or credit to the Government the

amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments, then that portion may, instead of being refunded, be added to the unliquidated progress payment account consistent with the Progress Payments clause. The Contractor shall provide complete details to support any claimed reductions in refunds.

(3) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in accordance with the Interest clause.

(j) *Subcontracts*. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost basis.

(k) *Disagreements*. If the Contractor and the Contracting Officer fail to agree upon (1)a total firm target cost and a final profit adjustment formula or (2)a total final price, within 60 days (or within such other period as the Contracting Officer may specify) after the date on which the data required in paragraphs (c) and (e) of this section are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause.

(l) *Termination*. If this contract is terminated before the total final price is established, prices of supplies or services subject to price revision shall be established in accordance with this clause for (1) completed supplies and services accepted by the Government and (2) those supplies or services not terminated under a partial termination. All other elements of the termination shall be resolved in accordance with other applicable clauses of this contract.

(m) *Equitable adjustments under other clauses*. If an equitable adjustment in the contract price is made under any other clause of this contract before the total final price is established, the adjustment shall be made in the total target cost and may be made in the maximum dollar limit on the total final price, the total target profit, or both. If the adjustment is made after the total final price is established, only the total final price shall be adjusted.

(n) *Exclusion from target price and total final price.* If any clause of this contract provides that the contract price does not or will not include an amount for a specific purpose, then neither any target price nor the total final price includes or will include any amount for that purpose.

(o) *Separate reimbursement*. If any clause of this contract expressly provides that the cost of performance of an obligation shall be at Government expense, that expense shall not be included in any target price or in the total final price, but shall be reimbursed separately.

(p) *Taxes*. As used in the Federal, State, and Local Taxes clause or in any other clause that provides for certain taxes or duties to be included in, or excluded from, the contract price, the term "contract price" includes the total target price or, if it has been established, the total final price. When any of these clauses requires that the contract price be increased or decreased as a result of changes in the obligation of the Contractor to pay or bear the burden of certain taxes or duties, the increase or decrease shall be made in the total target price or, if it has been established, in the total final price, so that it will not affect the Contractor's profit or loss on this contract.

Notes:

(1) The degree of completion may be based on a percentage of contract performance or any other reasonable basis.

(2) The language may be changed to describe a negotiated adjustment pattern under which the extent of adjustment is not the same for all levels of cost variation.

(End of clause)

Alternate I (APR 1984). As prescribed in 16.406 (b), add the following paragraph (q) to the basic clause:

(q) *Provisioning and options*. Parts, other supplies, or services that are to be furnished under this contract on the basis of a provisioning document or Government option shall be subject to price revision in accordance with this clause. Any prices established for these parts, other supplies, or services under a provisioning document or Government option shall be treated as initial target prices, or target prices as agreed upon and stipulated in the pricing document supporting the provisioning or added items. Initial or firm target costs and profits and final prices covering these parts, other supplies, or services may be established separately, in the aggregate, or in any combination, as the parties may agree.

52.216-18 Ordering.

As prescribed in 16.505(a), insert the following clause:

ORDERING (AUG 2020)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from __________ through ____________ *[insert dates]*.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when—

(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;

(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or

(3) If sent electronically, the Government either—

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

(End of clause)

52.216-19 Order Limitations.

As prescribed in 16.505(b), insert a clause substantially the same as follows:

ORDER LIMITATIONS (OCT 1995)

(a) *Minimum order*. When the Government requires supplies or services covered by this contract in an amount of less than _____________ *[insert dollar figure or quantity]*, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order*. The Contractor is not obligated to honor-

(1) Any order for a single item in excess of _____________ *[insert dollar figure or quantity]*;

(2) Any order for a combination of items in excess of ______________ *[insert dollar figure or quantity]*; or

(3) A series of orders from the same ordering office within _____________ days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.,* includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within _____ days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

52.216-20 Definite Quantity.

As prescribed in 16.505(c), insert the following clause:

DEFINITE QUANTITY (OCT 1995)

(a) This is a definite-quantity, indefinite-delivery contract for the supplies or services specified, and effective for the period stated, in the Schedule.

(b) The Government shall order the quantity of supplies or services specified in the Schedule, and the Contractor shall furnish them when ordered. Delivery or performance shall be at locations designated in orders issued in accordance with the Ordering clause and the Schedule.

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the ordering period of this contract and not completed within that time shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after ________________ *[insert date]*.

(End of clause)

52.216-21 Requirements.

As prescribed in 16.505(d), insert the following clause:

REQUIREMENTS (DEVIATION DATE)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the ordering period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's ordering period; *provided*, that the Contractor shall not be required to make any deliveries under this contract after _________________ *[insert date]*.

Alternate I (Apr1984). As prescribed in 16.505(d)(2), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The estimated quantities are not the total requirements of the Government activity specified in the Schedule, but are estimates of requirements in excess of the quantities that the activity may itself furnish within its own capabilities. Except as this contract otherwise provides, the Government shall order from the Contractor all of that activity's requirements for supplies and services specified in the Schedule that exceed the quantities that the activity may itself furnish within its own capabilities.

Alternate II (APR 1984). As prescribed in 16.505(d)(3), add the following paragraph (g) to the basic clause:

(g) The requirements referred to in this contract are for items to be manufactured according to Government specifications. Notwithstanding anything to the contrary stated in the contract, the Government may acquire similar products by brand name from other sources for resale.

Alternate III (OCT 1995). As prescribed in 16.505(d)(4), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The Government's requirements for each item or subitem of supplies or services described in the Schedule are being purchased through one non-set-aside contract and one set-aside contract. Therefore, the Government shall order from each

Contractor approximately one-half of the total supplies or services specified in the Schedule that are required to be purchased by the specified Government activity or activities. The Government may choose between the set-aside Contractor and the non-set-aside Contractor in placing any particular order. However, the Government shall allocate successive orders, in accordance with its delivery requirements, to maintain as close a ratio as is reasonably practicable between the total quantities ordered from the two Contractors.

Alternate IV (OCT 1995). As prescribed in 16.505(d)(5), substitute the following paragraph (c) for paragraph (c) of the basic clause and add the following paragraph (g) to the basic clause:

(c) The Government's requirements for each item or subitem of supplies or services described in the Schedule are being purchased through one non-set-aside contract and one set-aside contract. Therefore, the Government shall order from each Contractor approximately one-half of the total supplies or services specified in the Schedule that are required to be purchased by the specified Government activity or activities. The Government may choose between the set-aside Contractor and the non-set-aside Contractor in placing any particular order. However, the Government shall allocate successive orders, in accordance with its delivery requirements, to maintain as close a ratio as is reasonably practicable between the total quantities ordered from the two Contractors.

(g) The requirements referred to in this contract are for items to be manufactured according to the Government specifications. Notwithstanding anything to the contrary stated in the contract, the Government may acquire similar products by brand name from other sources for resale.

52.216-22 Indefinite Quantity.

As prescribed in 16.505(e), insert the following clause:

INDEFINITE QUANTITY (DEVIATION DATE)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the ordering period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order, which may include order options to be exercised after the ordering period of this contract but before the end of the period of performance of the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order, including options exercised, to the same extent as if the order were completed during the contract's ordering period; provided, that the Contractor shall not be required to make any deliveries under this contract after _______________ *[insert date]*.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 16.505(e)(1), add a paragraph (e) substantially the same as the following to the basic clause:

(e) Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the other party receives the notice of cancellation. If either party makes such notification, no further orders may be issued against the contract, but orders already awarded will be completed unless a termination action is taken against the order. If the Contractor elects to cancel this contract, the Government will not reimburse the minimum guarantee.

Alternate II (DEVIATION DATE). As prescribed in 16.505(e)(2), add paragraphs (e) and (f) substantially the same as the following to the basic clause:

(e) The Government may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the contractor receives the notice of cancellation. No further orders may be issued against the contract, but orders already awarded will be completed unless a termination action is taken against the order.

(f) The Contractor may request to cancel this contract by submitting a written cancellation request to the contracting officer. The cancellation will take effect 30 calendar days after the Government receives the cancellation request, unless the contracting officer informs the contractor, before cancellation is effective, that cancellation is not approved. A contractor who requests cancellation is not eligible for the minimum guarantee. If cancelled, no further orders may be issued against the contract, but orders already awarded will be completed unless a termination action is taken against the order.

52.216-23 Execution and Commencement of Work.

As prescribed in 16.603-4(b)(1), insert the following clause:

EXECUTION AND COMMENCEMENT OF WORK (APR 1984)

The Contractor shall indicate acceptance of this letter contract by signing three copies of the contract and returning them to the Contracting Officer not later than _______________ *[insert date]*. Upon acceptance by both parties, the Contractor shall proceed with performance of the work, including purchase of necessary materials.

(End of clause)

52.216-24 Limitation of Government Liability.

As prescribed in 16.603-4(b)(2), insert the following clause:

LIMITATION OF GOVERNMENT LIABILITY (APR 1984)

(a) In performing this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding __________ dollars.

(b) The maximum amount for which the Government shall be liable if this contract is terminated is ___________ dollars.

(End of clause)

52.216-25 Contract Definitization.

As prescribed in 16.603-4(b)(3), insert the following clause:

CONTRACT DEFINITIZATION (DEVIATION DATE)

(a) A ______________ *[insert specific type of contract]* definitive contract is contemplated. The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive contract that will include (1) all clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the letter contract, (2) all clauses required by law on the date of execution of the definitive contract, and (3) any other mutually agreeable clauses, terms, and conditions. The Contractor agrees to submit a ______ *[insert specific type of proposal (e.g., fixed-price or cost-and-fee)]* proposal, including data other than certified cost or pricing data, and certified cost or pricing data, in accordance with FAR 15.408, Table 15-1, supporting its proposal.

(b) The schedule for definitizing this contract is *[insert target date for definitization of the contract and dates for submission of proposal, beginning of negotiations, and, if appropriate, submission of make-or-buy and subcontracting plans and certified cost or pricing data]:*

____

____

(c) If agreement on a definitive contract to supersede this letter contract is not reached by the target date in paragraph (b) of this section, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with subpart 15.4 and part 31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the Limitation of Government Liability clause.

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by-

(i) All clauses required by the FAR on the date of execution of this letter contract for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (c);

(ii) All clauses required by law as of the date of the Contracting Officer's determination; and

(iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (c)(1) of this section, all clauses, terms, and conditions included in this letter contract shall continue in effect, except those that by their nature apply only to a letter contract.

(End of clause)

Alternate I (APR 1984). As prescribed in 16.603-4(b)(3), add the following paragraph (d) to the basic clause:

(d) The definitive contract resulting from this letter contract will include a negotiated _____________ *[insert "price ceilin"g or "firm fixed pric"e]* in no event to exceed ___________________ *[insert the proposed price upon which the award was based]*.

52.216-26 Payments of Allowable Costs Before Definitization.

As prescribed in 16.603-4(c), insert the following clause:

PAYMENTS OF ALLOWABLE COSTS BEFORE DEFINITIZATION (DEC 2002)

(a) *Reimbursement rate*. Pending the placing of the definitive contract referred to in this letter contract, the Government will promptly reimburse the Contractor for all allowable costs under this contract at the following rates:

(1) One hundred percent of approved costs representing financing payments to subcontractors under fixed-price subcontracts, provided that the Government's payments to the Contractor will not exceed 80 percent of the allowable costs of those subcontractors.

(2) One hundred percent of approved costs representing cost-reimbursement subcontracts; *provided*, that the Government's payments to the Contractor shall not exceed 85 percent of the allowable costs of those subcontractors.

(3) Eighty-five percent of all other approved costs.

(b) *Limitation of reimbursement*. To determine the amounts payable to the Contractor under this letter contract, the Contracting Officer shall determine allowable costs in accordance with the applicable cost principles in part 31 of the Federal Acquisition Regulation (FAR). The total reimbursement made under this paragraph shall not exceed 85 percent of the maximum amount of the Government's liability, as stated in this contract.

(c) *Invoicing*. Payments shall be made promptly to the Contractor when requested as work progresses, but (except for small business concerns) not more often than every 2 weeks, in amounts approved by the Contracting Officer. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost incurred by the Contractor in the performance of this contract.

(d) *Allowable costs*. For the purpose of determining allowable costs, the term "costs" includes-

(1) Those recorded costs that result, at the time of the request for reimbursement, from payment by cash, check, or other form of actual payment for items or services purchased directly for the contract;

(2) When the Contractor is not delinquent in payment of costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for-

(i) Supplies and services purchased directly for the contract and associated financing payments to subcontractors, provided payments determined due will be made-

(A) In accordance with the terms and conditions of a subcontract or invoice; and

(B) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government;

(ii) Materials issued from the Contractor's stores inventory and placed in the production process for use on the contract;

(iii) Direct labor;

(iv) Direct travel;

(v) Other direct in-house costs; and

(vi) Properly allocable and allowable indirect costs as shown on the records maintained by the Contractor for purposes of obtaining reimbursement under Government contracts; and

(3) The amount of financing payments that the Contractor has paid by cash, check, or other forms of payment to subcontractors.

(e) *Small business concerns*. A small business concern may receive more frequent payments than every 2 weeks.

(f) *Audit*. At any time before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and statements of costs audited. Any payment may be-

(1) Reduced by any amounts found by the Contracting Officer not to constitute allowable costs; or

(2) Adjusted for overpayments or underpayments made on preceding invoices or vouchers.

(End of clause)

52.216-27 Single or Multiple Awards.

As prescribed in 16.505(f), insert the following provision:

SINGLE OR MULTIPLE AWARDS (OCT 1995)

The Government may elect to award a single delivery order contract or task order contract or to award multiple delivery order contracts or task order contracts for the same or similar supplies or services to two or more sources under this solicitation.

(End of provision)

52.216-28 Multiple Awards for Advisory and Assistance Services.

As prescribed in 16.505(g), insert the following provision:

MULTIPLE AWARDS FOR ADVISORY AND ASSISTANCE SERVICES (OCT 1995)

The Government intends to award multiple contracts for the same or similar advisory and assistance services to two or more sources under this solicitation unless the Government determines, after evaluation of offers, that only one offeror is capable of providing the services at the level of quality required.

(End of provision)

52.216-29 Time-and-Materials/Labor-Hour Proposal Requirements—Other Than Commercial Acquisition With Adequate Price Competition.

As prescribed in 16.601-4(a), insert the following provision:

TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL REQUIREMENTS—OTHER THAN COMMERCIAL ACQUISITION WITH ADEQUATE PRICE COMPETITION (NOV 2021)

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by-

(1) The offeror;

(2) Subcontractors; and/or

(3) Divisions, subsidiaries, or affiliates of the offeror under a common control;

(c) The offeror must establish fixed hourly rates using-

(1) Separate rates for each category of labor to be performed by each subcontractor and for each category of labor to be performed by the offeror, and for each category of labor to be transferred between divisions, subsidiaries, or affiliates of the offeror under a common control;

(2) Blended rates for each category of labor to be performed by the offeror, including labor transferred between divisions, subsidiaries, or affiliates of the offeror under a common control, and all subcontractors; or

(3) Any combination of separate and blended rates for each category of labor to be performed by the offeror, affiliates of the offeror under a common control, and subcontractors.

(End of provision)

52.216-30 Time-and-Materials/Labor-Hour Proposal Requirements—Other Than Commercial Acquisition Without Adequate Price Competition.

As prescribed in 16.601-4(b), insert the following provision:

TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL REQUIREMENTS—OTHER THAN COMMERCIAL ACQUISITION WITHOUT ADEQUATE PRICE COMPETITION (NOV 2021)

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify separate fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit for each category of labor to be performed by-

(1) The offeror;

(2) Each subcontractor; and

(3) Each division, subsidiary, or affiliate of the offeror under a common control.

(c) Unless exempt under paragraph (d) of this provision, the fixed hourly rates for services transferred between divisions, subsidiaries, or affiliates of the offeror under a common control-

(1) Shall not include profit for the transferring organization; but

(2) May include profit for the prime Contractor.

(d) The fixed hourly rates for services that meet the definition of "commercial service" at Federal Acquisition Regulation 2.101 that are transferred between divisions, subsidiaries, or affiliates of the offeror under a common control may be the established catalog or market rate when it is the established practice of the transferring organization to price interorganizational transfers at other than cost for commercial work of the offeror or any division, subsidiary or affiliate of the offeror under a common control.

(End of provision)

52.216-31 Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Acquisition.

As prescribed in 16.601-4(c), insert the following provision:

TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL REQUIREMENTS—COMMERCIAL ACQUISITION (NOV 2021)

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by-

(1) The offeror;

(2) Subcontractors; and/or

(3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

(End of provision)

52.216-32 Task-Order and Delivery-Order Ombudsman.

As prescribed in 16.505(j), insert the following clause:

TASK-ORDER AND DELIVERY-ORDER OMBUDSMAN (SEPT 2019)

(a) In accordance with 41 U.S.C. 4106(g), the Agency has designated the following task-order and delivery-order Ombudsman for this contract. The Ombudsman must review complaints from the Contractor concerning all task-order and delivery-order actions for this contract and ensure the Contractor is afforded a fair opportunity for consideration in the award of orders, consistent with the procedures in the contract. _____________ *[Contracting Officer to insert name, address, telephone number, and email address for the Agency Ombudsman or provide the URL address where this information may be found.]*

(b) Consulting an ombudsman does not alter or postpone the timeline for any other process (e.g., protests).

(c) Before consulting with the Ombudsman, the Contractor is encouraged to first address complaints with the Contracting Officer for resolution. When requested by the Contractor, the Ombudsman may keep the identity of the concerned party or entity confidential, unless prohibited by law or agency procedure.

(End of clause)

Alternate I (SEPT 2019). As prescribed in 16.505 (j), add the following paragraph (d) to the basic clause.

(d) Contracts used by multiple agencies.

(1) This is a contract that is used by multiple agencies. Complaints from Contractors concerning orders placed under contracts used by multiple agencies are primarily reviewed by the task-order and delivery-order Ombudsman for the ordering activity.

(2) The ordering activity has designated the following task-order and delivery-order Ombudsman for this order: ____________ *[The ordering activity's contracting officer to insert the name, address, telephone number, and email address for the ordering activity's Ombudsman or provide the URL address where this information may be found.]*

(3) Before consulting with the task-order and delivery-order Ombudsman for the ordering activity, the Contractor is encouraged to first address complaints with the ordering activity's Contracting Officer for resolution. When requested by the Contractor, the task-order and delivery-order Ombudsman for the ordering activity may keep the identity of the concerned party or entity confidential, unless prohibited by law or agency procedure.

(End of clause)

This page intentionally left blank.

52.217 [Reserved]

52.217-1 [Reserved]

52.217-2 Cancellation Under Multiyear Contracts.

As prescribed in 17.106(a), insert the following clause:

CANCELLATION UNDER MULTIYEAR CONTRACTS (OCT 1997)

(a) "Cancellation," as used in this clause, means that the Government is canceling its requirements for all supplies or services in program years subsequent to that in which notice of cancellation is provided. Cancellation shall occur by the date or within the time period specified in the Schedule, unless a later date is agreed to, if the Contracting Officer-

(1) Notifies the Contractor that funds are not available for contract performance for any subsequent program year; or

(2) Fails to notify the Contractor that funds are available for performance of the succeeding program year requirement.

(b) Except for cancellation under this clause or termination under the Default clause, any reduction by the Contracting Officer in the requirements of this contract shall be considered a termination under the Termination for Convenience of the Government clause.

(c) If cancellation under this clause occurs, the Contractor will be paid a cancellation charge not over the cancellation ceiling specified in the Schedule as applicable at the time of cancellation.

(d) The cancellation charge will cover only-

(1) Costs-

(i) Incurred by the Contractor and/or subcontractor;

(ii) Reasonably necessary for performance of the contract; and

(iii) That would have been equitably amortized over the entire multiyear contract period but, because of the cancellation, are not so amortized; and

(2) A reasonable profit or fee on the costs.

(e) The cancellation charge shall be computed and the claim made for it as if the claim were being made under the Termination for Convenience of the Government clause of this contract. The Contractor shall submit the claim promptly but no later than 1 year from the date-

(1) Of notification of the nonavailability of funds; or

(2) Specified in the Schedule by which notification of the availability of additional funds for the next succeeding program year is required to be issued, whichever is earlier, unless extensions in writing are granted by the Contracting Officer.

(f) The Contractor's claim may include-

(1) Reasonable nonrecurring costs (see part 15 of the Federal Acquisition Regulation) which are applicable to and normally would have been amortized in all supplies or services which are multiyear requirements;

(2) Allocable portions of the costs of facilities acquired or established for the conduct of the work, to the extent that it is impracticable for the Contractor to use the facilities in its commercial work, and if the costs are not charged to the contract through overhead or otherwise depreciated;

(3) Costs incurred for the assembly, training, and transportation to and from the job site of a specialized work force; and

(4) Costs not amortized solely because the cancellation had precluded anticipated benefits of Contractor or subcontractor learning.

(g) The claim shall not include-

(1) Labor, material, or other expenses incurred by the Contractor or subcontractors for performance of the canceled work;

(2) Any cost already paid to the Contractor;

(3) Anticipated profit or unearned fee on the canceled work; or

(4) For service contracts, the remaining useful commercial life of facilities. "Useful commercial life" means the commercial utility of the facilities rather than their physical life with due consideration given to such factors as location of facilities, their specialized nature, and obsolescence.

(h) This contract may include an Option clause with the period for exercising the option limited to the date in the contract for notification that funds are available for the next succeeding program year. If so, the Contractor agrees not to include in option quantities any costs of a startup or nonrecurring nature that have been fully set forth in the contract. The Contractor further agrees that the option quantities will reflect only those recurring costs and a reasonable profit or fee necessary to furnish the additional option quantities.

(i) Quantities added to the original contract through the Option clause of this contract shall be included in the quantity canceled for the purpose of computing allowable cancellation charges.

(End of clause)

52.217-3 Evaluation Exclusive of Options.

As prescribed in 17.203(a), insert a provision substantially the same as the following:

EVALUATION EXCLUSIVE OF OPTIONS (APR 1984)

The Government will evaluate offers for award purposes by including only the price for the basic requirement; *i.e.*, options will not be included in the evaluation for award purposes.

(End of provision)

52.217-4 Evaluation of Options Exercised at Time of Contract Award.

As prescribed in 17.203(b), insert a provision substantially the same as the following:

EVALUATION OF OPTIONS EXERCISED AT TIME OF CONTRACT AWARD (DEVIATION DATE)

Except when it is determined in accordance with FAR 17.202(b) not to be in the Government's best interests, the Government will evaluate the total price for the basic requirement together with any option(s) exercised at the time of award.

(End of provision)

52.217-5 Evaluation of Options.

As prescribed in 17.203(c), insert a provision substantially the same as the following:

EVALUATION OF OPTIONS (DEVIATION DATE)

Except when it is determined in accordance with FAR 17.202(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

(End of provision)

52.217-6 Option for Increased Quantity.

As prescribed in 17.203(d), insert a clause substantially the same as the following:

OPTION FOR INCREASED QUANTITY (MAR 1989)

The Government may increase the quantity of supplies called for in the Schedule at the unit price specified. The Contracting Officer may exercise the option by written notice to the Contractor within ______________________ *[insert in the clause the period of time in which the Contracting Officer has to exercise the option]*. Delivery of the added items shall continue at the same rate as the like items called for under the contract, unless the parties otherwise agree.

(End of clause)

52.217-7 Option for Increased Quantity-Separately Priced Line Item.

As prescribed in 17.203(e), insert a clause substantially the same as the following:

OPTION FOR INCREASED QUANTITY-SEPARATELY PRICED LINE ITEM (MAR 1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within ______________________ *[insert in the clause the period of time in which the Contracting Officer has to exercise the option]*. Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

(End of clause)

52.217-8 Option to Extend Services.

As prescribed in 17.203(f), insert a clause substantially the same as the following:

OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within _____ *[insert the period of time within which the Contracting Officer may exercise the option]*.

(End of clause)

52.217-9 Option to Extend the Term of the Contract.

As prescribed in 17.203(g), insert a clause substantially the same as the following:

OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within _____ *[insert the period of time within which the Contracting Officer may exercise the option]*; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least _____ days[*60days unless a different number of days is inserted*] before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed ___________ *(months) (years)*.

(End of clause)

52.217-10 Reverse Auction

As prescribed in 17.804(a), insert the following provision:

REVERSE AUCTION (AUG 2024)

(a) *Definitions.* As used in this provision—

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offerors' identity, and have the opportunity to submit lower priced offers until the close of the auction.

Reverse auction service provider means a commercial or Government entity that provides a means for conducting reverse auctions when acquiring supplies or services to be used by the Government.

(b) *Reverse auction.* The Government intends to conduct a reverse auction under this solicitation to award a contract or blanket purchase agreement.

(c) *Offeror agreement.* By submission of a quote or proposal in response to the solicitation, the Offeror agrees to participate in the reverse auction and agrees that the Government may reveal to all Offerors the offered price(s) in the auction, without revealing any Offeror's identity, except for the awardee's identity subsequent to an award resulting from the auction. The Offeror may withdraw its agreement to further participate in the process by withdrawing its offer before the close of the auction by notifying the Contracting Officer via the contact method identified in the solicitation.

(d) *Only one offer.* If the reverse auction produces only one offer, the Government reserves the right to cancel the auction.

(e) *Release of information.* The Government may use a reverse auction service provider to conduct the reverse auction. Any price or proposal information or source selection information received by the reverse auction service provider in relation to the reverse auction shall not be released, outside of the Government, unless otherwise required by law. However, this does not prevent the Government from revealing to all Offerors the offered price(s) in the auction, without revealing any Offeror's identity. Price or proposal information includes, but is not limited to—

(1) Contractor bid or proposal information, as defined at Federal Acquisition Regulation 3.104-1; and

(2) Information identified by the Offeror as restricted from duplication, use, or disclosure—in whole or in part—for any purpose other than to evaluate the Offeror's price or proposal.

(End of provision)

52.217-11 Reverse Auction—Orders.

As prescribed in 17.804(b), insert the following clause:

REVERSE AUCTION—ORDERS (AUG 2024)

(a) *Definitions.* As used in this clause—

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offerors' identity, and have the opportunity to submit lower priced offers until the close of the auction.

Reverse auction service provider means a commercial or Government entity that provides a means for conducting reverse auctions when acquiring supplies or services to be used by the Government.

(b) *Reverse auction.* The Contracting Officer may conduct a reverse auction to award an order under this contract or blanket purchase agreement.

(c) *Contractor agreement.* When a reverse auction is conducted under this contract or blanket purchase agreement, the following applies:

(1) The Contractor's or blanket purchase agreement holder's submission of a quote or proposal in response to the solicitation for an order constitutes agreement to participate in the auction.

(2) The Contractor agrees that the Government may reveal to all Offerors the offered price(s) in the auction, without revealing any Offerors' identity, except for the awardee's identity subsequent to an award resulting from the auction.

(3) The Contractor or blanket purchase agreement holder may withdraw its agreement to further participate in the reverse auction by withdrawing its offer. To withdraw an offer made in response to a reverse auction solicitation issued under this contract or blanket purchase agreement, the Contractor or blanket purchase agreement holder shall notify the Contracting Officer of the request before the close of the auction via the contact method identified in the solicitation.

(4) If the reverse auction produces only one offer, the Government reserves the right to cancel the auction.

(d) *Release of information.* The Government may use a reverse auction service provider to conduct the reverse auction. Any price or proposal information or source selection information received by the reverse auction service provider in relation to the reverse auction shall not be released, outside of the Government, unless otherwise required by law. However, this does not prevent the Government from revealing to all Contractors or blanket purchase agreement holders the offered price(s) in the auction, without revealing any Contractor or blanket purchase agreement holder's identity. Price or proposal information includes, but is not limited to—

(1) Contractor bid or proposal information, as defined at Federal Acquisition Regulation 3.104-1;

(2) Price or proposal information similarly generated for a task order or delivery order or an order under a blanket purchase agreement; and

(3) Information identified by the Contractor or blanket purchase agreement holder as restricted from duplication, use, or disclosure—in whole or in part—for any purpose other than to evaluate the Contractor or blanket purchase agreement holder's price or proposal.

(End of clause)

52.217-12 Reverse Auction Services.

As prescribed in 17.804(c), insert the following clause:

REVERSE AUCTION SERVICES (AUG 2024)

(a) *Definitions*.

Government data means any information, document, media, or machine-readable material regardless of physical form or characteristics, that is created or obtained by the Government, in the course of official Government business.

Government-related data means any information, document, media, or machine-readable material regardless of physical form or characteristics that is created or obtained by a contractor through the storage, processing, or communication of Government data. This does not include a contractor's business records (*e.g.,* financial records, legal records, etc.) or data such as operating procedures, software coding, or algorithms that are not uniquely applied to the Government data.

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offeror's identity, and have the opportunity to submit lower priced offers until the close of the auction.

(b) *Duties of the reverse auction service provider.* When providing reverse auction services to the Government, the Contractor shall—

(1) Not assert or imply that it can or will obtain a Government contract for the participants of a reverse auction;

(2) Allow entities to register, at no cost, as potential offerors for any reverse auction conducted on behalf of the Government on the provider's reverse auction platform. As part of the registration process, the Contractor shall allow each entity the opportunity to execute a proprietary data protection agreement with the Contractor; however, the Contractor shall not negotiate terms in the agreement that affect the terms and conditions of a Government solicitation or contract;

(3) Limit access to, use of, and disclosure of Government data and Government-related data.

(i) The Contractor shall not access, use, or disclose Government data unless specifically authorized by the terms of this contract or a task order or delivery order issued hereunder.

(ii) If authorized by the terms of this contract or a task order or delivery order issued hereunder, any access to, or use or disclosure of, Government data shall only be for purposes specified in this contract or task order or delivery order.

(iii) The Contractor shall ensure that its employees are subject to all such access, use, and disclosure prohibitions and obligations.

(iv) These access, use, and disclosure prohibitions and obligations shall survive the expiration or termination of this contract.

(v) The Contractor shall notify the Contracting Officer promptly of any requests from a third party for access to Government data or Government-related data, including any warrants, seizures, or subpoenas it receives, including those from another Federal, State, or local agency. The Contractor shall cooperate with the Contracting Officer to take all measures to protect Government data and Government-related data from any unauthorized disclosure.

(4) Assert no right or license in the data gathered or generated during a reverse auction. Use Government-related data only to manage the operational environment that supports the Government data and for no other purpose unless otherwise permitted with the prior written approval of the Contracting Officer.

(5) Protect from unauthorized use or disclosure and not release outside of the Government any price or proposal information or any source selection information (see Federal Acquisition Regulation (FAR) 2.101) received by the Contractor in relation to a reverse auction. Price or proposal information shall include, but is not limited to—

(i) Contractor bid or proposal information, as defined at FAR 3.104-1;

(ii) Price or proposal information similarly generated for a task order or delivery order or an order under a blanket purchase agreement; and

(iii) Information identified by the reverse auction participant as restricted from duplication, use, or disclosure—in whole or in part—for any purpose other than to evaluate the reverse auction participant's price or proposal;

(6) Allow offerors to see the successive lowest price(s) offered in the auction without revealing an offeror's identity;

(7) Not participate as an offeror in any reverse auction, which the Contractor is hosting on behalf of the Government. This prohibition includes participation in a reverse auction by any entity with which the Contractor has a relationship that raises an actual or potential conflict of interest;

(8) At the close of each auction—

(i) Provide the Contracting Officer with the successful offer, along with information that separately identifies the offeror's price and the price for each provider fee or charge included in the total price; and

(ii) Provide the Contracting Officer with all information and documentation received from reverse auction participants in response to the reverse auction.

(End of clause)

52.218 [Reserved]

52.219 [Reserved]

52.219-1 Small Business Program Representations.

As prescribed in 19.101(a)(2)(ii)(A), insert the following provision:

SMALL BUSINESS PROGRAM REPRESENTATIONS (DEVIATION DATE)

(a) *Definitions*. As used in this provision-

Economically disadvantaged women-owned small business (EDWOSB) concern means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300. It automatically qualifies as a women-owned small business concern eligible under the WOSB Program.

HUBZone small business concern means a small business concern that meets the requirements described in 13 CFR 126.200, is certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Small Business Search (SBS) (13 CFR 126.103).

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300.

Small business concern—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (b) of this provision.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small disadvantaged business concern means a small business concern that-

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by one or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States, and

(2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals who meet the criteria in paragraph (1) of this definition.

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127) means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300.

(b) (1) The North American Industry Classification System (NAICS) code for this acquisition is ________ *[insert NAICS code]*.

(2) The small business size standard is _______ *[insert size standard]*.

(3) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce (*i.e.*, nonmanufacturer), is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition—

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(c) *Representations.* (1) The offeror represents as part of its offer that—

(i) it □ is, □ is not a small business concern; or

(ii) It □ is, □ is not a small business joint venture that complies with the requirements of 13 CFR 121.103(h) and 13 CFR 125.8(a) and (b). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture:* __.]

(2) [*Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.]* The offeror represents that it □ is, □ is not a women-owned small disadvantage business concern.

(3) *Women-owned small business (WOSB) joint venture eligible under the WOSB Program.* The offeror represents as part of its offer that it □ is, □ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture:* __.]

(4) *Economically disadvantaged women-owned small business (EDWOSB) joint venture.* The offeror represents as part of its offer that it □ is, □ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture:* __.]

(5) *SDVOSB joint venture eligible under the SDVOSB Program*. [*Complete only if the offeror is certified as a SDVOSB concern*]. The offeror represents as part of its offer that it □ is, □ is not a SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [*The offeror shall enter the name and unique entity identifier of each party to the joint venture:*__.]

(6) *HUBZone joint venture eligible under the HUBZone Program.* [*Complete only if the offeror is a HUBZone small business concern.*] The offeror represents, as part of its offer, that it □ is, □ is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616(a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture:* __.] Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern.

(d) *Notice.* Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a business concern that is small, HUBZone small, small disadvantaged, service-disabled veteran-owned small, economically disadvantaged women-owned small, or women-owned small eligible under the WOSB Program in order to obtain a contract to be awarded under the preference programs established pursuant to section 8, 9, 15, 31, and 36 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, will be—

(1) Punished by imposition of fine, imprisonment, or both;

(2) Subject to administrative remedies, including suspension and debarment; and

(3) Ineligible for participation in programs conducted under the authority of the Act.

(End of provision)

Alternate I [Reserved]

Alternate II (MAR 2023). As prescribed in 19.101(a)(2)(ii)(B), substitute the following paragraphs (b) and (c)(1) for paragraphs (b) and (c)(1) of the basic provision:

(b)(1) The North American Industry Classification System (NAICS) codes and corresponding size standards for this acquisition are as follows; the categories or portions these NAICS codes are assigned to are specified elsewhere in the solicitation:

NAICS Code	**Size standard**
____________	____________
____________	____________
____________	____________

[Contracting Officer to insert NAICS codes and size standards].

(2) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce (*i.e.*, nonmanufacturer), is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition—

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(c) *Representations.* (1) The Offeror shall represent its small business size status for each one of the NAICS codes assigned to this acquisition under which it is submitting an offer.

NAICS Code	Small business concern (yes/no)
______________________	______________________
______________________	______________________
______________________	______________________

[*Contracting Officer to insert NAICS codes.*]

52.219-2 Equal Low Bids.

As prescribed in 19.203(b), insert the following provision:

EQUAL LOW BIDS (DEVIATION DATE)

(a) This provision applies to small business concerns only.

(b) The bidder's status as a labor surplus area (LSA) concern may affect entitlement to award in case of tie bids. If the bidder wishes to be considered for this priority, the bidder must identify, in the following space, the LSA in which the costs to be incurred on account of manufacturing or production (by the bidder or the first-tier subcontractors) amount to more than 50 percent of the contract price.

______________________________________ ______________________________________

(c) Failure to identify the labor surplus areas as specified in paragraph (b) of this provision will preclude the bidder from receiving priority consideration. If the bidder is awarded a contract as a result of receiving priority consideration under this provision and would not have otherwise received award, the bidder shall perform the contract or cause the contract to be performed in accordance with the obligations of an LSA concern.

(End of provision)

52.219-3 Notice of HUBZone Set-Aside or Sole-Source Award.

As prescribed in 19.105-4(a), insert the following clause:

NOTICE OF HUBZONE SET-ASIDE OR SOLE-SOURCE AWARD (DEVIATION DATE)

(a) *Definition*. *HUBZone small business concern*, as used in this clause, means a small business concern, certified by the Small Business Administration (SBA), that appears on the List of Qualified HUBZone Small Business Concerns maintained by the SBA (13 CFR 126.103).

(b) *Applicability*. This clause applies only to-

(1) Contracts that have been set aside or awarded on a sole-source basis to, HUBZone small business concerns;

(2) Part or parts of a multiple-award contract that have been set aside for HUBZone small business concerns; and

(3) Orders set aside for HUBZone small business concerns under multiple-award contracts as described in 8.4 and 16.5

(c) *General*. (1) Offers are solicited only from HUBZone small business concerns. Offers received from concerns that are not HUBZone small business concerns will not be considered.

(2) Any award resulting from this solicitation will be made to a HUBZone small business concern.

(d) *Joint venture.* A joint venture may be considered a HUBZone concern if—

(1) At least one party to the joint venture is a HUBZone small business concern and complies with 13 CFR 126.616(c); and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under the SBA mentor-protégé program.

(e) A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-4 Notice of Price Evaluation Preference for HUBZone Small Business Concerns.

As prescribed in 19.110(b), insert the following provision:

NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (DEVIATION DATE)

(a) Evaluation preference. (1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(b) *Waiver of evaluation preference*. A HUBZone small business concern may choose to waive the evaluation preference. If the concern waives the preference, the factor will be added to its offer for evaluation purposes.

□ Offeror chooses to waive the evaluation preference.

(c) *Joint venture.* A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business parties to the joint venture must be more than administrative functions.

(End of provision)

52.219-5 [Reserved]

52.219-6 Notice of Total Small Business Set-Aside.

As prescribed in 19.104-3(a), insert the following clause:

NOTICE OF TOTAL SMALL BUSINESS SET-ASIDE (DEVIATION DATE)

(a) *Definition*. *Small business concern*, as used in this clause—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(2) *Affiliates*, as used in paragraph (a)(1) of this clause, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) *Applicability*. This clause applies only to-

(1) Contracts that have been set aside for small business concerns; and

(2) Orders set aside for small business concerns under multiple-award contracts as described in 8.4 and 16.5.

(c) *General*. (1) Offers are solicited only from small business concerns. Offers received from concerns that are not small business concerns shall be considered nonresponsive and will be rejected.

(2) Any award resulting from this solicitation will be made to a small business concern.

(End of clause)

Alternate I (MAR 2020) . As prescribed in 19.104-3(a), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) *General.*(1) Offers are solicited only from small business concerns and Federal Prison Industries, Inc. (FPI). Offers received from concerns that are not small business concerns or FPI shall be considered nonresponsive and will be rejected.

(2) Any award resulting from this solicitation will be made to either a small business concern or FPI.

52.219-7 Notice of Partial Small Business Set-Aside.

As prescribed in 19.104-3(b), insert the following clause:

NOTICE OF PARTIAL SMALL BUSINESS SET-ASIDE (NOV 2020)

(a) *Definition*. *Small business concern*, as used in this clause—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(2) *Affiliates*, as used in paragraph (a)(1) of this clause, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) *Applicability.* This clause applies only to contracts that have been partially set aside for small business concerns.

(c) General. (1) A portion of this requirement, identified elsewhere in this solicitation, has been set aside for award to one or more small business concerns identified in 19.000(a)(3). Offers received from concerns that do not qualify as small business concerns shall be considered nonresponsive and shall be rejected on the set-aside portion of the requirement.

(2) Small business concerns may submit offers and compete for the non-set-aside portion and the set-aside portion.

(d) The Offeror shall—

[*Contracting Officer check as appropriate.*]

□ Submit a separate offer for each portion of the solicitation for which it wants to compete (i.e. set-aside portion, non-set-aside portion, or both); or

□ Submit one offer to include all portions for which it wants to compete.

(e) *Partial set-asides of multiple-award contracts.* (1) Small business concerns will not compete against other than small business concerns for any order issued under the part or parts of the multiple-award contract that are set aside.

(2) Small business concerns may compete for orders issued under the part or parts of the multiple-award contract that are not set aside, if the small business concern received a contract award for the non-set-aside portion.

(End of clause)

Alternate I (MAR 2020) . As prescribed in 19.104-3(b), add the following paragraph (f) to the basic clause:

(f) Notwithstanding paragraph (c) of this clause, offers from Federal Prison Industries, Inc., will be solicited and considered for both the set-aside and non-set-aside portion of this requirement.

52.219-8 Utilization of Small Business Concerns.

As prescribed in 19.109(e), insert the following clause:

UTILIZATION OF SMALL BUSINESS CONCERNS (DEVIATION DATE)

(a) *Definitions*. As used in this contract—

HUBZone small business concern means a small business concern that meets the requirements described in 13 CFR 126.200, certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Small Business Search (SBS) and the System for Award Management (SAM).

Service-disabled veteran-owned small business (SDVOSB) concern means an SDVOSB concern that meets the requirements described in 13 CFR 128.300, is certified by SBA, and is designated by SBA as an SDVOSB concern in SBS and SAM.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation and qualified as a small business under the criteria and size standards in 13 CFR part 121, including the size standard that corresponds to the NAICS code assigned to the contract or subcontract.

Small disadvantaged business (SDB) concern means a small business concern under the size standard applicable to the acquisition, that-

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by-

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR 124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

Veteran-owned small business (VOSB) concern means a small business concern-

(1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at 38 U.S.C.101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

Women-owned small business (WOSB) concern means a small business concern-

(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women;

(2) Whose management and daily business operations are controlled by one or more women; and

(3) That is certified by SBA or an approved third- party certifier in accordance with 13 CFR 127.300 and is designated by SBA as a WOSB concern in SBS and SAM.

(b) It is the policy of the United States that small business concerns, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB concerns.

(c) (1) A joint venture qualifies as a small business concern if—

(i) Each party to the joint venture qualifies as small under the size standard for the solicitation; or

(ii) The protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under a SBA mentor-protégé program. (See 13 CFR 125.9(d).)

(2) A joint venture qualifies as a HUBZone small business concern if it complies with the requirements in 13 CFR 126.616(a) through (c).

(d) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the Small Business Administration or the awarding agency of the as may be necessary to determine the extent of the Contractor's compliance with this clause.

(e) (1) Unless the Contractor has reason to question the representation, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or SDB, if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(2) Unless the Contractor has reason to question the representation, it may accept a subcontractor's representations of its size and socioeconomic status as a small business or SDB in the System for Award Management (SAM) if the subcontractor —

(i) Is registered in SAM; and

(ii) Represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(3) The Contractor may not require that the subcontractor register in SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(4) A contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern, VOSB, SDVOSB, or WOSB concern is certified by SBA by checking SAM or SBS at https://search.certifications.sba.gov/.

(End of clause)

52.219-9 Small Business Subcontracting Plan.

As prescribed in 19.109(e)(2)(i), insert the following clause:

SMALL BUSINESS SUBCONTRACTING PLAN (DEVIATION DATE)

(a) This clause does not apply to small business concerns.

(b) *Definitions*. As used in this clause—

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act (43 U.S.C. 1601, *et seq.*) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

Commercial plan means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial products and commercial services sold by either the entire company or a portion thereof (*e.g.,* division, plant, or product line).

Commercial product means a product that satisfies the definition of "commercial product" in Federal Acquisition Regulation (FAR) 2.101.

Commercial service means a service that satisfies the definition of "commercial service" in FAR 2.101.

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

Individual subcontracting plan means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

Master subcontracting plan means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

Reduced payment means a payment for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

Subcontract means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

Subcontracting Plan Reporting (SPR) means the electronic subcontracting reporting system at SAM.gov for small business subcontracting program reporting.

Total contract dollars means the final anticipated dollar value, including the dollar value of all options.

Untimely payment means a payment to a subcontractor that is more than 90 days past due under the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.

(c) (1) The Offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small business (WOSB) concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer will include the subcontracting plan in and make it a part of the resultant contract. The Offeror shall negotiate the subcontracting plan within the timeframe specified by the Contracting Officer. If the Offeror fails to submit and negotiate the subcontracting plan, then the Offeror will not be eligible for award of a contract.

(2) (i) Unless the Contractor has reason to question the representations, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or SDB, if the subcontractor represents that the size

and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(ii) Unless the Contractor has reason to question the representations, it may accept a subcontractor's representations of its size and socioeconomic status as a small business or SDB in the System for Award Management (SAM) if—

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(iii) The Contractor may not require that the subcontractor register in SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) A contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or SDB status.

(v) In order to be eligible as a VOSB, SDVOSB, HUBZone small business, or WOSB concern, subcontractor under a subcontracting plan, the small business must be certified by the Small Business Administration (SBA) as that socioeconomic status. SBA certifications are in the Small Business Search (SBS) website at https://search.certifications.sba.gov/.

(d) The Offeror's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting dollars, for the use of small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Offeror shall include all subcontracts that contribute to contract performance and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 15 U.S.C. 657r(a), an Offeror that is a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9) and awards a subcontract to its protégé may apply the costs incurred for training it provides to its protégé toward its subcontracting plan goals, if the protégé is a covered territory business or the protégé's principal office is located in the Commonwealth of Puerto Rico. In accordance with 43 U.S.C. 1626—

(i) Count subcontracts awarded to an ANC or Indian tribe toward the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or SBA certification status of the ANC or Indian tribe; and

(ii) If one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, then the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contracting Officer will consider the Contractor that awarded the subcontract to the ANC or Indian tribe the designated Contractor.

(2) A statement of–

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts, including all indirect costs except as described in paragraph (g) of this clause, to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes);

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANCs and Indian tribes); and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to-

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.*, existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (*e.g.*, outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with–

(i) Small business concerns (including ANC and Indian tribes);

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns (including ANC and Indian tribes); and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Offeror will make to assure that small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns, including entities that are treated as small business concerns by statute for certain purposes (*e.g.,* ANCs, see 13 CFR 125.3(b)(2))) that receive subcontracts in excess of the applicable threshold specified in FAR 19.109(a) on the date of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Offeror will–

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so the Government can determine the extent of compliance by the Contractor with the subcontracting plan;

(iii) Include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause using the SPR. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by SBA as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using SPR;

(vi) Provide its prime contract number, its unique entity identifier, and the e-mail address of the Offeror's official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so they can enter this information into the SPR when submitting their ISRs; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the Offeror's efforts to locate small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.,* SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating-

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact-

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, service-disabled veteran-owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through-

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if–

(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services, or materials or obtain the performance of construction work as described in paragraph (d)(12) of this clause. The Contractor shall submit the written explanation to the Contracting Officer within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.

(15) Assurances that the Contractor will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the Contracting Officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor’s lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing SAM or by accessing the Small Business Search (SBS) at https://search.certifications.sba.gov/.

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor’s subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, in which a small business concern received a small business preference, upon determination of the successful subcontract offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business subcontract offeror in writing of the name and location of the apparent successful offeror and if the successful subcontract offeror is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.

(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by this clause; provided-

(1) The master subcontracting plan has been approved;

(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved master subcontracting plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial products and commercial services. The commercial plan shall relate to the offeror’s planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor’s commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial product or commercial service. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR in SPR for all contracts covered by its commercial plan. A Contractor authorized to use a commercial subcontracting plan shall include in its subcontracting goals and in its SSR all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region;

and philanthropic contributions. This report shall be monitored in SPR by the agency that approved the plan. This report shall be submitted within 45 days after the end of the Government's fiscal year.

(h) The Contracting Officer will consider prior compliance of the Offeror with other such subcontracting plans under previous contracts in determining the responsibility of the Offeror for award of the contract.

(i) A contract may have no more than one subcontracting plan. When a contract modification exceeds the subcontracting plan threshold in FAR 19.109(a), or an option is exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.

(j) Subcontracting plans are not required from subcontractors when the prime contract is awarded under FAR part 12, Acquisition of Commercial Products and Commercial Services, or when the subcontractor provides a commercial product or commercial service subject to the clause at FAR 52.244-6, Subcontracts for Commercial Products and Commercial Services, under a prime contract.

(k) The Contracting Officer will consider failure of the Contractor or subcontractor to comply in good faith with the clause of this contract entitled "Utilization Of Small Business Concerns," or an approved plan required by this clause, a material breach of the contract and may consider the failure in any past performance evaluation of the Contractor.

(l) The Contractor shall submit ISRs and SSRs using the web-based SPR. Do not include purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor in these reports. Treat subcontract awards by affiliates as subcontract awards by the Contractor. Limit subcontract award data reported by the Contractor and subcontractors to awards made to their immediate next-tier subcontractors. The Contractor and its subcontractors cannot take credit for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or SDB credit from an ANC or Indian tribe. Include in these reports only subcontracts involving performance in the United States or its outlying areas, with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas

(1) *ISR*. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 45 days of contract completion. Reports are due 45 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When notified of any anomaly, discrepancy, or error in the ISR, the Contractor shall submit a corrected report within 30 days of receiving the notice.

(ii) (A) When a subcontracting plan contains separate goals for the base period of the contract and each option, the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to 19.302-1 or 19.301(e), the Contractor shall report its achievements on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(iii) When a subcontracting plan includes indirect costs in the goals, include these costs in this report.

(iv) In the case of a subcontract with a subcontracting plan, the responsibility to monitor the ISR belongs to the entity that awarded the subcontract.

(2) *SSR*. (i) Reports submitted under individual subcontracting plans–

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (*e.g.* plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.109(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by November 14 for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor shall submit a revised report within 30 days of receiving the notice of SSR rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The responsibility to monitor SSRs in SPR, including SSRs submitted by subcontractors with subcontracting plans, belongs to the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) *Reports submitted under a commercial plan-*

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within thirty days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The responsibility to monitor SSRs for commercial plans belongs to the Government agency that approved the commercial plan.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 19.109(e)(2)(i)(A), substitute the following paragraph (c)(1) for paragraph (c)(1) of the basic clause:

(c)(1) The apparently low bidder, upon request by the Contracting Officer, shall submit a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small business (WOSB) concerns. If the bidder is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer shall include the plan in and make it a part of the resultant contract. The apparently low bidder shall submit the subcontracting plan within the timeframe specified by the Contracting Officer. If the Bidder fails to submit the subcontracting plan, then the Bidder shall not be eligible for the award of a contract.

Alternate II (DEVIATION DATE). As prescribed in 19.109(e)(2)(i)(B), substitute the following paragraph (c)(1) for paragraph (c)(1) of the basic clause:

(c)(1) The Offeror shall include with its proposal, submitted in response to this solicitation, a subcontracting plan that separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small business (WOSB) concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer shall include the plan in and make it a part of the resultant contract. The Offeror shall negotiate the subcontracting plan within the timeframe specified by the Contracting Officer. If the Offeror fails to submit and negotiate a subcontracting plan, the Offeror shall not be eligible for award of a contract.

Alternate III (DEVIATION DATE). As prescribed in 19.109(e)(2)(i)(C), substitute the following paragraphs (d)(10) and (l) for paragraphs (d)(10) and (l) in the basic clause:

(d)(10) Assurances that the Offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the Contractor with the subcontracting plan;

(iii) Submit Standard Form (SF) 294 Subcontracting Report for Individual Contract in accordance with paragraph (l) of this clause. Submit the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause using the SPR. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations; and

(iv) Ensure that its subcontractors with subcontracting plans agree to submit the SF 294 in accordance with paragraph (l) of this clause. Ensure that its subcontractors with subcontracting plans agree to submit the SSR in accordance with paragraph (l) of this clause using the SPR.

(l) The Contractor shall submit a SF 294. The Contractor shall submit SSRs using the web-based SPR. Purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor are not included in these reports. Subcontract awards by affiliates shall be treated as subcontract awards by the Contractor. Subcontract award data reported by the Contractor and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian tribe. Only subcontracts involving performance in the U.S. or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

(1) *SF 294*. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan. For Contractors the report shall be submitted to the Contracting Officer, or as specified elsewhere in this contract. In the case of a subcontract with a subcontracting plan, the report shall be submitted to the entity that awarded the subcontract.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 45 days of contract completion. Reports are due 45 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When notified of any anomaly, discrepancy, or error in the report, the Contractor shall submit a revised report within 30 days of receiving the notice of report rejection.

(ii)(A) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.206-1(b), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to FAR 19.302-1 or 19.301(d), the Contractor's achievements must be reported in the report on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(iii) When a subcontracting plan includes indirect costs in the goals, these costs must be included in this report.

(2)*SSR*. (i) *Reports submitted under subcontracting contract plans*.

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (*e.g.*, plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor and/or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.109(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by November 14, for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor is required to submit a revised SSR within 30 days of receiving the notice of report rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The responsibility to monitor SSRs in the SPR, including SSRs submitted by subcontractors with subcontracting plans, belongs to the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) *Reports submitted under a commercial plan*.

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within 45 days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The responsibility to monitor SSRs for commercial plans belongs to the agency that approved the commercial plan.

Alternate IV (DEVIATION DATE). As prescribed in 19.302-1(b)(1), substitute the following paragraphs (c)(1) and (d) for paragraphs (c)(1) and (d) of the basic clause:

(c)(1) The Contractor, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small business (WOSB) concerns. If the Contractor is submitting an individual subcontracting plan, the plan shall separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer shall incorporate the subcontracting plan into the contract. The Contractor shall negotiate the subcontracting plan within the timeframe specified by the Contracting Officer. The subcontracting plan does not apply retroactively.

(d) The Contractor's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted and as a percentage of total planned subcontracting dollars, for the use of small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Contractor shall include all subcontracts that contribute to contract performance and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 15 U.S.C. 657r(a), a Contractor that is a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9) and awards a subcontract to its protégé may apply the costs incurred for training it provides to its protégé toward its subcontracting plan goals, if the protégé is a covered territory business or the protégé's principal office is located in the Commonwealth of Puerto Rico. In accordance with 43 U.S.C. 1626—

(i) Count subcontracts awarded to an ANC or Indian tribe toward the subcontracting goals for small business and SDB concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe; and

(ii) If one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, then the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract toward its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contracting Officer will consider the Contractor that awarded the subcontract to the ANC or Indian tribe the designated Contractor.

(2) A statement of–

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Contractor's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan, including all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region; and philanthropic contributions;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes);

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns; (iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business; (v) Total dollars planned to be subcontracted to HUBZone small business concerns; (vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANCs and Indian tribes); and (vii) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (e.g., existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). The Contractor may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Contractor included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with–

(i) Small business concerns (including ANC and Indian tribes);

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns (including ANC and Indian tribes); and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the Contractor who will administer the Contractor's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Contractor will make to assure that small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Contractor will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Contractor will require all subcontractors (except small business concerns, including entities that are treated as small business concerns by statute for certain purposes (e.g., ANCs, see 13 CFR 125.3(b)(2))) that receive subcontracts in excess of the applicable threshold specified in FAR 19.302-1(a)(1) on the date of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Contractor will–

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so the Government can determine the extent of compliance by the Contractor with the subcontracting plan;

(iii) Include subcontracting data for each order when reporting subcontracting achievements for an indefinite-delivery, indefinite-quantity contract with an individual subcontracting plan where the contract is intended for use by multiple agencies;

(iv) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause using the SPR. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by SBA as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or SSR using SPR;

(vi) Provide its prime contract number, its unique entity identifier, and the e-mail address of the Contractor's official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so they can enter this information into the SPR when submitting their ISRs; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the Contractor's efforts to locate small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (e.g., SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating–

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact–

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, service-disabled veteran-owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through–

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the Contractor to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(12) Assurances that the Contractor will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the proposal for the modification, in the same or greater scope, amount, and quality used in preparing and submitting the modification proposal. Responding to a request for a quote does not constitute use in preparing a proposal. The Contractor used a small business concern in preparing the proposal for a modification if–

(i) The Contractor identifies the small business concern as a subcontractor in the proposal or associated small business subcontracting plan to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Contractor used the small business concern's pricing or cost information or technical expertise in preparing the proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work when the modification is executed.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as

described in paragraph (d)(12) of this clause. The Contractor shall submit this written explanation to the Contracting Officer within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the contracting officer any material matter pertaining to the payment to or utilization of a subcontractor.

(15) Assurances that the Contractor will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the Contracting Officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).

52.219-10 Incentive Subcontracting Program.

As prescribed in 19.109(f)(1), insert the following clause:

INCENTIVE SUBCONTRACTING PROGRAM (DEVIATION DATE)

(a) Of the total dollars it plans to spend under subcontracts, the Contractor has committed itself in its subcontracting plan to try to award certain percentages to small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, respectively.

(b) If the Contractor exceeds its subcontracting goals for small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in performing this contract, it will receive ______ *[Contracting Officer to insert the appropriate number between 0 and 10]* percent of the dollars in excess of each goal in the plan, unless the Contracting Officer determines that the excess was not due to the Contractor's efforts (*e.g.,*a subcontractor cost overrun caused the actual subcontract amount to exceed that estimated in the subcontracting plan, or the award of subcontracts that had been planned but had not been disclosed in the subcontracting plan during contract negotiations). Determinations under this paragraph are unilateral decisions made solely at the discretion of the Government.

(c) If this is a cost-plus-fixed-fee contract, the sum of the fixed fee and the incentive fee earned under this contract may not exceed the limitations in 15.4 of the Federal Acquisition Regulation.

(End of clause)

52.219-11 Special 8(a) Contract Conditions.

As prescribed in 19.108-10(a), insert the following clause:

SPECIAL 8(A) CONTRACT CONDITIONS (JAN 2017)

The Small Business Administration (SBA) agrees to the following:

(a) To furnish the supplies or services set forth in this contract according to the specifications and the terms and conditions hereof by subcontracting with an eligible concern pursuant to the provisions of section 8(a) of the Small Business Act, as amended (15 U.S.C. 637(a)).

(b) That in the event SBA does not award a subcontract for all or a part of the work hereunder, this contract may be terminated either in whole or in part without cost to either party.

(c) Except for novation agreements, delegates to the _________ *[insert name of contracting agency]* the responsibility for administering the subcontract to be awarded hereunder with complete authority to take any action on behalf of the Government under the terms and conditions of the subcontract; provided, however, that the _________ *[insert name of contracting agency]* shall give advance notice to the SBA before it issues a final notice terminating the right of a subcontractor to proceed with further performance, either in whole or in part, under the subcontract for default or for the convenience of the Government.

(d) That payments to be made under any subcontract awarded under this contract will be made directly to the subcontractor by the ___________ *[insert name of contracting agency]*.

(e) That the subcontractor awarded a subcontract hereunder shall have the right of appeal from decisions of the Contracting Officer cognizable under the "Disputes" clause of said subcontract.

(f) To notify the _________ *[insert name of contracting agency]* Contracting Officer immediately upon notification by the subcontractor that the owner or owners upon whom 8(a) eligibility was based plan to relinquish ownership or control of the concern.

(End of clause)

52.219-12 Special 8(a) Subcontract Conditions.

As prescribed in 19.108-10(b), insert the following clause:

SPECIAL 8(A) SUBCONTRACT CONDITIONS (OCT 2019)

(a) The Small Business Administration (SBA) has entered into Contract No.________ *[insert number of contract]* with the _________ *[insert name of contracting agency]* to furnish the supplies or services as described therein. A copy of the contract is attached hereto and made a part hereof.

(b) The ___________ *[insert name of subcontractor],* hereafter referred to as the subcontractor, agrees and acknowledges as follows:

(1) That it will, for and on behalf of the SBA, fulfill and perform all of the requirements of Contract No. ______ *[insert number of contract]* for the consideration stated therein and that it has read and is familiar with each and every part of the contract.

(2) That the SBA has delegated responsibility, except for novation agreements, for the administration of this subcontract to the _______ *[insert name of contracting agency]* with complete authority to take any action on behalf of the Government und_d and conditions of this subcontract.

(3) That it will notify the __________ *[insert name of contracting agency]* Contracting Officer in writing immediately upon entering an agreement (either oral or written) to transfer all or part of its stock or other ownership interest to any other party.

(c) Payments, including any progress payments under this subcontract, will be made directly to the subcontractor by the ______ *[insert name of contracting agency]*.

(End of clause)

52.219-13 Notice of Set-Aside of Orders.

As prescribed in 19.104-3(d), insert the following clause:

NOTICE OF SET-ASIDE OF ORDERS (MAR 2020)

(a) The Contracting Officer may set aside orders for the small business concerns identified in 19.000(a)(3).

(b) The Contracting Officer will give notice of the order or orders, if any, to be set aside for small business concerns identified in 19.000(a)(3) and the applicable small business program. This notice, and its restrictions, will apply only to the specific orders that have been set aside for any of the small business concerns identified in 19.000(a)(3).

(End of clause)

Alternate I [Reserved]

52.219-14 Limitations on Subcontracting.

As prescribed in 19.104-3(c), insert the following clause:

LIMITATIONS ON SUBCONTRACTING (DEVIATION DATE)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) *Definition. Similarly situated entity*, as used in this clause, means a first-tier subcontractor, including an independent contractor, that—

(1) Has the same small business program status as that which qualified the prime contractor for the award (*e.g.*, for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) *Applicability.* This clause applies only to—

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors.* An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for—

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause—

[*Contracting Officer check as appropriate.*]

□ By the end of the base term of the contract and then by the end of each subsequent option period; or

□ By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

52.219-15 [Reserved]

52.219-16 Liquidated Damages-Subcontracting Plan.

As prescribed in 19.109(e)(2)(ii) and 19.302-1(b)(2), insert the following clause:

LIQUIDATED DAMAGES-SUBCONTRACTING PLAN (DEVIATION DATE)

(a) The Government will measure performance by applying the percentage goals to the total actual subcontracting dollars, or, if a commercial plan is involved, to the pro rata share of actual subcontracting dollars attributable to Government contracts covered by the commercial plan. If, at contract completion or, in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, the Contractor has failed to meet its subcontracting goals and the Contracting Officer decides in accordance with paragraph (b) of this clause that the Contractor failed to make a good faith effort to comply with its subcontracting plan, established in accordance with the clause in this contract entitled “Small Business Subcontracting Plan,” the Contractor shall pay the Government liquidated damages in a stated amount. The amount of probable damages attributable to the Contractor's failure to comply shall equal the actual dollar amount by which the Contractor failed to achieve each subcontract goal.

(b) Before the Contracting Officer makes a final decision that the Contractor has failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall give the Contractor written notice specifying the failure and permitting the Contractor to demonstrate the good faith efforts it made and to discuss the matter. The Contracting Officer may take failure to respond to the notice as an admission that no valid explanation exists. If, after consideration of all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer will issue a final decision to that effect and require that the Contractor pay the Government liquidated damages as provided in paragraph (a) of this clause.

(c) With respect to commercial plans, the Contracting Officer who approved the plan will perform the functions of the Contracting Officer under this clause on behalf of all agencies with contracts covered by the commercial plan.

(d) The Contractor has the right of appeal, under the clause in this contract entitled, Disputes, from any final decision of the Contracting Officer.

(e) Liquidated damages shall be in addition to any other remedies that the Government may have.

(End of clause)

52.219-17 Section 8(a) Award.

As prescribed in 19.108-10(c), insert the following clause:

SECTION 8(A) AWARD (OCT 2019)

(a) By execution of a contract, the Small Business Administration (SBA) agrees to the following:

(1) To furnish the supplies or services set forth in the contract according to the specifications and the terms and conditions by subcontracting with the Offeror who has been determined an eligible concern pursuant to the provisions of section 8(a) of the Small Business Act, as amended (15 U.S.C. 637(a)).

(2) Except for novation agreements, delegates to the ______ *[insert name of contracting activity]*the responsibility for administering the contract with complete authority to take any action on behalf of the Government under the terms and conditions of the contract; provided, however that the contracting agency shall give advance notice to the SBA before it issues a final notice terminating the right of the subcontractor to proceed with further performance, either in whole or in part, under the contract.

(3) That payments to be made under the contract will be made directly to the subcontractor by the contracting activity.

(4) To notify the ___________ *[insert name of contracting agency]* Contracting Officer immediately upon notification by the subcontractor that the owner or owners upon whom 8(a) eligibility was based plan to relinquish ownership or control of the concern.

(5) That the subcontractor awarded a subcontract hereunder shall have the right of appeal from decisions of the cognizant Contracting Officer under the "Disputes" clause of the subcontract.

(b) The offeror/subcontractor agrees and acknowledges that it will, for and on behalf of the SBA, fulfill and perform all of the requirements of the contract.

(End of clause)

52.219-18 Notification of Competition Limited to Eligible 8(a) Participants.

As prescribed in 19.108-10(d), insert the following clause:

NOTIFICATION OF COMPETITION LIMITED TO ELIGIBLE 8(A) PARTICIPANTS (OCT 2022)

(a) Offers are solicited only from—

(1) Small business concerns expressly certified by the Small Business Administration (SBA) for participation in SBA's 8(a) program and which meet the following criteria at the time of submission of offer—

(i) The Offeror is in conformance with the 8(a) support limitation set forth in its approved business plan; and

(ii) The Offeror is in conformance with the Business Activity Targets set forth in its approved business plan or any remedial action directed by SBA;

(2) A joint venture, in which at least one of the 8(a) program participants that is a party to the joint venture complies with the criteria set forth in paragraph (a)(1) of this clause, that complies with 13 CFR 124.513(c); or

(3) A joint venture—

(i) That is comprised of a mentor and an 8(a) protégé with an approved mentor-protégé agreement under the 8(a) program;

(ii) In which at least one of the 8(a) program participants that is a party to the joint venture complies with the criteria set forth in paragraph (a)(1) of this clause; and

(iii) That complies with 13 CFR 124.513(c).

(b) By submission of its offer, the Offeror represents that it meets the applicable criteria set forth in paragraph (a) of this clause.

(c) Any award resulting from this solicitation will be made to the Small Business Administration, which will subcontract performance to the successful 8(a) offeror selected through the evaluation criteria set forth in this solicitation. A contracting officer may consider a joint venture for contract award. SBA does not approve joint ventures for competitive awards, but see 13 CFR 124.501(g) for SBA's determination of participant eligibility.

(d) The ____________ *[insert name of SBA's contractor]*shall notify the____________ *[insert name of contracting agency]*Contracting Officer in writing immediately upon entering an agreement (either oral or written) to transfer all or part of its stock.

(End of clause)

Alternate I (MAR 2023). If the competition is to be limited to 8(a) participants within one or more specific SBA regions or districts, add the following paragraph (a)(1)(iii) to paragraph (a) of the clause:

(iii) The offeror's approved business plan is on the file and serviced by __ *[Contracting Officer completes by inserting the appropriate SBA District and/or Area Office(s) as identified by the SBA]*.

52.219-19 [Reserved]

52.219-25 [Reserved]

52.219-26 [Reserved]

52.219-27 Notice of Set-Aside for, or Sole-Source Award to, Service-Disabled Veteran-Owned Small Business (SDVOSB) Concerns Eligible Under the SDVOSB Program.

As prescribed in 19.106-4(a), insert the following clause:

NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) CONCERNS ELIGIBLE UNDER THE SDVOSB PROGRAM. (DEVIATION DATE)

(a) *Definition*.

Service-disabled veteran-owned small business (SDVOSB) concern means a small business concern—

(1) (i) Not less than 51 percent of which is owned and controlled by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran; or

(2) A small business concern eligible under the SDVOSB Program in accordance with 13 CFR part 128 (see FAR 19.106).

(3) *Service-disabled veteran*, as used in this definition, means a veteran as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16) and who is registered in the Beneficiary Identification and Records Locator Subsystem, or successor system that is maintained by the Department of Veterans Affairs' Veterans Benefits Administration, as a service-disabled veteran.

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300.

Service-disabled veteran-owned small business (SDVOSB) Program means a program that authorizes contracting officers to limit competition, including award on a sole-source basis, to SDVOSB concerns eligible under the SDVOSB Program.

(b) *Applicability*. This clause applies only to—

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, SDVOSB concerns eligible under the SDVOSB Program;

(2) Part or parts of a multiple-award contract that have been set aside for SDVOSB concerns eligible under the SDVOSB Program; and

(3) Orders set aside for SDVOSB concerns eligible under the SDVOSB Program, under multiple-award contracts as described in 8.4 and 16.5.

(c) *General*. (1) Offers are solicited only from concerns designated in SAM as SDVOSB concerns certified by SBA. Offers received from concerns that are not SDVOSB concerns certified by SBA will not be considered.

(2) Any award resulting from this solicitation will be made only to a concern designated in SAM as an SDVOSB certified by SBA.

(d) A joint venture may be considered an SDVOSB concern if the managing partner of the joint venture complies with the criteria defined in paragraph (a) of this clause and 13 CFR 128.402.

(e) In a joint venture that complies with paragraph (d) of this clause, the SDVOSB party or parties to the joint venture shall perform at least 40 percent of the work performed by the joint venture. Work performed by the SDVOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-28 Postaward Small Business Program Rerepresentation.

As prescribed in 19.101(a)(2)(iii)(A), insert the following clause:

POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at https://www.sba.gov/document/support--table-size-standards.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition—

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(1) The Contractor represents that it □ is, □ is not a small business concern under *NAICS Code* _____ assigned to *contract number* _____.

(2) [*Complete only if the Contractor represented itself as a small business concern in paragraph (g)(1) of this clause*.] The Contractor represents that it □ is, □ is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.

(3) *Women-owned small business (WOSB) joint venture eligible under the WOSB Program*. The Contractor represents that it □ is, □ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* __.]

(4) *Economically disadvantaged women-owned small business (EDWOSB) joint venture*. The Contractor represents that it □ is, □ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* __ .]

(5) *Service-disabled veteran-owned small business (SDVOSB) joint venture eligible under the SDVOSB Program*. The Contractor represents that it □ is, □ is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* __.]

(6) *HUBZone joint venture eligible under the HUBZone Program.*[*Complete only if the offeror is a HUBZone small business concern.*] The offeror represents, as part of its offer, that It □ is, □ is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616(a) through (c). [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* _____.] Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern. [*Contractor to sign and date and insert authorized signer's name and title.*______________________]

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 19.101(a)(2)(iii)(B), substitute the following paragraph (g)(1) for paragraph (g)(1) of the basic clause:

(g)(1) The Contractor represents its small business size status for each one of the NAICS codes assigned to this contract.

NAICS Code	**Small business concern (yes/no)**
____________________	____________________
____________________	____________________
____________________	____________________

[*Contracting Officer to insert NAICS codes.*]

52.219-29 Notice of Set-Aside for, or Sole-Source Award to, Economically Disadvantaged Women-Owned Small Business Concerns.

As prescribed in 19.107-4(a), insert the following clause:

NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, ECONOMICALLY DISADVANTAGED WOMEN-OWNED SMALL BUSINESS CONCERNS (DEVIATION DATE)

(a) *Definition*—

Economically disadvantaged women-owned small business (EDWOSB) concern as used in this clause, means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and is certified pursuant to 13 CFR 127.300 as an EDWOSB. It automatically qualifies as a women-owned small business (WOSB) concern eligible under the WOSB Program.

(b) *Applicability*. This clause applies only to—

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, EDWOSB concerns;

(2) Part or parts of a multiple-award contract that have been set aside for EDWOSB concerns; and

(3) Orders set aside for EDWOSB concerns under multiple-award contracts as described in 8.4 and 16.5.

(c) *General.* (1) Offers are solicited only from certified EDWOSB concerns. Offers received from concerns that are not certified EDWOSB concerns will not be considered.

(2) Any award resulting from this solicitation will be made to a certified EDWOSB concern.

(d) *Joint venture.* A joint venture may be considered an EDWOSB concern if—

(1) At least one party to the joint venture complies with the criteria defined in paragraph (a) and paragraph (c)(1) of this clause, and 13 CFR 127.506(c); and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under the SBA mentor-protégé program.

(e) In a joint venture that complies with paragraph (d) of this clause, the EDWOSB party or parties to the joint venture shall perform at least 40 percent of the work performed by the joint venture. Work performed by the EDWOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-30 Notice of Set-Aside for, or Sole-Source Award to, Women-Owned Small Business Concerns Eligible Under the Women-Owned Small Business Program.

As prescribed in 19.107-4(b), insert the following clause:

NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, WOMEN-OWNED SMALL BUSINESS CONCERNS ELIGIBLE UNDER THE WOMEN-OWNED SMALL BUSINESS PROGRAM (DEVIATION DATE)

(a) *Definition.*

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127), as used in this clause, means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300 as a WOSB. A certified EDWOSB is automatically eligible as a certified WOSB.

(b) *Applicability*. This clause applies only to—

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, WOSB concerns eligible under the WOSB Program;

(2) Part or parts of a multiple-award contract that have been set aside for WOSB concerns eligible under the WOSB Program; and

(3) Orders set aside for WOSB concerns eligible under the WOSB Program, under multiple-award contracts as described in 8.4 and 16.5.

(c) *General.* (1) Offers are solicited only from certified WOSB concerns eligible under the WOSB Program. Offers received from concerns that are not certified WOSB concerns eligible under the WOSB Program shall not be considered

(2) Any award resulting from this solicitation will be made to a certified WOSB concern eligible under the WOSB Program.

(d) *Joint venture.* A joint venture may be considered a WOSB concern eligible under the WOSB Program if—

(1) At least one party to the joint venture complies with the criteria defined in paragraph (a) and (c)(1) of this clause, and 13 CFR 127.506(c); and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under the SBA mentor-protégé program.

(e) In a joint venture that complies with paragraph (d) of this clause, the WOSB party or parties to the joint venture shall perform at least 40 percent of the work performed by the joint venture. Work performed by the WOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-31 Notice of Small Business Reserve.

As prescribed in 19.112(e), insert the following provision:

NOTICE OF SMALL BUSINESS RESERVE (MAR 2020)

(a) This solicitation contains a reserve for one or more small business concerns identified at 19.000(a)(3). The small business program eligibility requirements apply.

(b) The small business concern(s) eligible for participation in the reserve shall submit one offer that addresses each portion of the solicitation for which it wants to compete. Award of the contract will be based on criteria identified elsewhere in the solicitation.

(End of provision)

52.219-32 [Reserved]

(DEVIATION DATE)

52.219-33 Nonmanufacturer Rule.

As prescribed in 19.104-3(e)(1), insert the following clause:

NONMANUFACTURER RULE (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Manufacturer means the concern that transforms raw materials, miscellaneous parts, or components into the end item. Concerns that only minimally alter the item being procured do not qualify as manufacturers of the end item. Concerns that add substances, parts, or components to an existing end item to modify its performance will not be considered the end item manufacturer, where those identical modifications can be performed by and are available from the manufacturer of the existing end item.

Nonmanufacturer means a concern, including a supplier, that provides an end item it did not manufacture, process, or produce.

(b) *Applicability.*

(1) This clause does not apply to contracts awarded pursuant to the unrestricted portion of a partial set-aside or to a contractor that is the manufacturer of the product or end item.

(2) This clause applies to—

(i) Contracts that have been awarded pursuant to a set-aside for any of the small business concerns identified in 19.000(a)(3);

(ii) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(iii) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business under multiple-award contracts, as described in 8.4 and 16.5;

(iv) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts as described in 8.4 and 16.5; and

(v) Contracts using the HUBZone price evaluation preference to award to a HUBZone concern unless the Contractor waived the evaluation preference.

(c) *Requirements.*

(1) The Contractor shall—

(i) Provide an end item that a small business has manufactured, processed, or produced in the United States or its outlying areas; for kit assemblers who are nonmanufacturers, see paragraph (c)(2) of this clause instead;

(ii) Be primarily engaged in the retail or wholesale trade and normally sell the type of item being supplied; and

(iii) Take ownership or possession of the item(s) with its personnel, equipment, or facilities in a manner consistent with industry practice; for example, providing storage, transportation, or delivery.

(2) When the end item being acquired is a kit of supplies, at least 50 percent of the total cost of the components of the kit shall be manufactured, processed, or produced in the United States or its outlying areas by small business concerns.

(End of clause)

52.220 [Reserved]

52.221 [Reserved]

52.222 [Reserved]

52.222-1 Notice to the Government of Labor Disputes.

As prescribed in 22.102-2(a), insert the following clause:

NOTICE TO THE GOVERNMENT OF LABOR DISPUTES (DEVIATION DATE)

If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor must immediately give notice, including all relevant information, to the Contracting Officer.

(End of clause)

52.222-2 Payment for Overtime Premiums.

As prescribed in 22.102-2(b), insert the following clause:

PAYMENT FOR OVERTIME PREMIUMS (DEVIATION DATE)

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed * ___ or the overtime premium is paid for work—

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature;

(2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;

(3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or

(4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above must include all estimated overtime for contract completion and must-

(1) Identify the work unit; *e.g.,* department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;

(2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;

(3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each affected contract; and

(4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

* Insert either "zero" or the dollar amount agreed to during negotiations.

(End of clause)

52.222-3 Convict Labor.

As prescribed in 22.201-2, insert the following clause:

CONVICT LABOR (DEVIATION DATE)

(a) Except as provided in paragraph (b) of this clause, the Contractor must not employ in the performance of this contract any person undergoing a sentence of imprisonment imposed by any court of a State, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands.

(b) The Contractor is not prohibited from employing persons—

(1) On parole or probation to work at paid employment during the term of their sentence;

(2) Who have been pardoned or who have served their terms; or

(3) Confined for violation of the laws of any of the States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands who are authorized to work at paid employment in the community under the laws of such jurisdiction, if-

(i) The worker is paid or is in an approved work training program on a voluntary basis;

(ii) Representatives of local union central bodies or similar labor union organizations have been consulted;

(iii) Such paid employment will not result in the displacement of employed workers, or be applied in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality, or impair existing contracts for services;

(iv) The rates of pay and other conditions of employment will not be less than those paid or provided for work of a similar nature in the locality in which the work is being performed; and

(v) The Attorney General of the United States has certified that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of Executive Order11755, as amended by Executive Orders 12608 and 12943.

(End of clause)

52.222-4 Contract Work Hours and Safety Standards -Overtime Compensation.

As prescribed in 22.301-2, insert the following clause:

CONTRACT WORK HOURS AND SAFETY STANDARDS-OVERTIME COMPENSATION (DEVIATION DATE)

(a) *Overtime requirements*. No Contractor or subcontractor employing laborers or mechanics (see Federal Acquisition Regulation 22.301-1) must require or permit them to work over 40 hours in any workweek unless they are paid at least 1 and 1/2 times the basic rate of pay for each hour worked over 40 hours.

(b) *Violation; liability for unpaid wages; liquidated damages*. The responsible Contractor and subcontractor are liable for unpaid wages if they violate the terms in paragraph (a) of this clause. In addition, the Contractor and subcontractor are liable for liquidated damages payable to the Government. The Contracting Officer will assess liquidated damages at the rate specified at 29 CFR 5.5(b)(2) per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the Contract Work Hours and Safety Standards statute (found at 40 U.S.C. chapter 37). In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 Note), the Department of Labor adjusts this civil monetary penalty for inflation no later than January 15 each year.

(c) *Withholding for unpaid wages and liquidated damages*. The Contracting Officer will withhold from payments due under the contract sufficient funds required to satisfy any Contractor or subcontractor liabilities for unpaid wages and liquidated damages. If amounts withheld under the contract are insufficient to satisfy Contractor or subcontractor liabilities, the Contracting Officer will withhold payments from other Federal or federally assisted contracts held by the same Contractor that are subject to the Contract Work Hours and Safety Standards statute.

(d) Payrolls and basic records. (1) The Contractor and its subcontractors must maintain payrolls and basic payroll records for all laborers and mechanics working on the contract during the contract and must make them available to the Government until 3 years after contract completion. The records must contain the name and address of each employee, social security number, labor classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records need not duplicate those required for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Construction Wage Rate Requirements statute.

(2) The Contractor and its subcontractors must allow authorized representatives of the Contracting Officer or the Department of Labor to inspect, copy, or transcribe records maintained under paragraph (d)(1) of this clause. The Contractor or subcontractor also must allow authorized representatives of the Contracting Officer or Department of Labor to interview employees in the workplace during working hours.

(e) *Subcontracts*. The Contractor must insert the provisions set forth in paragraphs (a) through (d) of this clause in subcontracts that may require or involve the employment of laborers and mechanics and require subcontractors to include these provisions in any such lower tier subcontracts. The Contractor must be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause.

(End of clause)

52.222-5 Construction Wage Rate Requirements-Secondary Site of the Work.

As prescribed in 22.402-4(g), insert the following provision:

CONSTRUCTION WAGE RATE REQUIREMENTS-SECONDARY SITE OF THE WORK (DEVIATION DATE)

(a) (1) The offeror must notify the Government if the offeror intends to perform work at any secondary site of the work, as defined in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Construction Wage Rate Requirements, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror must request a determination from the Contracting Officer.

(b) (1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to the secondary site of the work, the offeror must request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination for a secondary site of the work.

(End of provision)

52.222-6 Construction Wage Rate Requirements.

As prescribed in 22.402-4(a)(1), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS (DEVIATION DATE)

(a) *Definition.*—"Site of the work"— (1) Means—

(i) *The primary site of the work*. The physical place or places where the construction called for in the contract will remain when work on it is completed; and

(ii) *The secondary site of the work, if any*. Any other site where a significant portion of the building or work is constructed, provided that such site is-

(A) Located in the United States; and

(B) Established specifically for the performance of the contract or project;

(2) Except as provided in paragraph (3) of this definition, includes any fabrication plants, mobile factories, batch plants, borrow pits, job headquarters, tool yards, etc., provided-

(i) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

(ii) They are adjacent or virtually adjacent to the "primary site of the work" as defined in paragraph (a)(1)(i), or the "secondary site of the work" as defined in paragraph (a)(1)(ii) of this definition;

(3) Does not include permanent home offices, branch plant establishments, fabrication plants, or tool yards of a Contractor or subcontractor whose locations and continuance in operation are determined wholly without regard to a particular Federal contract or project. In addition, fabrication plants, batch plants, borrow pits, job headquarters, yards, etc., of a commercial or material supplier which are established by a supplier of materials for the project before opening of bids and not on the Project site, are not included in the "site of the work." Such permanent, previously established facilities are not a part of the "site of the work" even if the operations for a period of time may be dedicated exclusively or nearly so, to the performance of a contract.

(b) (1) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, or as may be incorporated for a secondary site of the work, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Any wage determination incorporated for a secondary site of the work must be effective from the first day on which work under the contract was performed at that site and must be incorporated without any adjustment in contract price or estimated cost. Laborers employed by the construction Contractor or construction subcontractor that are transporting portions of the building or work between the secondary site of the work and the primary site of the work must be paid in accordance with the wage determination applicable to the primary site of the work.

(2) Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Construction Wage Rate Requirements statute on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (e) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period.

(3) Such laborers and mechanics must be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed.

(4) The wage determination (including any additional classifications and wage rates conformed under paragraph (c) of this clause) and the Construction Wage Rate Requirements (Davis-Bacon Act) poster (WH-1321) must be posted at all times by the Contractor and its subcontractors at the primary site of the work and the secondary site of the work, if any, in a prominent and accessible place where it can be easily seen by the workers.

(c) (1) The Contractor must complete and submit to the Contracting Officer the Standard Form (SF) 1444, Request for Authorization of Additional Classification and Rate, if any class of laborers or mechanics that is not listed in the wage determination applicable to the contract is to be employed under the contract. Upon receipt of a complete SF 1444, the Contracting Officer will submit a report to the Administrator, Wage and Hour Division, for approving, modifying, disapproving, or rendering a final determination, of the additional classification and wage rate including any amount designated for fringe benefits.

(2) The wage rate (including fringe benefits, where appropriate) determined pursuant to subparagraph (c) of this clause must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(d) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor must either pay the benefit as stated in the wage determination or must pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(e) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Construction Wage Rate Requirements statute have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(End of clause)

52.222-7 Withholding of Funds.

As prescribed in 22.402-4(a)(2), insert the following clause:

WITHHOLDING OF FUNDS (DEVIATION DATE)

The Contracting Officer must, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same Prime Contractor, or any other federally assisted contract subject to prevailing wage requirements, which is held by the same Prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(End of clause)

52.222-8 Payrolls and Basic Records.

As prescribed in 22.402-4(a)(3), insert the following clause:

PAYROLLS AND BASIC RECORDS (DEVIATION DATE)

(a) Payrolls and basic records relating thereto must be maintained by the Contractor during the course of the work and preserved for a period of 3 years thereafter for all laborers and mechanics working at the site of the work. Such records must contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) (Construction Wage Rate Requirement statute)), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under paragraph (d) of the clause entitled Construction Wage Rate Requirements, that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B), the Contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs must maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(b) (1) The Contractor must submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer. The payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph (a) of this clause, except that full social security numbers and home addresses must not be included on weekly transmittals. Instead the payrolls must only need to include an individually identifying number for each employee (e.g., the last four digits of the employee’s social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be obtained from the U.S. Department of Labor Wage and Hour Division website at https://www.dol.gov/agencies/whd/forms. The Prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors must maintain the full social security number and current address of each covered worker, and must provide them upon request to the Contracting Officer, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a Prime Contractor to require a subcontractor to provide addresses and social security numbers to the Prime Contractor for its own records, without weekly submission to the Contracting Officer.

(2) Each payroll submitted must be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and must certify-

(i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in the Regulations, 29 CFR Part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 must satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph (b)(2) of this clause.

(4) The falsification of any of the certifications in this clause may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(c) The Contractor or subcontractor must make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the Contracting Officer or authorized representatives of the Contracting Officer or the Department of Labor. The Contractor or subcontractor must permit the Contracting Officer or representatives of the Contracting Officer or the Department of Labor to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit required records or to make them available, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(End of clause)

52.222-9 Apprentices and Trainees.

As prescribed in 22.402-4(a)(4), insert the following clause:

APPRENTICES AND TRAINEES (DEVIATION DATE)

(a) Apprentices. (1) An apprentice will be permitted to work at less than the predetermined rate for the work performed when employed-

(i) Pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS) or with a State Apprenticeship Agency recognized by the OATELS; or

(ii) In the first 90 days of probationary employment as an apprentice in such an apprenticeship program, even though not individually registered in the program, if certified by the OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

(2) The allowable ratio of apprentices to journeymen on the job site in any craft classification must not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program.

(3) Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(1) of this clause, must be paid not less than the applicable wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program must be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination.

(5) Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes must be paid in accordance with that determination.

(6) In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(b) Trainees. (1) Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS). The ratio of trainees to journeymen on the job site must not be greater than permitted under the plan approved by OATELS.

(2) Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees must be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees must be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the OATELS must be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program must be paid not less than the applicable wage rate in the wage determination for the work actually performed.

(3) In the event OATELS withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(c) *Equal employment opportunity.* The utilization of apprentices, trainees, and journeymen under this clause must be in conformity with the equal employment opportunity requirements of Executive Order11246, as amended, and 29 CFR Part 30.

(End of clause)

52.222-10 Compliance with Copeland Act Requirements.

As prescribed in 22.402-4(a)(5), insert the following clause:

COMPLIANCE WITH COPELAND ACT REQUIREMENTS (DEVIATION DATE)

The Contractor must comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

(End of clause)

52.222-11 Subcontracts (Labor Standards).

As prescribed in 22.402-4(a)(6), insert the following clause:

SUBCONTRACTS (LABOR STANDARDS) (DEVIATION DATE)

(a) *Definition.* "Construction, alteration or repair," as used in this clause, means all types of work done by laborers and mechanics employed by the construction Contractor or construction subcontractor on a particular building or work at the site thereof, including without limitation-

(1) Altering, remodeling, installation (if appropriate) on the site of the work of items fabricated off-site;

(2) Painting and decorating;

(3) Manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work;

(4) Transportation of materials and supplies between the site of the work within the meaning of paragraphs (a)(1)(i) and (ii) of the "site of the work" as defined in the FAR clause at 52.222-6, Construction Wage Rate Requirements of this contract, and a facility which is dedicated to the construction of the building or work and is deemed part of the site of the work within the meaning of paragraph (2) of the "site of the work" definition; and

(5) Transportation of portions of the building or work between a secondary site where a significant portion of the building or work is constructed, which is part of the "site of the work" definition in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Construction Wage Rate Requirements, and the physical place or places where the building or work will remain (paragraph (a)(1)(i) of the FAR clause at 52.222-6, in the "site of the work" definition).

(b) The Contractor must insert in any subcontracts for construction, alterations and repairs within the United States the clauses entitled-

(1) Construction Wage Rate Requirements;

(2) Contract Work Hours and Safety Standards-Overtime Compensation (if the clause is included in this contract);

(3) Apprentices and Trainees;

(4) Payrolls and Basic Records;

(5) Compliance with Copeland Act Requirements;

(6) Withholding of Funds;

(7) Subcontracts (Labor Standards);

(8) Contract Termination-Debarment;

(9) Disputes Concerning Labor Standards;

(10) Compliance with Construction Wage Rate Requirements and Related Regulations; and

(11) Certification of Eligibility.

(c) The prime Contractor must be responsible for compliance by any subcontractor or lower tier subcontractor performing construction within the United States with all the contract clauses cited in paragraph (b).

(d) (1) Within 14 days after award of the contract, the Contractor must deliver to the Contracting Officer a completed Standard Form (SF) 1413, Statement and Acknowledgment, for each subcontract for construction within the United States, including the subcontractor’s signed and dated acknowledgment that the clauses set forth in paragraph (b) of this clause have been included in the subcontract.

(2) Within 14 days after the award of any subsequently awarded subcontract the Contractor must deliver to the Contracting Officer an updated completed SF 1413 for such additional subcontract.

(e) The Contractor must insert the substance of this clause, including this paragraph (e) in all subcontracts for construction within the United States.

(End of clause)

52.222-12 Contract Termination-Debarment.

As prescribed in 22.402-4(a)(7), insert the following clause:

CONTRACT TERMINATION-DEBARMENT (MAY 2014)

A breach of the contract clauses entitled Construction Wage Rate Requirements, Contract Work Hours and Safety Standards-Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance with Copeland Act Requirements, Subcontracts (Labor Standards), Compliance with Construction Wage Rate Requirements and Related Regulations, or Certification of Eligibility may be grounds for termination of the contract, and for debarment as a Contractor and subcontractor as provided in 29 CFR 5.12.

(End of clause)

52.222-13 Compliance with Construction Wage Rate Requirements and Related Regulations.

As prescribed in 22.402-4(a)(8), insert the following clause:

COMPLIANCE WITH CONSTRUCTION WAGE RATE REQUIREMENTS AND RELATED REGULATIONS (MAY 2014)

All rulings and interpretations of the Construction Wage Rate Requirements and related statutes contained in 29 CFR parts 1, 3, and 5 are hereby incorporated by reference in this contract.

(End of clause)

52.222-14 Disputes Concerning Labor Standards.

As prescribed in 22.402-4(a)(9), insert the following clause:

DISPUTES CONCERNING LABOR STANDARDS (DEVIATION DATE)

The United States Department of Labor has set forth in 29 CFR parts 5, 6, and 7 procedures for resolving disputes concerning labor standards requirements. Such disputes must be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(End of clause)

52.222-15 Certification of Eligibility.

As prescribed in 22.402-4(a)(10), insert the following clause:

CERTIFICATION OF ELIGIBILITY (MAY 2014)

(a) By entering into this contract, the Contractor certifies that neither it nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b)(2) or 29 CFR 5.12(a)(1).

(b) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b)(2) or 29 CFR 5.12(a)(1).

(c) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(End of clause)

52.222-16 Approval of Wage Rates.

As prescribed in 22.402-4(b), insert the following clause:

APPROVAL OF WAGE RATES (DEVIATION DATE)

All straight time wage rates, and overtime rates based thereon, for laborers and mechanics engaged in work under this contract must be submitted for approval in writing by the head of the contracting activity or a representative expressly designated for this purpose, if the straight time wages exceed the rates for corresponding classifications contained in the applicable Construction Wage Rate Requirements minimum wage determination included in the contract. Any amount paid by the Contractor to any laborer or mechanic in excess of the agency approved wage rate shall be at the expense of the Contractor and shall not be reimbursed by the Government. If the Government refuses to authorize the use of the overtime, the Contractor is not released from the obligation to pay employees at the required overtime rates for any overtime actually worked.

(End of clause)

52.222-17 [Reserved]

52.222-18 Certification Regarding Knowledge of Child Labor for Listed End Products.

As prescribed in 22.1502-2(a)(1), insert the following provision:

CERTIFICATION REGARDING KNOWLEDGE OF CHILD LABOR FOR LISTED END PRODUCTS (FEB 2021)

(a) *Definition*.

Forced or indentured child labor means all work or service-

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

(b) *Listed end products*. The following end product(s) being acquired under this solicitation is (are) included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, identified by their country of origin. There is a reasonable basis to believe that listed end products from the listed countries of origin may have been mined, produced, or manufactured by forced or indentured child labor.

Listed End Product	Listed Countries of Origin
________________	________________
________________	________________

(c) *Certification*. The Government will not make award to an offeror unless the offeror, by checking the appropriate block, certifies to either paragraph (c)(1) or paragraph (c)(2) of this provision.

❑ (1) The offeror will not supply any end product listed in paragraph (b) of this provision that was mined, produced, or manufactured in a corresponding country as listed for that end product.

❑ (2) The offeror may supply an end product listed in paragraph (b) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture such end product. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(End of provision)

52.222-19 Child Labor-Cooperation with Authorities and Remedies.

As prescribed in 22.1502-2(a)(2), insert the following clause:

CHILD LABOR-COOPERATION WITH AUTHORITIES AND REMEDIES (DEVIATION DATE)

(a) *Applicability*. This clause does not apply to the extent that the Contractor is supplying end products mined, produced, or manufactured in-

(1) Israel, and the anticipated value of the acquisition is $50,000 or more;

(2) Mexico, and the anticipated value of the acquisition is $105,767 or more; or

(3) Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or the United Kingdom and the anticipated value of the acquisition is $174,000 or more.

(b) *Cooperation with Authorities*. To enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured by forced or indentured child labor, authorized officials may need to conduct investigations to determine whether forced or indentured child labor was used to mine, produce, or manufacture any product furnished under this contract. If the solicitation includes the provision 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to records, documents, persons, or premises upon reasonable request by the authorized officials.

(c) *Violations*. The Government may impose remedies set forth in paragraph (d) for the following violations:

(1) The Contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor for listed end products.

(2) The Contractor has failed to cooperate, if required, in accordance with paragraph (b) of this clause, with an investigation of the use of forced or indentured child labor by an Inspector General, Attorney General, or the Secretary of the Treasury.

(3) The Contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The Contractor has furnished under the contract end products or components that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor. (The Government will not pursue remedies at paragraph (d)(2) or paragraph (d)(3) of this clause unless sufficient evidence indicates that the Contractor knew of the violation.)

(d) Remedies. (1) The Contracting Officer may terminate the contract.

(2) The suspending and debarring official may suspend the Contractor in accordance with procedures in FAR subpart 9.4.

(3) The suspending and debarring official may debar the Contractor for a period not to exceed 3 years in accordance with the procedures in FAR subpart 9.4.

(End of clause)

52.222-20 Contracts for Materials, Supplies, Articles, and Equipment.

As prescribed in 22.601-5, insert the following clause in solicitations and contracts:

CONTRACTS FOR MATERIALS, SUPPLIES, ARTICLES, AND EQUIPMENT (DEVIATION DATE)

If this contract is for the manufacture or furnishing of materials, supplies, articles or equipment in an amount that exceeds or may exceed the threshold specified in Federal Acquisition Regulation 22.601-1 on the date of award of this contract, and is subject to 41 U.S.C. chapter 65, the following terms and conditions apply:

(a) All stipulations required by 41 U.S.C. chapter 65 and regulations issued by the Secretary of Labor (41 CFR Chapter 50) are incorporated by reference. These stipulations are subject to all applicable rulings and interpretations of the Secretary of Labor that are now, or may hereafter, be in effect.

(b) All employees whose work relates to this contract must be paid not less than the minimum wage prescribed by regulations issued by the Secretary of Labor (41 CFR 50-202.2). Learners, student learners, apprentices, and workers with disabilities may be employed at less than the prescribed minimum wage (see 41 CFR 50-202.3) to the same extent that such employment is permitted under section 14 of the Fair Labor Standards Act (41 U.S.C. 6508).

(End of clause)

(DEVIATION DATE)

52.222-30 Construction Wage Rate Requirements-Price Adjustment (None or Separately Specified Method).

As prescribed in 22.402-4(d), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS-PRICE ADJUSTMENT
(NONE OR SEPARATELY SPECIFIED METHOD) (AUG 2018)

(a) The wage determination issued under the Construction Wage Rate Requirements statute by the Administrator, Wage and Hour *Division, U.S.* Department of Labor, that is effective for an option to extend the term of the contract, will apply to that option period.

(b) The Contracting Officer will make no adjustment in contract price, other than provided for elsewhere in this contract, to cover any increases or decreases in wages and benefits as a result of-

(1) Incorporation of the Department of Labor's wage determination applicable at the exercise of the option to extend the term of the contract;

(2) Incorporation of a wage determination otherwise applied to the contract by operation of law; or

(3) An increase in wages and benefits resulting from any other requirement applicable to workers subject to the Construction Wage Rate Requirements statute.

(End of clause)

52.222-31 Construction Wage Rate Requirements-Price Adjustment (Percentage Method).

As prescribed in 22.402-4(e), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS-PRICE ADJUSTMENT (PERCENTAGE METHOD) (AUG 2018)

(a) The wage determination issued under the Construction Wage Rate Requirements statute by the Administrator, Wage and Hour *Division, U.S.* Department of Labor, that is effective for an option to extend the term of the contract, will apply to that option period.

(b) The Contracting Officer will adjust the portion of the contract price or contract unit price(s) containing the labor costs subject to the Construction Wage Rate Requirements statute to provide for an increase in wages and fringe benefits at the exercise of each option to extend the term of the contract in accordance with the following procedures:

(1) The Contracting Officer has determined that the portion of the contract price or contract unit price(s) containing labor costs subject to the Construction Wage Rate Requirements statute is __________ *[Contracting Officer insert percentage rate]* percent.

(2) The Contracting Officer will increase the portion of the contract price or contract unit price(s) containing the labor costs subject to the Construction Wage Rate Requirements statute by the percentage rate published in _____________ *[Contracting Officer insert publication]*.

(c) The Contracting Officer will make the price adjustment at the exercise of each option to extend the term of the contract. This adjustment is the only adjustment that the Contracting Officer will make to cover any increases in wages and benefits as a result of-

(1) Incorporation of the Department of Labor's wage determination applicable at the exercise of the option to extend the term of the contract;

(2) Incorporation of a wage determination otherwise applied to the contract by operation of law; or

(3) An increase in wages and benefits resulting from any other requirement applicable to workers subject to the Construction Wage Rate Requirements statute.

(End of clause)

52.222-32 Construction Wage Rate Requirements-Price Adjustment (Actual Method).

As prescribed in 22.402-4(f), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS-PRICE ADJUSTMENT (ACTUAL METHOD) (DEVIATION DATE)

(a) The wage determination issued under the Construction Wage Rate Requirements statute by the Administrator, Wage and Hour *Division, U.S.* Department of Labor, that is effective for an option to extend the term of the contract, will apply to that option period.

(b) (1) The Contractor states that if the prices in this contract contain an allowance for wage or benefit increases, such allowance will not be included in any request for contract price adjustment submitted under this clause.

(2) The Contractor must provide with each request for contract price adjustment under this clause a statement that the prices in the contract do not include any allowance for any increased cost for which adjustment is being requested.

(c) The Contracting Officer will adjust the contract price or contract unit price labor rates to reflect the Contractor's actual increase or decrease in wages and fringe benefits to the extent that the increase is made to comply with, or the decrease is voluntarily made by the Contractor as a result of—

(1) Incorporation of the Department of Labor's Construction Wage Rate Requirements wage determination applicable at the exercise of an option to extend the term of the contract; or

(2) Incorporation of a Construction Wage Rate Requirements wage determination otherwise applied to the contract by operation of law.

(d) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (c) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(e) The Contractor must notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a revised wage determination unless this notification period is extended in writing by the Contracting Officer. The Contractor must notify the Contracting Officer promptly of any decrease under this clause, but nothing in this clause precludes the Government from asserting a claim within the period permitted by law. The notice must contain a statement of the amount claimed and any relevant supporting data, including payroll records that the Contracting Officer may reasonably require. Upon agreement of the parties, the Contracting Officer will modify the contract price or contract unit price in writing. The Contractor must continue performance pending agreement on or determination of any such adjustment and its effective date.

(f) Contract price adjustment computations must be computed as follows:

(1) *Computation for contract unit price per single craft hour for schedule of indefinite-quantity work*. For each labor classification, the difference between the actual wage and benefit rates (combined) paid and the wage and benefit rates (combined) required by the new wage determination must be added to the original contract unit price if the difference results in a combined increase. If the difference computed results in a combined decrease, the contract unit price must be decreased by that amount if the Contractor provides notification as provided in paragraph (e) of this clause.

(2) *Computation for contract unit price containing multiple craft hours for schedule of indefinite-quantity work*. For each labor classification, the difference between the actual wage and benefit rates (combined) paid and the wage and benefit rates (combined) required by the new wage determination must be multiplied by the actual number of hours expended for each craft involved in accomplishing the unit-priced work item. The product of this computation will then be divided by the actual number of units ordered in the preceding contract period. The total of these computations for each craft will be added to the current contract unit price to obtain the new contract unit price. The extended amount for the line item will be obtained by multiplying the new unit price by the estimated quantity. If actual hours are not available from the preceding contract period for computation of the adjustment for a specific contract unit of work, the Contractor, in agreement with the Contracting Officer, must estimate the total hours per craft per contract unit of work.

Example: Asphalt Paving-Current Price $3.38 per Square Yard										
DBA Craft	**New WD**		**Hourly rate paid**		**Diff.**		**Actual Hrs**	**Actual units (sq.yard)**		**Increase/ sqyard**
Equip. Opr.	$18.50	–	$18.00	=	$.50	x	600 hrs./	3,000 sq. yrd.	=	$.10
Truck Driver	$19.00	–	$18.25	=	$.75	x	525 hrs./	3,000 sq. yrd.	=	$.13
Laborer	$11.50	–	$11.25	=	$.25	x	750 hrs./	3,000 sq. yrd.	=	$.06
								Total increase per square yard =		$.29*
* Note: Adjustment for labor rate increases or decreases may be accompanied by social security and unemployment taxes and workers' compensation insurance.										
Current unit price (per square yard)			$3.38							
Add DBA price adj.			+.29							
New unit price (per square yard)		=	$3.67							

(End of clause)

52.222-33 Notice of Requirement for Project Labor Agreement.

As prescribed in 22.502-3(a)(1), insert the following provision:

NOTICE OF REQUIREMENT FOR PROJECT LABOR AGREEMENT (DEVIATION DATE)

(a) *Definitions*. As used in this provision, the following terms are defined in clause 52.222-34, Project Labor Agreement, of this solicitation "construction," "labor organization," "large-scale construction project," and "project labor agreement."

(b) Offerors must—

(1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the resulting construction contract; and

(2) Require its subcontractors to become a party to the resulting project labor agreement.

(c) The project labor agreement reached pursuant to this provision must-

(1) Bind the Offeror and subcontractors engaged in construction on the construction project to comply with the project labor agreement;

(2) Allow the Offeror and all subcontractors to compete for contracts and subcontracts without regard to whether they are otherwise parties to collective bargaining agreements;

(3) Contain guarantees against strikes, lockouts, and similar job disruptions;

(4) Set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of the project labor agreement;

(5) Provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including productivity, quality of work, safety, and health; and

(6) Fully conform to all statutes, regulations, Executive orders, and agency requirements.

(d) Any project labor agreement reached pursuant to this provision does not change the terms of the resulting contract or provide for any price adjustment by the Government.

(e) The Offeror must submit to the Contracting Officer a copy of the project labor agreement with its offer.

(End of provision)

Alternate I (DEVIATION DATE). As prescribed in 22.502-3(a)(2), substitute the following paragraphs (b) and (e) for paragraphs (b) and (e) of the basic provision.

(b) The apparent successful offeror must—

(1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the resulting construction contract; and

(2) Require its subcontractors to become a party to the resulting project labor agreement.

(e) The apparent successful offeror must submit to the Contracting Officer a copy of the project labor agreement prior to contract award.

Alternate II (DEVIATION DATE). As prescribed in 22.502-3(a)(3), substitute the following paragraph (b) in lieu of paragraphs (b) through (e) of the basic provision:

(b) If awarded the contract, the Offeror must—

(1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the resulting construction contract; and

(2) Require its subcontractors to become a party to the resulting project labor agreement.

Alternate III (DEVIATION DATE). As prescribed in 22.502-3(a)(4), substitute the following paragraph (b) in lieu of paragraphs (b) through (e) of the basic provision:

(b)(1) If awarded the contract, the Offeror may be required by the agency to negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the order. The Contracting Officer will require that an executed copy of the project labor agreement be submitted to the agency—

(i) With the order offer;

(ii) Prior to award of the order; or

(iii) After award of the order.

(2) The Offeror must require its subcontractors to become a party to the resulting project labor agreement for the term of the order.

52.222-34 Project Labor Agreement.

As prescribed in 22.502-3(b)(1), insert the following clause:

PROJECT LABOR AGREEMENT (DEVIATION DATE)

(a) *Definitions*. As used in this clause-

Construction means construction, reconstruction, rehabilitation, modernization, alteration, conversion, extension, repair, or improvement of buildings, structures, highways, or other real property.

Labor organization means a labor organization as defined in 29 U.S.C. 152(5) of which building and construction employees are members.

Large-scale construction project means a Federal construction project within the United States for which the total estimated cost of the construction contract(s) to the Federal Government is $35 million or more.

Project labor agreement means a pre-hire collective bargaining agreement with one or more labor organizations that establishes the terms and conditions of employment for a specific construction project and is an agreement described in 29 U.S.C. 158(f).

(b) The Contractor must maintain in a current status throughout the life of the contract the project labor agreement entered into prior to the award of the contract.

(c) *Subcontracts*. The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts with subcontractors engaged in construction on the construction project.

(End of clause)

Alternate I (DEVIATION DATE) . As prescribed in 22.502-3(b)(2), substitute the following paragraphs (b) through (f) for paragraphs (b) and (c) of the basic clause:

(b) The Contractor must—

(1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of this construction contract; and

(2) Submit an executed copy of the project labor agreement to the Contracting Officer as required in the solicitation.

(c) The project labor agreement reached pursuant to this clause must-

(1) Bind the Contractor and subcontractors engaged in construction on the construction project to comply with the project labor agreement;

(2) Allow the Contractor and all subcontractors to compete for contracts and subcontracts without regard to whether they are otherwise parties to collective bargaining agreements;

(3) Contain guarantees against strikes, lockouts, and similar job disruptions;

(4) Set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of the project labor agreement;

(5) Provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including productivity, quality of work, safety, and health; and

(6) Fully conform to all statutes, regulations, Executive orders, and agency requirements.

(d) Any project labor agreement reached pursuant to this clause does not change the terms of this contract or provide for any price adjustment by the Government.

(e) The Contractor must maintain in a current status throughout the life of the contract the project labor agreement entered into pursuant to this clause.

(f) *Subcontracts*. The Contractor must require subcontractors engaged in construction on the construction project to agree to any project labor agreement negotiated by the prime contractor pursuant to this clause, and must include the substance of paragraphs (d) through (f) of this clause in subcontracts with subcontractors engaged in construction on the construction project.

Alternate II (DEVIATION DATE). As prescribed in 22.502-3(b)(3), substitute the following paragraphs (b) through (f) for paragraphs (b) through (f) of the basic clause:

(b) When notified by the agency (*e.g.*, by the notice of intent to place an order under 16.505(b)(1)) that this order will use a project labor agreement, the Contractor must negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the order. The Contracting Officer must require that an executed copy of the project labor agreement be submitted to the agency—

(1) With the order offer;

(2) Prior to award of the order; or

(3) After award of the order.

(c) The project labor agreement reached pursuant to this clause must—

(1) Bind the Contractor and subcontractors engaged in construction on the construction project to comply with the project labor agreement;

(2) Allow all contractors and subcontractors to compete for contracts and subcontracts without regard to whether they are otherwise parties to collective bargaining agreements;

(3) Contain guarantees against strikes, lockouts, and similar job disruptions;

(4) Set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of the project labor agreement;

(5) Provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including productivity, quality of work, safety, and health; and

(6) Fully conform to all statutes, regulations, Executive orders, and agency requirements.

(d) Any project labor agreement reached pursuant to this clause does not change the terms of this contract or provide for any price adjustment by the Government.

(e) The Contractor must maintain in a current status throughout the life of the order any project labor agreement entered into pursuant to this clause.

(f) *Subcontracts*. For each order that uses a project labor agreement, the Contractor must—

(1) Require subcontractors engaged in construction on the construction project to agree to any project labor agreement negotiated by the prime contractor pursuant to this clause; and

(2) Include the substance of paragraphs (d) through (f) of this clause in subcontracts with subcontractors engaged in construction on the construction project.

52.222-35 Equal Opportunity for Veterans.

As prescribed in 22.1302-2(a)(1), insert the following clause:

EQUAL OPPORTUNITY FOR VETERANS (DEVIATION DATE)

(a) *Definitions*. As used in this clause-

"Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301.

(b) Equal opportunity requirements. The Contractor must abide by the requirements of 38 U.S.C. 4212(a)(1) and (2). These requirements prohibit discrimination against qualified protected veterans, and requires affirmative action by the Contractor to employ and advance in employment qualified protected veterans.

(c) Subcontracts. The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1302-1(a)(2) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

Alternate I (JUL 2014). As prescribed in 22.1302-2(a)(2), add the following as a preamble to the clause:

Notice: The following term(s) of this clause are waived for this contract: ______________________ *[List term(s)]*.

52.222-36 Equal Opportunity for Workers with Disabilities.

As prescribed in 22.1401-2(a)(1), insert the following clause:

EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (DEVIATION DATE)

(a) Equal opportunity clause. The Contractor must abide by the requirements of the equal opportunity clause at 41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

(b) Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1401-2(a)(1) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

Alternate I (JULY 2014). As prescribed in 22.1401-2(a)(2), add the following as a preamble to the clause:

Notice: The following term(s) of this clause are waived for this contract: _______________ *[List term(s)]*.

52.222-37 Employment Reports on Veterans.

As prescribed in 22.1302-2(b), insert the following clause:

EMPLOYMENT REPORTS ON VETERANS (DEVIATION DATE)

(a) *Definitions.* As used in this clause, "active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," and "recently separated veteran," have the meanings given in Federal Acquisition Regulation (FAR) 22.1301.

(b) Unless the Contractor is a State or local government agency, the Contractor must report at least annually, as required by the Secretary of Labor, on-

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are protected veterans (*i.e.*, active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans);

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of protected veterans (*i.e.*, active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans); and

(3) The maximum number and minimum number of employees of the Contractor or subcontractor during the period covered by the report.

(c) The Contractor must report the above items by filing the VETS-4212 "Federal Contractor Veterans' Employment Report" (see "VETS-4212 Federal Contractor Reporting" and "Filing Your VETS-4212 Report" at http://www.dol.gov/vets/vets4212.htm).

(d) The Contractor must file VETS-4212 Reports no later than September 30 of each year.

(e) The employment activity report required by paragraphs (b)(2) and (b)(3) of this clause must reflect total new hires, and maximum and minimum number of employees, during the most recent 12–month period preceding the ending date selected for the report.

(f) The number of veterans reported must be based on data known to the contractor when completing the VETS-4212. The contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60-300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve an employer of liability for discrimination under 38 U.S.C. 4212.

(g) The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1302-1(b) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor.

(End of clause)

52.222-38 [Reserved]

(DEVIATION DATE)

52.222-39 [Reserved]

52.222-40 Notification of Employee Rights Under the National Labor Relations Act.

As prescribed in 22.1602-2(a), insert the following clause:

NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT (DEVIATION DATE)

(a) During the term of this contract, the Contractor must post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR471.2 (d) and (f).

(1) Physical posting of the employee notice must be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor must also post the required notice electronically by displaying prominently, on any Web site that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's Web site that contains the full text of the poster. The link to the Department's Web site, as referenced in (b)(3) of this section, must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required employee notice, printed by the Department of Labor, may be-

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-5609, Washington, DC 20210, (202) 693-0123, or from any field office of the Office of Labor–Management Standards or Office of Federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency if requested;

(3) Downloaded from the Office of Labor–Management Standards Web site at http://www.dol.gov/olms/regs/compliance/EO13496.htm; or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the employee notice referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part 471.

(d) The Contractor must comply with all provisions of the employee notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 471, which implements Executive Order 13496 or as otherwise provided by law.

(f) Subcontracts. (1) The Contractor must include the substance of this clause, including this paragraph (f), in every subcontract that exceeds $10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor must not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor must take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(End of clause)

52.222-41 Service Contract Labor Standards.

As prescribed in 22.1002-2(b)(1), insert the following clause:

SERVICE CONTRACT LABOR STANDARDS (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Contractor, when this clause is used in any subcontract, must be deemed to refer to the subcontractor, except in the term "Government Prime Contractor."

Service employee means any person engaged in the performance of this contract other than any person employed in a bona fide executive, administrative, or professional capacity, as these terms are defined in Part 541 of Title 29, *Code of Federal Regulations*, as revised. It includes all such persons regardless of any contractual relationship that may be alleged to exist between a Contractor or subcontractor and such persons.

(b) *Applicability*. This contract is subject to the following provisions and to all other applicable provisions of 41 U.S.C. chapter 67, Service Contract Labor Standards, and regulations of the Secretary of Labor (29 CFR Part 4). This clause does not apply to contracts or subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 6702, as interpreted in Subpart C of 29 CFR Part 4.

(c) Compensation. (1) Each service employee employed in the performance of this contract by the Contractor or any subcontractor must be paid not less than the minimum monetary wages and must be furnished fringe benefits in accordance with the wages and fringe benefits determined by the Secretary of Labor, or authorized representative, as specified in any wage determination attached to this contract.

(2) (i) If a wage determination is attached to this contract, the Contractor must classify any class of service employee which is not listed therein and which is to be employed under the contract (*i.e.,* the work to be performed is not performed by any classification listed in the wage determination) so as to provide a reasonable relationship (*i.e.,* appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed class of employees must be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the procedures in this paragraph (c).

(ii) This conforming procedure must be initiated by the Contractor prior to the performance of contract work by the unlisted class of employee. The Contractor must submit Standard Form (SF) 1444, Request For Authorization of Additional Classification and Rate, to the Contracting Officer no later than 30 days after the unlisted class of employee performs any contract work. The Contracting Officer must review the proposed classification and rate and promptly submit the completed SF 1444 (which must include information regarding the agreement or disagreement of the employees' authorized representatives or the employees themselves together with the agency recommendation), and all pertinent information to the Wage and Hour *Division, U.S*. Department of Labor. The Wage and Hour Division will approve, modify, or disapprove the action or render a final determination in the event of disagreement within 30 days of receipt or will notify the Contracting Officer within 30 days of receipt that additional time is necessary.

(iii) The final determination of the conformance action by the Wage and Hour Division must be transmitted to the Contracting Officer who must promptly notify the Contractor of the action taken. Each affected employee must be furnished by the Contractor with a written copy of such determination or it must be posted as a part of the wage determination.

(iv) (A) The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to wage determination depending on the circumstances. Standard wage and salary administration practices which rank various job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance may also be obtained from the way different jobs are rated under Federal pay systems (Federal Wage Board Pay System and the General Schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the skill required and the duties performed.

(B) In the case of a contract modification, an exercise of an option, or extension of an existing contract, or in any other case where a Contractor succeeds a contract under which the classification in question was previously conformed pursuant to paragraph (c) of this clause, a new conformed wage rate and fringe benefits may be assigned to the conformed classification by indexing (*i.e.,* adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the contract which are listed in the current wage determination, and those specified for the corresponding classifications in the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of contract work by the unlisted class of employees, the Contractor must advise the Contracting Officer of the action taken but the other procedures in subdivision (c)(2)(ii) of this clause need not be followed.

(C) No employee engaged in performing work on this contract must in any event be paid less than the currently applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of1938, as amended.

(v) The wage rate and fringe benefits finally determined under this subparagraph (c)(2) of this clause must be paid to all employees performing in the classification from the first day on which contract work is performed by them in the classification. Failure to pay the unlisted employees the compensation agreed upon by the interested parties and/or finally determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Service Contract Labor Standards statute and this contract.

(vi) Upon discovery of failure to comply with subparagraph (c)(2) of this clause, the Wage and Hour Division must make a final determination of conformed classification, wage rate, and/or fringe benefits which must be retroactive to the date such class or classes of employees commenced contract work.

(3) *Adjustment of compensation*. If the term of this contract is more than 1 year, the minimum monetary wages and fringe benefits required to be paid or furnished thereunder to service employees under this contract must be subject to adjustment after 1 year and not less often than once every 2 years, under wage determinations issued by the Wage and Hour Division.

(d) *Obligation to furnish fringe benefits*. The Contractor or subcontractor may discharge the obligation to furnish fringe benefits specified in the attachment or determined under subparagraph (c)(2) of this clause by furnishing equivalent combinations of bona fide fringe benefits, or by making equivalent or differential cash payments, only in accordance with Subpart D of 29 CFR Part 4.

(e) *Minimum wage*. In the absence of a minimum wage attachment for this contract, neither the Contractor nor any subcontractor under this contract shall pay any person performing work under this contract (regardless of whether the person is a service employee) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of1938. Nothing in this clause shall relieve the Contractor or any subcontractor of any other obligation under law or contract for payment of a higher wage to any employee.

(f) *Successor contracts*. If this contract succeeds a contract subject to the Service Contract Labor Standards statute under which substantially the same services were furnished in the same locality and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this contract setting forth such collectively bargained wage rates and fringe benefits, neither the Contractor nor any subcontractor under this contract shall pay any service employee performing any of the contract work (regardless of whether or not such employee was employed under the predecessor contract), less than the wages and fringe benefits provided for in such collective bargaining agreement, to which such employee would have been entitled if employed under the predecessor contract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for under such agreement. No Contractor or subcontractor under this contract may be relieved of the foregoing obligation unless the limitations of 29 CFR 4.1 b(b) apply or unless the Secretary of Labor or the Secretary's authorized representative finds, after a hearing as provided in 29 CFR 4.10 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which prevail for services of a character similar in the locality, or determines, as provided in 29 CFR 4.11, that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations. Where it is found in accordance with the review procedures provided in 29 CFR 4.10 and/or 4.11 and parts 6 and 8 that some or all of the wages and/or fringe benefits contained in a predecessor Contractor's collective bargaining agreement are substantially at variance with those which prevail for services of a character similar in the locality, and/or that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations, the Department will issue a new or revised wage determination setting forth the applicable wage rates and fringe benefits. Such determination must be made part of the contract or subcontract, in accordance with the decision of the Administrator, the Administrative Law Judge, or the Administrative Review Board, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a contract or subcontract (53 Comp. Gen. 401 (1973)). In the case of a wage determination issued solely as a result of a finding of substantial variance, such determination must be effective as of the date of the final administrative decision.

(g) *Notification to employees*. The Contractor and any subcontractor under this contract must notify each service employee commencing work on this contract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this contract, or must post the wage determination attached to this contract. The poster provided by the Department of Labor (Publication WH 1313) must be posted in a prominent and accessible place at the worksite. Failure to comply with this requirement is a violation of 41 U.S.C. 6703 and of this contract.

(h) *Safe and sanitary working conditions*. The Contractor or subcontractor must not permit any part of the services called for by this contract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the Contractor or subcontractor which are unsanitary, hazardous, or dangerous to the health or safety of the service employees. The Contractor or subcontractor must comply with the safety and health standards applied under 29 CFR Part 1925.

(i) *Records*. (1) The Contractor and each subcontractor performing work subject to the Service Contract Labor Standards statute must make and maintain for 3 years from the completion of the work, and make them available for inspection and transcription by authorized representatives of the Wage and Hour *Division, a* record of the following:

(i) For each employee subject to the Service Contract Labor Standards statute-

(A) Name and address and social security number;

(B) Correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits provided, rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;

(C) Daily and weekly hours worked by each employee; and

(D) Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.

(ii) For those classes of service employees not included in any wage determination attached to this contract, wage rates or fringe benefits determined by the interested parties or by the Administrator or authorized representative under the terms of paragraph (c) of this clause. A copy of the report required by subdivision (c)(2)(ii) of this clause will fulfill this requirement.

(iii) Any list of the predecessor Contractor’s employees which had been furnished to the Contractor as prescribed by paragraph (n) of this clause.

(2) The Contractor must also make available a copy of this contract for inspection or transcription by authorized representatives of the Wage and Hour Division.

(3) Failure to make and maintain or to make available these records for inspection and transcription shall be a violation of the regulations and this contract, and in the case of failure to produce these records, the Contracting Officer, upon direction of the Department of Labor and notification to the Contractor, must take action to cause suspension of any further payment or advance of funds until the violation ceases.

(4) The Contractor must permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.

(j) *Pay periods*. The Contractor must unconditionally pay to each employee subject to the Service Contract Labor Standards statute all wages due free and clear and without subsequent deduction (except as otherwise provided by law or regulations, 29 CFR Part 4), rebate, or kickback on any account. These payments must be made no later than one pay period following the end of the regular pay period in which the wages were earned or accrued. A pay period under this statute may not be of any duration longer than semi-monthly.

(k) *Withholding of payments and termination of contract*. The Contracting Officer must withhold or cause to be withheld from the Government Prime Contractor under this or any other Government contract with the Prime Contractor such sums as an appropriate official of the Department of Labor requests or such sums as the Contracting Officer decides may be necessary to pay underpaid employees employed by the Contractor or subcontractor. In the event of failure to pay any employees subject to the Service Contract Labor Standards statute all or part of the wages or fringe benefits due under the Service Contract Labor Standards statute, the Contracting Officer may, after authorization or by direction of the Department of Labor and written notification to the Contractor, take action to cause suspension of any further payment or advance of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or arrangements for completion of the work, charging the Contractor in default with any additional cost.

(l) *Subcontracts*. The Contractor agrees to insert this clause in all subcontracts subject to the Service Contract Labor Standards statute.

(m) *Collective bargaining agreements applicable to service employees*. If wages to be paid or fringe benefits to be furnished any service employees employed by the Government Prime Contractor or any subcontractor under the contract are provided for in a collective bargaining agreement which is or will be effective during any period in which the contract is being performed, the Government Prime Contractor must report such fact to the Contracting Officer, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the contract, and a copy of the collective bargaining agreement. Such report must be made upon commencing performance of the contract, in the case of collective bargaining agreements effective at such time, and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of contract performance such agreements must be reported promptly after negotiation thereof.

(n) *Seniority list*. Not less than 10 days prior to completion of any contract being performed at a Federal facility where service employees may be retained in the performance of the succeeding contract and subject to a wage determination which contains vacation or other benefit provisions based upon length of service with a Contractor (predecessor) or successor (29 CFR 4.173), the incumbent Prime Contractor must furnish the Contracting Officer a certified list of the names of all service employees on the Contractor's or subcontractor's payroll during the last month of contract performance. Such list must also contain anniversary dates of employment on the contract either with the current or predecessor Contractors of each such service employee. The Contracting Officer must turn over such list to the successor Contractor at the commencement of the succeeding contract.

(o) *Rulings and interpretations*. Rulings and interpretations of the Service Contract Labor Standards statute are contained in Regulations, 29 CFR Part 4.

(p) *Contractor's Representation*. (1) By entering into this contract, the Contractor (and officials thereof) represents that neither it nor any person or firm who has a substantial interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed under 41 U.S.C. 6706.

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract under 41 U.S.C. 6706.

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(q) *Variations, tolerances, and exemptions involving employment*. Notwithstanding any of the provisions in paragraphs (b) through (o) of this clause, the following employees may be employed in accordance with the following variations, tolerances, and exemptions, which the Secretary of Labor, pursuant to 41 U.S.C. 6707 prior to its amendment by Pub.L.92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:

(1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the minimum wages otherwise required by 41 U.S.C. 6703(1) without diminishing any fringe benefits or cash payments in lieu thereof required under 41 U.S.C. 6703(2), in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, persons with disabilities, and disabled clients of work centers under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR parts 520, 521, 524, and 525).

(2) The Administrator will issue certificates under the statute for the employment of apprentices, student-learners, persons with disabilities, or disabled clients of work centers not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two statutes, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR parts 520, 521, 524, and 525).

(3) The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in 29 CFR parts 525 and 528.

(r) *Apprentices*. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Office of Apprenticeship and Training, Employer, and Labor Services (OATELS), U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program must be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices must not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the contract work in any craft classification must not be greater than the ratio permitted to the Contractor as to his entire work force under the registered program.

(s) *Tips*. An employee engaged in an occupation in which the employee customarily and regularly receives more than $30 a month in tips may have the amount of these tips credited by the employer against the minimum wage required by 41 U.S.C. 6703(1), in accordance with section 3(m) of the Fair Labor Standards Act and Regulations, 29 CFR Part 531. However, the amount of credit must not exceed $1.34 per hour beginning January 1,1981. To use this provision-

(1) The employer must inform tipped employees about this tip credit allowance before the credit is utilized;

(2) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received);

(3) The employer must be able to show by records that the employee receives at least the applicable Service Contract Labor Standards minimum wage through the combination of direct wages and tip credit; and

(4) The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of 41 U.S.C. 6707(c).

(t) *Disputes concerning labor standards*. The U.S. Department of Labor has set forth in 29 CFR parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. Such disputes must be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(End of clause)

52.222-42 Statement of Equivalent Rates for Federal Hires.

As prescribed in 22.1002-2(c)(1), insert the following clause:

STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 2014)

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C.5341 or 5332.

This Statement is for Information Only: It is not a Wage Determination

Employee Class	Monetary Wage-Fringe Benefits
____________	__________________________

____________	__________________________
____________	__________________________
____________	__________________________
____________	__________________________
____________	__________________________

(End of clause)

52.222-43 Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment (Multiple Year and Option Contracts).

As prescribed in 22.1002-2(d)(1), insert the following clause:

FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT LABOR STANDARDS-
PRICE ADJUSTMENT (MULTIPLE YEAR AND OPTION CONTRACTS) (DEVIATION DATE)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Labor Standards statute, (41 U.S.C. chapter 67), by the Administrator, Wage and Hour *Division, U.S.* Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, must apply to this contract. If no such determination has been made applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year contract or the beginning of each renewal option period, must apply to this contract.

(d) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect the Contractor's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Contractor as a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate of $4.00 per hour. The Contractor chose to pay $4.10. The new wage determination increases the minimum rate to $4.50 per hour. Even if the Contractor voluntarily increases the rate to $4.75 per hour, the allowable price adjustment is $.40 per hour;

(2) An increased or decreased wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of1938 that is enacted after award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (d) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but must not otherwise include any amount for general and administrative costs, overhead, or profit.

(f) The Contractor must notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by the Contracting Officer. The Contractor must promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice must contain a statement of the amount claimed and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract), and any relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates must be modified in writing. The Contractor must continue performance pending agreement on or determination of any such adjustment and its effective date.

(g) The Contracting Officer or an authorized representative must have access to and the right to examine any directly pertinent books, documents, papers and records of the Contractor until the expiration of 3 years after final payment under the contract.

(End of clause)

52.222-44 Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment.

As prescribed in 22.1002-2(d)(2), insert the following clause:

FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT LABOR STANDARDS-PRICE ADJUSTMENT (DEVIATION DATE)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to Contractor collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect increases or decreases by the Contractor in wages and fringe benefits to the extent that these increases or decreases are made to comply with-

(1) An increased or decreased wage determination applied to this contract by operation of law; or

(2) An amendment to the Fair Labor Standards Act of1938 that is enacted subsequent to award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(d) Any such adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (c) of this clause, and to the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance; it must not otherwise include any amount for general and administrative costs, overhead, or profit.

(e) The Contractor must notify the Contracting Officer of any increase claimed under this clause within 30 days after the effective date of the wage change, unless this period is extended by the Contracting Officer in writing. The Contractor must promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice must contain a statement of the amount and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract) claimed and any relevant supporting data that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates must be modified in writing. The Contractor must continue performance pending agreement on or determination of any such adjustment and its effective date.

(f) The Contracting Officer or an authorized representative must, until the expiration of 3 years after final payment under the contract, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Contractor.

(End of clause)

52.222-45 [Reserved]

52.222-46 [Reserved]

(DEVIATION DATE)

52.222-47 [Reserved]

52.222-48 Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Certification.

As prescribed in 22.1002-2(e)(1), insert the following provision:

EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR MAINTENANCE, CALIBRATION, OR REPAIR OF CERTAIN EQUIPMENT-CERTIFICATION (DEVIATION DATE)

(a) The offeror must check the following certification:

Certification

The offeror □ does □ does not certify that-

(1) The items of equipment to be serviced under this contract are used regularly for other than Government purposes, and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontractor) in substantial quantities to the general public in the course of normal business operations;

(2) The services will be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(i) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(ii) An "established market price" is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror; and

(3) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract are the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1002-1(e)(3) that the Service Contract Labor Standards statute-

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at 52.222-51, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements, in this solicitation will not be included in any resultant contract awarded to this offeror, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision-

(1) The clause in this solicitation at 52.222-51, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements, will not be included in any resultant contract awarded to this offeror; and

(2) The offeror must notify the Contracting Officer as soon as possible, if the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

(End of provision)

52.222-49 Service Contract Labor Standards-Place of Performance Unknown.

As prescribed in 22.1002-2(f), insert the following clause:

SERVICE CONTRACT LABOR STANDARDS-PLACE OF PERFORMANCE UNKNOWN (DEVIATION DATE)

(a) This contract is subject to the Service Contract Labor Standards statute, and the place of performance was unknown when the solicitation was issued. In addition to places or areas identified in wage determinations, if any, attached to the solicitation, wage determinations have also been requested for the following: ________ *[insert places or areas]*. The Contracting Officer will request wage determinations for additional places or areas of performance if asked to do so in writing by _____________ *[insert time and date]*.

(b) Offerors who intend to perform in a place or area of performance for which a wage determination has not been attached or requested may nevertheless submit bids or proposals. However, a wage determination must be requested and incorporated in the resultant contract retroactive to the date of contract award, and there shall be no adjustment in the contract price.

(End of clause)

52.222-50 Combating Trafficking in Persons.

As prescribed in 22.1703-2(a)(1), insert the following clause:

COMBATING TRAFFICKING IN PERSONS (DEVIATION DATE)

(a) *Definitions*. As used in this clause-

Agent means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act on behalf of the organization.

Coercion means-

(1) Threats of serious harm to or physical restraint against any person;

(2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or

(3) The abuse or threatened abuse of the legal process.

Commercial sex act means any sex act on account of which anything of value is given to or received by any person.

Commercially available off-the-shelf (COTS) item —

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) 2.101;

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Debt bondage means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

Employee means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

Forced Labor means knowingly providing or obtaining the labor or services of a person-

(1) By threats of serious harm to, or physical restraint against, that person or another person;

(2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or

(3) By means of the abuse or threatened abuse of law or the legal process.

Involuntary servitude includes a condition of servitude induced by means of-

(1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or

(2) The abuse or threatened abuse of the legal process.

Recruitment fees means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for-

(i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;

(ii) Advertising;

(iii) Obtaining permanent or temporary labor certification, including any associated fees;

(iv) Processing applications and petitions;

(v) Acquiring visas, including any associated fees;

(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;

(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;

(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;

(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;

(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;

(xi) Transportation and subsistence costs-

(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and

(B) From the airport or disembarkation point to the worksite;

(xii) Security deposits, bonds, and insurance; and

(xiii) Equipment charges.

(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is-

(i) Paid in property or money;

(ii) Deducted from wages;

(iii) Paid back in wage or benefit concessions;

(iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or

(v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to-

(A) Agents;

(B) Labor brokers;

(C) Recruiters;

(D) Staffing firms (including private employment and placement firms);

(E) Subsidiaries/affiliates of the employer;

(F) Any agent or employee of such entities; and

(G) Subcontractors at all tiers.

Severe forms of trafficking in persons means-

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) *Policy.* The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities of this clause. Contractors, contractor employees, and their agents must not—

(1) Engage in severe forms of trafficking in persons during the period of performance of the contract;

(2) Procure commercial sex acts during the period of performance of the contract;

(3) Use forced labor in the performance of the contract;

(4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

(5) (i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language understood by the employee or potential employee, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant costs to be charged to the employee or potential employee, and, if applicable, the hazardous nature of the work;

(ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

(6) Charge employees or potential employees recruitment fees;

(7) (i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment-

(A) For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the United States); or

(B) For an employee who is not a United States national and who was brought into the United States for the purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside the United States); except that—

(ii) The requirements of paragraphs (b)(7)(i) of this clause must not apply to an employee who is—

(A) Legally permitted to remain in the country of employment and who chooses to do so; or

(B) Exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation;

(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. The contractor must provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor must not only offer return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document must be in a language the employee understands. If the employee must relocate to perform the work, the work document must be provided to the employee at least five days prior to the employee relocating. The employee's work document must include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking in persons.

(c) *Contractor requirements*. The Contractor must-

(1) Notify its employees and agents of-

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification.* (1) The Contractor must inform the Contracting Officer and the agency Inspector General immediately of —

(i) Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud); and

(ii) Any actions taken against a Contractor employee, subcontractor, subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor must inform the contracting officer for the contract with the highest dollar value.

(e) *Remedies.* In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h), or (i) of this clause may result in—

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Declining to exercise available options under the contract;

(6) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(7) Suspension or debarment.

(f) *Mitigating and aggravating factors.* When determining remedies, the Contracting Officer may consider the following:

(1) *Mitigating factors*. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(2) *Aggravating factors*. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) *Full cooperation*. (1) The Contractor must, at a minimum—

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and must not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not-

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from—

(A) Conducting an internal investigation; or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

(h) *Compliance plan*. (1) This paragraph (h) applies to any portion of the contract that—

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $700,000.

(2) The Contractor must maintain a compliance plan during the performance of the contract that is appropriate—

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) *Minimum requirements*. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the Web site for the Department of State's Office to Monitor and Combat Trafficking in Persons at http://www.state.gov/j/tip/.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee or potential employee, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) *Posting*. (i) The Contractor must post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor must provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor must provide the compliance plan to the Contracting Officer upon request.

(5) *Certification*. Annually after receiving an award, the Contractor must submit a certification to the Contracting Officer that—

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either—

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) *Subcontracts*. (1) The Contractor must include the substance of this clause, including this paragraph (i), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that—

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $700,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor must require submission prior to the award of the subcontract and annually thereafter. The certification must cover the items in paragraph (h)(5) of this clause.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 22.1703-2(a)(2), substitute the following paragraph in place of paragraph (c)(1)(i) of the basic clause:

(c)(1)(i)(A) The United States Government's policy prohibiting trafficking in persons described in paragraph (b) of this clause; and

(B) The following directive(s) or notice(s) applicable to employees performing work at the contract place(s) of performance as indicated below:

Document Title	**Document may be obtained from:**	**Applies to performance in/at:**
_____________	_____________	_______________
_____________	_____________	_______________

[*Contracting Officer must insert title of directive/notice; indicate the document is attached or provide source (such as website link) for obtaining document; and, indicate the contract performance location outside the United States to which the document applies.*]

52.222-51 Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements.

As prescribed in 22.1002-2(e)(2), insert the following clause:

EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR MAINTENANCE, CALIBRATION, OR REPAIR OF CERTAIN EQUIPMENT-REQUIREMENTS (DEVIATION DATE)

(a) The items of equipment to be serviced under this contract are used regularly for other than Government purposes, and are sold or traded by the Contractor in substantial quantities to the general public in the course of normal business operations.

(b) The services must be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(1) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(2) An "established market price" is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or Contractor.

(c) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract must be the same as that used for these employees and for equivalent employees servicing the same equipment of commercial customers.

(d) The Contractor is responsible for compliance with all the conditions of this exemption by its subcontractors. The Contractor must determine the applicability of this exemption to any subcontract on or before subcontract award. In making a judgment that the exemption applies, the Contractor must consider all factors and make an affirmative determination that all of the conditions in paragraphs (a) through (c) of this clause will be met.

(e) If the Department of Labor determines that any conditions for exemption in paragraphs (a) through (c) of this clause have not been met, the exemption shall be deemed inapplicable, and the contract shall become subject to the Service Contract Labor Standards statute. In such case, the procedures at 29 CFR 4.123(e)(1)(iv) and 29 CFR 4.5(c) will be followed.

(f) The Contractor must include the substance of this clause, including this paragraph (f), in subcontracts for exempt services under this contract.

(End of clause)

52.222-52 Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Certification.

As prescribed in 22.1002-2(e)(3), insert the following provision:

EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR CERTAIN SERVICES-CERTIFICATION (DEVIATION DATE)

(a) The offeror must check the following certification:

Certification

The offeror □ does □ does not certify that-

(1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;

(3) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1002-1(f)(3) that the Service Contract Labor Standards statute-

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at FAR 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Requirements, in this solicitation will not be included in any resultant contract awarded to this offer, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision-

(1) The clause of this solicitation at 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Requirements, will not be included in any resultant contract to this offeror; and

(2) The offeror must notify the Contracting Officer as soon as possible if the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

(End of provision)

52.222-53 Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Requirements.

As prescribed in 22.1002-2(e)(4), insert the following clause:

EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS
TO CONTRACTS FOR CERTAIN SERVICES-REQUIREMENTS (DEVIATION DATE)

(a) The services under this contract are offered and sold regularly to non-Governmental customers, and are provided by the Contractor to the general public in substantial quantities in the course of normal business operations.

(b) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or Contractor.

(c) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract.

(d) The Contractor uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the Contractor uses for these employees and for equivalent employees servicing commercial customers.

(e) (1) Except for services identified in FAR 22.1002-1(f)(1)(iv), the subcontractor for exempt services must be selected for award based on other factors in addition to price or cost with the combination of other factors at least as important as price or cost; or

(2) A subcontract for exempt services must be awarded on a sole source basis.

(f) The Contractor is responsible for compliance with all the conditions of this exemption by its subcontractors. The Contractor must determine in advance, based on the nature of the subcontract requirements and knowledge of the practices of likely subcontractors, that all or nearly all likely subcontractors will meet the conditions in paragraphs (a) through (d) of this clause. If the services are currently being performed under a subcontract, the Contractor must consider the practices of the existing subcontractor in making a determination regarding the conditions in paragraphs (a) through (d) of this clause. If the Contractor has reason to doubt the validity of the certification, the requirements of the Service Contract Labor Standards statute must be included in the subcontract.

(g) If the Department of Labor determines that any conditions for exemption at paragraphs (a) through (e) of this clause have not been met, the exemption must be deemed inapplicable, and the contract must become subject to the Service Contract Labor Standards statute. In such case, the procedures in at 29 CFR 4.123(e)(2)(iii) and 29 CFR 4.5(c) will be followed.

(h) The Contractor must include the substance of this clause, including this paragraph (h), in subcontracts for exempt services under this contract.

(End of clause)

52.222-54 Employment Eligibility Verification.

As prescribed in 22.1802-2, Insert the following clause:

EMPLOYMENT ELIGIBILITY VERIFICATION (DEVIATION DATE)

(a) *Definitions*. As used in this clause-

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply that is—

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products. Per 46 CFR 525.1 (c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

Employee assigned to the contract means an employee who was hired after November 6, 1986 (after November 27, 2009 in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1802-2. An employee is not considered to be directly performing work under a contract if the employee-

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

Subcontract

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

United States, as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands.

(b) *Enrollment and verification requirements*. (1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must-

(i) *Enroll*. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) *Verify all new employees*. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

(iii) *Verify employees assigned to the contract*. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must use E-Verify to initiate verification of employment eligibility of-

(i) *All new employees*. (A) *Enrolled 90 calendar days or more*. The Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(B) *Enrolled less than 90 calendar days*. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(ii) *Employees assigned to the contract*. For each employee assigned to the contract, the Contractor must initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor must follow the applicable verification requirements at (b)(1) or (b)(2) respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) *Option to verify employment eligibility of all employees*. The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract. The Contractor must initiate verification for each existing employee working in the United States who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), within 180 calendar days of-

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor must comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspending and debarring official.

(ii) During the period between termination of the MOU and a decision by the suspending and debarring official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the Contractor is not suspended, debarred, or subject to a voluntary exclusion, then the Contractor must reenroll in E-Verify.

(c) *Web site*. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: https://www.e-Verify.gov.

(d) *Individuals previously verified*. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee-

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) *Subcontracts*. The Contractor must include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that-

(1) Is for— (i) Services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or

(ii) Construction;

(2) Has a value of more than $3,500; and

(3) Includes work performed in the United States.

(End of clause)

52.222-55 Minimum Wages for Contractor Workers Under Executive Order 14026.

As prescribed in 22.1906, insert the following clause:

MINIMUM WAGES FOR CONTRACTOR WORKERS UNDER EXECUTIVE ORDER 14026 (DEVIATION DATE)

(a) *Definitions.* As used in this clause—

United States means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, *et seq.*).

Worker—

(1) (i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order 14026, and —

(A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV);

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2) (i) A worker performs *on* a contract if the worker directly performs the specific services called for by the contract; and

(ii) A worker performs *in connection with* a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

(b) *Executive Order minimum wage rate.*

(1) The Contractor must pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of $15.00 per hour beginning January 30, 2022.

(2) The Contractor must adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on *https://www.sam.gov* (or any successor Web site), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.

(3) (i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs must include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors must consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer must not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and must not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers must be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(6) The Contractor must pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions.

(7) The Contractor must not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor must pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor must follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than $30 a month in tips.

(c) (1) This clause applies to workers as defined in paragraph (a). As provided in that definition—

(i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker;

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.

(2) This clause does not apply to—

(i) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., *i.e.* those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(ii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to—

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(a);

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b); and

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

(d) *Notice.* The Contractor must notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor must post notice, utilizing the poster provided by the Administrator, which can be obtained at *www.dol.gov/agencies/whd/government-contracts,* in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) *Payroll Records.*

(1) The Contractor must make and maintain records, for three years after completion of the work, containing the following information for each worker:

(i) Name, address, and social security number;

(ii) The worker's occupation(s) or classification(s);

(iii) The rate or rates of wages paid;

(iv) The number of daily and weekly hours worked by each worker;

(v) Any deductions made; and

(vi) Total wages paid.

(2) The Contractor must make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor must also make such records available upon request of the Contracting Officer.

(3) The Contractor must make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment must be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) *Access.* The Contractor must permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) *Withholding.* The Contracting Officer, upon his or her own action or upon written request of the Administrator, must withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) *Disputes.* Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes must be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) *Antiretaliation.* The Contractor must not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) *Subcontractor compliance.* The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) *Subcontracts.* The Contractor must include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

52.222-56 Certification Regarding Trafficking in Persons Compliance Plan.

As prescribed in 22.1703-2(b), insert the following provision:

CERTIFICATION REGARDING TRAFFICKING IN PERSONS COMPLIANCE PLAN (DEVIATION DATE)

(a) The term "commercially available off-the-shelf (COTS) item," is defined in the clause of this solicitation entitled "Combating Trafficking in Persons" (FAR clause 52.222-50).

(b) The apparent successful Offeror must submit, prior to award, a certification, as specified in paragraph (c) of this provision, for the portion (if any) of the contract that-

(1) Is for supplies, other than commercially available off-the-shelf items, to be acquired outside the United States, or services to be performed outside the United States; and

(2) Has an estimated value that exceeds $700,000.

(c) The certification must state that-

(1) It has implemented a compliance plan to prevent any prohibited activities identified in paragraph (b) of the clause at 52.222-50, Combating Trafficking in Persons, and to monitor, detect, and terminate the contract with a subcontractor engaging in prohibited activities identified at paragraph (b) of the clause at 52.222-50, Combating Trafficking in Persons; and

(2) After having conducted due diligence, either-

(i) To the best of the Offeror's knowledge and belief, neither it nor any of its proposed agents, subcontractors, or their agents is engaged in any such activities; or

(ii) If abuses relating to any of the prohibited activities identified in 52.222-50(b) have been found, the Offeror or proposed subcontractor has taken the appropriate remedial and referral actions.

(End of provision)

52.222-57 [Reserved]

52.222-58 [Reserved]

52.222-59 [Reserved]

52.222-60 [Reserved]

52.222-61 [Reserved]

52.222-62 Paid Sick Leave Under Executive Order 13706.

As prescribed at 22.2102-5, insert the following clause:

PAID SICK LEAVE UNDER EXECUTIVE ORDER 13706 (DEVIATION DATE)

(a) *Definitions*. As used in this clause (in accordance with 29 CFR 13.2)-

Child, "domestic partner", and "domestic violence" have the meaning given in 29 CFR 13.2.

Employee –

(1) (i) Means any person engaged in performing work on or in connection with a contract covered by Executive Order (E.O.) 13706; and

(A) Whose wages under such contract are governed by the Service Contract Labor Standards statute (41 U.S.C. chapter 67), the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV), or the Fair Labor Standards Act (29 U.S.C. chapter 8);

(B) Including employees who qualify for an exemption from the Fair Labor Standards Act's minimum wage and overtime provisions;

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer; and

(ii) Includes any person performing work on or in connection with the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2) (i) An employee performs "on" a contract if the employee directly performs the specific services called for by the contract; and

(ii) An employee performs "in connection with" a contract if the employee's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

Individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship has the meaning given in 29 CFR 13.2.

Multiemployer plan means a plan to which more than one employer is required to contribute and which is maintained pursuant to one or more collective bargaining agreements between one or more employee organizations and more than one employer.

Paid sick leave means compensated absence from employment that is required by E.O. 13706 and 29 CFR Part 13.

Parent, "sexual assault", "spouse", and "stalking" have the meaning given in 29 CFR 13.2.

United States means the 50 States and the District of Columbia.

(b) *Executive Order 13706*. (1) This contract is subject to E.O. 13706 and the regulations issued by the Secretary of Labor in 29 CFR Part 13 pursuant to the E.O.

(2) If this contract is not performed wholly within the United States, this clause only applies with respect to that part of the contract that is performed within the United States.

(c) *Paid sick leave*. The Contractor must-

(1) Permit each employee engaged in performing work on or in connection with this contract to earn not less than 1 hour of paid sick leave for every 30 hours worked;

(2) Allow accrual and use of paid sick leave as required by E.O. 13706 and 29 CFR Part 13;

(3) Comply with the accrual, use, and other requirements set forth in 29 CFR 13.5 and 13.6, which are incorporated by reference in this contract;

(4) Provide paid sick leave to all employees when due free and clear and without subsequent deduction (except as otherwise provided by 29 CFR 13.24), rebate, or kickback on any account;

(5) Provide pay and benefits for paid sick leave used no later than one pay period following the end of the regular pay period in which the paid sick leave was taken; and

(6) Be responsible for the compliance by any subcontractor with the requirements of E.O. 13706, 29 CFR Part 13, and this clause.

(d) Contractors may fulfill their obligations under E.O. 13706 and 29 CFR Part 13 jointly with other contractors through a multiemployer plan, or may fulfill their obligations through an individual fund, plan, or program (see 29 CFR 13.8).

(e) *Withholding*. The Contracting Officer must, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this or any other Federal contract with the same Contractor, so much of the accrued payments or advances as may be considered necessary to pay employees the full amount owed to compensate for any violation of the requirements of E.O. 13706, 29 CFR Part 13, or this clause, including-

(1) Any pay and/or benefits denied or lost by reason of the violation;

(2) Other actual monetary losses sustained as a direct result of the violation; and

(3) Liquidated damages.

(f) *Payment suspension/contract termination/contractor debarment*. (1) In the event of a failure to comply with E.O. 13706, 29 CFR Part 13, or this clause, the contracting agency may, on its own action or after authorization or by direction of the Department of Labor and written notification to the Contractor take action to cause suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(2) Any failure to comply with the requirements of this clause may be grounds for termination for default or cause.

(3) A breach of the contract clause may be grounds for debarment as a contractor and subcontractor as provided in 29 CFR 13.52.

(g) The paid sick leave required by E.O. 13706, 29 CFR Part 13, and this clause is in addition to the Contractor's obligations under the Service Contract Labor Standards statute and Wage Rate Requirements (Construction) statute, and the Contractor may not receive credit toward its prevailing wage or fringe benefit obligations under those Acts for any paid sick leave provided in satisfaction of the requirements of E.O. 13706 and 29 CFR Part 13.

(h) Nothing in E.O. 13706 or 29 CFR Part 13 shall excuse noncompliance with or supersede any applicable Federal or State law, any applicable law or municipal ordinance, or a collective bargaining agreement requiring greater paid sick leave or leave rights than those established under E.O. 13706 and 29 CFR Part 13.

(i) *Recordkeeping*. (1) The Contractor must make and maintain, for no less than three (3) years from the completion of the work on the contract, records containing the following information for each employee, which the Contractor must make available upon request for inspection, copying, and transcription by authorized representatives of the Administrator of the Wage and Hour Division of the Department of Labor:

(i) Name, address, and social security number of each employee.

(ii) The employee's occupation(s) or classification(s).

(iii) The rate or rates of wages paid (including all pay and benefits provided).

(iv) The number of daily and weekly hours worked.

(v) Any deductions made.

(vi) The total wages paid (including all pay and benefits provided) each pay period.

(vii) A copy of notifications to employees of the amount of paid sick leave the employee has accrued, as required under 29 CFR 13.5(a)(2).

(viii) A copy of employees' requests to use paid sick leave, if in writing, or, if not in writing, any other records reflecting such employee requests.

(ix) Dates and amounts of paid sick leave taken by employees (unless the Contractor's paid time off policy satisfies the requirements of E.O. 13706 and 29 CFR Part 13 as described in 29 CFR 13.5(f)(5), leave must be designated in records as paid sick leave pursuant to E.O. 13706).

(x) A copy of any written responses to employees' requests to use paid sick leave, including explanations for any denials of such requests, as required under 29 CFR 13.5(d)(3).

(xi) Any records reflecting the certification and documentation the Contractor may require an employee to provide under 29 CFR 13.5(e), including copies of any certification or documentation provided by an employee.

(xii) Any other records showing any tracking of or calculations related to an employee's accrual or use of paid sick leave.

(xiii) The relevant contract.

(xiv) The regular pay and benefits provided to an employee for each use of paid sick leave.

(xv) Any financial payment made for unused paid sick leave upon a separation from employment intended, pursuant to 29 CFR 13.5(b)(5), to relieve the Contractor from the obligation to reinstate such paid sick leave as otherwise required by 29 CFR 13.5(b)(4).

(2) (i) If the Contractor wishes to distinguish between an employee’s covered and noncovered work, the Contractor must keep records or other proof reflecting such distinctions. Only if the Contractor adequately segregates the employee's time will time spent on noncovered work be excluded from hours worked counted toward the accrual of paid sick leave. Similarly, only if the Contractor adequately segregates the employee's time may the Contractor properly refuse an employee's request to use paid sick leave on the ground that the employee was scheduled to perform noncovered work during the time he or she asked to use paid sick leave.

(ii) If the Contractor estimates covered hours worked by an employee who performs work in connection with contracts covered by the E.O. pursuant to 29 CFR 13.5(a)(1)(i) or (iii), the Contractor must keep records or other proof of the verifiable information on which such estimates are reasonably based. Only if the Contractor relies on an estimate that is reasonable and based on verifiable information will an employee's time spent in connection with noncovered work be excluded from hours worked counted toward the accrual of paid sick leave. If the Contractor estimates the amount of time an employee spends performing in connection with contracts covered by the E.O., the Contractor must permit the employee to use his or her paid sick leave during any work time for the Contractor.

(3) In the event the Contractor is not obligated by the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, or the Fair Labor Standards Act to keep records of an employee's hours worked, such as because the employee is exempt from the Fair Labor Standards Act's minimum wage and overtime requirements, and the Contractor chooses to use the assumption permitted by 29 CFR 13.5(a)(1)(iii), the Contractor is excused from the requirement in paragraph (i)(1)(iv) of this clause and 29 CFR 13.25(a)(4) to keep records of the employee's number of daily and weekly hours worked.

(4) (i) Records relating to medical histories or domestic violence, sexual assault, or stalking, created for purposes of E.O. 13706, whether of an employee or an employee's child, parent, spouse, domestic partner, or other individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship, must be maintained as confidential records in separate files/records from the usual personnel files.

(ii) If the confidentiality requirements of the Genetic Information Nondiscrimination Act of 2008 (GINA), section 503 of the Rehabilitation Act of 1973, and/or the Americans with Disabilities Act (ADA) apply to records or documents created to comply with the recordkeeping requirements in this contract clause, the records and documents must also be maintained in compliance with the confidentiality requirements of the GINA, section 503 of the Rehabilitation Act of 1973, and/or ADA as described in 29 CFR 1635.9, 41 CFR 60-741.23(d), and 29 CFR 1630.14(c)(1), respectively.

(iii) The Contractor must not disclose any documentation used to verify the need to use 3 or more consecutive days of paid sick leave for the purposes listed in 29 CFR 13.5(c)(1)(iv) (as described in 29 CFR 13.5(e)(1)(ii)) and must maintain confidentiality about any domestic abuse, sexual assault, or stalking, unless the employee consents or when disclosure is required by law.

(5) The Contractor must permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.

(6) Nothing in this contract clause limits or otherwise modifies the Contractor's recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, the Family and Medical Leave Act, E.O. 14026, their respective implementing regulations, or any other applicable law.

(j) Interference/discrimination. (1) The Contractor must not in any manner interfere with an employee's accrual or use of paid sick leave as required by E.O. 13706 or 29 CFR Part 13. Interference includes, but is not limited to-

(i) Miscalculating the amount of paid sick leave an employee has accrued;

(ii) Denying or unreasonably delaying a response to a proper request to use paid sick leave;

(iii) Discouraging an employee from using paid sick leave;

(iv) Reducing an employee's accrued paid sick leave by more than the amount of such leave used;

(v) Transferring an employee to work on contracts not covered by the E.O. to prevent the accrual or use of paid sick leave;

(vi) Disclosing confidential information contained in certification or other documentation provided to verify the need to use paid sick leave; or

(vii) Making the use of paid sick leave contingent on the employee's finding a replacement worker or the fulfillment of the Contractor's operational needs.

(2) The Contractor must not discharge or in any other manner discriminate against any employee for–

(i) Using, or attempting to use, paid sick leave as provided for under E.O. 13706 and 29 CFR Part 13;

(ii) Filing any complaint, initiating any proceeding, or otherwise asserting any right or claim under E.O. 13706 and 29 CFR Part 13;

(iii) Cooperating in any investigation or testifying in any proceeding under E.O. 13706 and 29 CFR Part 13; or

(iv) Informing any other person about his or her rights under E.O. 13706 and 29 CFR Part 13.

(k) *Notice*. The Contractor must notify all employees performing work on or in connection with a contract covered by the E.O. of the paid sick leave requirements of E.O. 13706, 29 CFR Part 13, and this clause by posting a notice provided by the Department of Labor in a prominent and accessible place at the worksite so it may be readily seen by employees. Contractors that customarily post notices to employees electronically may post the notice electronically, provided such electronic posting is displayed prominently on any Web site that is maintained by the Contractor, whether external or internal, and customarily used for notices to employees about terms and conditions of employment.

(l) *Disputes concerning labor standards*. Disputes related to the application of E.O. 13706 to this contract must not be subject to the general disputes clause of the contract. Such disputes must be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Part 13. Disputes within the meaning of this contract clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the employees or their representatives.

(m) *Subcontracts*. The Contractor must insert the substance of this clause, including this paragraph (m), in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

52.222-90 Addressing DEI Discrimination by Federal Contractors.

As prescribed in 22.2203, insert the following clause:

ADDRESSING DEI DISCRIMINATION BY FEDERAL CONTRACTORS (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

Racially discriminatory diversity, equity, and inclusion (DEI) activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (*e.g.*, vendor agreements), program participation, or allocation or deployment of an entity's resources.

(b) In connection with the performance of work under this contract, the Contractor agrees as follows:

(1) The Contractor will not engage in any racially discriminatory DEI activities;

(2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts, as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;

(3) In the event of the Contractor's or a subcontractor's noncompliance with this clause, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor or subcontractor may be declared ineligible for further Government contracts;

(4) The Contractor will report any subcontractor's known or reasonably knowable conduct that may violate this clause to the Contracting Officer and take any appropriate remedial actions directed by the Contracting Officer; and

(5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue, in any way, the validity of this clause.

(6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government's payment decisions for purposes of 31 U.S.C. 3729(b)(4).

(c) The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts at any tier, including those for commercial products and commercial services, except those where the place of delivery or performance is outside the United States.

(End of clause)

52.223 [Reserved]

52.223-1 Biobased Product Certification.

As prescribed in 23.108(c)(1), insert the following provision:

BIOBASED PRODUCT CERTIFICATION (DEVIATION DATE)

As required by the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8101(4)) and the Energy Policy Act of 2005 (7 U.S.C. 8102(a)(2)(F)), the Offeror certifies, by signing this offer, that biobased products (within categories of products listed by the United States Department of Agriculture at https://www.biopreferred.gov/resources/categories.html to be used or delivered in the performance of the contract, other than biobased products that are not purchased by the Offeror as a direct result of this contract, will comply with the applicable specifications or other contractual requirements.

(End of provision)

52.223-2 Reporting of Biobased Products Under Service and Construction Contracts.

As prescribed in 23.108(c)(2), insert the following clause:

REPORTING OF BIOBASED PRODUCTS UNDER SERVICE AND CONSTRUCTION CONTRACTS (DEVIATION DATE)

(a) *Definitions.* As used in this clause—

Biobased product means a product determined by the U.S. Department of Agriculture (USDA) to be a commercial product or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials, or that is an intermediate ingredient or feedstock. The term includes, with respect to forestry materials, forest products that meet biobased content requirements, notwithstanding the market share the product holds, the age of the product, or whether the market for the product is new or emerging. (7 U.S.C. 8101) (7 CFR 4270.2).

USDA-designated product category a generic grouping of biobased products that are listed by USDA in a procurement guideline (7 CFR part 4270) and for which USDA has provided minimum biobased content standards (see https://www.biopreferred.gov/resources/categories.html).

(b) *Requirement*. The Contractor shall—

(1) Report to https://www.sam.gov, with a copy to the Contracting Officer, on the product types and dollar value of any biobased products in USDA-designated product categories purchased by the Contractor during the previous Government fiscal year, between October 1 and September 30; and

(2) Submit this report no later than—

(i) October 31 of each year during contract performance; and

(ii) At the end of contract performance.

(End of clause)

52.223-3 Hazardous Material Identification and Safety Data.

As prescribed in 23.304(a)(1), insert the following clause:

HAZARDOUS MATERIAL IDENTIFICATION AND SAFETY DATA (DEVIATION DATE)

(a) *Hazardous material*, as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The Offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Safety Data Sheet submitted under this contract.

Material (If none, insert *None*)	Identification No.

____________________	____________________
____________________	____________________
____________________	____________________

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to—

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 23.304(a)(2), add the following paragraph (i) to the basic clause:

(i) Except as provided in paragraph (i)(2) the Contractor shall prepare and submit a sufficient number of Safety Data Sheets (SDS's), meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous materials identified in paragraph (b) of this clause.

(1) For items shipped to consignees, the Contractor shall include a copy of the SDS with the packing list or other suitable shipping document which accompanies each shipment. Alternatively, the Contractor is permitted to transmit SDS's to consignees in advance of receipt of shipments by consignees, if authorized in writing by the Contracting Officer.

(2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer supply centers, the Contractor shall provide one copy of the SDS's in or on each shipping container. If affixed to the outside of each container, the SDS must be placed in a weather resistant envelope.

52.223-4 Recovered Material Certification.

As prescribed in 23.108(b)(1), insert the following provision:

RECOVERED MATERIAL CERTIFICATION (MAY 2008)

As required by the Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6962(c)(3)(A)(i)), the offeror certifies, by signing this offer, that the percentage of recovered materials content for EPA-designated items to be delivered or used in the performance of the contract will be at least the amount required by the applicable contract specifications or other contractual requirements.

(End of provision)

52.223-5 Pollution Prevention and Right-to-Know Information.

As prescribed in 23.403, insert the following clause:

POLLUTION PREVENTION AND RIGHT-TO-KNOW INFORMATION (MAY 2024)

(a) *Definitions*. As used in this clause-

Toxic chemical means a chemical or chemical category listed in 40 CFR 372.65.

(b) Federal facilities are required to comply with the provisions of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11001-11050), and the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13101-13109).

(c) The Contractor shall provide all information needed by the Federal facility to comply with the following:

(1) The emergency planning reporting requirements of section 302 of EPCRA.

(2) The emergency notice requirements of section 304 of EPCRA.

(3) The list of Material Safety Data Sheets, required by section 311 of EPCRA.

(4) The emergency and hazardous chemical inventory forms of section 312 of EPCRA.

(5) The toxic chemical release inventory of Section 313 of EPCRA, which includes the reduction and recycling information required by section 6607 of PPA.

(End of clause)

52.223-6 [Reserved]

52.223-7 Notice of Radioactive Materials.

As prescribed in 23.304(b), insert the following clause:

NOTICE OF RADIOACTIVE MATERIALS (DEVIATION DATE)

(a) The Contractor shall notify the Contracting Officer or designee, in writing, ______________*days prior to the delivery of, or prior to completion of any servicing required by this contract of, items containing either (1) radioactive material requiring specific licensing under the regulations issued pursuant to the Atomic Energy Act of 1954, as amended, as set forth in title 10 of the Code of Federal Regulations, in effect on the date of this contract, or (2) other radioactive material not requiring specific licensing in which the specific activity is greater than 0.002 microcuries per gram or the activity per item equals or exceeds 0.01 microcuries. Such notice shall specify the part or parts of the items which contain radioactive materials, a description of the materials, the name and activity of the isotope, the manufacturer of the materials, and any other information known to the Contractor which will put users of the items on notice as to the hazards involved.

(b) If there has been no change affecting the quantity of activity, or the characteristics and composition of the radioactive material from deliveries under this contract or prior contracts, the Contractor may request that the Contracting Officer or designee waive the notice requirement in paragraph (a) of this clause. Any such request shall—

(1) Be submitted in writing;

(2) State that the quantity of activity, characteristics, and composition of the radioactive material have not changed; and

(3) Cite the contract number on which the prior notification was submitted and the contracting office to which it was submitted.

(c) All items, parts, or subassemblies which contain radioactive materials in which the specific activity is greater than 0.002 microcuries per gram or activity per item equals or exceeds 0.01 microcuries, and all containers in which such items, parts or subassemblies are delivered to the Government shall be clearly marked and labeled as required by the latest revision of MIL-STD 129 in effect on the date of the contract.

(d) This clause, including this paragraph (d), shall be inserted in all subcontracts for radioactive materials meeting the criteria in paragraph (a) of this clause.

* The Contracting Officer shall insert the number of days required in advance of delivery of the item or completion of the servicing to assure that required licenses are obtained and appropriate personnel are notified to institute any necessary safety and health precautions.

(End of clause)

52.223-8 [Reserved]

52.223-9 Estimate of Percentage of Recovered Material Content for EPA-Designated Items.

As prescribed in 23.108(b)(2), insert the following clause:

ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS (MAY 2008)

(a) *Definitions*. As used in this clause-

*Postconsumer material*means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of "recovered material."

Recovered material means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall-

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

(2) Submit this estimate to ____________________ *[Contracting Officer complete in accordance with agency procedures]*.

(End of clause)

Alternate I (MAY 2008). As prescribed in 23.108(b)(2), redesignate paragraph (b) of the basic clause as paragraph (c) and add the following paragraph (b) to the basic clause:

(b) The Contractor shall execute the following certification required by the Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6962(i)(2)(C)):

CERTIFICATION

I, _______________ *(name of certifier)*, am an officer or employee responsible for the performance of this contract and hereby certify that the percentage of recovered material content for EPA-designated items met the applicable contract specifications or other contractual requirements.

____ *[Signature of the Officer or Employee]*

____ *[Typed Name of the Officer or Employee]*

____ *[Title]*

____ *[Name of Company, Firm, or Organization]*

____ *[Date]*

(End of certification)

52.223-10 [Reserved]

(DEVIATION DATE)

52.223-11 Ozone-Depleting Substances.

As prescribed in 23.108(d)(1), insert the following clause:

OZONE-DEPLETING SUBSTANCES (DEVIATION DATE)

(a) *Definition*. As used in this clause–

Ozone-depleting substance means any substance the Environmental Protection Agency designates in 40 CFR part 82 as—

(1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or

(2) Class II, including, but not limited to, hydrochlorofluorocarbons.

(b) Requirement. In accordance with 40 CFR 82.84(a)(5), the Contractor shall label products that contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j(b), (c), (d), and (e) and 40 CFR part 82, subpart E, as follows:

Warning: Contains (or manufactured with, if applicable) *_______, a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.

* The Contractor shall insert the name of the substance(s).

(End of clause)

52.223-12 Maintenance, Service, Repair, or Disposal of Refrigeration Equipment and Air Conditioners.

As prescribed in 23.108(d)(2), insert the following clause:

MAINTENANCE, SERVICE, REPAIR, OR DISPOSAL OF REFRIGERATION
EQUIPMENT AND AIR CONDITIONERS (DEVIATION DATE)

In accordance with 40 CFR 82.84(a)(3), the Contractor shall comply with the applicable requirements of sections 608 and 609 of the Clean Air Act (42 U.S.C. 7671g and 7671h) as each or both apply to this contract.

(End of clause)

52.223-13 [Reserved]

52.223-14 [Reserved]

52.223-15 [Reserved]

52.223-21 [Reserved]

(DEVIATION DATE)

52.223-22 [Reserved]

(DEVIATION DATE)

52.223-23 Sustainable Products.

As prescribed in 23.108(a), insert the following clause:

SUSTAINABLE PRODUCTS (DEVIATION DATE)

(a) *Definitions.* As used in this clause—

Sustainable product means—

(1) A product that contains recovered material designated by the EPA under the Comprehensive Procurement Guidelines (42 U.S.C. 6962) (40 CFR part 247) (https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products).

(2) An energy-efficient product or low standby power device (42 U.S.C. 8259b) (10 CFR part 436, subpart C) (https://www.energy.gov/eere/femp/search-energy-efficient-products, https://www.energystar.gov/products?s=mega, and https://www.energy.gov/femp/low-standby-power-product-list).

(3) A biobased product that meets the content requirements of the USDA under the BioPreferred® program (7 U.S.C. 8102) (7 CFR Part 4270) (https://www.biopreferred.gov/).

(4) A substance identified in the EPA's Significant New Alternatives Policy (SNAP) program as a safe alternative to an ozone-depleting substance (42 U.S.C. 7671l) (40 CFR part 82, subpart G) (https://www.epa.gov/snap/unacceptable-and-acceptable-substitutes-tables).

(b) *Requirements*. The Government has identified in the statement of work or elsewhere in the contract the sustainable products that are required during the performance of this contract. The Contractor shall ensure that it provides sustainable products as required by this contract, when the products are—

(1) Delivered to the Government;

(2) Furnished for use by the Government;

(3) Incorporated into the construction of a public building or public work; or

(c) Furnished for use in performing services under this contract, where the cost of the products is a direct cost to this contract.

(End of clause)

52.224 [Reserved]

52.224-1 Privacy Act Notification.

As prescribed in 24.104, insert the following clause in solicitations and contracts:

PRIVACY ACT NOTIFICATION (APR 1984)

The Contractor will be required to design, develop, or operate a system of records on individuals, to accomplish an agency function subject to the Privacy Act of1974, Public Law93-579, December 31,1974 (5 U.S.C. 552a) and applicable agency regulations. Violation of the Act may involve the imposition of criminal penalties.

(End of clause)

52.224-2 Privacy Act.

As prescribed in 24.104, insert the following clause in solicitations and contracts:

PRIVACY ACT (APR 1984)

(a) The Contractor agrees to-

(1) Comply with the Privacy Act of1974 (the Act) and the agency rules and regulations issued under the Act in the design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies-

(i) The systems of records; and

(ii) The design, development, or operation work that the contractor is to perform;

(2) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the design, development, or operation of a system of records on individuals that is subject to the Act; and

(3) Include this clause, including this paragraph (3), in all subcontracts awarded under this contract which requires the design, development, or operation of such a system of records.

(b) In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a system of records on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation of a system of records on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a system of records on individuals to accomplish an agency function, the Contractor and any employee of the Contractor is considered to be an employee of the agency.

(c) (1) "Operation of a system of records," as used in this clause, means performance of any of the activities associated with maintaining the system of records, including the collection, use, and dissemination of records.

(2) "Record," as used in this clause, means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and that contains the person’s name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a fingerprint or voiceprint or a photograph.

(3) "System of records on individuals," as used in this clause, means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

(End of clause)

52.224-3 Privacy Training.

As prescribed in 24.302(a), insert the following clause:

PRIVACY TRAINING (JAN 2017)

(a) *Definition*. As used in this clause, "personally identifiable information" means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual. (See Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource).

(b) The Contractor shall ensure that initial privacy training, and annual privacy training thereafter, is completed by contractor employees who-

(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally identifiable information on behalf of an agency; or

(3) Design, develop, maintain, or operate a system of records (see also FAR subpart 24.3 and 39.105).

(c) (1) "Privacy training shall address the key elements necessary for ensuring the safeguarding of personally identifiable information or a system of records. The training shall be role-based, provide foundational as well as more advanced levels of training, and have measures in place to test the knowledge level of users. At a minimum, the privacy training shall cover-

(i) The provisions of the Privacy Act of 1974 (5 U.S.C. 552a), including penalties for violations of the Act;

(ii) The appropriate handling and safeguarding of personally identifiable information;

(iii) The authorized and official use of a system of records or any other personally identifiable information;

(iv) The restriction on the use of unauthorized equipment to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise access personally identifiable information;

(v) The prohibition against the unauthorized use of a system of records or unauthorized disclosure, access, handling, or use of personally identifiable information; and

(vi) The procedures to be followed in the event of a suspected or confirmed breach of a system of records or the unauthorized disclosure, access, handling, or use of personally identifiable information (see OMB guidance for Preparing for and Responding to a Breach of Personally Identifiable Information).

(2) Completion of an agency-developed or agency-conducted training course shall be deemed to satisfy these elements.

(d) The Contractor shall maintain and, upon request, provide documentation of completion of privacy training to the Contracting Officer.

(e) The Contractor shall not allow any employee access to a system of records, or permit any employee to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise handle personally identifiable information, or to design, develop, maintain, or operate a system of records unless the employee has completed privacy training, as required by this clause.

(f) The substance of this clause, including this paragraph (f), shall be included in all subcontracts under this contract, when subcontractor employees will-

(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally identifiable information; or

(3) Design, develop, maintain, or operate a system of records.

(End of clause)

Alternate I (JAN 2017). As prescribed in 24.302 (b), if the agency specifies that only its agency-provided training is acceptable, substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The contracting agency will provide initial privacy training, and annual privacy training thereafter, to Contractor employees for the duration of this contract.

52.225 [Reserved]

52.225-1 Buy American-Supplies

As prescribed in 25.601(a)(1)(i), insert the following clause:

BUY AMERICAN-SUPPLIES (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into an end product.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the end product.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105 .

Domestic end product means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured end product mined or produced in the United States;

(ii) An end product manufactured in the United States, if-

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind as those that the agency determines are not mined, produced, or manufactured in sufficient and reasonably available commercial quantities of a satisfactory quality are treated as domestic. Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all the components used in the end product. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the end product and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the definition of "cost of components".

End product means those articles, materials, and supplies to be acquired under the contract for public use.

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign end product means an end product other than a domestic end product.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) 41 U.S.C. chapter 83, Buy American, provides a preference for domestic end products for supplies acquired for use in the United States. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for an end product that is a COTS item, except that for an end product that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the end product, excluding COTS fasteners.

(c) Offerors may obtain from the Contracting Officer a list of foreign articles that the Contracting Officer will treat as domestic for this contract.

(d) The Contractor shall deliver only domestic end products except to the extent that it specified delivery of foreign end products in the provision of the solicitation entitled "Buy American Certificate."

(End of clause)

Alternate I (OCT 2022). As prescribed in 25.601(a)(1)(ii) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of “domestic end product” in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds __ percent of the cost of all its components. [*Contracting officer to insert the percentage.*]

52.225-2 Buy American Certificate.

As prescribed in 25.601(a)(2), insert the following provision:

BUY AMERICAN CERTIFICATE (OCT 2022)

(a) (1) The Offeror certifies that each end product, except those listed in paragraph (b) of this provision, is a domestic end product and that each domestic end product listed in paragraph (c) of this provision contains a critical component.

(2) The Offeror shall list as foreign end products those end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select “no”.

(3) The Offeror shall separately list the line item numbers of domestic end products that contain a critical component (see FAR 25.105).

(4) The terms “commercially available off-the-shelf (COTS) item,” “critical component,” "domestic end product," "end product," and "foreign end product" are defined in the clause of this solicitation entitled "Buy American-Supplies."

(b) Foreign End Products:

LINE ITEM NO.	COUNTRY OF ORIGIN	EXCEEDS 55% DOMESTIC CONTENT (YES/NO)
______	______	______
______	______	______
______	______	______

(b) [*List as necessary*]

(c) Domestic end products containing a critical component:

Line Item No. ___

[*List as necessary*]

(d) The Government will evaluate offers in accordance with the policies and procedures of part 25 of the Federal Acquisition Regulation.

(End of provision)

52.225-3 Buy American-Free Trade Agreements-Israeli Trade Act.

As prescribed in 25.601(b)(1)(i), insert the following clause:

BUY AMERICAN-FREE TRADE AGREEMENTS-ISRAELI TRADE ACT (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain, Morocco, Oman, Panama, or Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain, Morocco, Oman, Panama, or Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is-

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into an end product.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the end product.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Domestic end product means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both–

(i) An unmanufactured end product mined or produced in the United States;

(ii) An end product manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind as those that the agency determines are not mined, produced, or manufactured in sufficient and reasonably available commercial quantities of a satisfactory quality are treated as domestic. Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all the components used in the end product. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the

end product and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the definition of "cost of components".

End product means those articles, materials, and supplies to be acquired under the contract for public use.

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign end product means an end product other than a domestic end product.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Free Trade Agreement country means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore.

Free Trade Agreement country end product means an article that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Israeli end product means an article that—

(1) Is wholly the growth, product, or manufacture of Israel; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Israel into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) *Components of foreign origin*. Offerors may obtain from the Contracting Officer a list of foreign articles that the Contracting Officer will treat as domestic for this contract.

(c) *Delivery of end products*. 41 U.S.C. chapter 83, Buy American statute, provides a preference for domestic end products for supplies acquired for use in the United States. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for an end product that is a COTS item, except that for an end product that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the end product, excluding COTS fasteners. In addition, the Contracting Officer has determined that FTAs (except the Bahrain, Morocco, Oman, Panama, and Peru FTAs) and the Israeli Trade Act apply to this acquisition. Unless otherwise specified, these trade agreements apply to all items in the Schedule. The Contractor shall deliver under this contract only domestic end products except to the extent that, in its offer, it specified delivery of foreign end products in the provision entitled “Buy American—Free Trade Agreements—Israeli Trade Act Certificate.” If the Contractor specified in its offer that the Contractor would supply a Free Trade Agreement country end product (other than a Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product) or an Israeli end product, then the Contractor shall supply a Free Trade Agreement country end product (other than a Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product), an Israeli end product or, at the Contractor's option, a domestic end product.

(End of clause)

Alternate I [Reserved]

Alternate II (DEVIATION DATE). As prescribed in 25.601 (b)(1)(ii), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) *Delivery of end products*. 41 U.S.C. chapter 83 provides a preference for domestic end products for supplies acquired for use in the United States. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for an end product that is a COTS item (see 12.505(a)(1)), except that for an end product that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the end product, excluding COTS fasteners. In addition, the Contracting Officer has determined that the Israeli Trade Act applies to this acquisition. Unless otherwise specified, this trade agreement applies to all items in the Schedule. The Contractor shall deliver under this contract only domestic end products except to the extent that, in its offer, it specified delivery of foreign end products in the provision entitled “Buy American—Free Trade Agreements—Israeli Trade Act Certificate.” If the Contractor specified in its offer that the Contractor would supply an Israeli end product, then the Contractor shall supply an Israeli end product or, at the Contractor's option, a domestic end product.

Alternate III (DEVIATION DATE). As prescribed in 25.601 (b)(1)(iii), delete the definition of "Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product" and add in its place the following definition of "Korean end product" in paragraph (a) of the basic clause; and substitute the following paragraph (c) for paragraph (c) of the basic clause:

Korean end product means an article that—

(1) Is wholly the growth, product, or manufacture of Korea (Republic of); or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

(c) *Delivery of end products*. 41 U.S.C. chapter 83 provides a preference for domestic end products for supplies acquired for use in the United States. In accordance with 41 U.S.C.1907, the domestic content test of the Buy American statute is waived for an end product that is a COTS item, except that for an end product that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the end product, excluding COTS fasteners. In addition, the Contracting Officer has determined that the Korea (Republic of) FTA and the Israeli Trade Act apply to this acquisition. Unless otherwise specified, these trade agreements apply to all items in the Schedule. The Contractor shall deliver under this contract only domestic end products except to the extent that, in its offer, it specified delivery of foreign end products in the provision entitled “Buy American—Free Trade Agreements—Israeli Trade Act Certificate.” If the Contractor specified in its offer that the Contractor would supply a Korean end product or an Israeli end product, then the Contractor shall supply a Korean end product, an Israeli end product, or at the Contractor’s option, a domestic end product.

Alternate IV (Oct 2022). As prescribed in 25.601(b)(1)(iv) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of *domestic end product* in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds __ percent of the cost of all its components. [*Contracting officer to insert the percentage.*]

52.225-4 Buy American-Free Trade Agreements-Israeli Trade Act Certificate.

As prescribed in 25.601(b)(2)(i), insert the following provision:

BUY AMERICAN-FREE TRADE AGREEMENTS-ISRAELI TRADE ACT CERTIFICATE (DEVIATION DATE)

(a) (1) The Offeror certifies that each end product, except those listed in paragraph (b) or (c)(1) of this provision, is a domestic end product and that each domestic end product listed in paragraph (c)(2) of this provision contains a critical component.

(2) The terms "Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product," "commercially available off-the-shelf (COTS) item," "critical component," "domestic end product," "end product," "foreign end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "Israeli end product," and "United States" are defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act."

(b) The Offeror certifies that the following supplies are Free Trade Agreement country end products (other than Bahraini, Moroccan, Omani, Panamanian, or Peruvian end products) or Israeli end products as defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act":

FREE TRADE AGREEMENT COUNTRY END PRODUCTS (OTHER THAN BAHRAINI, MOROCCAN, OMANI, PANAMANIAN, OR PERUVIAN END PRODUCTS) OR ISRAELI END PRODUCTS:

LINE ITEM NO.	COUNTRY OF ORIGIN
______________	______________
______________	______________
______________	______________

[*List as necessary*]

(c) (1) The Offeror shall list those supplies that are foreign end products (other than those listed in paragraph (b) of this provision) as defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act."

OTHER FOREIGN END PRODUCTS:

LINE ITEM NO.	COUNTRY OF ORIGIN
______________	______________
______________	______________
______________	______________

[*List as necessary*]

(2) The Offeror shall list the line item numbers of domestic end products that contain a critical component (see FAR 25.105).

Line Item No. ___

[*List as necessary*]

(d) The Government will evaluate offers in accordance with the policies and procedures of part 25 of the Federal Acquisition Regulation.

(End of provision)

Alternate I [Reserved]

Alternate II (JAN 2025). As prescribed in 25.601(b)(2)(ii), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) The offeror certifies that the following supplies are Israeli end products as defined in the clause of this solicitation entitled “Buy American—Free Trade Agreements—Israeli Trade Act”.

ISRAELI END PRODUCTS:

LINE ITEM NO.

____

____

____

[*List as necessary*]

Alternate III (JAN 2025). As prescribed in 25.601(b)(2)(iii), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) The Offeror certifies that the following supplies are Korean end products or Israeli end products as defined in the clause of this solicitation entitled “Buy American—Free Trade Agreements—Israeli Trade Act”.

Korean End Products or Israeli End Products:

LINE ITEM NO.	COUNTRY OF ORIGIN

_______________ _______________

_______________ _______________

[List as necessary]

52.225-5 Trade Agreements.

As prescribed in 25.601(c)(1), insert the following clause:

TRADE AGREEMENTS (NOV 2023)

(a) *Definitions*. As used in this clause-

Caribbean Basin country end product—

(1) Means an article that-

(i) (A) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(B) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed; and

(ii) Is not excluded from duty-free treatment for Caribbean countries under 19 U.S.C.2703(b).

(A) For this reason, the following articles are not Caribbean Basin country end products:

(1) Tuna, prepared or preserved in any manner in airtight containers;

(2) Petroleum, or any product derived from petroleum;

(3) Watches and watch parts (including cases, bracelets, and straps) of whatever type including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the Harmonized Tariff Schedule of the United States (HTSUS) column 2 rates of duty apply (*i.e.,* Afghanistan, Cuba, Laos, North Korea, and Vietnam); and

(4) Certain of the following: textiles and apparel articles; footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel; or handloomed, handmade, and folklore articles;

(B) Access to the HTSUS to determine duty-free status of articles of these types is available at https://usitc.gov/tata/hts/index.htm. In particular, see the following:

(1) General Note 3(c), Products Eligible for Special Tariff treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries under the United States-Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits under the United States-Caribbean Basin Trade Partnership Act; and

(2) Refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the acquisition, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Designated country means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei)", Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea,

Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

Designated country end product means a WTO GPA country end product, an FTA country end product, a least developed country end product, or a Caribbean Basin country end product.

End product means those articles, materials, and supplies to be acquired under the contract for public use.

Free Trade Agreement country end product means an article that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an FTA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Least developed country end product means an article that-

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

United States means the 50 States, the District of Columbia, and outlying areas.

U.S.-made end product means an article that is mined, produced, or manufactured in the United States or that is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

WTO GPA country end product means an article that-

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services, (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

(b) *Delivery of end products*. The Contracting Officer has determined that the WTO GPA and FTAs apply to this acquisition. Unless otherwise specified, these trade agreements apply to all items in the Schedule. The Contractor shall deliver under this contract only U.S.-made or designated country end products except to the extent that, in its offer, it specified delivery of other end products in the provision entitled "Trade Agreements Certificate."

(End of clause)

52.225-6 Trade Agreements Certificate.

As prescribed in 25.601(c)(2), insert the following provision:

TRADE AGREEMENTS CERTIFICATE (FEB 2021)

(a) The offeror certifies that each end product, except those listed in paragraph (b) of this provision, is a U.S.-made or designated country end product, as defined in the clause of this solicitation entitled "Trade Agreements."

(b) The offeror shall list as other end products those supplies that are not U.S.-made or designated country end products.

Other End Products:

LINE ITEM NO.	COUNTRY OF ORIGIN
________________	___________________

______________ ______________

______________ ______________

[*List as necessary*]

(c) The Government will evaluate offers in accordance with the policies and procedures of part 25 of the Federal Acquisition Regulation. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for those products are insufficient to fulfill the requirements of this solicitation.

(End of provision)

52.225-7 Waiver of Buy American Statute for Civil Aircraft and Related Articles.

As prescribed in 25.601(d), insert the following provision:

WAIVER OF BUY AMERICAN STATUTE FOR CIVIL AIRCRAFT AND RELATED ARTICLES (FEB 2016)

(a) *Definition*. "Civil aircraft and related articles," as used in this provision, means-

(1) All aircraft other than aircraft to be purchased for use by the Department of Defense or the U.S. Coast Guard;

(2) The engines (and parts and components for incorporation into the engines) of these aircraft;

(3) Any other parts, components, and subassemblies for incorporation into the aircraft; and

(4) Any ground flight simulators, and parts and components of these simulators, for use with respect to the aircraft, whether to be used as original or replacement equipment in the manufacture, repair, maintenance, rebuilding, modification, or conversion of the aircraft, and without regard to whether the aircraft or articles receive duty-free treatment under section 601(a)(2) of the Trade Agreements Act.

(b) The U.S. Trade Representative has waived the Buy American statute for acquisitions of civil aircraft and related articles from countries that are parties to the Agreement on Trade in Civil Aircraft. Those countries are Albania, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Egypt, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Ireland, Italy, Japan, Latvia, Lithuania, Luxembourg, Macao China, Malta, Montenegro, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Taiwan (Chinese Taipei), and the United Kingdom.

(c) For the purpose of this waiver, an article is a product of a country only if-

(1) It is wholly the growth, product, or manufacture of that country; or

(2) In the case of an article that consists in whole or in part of materials from another country, it has been substantially transformed into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

(d) The waiver is subject to modification or withdrawal by the U.S. Trade Representative.

(End of provision)

52.225-8 Duty-Free Entry.

As prescribed in 25.904(e), insert the following clause:

DUTY-FREE ENTRY (OCT 2010)

(a) *Definition*. "Customs territory of the United States" means the States, the District of Columbia, and Puerto Rico.

(b) Except as otherwise approved by the Contracting Officer, the Contractor shall not include in the contract price any amount for duties on supplies specifically identified in the Schedule to be accorded duty-free entry.

(c) Except as provided in paragraph (d) of this clause or elsewhere in this contract, the following procedures apply to supplies not identified in the Schedule to be accorded duty-free entry:

(1) The Contractor shall notify the Contracting Officer in writing of any purchase of foreign supplies (including, without limitation, raw materials, components, and intermediate assemblies) in excess of $20,000 that are to be imported into the customs territory of the United States for delivery to the Government under this contract, either as end products or for incorporation into end products. The Contractor shall furnish the notice to the Contracting Officer at least 20 calendar days before the importation. The notice shall identify the-

(i) Foreign supplies;

(ii) Estimated amount of duty; and

(iii) Country of origin.

(2) The Contracting Officer will determine whether any of these supplies should be accorded duty-free entry and will notify the Contractor within 10 calendar days after receipt of the Contractor's notification.

(3) Except as otherwise approved by the Contracting Officer, the contract price shall be reduced by (or the allowable cost shall not include) the amount of duty that would be payable if the supplies were not entered duty-free.

(d) The Contractor is not required to provide the notification under paragraph (c) of this clause for purchases of foreign supplies if-

(1) The supplies are identical in nature to items purchased by the Contractor or any subcontractor in connection with its commercial business; and

(2) Segregation of these supplies to ensure use only on Government contracts containing duty-free entry provisions is not economical or feasible.

(e) The Contractor shall claim duty-free entry only for supplies to be delivered to the Government under this contract, either as end products or incorporated into end products, and shall pay duty on supplies, or any portion of them, other than scrap, salvage, or competitive sale authorized by the Contracting Officer, diverted to nongovernmental use.

(f) The Government will execute any required duty-free entry certificates for supplies to be accorded duty-free entry and will assist the Contractor in obtaining duty-free entry for these supplies.

(g) Shipping documents for supplies to be accorded duty-free entry shall consign the shipments to the contracting agency in care of the Contractor and shall include the-

(1) Delivery address of the Contractor (or contracting agency, if appropriate);

(2) Government prime contract number;

(3) Identification of carrier;

(4) Notation "UNITED STATES GOVERNMENT, _____ *[agency]* _____, Duty-free entry to be claimed pursuant to Item No(s) _____ *[from Tariff Schedules]* _____, Harmonized Tariff Schedules of the United States. Upon arrival of shipment at port of entry, District Director of Customs, please release shipment under 19 CFR part 142 and notify *[cognizant contract administration office]* for execution of Customs Forms 7501 and 7501-A and any required duty-free entry certificates.";

(5) Gross weight in pounds (if freight is based on space tonnage, state cubic feet in addition to gross shipping weight); and

(6) Estimated value in United States dollars.

(h) The Contractor shall instruct the foreign supplier to-

(1) Consign the shipment as specified in paragraph (g) of this clause;

(2) Mark all packages with the words "UNITED STATES GOVERNMENT" and the title of the contracting agency; and

(3) Include with the shipment at least two copies of the bill of lading (or other shipping document) for use by the District Director of Customs at the port of entry.

(i) The Contractor shall provide written notice to the cognizant contract administration office immediately after notification by the Contracting Officer that duty-free entry will be accorded foreign supplies or, for duty-free supplies identified in the Schedule, upon award by the Contractor to the overseas supplier. The notice shall identify the-

(1) Foreign supplies;

(2) Country of origin;

(3) Contract number; and

(4) Scheduled delivery date(s).

(j) The Contractor shall include the substance of this clause in any subcontract if-

(1) Supplies identified in the Schedule to be accorded duty-free entry will be imported into the customs territory of the United States; or

(2) Other foreign supplies in excess of $20,000 may be imported into the customs territory of the United States.

(End of clause)

52.225-9 Buy American-Construction Materials.

As prescribed in 25.602(a), insert the following clause:

BUY AMERICAN-CONSTRUCTION MATERIALS (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if–

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference. (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

____*[Contracting Officer to list applicable excepted materials or indicate "non"e]*

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components*.

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)*(2)* of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components*. *(1)* The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)*(2)* of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute. (1) (i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute or Balance of Payments Program.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars)*
Item 1:			
Foreign construction material.	_______	_______	_______
Domestic construction material.	_______	_______	_______
Item 2:			
Foreign construction material.	_______	_______	_______
Domestic construction material.	_______	_______	_______

[* *Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)*].

[*List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.*]

[*Include other applicable supporting information.*]

(End of clause)

Alternate I (OCT 2022). As prescribed in 25.602(a)(3) substitute the following sentence for the first sentence in paragraph (1)(ii)(A) of the definition of "domestic construction material" in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds __ percent of the cost of all its components. [*Contracting officer to insert the percentage.*]

52.225-10 Notice of Buy American Requirement-Construction Materials.

As prescribed in 25.602(b)(1), insert the following provision:

NOTICE OF BUY AMERICAN REQUIREMENT-CONSTRUCTION MATERIALS (MAY 2014)

(a) *Definitions*. "Commercially available off-the-shelf (COTS) item," "construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American-Construction Materials" (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) *Requests for determinations of inapplicability*. An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers. (1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at FAR 52.225-9.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers. (1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR 52.225-9 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested-

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

(End of provision)

Alternate I (MAY 2014). As prescribed in 25.602(b)(2), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) *Requests for determinations of inapplicability*. An offeror requesting a determination regarding the inapplicability of the Buy American statute shall submit the request with its offer, including the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9.

52.225-11 Buy American-Construction Materials under Trade Agreements.

As prescribed in 25.602(c), insert the following clause:

BUY AMERICAN-CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Caribbean Basin country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into a construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Designated country means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

Designated country construction material means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Free Trade Agreement country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

Least developed country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

WTO GPA country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) Construction materials. (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C.1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction material, excluding COTS fasteners. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American restrictions are waived for designated country construction materials.

(2) The Contractor shall use only domestic or designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

[Contracting Officer is to list applicable excepted materials or indicate "non"e]

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components*. *(1)* The cost of a particular domestic construction material subject to the restrictions of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) [Reserved]

(3) [Reserved]

(B) *For domestic construction material that is a critical item or contains critical components*. *(1)* The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) [Reserved]

(3) [Reserved]

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute. (1) (i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC CONSTRUCTION MATERIALS PRICE COMPARISON

Construction material description	Unit of measure	Quantity	Price (dollars)*
Item 1:			
Foreign construction material.	_______	_______	_______
Domestic construction material.	_______	_______	_______
Item 2:			
Foreign construction material.	_______	_______	_______
Domestic construction material.	_______	_______	_______

[* *Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued*)].

[*List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.*]

[*Include other applicable supporting information.*]

(End of clause)

Alternate I (DEVIATION DATE) . As prescribed in 25.602 (c)(3), add the following definition of "Bahraini, Mexican, or Omani construction material" to paragraph (a) of the basic clause, and substitute the following paragraphs (b)(1) and (b)(2) for paragraphs (b)(1) and (b)(2) of the basic clause:

"Bahraini, Mexican, or Omani construction material" means a construction material that-

(1) Is wholly the growth, product, or manufacture of Bahrain, Mexico, or Oman; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain, Mexico, or Oman into a new and different construction material distinct from the materials from which it was transformed.

(b) Construction materials. (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction material, excluding COTS fasteners. In addition, the Contracting Officer has determined that the WTO GPA and all the Free Trade Agreements except the Bahrain FTA, United States-Mexico-Canada Agreement, and the Oman FTA apply to this acquisition. Therefore, the Buy American statute restrictions are waived for designated country construction materials other than Bahraini, Mexican, or Omani construction materials.

(2) The Contractor shall use only domestic or designated country construction material other than Bahraini, Mexican, or Omani construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

Alternate II (OCT 2022). As prescribed in 25.602 (c)(4) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of *domestic construction material* in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds __ percent of the cost of all its components. [*Contracting officer to insert the percentage.*]

52.225-12 Notice of Buy American Requirement-Construction Materials Under Trade Agreements.

As prescribed in 25.602(d)(1), insert the following provision:

NOTICE OF BUY AMERICAN REQUIREMENT-CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (MAY 2014)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "construction material," "designated country construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American-Construction Materials Under Trade Agreements" (Federal Acquisition Regulation (FAR) clause 52.225-11).

(b) *Requests for determination of inapplicability*. An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of FAR clause 52.225-11 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers. (1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction materials, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(4)(i) of FAR clause 52.225-11.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers. (1) When an offer includes foreign construction material, other than designated country construction material, that is not listed by the Government in this solicitation in paragraph (b)(3) of FAR clause 52.225-11, the offeror also may submit an alternate offer based on use of equivalent domestic or designated country construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of FAR clause 52.225-11 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of FAR clause 52.225-11 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic or designated country construction material, and the offeror shall be required to furnish such domestic or designated country construction material. An offer based on use of the foreign construction material for which an exception was requested-

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

(End of provision)

Alternate I (MAY 2014*)*. As prescribed in 25.602(d)(2), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) *Requests for determination of inapplicability*. An offeror requesting a determination regarding the inapplicability of the Buy American statute shall submit the request with its offer, including the information and applicable supporting data required by paragraphs (c) and (d) of FAR clause 52.225-11.

Alternate II (NOV 2023). As prescribed in 25.602(d)(3), add the definition of "Bahraini, Mexican, or Omani construction material" to paragraph (a) and substitute the following paragraph (d) for paragraph (d) of the basic provision:

(d) *Alternate offers*. (1) When an offer includes foreign construction material, except foreign construction material from a designated country other than Bahrain, Mexico, or Oman that is not listed by the Government in this solicitation in paragraph (b)(3) of FAR clause 52.225-11, the offeror also may submit an alternate offer based on use of equivalent domestic or designated country construction material other than Bahraini, Mexican, or Omani construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of FAR clause 52.225-11 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of FAR clause 52.225-11 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic or designated country construction material other than Bahraini, Mexican, or Omani construction material. An offer based on use of the foreign construction material for which an exception was requested-

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

52.225-13 [Reserved]

(DEVIATION DATE)

52.225-14 Inconsistency between English Version and Translation of Contract.

As prescribed at 25.603, insert the following clause:

INCONSISTENCY BETWEEN ENGLISH VERSION AND TRANSLATION OF CONTRACT (FEB 2000)

In the event of inconsistency between any terms of this contract and any translation into another language, the English language meaning shall control.

(End of clause)

52.225-15 [Reserved]

52.225-16 [Reserved]

52.225-17 Evaluation of Foreign Currency Offers.

As prescribed in 25.1002-2, insert the following provision:

EVALUATION OF FOREIGN CURRENCY OFFERS (FEB 2000)

If the Government receives offers in more than one currency, the Government will evaluate offers by converting the foreign currency to United States currency using *[Contracting Officer to insert source of rate]* in effect as follows:

(a) For acquisitions conducted using sealed bidding procedures, on the date of bid opening.

(b) For acquisitions conducted using negotiation procedures-

(1) On the date specified for receipt of offers, if award is based on initial offers; otherwise

(2) On the date specified for receipt of proposal revisions.

(End of provision)

52.225-18 Place of Manufacture.

As prescribed in 25.601(f), insert the following provision:

PLACE OF MANUFACTURE (AUG 2018)

(a) *Definitions*. As used in this provision—

Manufactured end product means any end product in product and service codes (PSCs) 1000-9999, except-

(1) PSC 5510, Lumber and Related Basic Wood Materials;

(2) Product or Service Group (PSG) 87, Agricultural Supplies;

(3) PSG 88, Live Animals;

(4) PSG 89, Subsistence;

(5) PSC 9410, Crude Grades of Plant Materials;

(6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;

(7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;

(8) PSC 9610, Ores;

(9) PSC 9620, Minerals, Natural and Synthetic; and

(10) PSC 9630, Additive Metal Materials.

Place of manufacture means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

(b) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1) □ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) □ Outside the United States.

(End of provision)

52.225-19 Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission Outside the United States.

As prescribed in 25.701-4, insert the following clause:

CONTRACTOR PERSONNEL IN A DESIGNATED OPERATIONAL AREA OR SUPPORTING A DIPLOMATIC OR CONSULAR MISSION OUTSIDE THE UNITED STATES (MAY 2020)

(a) *Definitions*. As used in this clause-

Chief of mission means the principal officer in charge of a diplomatic mission of the United States or of a United States office abroad which is designated by the Secretary of State as diplomatic in nature, including any individual assigned under section 502(c) of the Foreign Service Act of 1980 (Pub. L. 96-465) to be temporarily in charge of such a mission or office.

Combatant commander means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

Designated operational area means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

"Supporting a diplomatic or consular mission" means performing outside the United States under a contract administered by Federal agency personnel who are subject to the direction of a chief of mission.

(b) *General*. (1) This clause applies when Contractor personnel are required to perform outside the United States-

(i) In a designated operational area during-

(A) Contingency operations;

(B) Humanitarian or peacekeeping operations; or

(C) Other military operations; or military exercises, when designated by the Combatant Commander; or

(ii) When supporting a diplomatic or consular mission-

(A) That has been designated by the Department of State as a danger pay post (see https://aoprals.state.gov/); or

(B) That the Contracting Officer has indicated is subject to this clause.

(2) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) Contractor personnel are civilians.

(i) Except as provided in paragraph (b)(3)(ii) of this clause, and in accordance with paragraph (i)(3) of this clause, Contractor personnel are only authorized to use deadly force in self-defense.

(ii) Contractor personnel performing security functions are also authorized to use deadly force when use of such force reasonably appears necessary to execute their security mission to protect assets/persons, consistent with the terms and conditions contained in the contract or with their job description and terms of employment.

(4) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support*. Unless specified elsewhere in the contract, the Contractor is responsible for all logistical and security support required for Contractor personnel engaged in this contract.

(d) *Compliance with laws and regulations*. The Contractor shall comply with, and shall ensure that its personnel in the designated operational area or supporting the diplomatic or consular mission are familiar with and comply with, all applicable-

(1) United States, host country, and third country national laws;

(2) Treaties and international agreements;

(3) United States regulations, directives, instructions, policies, and procedures; and

(4) Force protection, security, health, or safety orders, directives, and instructions issued by the Chief of Mission or the Combatant Commander; however, only the Contracting Officer is authorized to modify the terms and conditions of the contract.

(e) *Preliminary personnel requirements*. (1) Specific requirements for paragraphs (e)(2)(i) through (e)(2)(vi) of this clause will be set forth in the statement of work, or elsewhere in the contract.

(2) Before Contractor personnel depart from the United States or a third country, and before Contractor personnel residing in the host country begin contract performance in the designated operational area or supporting the diplomatic or consular mission, the Contractor shall ensure the following:

(i) All required security and background checks are complete and acceptable.

(ii) All personnel are medically and physically fit and have received all required vaccinations.

(iii) All personnel have all necessary passports, visas, entry permits, and other documents required for Contractor personnel to enter and exit the foreign country, including those required for in-transit countries.

(iv) All personnel have received-

(A) A country clearance or special area clearance, if required by the chief of mission; and

(B) Theater clearance, if required by the Combatant Commander.

(v) All personnel have received personal security training. The training must at a minimum-

(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract. Isolated personnel are military or civilian personnel separated from their unit or organization in an environment requiring them to survive, evade, or escape while awaiting rescue or recovery.

(vii) All personnel who are U.S. citizens are registered with the U.S. Embassy or Consulate with jurisdiction over the area of operations on-line at http://www.travel.state.gov.

(3) The Contractor shall notify all personnel who are not a host country national or ordinarily resident in the host country that-

(i) If this contract is with the Department of Defense, or the contract relates to supporting the mission of the Department of Defense outside the United States, such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States (see the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3261 *et seq*.);

(ii) Pursuant to the War Crimes Act, 18 U.S.C. 2441, Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the United States; and

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of United States diplomatic, consular, military or other United States Government missions outside the United States (18 U.S.C. 7(9)).

(f) *Processing and departure points*. The Contractor shall require its personnel who are arriving from outside the area of performance to perform in the designated operational area or supporting the diplomatic or consular mission to-

(1) Process through the departure center designated in the contract or complete another process as directed by the Contracting Officer;

(2) Use a specific point of departure and transportation mode as directed by the Contracting Officer; and

(3) Process through a reception center as designated by the Contracting Officer upon arrival at the place of performance.

(g) *Personnel data*. (1) Unless personnel data requirements are otherwise specified in the contract, the Contractor shall establish and maintain with the designated Government official a current list of all Contractor personnel in the areas of performance. The Contracting Officer will inform the Contractor of the Government official designated to receive this data and the appropriate system to use for this effort.

(2) The Contractor shall ensure that all employees on this list have a current record of emergency data, for notification of next of kin, on file with both the Contractor and the designated Government official.

(h) *Contractor personnel*. The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including termination for default or cause.

(i) *Weapons*. (1) If the Contracting Officer, subject to the approval of the Combatant Commander or the Chief of Mission, authorizes the carrying of weapons-

(i) The Contracting Officer may authorize an approved Contractor to issue Contractor-owned weapons and ammunition to specified employees; or

(ii) The________ *[Contracting Officer to specify individual, e.g., Contracting Officer Representative, Regional Security Officer, etc,]* may issue Government-furnished weapons and ammunition to the Contractor for issuance to specified Contractor employees.

(2) The Contractor shall provide to the Contracting Officer a specific list of personnel for whom authorization to carry a weapon is requested.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons-

(i) Are adequately trained to carry and use them-

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander or the Chief of Mission; and

(C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922; and

(iii) Adhere to all guidance and orders issued by the Combatant Commander or the Chief of Mission regarding possession, use, safety, and accountability of weapons and ammunition.

(4) Upon revocation by the Contracting Officer of the Contractor's authorization to possess weapons, the Contractor shall ensure that all Government-furnished weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(5) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(j) *Vehicle or equipment licenses*. Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the area of performance.

(k) *Military clothing and protective equipment*. (1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized by the Combatant Commander. If authorized to wear military clothing, Contractor personnel must wear distinctive patches, armbands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures.

(2) Contractor personnel may wear specific items required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(l) *Evacuation*. (1) If the Chief of Mission or Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide to United States and third country national Contractor personnel the level of assistance provided to private United States citizens.

(2) In the event of a non-mandatory evacuation order, the Contractor shall maintain personnel on location sufficient to meet contractual obligations unless instructed to evacuate by the Contracting Officer.

(m) *Personnel recovery*. (1) In the case of isolated, missing, detained, captured or abducted Contractor personnel, the Government will assist in personnel recovery actions.

(2) Personnel recovery may occur through military action, action by non-governmental organizations, other Government-approved action, diplomatic initiatives, or through any combination of these options.

(3) The Department of Defense has primary responsibility for recovering DoD contract service employees and, when requested, will provide personnel recovery support to other agencies in accordance with DoD Directive 2310.2, Personnel Recovery.

(n) *Notification and return of personal effects*. (1) The Contractor shall be responsible for notification of the employee-designated next of kin, and notification as soon as possible to the U.S. Consul responsible for the area in which the event occurred, if the employee-

(i) Dies;

(ii) Requires evacuation due to an injury; or

(iii) Is isolated, missing, detained, captured, or abducted.

(2) The Contractor shall also be responsible for the return of all personal effects of deceased or missing Contractor personnel, if appropriate, to next of kin.

(o) *Mortuary affairs*. Mortuary affairs for Contractor personnel who die in the area of performance will be handled as follows:

(1) If this contract was awarded by DoD, the remains of Contractor personnel will be handled in accordance with DoD Directive 1300.22, Mortuary Affairs Policy.

(2) (i) If this contract was awarded by an agency other than DoD, the Contractor is responsible for the return of the remains of Contractor personnel from the point of identification of the remains to the location specified by the employee or next of kin, as applicable, except as provided in paragraph (o)(2)(ii) of this clause.

(ii) In accordance with 10 U.S.C. 1486, the Department of Defense may provide, on a reimbursable basis, mortuary support for the disposition of remains and personal effects of all U.S. citizens upon the request of the Department of State.

(p) *Changes*. In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph shall be subject to the provisions of the Changes clause of this contract.

(q) *Subcontracts*. The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts that require subcontractor personnel to perform outside the United States-

(1) In a designated operational area during-

(i) Contingency operations;

(ii) Humanitarian or peacekeeping operations; or

(iii) Other military operations; or military exercises, when designated by the Combatant Commander; or

(2) When supporting a diplomatic or consular mission-

(i) That has been designated by the Department of State as a danger pay post (see https://aoprals.state.gov/); or

(ii) That the Contracting Officer has indicated is subject to this clause.

52.225-26 Contractors Performing Private Security Functions Outside the United States.

As prescribed in 25.702-6, insert the following clause:

CONTRACTORS PERFORMING PRIVATE SECURITY FUNCTIONS OUTSIDE THE UNITED STATES (OCT 2016)

(a) *Definitions*. As used in this clause-

Area of combat operations means an area of operations designated as such by the Secretary of Defense when enhanced coordination of contractors performing private security functions working for Government agencies is required

Full cooperation–

(1) Means disclosure to the Government of the information sufficient to identify the nature and extent of the incident and the individuals responsible for the conduct. It includes providing timely and complete responses to Government auditors' and investigators' requests for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require–

(i) The Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney-client privilege or Fifth Amendment rights; and

(3) Does not restrict the Contractor from–

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

Other significant military operations means activities, other than combat operations, as part of a contingency operation outside the United States that is carried out by United States Armed Forces in an uncontrolled or unpredictable high-threat environment where personnel performing security functions may be called upon to use deadly force.

Private security functions means activities engaged in by a Contractor, as follows:

(1) Guarding of personnel, facilities, designated sites, or property of a Federal agency, the Contractor or subcontractor, or a third party.

(2) Any other activity for which personnel are required to carry weapons in the performance of their duties in accordance with the terms of this contract.

(b) *Applicability.* If this contract is performed both in a designated area and in an area that is not designated, the clause only applies to performance in the following designated areas-

(1) Combat operations, as designated by the Secretary of Defense; or

(2) Other significant military operations, as designated by the Secretary of Defense, and only upon agreement of the Secretary of Defense and the Secretary of State.

(c) Requirements. The Contractor is required to-

(1) Ensure that all employees of the Contractor who are responsible for performing private security functions under this contract comply with 32 CFR part 159, and with any orders, directives, and instructions to Contractors performing private security functions that are identified in the contract for--

(i) Registering, processing, accounting for, managing, overseeing, and keeping appropriate records of personnel performing private security functions;

(ii) Authorizing and accounting for weapons to be carried by or available to be used by personnel performing private security functions;

(iii) Registering and identifying armored vehicles, helicopters, and other military vehicles operated by Contractors performing private security functions; and

(iv) Reporting incidents in which-

(A) A weapon is discharged by personnel performing private security functions;

(B) Personnel performing private security functions are attacked, killed, or injured;

(C) Persons are killed or injured or property is destroyed as a result of conduct by Contractor personnel;

(D) A weapon is discharged against personnel performing private security functions or personnel performing such functions believe a weapon was so discharged; or

(E) Active, non-lethal countermeasures (other than the discharge of a weapon) are employed by personnel performing private security functions in response to a perceived immediate threat;

(2) Ensure that the Contractor and all employees of the Contractor who are responsible for performing private security functions under this contract are briefed on and understand their obligation to comply with-

(i) Qualification, training, screening (including, if applicable, thorough background checks), and security requirements established by 32 CFR part 159, Private Security Contractors Operating in Contingency Operations;

(ii) Applicable laws and regulations of the United States and the host country and applicable treaties and international agreements regarding performance of private security functions;

(iii) Orders, directives, and instructions issued by the applicable commander of a combatant command or relevant Chief of Mission relating to weapons, equipment, force protection, security, health, safety, or relations and interaction with locals; and

(iv) Rules on the use of force issued by the applicable commander of a combatant command or relevant Chief of Mission for personnel performing private security functions; and

(3) Provide full cooperation with any Government-authorized investigation of incidents reported pursuant to paragraph (c)(1)(iv) of this clause and incidents of alleged misconduct by personnel performing private security functions under this contract by providing-

(i) Access to employees performing private security functions; and

(ii) Relevant information in the possession of the Contractor regarding the incident concerned.

(d) Remedies. In addition to other remedies available to the Government-

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor or subcontractor personnel performing private security functions who fail to comply with or violate applicable requirements of this clause or 32 CFR part 159. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract.

(2) The Contractor's failure to comply with the requirements of this clause will be included in appropriate databases of past performance and considered in any responsibility determination or evaluation of past performance; and

(3) If this is an award-fee contract, the Contractor's failure to comply with the requirements of this clause shall be considered in the evaluation of the Contractor's performance during the relevant evaluation period, and the Contracting Officer may treat such failure to comply as a basis for reducing or denying award fees for such period or for recovering all or part of award fees previously paid for such period.

(e) Rule of construction. The duty of the Contractor to comply with the requirements of this clause shall not be reduced or diminished by the failure of a higher- or lower-tier Contractor or subcontractor to comply with the clause requirements or by a failure of the contracting activity to provide required oversight.

(f) *Subcontracts*. The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts that will be performed outside the United States in areas of-

(1) Combat operations, as designated by the Secretary of Defense; or

(2) Other significant military operations, upon agreement of the Secretaries of Defense and State that the clause applies in that area.

(End of clause)

52.226 [Reserved]

52.226-1 Utilization of Indian Organizations and Indian-Owned Economic Enterprises.

As prescribed in 26.102-2 , insert the following clause:

UTILIZATION OF INDIAN ORGANIZATIONS AND INDIAN-OWNED ECONOMIC ENTERPRISES (DEVIATION DATE)

(a) *Definitions*. As used in this clause:

Indian means any person who is a member of any Indian tribe, band, group, pueblo, or community that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs (BIA) (see 25 U.S.C. 1452) and any "Native" as defined in the Alaska Native Claims Settlement Act (see 43 U.S.C. 1602).

Indian organization means the governing body of any Indian tribe or entity established or recognized by the governing body of an Indian tribe for the purposes of 25 U.S.C., chapter 17.

Indian-owned economic enterprise means any Indian-owned (as determined by the Secretary of the Interior) commercial, industrial, or business activity established or organized for the purpose of profit, provided that Indian ownership constitutes not less than 51 percent of the enterprise.

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act, that is recognized by the Federal Government as eligible for services from BIA. See 25 U.S.C. 1452.

Interested party means a prime contractor or an actual or prospective offeror whose direct economic interest would be affected by the award of a subcontract or by the failure to receive a subcontract.

(b) *Opportunity to participate in subcontracts*. The Contractor shall use its best efforts to give Indian organizations and Indian-owned economic enterprises maximum practicable opportunity to participate in the subcontracts it awards, while still efficiently performing its contract.

(1) The Contracting Officer and the Contractor may rely on the representation of an Indian organization or Indian-owned economic enterprise as to its own eligibility, unless an interested party challenges its status or the Contracting Officer has independent reason to question that status.

(2) If the representation of a subcontractor is challenged, the Contracting Officer will refer the matter to the U.S. Department of the Interior, Bureau of Indian Affairs (BIA), Acquisition Management Director (https://www.bia.gov/as-%20ia/ocfo/acquisitions).

(3) BIA will determine the eligibility and notify the Contracting Officer. The Contractor shall not make an incentive payment within 50 working days of subcontract award or while a challenge is pending. If a subcontractor is determined to be ineligible, the Contractor shall not make an incentive payment under the Indian Incentive Program.

(4) The Contractor may request an adjustment under the Indian Incentive Program to the following:

(i) The estimated cost of a cost-type prime contract.

(ii) The target cost of a cost-plus-incentive-fee prime contract.

(iii) The target cost and ceiling price of a fixed-price incentive prime contract.

(iv) The price of a firm-fixed-price prime contract.

(5) The amount of the adjustment to the prime contract is 5 percent of the estimated cost, target cost, or firm-fixed-price included in the subcontract first awarded to the Indian organization or Indian-owned economic enterprise.

(6) The Contractor must prove the amount claimed. They must request an adjustment before completing contract performance.

(c) *Incentive payment*. The Contracting Officer, subject to the terms and conditions of the contract and the availability of funds, will authorize an incentive payment of 5 percent of the amount paid to the subcontractor.

(End of clause)

52.226-2 Historically Black College or University and Minority Institution Representation.

As prescribed in 26.301-2, insert the following provision:

HISTORICALLY BLACK COLLEGE OR UNIVERSITY AND MINORITY INSTITUTION REPRESENTATION (OCT 2014)

(a) *Definitions*. As used in this provision—

Historically black college or university means an institution determined by the Secretary of Education to meet the requirements of 34 CFR 608.2.

Minority institution means an institution of higher education meeting the requirements of Section 365(3) of the Higher Education Act of1965 (20 U.S.C. 1067k), including a Hispanic-serving institution of higher education, as defined in Section502(a) of the Act (20 U.S.C. 1101a).

(b) *Representation*. The offeror represents that it—

□ is □ is not a historically black college or university;

□ is □ is not a minority institution.

(End of provision)

52.226-3 Disaster or Emergency Area Representation.

As prescribed in 26.202-3(a), insert the following provision:

DISASTER OR EMERGENCY AREA REPRESENTATION (NOV 2007)

(a) *Set-aside area.* The area covered in this contract is: ____ *[Contracting Officer to fill in with definite geographic boundaries.]*

(b) *Representations.* The offeror represents that it □ does □ does not reside or primarily do business in the set-aside area.

(c) An offeror is considered to be residing or primarily doing business in the set-aside area if, during the last twelve months-

(1) The offeror had its main operating office in the area; and

(2) That office generated at least half of the offeror's gross revenues and employed at least half of the offeror's permanent employees.

(d) If the offeror does not meet the criteria in paragraph (c) of this provision, factors to be considered in determining whether an offeror resides or primarily does business in the set-aside area include-

(1) Physical location(s) of the offeror's permanent office(s) and date any office in the set-aside area(s) was established;

(2) Current state licenses;

(3) Record of past work in the set-aside area(s) (*e.g.*, how much and for how long);

(4) Contractual history the offeror has had with subcontractors and/or suppliers in the set-aside area;

(5) Percentage of the offeror's gross revenues attributable to work performed in the set-aside area;

(6) Number of permanent employees the offeror employs in the set-aside area;

(7) Membership in local and state organizations in the set-aside area; and

(8) Other evidence that establishes the offeror resides or primarily does business in the set-aside area. For example, sole proprietorships may submit utility bills and bank statements.

(e) If the offeror represents it resides or primarily does business in the set-aside area, the offeror shall furnish documentation to support its representation if requested by the Contracting Officer. The solicitation may require the offeror to submit with its offer documentation to support the representation.

(End of provision)

52.226-4 Notice of Disaster or Emergency Area Set-Aside.

As prescribed in 26.202-3(b), insert the following clause:

NOTICE OF DISASTER OR EMERGENCY AREA SET-ASIDE (NOV 2007)

(a) *Set-aside area.* Offers are solicited only from businesses residing or primarily doing business in ____ *[Contracting Officer to fill in with definite geographic boundaries.]* Offers received from other businesses shall not be considered.

(b) This set-aside is in addition to any small business set-aside contained in this contract.

(End of clause)

52.226-5 Restrictions on Subcontracting Outside Disaster or Emergency Area.

As prescribed in 26.202-3(c), insert the following clause:

RESTRICTIONS ON SUBCONTRACTING OUTSIDE DISASTER OR EMERGENCY AREA (DEVIATION DATE)

(a) *Definitions.* The definitions of the following terms used in this clause are found in the Small Business Administration regulations at 13 CFR 125.6(e): cost of the contract, cost of contract performance incurred for personnel, cost of manufacturing, cost of materials, personnel, and subcontracting.

(b) The Contractor agrees that in performance of the contract in the case of a contract for-

(1) *Services (except construction)*. At least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the Contractor or employees of other businesses residing or primarily doing business in the area designated in the clause at FAR 52.226—4, Notice of Disaster or Emergency Area Set-Aside;

(2) *Supplies (other than procurement from a nonmanufacturer of such supplies)*. The Contractor or employees of other businesses residing or primarily doing business in the set-aside area shall perform work for at least 50 percent of the cost of manufacturing the supplies, not including the cost of materials;

(3) *General construction*. The Contractor will perform at least 15 percent of the cost of the contract, not including the cost of materials, with its own employees or employees of other businesses residing or primarily doing business in the set-aside area; or

(4) *Construction by special trade Contractors*. The Contractor will perform at least 25 percent of the cost of the contract, not including the cost of materials, with its own employees or employees of other businesses residing or primarily doing business in the set-aside area.

(End of clause)

52.226-6 Promoting Excess Food Donation to Nonprofit Organizations.

As prescribed in 26.402-2 , insert the following clause:

PROMOTING EXCESS FOOD DONATION TO NONPROFIT ORGANIZATIONS (DEVIATION DATE)

(a) *Definitions*. As used in this clause-

Apparently wholesome food means food that meets all quality and labeling standards imposed by Federal, State, and local laws and regulations even though the food may not be readily marketable due to appearance, age, freshness, grade, size, surplus, or other conditions.

Excess food means food that-

(1) Is not required to meet the needs of the agencies; and

(2) Would otherwise be discarded.

Food-insecure means inconsistent access to sufficient, safe, and nutritious food.

Nonprofit organization means any organization that is—

(1) Described in section 501(c) of the Internal Revenue Code of 1986; and

(2) Exempt from tax under section 501(a) of that Code.

(b) *Food donation*. The Contractor is encouraged to donate excess apparently wholesome food to nonprofit organizations that help food-insecure people in the United States, where practical and safe.

(c) *Costs*. (1) The Contractor, including any subcontractors, shall assume the responsibility for all the costs and logistics of collecting, transporting, maintaining the safety of, or distributing the excess, apparently wholesome food to the nonprofit organization(s) helping food-insecure people.

(2) Costs incurred for excess food donations are unallowable and, as such, the Contractor will not be reimbursed for any associated costs.

(d) *Liability*. The Government and the Contractor, including any subcontractors, shall be exempt from civil and criminal liability to the extent provided under the Bill Emerson Good Samaritan Food Donation Act (42 U.S.C. 1791). Nothing in this clause shall supersede State or local health regulations (subsection (f) of 42 U.S.C. 1791).

(End of clause)

52.226-7 Drug-Free Workplace.

As prescribed in 26.503-1, insert the following clause:

DRUG-FREE WORKPLACE (MAY 2024)

(a) *Definitions*. As used in this clause-

Controlled substance means a controlled substance in schedules I through V of section 202 of the Controlled Substances Act (21 U.S.C. 812) and as further defined in regulation at 21 CFR 1308.11 - 1308.15.

Conviction means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, possession, or use of any controlled substance.

Drug-free workplace means the site(s) for the performance of work done by the Contractor in connection with a specific contract where employees of the Contractor are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

Employee means an employee of a Contractor directly engaged in the performance of work under a Government contract. "Directly engaged" is defined to include all direct cost employees and any other Contractor employee who has other than a minimal impact or involvement in contract performance.

Individual means an offeror/contractor that has no more than one employee including the offeror/contractor.

(b) The Contractor, if other than an individual, shall-within 30 days after award (unless a longer period is agreed to in writing for contracts of 30 days or more performance duration), or as soon as possible for contracts of less than 30 days performance duration-

(1) Publish a statement notifying its employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the Contractor’s workplace and specifying the actions that will be taken against employees for violations of such prohibition;

(2) Establish an ongoing drug-free awareness program to inform such employees about-

(i) The dangers of drug abuse in the workplace;

(ii) The Contractor’s policy of maintaining a drug-free workplace;

(iii) Any available drug counseling, rehabilitation, and employee assistance programs; and

(iv) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(3) Provide all employees engaged in performance of the contract with a copy of the statement required by subparagraph (b)(1) of this clause;

(4) Notify such employees in writing in the statement required by subparagraph (b)(1) of this clause that, as a condition of continued employment on this contract, the employee will-

(i) Abide by the terms of the statement; and

(ii) Notify the employer in writing of the employee’s conviction under a criminal drug statute for a violation occurring in the workplace no later than 5 days after such conviction;

(5) Notify the Contracting Officer in writing within 10 days after receiving notice under subdivision (b)(4)(ii) of this clause, from an employee or otherwise receiving actual notice of such conviction. The notice shall include the position title of the employee;

(6) Within 30 days after receiving notice under subdivision (b)(4)(ii) of this clause of a conviction, take one of the following actions with respect to any employee who is convicted of a drug abuse violation occurring in the workplace:

(i) Taking appropriate personnel action against such employee, up to and including termination; or

(ii) Require such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency; and

(7) Make a good faith effort to maintain a drug-free workplace through implementation of subparagraphs (b)(1) through (b)(6) of this clause.

(c) The Contractor, if an individual, agrees by award of the contract or acceptance of a purchase order, not to engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance while performing this contract.

(d) In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraph (b) or (c) of this clause may, pursuant to FAR 26.505, render the Contractor subject to suspension of contract payments, termination of the contract for default, and suspension or debarment.

(End of clause)

52.226-8 Encouraging Contractor Policies to Ban Text Messaging While Driving.

As prescribed in 26.601-2, insert the following clause:

ENCOURAGING CONTRACTOR POLICIES TO BAN TEXT MESSAGING WHILE DRIVING (MAY 2024)

(a) *Definitions*. As used in this clause-

"Drivin"g–

(1) Means operating a motor vehicle on an active roadway with the motor running, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.

(2) Does not include operating a motor vehicle with or without the motor running when one has pulled over to the side of, or off, an active roadway and has halted in a location where one can safely remain stationary.

Text messaging means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. The term does not include glancing at or listening to a navigational device that is secured in a commercially designed holder affixed to the vehicle, provided that the destination and route are programmed into the device either before driving or while stopped in a location off the roadway where it is safe and legal to park.

(b) This clause implements Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, dated October 1, 2009.

(c) The Contractor is encouraged to-

(1) Adopt and enforce policies that ban text messaging while driving-

(i) Company-owned or rented vehicles or Government-owned vehicles; or

(ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(2) Conduct initiatives in a manner commensurate with the size of the business, such as-

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(d) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts that exceed the micro-purchase threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award.

(End of clause)

This page intentionally left blank.

52.227 [Reserved]

52.227-1 Authorization and Consent.

As prescribed in 27.201-2(a)(1), insert the following clause:

AUTHORIZATION AND CONSENT (JUN 2020)

(a) The Government authorizes and consents to all use and manufacture, in performing this contract or any subcontract at any tier, of any invention described in and covered by a United States patent-

(1) Embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract; or

(2) Used in machinery, tools, or methods whose use necessarily results from compliance by the Contractor or a subcontractor with (i) specifications or written provisions forming a part of this contract or (ii) specific written instructions given by the Contracting Officer directing the manner of performance. The entire liability to the Government for infringement of a United States patent shall be determined solely by the provisions of the indemnity clause, if any, included in this contract or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent herein above granted.

(b) The Contractor shall include the substance of this clause, including this paragraph (b), in all subcontracts that are expected to exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award. However, omission of this clause from any subcontract, including those at or below the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, does not affect this authorization and consent.

(End of clause)

Alternate I (APR 1984). As prescribed in 27.201-2 (a)(2), substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) The Government authorizes and consents to all use and manufacture of any invention described in and covered by a United States patent in the performance of this contract or any subcontract at any tier.

Alternate II (APR 1984). As prescribed in 27.201-2 (a)(3), substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) The Government authorizes and consents to all use and manufacture in the performance of any order at any tier or subcontract at any tier placed under this contract for communication services and facilities for which rates, charges, and tariffs are *not* established by a government regulatory body, of any invention described in and covered by a United States patent-

(1) Embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract; or

(2) Used in machinery, tools, or methods whose use necessarily results from compliance by the Contractor or a subcontractor with specifications or written provisions forming a part of this contract or with specific written instructions given by the Contracting Officer directing the manner of performance.

52.227-2 Notice and Assistance Regarding Patent and Copyright Infringement.

As prescribed in 27.201-2(b), insert the following clause:

NOTICE AND ASSISTANCE REGARDING PATENT AND COPYRIGHT INFRINGEMENT (JUN 2020)

(a) The Contractor shall report to the Contracting Officer, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this contract of which the Contractor has knowledge.

(b) In the event of any claim or suit against the Government on account of any alleged patent or copyright infringement arising out of the performance of this contract or out of the use of any supplies furnished or work or services performed under this contract, the Contractor shall furnish to the Government, when requested by the Contracting Officer, all evidence and information in the Contractor's possession pertaining to such claim or suit. Such evidence and information shall be furnished at the expense of the Government except where the Contractor has agreed to indemnify the Government.

(c) The Contractor shall include the substance of this clause, including this paragraph (c), in all subcontracts that are expected to exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award.

(End of clause)

52.227-3 Patent Indemnity.

As prescribed in 27.201-2(c)(1), insert the following clause:

PATENT INDEMNITY (APR 1984)

(a) The Contractor shall indemnify the Government and its officers, agents, and employees against liability, including costs, for infringement of any United States patent (except a patent issued upon an application that is now or may hereafter be withheld from issue pursuant to a Secrecy Order under 35 U.S.C. 181) arising out of the manufacture or delivery of supplies, the performance of services, or the construction, alteration, modification, or repair of real property (hereinafter referred to as "construction work") under this contract, or out of the use or disposal by or for the account of the Government of such supplies or construction work.

(b) This indemnity shall not apply unless the Contractor shall have been informed as soon as practicable by the Government of the suit or action alleging such infringement and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in its defense. Further, this indemnity shall not apply to—

(1) An infringement resulting from compliance with specific written instructions of the Contracting Officer directing a change in the supplies to be delivered or in the materials or equipment to be used, or directing a manner of performance of the contract not normally used by the Contractor;

(2) An infringement resulting from addition to or change in supplies or components furnished or construction work performed that was made subsequent to delivery or performance; or

(3) A claimed infringement that is unreasonably settled without the consent of the Contractor, unless required by final decree of a court of competent jurisdiction.

(End of clause)

Alternate I (APR 1984). As prescribed in 27.201-2 (c)(2), add the following paragraph (c) to the basic clause:

(c) This patent indemnification shall not apply to the following items:

____ *[Contracting Officer list and/or identify the items to be excluded from this indemnity.]*

Alternate II (APR 1984). As prescribed in 27.201-2 (c)(2), add the following paragraph (c) to the basic clause:

(c) This patent indemnification shall cover the following items:

____ *[List or identify the items to be included under this indemnity.]*

Alternate III (JUN 2020). As prescribed in 27.201-2 (c)(3), add the following paragraph to the basic clause:

As to subcontracts at any tier for communication service, this clause shall apply only to individual communication service authorizations over the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award, issued under this contract and covering those communications services and facilities-

(1) That are or have been sold or offered for sale by the Contractor to the public,

(2) That can be provided over commercially available equipment, or

(3) That involve relatively minor modifications.

52.227-4 Patent Indemnity-Construction Contracts.

As prescribed in 27.201-2(d)(1), insert the following clause:

PATENT INDEMNITY-CONSTRUCTION CONTRACTS (DEC 2007)

Except as otherwise provided, the Contractor shall indemnify the Government and its officers, agents, and employees against liability, including costs and expenses, for infringement of any United States patent (except a patent issued upon an application that is now or may hereafter be withheld from issue pursuant to a Secrecy Order under 35 U.S.C. 181) arising out of performing this contract or out of the use or disposal by or for the account of the Government of supplies furnished or work performed under this contract.

(End of clause)

Alternate I (DEC 2007). As prescribed in 27.201-2 (d)(2), designate the first paragraph of the basic clause as paragraph (a) and add the following paragraph (b) to the basic clause:

(b) This patent indemnification shall not apply to the following items:

____ *[Contracting Officer list the items to be excluded.]*

52.227-5 Waiver of Indemnity.

As prescribed in 27.201-2(e), insert the following clause:

WAIVER OF INDEMNITY (APR 1984)

Any provision or clause of this contract to the contrary notwithstanding, the Government hereby authorizes and consents to the use and manufacture, solely in performing this contract, of any invention covered by the United States patents identified below and waives indemnification by the Contractor with respect to such patents:

____ *[Contracting Officer identify the patents by number or by other means if more appropriate.]*

(End of clause)

52.227-6 Royalty Information.

As prescribed in 27.202-5(a)(1), insert the following provision:

ROYALTY INFORMATION (APR 1984)

(a) *Cost or charges for royalties*. When the response to this solicitation contains costs or charges for royalties totaling more than $250, the following information shall be included in the response relating to each separate item of royalty or license fee:

(1) Name and address of licensor.

(2) Date of license agreement.

(3) Patent numbers, patent application serial numbers, or other basis on which the royalty is payable.

(4) Brief description, including any part or model numbers of each contract item or component on which the royalty is payable.

(5) Percentage or dollar rate of royalty per unit.

(6) Unit price of contract item.

(7) Number of units.

(8) Total dollar amount of royalties.

(b) *Copies of current licenses*. In addition, if specifically requested by the Contracting Officer before execution of the contract, the offeror shall furnish a copy of the current license agreement and an identification of applicable claims of specific patents.

(End of provision)

Alternate I (APR 1984). As prescribed in 27.202-5 (a)(2), substitute the following for the introductory portion of paragraph (a) of the basic provision:

When the response to this solicitation covers charges for special construction or special assembly that contain costs or charges for royalties totaling more than $250, the following information shall be included in the response relating to each separate item of royalty or license fee:

52.227-7 [Reserved]

(DEVIATION DATE)

52.227-8 [Reserved]

52.227-9 Refund of Royalties.

As prescribed in 27.202-5(c), insert the following clause:

REFUND OF ROYALTIES (APR 1984)

(a) The contract price includes certain amounts for royalties payable by the Contractor or subcontractors or both, which amounts have been reported to the Contracting Officer.

(b) The term "royalties" as used in this clause refers to any costs or charges in the nature of royalties, license fees, patent or license amortization costs, or the like, for the use of or for rights in patents and patent applications in connection with performing this contract or any subcontract hereunder.

(c) The Contractor shall furnish to the Contracting Officer, before final payment under this contract, a statement of royalties paid or required to be paid in connection with performing this contract and subcontracts hereunder together with the reasons.

(d) The Contractor will be compensated for royalties reported under paragraph (c) of this clause, only to the extent that such royalties were included in the contract price and are determined by the Contracting Officer to be properly chargeable to the Government and allocable to the contract. To the extent that any royalties that are included in the contract price are not in fact paid by the Contractor or are determined by the Contracting Officer not to be properly chargeable to the Government and allocable to the contract, the contract price shall be reduced. Repayment or credit to the Government shall be made as the Contracting Officer directs.

(e) If, at any time within 3 years after final payment under this contract, the Contractor for any reason is relieved in whole or in part from the payment of the royalties included in the final contract price as adjusted pursuant to paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer of that fact and shall reimburse the Government in a corresponding amount.

(f) The substance of this clause, including this paragraph (f), shall be included in any subcontract in which the amount of royalties reported during negotiation of the subcontract exceeds $250.

(End of clause)

52.227-10 Filing of Patent Applications-Classified Subject Matter.

As prescribed at 27.203-2 , insert the following clause:

FILING OF PATENT APPLICATIONS-CLASSIFIED SUBJECT MATTER (DEC 2007)

(a) Before filing or causing to be filed a patent application in the United States disclosing any subject matter of this contract classified "Secret" or higher, the Contractor shall, citing the 30-day provision below, transmit the proposed application to the Contracting Officer. The Government shall determine whether, for reasons of national security, the application should be placed under an order of secrecy, sealed in accordance with the provision of 35 U.S.C. 181-188, or the issuance of a patent otherwise delayed under pertinent United States statutes or regulations. The Contractor shall observe any instructions of the Contracting Officer regarding the manner of delivery of the patent application to the United States Patent Office, but the Contractor shall not be denied the right to file the application. If the Contracting Officer shall not have given any such instructions within 30 days from the date of mailing or other transmittal of the proposed application, the Contractor may file the application.

(b) Before filing a patent application in the United States disclosing any subject matter of this contract classified "Confidential," the Contractor shall furnish to the Contracting Officer a copy of the application for Government determination whether, for reasons of national security, the application should be placed under an order of secrecy or the issuance of a patent should be otherwise delayed under pertinent United States statutes or regulations.

(c) Where the subject matter of this contract is classified for reasons of security, the Contractor shall not file, or cause to be filed, in any country other than in the United States as provided in paragraphs (a) and (b) of this clause, an application or registration for a patent containing any of the subject matter of this contract without first obtaining written approval of the Contracting Officer.

(d) When filing any patent application coming within the scope of this clause, the Contractor shall observe all applicable security regulations covering the transmission of classified subject matter and shall promptly furnish to the Contracting Officer the serial number, filing date, and name of the country of any such application. When transmitting the application to the United States Patent Office, the Contractor shall by separate letter identify by agency and number the contract or contracts that require security classification markings to be placed on the application.

(e) The Contractor shall include the substance of this clause, including this paragraph (e), in all subcontracts that cover or are likely to cover classified subject matter.

(End of clause)

52.227-11 Patent Rights-Ownership by the Contractor.

As prescribed in 27.303(b)(1), insert the following clause:

PATENT RIGHTS-OWNERSHIP BY THE CONTRACTOR (MAY 2014)

(a) As used in this clause-

Invention means any invention or discovery that is or may be patentable or otherwise protectable under title 35 of the U.S. Code, or any variety of plant that is or may be protectable under the Plant Variety Protection Act (7 U.S.C. 2321, *et seq*.)

Made means-

(1) When used in relation to any invention other than a plant variety, the conception or first actual reduction to practice of the invention; or

(2) When used in relation to a plant variety, that the Contractor has at least tentatively determined that the variety has been reproduced with recognized characteristics.

Nonprofit organization means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c)) and exempt from taxation under section 501(a) of the Internal Revenue Code (26 U.S.C. 501(a)), or any nonprofit scientific or educational organization qualified under a State nonprofit organization statute.

"Practical application" means to manufacture, in the case of a composition of product; to practice, in the case of a process or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

Subject invention means any invention of the Contractor made in the performance of work under this contract.

(b) *Contractor's rights.* (1) *Ownership*. The Contractor may retain ownership of each subject invention throughout the world in accordance with the provisions of this clause.

(2) *License.* (i) The Contractor shall retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, unless the Contractor fails to disclose the invention within the times specified in paragraph (c) of this clause. The Contractor's license extends to any domestic subsidiaries and affiliates within the corporate structure of which the Contractor is a part, and includes the right to grant sublicenses to the extent the Contractor was legally obligated to do so at contract award. The license is transferable only with the written approval of the agency, except when transferred to the successor of that part of the Contractor's business to which the invention pertains.

(ii) The Contractor's license may be revoked or modified by the agency to the extent necessary to achieve expeditious practical application of the subject invention in a particular country in accordance with the procedures in FAR 27.302(i)(2) and 27.304-1(f).

(c) *Contractor's obligations.* (1) The Contractor shall disclose in writing each subject invention to the Contracting Officer within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters. The disclosure shall identify the inventor(s) and this contract under which the subject invention was made. It shall be sufficiently complete in technical detail to convey a clear understanding of the subject invention. The disclosure shall also identify any publication, on sale (*i.e.*, sale or offer for sale), or public use of the subject invention, or whether a manuscript describing the subject invention has been submitted for publication and, if so, whether it has been accepted for publication. In addition, after disclosure to the agency, the Contractor shall promptly notify the Contracting Officer of the acceptance of any manuscript describing the subject invention for publication and any on sale or public use.

(2) The Contractor shall elect in writing whether or not to retain ownership of any subject invention by notifying the Contracting Officer within 2 years of disclosure to the agency. However, in any case where publication, on sale, or public use has initiated the 1-year statutory period during which valid patent protection can be obtained in the United States, the period for election of title may be shortened by the agency to a date that is no more than 60 days prior to the end of the statutory period.

(3) The Contractor shall file either a provisional or a nonprovisional patent application or a Plant Variety Protection Application on an elected subject invention within 1 year after election. However, in any case where a publication, on sale, or public use has initiated the 1-year statutory period during which valid patent protection can be obtained in the United States, the Contractor shall file the application prior to the end of that statutory period. If the Contractor files a provisional application, it shall file a nonprovisional application within 10 months of the filing of the provisional application. The Contractor shall file patent applications in additional countries or international patent offices within either 10 months of the first filed patent application (whether provisional or nonprovisional) or 6 months from the date permission is granted by the Commissioner of Patents to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) The Contractor may request extensions of time for disclosure, election, or filing under paragraphs (c)(1), (c)(2), and (c)(3) of this clause.

(d) *Government's rights*- (1) *Ownership.* The Contractor shall assign to the agency, on written request, title to any subject invention-

(i) If the Contractor fails to disclose or elect ownership to the subject invention within the times specified in paragraph (c) of this clause, or elects not to retain ownership; provided, that the agency may request title only within 60 days after learning of the Contractor's failure to disclose or elect within the specified times.

(ii) In those countries in which the Contractor fails to file patent applications within the times specified in paragraph (c) of this clause; provided, however, that if the Contractor has filed a patent application in a country after the times specified in paragraph (c) of this clause, but prior to its receipt of the written request of the agency, the Contractor shall continue to retain ownership in that country.

(iii) In any country in which the Contractor decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

(2) *License.* If the Contractor retains ownership of any subject invention, the Government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice, or have practiced for or on its behalf, the subject invention throughout the world.

(e) *Contractor action to protect the Government's interest.* (1) The Contractor shall execute or have executed and promptly deliver to the agency all instruments necessary to-

(i) Establish or confirm the rights the Government has throughout the world in those subject inventions in which the Contractor elects to retain ownership; and

(ii) Assign title to the agency when requested under paragraph (d) of this clause and to enable the Government to obtain patent protection and plant variety protection for that subject invention in any country.

(2) The Contractor shall require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in the Contractor's format, each subject invention in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. The disclosure format should require, as a minimum, the information required by paragraph (c)(1) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, as to the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The Contractor shall notify the Contracting Officer of any decisions not to file a nonprovisional patent application, continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than 30 days before the expiration of the response or filing period required by the relevant patent office.

(4) The Contractor shall include, within the specification of any United States nonprovisional patent or plant variety protection application and any patent or plant variety protection certificate issuing thereon covering a subject invention, the following statement, "This invention was made with Government support under (identify the contract) awarded by (identify the agency). The Government has certain rights in the invention."

(f) *Reporting on utilization of subject inventions*. The Contractor shall submit, on request, periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining utilization of the subject invention that are being made by the Contractor or its licensees or assignees. The reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and other data and information as the agency may reasonably specify. The Contractor also shall provide additional reports as may be requested by the agency in connection with any march-in proceeding undertaken by the agency in accordance with paragraph (h) of this clause. The Contractor also shall mark any utilization report as confidential/proprietary to help prevent inadvertent release outside the Government. As required by 35 U.S.C. 202(c)(5), the agency will not disclose that information to persons outside the Government without the Contractor's permission.

(g) *Preference for United States industry.* Notwithstanding any other provision of this clause, neither the Contractor nor any assignee shall grant to any person the exclusive right to use or sell any subject invention in the United States unless the person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for an agreement may be waived by the agency upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States, or that under the circumstances domestic manufacture is not commercially feasible.

(h) *March-in rights.* The Contractor acknowledges that, with respect to any subject invention in which it has retained ownership, the agency has the right to require licensing pursuant to 35 U.S.C. 203 and 210(c), and in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the agency in effect on the date of contract award.

(i) Special provisions for contracts with nonprofit organizations. If the Contractor is a nonprofit organization, it shall-

(1) Not assign rights to a subject invention in the United States without the written approval of the agency, except where an assignment is made to an organization that has as one of its primary functions the management of inventions, *provided*, that the assignee shall be subject to the same provisions as the Contractor;

(2) Share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (but through their agency if the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) Use the balance of any royalties or income earned by the Contractor with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions for the support of scientific research or education; and

(4) Make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business concerns, and give a preference to a small business concern when licensing a subject invention if the Contractor determines that the small business concern has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business concerns; *provided*, that the Contractor is also satisfied that the small business concern has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the Contractor.

(5) Allow the Secretary of Commerce to review the Contractor's licensing program and decisions regarding small business applicants, and negotiate changes to its licensing policies, procedures, or practices with the Secretary of Commerce when the Secretary's review discloses that the Contractor could take reasonable steps to more effectively implement the requirements of paragraph (i)(4) of this clause.

(j) *Communications. [Complete according to agency instructions.]*

(k) *Subcontracts.* (1) The Contractor shall include the substance of this clause, including this paragraph (k), in all subcontracts for experimental, developmental, or research work to be performed by a small business concern or nonprofit organization.

(2) The Contractor shall include in all other subcontracts for experimental, developmental, or research work the substance of the patent rights clause required by FAR subpart 27.3.

(3) At all tiers, the patent rights clause must be modified to identify the parties as follows: references to the Government are not changed, and the subcontractor has all rights and obligations of the Contractor in the clause. The

Contractor shall not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(4) In subcontracts, at any tier, the agency, the subcontractor, and the Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and the agency with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes statute in connection with proceedings under paragraph (h) of this clause.

(End of clause)

Alternate I (JUN 1989). As prescribed in 27.303 (b)(3), add the following sentence at the end of paragraph (d)(2) of the basic clause:

The license shall include the right of the Government to sublicense foreign governments, their nationals and international organizations pursuant to the following treaties or international agreements: _______*

[**Contracting Officer complete with the names of applicable existing treaties or international agreements. The above language is not intended to apply to treaties or agreements that are in effect on the date of the award but are not listed.*]

Alternate II (DEC 2007). As prescribed in 27.303 (b)(4), add the following sentence at the end of paragraph (d)(2) of the basic clause:

The agency reserves the right to unilaterally amend this contract to identify specific treaties or international agreements entered into by the Government before or after the effective date of the contract and effectuate those license or other rights that are necessary for the Government to meet its obligations to foreign governments, their nationals, and international organizations under the treaties or international agreements with respect to subject inventions made after the date of the amendment.

Alternate III (JUN 1989). As prescribed in 27.303 (b)(5), substitute the following paragraph (i)(3) in place of paragraph (i)(3) of the basic clause:

(3) After payment of patenting costs, licensing costs, payments to inventors, and other expenses incidental to the administration of subject inventions, the balance of any royalties or income earned and retained by the Contractor during any fiscal year on subject inventions under this or any successor contract containing the same requirement, up to any amount equal to 5 percent of the budget of the facility for that fiscal year, shall be used by the Contractor for the scientific research, development, and education consistent with the research and development mission and objectives of the facility, including activities that increase the licensing potential of other inventions of the facility. If the balance exceeds 5 percent, 75 percent of the excess above 5 percent shall be paid by the Contractor to the Treasury of the United States and the remaining 25 percent shall be used by the Contractor only for the same purposes as described above. To the extent it provides the most effective technology transfer, the licensing of subject inventions shall be administered by Contractor employees on location at the facility.

Alternate IV (JUN 1989). As prescribed in 27.303 (b)(6), include the following paragraph (e)(5) in paragraph (e) of the basic clause:

(5) The Contractor shall establish and maintain active and effective procedures to ensure that subject inventions are promptly identified and timely disclosed, and shall submit a description of the procedures to the Contracting Officer so that the Contracting Officer may evaluate and determine their effectiveness.

Alternate V (DEC 2007). As prescribed in 27.303 (b)(7), include the following paragraph (d)(3) in paragraph (d) of the basic clause:

(d)(3) *CRADA licensing.* If the Contractor performs services at a Government owned and operated laboratory or at a Government owned and Contractor operated laboratory directed by the Government to fulfill the Government's obligations under a Cooperative Research and Development Agreement (CRADA) authorized by 15 U.S.C. 3710a, the Government may require the Contractor to negotiate an agreement with the CRADA collaborating party or parties regarding the allocation of rights to any subject invention the Contractor makes, solely or jointly, under the CRADA. The agreement shall be negotiated prior to the Contractor undertaking the CRADA work or, with the permission of the Government, upon the identification of a subject invention. In the absence of such an agreement, the Contractor agrees to grant the collaborating party or parties an option for a license in its inventions of the same scope and terms set forth in the CRADA for inventions made by the Government.

52.227-12 [Reserved]

52.227-13 Patent Rights-Ownership by the Government.

As prescribed at 27.303(e), insert the following clause:

PATENT RIGHTS-OWNERSHIP BY THE GOVERNMENT (DEC 2007)

(a) *Definitions.* As used in this clause-

Invention means any invention or discovery that is or may be patentable or otherwise protectable under title 35 of the U.S. Code or any variety of plant that is or may be protectable under the Plant Variety Protection Act (7 U.S.C. 2321, *et seq.*)

Made means-

(1) When used in relation to any invention other than a plant variety, means the conception or first actual reduction to practice of the invention; or

(2) When used in relation to a plant variety, means that the Contractor has at least tentatively determined that the variety has been reproduced with recognized characteristics.

Practical application means to manufacture, in the case of a composition or product; to practice, in the case of a process or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

Subject invention means any invention of the Contractor made in the performance of work under this contract.

(b) *Ownership.* (1) *Assignment to the Government.* The Contractor shall assign to the Government title throughout the world to each subject invention, except to the extent that rights are retained under paragraphs (b)(2) and (d) of this clause.

(2) *Greater rights determinations.* (i) The Contractor, or an employee-inventor after consultation with the Contractor, may request greater rights than the nonexclusive license provided in paragraph (d) of this clause. The request for a greater rights must be submitted to the Contracting Officer at the time of the first disclosure of the subject invention pursuant to paragraph (e)(2) of this clause, or not later than 8 months thereafter, unless a longer period is authorized in writing by the Contracting Officer for good cause shown in writing by the Contractor. Each determination of greater rights under this contract normally shall be subject to paragraph (c) of this clause, and to the reservations and conditions deemed to be appropriate by the agency.

(ii) Upon request, the Contractor shall provide the filing date, serial number and title, a copy of the patent application (including an English-language version if filed in a language other than English), and patent number and issue date for any subject invention in any country for which the Contractor has retained title.

(iii) Upon request, the Contractor shall furnish the agency an irrevocable power to inspect and make copies of the patent application file.

(c) *Minimum rights acquired by the Government.* (1) Regarding each subject invention to which the Contractor retains ownership, the Contractor agrees as follows:

(i) The Government will have a nonexclusive, nontransferable, irrevocable, paid-up license to practice, or have practiced for or on its behalf, the subject invention throughout the world.

(ii) The agency has the right to require licensing pursuant to 35 U.S.C. 203 and 210(c) and in accordance with the procedures set forth in 37 CFR 401.6 and any supplemental regulations of the agency in effect on the date of the contract award.

(iii) Upon request, the Contractor shall submit periodic reports no more frequently than annually on the utilization, or efforts to obtain utilization, of a subject invention by the Contractor or its licensees or assignees. The reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and any other data and information as the agency may reasonably specify. The Contractor also shall provide additional reports as may be requested by the agency in connection with any march-in proceedings undertaken by the agency in accordance with paragraph (c)(1)(ii) of this clause. To the extent data or information supplied under this section is considered by the Contractor, or its licensees, or assignees to be privileged and confidential and is so marked, the agency, to the extent permitted by law, will not disclose such information to persons outside the Government.

(iv) When licensing a subject invention, the Contractor shall-

(A) Ensure that no royalties are charged on acquisitions involving Government funds, including funds derived through a Military Assistance Program of the Government or otherwise derived through the Government;

(B) Refund any amounts received as royalty charges on a subject invention in acquisitions for, or on behalf of, the Government;

(C) Provide for this refund in any instrument transferring rights in the subject invention to any party.

(v) When transferring rights in a subject invention, the Contractor shall provide for the Government's rights set forth in paragraphs (c)(1)(i) through (c)(1)(iv) of this clause.

(2) Nothing contained in paragraph (c) of this clause shall be deemed to grant to the Government rights in any invention other than a subject invention.

(d) Minimum rights to the Contractor. (1) The Contractor is hereby granted a revocable, nonexclusive, paid-up license in each patent application filed in any country on a subject invention and any resulting patent in which the Government obtains title, unless the Contractor fails to disclose the subject invention within the times specified in paragraph (e)(2) of this clause. The Contractor's license extends to any of its domestic subsidiaries and affiliates within the corporate structure of which the Contractor is a part, and includes the right to grant sublicenses to the extent the Contractor was legally obligated to do so at contract award. The license is transferable only with the written approval of the agency except when transferred to the successor of that part of the Contractor's business to which the subject invention pertains.

(2) The Contractor's license may be revoked or modified by the agency to the extent necessary to achieve expeditious practical application of the subject invention in a particular country in accordance with the procedures in FAR 27.302(i)(2) and 27.304-1(f).

(3) When the Government elects not to apply for a patent in any foreign country, the Contractor retains rights in that foreign country to apply for a patent, subject to the Government's rights in paragraph (c)(1) of this clause.

(e) *Invention identification, disclosures, and reports.* (1) The Contractor shall establish and maintain active and effective procedures to educate its employees in order to assure that subject inventions are promptly identified and disclosed to Contractor personnel responsible for patent matters. The procedures shall include the maintenance of laboratory notebooks or equivalent records and other records as are reasonably necessary to document the conception and/or the first actual reduction to practice of subject inventions, and records that show the procedures for identifying and disclosing subject inventions are followed. Upon request, the Contractor shall furnish the Contracting Officer a description of these procedures for evaluation and for a determination as to their effectiveness.

(2) The Contractor shall disclose in writing each subject invention to the Contracting Officer within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters or, if earlier, within 6 months after the Contractor becomes aware that a subject invention has been made, but in any event before any on sale (*i.e.*, sale or offer for sale), public use, or publication of the subject invention known to the Contractor. The disclosure shall identify the contract under which the subject invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding of the subject invention. The disclosure shall also identify any publication, on sale, or public use of the subject invention and whether a manuscript describing the subject invention has been submitted for publication and, if so, whether it has been accepted for publication. In addition, after disclosure to the agency, the Contractor shall promptly notify the Contracting Officer of the acceptance of any manuscript describing the subject invention for publication and any on sale or public use.

(3) The Contractor shall furnish the Contracting Officer the following:

(i) Interim reports every 12 months (or a longer period as may be specified by the Contracting Officer) from the date of the contract, listing subject inventions during that period, and stating that all subject inventions have been disclosed (or that there are none) and that the procedures required by paragraph (e)(1) of this clause have been followed.

(ii) A final report, within 3 months after completion of the contracted work, listing all subject inventions or stating that there were none, and listing all subcontracts at any tier containing a patent rights clause or stating that there were none.

(4) The Contractor shall require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in the Contractor's format each subject invention in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by paragraph (e)(2) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, as to the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(5) Subject to FAR 27.302(i), the Contractor agrees that the Government may duplicate and disclose subject invention disclosures and all other reports and papers furnished or required to be furnished pursuant to this clause.

(f) Examination of records relating to inventions. (1) The Contracting Officer or any authorized representative shall, until 3 years after final payment under this contract, have the right to examine any books (including laboratory notebooks), records, and documents of the Contractor relating to the conception or first actual reduction to practice of inventions in the same field of technology as the work under this contract to determine whether-

(i) Any inventions are subject inventions;

(ii) The Contractor has established and maintains the procedures required by paragraphs (e)(1) and (e)(4) of this clause; and

(iii) The Contractor and its inventors have complied with the procedures.

(2) The Contractor shall disclose to the Contracting Officer, for the determination of ownership rights, any unreported invention that the Contracting Officer believes may be a subject invention.

(3) Any examination of records under paragraph (f) of this clause will be subject to appropriate conditions to protect the confidentiality of the information involved.

(g) Withholding of payment. (This paragraph does not apply to subcontracts.) (1) Any time before final payment under this contract, the Contracting Officer may, in the Government's interest, withhold payment until a reserve not exceeding $50,000 or 5 percent of the amount of this contract, whichever is less, shall have been set aside if, in the Contracting Officer's opinion, the Contractor fails to-

(i) Establish, maintain, and follow effective procedures for identifying and disclosing subject inventions pursuant to paragraph (e)(1) of this clause;

(ii) Disclose any subject invention pursuant to paragraph (e)(2) of this clause;

(iii) Deliver acceptable interim reports pursuant to paragraph (e)(3)(i) of this clause; or

(iv) Provide the information regarding subcontracts pursuant to paragraph (i)(4) of this clause.

(2) The Contracting Officer will withhold the reserve or balance until the Contracting Officer has determined that the Contractor has rectified whatever deficiencies exist and has delivered all reports, disclosures, and other information required by this clause.

(3) The Contracting Officer will not make final payment under this contract before the Contractor delivers to the Contracting Officer, as required by this clause, all disclosures of subject inventions, an acceptable final report, and all due confirmatory instruments.

(4) The Contracting Officer may decrease or increase the sums withheld up to the maximum authorized. The Contracting Officer will not withhold any amount under this paragraph while the amount specified by this paragraph is being withheld under other provisions of the contract. The withholding of any amount or the subsequent payment shall not be construed as a waiver of any Government rights.

(h) *Preference for United States industry*. Unless provided otherwise, neither the Contractor nor any assignee shall grant to any person the exclusive right to use or sell any subject invention in the United States unless the person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement may be waived by the agency upon a showing by the Contractor or assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that, under the circumstances, domestic manufacture is not commercially feasible.

(i) Subcontracts. (1) The Contractor shall include the substance of the patent rights clause required by FAR subpart 27.3 in all subcontracts for experimental, developmental, or research work. The prescribed patent rights clause must be modified to identify the parties as follows: references to the Government are not changed, and the subcontractor has all rights and obligations of the Contractor in the clause. The Contractor shall not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) In the event of a refusal by a prospective subcontractor to accept the clause, the Contractor-

(i) Shall promptly submit a written notice to the Contracting Officer setting forth the subcontractor's reasons for such refusal and other pertinent information that may expedite disposition of the matter; and

(ii) Shall not proceed with such subcontract without the written authorization of the Contracting Officer.

(3) In subcontracts at any tier, the agency, the subcontractor, and the Contractor agree that the mutual obligations of the parties created by the patent rights clause constitute a contract between the subcontractor and the agency with respect to those matters covered by this clause.

(4) The Contractor shall promptly notify the Contracting Officer in writing upon the award of any subcontract at any tier containing a patent rights clause by identifying the subcontractor, the applicable patent rights clause, the work to be performed under the subcontract, and the dates of award and estimated completion. Upon request of the Contracting Officer,

the Contractor shall furnish a copy of such subcontract, and, no more frequently than annually, a listing of the subcontracts that have been awarded.

(End of clause)

Alternate I (JUN 1989). As prescribed in 27.303 (e) (4), add the following sentence at the end of paragraph (c)(1)(i) of the basic clause:

The license will include the right of the Government to sublicense foreign governments, their nationals, and international organizations pursuant to the following treaties or international agreements: ______________________* [**Contracting Officer complete with the names of applicable existing treaties or international agreements. The above language is not intended to apply to treaties or agreements that are in effect on the date of the award but are not listed.*]

Alternate II (DEC 2007). As prescribed in 27.303 (e)(5), add the following sentence at the end of paragraph (c)(1)(i) of the basic clause:

The agency reserves the right to unilaterally amend this contract to identify specific treaties or international agreements entered into by the Government before or after the effective date of this contract, and effectuate those license or other rights that are necessary for the Government to meet its obligations to foreign governments, their nationals, and international organizations under treaties or international agreements with respect to subject inventions made after the date of the amendment.

52.227-14 Rights in Data-General.

As prescribed in 27.409(b)(1), insert the following clause with any appropriate alternates:

RIGHTS IN DATA-GENERAL (MAY 2014)

(a) *Definitions.* As used in this clause-

Computer database or "database means" a collection of recorded information in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

Computer software-

(1) Means (i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

Computer software documentation means owner’s manuals, user’s manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

Form, fit, and function data means data relating to items, components, or processes that are sufficient to enable physical and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics, functional characteristics, and performance requirements. For computer software it means data identifying source, functional characteristics, and performance requirements but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.

Limited rights means the rights of the Government in limited rights data as set forth in the Limited Rights Notice of paragraph (g)(3) if included in this clause.

Limited rights data means data, other than computer software, that embody trade secrets or are commercial or financial and confidential or privileged, to the extent that such data pertain to items, components, or processes developed at private expense, including minor modifications.

Restricted computer software means computer software developed at private expense and that is a trade secret, is commercial or financial and confidential or privileged, or is copyrighted computer software, including minor modifications of the computer software.

Restricted rights, as used in this clause, means the rights of the Government in restricted computer software, as set forth in a Restricted Rights Notice of paragraph (g) if included in this clause, or as otherwise may be provided in a collateral agreement incorporated in and made part of this contract, including minor modifications of such computer software.

Technical data means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer databases and computer software documentation). This term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration. The term includes recorded information of a scientific or technical nature that is included in computer databases (See 41 U.S.C. 116).

Unlimited rights means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

(b) Allocation of rights. (1) Except as provided in paragraph (c) of this clause, the Government shall have unlimited rights in-

(i) Data first produced in the performance of this contract;

(ii) Form, fit, and function data delivered under this contract;

(iii) Data delivered under this contract (except for restricted computer software) that constitute manuals or instructional and training material for installation, operation, or routine maintenance and repair of items, components, or processes delivered or furnished for use under this contract; and

(iv) All other data delivered under this contract unless provided otherwise for limited rights data or restricted computer software in accordance with paragraph (g) of this clause.

(2) The Contractor shall have the right to-

(i) Assert copyright in data first produced in the performance of this contract to the extent provided in paragraph (c)(1) of this clause;

(ii) Use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, unless provided otherwise in paragraph (d) of this clause;

(iii) Substantiate the use of, add, or correct limited rights, restricted rights, or copyright notices and to take other appropriate action, in accordance with paragraphs (e) and (f) of this clause; and

(iv) Protect from unauthorized disclosure and use those data that are limited rights data or restricted computer software to the extent provided in paragraph (g) of this clause.

(c) Copyright- (1) Data first produced in the performance of this contract. (i) Unless provided otherwise in paragraph (d) of this clause, the Contractor may, without prior approval of the Contracting Officer, assert copyright in scientific and technical articles based on or containing data first produced in the performance of this contract and published in academic, technical or professional journals, symposia proceedings, or similar works. The prior, express written permission of the Contracting Officer is required to assert copyright in all other data first produced in the performance of this contract.

(ii) When authorized to assert copyright to the data, the Contractor shall affix the applicable copyright notices of 17 U.S.C. 401 or 402, and an acknowledgment of Government sponsorship (including contract number).

(iii) For data other than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly by or on behalf of the Government. For computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and display publicly (but not to distribute copies to the public) by or on behalf of the Government.

(2) *Data not first produced in the performance of this contract.* The Contractor shall not, without the prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data not first produced in the performance of this contract unless the Contractor-

(i) Identifies the data; and

(ii) Grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause or, if such data are restricted computer software, the Government shall acquire a copyright license as set forth in paragraph (g)(4) of this clause (if included in this contract) or as otherwise provided in a collateral agreement incorporated in or made part of this contract.

(3) *Removal of copyright notices.* The Government will not remove any authorized copyright notices placed on data pursuant to this paragraph (c), and will include such notices on all reproductions of the data.

(d) *Release, publication, and use of data.* The Contractor shall have the right to use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, except-

(1) As prohibited by Federal law or regulation (*e.g.*, export control or national security laws or regulations);

(2) As expressly set forth in this contract; or

(3) If the Contractor receives or is given access to data necessary for the performance of this contract that contain restrictive markings, the Contractor shall treat the data in accordance with such markings unless specifically authorized otherwise in writing by the Contracting Officer.

(e) Unauthorized marking of data. (1) Notwithstanding any other provisions of this contract concerning inspection or acceptance, if any data delivered under this contract are marked with the notices specified in paragraph (g)(3) or (g) (4) if included in this clause, and use of the notices is not authorized by this clause, or if the data bears any other restrictive or limiting markings not authorized by this contract, the Contracting Officer may at any time either return the data to the Contractor, or cancel or ignore the markings. However, pursuant to 41 U.S.C. 4703, the following procedures shall apply prior to canceling or ignoring the markings.

(i) The Contracting Officer will make written inquiry to the Contractor affording the Contractor 60 days from receipt of the inquiry to provide written justification to substantiate the propriety of the markings;

(ii) If the Contractor fails to respond or fails to provide written justification to substantiate the propriety of the markings within the 60-day period (or a longer time approved in writing by the Contracting Officer for good cause shown), the Government shall have the right to cancel or ignore the markings at any time after said period and the data will no longer be made subject to any disclosure prohibitions.

(iii) If the Contractor provides written justification to substantiate the propriety of the markings within the period set in paragraph (e)(1)(i) of this clause, the Contracting Officer will consider such written justification and determine whether or not the markings are to be cancelled or ignored. If the Contracting Officer determines that the markings are authorized, the Contractor will be so notified in writing. If the Contracting Officer determines, with concurrence of the head of the contracting activity, that the markings are not authorized, the Contracting Officer will furnish the Contractor a written determination, which determination will become the final agency decision regarding the appropriateness of the markings unless the Contractor files suit in a court of competent jurisdiction within 90 days of receipt of the Contracting Officer's decision. The Government will continue to abide by the markings under this paragraph (e)(1)(iii) until final resolution of the matter either by the Contracting Officer's determination becoming final (in which instance the Government will thereafter have the right to cancel or ignore the markings at any time and the data will no longer be made subject to any disclosure prohibitions), or by final disposition of the matter by court decision if suit is filed.

(2) The time limits in the procedures set forth in paragraph (e)(1) of this clause may be modified in accordance with agency regulations implementing the Freedom of Information Act (5 U.S.C. 552) if necessary to respond to a request thereunder.

(3) Except to the extent the Government's action occurs as the result of final disposition of the matter by a court of competent jurisdiction, the Contractor is not precluded by paragraph (e) of the clause from bringing a claim, in accordance with the Disputes clause of this contract, that may arise as the result of the Government removing or ignoring authorized markings on data delivered under this contract.

(f) Omitted or incorrect markings. (1) Data delivered to the Government without any restrictive markings shall be deemed to have been furnished with unlimited rights. The Government is not liable for the disclosure, use, or reproduction of such data.

(2) If the unmarked data has not been disclosed without restriction outside the Government, the Contractor may request, within 6 months (or a longer time approved by the Contracting Officer in writing for good cause shown) after delivery of the data, permission to have authorized notices placed on the data at the Contractor's expense. The Contracting Officer may agree to do so if the Contractor-

(i) Identifies the data to which the omitted notice is to be applied;

(ii) Demonstrates that the omission of the notice was inadvertent;

(iii) Establishes that the proposed notice is authorized; and

(iv) Acknowledges that the Government has no liability for the disclosure, use, or reproduction of any data made prior to the addition of the notice or resulting from the omission of the notice.

(3) If data has been marked with an incorrect notice, the Contracting Officer may-

(i) Permit correction of the notice at the Contractor's expense if the Contractor identifies the data and demonstrates that the correct notice is authorized; or

(ii) Correct any incorrect notices.

(g) Protection of limited rights data and restricted computer software. (1) The Contractor may withhold from delivery qualifying limited rights data or restricted computer software that are not data identified in paragraphs (b)(1)(i), (ii), and (iii) of this clause. As a condition to this withholding, the Contractor shall-

(i) Identify the data being withheld; and

(ii) Furnish form, fit, and function data instead.

(2) Limited rights data that are formatted as a computer database for delivery to the Government shall be treated as limited rights data and not restricted computer software.

(3) [Reserved]

(h) *Subcontracting.* The Contractor shall obtain from its subcontractors all data and rights therein necessary to fulfill the Contractor's obligations to the Government under this contract. If a subcontractor refuses to accept terms affording the Government those rights, the Contractor shall promptly notify the Contracting Officer of the refusal and shall not proceed with the subcontract award without authorization in writing from the Contracting Officer.

(i) *Relationship to patents or other rights.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government.

(End of clause)

Alternate I (DEC 2007). As prescribed in 27.409 (b)(2), substitute the following definition for "limited rights data" in paragraph (a) of the basic clause:

Limited rights data means data, other than computer software, developed at private expense that embody trade secrets or are commercial or financial and confidential or privileged.

Alternate II (DEC 2007). As prescribed in 27.409 (b)(3), insert the following paragraph (g)(3) in the basic clause:

(g)(3) Notwithstanding paragraph (g)(1) of this clause, the contract may identify and specify the delivery of limited rights data, or the Contracting Officer may require by written request the delivery of limited rights data that has been withheld or would otherwise be entitled to be withheld. If delivery of that data is required, the Contractor shall affix the following "Limited Rights Notice" to the data and the Government will treat the data, subject to the provisions of paragraphs (e) and (f) of this clause, in accordance with the notice:

LIMITED RIGHTS NOTICE (DEC 2007)

(a) These data are submitted with limited rights under *Government Contract No.* _____ (and *subcontract* ______, if appropriate). These data may be reproduced and used by the Government with the express limitation that they will not, without written permission of the Contractor, be used for purposes of manufacture nor disclosed outside the Government; except that the Government may disclose these data outside the Government for the following purposes, if any; provided that the Government makes such disclosure subject to prohibition against further use and disclosure: *[Agencies may list additional purposes as set forth in 27.404-2(c)(1) or if none, so state.]*

(b) This notice shall be marked on any reproduction of these data, in whole or in part.

(End of notice)

Alternate III (DEC 2007). As prescribed in 27.409 (b)(4), insert the following paragraph (g)(4) in the basic clause:

(g)(4)(i) Notwithstanding paragraph (g)(1) of this clause, the contract may identify and specify the delivery of restricted computer software, or the Contracting Officer may require by written request the delivery of restricted computer software that has been withheld or would otherwise be entitled to be withheld. If delivery of that computer software is required, the Contractor shall affix the following "Restricted Rights Notice" to the computer software and the Government will treat the computer software, subject to paragraphs (e) and (f) of this clause, in accordance with the notice:

Restricted Rights Notice (DEC 2007)

(a) This computer software is submitted with restricted rights under *Government Contract No.* _______ (and *subcontract* ________, if appropriate). It may not be used, reproduced, or disclosed by the Government except as provided in paragraph (b) of this notice or as otherwise expressly stated in the contract.

(b) This computer software may be-

(1) Used or copied for use with the computer(s) for which it was acquired, including use at any Government installation to which the computer(s) may be transferred;

(2) Used or copied for use with a backup computer if any computer for which it was acquired is inoperative;

(3) Reproduced for safekeeping (archives) or backup purposes;

(4) Modified, adapted, or combined with other computer software, *provided* that the modified, adapted, or combined portions of the derivative software incorporating any of the delivered, restricted computer software shall be subject to the same restricted rights;

(5) Disclosed to and reproduced for use by support service Contractors or their subcontractors in accordance with paragraphs (b)(1) through (4) of this notice; and

(6) Used or copied for use with a replacement computer.

(c) Notwithstanding the foregoing, if this computer software is copyrighted computer software, it is licensed to the Government with the minimum rights set forth in paragraph (b) of this notice.

(d) Any other rights or limitations regarding the use, duplication, or disclosure of this computer software are to be expressly stated in, or incorporated in, the contract.

(e) This notice shall be marked on any reproduction of this computer software, in whole or in part.

(End of notice)

(ii) Where it is impractical to include the Restricted Rights Notice on restricted computer software, the following short-form notice may be used instead:

Restricted Rights Notice Short Form (JUN 1987)

Use, reproduction, or disclosure is subject to restrictions set forth in *Contract No.* _______ *(and subcontract, if appropriate) with* ________ (name of Contractor and subcontractor).

(End of notice)

(iii) If restricted computer software is delivered with the copyright notice of 17 U.S.C. 401, it will be presumed to be licensed to the Government without disclosure prohibitions, with the minimum rights set forth in paragraph (b) of this clause.

Alternate IV (DEC 2007). As prescribed in 27.409 (b)(5), substitute the following paragraph (c)(1) for paragraph (c)(1) of the basic clause:

(c) *Copyright*-(1) *Data first produced in the performance of the contract.* Except as otherwise specifically provided in this contract, the Contractor may assert copyright in any data first produced in the performance of this contract. When asserting copyright, the Contractor shall affix the applicable copyright notice of 17 U.S.C. 401 or 402, and an acknowledgment of Government sponsorship (including contract number), to the data when such data are delivered to the Government, as well as when the data are published or deposited for registration as a published work in the U.S. Copyright Office. For data other than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license for all such data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government. For computer software, the Contractor grants to the Government and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license for all such computer software to reproduce, prepare derivative works, and perform publicly and display publicly (but not to distribute copies to the public), by or on behalf of the Government.

Alternate V (DEC 2007). As prescribed in 27.409 (b)(6), add the following paragraph (j) to the basic clause:

(j) The Contractor agrees, except as may be otherwise specified in this contract for specific data deliverables listed as not subject to this paragraph, that the Contracting Officer may, up to three years after acceptance of all deliverables under this contract, inspect at the Contractor's facility any data withheld pursuant to paragraph (g)(1) of this clause, for purposes of verifying the Contractor's assertion of limited rights or restricted rights status of the data or for evaluating work performance. When the Contractor whose data are to be inspected demonstrates to the Contracting Officer that there would be a possible conflict of interest if a particular representative made the inspection, the Contracting Officer shall designate an alternate inspector.

52.227-15 Representation of Limited Rights Data and Restricted Computer Software.

As prescribed in 27.409(c), insert the following provision:

REPRESENTATION OF LIMITED RIGHTS DATA AND RESTRICTED COMPUTER SOFTWARE (DEC 2007)

(a) This solicitation sets forth the Government's known delivery requirements for data (as defined in the clause at 52.227-14, Rights in Data-General). Any resulting contract may also provide the Government the option to order additional data under the Additional Data Requirements clause at 52.227-16, if included in the contract. Any data delivered under the resulting contract will be subject to the Rights in Data-General clause at 52.227-14 included in this contract. Under the latter clause, a Contractor may withhold from delivery data that qualify as limited rights data or restricted computer software, and deliver form, fit, and function data instead. The latter clause also may be used with its Alternates II and/or III to obtain delivery of limited rights data or restricted computer software, marked with limited rights or restricted rights notices, as appropriate. In addition, use of Alternate V with this latter clause provides the Government the right to inspect such data at the Contractor's facility.

(b) By completing the remainder of this paragraph, the offeror represents that it has reviewed the requirements for the delivery of technical data or computer software and states [*offeror check appropriate block*]-

□ None of the data proposed for fulfilling the data delivery requirements qualifies as limited rights data or restricted computer software; or

□ Data proposed for fulfilling the data delivery requirements qualify as limited rights data or restricted computer software and are identified as follows:

____

____

____

(c) Any identification of limited rights data or restricted computer software in the offeror's response is not determinative of the status of the data should a contract be awarded to the offeror.

(End of provision)

52.227-16 Additional Data Requirements.

As prescribed in 27.409(d), insert the following clause:

ADDITIONAL DATA REQUIREMENTS (JUNE 1987)

(a) In addition to the data (as defined in the clause at 52.227-14, Rights in Data-General clause or other equivalent included in this contract) specified elsewhere in this contract to be delivered, the Contracting Officer may, at any time during contract performance or within a period of 3 years after acceptance of all items to be delivered under this contract, order any data first produced or specifically used in the performance of this contract.

(b) The Rights in Data-General clause or other equivalent included in this contract is applicable to all data ordered under this Additional Data Requirements clause. Nothing contained in this clause shall require the Contractor to deliver any data the withholding of which is authorized by the Rights in Data-General or other equivalent clause of this contract, or data which are specifically identified in this contract as not subject to this clause.

(c) When data are to be delivered under this clause, the Contractor will be compensated for converting the data into the prescribed form, for reproduction, and for delivery.

(d) The Contracting Officer may release the Contractor from the requirements of this clause for specifically identified data items at any time during the 3-year period set forth in paragraph (a) of this clause.

(End of clause)

52.227-17 Rights in Data-Special Works.

As prescribed in 27.409(e), insert the following clause:

RIGHTS IN DATA-SPECIAL WORKS (DEC 2007)

(a) *Definitions*. As used in this clause-

Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

Unlimited rights means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

(b) *Allocation of Rights*. (1) The Government shall have-

(i) Unlimited rights in all data delivered under this contract, and in all data first produced in the performance of this contract, except as provided in paragraph (c) of this clause.

(ii) The right to limit assertion of copyright in data first produced in the performance of this contract, and to obtain assignment of copyright in that data, in accordance with paragraph (c)(1) of this clause.

(iii) The right to limit the release and use of certain data in accordance with paragraph (d) of this clause.

(2) The Contractor shall have, to the extent permission is granted in accordance with paragraph (c)(1) of this clause, the right to assert claim to copyright subsisting in data first produced in the performance of this contract.

(c) *Copyright*- (1) Data first produced in the performance of this contract. (i) The Contractor shall not assert or authorize others to assert any claim to copyright subsisting in any data first produced in the performance of this contract without prior written permission of the Contracting Officer. When copyright is asserted, the Contractor shall affix the appropriate copyright notice of 17 U.S.C. 401 or 402 and acknowledgment of Government sponsorship (including contract number) to the data when delivered to the Government, as well as when the data are published or deposited for registration as a published work in the U.S. Copyright Office. The Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license for all delivered data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government.

(ii) If the Government desires to obtain copyright in data first produced in the performance of this contract and permission has not been granted as set forth in paragraph (c)(1)(i) of this clause, the Contracting Officer shall direct the Contractor to assign (with or without registration), or obtain the assignment of, the copyright to the Government or its designated assignee.

(2) *Data not first produced in the performance of this contract.* The Contractor shall not, without prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data not first produced in the performance of this contract and that contain the copyright notice of 17 U.S.C. 401 or 402, unless the Contractor identifies such data and grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause.

(d) *Release and use restrictions.* Except as otherwise specifically provided for in this contract, the Contractor shall not use, release, reproduce, distribute, or publish any data first produced in the performance of this contract, nor authorize others to do so, without written permission of the Contracting Officer.

(e) *Indemnity*. The Contractor shall indemnify the Government and its officers, agents, and employees acting for the Government against any liability, including costs and expenses, incurred as the result of the violation of trade secrets, copyrights, or right of privacy or publicity, arising out of the creation, delivery, publication, or use of any data furnished under this contract; or any libelous or other unlawful matter contained in such data. The provisions of this paragraph do not apply unless the Government provides notice to the Contractor as soon as practicable of any claim or suit, affords the Contractor an opportunity under applicable laws, rules, or regulations to participate in the defense of the claim or suit, and obtains the Contractor's consent to the settlement of any claim or suit other than as required by final decree of a court of competent jurisdiction; and these provisions do not apply to material furnished to the Contractor by the Government and incorporated in data to which this clause applies.

(End of clause)

52.227-18 [Reserved]

(DEVIATION DATE)

52.227-19 [Reserved]

(DEVIATION DATE)

52.227-20 Rights in Data-SBIR Program.

As prescribed in 27.409(h), insert the following clause:

RIGHTS IN DATA-SBIR PROGRAM (MAY 2014)

(a) *Definitions*. As used in this clause-

Computer database or "database" means a collection of recorded information in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

Computer software-

(1) Means. (i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

Computer software documentation means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing or management information.

Form, fit, and function data means data relating to items, components, or processes that are sufficient to enable physical and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics, functional characteristics, and performance requirements. For computer software it means data identifying source, functional characteristics, and performance requirements but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.

Limited rights data means data (other than computer software) developed at private expense that embody trade secrets or are commercial or financial and confidential or privileged.

Restricted computer software means computer software developed at private expense and that is a trade secret, is commercial or financial and confidential or privileged, or is copyrighted computer software, including minor modifications of the computer software.

SBIR data means data first produced by a Contractor that is a small business concern in performance of a small business innovation research contract issued under the authority of 15 U.S.C. 638, which data are not generally known, and which data without obligation as to its confidentiality have not been made available to others by the Contractor or are not already available to the Government.

SBIR rights means the rights in SBIR data set forth in the SBIR Rights Notice of paragraph (d) of this clause.

Technical data means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer databases and computer software documentation). This term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration. The term includes recorded information of a scientific or technical nature that is included in computer databases. (See 41 U.S.C. 116.)

Unlimited rights means the right of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose whatsoever, and to have or permit others to do so.

(b) Allocation of rights. (1) Except as provided in paragraph (c) of this clause regarding copyright, the Government shall have unlimited rights in-

(i) Data specifically identified in this contract as data to be delivered without restriction;

(ii) Form, fit, and function data delivered under this contract;

(iii) Data delivered under this contract (except for restricted computer software) that constitute manuals or instructional and training material for installation, operation, or routine maintenance and repair of items, components, or processes delivered or furnished for use under this contract; and

(iv) All other data delivered under this contract unless provided otherwise for SBIR data in accordance with paragraph (d) of this clause or for limited rights data or restricted computer software in accordance with paragraph (f) of this clause.

(2) The Contractor shall have the right to-

(i) Assert copyright in data first produced in the performance of this contract to the extent provided in paragraph (c)(1) of this clause;

(ii) Protect SBIR rights in SBIR data delivered under this contract in the manner and to the extent provided in paragraph (d) of this clause;

(iii) Substantiate use of, add, or correct SBIR rights or copyright notices and to take other appropriate action, in accordance with paragraph (e) of this clause; and

(iv) Withhold from delivery those data which are limited rights data or restricted computer software to the extent provided in paragraph (f) of this clause.

(c) Copyright- (1) Data first produced in the performance of this contract. (i) Except as otherwise specifically provided in this contract, the Contractor may assert copyright subsisting in any data first produced in the performance of this contract.

(ii) When asserting copyright, the Contractor shall affix the applicable copyright notice of 17 U.S.C. 401 or 402 and an acknowledgment of Government sponsorship (including contract number).

(iii) For data other than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up nonexclusive, irrevocable, worldwide license to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government. For computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and display publicly, by or on behalf of the Government.

(2) *Data not first produced in the performance of this contract.* The Contractor shall not, without prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data that are not first produced in the performance of this contract unless the Contractor (i) identifies such data and (ii) grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause.

(3) *Removal of copyright notices.* The Government will not remove any copyright notices placed on data pursuant to this paragraph (c), and will include such notices on all reproductions of the data.

(d) Rights to SBIR data. (1) The Contractor is authorized to affix the following "SBIR Rights Notice" to SBIR data delivered under this contract and the Government will treat the data, subject to the provisions of paragraphs (e) and (f) of this clause, in accordance with the notice:

SBIR RIGHTS NOTICE (DEC 2007)

These SBIR data are furnished with SBIR rights under Contract No._____ (and subcontract _____, if appropriate). For a period of 4 years, unless extended in accordance with FAR 27.409(h), after acceptance of all items to be delivered under this contract, the Government will use these data for Government purposes only, and they shall not be disclosed outside the Government (including disclosure for procurement purposes) during such period without permission of the Contractor, except that, subject to the foregoing use and disclosure prohibitions, these data may be disclosed for use by support Contractors. After the protection period, the Government has a paid-up license to use, and to authorize others to use on its behalf, these data for Government purposes, but is relieved of all disclosure prohibitions and assumes no liability for unauthorized use of these data by third parties. This notice shall be affixed to any reproductions of these data, in whole or in part.

(End of notice)

(2) The Government's sole obligation with respect to any SBIR data shall be as set forth in this paragraph (d).

(e) Omitted or incorrect markings. (1) Data delivered to the Government without any notice authorized by paragraph (d) of this clause shall be deemed to have been furnished with unlimited rights. The Government assumes no liability for the disclosure, use, or reproduction of such data.

(2) If the unmarked data has not been disclosed without restriction outside the Government, the Contractor may request, within 6 months (or a longer time approved by the Contracting Officer in writing for good cause shown) after delivery of the data, permission to have authorized notices placed on the data at the Contractor's expense, and the Contracting Officer may agree to do so if the Contractor-

(i) Identifies the data to which the omitted notice is to be applied;

(ii) Demonstrates that the omission of the notice was inadvertent;

(iii) Establishes that the use of the proposed notice is authorized; and

(iv) Acknowledges that the Government has no liability with respect to the disclosure or use of any such data made prior to the addition of the notice or resulting from the omission of the notice.

(3) If the data has been marked with an incorrect notice, the Contracting Officer may-

(i) Permit correction of the notice at the Contractor's expense, if the Contractor identifies the data and demonstrates that the correct notice is authorized; or

(ii) Correct any incorrect notices.

(f) *Protection of limited rights data and restricted computer software.* The Contractor may withhold from delivery qualifying limited rights data and restricted computer software that are not identified in paragraphs (b)(1)(i), (ii), and (iii) of this clause. As a condition to this withholding, the Contractor shall identify the data being withheld, and furnish form, fit, and function data instead.

(g) *Subcontracting.* The Contractor shall obtain from its subcontractors all data and rights therein necessary to fulfill the Contractor's obligations to the Government under this contract. If a subcontractor refuses to accept terms affording the Government those rights, the Contractor shall promptly notify the Contracting Officer of the refusal and not proceed with the subcontract award without further authorization in writing from the Contracting Officer.

(h) *Relationship to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government.

(End of clause)

52.227-21 Technical Data Declaration, Revision, and Withholding of Payment-Major Systems.

As prescribed in 27.409(j), insert the following clause:

TECHNICAL DATA DECLARATION, REVISION, AND WITHHOLDING OF PAYMENT-MAJOR SYSTEMS (MAY 2014)

(a) *Scope of declaration.* The Contractor shall provide, in accordance with 41 U.S.C. 2302(e)(7), the following declaration with respect to all technical data that relate to a major system and that are delivered or required to be delivered under this contract or that are delivered within 3 years after acceptance of all items (other than technical data) delivered under this contract unless a different period is set forth in the contract. The Contracting Officer may release the Contractor from all or part of the requirements of this clause for specifically identified technical data items at any time during the period covered by this clause.

(b) Technical data declaration. (1) All technical data that are subject to this clause shall be accompanied by the following declaration upon delivery:

TECHNICAL DATA DECLARATION (JAN 1997)

The Contractor, __________________, hereby declares that, to the best of its knowledge and belief, the technical data delivered herewith under Government contract No. _______ (and subcontract __________________, if appropriate) are complete, accurate, and comply with the requirements of the contract concerning such technical data.

(End of declaration)

(2) The Government may, at any time during the period covered by this clause, direct correction of any deficiencies that are not in compliance with contract requirements. The corrections shall be made at the expense of the Contractor. Unauthorized markings on data shall not be considered a deficiency for the purpose of this clause, but will be treated in accordance with paragraph (e) of the Rights in Data-General clause included in this contract.

(c) *Technical data revision.* The Contractor also shall, at the request of the Contracting Officer, revise technical data that are subject to this clause to reflect engineering design changes made during the performance of this contract and affecting the form, fit, and function of any item (other than technical data) delivered under this contract. The Contractor may submit a request for an equitable adjustment to the terms and conditions of this contract for any revisions to technical data made pursuant to this paragraph.

(d) Withholding of payment. (1) At any time before final payment under this contract the Contracting Officer may withhold payment as a reserve up to an amount not exceeding $100,000 or 5 percent of the amount of this contract, whichever is less, if the Contractor fails to-

(i) Make timely delivery of the technical data;

(ii) Provide the declaration required by paragraph (b)(1) of this clause;

(iii) Make the corrections required by paragraph (b)(2) of this clause; or

(iv) Make revisions requested under paragraph (c) of this clause.

(2) The Contracting Officer may withhold the reserve until the Contractor has complied with the direction or requests of the Contracting Officer or determines that the deficiencies relating to delivered data, arose out of causes beyond the control of the Contractor and without the fault or negligence of the Contractor.

(3) The withholding of any reserve under this clause, or the subsequent payment of the reserve, shall not be construed as a waiver of any Government rights.

(End of clause)

52.227-22 Major System-Minimum Rights.

As prescribed in 27.409(k), insert the following clause:

MAJOR SYSTEM-MINIMUM RIGHTS (JUNE 1987)

Notwithstanding any other provision of this contract, the Government shall have unlimited rights in any technical data, other than computer software, developed in the performance of this contract and relating to a major system or supplies for a major system procured or to be procured by the Government, to the extent that delivery of such technical data is required as an element of performance under this contract. The rights of the Government under this clause are in addition to and not in lieu of its rights under the other provisions of this contract.

(End of clause)

52.227-23 [Reserved]

(DEVIATION DATE)

52.228 [Reserved]

52.228-1 Bid Guarantee.

As prescribed in 28.101-2 , insert a provision or clause substantially as follows:

BID GUARANTEE (SEPT 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, *e.g.,* bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds-

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be ______ percent of the bid price or $________, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of provision)

52.228-2 Additional Bond Security.

As prescribed in 28.106-4(a), insert the following clause:

ADDITIONAL BOND SECURITY (OCT 1997)

The Contractor shall promptly furnish additional security required to protect the Government and persons supplying labor or materials under this contract if-

(a) Any surety upon any bond, or issuing financial institution for other security, furnished with this contract becomes unacceptable to the Government;

(b) Any surety fails to furnish reports on its financial condition as required by the Government;

(c) The contract price is increased so that the penal sum of any bond becomes inadequate in the opinion of the Contracting Officer; or

(d) An irrevocable letter of credit (ILC) used as security will expire before the end of the period of required security. If the Contractor does not furnish an acceptable extension or replacement ILC, or other acceptable substitute, at least 30 days before an ILC's scheduled expiration, the Contracting officer has the right to immediately draw on the ILC.

(End of clause)

52.228-3 Workers' Compensation Insurance (Defense Base Act).

As prescribed in 28.309(a), insert the following clause:

WORKERS' COMPENSATION INSURANCE (DEFENSE BASE ACT) (JUL 2014)

(a) The Contractor shall

(1) Before commencing performance under this contract, establish provisions to provide for the payment of disability compensation and medical benefits to covered employees and death benefits to their eligible survivors, by purchasing workers' compensation insurance or qualifying as a self-insurer under the Longshore and Harbor Workers' Compensation

Act (33 U.S.C. 932) as extended by the Defense Base Act (42 U.S.C.1651, *et seq*.), and continue to maintain provisions to provide such Defense Base Act benefits until contract performance is completed;

(2) Within ten days of an employee's injury or death or from the date the Contractor has knowledge of the injury or death, submit Form LS-202 (Employee's First Report of Injury or Occupational Illness) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 930(a), 20 CFR 702.201 to 702.203);

(3) Pay all compensation due for disability or death within the time frames required by the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914, 20 CFR 702.231 and 703.232);

(4) Provide for medical care as required by the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 907, 20 CFR 702.402 and 702.419);

(5) If controverting the right to compensation, submit Form LS-207 (Notice of Controversion of Right to Compensation) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(d), 20 CFR 702.251);

(6) Immediately upon making the first payment of compensation in any case, submit Form LS-206 (Payment Of Compensation Without Award) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(c), 20 CFR 702.234);

(7) When payments are suspended or when making the final payment, submit Form LS-208 (Notice of Final Payment or Suspension of Compensation Payments) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(c) and (g), 20 CFR 702.234 and 702.235); and

(8) Adhere to all other provisions of the Longshore and Harbor Workers' Compensation Act as extended by the Defense Base Act, and Department of Labor regulations at 20 CFR Parts 701 to 704.

(b) For additional information on the Longshore and Harbor Workers' Compensation Act requirements see http://www.dol.gov/owcp/dlhwc/lsdba.htm.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts to which the Defense Base Act applies.

(End of clause)

52.228-4 Workers' Compensation and War-Hazard Insurance Overseas.

As prescribed in 28.309(b), insert the following clause:

WORKERS' COMPENSATION AND WAR-HAZARD INSURANCE OVERSEAS (APR 1984)

(a) This paragraph applies if the Contractor employs any person who, but for a waiver granted by the Secretary of Labor, would be subject to workers' compensation insurance under the Defense Base Act (42 U.S.C.1651, *et seq*.). On behalf of employees for whom the applicability of the Defense Base Act has been waived, the Contractor shall (1) provide, before commencing performance under this contract, at least that workers' compensation insurance or the equivalent as the laws of the country of which these employees are nationals may require, and (2) continue to maintain it until performance is completed. The Contractor shall insert, in all subcontracts under this contract to which the Defense Base Act would apply but for the waiver, a clause similar to this paragraph (a) (including this sentence) imposing upon those subcontractors this requirement to provide such workers' compensation insurance coverage.

(b) This paragraph applies if the Contractor or any subcontractor under this contract employs any person who, but for a waiver granted by the Secretary of Labor, would be subject to the War Hazards Compensation Act (42 U.S.C.1701, *et seq*.). On behalf of employees for whom the applicability of the Defense Base Act (and hence that of the War Hazards Compensation Act) has been waived, the Contractor shall, subject to reimbursement as provided elsewhere in this contract, afford the same protection as that provided in the War Hazards Compensation Act, except that the level of benefits shall conform to any law or international agreement controlling the benefits to which the employees may be entitled. In all other respects, the standards of the War Hazards Compensation Act shall apply; *e.g.,* the definition of war-hazard risks (injury, death, capture, or detention as the result of a war hazard as defined in the Act), proof of loss, and exclusion of benefits otherwise covered by workers' compensation insurance or the equivalent. Unless the Contractor elects to assume directly the liability to subcontractor employees created by this clause, the Contractor shall insert, in all subcontracts under this contract to which the War Hazards Compensation Act would apply but for the waiver, a clause similar to this paragraph (b) (including this sentence) imposing upon those subcontractors this requirement to provide war-hazard benefits.

(End of clause)

52.228-5 Insurance-Work on a Government Installation.

As prescribed in 28.310 , insert the following clause:

INSURANCE-WORK ON A GOVERNMENT INSTALLATION (JAN 1997)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective-

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

(End of clause)

52.228-6 [Reserved]

52.228-7 Insurance-Liability to Third Persons.

As prescribed in 28.311-1 , insert the following clause:

INSURANCE-LIABILITY TO THIRD PERSONS (MAR 1996)

(a) (1) Except as provided in paragraph (a)(2) of this clause, the Contractor shall provide and maintain workers' compensation, employer's liability, comprehensive general liability (bodily injury), comprehensive automobile liability (bodily injury and property damage) insurance, and such other insurance as the Contracting Officer may require under this contract.

(2) The Contractor may, with the approval of the Contracting Officer, maintain a self-insurance program, provided that, with respect to workers' compensation, the Contractor is qualified pursuant to statutory authority.

(3) All insurance required by this paragraph shall be in a form and amount and for those periods as the Contracting Officer may require or approve and with insurers approved by the Contracting Officer.

(b) The Contractor agrees to submit for the Contracting Officer's approval, to the extent and in the manner required by the Contracting Officer, any other insurance that is maintained by the Contractor in connection with the performance of this contract and for which the Contractor seeks reimbursement.

(c) The Contractor shall be reimbursed-

(1) For that portion-

(i) Of the reasonable cost of insurance allocable to this contract; and

(ii) Required or approved under this clause; and

(2) For certain liabilities (and expenses incidental to such liabilities) to third persons not compensated by insurance or otherwise without regard to and as an exception to the limitation of cost or the limitation of funds clause of this contract. These liabilities must arise out of the performance of this contract, whether or not caused by the negligence of the Contractor or of the Contractor's agents, servants, or employees, and must be represented by final judgments or settlements approved in writing by the Government. These liabilities are for-

(i) Loss of or damage to property (other than property owned, occupied, or used by the Contractor, rented to the Contractor, or in the care, custody, or control of the Contractor); or

(ii) Death or bodily injury.

(d) The Government's liability under paragraph (c) of this clause is subject to the availability of appropriated funds at the time a contingency occurs. Nothing in this contract shall be construed as implying that the Congress will, at a later date, appropriate funds sufficient to meet deficiencies.

(e) The Contractor shall not be reimbursed for liabilities (and expenses incidental to such liabilities)-

(1) For which the Contractor is otherwise responsible under the express terms of any clause specified in the Schedule or elsewhere in the contract;

(2) For which the Contractor has failed to insure or to maintain insurance as required by the Contracting Officer; or

(3) That result from willful misconduct or lack of good faith on the part of any of the Contractor's directors, officers, managers, superintendents, or other representatives who have supervision or direction of-

(i) All or substantially all of the Contractor's business;

(ii) All or substantially all of the Contractor's operations at any one plant or separate location in which this contract is being performed; or

(iii) A separate and complete major industrial operation in connection with the performance of this contract.

(f) The provisions of paragraph (e) of this clause shall not restrict the right of the Contractor to be reimbursed for the cost of insurance maintained by the Contractor in connection with the performance of this contract, other than insurance required in accordance with this clause; *provided*, that such cost is allowable under the Allowable Cost and Payment clause of this contract.

(g) If any suit or action is filed or any claim is made against the Contractor, the cost and expense of which may be reimbursable to the Contractor under this contract, and the risk of which is then uninsured or is insured for less than the amount claimed, the Contractor shall-

(1) Immediately notify the Contracting Officer and promptly furnish copies of all pertinent papers received;

(2) Authorize Government representatives to collaborate with counsel for the insurance carrier in settling or defending the claim when the amount of the liability claimed exceeds the amount of coverage; and

(3) Authorize Government representatives to settle or defend the claim and to represent the Contractor in or to take charge of any litigation, if required by the Government, when the liability is not insured or covered by bond. The Contractor may, at its own expense, be associated with the Government representatives in any such claim or litigation.

(End of clause)

52.228-8 Liability and Insurance-Leased Motor Vehicles.

As prescribed in 28.312 , insert the following clause:

LIABILITY AND INSURANCE-LEASED MOTOR VEHICLES (MAY 1999)

(a) The Government shall be responsible for loss of or damage to-

(1) Leased vehicles, except for-

(i) Normal wear and tear; and

(ii) Loss or damage caused by the negligence of the Contractor, its agents, or employees; and

(2) Property of third persons, or the injury or death of third persons, if the Government is liable for such loss, damage, injury, or death under the Federal Tort Claims Act (28 U.S.C. 2671-2680).

(b) The Contractor shall be liable for, and shall indemnify and hold harmless the Government against, all actions or claims for loss of or damage to property or the injury or death of persons, resulting from the fault, negligence, or wrongful act or omission of the Contractor, its agents, or employees.

(c) The Contractor shall provide and maintain insurance covering its liabilities under paragraph (b) of this clause, in amounts of at least $200,000 per person and $500,000 per occurrence for death or bodily injury and $20,000 per occurrence for property damage or loss.

(d) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the interests of the Government shall not be effective (1) for such period as the laws of the State in which this contract is to be performed prescribe or (2) until 30 days after written notice to the Contracting Officer, whichever period is longer. The policies shall exclude any claim by the insurer for subrogation against the Government by reason of any payment under the policies.

(e) The contract price shall not include any costs for insurance or contingency to cover losses, damage, injury, or death for which the Government is responsible under paragraph (a) of this clause.

(End of clause)

52.228-9 Cargo Insurance.

As prescribed in 28.313(a), insert the following clause:

CARGO INSURANCE (MAY 1999)

(a) The Contractor, at the Contractor's expense, shall provide and maintain, during the continuance of this contract, cargo insurance of $______ per vehicle to cover the value of property on each vehicle and of $_______ to cover the total value of the property in the shipment.

(b) All insurance shall be written on companies acceptable to ____________ *[insert name of contracting agency]*, and policies shall include such terms and conditions as required by __________ *[insert name of contracting agency]*. The Contractor shall provide evidence of acceptable cargo insurance to ____________ *[insert name of contracting agency]* before commencing operations under this contract.

(c) Each cargo insurance policy shall include the following statement:

"It is a condition of this policy that the Company shall furnish-

(1) Written notice to __________ *[insert name and address of contracting agency]*, 30 days in advance of the effective date of any reduction in, or cancellation of, this policy; and

(2) Evidence of any renewal policy to the address specified in paragraph (1) of this statement, not less than 15 days prior to the expiration of any current policy on file with ____________ *[insert name of contracting agency]*."

(End of clause)

52.228-10 Vehicular and General Public Liability Insurance.

As prescribed in 28.313(b), insert a clause substantially the same as the following in solicitations and contracts for transportation or for transportation-related services when the contracting officer determines that vehicular liability or general public liability insurance required by law is not sufficient:

VEHICULAR AND GENERAL PUBLIC LIABILITY INSURANCE (APR 1984)

(a) The Contractor, at the Contractor's expense, agrees to maintain, during the continuance of this contract, vehicular liability and general public liability insurance with limits of liability for-

(1) Bodily injury of not less than $______ for each person and $______ for each occurrence; and

(2) Property damage of not less than $______ for each accident and $______ in the aggregate.

(b) The Contractor also agrees to maintain workers' compensation and other legally required insurance with respect to the Contractor's own employees and agents.

(End of clause)

52.228-11 Individual Surety—Pledge of Assets.

As prescribed in 28.203-4 (b), insert the following clause:

INDIVIDUAL SURETY—PLEDGE OF ASSETS (FEB 2021)

(a) The Contractor shall obtain from each person acting as an individual surety on a performance bond or a payment bond —

(1) A pledge of assets that meets the eligibility, valuation, and security requirements described in the Federal Acquisition Regulation (FAR) 28.203-1; and

(2) Standard Form 28, Affidavit of Individual Surety.

(b) The Contracting Officer may release a portion of the security interest on the individual surety's assets based upon substantial performance of the Contractor's obligations under its performance bond. The security interest in support of a performance bond shall be maintained—

(1) *Contracts for the construction, alteration, or repair of any public building or public work of the Federal Government exceeding $150,000 (40 U.S.C. 3131)*. Until completion of any warranty period, or for 1 year following final payment, whichever is later.

(2) *Contracts subject to alternative payment protection (see FAR 28.102-1(b)(1))*. For the full contract performance period plus 1 year.

(3) *Other contracts not subject to the requirements of paragraph (b)(1) of this clause*. Until completion of any warranty period, or for 90 days following final payment, whichever is later.

(c) A surety's assets pledged in support of a payment bond may be released to a subcontractor or supplier upon Government receipt of a Federal district court judgment, or a sworn statement by the subcontractor or supplier that the claim is correct along with a notarized authorization of the release by the surety stating that it approves of such release. The security interest on the individual surety's assets in support of a payment bond shall be maintained—

(1) *Contracts for the construction, alteration, or repair of any public building or public work of the Federal Government exceeding $150,000 which require performance and payment bonds (40 U.S.C. 3131)*. For 1 year following final payment, or until resolution of all pending claims filed against the payment bond during the 1-year period following final payment, whichever is later.

(2) *Contracts subject to alternative payment protection (see FAR 28.102-1(b)(1))*. For the full contract performance period plus 1 year.

(3) Other contracts not subject to the requirements of paragraph (c)(1) of this clause. For 90 days following final payment.

(d) The Contracting Officer may allow the Contractor to substitute an individual surety, for a performance or payment bond, after contract award. The Contractor shall comply with the requirements of paragraph (a) of this clause within the timeframe established by the Contracting Officer.

(End of clause)

52.228-12 Prospective Subcontractor Requests for Bonds.

As prescribed in 28.106-4(b), use the following clause:

PROSPECTIVE SUBCONTRACTOR REQUESTS FOR BONDS (DEC 2022)

In accordance with section 806(a)(3) of Pub. L. 102-190, as amended by sections 2091 and 8105 of Pub. L. 103-355 (10 U.S.C. 4601 note prec.), upon the request of a prospective subcontractor or supplier offering to furnish labor or material for the performance of this contract for which a payment bond has been furnished to the Government pursuant to 40 U.S.C. chapter 31, subchapter III, Bonds, the Contractor shall promptly provide a copy of such payment bond to the requester.

(End of clause)

52.228-13 Alternative Payment Protections.

As prescribed in 28.102-3(b), insert the following clause:

ALTERNATIVE PAYMENT PROTECTIONS (JULY 2000)

(a) The Contractor shall submit one of the following payment protections:

____

(b) The amount of the payment protection shall be 100 percent of the contract price.

(c) The submission of the payment protection is required within _________ days of contract award.

(d) The payment protection shall provide protection for the full contract performance period plus a one-year period.

(e) Except for escrow agreements and payment bonds, which provide their own protection procedures, the Contracting Officer is authorized to access funds under the payment protection when it has been alleged in writing by a supplier of labor or material that a nonpayment has occurred, and to withhold such funds pending resolution by administrative or judicial proceedings or mutual agreement of the parties.

(f) When a tripartite escrow agreement is used, the Contractor shall utilize only suppliers of labor and material that signed the escrow agreement.

(End of clause)

52.228-14 Irrevocable Letter of Credit.

As prescribed in 28.204-4 , insert the following clause:

IRREVOCABLE LETTER OF CREDIT (NOV 2014)

(a) "Irrevocable letter of credit" (ILC), as used in this clause, means a written commitment by a federally insured financial institution to pay all or part of a stated amount of money, until the expiration date of the letter, upon presentation by the Government (the beneficiary) of a written demand therefor. Neither the financial institution nor the offeror/Contractor can revoke or condition the letter of credit.

(b) If the offeror intends to use an ILC in lieu of a bid bond, or to secure other types of bonds such as performance and payment bonds, the letter of credit and letter of confirmation formats in paragraphs (e) and (f) of this clause shall be used.

(c) The letter of credit shall be irrevocable, shall require presentation of no document other than a written demand and the ILC (including confirming letter, if any), shall be issued/confirmed by an acceptable federally insured financial institution as provided in paragraph (d) of this clause, and-

(1) If used as a bid guarantee, the ILC shall expire no earlier than 60 days after the close of the bid acceptance period;

(2) If used as an alternative to corporate or individual sureties as security for a performance or payment bond, the offeror/Contractor may submit an ILC with an initial expiration date estimated to cover the entire period for which financial security is required or may submit an ILC with an initial expiration date that is a minimum period of one year from the date of issuance. The ILC shall provide that, unless the issuer provides the beneficiary written notice of non-renewal at least 60 days in advance of the current expiration date, the ILC is automatically extended without amendment for one year from the expiration date, or any future expiration date, until the period of required coverage is completed and the Contracting Officer provides the financial institution with a written statement waiving the right to payment. The period of required coverage shall be:

(i) For contracts subject to 40 U.S.C. chapter 31, subchapter III, Bonds, the later of-

(A) One year following the expected date of final payment;

(B) For performance bonds only, until completion of any warranty period; or

(C) For payment bonds only, until resolution of all claims filed against the payment bond during the one-year period following final payment.

(ii) For contracts not subject to 40 U.S.C. chapter 31, subchapter III, Bonds, the later of-

(A) 90 days following final payment; or

(B) For performance bonds only, until completion of any warranty period.

(d) (1) Only federally insured financial institutions rated investment grade by a commercial rating service shall issue or confirm the ILC.

(2) Unless the financial institution issuing the ILC had letter of credit business of at least $25 million in the past year, ILCs over $5 million must be confirmed by another acceptable financial institution that had letter of credit business of at least $25 million in the past year.

(3) The Offeror/Contractor shall provide the Contracting Officer a credit rating that indicates the financial institutions have the required credit rating as of the date of issuance of the ILC.

(4) The current rating for a financial institution is available through any of the following rating services registered with the U.S. Securities and Exchange Commission (SEC) as a Nationally Recognized Statistical Rating Organization (NRSRO). NRSRO's can be located at the website http://www.sec.gov/answers/nrsro.htm maintained by the SEC.

(e) The following format shall be used by the issuing financial institution to create an ILC:

____

[*Issuing Financial Institution's Letterhead or Name and Address*]

Issue Date __________

Irrevocable Letter of Credit No. ______________________

Account party's name ______________________________

Account party's address ______________________________

For Solicitation No. _________________ (*for reference only*)

To: [*U.S. Government agency*]

[*U.S. Government agency's address*]

1. We hereby establish this irrevocable and transferable Letter of Credit in your favor for one or more drawings up to United States $______. This Letter of Credit is payable at [*issuing financial institution's and, if any, confirming financial institution's*] office at [*issuing financial institution's address and, if any, confirming financial institution's address*] and expires with our close of business on ___________, or any automatically extended expiration date.

2. We hereby undertake to honor your or the transferee's sight draft(s) drawn on the issuing or, if any, the confirming financial institution, for all or any part of this credit if presented with this Letter of Credit and confirmation, if any, at the office specified in paragraph 1 of this Letter of Credit on or before the expiration date or any automatically extended expiration date.

3. [*This paragraph is omitted if used as a bid guarantee, and subsequent paragraphs are renumbered*.] It is a condition of this Letter of Credit that it is deemed to be automatically extended without amendment for one year from the expiration date hereof, or any future expiration date, unless at least 60 days prior to any expiration date, we notify you or the transferee by registered mail, or other receipted means of delivery, that we elect not to consider this Letter of Credit renewed for any such additional period. At the time we notify you, we also agree to notify the account party (and confirming financial institution, if any) by the same means of delivery.

4. This Letter of Credit is transferable. Transfers and assignments of proceeds are to be effected without charge to either the beneficiary or the transferee/assignee of proceeds. Such transfer or assignment shall be only at the written direction of the Government (the beneficiary) in a form satisfactory to the issuing financial institution and the confirming financial institution, if any.

5. This Letter of Credit is subject to the Uniform Customs and Practice (UCP) for Documentary Credits, International Chamber of Commerce Publication No. _____________________ (Insert version in effect at the time of ILC issuance, e.g., "Publication 600, 2006 edition") and to the extent not inconsistent therewith, to the laws of _____________________ [State of confirming financial institution, if any, otherwise State of issuing financial institution].

6. If this credit expires during an interruption of business of this financial institution as described in Article 17 of the UCP, the financial institution specifically agrees to effect payment if this credit is drawn against within 30 days after the resumption of our business.

Sincerely,

______________________________ [*Issuing financial institution*]

(f) The following format shall be used by the financial institution to confirm an ILC:

[Confirming Financial Institution's Letterhead or Name and Address] ____

(Date) __________________

Our Letter of Credit Advice Number ____________________

Beneficiary: _________________ [*U.S. Government agency*]

Issuing Financial Institution: __________________________

Issuing Financial Institution's LC No.: ________________

Gentlemen:

1. We hereby confirm the above indicated Letter of Credit, the original of which is attached, issued by _________ [*name of issuing financial institution*] for drawings of up to United States dollars __________/U.S. $______ and expiring with our close of business on ____________ [*the expiration date*], or any automatically extended expiration date.

2. Draft(s) drawn under the Letter of Credit and this Confirmation are payable at our office located at _________________.

3. We hereby undertake to honor sight draft(s) drawn under and presented with the Letter of Credit and this Confirmation at our offices as specified herein.

4. [*This paragraph is omitted if used as a bid guarantee, and subsequent paragraphs are renumbered*.] It is a condition of this confirmation that it be deemed automatically extended without amendment for one year from the expiration date hereof, or any automatically extended expiration date, unless:

(a) At least 60 days prior to any such expiration date, we shall notify the Contracting Officer, or the transferee and the issuing financial institution, by registered mail or other receipted means of delivery, that we elect not to consider this confirmation extended for any such additional period; or

(b) The issuing financial institution shall have exercised its right to notify you or the transferee, the account party, and ourselves, of its election not to extend the expiration date of the Letter of Credit.

5. This confirmation is subject to the Uniform Customs and Practice (UCP) for Documentary Credits, International Chamber of Commerce Publication No. ___________________ (Insert version in effect at the time of ILC issuance, e.g., "Publication 600, 2006 edition") and to the extent not inconsistent therewith, to the laws of ___________________ [State of confirming financial institution].

6. If this confirmation expires during an interruption of business of this financial institution as described in Article 17 of the UCP, we specifically agree to effect payment if this credit is drawn against within 30 days after the resumption of our business.

Sincerely,

____________________________ [*Confirming financial institution*]

(g) The following format shall be used by the Contracting Officer for a sight draft to draw on the Letter of Credit:

__________ [*By*]

(End of clause)

52.228-15 Performance and Payment Bonds-Construction.

As prescribed in 28.102-3(a), insert a clause substantially as follows:

PERFORMANCE AND PAYMENT BONDS-CONSTRUCTION (JUN 2020)

(a) *Definitions*. As used in this clause-

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) *Amount of required bonds*. Unless the resulting contract price is valued at or below the threshold specified in Federal Acquisition Regulation 28.102-1(a) on the date of award of this contract, the successful offeror shall furnish performance and payment bonds to the Contracting Officer as follows:

(1) *Performance bonds (Standard Form 25)*. The penal amount of performance bonds at the time of contract award shall be 100 percent of the original contract price.

(2) *Payment Bonds (Standard Form 25A)*. The penal amount of payment bonds at the time of contract award shall be 100 percent of the original contract price.

(3) Additional bond protection. (i) The Government may require additional performance and payment bond protection if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) *Furnishing executed bonds*. The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) *Surety or other security for bonds*. The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the *Federal Register* or may be obtained from the:

U.S. Department of the Treasury,
Financial Management Service,
Surety Bond Branch,
3700 East West Highway,
Room 6F01,
Hyattsville, MD 20782.
Or via the internet at http://www.fms.treas.gov/c570/.

(e) *Notice of subcontractor waiver of protection* (40 U.S.C. 3133(c)). Any waiver of the right to sue on the payment bond is void unless it is in writing, signed by the person whose right is waived, and executed after such person has first furnished labor or material for use in the performance of the contract.

(End of clause)

52.228-16 Performance and Payment Bonds-Other Than Construction.

As prescribed in 28.103-4 , insert a clause substantially as follows:

PERFORMANCE AND PAYMENT BONDS-OTHER THAN CONSTRUCTION (NOV 2006)

(a) *Definitions*. As used in this clause-

"Original contract price" means the award price of the contract or, for requirements contracts, the price payable for the estimated quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) The Contractor shall furnish a performance bond (Standard Form 1418) for the protection of the Government in an amount equal to _______ percent of the original contract price and a payment bond Standard Form 1416) in an amount equal to ______ percent of the original contract price.

(c) The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within ________ days, but in any event, before starting work.

(d) The Government may require additional performance and payment bond protection if the contract price is increased. The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bonds or to obtain additional bonds.

(e) The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the *Federal Register*, or may be obtained from the:

U.S. Department of the Treasury,
Financial Management Service,
Surety Bond Branch,
3700 East West Highway,
Room 6F01
Hyattsville, MD 20782.
Or via the internet at http://www.fms.treas.gov/c570/.

(End of clause)

Alternate I (July2000). As prescribed in 28.103-4 , substitute the following paragraphs (b) and (d) for paragraphs (b) and (d) of the basic clause:

(b) The Contractor shall furnish a performance bond (Standard Form 1418) for the protection of the Government in an amount equal to ______ percent of the original contract price.

(d) The Government may require additional performance bond protection if the contract price is increased. The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

52.228-17 Individual Surety—Pledge of Assets (Bid Guarantee).

As prescribed in 28.203-4 (a), insert the following provision:

INDIVIDUAL SURETY—PLEDGE OF ASSETS (FEB 2021)

(a) Offerors shall obtain from each person acting as an individual surety on a bid guarantee—

(1) A pledge of assets that meets the eligibility, valuation, and security requirements described in the Federal Acquisition Regulation (FAR) 28.203-1; and

(2) Standard Form 28, Affidavit of Individual Surety.

(b) The Offeror shall include with its offer the information required at paragraph (a) of this provision within the timeframe specified in the provision at FAR 52.228-1, Bid Guarantee, or as otherwise established by the Contracting Officer.

(c) The Contracting Officer may release the security interest on the individual surety's assets in support of a bid guarantee based upon evidence that the offer supported by the individual surety will not result in contract award.

(End of provision)

This page intentionally left blank.

52.229 [Reserved]

52.229-1 State and Local Taxes.

As prescribed in 29.401-1 , insert the following clause:

STATE AND LOCAL TAXES (APR 1984)

Notwithstanding the terms of the Federal, State, and Local Taxes clause, the contract price excludes all State and local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. The Contractor shall state separately on its invoices taxes excluded from the contract price, and the Government agrees either to pay the amount of the taxes to the Contractor or provide evidence necessary to sustain an exemption.

(End of clause)

52.229-2 North Carolina State and Local Sales and Use Tax.

As prescribed in 29.401-2, insert the following clause:

NORTH CAROLINA STATE AND LOCAL SALES AND USE TAX (DATE)

(a) "Materials," as used in this clause, means building materials, supplies, fixtures, and equipment that become a part of or are annexed to any building or structure erected, altered, or repaired under this contract.

(b) If this is a fixed-price contract, the contract price includes North Carolina State and local sales and use taxes to be paid on materials, notwithstanding any other provision of this contract. If this is a cost-reimbursement contract, any North Carolina State and local sales and use taxes paid by the Contractor on materials shall constitute an allowable cost under this contract.

(c) At the time specified in paragraph (d) of this clause, the Contractor shall furnish the Contracting Officer certified statements setting forth the cost of the materials purchased from each vendor and the amount of North Carolina State and local sales and use taxes paid. In the event the Contractor makes several purchases from the same vendor, the certified statement shall indicate the invoice numbers, the inclusive dates of the invoices, the total amount of the invoices, and the North Carolina State and local sales and use taxes paid. The statement shall also include the cost of any tangible personal property withdrawn from the Contractor's warehouse stock and the amount of North Carolina State and local sales or use tax paid on this property by the Contractor. The Contractor must show any local sales or use taxes included in the Contractor's statements separately from the State sales or use taxes. The Contractor shall furnish any additional information the Commissioner of Revenue of the State of North Carolina may require to substantiate a refund claim for sales or use taxes. The Contractor shall also obtain and furnish to the Contracting Officer similar certified statements by its subcontractors.

(d) If this contract is completed before the next October 1, the Contractor shall submit certified statements to be furnished pursuant to paragraph (c) of this clause within 60 days after completion. If this contract is not completed before the next October 1, the Contractor shall submit certified statements on or before November 30 of each year that include taxes paid during the 12-month period that ended the preceding September 30.

(e) The Contractor shall use the following format for the certified statements to be furnished pursuant to paragraph (c) of this clause:

I hereby certify that during the period ______ to _____ [*insert dates*], ____ [*insert name of Contractor or subcontractor*] paid North Carolina State and local sales and use taxes aggregating $______ (State) and $______ (local), with respect to building materials, supplies, fixtures, and equipment that have become a part of or annexed to a building or structure erected, altered, or repaired by _________ [*insert name of Contractor or subcontractor*] for the United States of America, and that the vendors from whom the property was purchased, the dates and numbers of the invoices covering the purchases, the total amount of the invoices of each vendor, the North Carolina State and local sales and use taxes paid on the property (shown separately), and the cost of property withdrawn from warehouse stock and North Carolina State and local sales or use taxes paid on this property are as set forth in the attachments.

Alternate I (APR 1984). If the requirement is for vessel repair to be performed in North Carolina, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) "Materials," as used in this clause, means materials, supplies, fixtures, and equipment that become a part of or are annexed to any vessel altered or repaired under this contract.

(End of clause)

52.229-3 Federal, State, and Local Taxes.

As prescribed in 29.401-3 , insert the following clause:

FEDERAL, STATE, AND LOCAL TAXES (DATE)

(a) As used in this clause-

After-imposed Federal tax means any new or increased Federal excise tax or duty, or tax that was exempted or excluded on the contract date but whose exemption was later revoked or reduced during the contract period, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date. It does not include social security tax or other employment taxes.

After-relieved Federal tax means any amount of Federal excise tax or duty, except social security or other employment taxes, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund or drawback, as the result of legislative, judicial, or administrative action taking effect after the contract date.

All applicable Federal, State, and local taxes and duties means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract.

Contract date means the date set for bid opening or, if this is a negotiated contract or a modification, the effective date of this contract or modification.

Local taxes includes taxes imposed by a possession or territory of the United States, Puerto Rico, or the Northern Mariana Islands, if the contract is performed wholly or partly in any of those areas.

(b) (1) The contract price includes all applicable Federal, State, and local taxes and duties, except as provided in subparagraph (b)(2)(i) of this clause.

(2) Taxes imposed under 26 U.S.C. 5000C may not be-

(i) Included in the contract price; nor

(ii) Reimbursed.

(c) The Government will increase the contract price by the amount of any after-imposed Federal tax, provided the Contractor warrants in writing that no amount for such newly imposed Federal excise tax or duty or rate increase was included in the contract price, as a contingency reserve or otherwise.

(d) The Government will decrease the contract price by the amount of any after-relieved Federal tax.

(e) The Government will decrease the contract price by the amount of any Federal excise tax or duty, except social security or other employment taxes, that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor’s fault, negligence, or failure to follow instructions of the Contracting Officer.

(f) The Government will not adjust the contract price under this clause unless the amount of the adjustment exceeds $250.

(g) The Contractor shall promptly notify the Contracting Officer of all matters relating to any Federal excise tax or duty that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs.

(h) The Government will, without liability, furnish evidence appropriate to establish exemption from any Federal, State, or local tax when the Contractor requests such evidence and a reasonable basis exists to sustain the exemption.

(End of clause)

52.229-4 Federal, State, and Local Taxes (State and Local Adjustments).

As prescribed in 29.401-3, insert the following clause:

FEDERAL, STATE, AND LOCAL TAXES (STATE AND LOCAL ADJUSTMENTS) (DATE)

(a) As used in this clause-

After-imposed tax means any new or increased Federal, State, or local tax or duty, or tax that was excluded on the contract date but whose exclusion was later revoked or amount of exemption reduced during the contract period, other than an excepted tax, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

After-relieved tax means any amount of Federal, State, or local tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund or drawback, as the result of legislative, judicial, or administrative action taking effect after the contract date.

All applicable Federal, State, and local taxes and duties means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract.

Contract date means the effective date of this contract and, for any modification to this contract, the effective date of the modification.

Excepted tax means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include gross income taxes levied on or measured by sales or receipts from sales, property taxes assessed on completed supplies covered by this contract, or any tax assessed on the Contractor's possession of, interest in, or use of property, title to which is in the Government.

Local taxes includes taxes imposed by a possession or territory of the United States, Puerto Rico, or the Northern Mariana Islands, if the contract is performed wholly or partly in any of those areas.

(b) (1) Unless otherwise provided in this contract, the contract price includes all applicable Federal, State, and local taxes and duties, except as provided in subparagraph (b)(2)(i) of this clause.

(2) Taxes imposed under 26 U.S.C. 5000C may not be-

(i) Included in the contract price; nor

(ii) Reimbursed.

(c) The Government will increase the contract price by the amount of any after-imposed tax, or of any tax or duty specifically excluded from the contract price by a term or condition of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(d) The Government will decrease the contract price by the amount of any after-relieved tax. The Government shall be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government for such taxes. The Government will be entitled to repayment of any penalty refunded to the Contractor to the extent that the penalty was paid by the Government.

(e) The Government will decrease the contract price by the amount of any Federal, State, or local tax, other than an excepted tax, that was included in the contract price and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(f) The Government will not adjust the contract price under this clause unless the amount of the adjustment exceeds $250.

(g) The Contractor shall promptly notify the Contracting Officer of all matters relating to Federal, State, and local taxes and duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. The contract price shall be equitably adjusted to cover the costs of action taken by the Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

(h) The Government will furnish evidence appropriate to establish exemption from any Federal, State, or local tax when-

(1) The Contractor requests such exemption and states in writing that it applies to a tax excluded from the contract price; and

(2) A reasonable basis exists to sustain the exemption.

(End of clause)

52.229-5 [Reserved]

52.229-6 Taxes-Foreign Fixed-Price Contracts.

As prescribed in 29.402-1(a), insert the following clause:

TAXES-FOREIGN FIXED-PRICE CONTRACTS (DATE)

(a) To the extent that this contract provides for furnishing supplies or performing services outside the United States and its outlying areas, this clause applies in lieu of any Federal, State, and local taxes clause of the contract.

(b) *Definitions*. As used in this clause-

Contract date means the date set for bid opening or, if this is a negotiated contract or a modification, the effective date of this contract or modification.

Country concerned means any country, other than the United States and its outlying areas, in which expenditures under this contract are made.

Tax and "taxes" include fees and charges for doing business that are levied by the government of the country concerned or by its political subdivisions.

All applicable taxes and duties means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract, pursuant to written ruling or regulation in effect on the contract date.

After-imposed tax means any new or increased tax or duty, or tax that was exempted or excluded on the contract date but whose exemption was later revoked or reduced during the contract period, other than excepted tax, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

After-relieved tax means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the contract date.

Excepted tax means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include gross income taxes levied on or measured by sales or receipts from sales, property taxes assessed on completed supplies covered by this contract, or any tax assessed on the Contractor's possession of, interest in, or use of property, title to which is in the U.S. Government.

(c) (1) Unless otherwise provided in this contract, the contract price includes all applicable taxes and duties, except taxes and duties that the Government of the United States and the government of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States, except as provided in paragraph (c)(2) of this clause.

(2) Taxes imposed under 26 U.S.C. 5000C may not be-

(i) Included in the contract price; nor

(ii) Reimbursed.

(d) (1) Except as provided in paragraph (d)(2) of this clause, the Government will increase the contract price by the amount of any after-imposed tax or of any tax or duty specifically excluded from the contract price by a provision of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the requirements of paragraph (i) of this clause.

(2) The Government will not increase the contract price to offset taxes imposed under 26 U.S.C. 5000C.

(e) The Government will decrease the contract price by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States will be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government of the United States for such taxes. The Government of the United States will be entitled to repayment of any penalty refunded to the Contractor to the extent that the penalty was paid by the Government.

(f) The Government will decrease the contract price by the amount of any tax or duty, other than an excepted tax, that was included in the contract and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the requisements of paragraph (i) of this clause.

(g) The Government will not adjust the contract price under this clause unless the amount of the adjustment exceeds $250.

(h) If the Contractor obtains a reduction in tax liability under the United States Internal Revenue Code (Title26, U.S. Code) because of the payment of any tax or duty that either was included in the contract price or was the basis of an increase in the contract price, the Contractor shall pay or credit the amount of the reduction to the Government of the United States as the Contracting Officer directs.

(i) The Contractor shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including interest or penalty, from which the United States Government, the Contractor, any subcontractor, or the transactions or property covered by this contract are exempt under the laws of the country concerned or its political subdivisions or which the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

(j) The Contractor shall promptly notify the Contracting Officer of all matters relating to taxes or duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. The Government will equitably adjust the contract price to cover the costs of action taken by the Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

(End of clause)

52.229-7 Taxes-Fixed-Price Contracts with Foreign Governments.

As prescribed in 29.402-1(b), insert the following clause:

TAXES-FIXED-PRICE CONTRACTS WITH FOREIGN GOVERNMENTS (DATE)

(a) "Contract date," as used in this clause, means the date set for bid opening or, if this is a negotiated contract or a modification, the effective date of this contract or modification.

(b) (1) The contract price, including the prices in any subcontracts under this contract, does not include any tax or duty that the Government of the United States and the Government of ______ *[insert name of the foreign government]* have agreed shall not apply to expenditures made by the United States in ______ *[insert name of country]*, or any tax or duty not applicable to this contract or any subcontracts under this contract, pursuant to the laws of ______ *[insert name of country]*. If any such tax or duty has been included in the contract price, through error or otherwise, the contract price shall be correspondingly reduced.

(2) Taxes imposed under 26 U.S.C. 5000C may not be included in the contract price.

(c) If, after the contract date, the Government of the United States and the Government of ______ *[insert name of the foreign government]* agree that any tax or duty included in the contract price shall not apply to expenditures by the United States in ________ *[insert name of country]*, the Government of the United States will reduce the contract price accordingly.

(d) The Government of the United States will not adjust the contract price under this clause unless the amount of the adjustment exceeds $250.

(End of clause)

52.229-8 Taxes-Foreign Cost-Reimbursement Contracts.

As prescribed in 29.402-2(a), insert the following clause:

TAXES-FOREIGN COST-REIMBURSEMENT CONTRACTS (DATE)

(a) Any tax or duty from which the United States Government is exempt by agreement with the Government of ______ *[insert name of the foreign government]*, or from which the Contractor or any subcontractor under this contract is exempt under the laws of ______ *[insert name of country]*, shall not constitute an allowable cost under this contract.

(b) If the Contractor or subcontractor under this contract obtains a foreign tax credit that reduces its Federal income tax liability under the United States Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that was reimbursed under this contract, the Contractor shall pay or credit the amount of the reduction at the time of such offset to the Government of the United States as the Contracting Officer directs.

(End of clause)

52.229-9 Taxes-Cost-Reimbursement Contracts with Foreign Governments.

As prescribed in 29.402-2(b), insert the following clause:

TAXES-COST-REIMBURSEMENT CONTRACTS WITH FOREIGN GOVERNMENTS (DATE)

(a) Any tax or duty from which the United States Government is exempt by agreement with the Government of ______ *[insert name of the foreign government]*, or from which any subcontractor under this contract is exempt under the laws of ______ *[insert name of country]*, shall not constitute an allowable cost under this contract.

(b) If any subcontractor obtains a foreign tax credit that reduces its Federal income tax liability under the United States Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that was reimbursed under this contract, the subcontractor shall pay (not credit to the contract) the amount of the reduction to the Treasurer of the United States at the time the Federal income tax return is filed.

(End of clause)

52.229-10 State of New Mexico Gross Receipts and Compensating Tax.

As prescribed in 29.401-4(b), insert the following clause:

STATE OF NEW MEXICO GROSS RECEIPTS AND COMPENSATING TAX (DATE)

(a) Within 30 days after award of this contract, the Contractor shall register the contract, including the contract number, with the State of New Mexico, Taxation and Revenue Department, Revenue Division, pursuant to the Tax Administration Act of the State of New Mexico.

(b) The Contractor shall pay the New Mexico gross receipts taxes, required by the Gross Receipts and Compensating Tax Act of New Mexico, assessed against the contract fee and costs paid for performance of this contract, or of any part or portion thereof, within the State of New Mexico. The allowability of any gross receipts taxes or local option taxes lawfully paid to the State of New Mexico by the Contractor or its subcontractors will be determined by the contracting officer in accordance with the Allowable Cost and Payment clause of this contract except as provided in paragraph (d) of this clause.

(c) (1) The Contractor shall submit applications for Nontaxable Transaction Certificates, FormCSR-3 C, to the:

State of New Mexico Taxation and Revenue Dept. Revenue Division PO Box 630 Santa Fe, New Mexico 87509

(2) When the Type 15 Nontaxable Transaction Certificate is issued by the Revenue Division, the Contractor shall use these certificates strictly in accordance with this contract, and the agreement between the (*________________) and the New Mexico Taxation and Revenue Department.

(d) The Contractor shall provide Type 15 Nontaxable Transaction Certificates to each vendor in New Mexico selling tangible personal property to the Contractor for use in the performance of this contract. If the Contractor does not provide a Type 15 Nontaxable Transaction Certificate to a vendor, the vendor will be liable for the gross receipt taxes, which the vendor will pass on to the Contractor. Those taxes are not an allowable cost under the contract, and the Government will not reimburse the Contractor for the taxes.

(e) The Contractor shall pay the New Mexico compensating user tax for any tangible personal property which is purchased pursuant to a Nontaxable Transaction Certificate if such property is not used for Federal purposes.

(f) The Contractor's out-of-state purchase of tangible personal property, which would be otherwise subject to compensation tax, is subject to the principles of this clause. Accordingly, Contractors shall pay compensating tax if such property is not used for Federal purposes.

(g) The (*_______________) may receive information regarding the Contractor from the Revenue Division of the New Mexico Taxation and Revenue Department and, at the discretion of the (*_________________), may participate in any matters or proceedings pertaining to this clause or the Agreement mentioned in paragraph (c)(2) of this clause. This shall not preclude the Contractor from having its own representative nor does it obligate the (*______________) to represent its Contractor.

(h) The Contractor agrees to insert the substance of this clause, including this paragraph (h), in each subcontract which meets the criteria in 29.401-4(b)(1) through (3) of the Federal Acquisition Regulation.

(i) Paragraphs (a) through (h) of this clause shall be null and void should the Agreement referred to in paragraph (c)(2) of this clause be terminated; provided, however, that such termination shall not nullify obligations already incurred prior to the date of termination.

[*Insert appropriate agency name in blanks.]

(End of clause)

52.229-11 Tax on Certain Foreign Procurements—Notice and Representation.

As prescribed in 29.402-3(a), insert the following provision:

TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (DATE)

(a) *Definitions*. As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if–

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It □ is □ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 □ a full exemption, or □ partial or no exemption [*Offeror must select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

(End of provision)

52.229-12 Tax on Certain Foreign Procurements.

As prescribed in 29.402-3(b), insert the following clause:

TAX ON CERTAIN FOREIGN PROCUREMENTS (DATE)

(a) *Definitions.* As used in this clause—

Foreign person means any person other than a United States person.
United States person, as defined in 26 U.S.C. 7701(a)(30), means–
(1) A citizen or resident of the United States;
(2) A domestic partnership;
(3) A domestic corporation;
(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and
(5) Any trust if-
(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
(ii) One or more United States persons have the authority to control all substantial decisions of the trust.
(b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.
(c) (1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury IRS Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.
(2) If the Contractor—
(i) Is a foreign person; and
(ii) Has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding; and
(iii) Certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax; then the Contractor shall–
(A) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under 26 U.S.C. 5000C; and
(B) Comply with paragraph (c)(1) of this clause.
(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.
(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.
(f) Taxes imposed under 26 U.S.C. 5000C may not be—
(1) Included in the contract price; nor
(2) Reimbursed.
(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

52.230 [Reserved]

52.230-1 Cost Accounting Standards Notices and Certification.

As prescribed in 30.204(a), insert the following provision:

COST ACCOUNTING STANDARDS NOTICES AND CERTIFICATION (DEVIATION DATE)

Note: This notice does not apply to small businesses or foreign governments. This notice is in three parts, identified by Roman numerals I through III.

Offerors shall examine each part and provide the requested information in order to determine Cost Accounting Standards (CAS) requirements applicable to any resultant contract.

If the offeror is an educational institution, part II does not apply unless the contemplated contract will be subject to full or modified CAS coverage pursuant to 48 CFR 9903.201-2(c)(5) or 9903.201-2(c)(6), respectively.

I. DISCLOSURE STATEMENT-COST ACCOUNTING PRACTICES AND CERTIFICATION

(a) Any contract in excess of the lower CAS threshold specified in Federal Acquisition Regulation (FAR) 30.205(b) resulting from this solicitation will be subject to the requirements of the Cost Accounting Standards Board (48 CFR chapter 99), except for those contracts which are exempt as specified in 48 CFR 9903.201-1.

(b) Any offeror submitting a proposal which, if accepted, will result in a contract subject to the requirements of 48 CFR chapter 99 must, as a condition of contracting, submit a Disclosure Statement as required by 48 CFR 9903.202. When required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of this proposal. If an applicable Disclosure Statement has already been submitted, the offeror may satisfy the requirement for submission by providing the information requested in paragraph (c) of part I of this provision.

Caution: In the absence of specific regulations or agreement, a practice disclosed in a Disclosure Statement shall not, by virtue of such disclosure, be deemed to be a proper, approved, or agreed-to practice for pricing proposals or accumulating and reporting contract performance cost data.

(c) Check the appropriate box below:

(1) □ *Certificate of Concurrent Submission of Disclosure Statement*. The offeror hereby certifies that, as a part of the offer, copies of the Disclosure Statement have been submitted as follows:

(i) Original and one copy to the cognizant Administrative Contracting Officer (ACO) or cognizant Federal agency official authorized to act in that capacity (Federal official), as applicable; and

(ii) One copy to the cognizant Federal auditor.

(Disclosure must be on Form No. CASB DS-1 or CASB DS-2, as applicable. Forms may be obtained from the cognizant ACO or Federal official.)

Date of Disclosure Statement: ________________________ Name and Address of Cognizant ACO or Federal Official Where Filed: _____________________________________

The offeror further certifies that the practices used in estimating costs in pricing this proposal are consistent with the cost accounting practices disclosed in the Disclosure Statement.

(2) □ *Certificate of Previously Submitted Disclosure Statement*. The offeror hereby certifies that the required Disclosure Statement was filed as follows:

Date of Disclosure Statement: ________________________ Name and Address of Cognizant ACO or Federal Official Where Filed: _____________________________________

The offeror further certifies that the practices used in estimating costs in pricing this proposal are consistent with the cost accounting practices disclosed in the applicable Disclosure Statement.

(3) □ *Certificate of Monetary Exemption*. The offeror hereby certifies that the offeror, together with all divisions, subsidiaries, and affiliates under common control, did not receive net awards of negotiated prime contracts and subcontracts subject to CAS totaling $50 million or more in the cost accounting period immediately preceding the period in which this proposal was submitted. The offeror further certifies that if such status changes before an award resulting from this proposal, the offeror will advise the Contracting Officer immediately.

(4) □ *Certificate of Interim Exemption*. The offeror hereby certifies that (i) the offeror first exceeded the monetary exemption for disclosure, as defined in (3) of this subsection, in the cost accounting period immediately preceding the period

in which this offer was submitted and (ii) in accordance with 48 CFR 9903.202-1, the offeror is not yet required to submit a Disclosure Statement. The offeror further certifies that if an award resulting from this proposal has not been made within 90 days after the end of that period, the offeror will immediately submit a revised certificate to the Contracting Officer, in the form specified under paragraph (c)(1) or (c)(2) of part I of this provision, as appropriate, to verify submission of a completed Disclosure Statement.

Caution: Offerors currently required to disclose because they were awarded a CAS-covered prime contract or subcontract of $50 million or more in the current cost accounting period may not claim this exemption (4). Further, the exemption applies only in connection with proposals submitted before expiration of the 90-day period following the cost accounting period in which the monetary exemption was exceeded.

II. COST ACCOUNTING STANDARDS-ELIGIBILITY FOR MODIFIED CONTRACT COVERAGE

If the offeror is eligible to use the modified provisions of 48 CFR 9903.201-2(b) and elects to do so, the offeror shall indicate by checking the box below. Checking the box below shall mean that the resultant contract is subject to the Disclosure and Consistency of Cost Accounting Practices clause in lieu of the Cost Accounting Standards clause.

□ The offeror hereby claims an exemption from the Cost Accounting Standards clause under the provisions of 48 CFR 9903.201-2(b) and certifies that the offeror is eligible for use of the Disclosure and Consistency of Cost Accounting Practices clause because during the cost accounting period immediately preceding the period in which this proposal was submitted, the offeror received less than $50 million in awards of CAS-covered prime contracts and subcontracts. The offeror further certifies that if such status changes before an award resulting from this proposal, the offeror will advise the Contracting Officer immediately.

Caution: An offeror may not claim the above eligibility for modified contract coverage if this proposal is expected to result in the award of a CAS-covered contract of $50 million or more or if, during its current cost accounting period, the offeror has been awarded a single CAS-covered prime contract or subcontract of $50 million or more.

III. ADDITIONAL COST ACCOUNTING STANDARDS APPLICABLE TO EXISTING CONTRACTS

The offeror shall indicate below whether award of the contemplated contract would, in accordance with paragraph (a)(3) of the Cost Accounting Standards clause, require a change in established cost accounting practices affecting existing contracts and subcontracts.

□ Yes □ No

(End of provision)

52.230-2 Cost Accounting Standards.

As prescribed in 30.205(a)(1), insert the following clause:

COST ACCOUNTING STANDARDS (DEVIATION DATE)

(a) Unless the contract is exempt under 48 CFR 9903.201-1 and 9903.201-2, the provisions of 48 CFR part 9903 are incorporated herein by reference and the Contractor, in connection with this contract, shall-

(1) *(CAS-covered Contracts Only)* By submission of a Disclosure Statement, disclose in writing the Contractor's cost accounting practices as required by 48 CFR 9903.202-1 through 9903.202-5, including methods of distinguishing direct costs from indirect costs and the basis used for allocating indirect costs. The practices disclosed for this contract shall be the same as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Contractor and which contain a Cost Accounting Standards (CAS) clause. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the Government.

(2) Follow consistently the Contractor's cost accounting practices in accumulating and reporting contract performance cost data concerning this contract. If any change in cost accounting practices is made for the purposes of any contract or subcontract subject to CAS requirements, the change must be applied prospectively to this contract and the Disclosure

Statement must be amended accordingly. If the contract price or cost allowance of this contract is affected by such changes, adjustment shall be made in accordance with paragraph (a)(4) or (a)(5) of this clause, as appropriate.

(3) Comply with all CAS, including any modifications and interpretations indicated thereto contained in 48 CFR part 9904, in effect on the date of award of this contract or, if the Contractor has submitted certified cost or pricing data, on the date of final agreement on price as shown on the Contractor's signed certificate of current cost or pricing data. The Contractor shall also comply with any CAS (or modifications to CAS) which hereafter become applicable to a contract or subcontract of the Contractor. Such compliance shall be required prospectively from the date of applicability to such contract or subcontract.

(4) (i) (Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is affected by a change which, pursuant to paragraph (a)(3) of this clause, the Contractor is required to make to the Contractor's established cost accounting practices.

(ii) Negotiate with the Contracting Officer to determine the terms and conditions under which a change may be made to a cost accounting practice, other than a change made under other provisions of paragraph (a)(4) of this clause; provided that no agreement may be made under this provision that will increase costs paid by the United States.

(iii) When the parties agree to a change to a cost accounting practice, other than a change under subdivision (a)(4)(i) of this clause, negotiate an equitable adjustment as provided in the Changes clause of this contract.

(5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor fails to comply with an applicable Cost Accounting Standard, or to follow any cost accounting practice consistently and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States, together with interest thereon computed at the annual rate established under section 6621(a)(2) of the Internal Revenue Code of 1986 (26 U.S.C. 6621(a)(2)) for such period, from the time the payment by the United States was made to the time the adjustment is effected. In no case shall the Government recover costs greater than the increased cost to the Government, in the aggregate, on the relevant contracts subject to the price adjustment, unless the Contractor made a change in its cost accounting practices of which it was aware or should have been aware at the time of price negotiations and which it failed to disclose to the Government.

(b) If the parties fail to agree whether the Contractor or a subcontractor has complied with an applicable CAS in 48 CFR part 9904 or a CAS rule or regulation in 48 CFR part 9903 and as to any cost adjustment demanded by the United States, such failure to agree will constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any documents, papers, or records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts which the Contractor enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts, of any tier, including the obligation to comply with all CAS in effect on the subcontractor's award date or if the subcontractor has submitted certified cost or pricing data, on the date of final agreement on price as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data. If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other types of CAS coverage, the substance of the applicable clause set forth in subsection 30.205 of the Federal Acquisition Regulation (FAR) shall be inserted. This requirement shall apply only to negotiated subcontracts in excess of the lower CAS threshold specified in FAR 30.205(b) on the date of subcontract award, except that the requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-3 Disclosure and Consistency of Cost Accounting Practices.

As prescribed in 30.205(b)(1), insert the following clause:

DISCLOSURE AND CONSISTENCY OF COST ACCOUNTING PRACTICES (DEVIATION DATE)

(a) The Contractor, in connection with this contract, shall-

(1) Comply with the requirements of 48 CFR 9904.401, Consistency in Estimating, Accumulating, and Reporting Costs; 48 CFR 9904.402, Consistency in Allocating Costs Incurred for the Same Purpose; 48 CFR 9904.405, Accounting for Unallowable Costs; and 48 CFR 9904.406, Cost Accounting Standard-Cost Accounting Period, in effect on the date of award of this contract as indicated in 48 CFR part 9904.

(2) *(CAS-covered Contracts Only)* If it is a business unit of a company required to submit a Disclosure Statement, disclose in writing its cost accounting practices as required by 48 CFR 9903.202-1 through 9903.202-5. If the Contractor has

notified the Contracting Officer that the Disclosure Statement contains trade secrets and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the Government.

(3) (i) Follow consistently the Contractor's cost accounting practices. A change to such practices may be proposed, however, by either the Government or the Contractor, and the Contractor agrees to negotiate with the Contracting Officer the terms and conditions under which a change may be made. After the terms and conditions under which the change is to be made have been agreed to, the change must be applied prospectively to this contract, and the Disclosure Statement, if affected, must be amended accordingly.

(ii) The Contractor shall, when the parties agree to a change to a cost accounting practice and the Contracting Officer has made the finding required in 48 CFR 9903.201-6(c), that the change is desirable and not detrimental to the interests of the Government, negotiate an equitable adjustment as provided in the Changes clause of this contract. In the absence of the required finding, no agreement may be made under this contract clause that will increase costs paid by the United States.

(4) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor fails to comply with the applicable CAS or to follow any cost accounting practice, and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States together with interest thereon computed at the annual rate established under section 6621(a)(2) of the Internal Revenue Code of 1986 (26 U.S.C. 6621(a)(2)), from the time the payment by the United States was made to the time the adjustment is effected.

(b) If the parties fail to agree whether the Contractor has complied with an applicable CAS, rule, or regulation as specified in 48 CFR parts 9903 and 9904 and as to any cost adjustment demanded by the United States, such failure to agree will constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any documents, papers, and records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts, which the Contractor enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts of any tier, except that-

(1) If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other types of CAS coverage, the substance of the applicable clause set forth in section 30.205 of the Federal Acquisition Regulation (FAR) shall be inserted.

(2) The requirement in this paragraph (d) shall apply only to negotiated subcontracts in excess of the lower CAS threshold specified in FAR 30.205(b) on the date of subcontract award.

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-4 Disclosure and Consistency of Cost Accounting Practices-Foreign Concerns.

As prescribed in 30.205(c)(1), insert the following clause:

DISCLOSURE AND CONSISTENCY OF COST ACCOUNTING PRACTICES-FOREIGN CONCERNS (DEVIATION DATE)

(a) The Contractor, in connection with this contract, shall-

(1) Comply with the requirements of 48 CFR 9904.401, Consistency in Estimating, Accumulating, and Reporting Costs; and 48 CFR 9904.402, Consistency in Allocating Costs Incurred for the Same Purpose, in effect on the date of award of this contract, as indicated in 48 CFR part 9904.

(2) (Cost Accounting Standard (CAS)-covered Contracts Only). If it is a business unit of a company required to submit a Disclosure Statement, disclose in writing its cost accounting practices as required by 48 CFR 9903.202-1 through 48 CFR 9903.202-5. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the U.S. Government.

(3) (i) Follow consistently the Contractor's cost accounting practices. A change to such practices may be proposed, however, by either the U.S. Government or the Contractor, and the Contractor agrees to negotiate with the Contracting Officer the terms and conditions under which a change may be made. After the terms and conditions under which the change

is to be made have been agreed to, the change must be applied prospectively to this contract, and the Disclosure Statement, if affected, must be amended accordingly.

(ii) The Contractor shall, when the parties agree to a change to a cost accounting practice and the Contracting Officer has made the finding required in 48 CFR 9903.201-6(c) that the change is desirable and not detrimental to the interests of the U.S. Government, negotiate an equitable adjustment as provided in the Changes clause of this contract. In the absence of the required finding, no agreement may be made under this contract clause that will increase costs paid by the U.S. Government.

(4) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor fails to comply with the applicable CAS or to follow any cost accounting practice, and such failure results in any increased costs paid by the U.S. Government. Such adjustment shall provide for recovery of the increased costs to the U.S. Government, together with interest thereon computed at the annual rate established under section 6621(a)(2) of the Internal Revenue Code of 1986 (26 U.S.C. 6621(a)(2)) for such period, from the time the payment by the U.S. Government was made to the time the adjustment is effected.

(b) If the parties fail to agree whether the Contractor has complied with an applicable CAS rule, or regulation as specified in 48 CFR parts 9903 and 9904 and as to any cost adjustment demanded by the U.S. Government, such failure to agree will constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the U.S. Government to examine and make copies of any documents, papers, and records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts, which the Contractor enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts of any tier, except that—

(1) If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other types of CAS coverage, the substance of the applicable clause prescribed in Federal Acquisition Regulation (FAR) 30.205 shall be inserted.

(2) The requirement in this paragraph (d) shall apply only to negotiated subcontracts in excess of the lower CAS threshold specified in FAR 30.205(b) on the date of subcontract award.

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-5 Cost Accounting Standards-Educational Institution.

As prescribed in 30.205(e)(1), insert the following clause:

COST ACCOUNTING STANDARDS-EDUCATIONAL INSTITUTION (DEVIATION DATE)

(a) Unless the contract is exempt under 48 CFR 9903.201-1 and 9903.201-2, the provisions of 48 CFR part 9903 are incorporated herein by reference and the Contractor, in connection with this contract, shall-

(1) *(CAS-covered contracts only)*. If a business unit of an educational institution (defined as an institution of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A and 20 U.S.C. 1001) is required to submit a Disclosure Statement, disclose in writing the Contractor's cost accounting practices as required by 48 CFR 9003.202-1 through 9903.202-5, including methods of distinguishing direct costs from indirect costs and the basis used for accumulating and allocating indirect costs. The practices disclosed for this contract shall be the same as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Contractor and which contain a Cost Accounting Standards (CAS) clause. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets, and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the Government.

(2) Follow consistently the Contractor's cost accounting practices in accumulating and reporting contract performance cost data concerning this contract. If any change in cost accounting practices is made for the purposes of any contract or subcontract subject to CAS requirements, the change must be applied prospectively to this contract and the Disclosure Statement, if required, must be amended accordingly. If an accounting principle change mandated under OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III, requires that a change in the Contractor's cost accounting practices be made after the date of this contract award, the change must be applied prospectively to this contract and the Disclosure

Statement, if required, must be amended accordingly. If the contract price or cost allowance of this contract is affected by such changes, adjustment shall be made in accordance with paragraph (a)(4) or (a)(5) of this clause, as appropriate.

(3) Comply with all CAS, including any modifications and interpretations indicated thereto contained in 48 CFR part 9905 in effect on the date of award of this contract or, if the Contractor has submitted certified cost or pricing data, on the date of final agreement on price as shown on the Contractor's signed certificate of current cost or pricing data. The Contractor shall also comply with any CAS (or modifications to CAS) which hereafter become applicable to a contract or subcontract of the Contractor. Such compliance shall be required prospectively from the date of applicability to such contract or subcontract.

(4) (i) Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is affected by a change which, pursuant to paragraph (a)(3) of this clause, the Contractor is required to make to the Contractor's established cost accounting practices.

(ii) Negotiate with the Contracting Officer to determine the terms and conditions under which a change may be made to a cost accounting practice, other than a change made under other provisions of paragraph (a)(4) of this clause; provided that no agreement may be made under this provision that will increase costs paid by the United States.

(iii) When the parties agree to a change to a cost accounting practice, other than a change under subdivision (a)(4)(i) or (a)(4)(iv) of this clause, negotiate an equitable adjustment as provided in the Changes clause of this contract.

(iv) Agree to an equitable adjustment as provided in the Changes clause of this contract, if the contract cost is materially affected by an accounting principle amendment required under the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III, which, on becoming effective after the date of contract award, requires the Contractor to make a change to the Contractor's established cost accounting practices.

(5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor fails to comply with an applicable Cost Accounting Standard, or to follow any cost accounting practice consistently and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States, together with interest thereon computed at the annual rate established under section 6621(a)(2) of the Internal Revenue Code of 1986 (26 U.S.C. 6621(a)(2)) for such period, from the time the payment by the United States was made to the time the adjustment is effected. In no case shall the Government recover costs greater than the increased cost to the Government, in the aggregate, on the relevant contracts subject to the price adjustment, unless the Contractor made a change in its cost accounting practices of which it was aware or should have been aware at the time of price negotiations and which it failed to disclose to the Government.

(b) If the parties fail to agree whether the Contractor or a subcontractor has complied with an applicable CAS or a CAS rule or regulation in 48 CFR part 9903 and as to any cost adjustment demanded by the United States, such failure to agree will constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any documents, papers, or records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts which the Contractor enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts, of any tier, including the obligation to comply with all applicable CAS in effect on the subcontractor's award date or, if the subcontractor has submitted certified cost or pricing data, on the date of final agreement on price as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data, except that-

(1) If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other types of CAS coverage, the substance of the applicable clause set forth in 48 CFR 9903.201-4 shall be inserted;

(2) The requirement in this paragraph (d) shall apply only to negotiated subcontracts in excess of the lower CAS threshold specified in Federal Acquisition Regulation (FAR) 30.205(b) on the date of subcontract award; and

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-6 Administration of Cost Accounting Standards.

As prescribed in 30.205(d)(1), insert the following clause:

ADMINISTRATION OF COST ACCOUNTING STANDARDS (DEVIATION DATE)

For the purpose of administering the Cost Accounting Standards (CAS) requirements under this contract, the Contractor shall take the steps outlined in paragraphs (b) through (i) and (k) through (n) of this clause:

(a) Definitions. As used in this clause-

Affected CAS-covered contract or subcontract means a contract or subcontract subject to CAS rules and regulations for which a Contractor or subcontractor-

(1) Used one cost accounting practice to estimate costs and a changed cost accounting practice to accumulate and report costs under the contract or subcontract; or

(2) Used a noncompliant practice for purposes of estimating or accumulating and reporting costs under the contract or subcontract.

Cognizant Federal agency official (CFAO) means the Contracting Officer assigned by the cognizant Federal agency to administer the CAS.

Desirable change means a compliant change to a Contractor's established or disclosed cost accounting practices that the CFAO finds is desirable and not detrimental to the Government and is, therefore, not subject to the no increased cost prohibition provisions of CAS-covered contracts and subcontracts affected by the change.

Fixed-price contracts and subcontracts means—

(1) The following types of fixed-price contracts and subcontracts—

(i) Firm-fixed-price contracts;

(ii) Fixed-priced contracts with economic price adjustment (except when price adjustments are based on actual costs of labor or material); and

(iii) Firm-fixed-price, level-of-effort term contracts.

(2) Fixed-price incentive contracts and subcontracts where the price is not adjusted based on actual costs incurred (FAR part 16);

(3) Orders issued under indefinite-delivery contracts and subcontracts where final payment is not based on actual costs incurred (FAR part 16); and

(4) The fixed-hourly rate portion of time-and-materials and labor-hours contracts and subcontracts (FAR part 16).

Flexibly-priced contracts and subcontracts means—

(1) The following types of fixed-price contracts and subcontracts—

(i) Fixed-price contracts with economic price adjustment based on actual costs of labor or material;

(ii) Fixed-price incentive contract;

(iii) Fixed-price contracts with prospective price redetermination.; and

(iv) Fixed-ceiling-price contracts with retroactive price redetermination.

(2) Cost-reimbursement contracts and subcontracts (FAR part 16);

(3) Incentive contracts and subcontracts where the price may be adjusted based on actual costs incurred (FAR part 16);

(4) Orders issued under indefinite-delivery contracts and subcontracts where final payment is based on actual costs incurred (FAR part 16); and

(5) The materials portion of time-and-materials contracts and subcontracts (FAR part 16).

Noncompliance means a failure in estimating, accumulating, or reporting costs to-

(1) Comply with applicable CAS; or

(2) Consistently follow disclosed or established cost accounting practices.

Required change means-

(1) A change in cost accounting practice that a Contractor is required to make in order to comply with applicable Standards, modifications or interpretations thereto, that subsequently become applicable to existing CAS-covered contracts or subcontracts due to the receipt of another CAS-covered contract or subcontract; or

(2) A prospective change to a disclosed or established cost accounting practice when the CFAO determines that the former practice was in compliance with applicable CAS and the change is necessary for the Contractor to remain in compliance.

Unilateral change means a change in cost accounting practice from one compliant practice to another compliant practice that a Contractor with a CAS-covered contract(s) or subcontract(s) elects to make that has not been deemed a desirable change by the CFAO and for which the Government will pay no aggregate increased costs.

(b) Submit to the CFAO a description of any cost accounting practice change as outlined in paragraphs (b)(1) through (3) of this clause (including revisions to the Disclosure Statement, if applicable), and any written statement that the cost impact of the change is immaterial. If a change in cost accounting practice is implemented without submitting the notice required by this paragraph, the CFAO may determine the change to be a failure to follow paragraph (a)(2) of the clause at FAR 52.230-2, Cost Accounting Standards; paragraph (a)(4) of the clause at FAR 52.230-3, Disclosure and Consistency of Cost Accounting Practices; paragraph (a)(4) of the clause at FAR 52.230-4, Disclosure and Consistency of Cost Accounting Practices–Foreign Concerns; or paragraph (a)(2) of the clause at FAR 52.230-5, Cost Accounting Standards–Educational Institution.

(1) When a description has been submitted for a change in cost accounting practice that is dependent on a contact award and that contract is subsequently awarded, notify the CFAO within 15 days after such award.

(2) For any change in cost accounting practice not covered by (b)(1) of this clause that is required in accordance with paragraphs (a)(3) and (a)(4)(i) of the clause at FAR 52.230-2; or paragraphs (a)(3), (a)(4)(i), or (a)(4)(iv) of the clause at FAR 52.230-5; submit a description of the change to the CFAO not less than 60 days (or such other date as may be mutually agreed to by the CFAO and the Contractor) before implementation of the change.

(3) For any change in cost accounting practices proposed in accordance with paragraph (a)(4)(ii) or (iii) of the clauses at FAR 52.230-2 and FAR 52.230-5; or with paragraph (a)(3) of the clauses at FAR 52.230-3 and FAR 52.230-4, submit a description of the change not less than 60 days (or such other date as may be mutually agreed to by the CFAO and the Contractor) before implementation of the change. If the change includes a proposed retroactive date submit supporting rationale.

(4) Submit a description of the change necessary to correct a failure to comply with an applicable CAS or to follow a disclosed practice (as contemplated by paragraph (a)(5) of the clause at FAR 52.230-2 and FAR 52.230-5; or by paragraph (a)(4) of the clauses at FAR 52.230-3 and FAR 52.230-4)-

(i) Within 60 days (or such other date as may be mutually agreed to by the CFAO and the Contractor) after the date of agreement with the CFAO that there is a noncompliance; or

(ii) In the event of Contractor disagreement, within 60 days after the CFAO notifies the Contractor of the determination of noncompliance.

(c) When requested by the CFAO, submit on or before a date specified by the CFAO-

(1) A general dollar magnitude (GDM) proposal in accordance with paragraph (d) or (g) of this clause. The Contractor may submit a detailed cost-impact (DCI) proposal in lieu of the requested GDM proposal provided the DCI proposal is in accordance with paragraph (e) or (h) of this clause;

(2) A detailed cost-impact (DCI) proposal in accordance with paragraph (e) or (h) of this clause;

(3) For any request for a desirable change that is based on the criteria in FAR 30.302-2(b)(3)(ii), the data necessary to demonstrate the required cost savings; and

(4) For any request for a desirable change that is based on criteria other than that in FAR 30.302-2(b)(3)(ii), a GDM proposal and any other data necessary for the CFAO to determine if the change is a desirable change.

(d) For any change in cost accounting practice subject to paragraph (b)(1), (b)(2), or (b)(3) of this clause, the GDM proposal shall-

(1)) Calculate the cost impact in accordance with paragraph (f) of this clause;

(2) Use one or more of the following methods to determine the increase or decrease in cost accumulations:

(i) A representative sample of affected CAS-covered contracts and subcontracts.

(ii) The change in indirect rates multiplied by the total estimated base computed for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(iii) Any other method that provides a reasonable approximation of the total increase or decrease in cost accumulations for all affected fixed-price and flexibly-priced contracts and subcontracts;

(3) Use a format acceptable to the CFAO but, as a minimum, include the following data:

(i) The estimated increase or decrease in cost accumulations by Executive agency, including any impact the change may have on contract and subcontract incentives, fees, and profits, for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(ii) For unilateral changes, the increased or decreased costs to the Government for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts; and

(4) When requested by the CFAO, identify all affected CAS-covered contracts and subcontracts.

(e) For any change in cost accounting practice subject to paragraph (b)(1), (b)(2), or (b)(3) of this clause, the DCI proposal shall-

(1) Show the calculation of the cost impact in accordance with paragraph (f) of this clause;

(2) Show the estimated increase or decrease in cost accumulations for each affected CAS-covered contract and subcontract unless the CFAO and Contractor agree to include-

(i) Only those affected CAS-covered contracts and subcontracts having an estimate to complete exceeding a specified amount; and

(ii) An estimate of the total increase or decrease in cost accumulations for all affected CAS-covered contracts and subcontracts, using the results in paragraph (e)(2)(i) of this clause;

(3) Use a format acceptable to the CFAO but, as a minimum, include the information in paragraph (d)(3) of this clause; and

(4) When requested by the CFAO, identify all affected CAS-covered contracts and subcontracts.

(f) For GDM and DCI proposals that are subject to the requirements of paragraph (d) or (e) of this clause, calculate the cost impact as follows:

(1) The cost impact calculation shall include all affected CAS-covered contracts and subcontracts regardless of their status (i.e., open or closed) or the fiscal year in which the costs were incurred (i.e., whether or not the final indirect rates have been established).

(2) For unilateral changes-

(i) Determine the increased or decreased cost to the Government for flexibly-priced contracts and subcontracts as follows:

(A) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using the current practice, the difference is increased cost to the Government.

(B) When the estimated cost to complete using the changed practice is less than the estimated cost to complete using the current practice, the difference is decreased cost to the Government;

(ii) Determine the increased or decreased cost to the Government for fixed-priced contracts and subcontracts as follows:

(A) When the estimated cost to complete using the changed practice is less than the estimated cost to complete using the current practice, the difference is increased cost to the Government.

(B) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using the current practice, the difference is decreased cost to the Government;

(iii) Calculate the total increase or decrease in contract and subcontract incentives, fees, and profits associated with the increased or decreased costs to the Government in accordance with 48 CFR 9903.306(c). The associated increase or decrease is based on the difference between the negotiated incentives, fees, and profits and the amounts that would have been negotiated had the cost impact been known at the time the contracts and subcontracts were negotiated; and

(iv) Calculate the increased cost to the Government in the aggregate.

(3) For equitable adjustments for required or desirable changes-

(i) Estimated increased cost accumulations are the basis for increasing contract prices, target prices and cost ceilings; and

(ii) Estimated decreased cost accumulations are the basis for decreasing contract prices, target prices and cost ceilings.

(g) For any noncompliant cost accounting practice subject to paragraph (b)(4) of this clause, prepare the GDM proposal as follows:

(1) Calculate the cost impact in accordance with paragraph (i) of this clause.

(2) Use one or more of the following methods to determine the increase or decrease in contract and subcontract prices or cost accumulations, as applicable:

(i) A representative sample of affected CAS-covered contracts and subcontracts.

(ii) When the noncompliance involves cost accumulation the change in indirect rates multiplied by the applicable base for only flexibly-priced contracts and subcontracts.

(iii) Any other method that provides a reasonable approximation of the total increase or decrease.

(3) Use a format acceptable to the CFAO but, as a minimum, include the following data:

(i) The total increase or decrease in contract and subcontract price and cost accumulations, as applicable, by Executive agency, including any impact the noncompliance may have on contract and subcontract incentives, fees, and profits, for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(ii) The increased or decreased cost to the Government for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(iii) The total overpayments and underpayments made by the Government during the period of noncompliance.

(4) When requested by the CFAO, identify all CAS-covered contracts and subcontracts.

(h) For any noncompliant practice subject to paragraph (b)(4) of this clause, prepare the DCI proposal as follows:

(1) Calculate the cost impact in accordance with paragraph (i) of this clause.

(2) Show the increase or decrease in price and cost accumulations for each affected CAS-covered contract and subcontract unless the CFAO and Contractor agree to-

(i) Include only those affected CAS-covered contracts and subcontracts having-

(A) Contract and subcontract values exceeding a specified amount when the noncompliance involves estimating costs; and

(B) Incurred costs exceeding a specified amount when the noncompliance involves accumulating costs; and

(ii) Estimate the total increase or decrease in price and cost accumulations for all affected CAS-covered contracts and subcontracts using the results in paragraph (h)(2)(i) of this clause.

(3) Use a format acceptable to the CFAO that, as a minimum, include the information in paragraph (g)(3) of this clause.

(4) When requested by the CFAO, identify all CAS-covered contracts and subcontracts.

(i) For GDM and DCI proposals that are subject to the requirements of paragraph (g) or (h) of this clause, calculate the cost impact as follows:

(1) The cost impact calculation shall include all affected CAS-covered contracts and subcontracts regardless of their status (*i.e.,* open or closed) or the fiscal year in which the costs are incurred (i.e., whether or not the final indirect rates have been established).

(2) For noncompliances that involve estimating costs, determine the increased or decreased cost to the Government for fixed-price contracts and subcontracts as follows:

(i) When the negotiated contract or subcontract price exceeds what the negotiated price would have been had the Contractor used a compliant practice, the difference is increased cost to the Government.

(ii) When the negotiated contract or subcontract price is less than what the negotiated price would have been had the Contractor used a compliant practice, the difference is decreased cost to the Government.

(3) For noncompliances that involve accumulating costs, determine the increased or decreased cost to the Government for flexibly-priced contracts and subcontracts as follows:

(i) When the costs that were accumulated under the noncompliant practice exceed the costs that would have been accumulated using a compliant practice (from the time the noncompliant practice was first implemented until the date the noncompliant practice was replaced with a compliant practice), the difference is increased cost to the Government.

(ii) When the costs that were accumulated under the noncompliant practice are less than the costs that would have been accumulated using a compliant practice (from the time the noncompliant practice was first implemented until the date the noncompliant practice was replaced with a compliant practice), the difference is decreased cost to the Government.

(4) Calculate the total increase or decrease in contract and subcontracts incentives, fees, and profits associated with the increased or decreased cost to the Government in accordance with 48 CFR 9903.306(c). The associated increase or decrease is based on the difference between the negotiated incentives, fees, and profits and the amounts that would have been negotiated had the Contractor used a compliant practice.

(5) Calculate the increased cost to the Government in the aggregate.

(j) If the Contractor does not submit the information required by paragraph (b) or (c) of this clause within the specified time, or any extension granted by the CFAO, the CFAO may take one or both of the following actions:

(1) Withhold an amount not to exceed 10 percent of each subsequent amount payment to the Contractor's affected CAS-covered contracts, (up to the estimated GDM of the cost impact), until such time as the Contractor provides the required information to the CFAO.

(2) Issue a final decision in accordance with FAR part 33 and unilaterally adjust the contract(s) by the estimated amount of the cost impact.

(k) Agree to-

(1) Contract modifications to reflect adjustments required in accordance with paragraph (a)(4)(ii) or (a)(5) of the clauses at FAR 52.230-2 and 52.230-5; or with paragraph (a)(3)(i) or (a)(4) of the clauses at FAR 52.230-3 and FAR 52.230-4; and

(2) Repay the Government for any aggregate increased cost paid to the Contractor.

(l) For all subcontracts subject to the clauses at FAR 52.230-2, 52.230-3, 52.230-4, or 52.230-5-

(1) So state in the body of the subcontract, in the letter of award, or in both (do not use self-deleting clauses);

(2) Include the substance of this clause in all negotiated subcontracts; and

(3) Within 30 days after award of the subcontract, submit the following information to the Contractor's CFAO:

(i) Subcontractor's name and subcontract number.

(ii) Dollar amount and date of award.

(iii) Name of Contractor making the award.

(m) Notify the CFAO in writing of any adjustments required to subcontracts under this contract and agree to an adjustment to this contract price or estimated cost and fee. The Contractor shall-

(1) Provide this notice within 30 days after the Contractor receives the proposed subcontract adjustments; and

(2) Include a proposal for adjusting the higher-tier subcontract or the contract appropriately.

(n) For subcontracts containing the clause or substance of the clause at FAR 52.230-2, FAR 52.230-3, FAR 52.230-4, or FAR 52.230-5, require the subcontractor to comply with all Standards in effect on the date of award or of final agreement on price, as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data, whichever is earlier.

(End of clause)

52.230-7 Proposal Disclosure-Cost Accounting Practice Changes.

As prescribed in 30.204(c), insert the following provision:

PROPOSAL DISCLOSURE-COST ACCOUNTING PRACTICE CHANGES (APR 2005)

The offeror shall check "yes" below if the contract award will result in a required or unilateral change in cost accounting practice, including unilateral changes requested to be desirable changes.

□ Yes □ No

If the offeror checked "Yes" above, the offeror shall-

(1) Prepare the price proposal in response to the solicitation using the changed practice for the period of performance for which the practice will be used; and

(2) Submit a description of the changed cost accounting practice to the Contracting Officer and the Cognizant Federal Agency Official as pricing support for the proposal.

(End of provision)

52.231 [Reserved]

This page intentionally left blank.

52.232 [Reserved]

52.232-1 Payments.

As prescribed in 32.111(a)(1), insert the following clause:

PAYMENTS (APR 1984)

The Government shall pay the Contractor, upon the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified in this contract, payment shall be made on partial deliveries accepted by the Government if-

(a) The amount due on the deliveries warrants it; or

(b) The Contractor requests it and the amount due on the deliveries is at least $1,000 or 50 percent of the total contract price.

(End of clause)

52.232-2 Payments under Fixed-Price Research and Development Contracts.

As prescribed in 32.111(a)(2), insert the following clause:

PAYMENTS UNDER FIXED-PRICE RESEARCH AND DEVELOPMENT CONTRACTS (APR 1984)

The Government shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for work delivered or rendered and accepted, less any deductions provided in this contract. Unless otherwise specified, payment shall be made upon acceptance of any portion of the work delivered or rendered for which a price is separately stated in the contract.

(End of clause)

52.232-3 Payments under Personal Services Contracts.

As prescribed in 32.111(a)(3), insert the following clause:

PAYMENTS UNDER PERSONAL SERVICES CONTRACTS (DEVIATION DATE)

The Government shall pay the Contractor for the services performed by the Contractor, as set forth in the Schedule of this contract, at the rates prescribed, upon the submission by the Contractor of proper invoices or time statements to the office or officer designated and at the time provided for in this contract. The Government shall also pay the Contractor-

(a) A per diem rate in lieu of subsistence for each day the Contractor is in a travel status away from home or regular place of employment in accordance with Federal Travel Regulations (41 CFR Subtitle F) as authorized in appropriate Travel Orders; and

(b) Any other transportation expenses if provided for in the Schedule.

(End of clause)

52.232-4 Payments under Transportation Contracts and Transportation-Related Services Contracts.

As prescribed in 32.111(a)(4), insert the following clause:

PAYMENTS UNDER TRANSPORTATION CONTRACTS AND TRANSPORTATION-RELATED SERVICES CONTRACTS (APR 1984)

The Government shall pay the Contractor upon the submission of properly certified invoices or vouchers, the amount due for services rendered and accepted, less deductions, if any, as herein provided.

(End of clause)

52.232-5 Payments under Fixed-Price Construction Contracts.

As prescribed in 32.111(a)(5), insert the following clause:

PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (MAY 2014)

(a) *Payment of price*. The Government shall pay the Contractor the contract price as provided in this contract.

(b) *Progress payments*. The Government shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer.

(1) The Contractor's request for progress payments shall include the following substantiation:

(i) An itemization of the amounts requested, related to the various elements of work required by the contract covered by the payment requested.

(ii) A listing of the amount included for work performed by each subcontractor under the contract.

(iii) A listing of the total amount of each subcontract under the contract.

(iv) A listing of the amounts previously paid to each such subcontractor under the contract.

(v) Additional supporting data in a form and detail required by the Contracting Officer.

(2) In the preparation of estimates, the Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site also may be taken into consideration if-

(i) Consideration is specifically authorized by this contract; and

(ii) The Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) *Contractor certification*. Along with each request for progress payments, the Contractor shall furnish the following certification, or payment shall not be made: (However, if the Contractor elects to delete paragraph (c)(4) from the certification, the certification is still acceptable.)

I hereby certify, to the best of my knowledge and belief, that-

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;

(3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and

(4) This certification is not to be construed as final acceptance of a subcontractor's performance.

____ (*Name*)

____ (*Title*)

____ (*Date*)

(d) *Refund of unearned amounts*. If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

(1) Notify the Contracting Officer of such performance deficiency; and

(2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until-

(i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

(ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(e) *Retainage*. If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(f) *Title, liability, and reservation of rights*. All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as-

(1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or

(2) Waiving the right of the Government to require the fulfillment of all of the terms of the contract.

(g) *Reimbursement for bond premiums*. In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(h) *Final payment*. The Government shall pay the amount due the Contractor under this contract after-

(1) Completion and acceptance of all work;

(2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor’s claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of1940 (31 U.S.C.3727 and 41 U.S.C. 6305).

(i) *Limitation because of undefinitized work*. Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(j) *Interest computation on unearned amounts*. In accordance with 31 U.S.C. 3903(c)(1), the amount payable under paragraph (d)(2) of this clause shall be-

(1) Computed at the rate of average bond equivalent rates of 91-day Treasury bills auctioned at the most recent auction of such bills prior to the date the Contractor receives the unearned amount; and

(2) Deducted from the next available payment to the Contractor.

(End of clause)

52.232-6 Payment under Communication Service Contracts with Common Carriers.

As prescribed in 32.111(a)(6), insert the following clause:

PAYMENT UNDER COMMUNICATION SERVICE CONTRACTS WITH COMMON CARRIERS (APR 1984)

The Government shall pay the Contractor, in arrears, upon submission of invoices for services and facilities furnished in accordance with the terms of CSAs issued under this contract, the rates and charges for the services and facilities as set forth in the clause entitled "Rates, Charges and Services."

(End of clause)

52.232-7 Payments under Time-and-Materials and Labor-Hour Contracts.

As prescribed in 32.111(a)(7), insert the following clause:

PAYMENTS UNDER TIME-AND-MATERIALS AND LABOR-HOUR CONTRACTS (NOV 2021)

The Government will pay the Contractor as follows upon the submission of vouchers approved by the Contracting Officer or the authorized representative:

(a) *Hourly rate*. (1) *Hourly rate* means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are-

(i) Performed by the Contractor;

(ii) Performed by the subcontractors; or

(iii) Transferred between divisions, subsidiaries, or affiliates of the Contractor under a common control.

(2) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the Schedule by the number of direct labor hours performed.

(3) The hourly rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by employees that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.

(4) The hourly rates shall include wages, indirect costs, general and administrative expense, and profit. Fractional parts of an hour shall be payable on a prorated basis.

(5) Vouchers may be submitted not more than once every two weeks, to the Contracting Officer or authorized representative. A small business concern may receive more frequent payments than every two weeks. The Contractor shall substantiate vouchers (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment and by-

(i) Individual daily job timekeeping records;

(ii) Records that verify the employees meet the qualifications for the labor categories specified in the contract; or

(iii) Other substantiation approved by the Contracting Officer.

(6) Promptly after receipt of each substantiated voucher, the Government shall, except as otherwise provided in this contract, and subject to the terms of paragraph (e) of this clause, pay the voucher as approved by the Contracting Officer or authorized representative.

(7) Unless otherwise prescribed in the Schedule, the Contracting Officer may unilaterally issue a contract modification requiring the Contractor to withhold amounts from its billings until a reserve is set aside in an amount that the Contracting Officer considers necessary to protect the Government's interests. The Contracting Officer may require a withhold of 5 percent of the amounts due under paragraph (a) of this clause, but the total amount withheld for the contract shall not exceed $50,000. The amounts withheld shall be retained until the Contractor executes and delivers the release required by paragraph (g) of this clause.

(8) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis. If no overtime rates are provided in the Schedule and overtime work is approved in advance by the Contracting Officer, overtime rates shall be negotiated. Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract. If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(b) *Materials.* (1) For the purposes of this clause-

(i) *Direct materials* means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

(ii) *Materials* means-

(A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the Contractor under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

(C) Other direct costs (*e.g.*, incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.); and

(D) Applicable indirect costs.

(2) If the Contractor furnishes its own materials that meet the definition of a commercial product or commercial service in Federal Acquisition Regulation (FAR) 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the-

(i) Quantities being acquired; and

(ii) Actual cost of any modifications necessary because of contract requirements.

(3) Except as provided for in paragraph (b)(2) of this clause, the Government will reimburse the Contractor for allowable cost of materials provided the Contractor-

(i) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(ii) Ordinarily makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(4) Payment for materials is subject to the Allowable Cost and Payment clause of this contract. The Contracting Officer will determine allowable costs of materials in accordance with FAR subpart 31.2 in effect on the date of this contract.

(5) The Contractor may include allocable indirect costs and other direct costs to the extent they are-

(i) Comprised only of costs that are clearly excluded from the hourly rate;

(ii) Allocated in accordance with the Contractor's written or established accounting practices; and

(iii) Indirect costs are not applied to subcontracts that are paid at the hourly rates.

(6) To the extent able, the Contractor shall-

(i) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(ii) Take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, the Contractor shall promptly notify the Contracting Officer and give the reasons. The Contractor shall give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that have accrued to the benefit of the Contractor, or would have accrued except for the fault or neglect of the Contractor. The Contractor shall not deduct from gross costs the benefits lost without fault or neglect on the part of the Contractor, or lost through fault of the Government.

(7) Except as provided for in 31.205-26(e) and (f), the Government will not pay profit or fee to the prime Contractor on materials.

(c) If the Contractor enters into any subcontract that requires consent under the clause at 52.244-2, Subcontracts, without obtaining such consent, the Government is not required to reimburse the Contractor for any costs incurred under the subcontract prior to the date the Contractor obtains the required consent. Any reimbursement of subcontract costs incurred prior to the date the consent was obtained shall be at the sole discretion of the Government.

(d) *Total cost*. It is estimated that the total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule, and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during performing this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performing this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(e) *Ceiling price*. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(f) *Audit*. At any time before final payment under this contract, the Contracting Officer may request audit of the vouchers and supporting documentation. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding vouchers, that are found by the Contracting Officer or authorized representative not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. Upon receipt and approval of the voucher designated by the Contractor as the "completion voucher" and supporting documentation, and upon compliance by the Contractor with all terms of this contract (including, without limitation, terms relating to patents and the terms of paragraph (g) of this clause), the Government shall promptly pay any balance due the Contractor. The completion voucher, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 120 days (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(g) *Assignment and Release of Claims*. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(1) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible of exact statement by the Contractor.

(2) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(3) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(h) *Interim payments on contracts for other than services.* (1) Interim payments made prior to the final payment under the contract are contract financing payments. Contract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act.

(2) The designated payment office will make interim payments for contract financing on the _________ *[Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30th*] day after the designated billing office receives a proper payment request. In the event that the Government requires an audit or other review of a specific payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date.

(i) *Interim payments on contracts for services*. For interim payments made prior to the final payment under this contract, the Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(End of clause)

52.232-8 Discounts for Prompt Payment.

As prescribed in 32.111(b)(1), insert the following clause:

DISCOUNTS FOR PROMPT PAYMENT (FEB 2002)

(a) Discounts for prompt payment will not be considered in the evaluation of offers. However, any offered discount will form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror. As an alternative to offering a discount for prompt payment in conjunction with the offer, offerors awarded contracts may include discounts for prompt payment on individual invoices.

(b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. If the Contractor has not placed a date on the invoice, the due date shall be calculated from the date the designated billing office receives a proper invoice, provided the agency annotates such invoice with the date of receipt at the time of receipt. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or, for an electronic funds transfer, the specified payment date. When the discount date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to be conducted, payment may be made on the following business day.

(End of clause)

52.232-9 Limitation on Withholding of Payments.

As prescribed in 32.111(b)(2), insert the following clause:

LIMITATION ON WITHHOLDING OF PAYMENTS (APR 1984)

If more than one clause or Schedule term of this contract authorizes the temporary withholding of amounts otherwise payable to the Contractor for supplies delivered or services performed, the total of the amounts withheld at any one time shall not exceed the greatest amount that may be withheld under any one clause or Schedule term at that time; *provided*, that this limitation shall not apply to-

(a) Withholdings pursuant to any clause relating to wages or hours of employees;

(b) Withholdings not specifically provided for by this contract;

(c) The recovery of overpayments; and

(d) Any other withholding for which the Contracting Officer determines that this limitation is inappropriate.

(End of clause)

52.232-10 Payments under Fixed-Price Architect-Engineer Contracts.

As prescribed in 32.111(c)(1), insert the following clause:

PAYMENTS UNDER FIXED-PRICE ARCHITECT-ENGINEER CONTRACTS (APR 2010)

(a) Estimates shall be made monthly of the amount and value of the work and services performed by the Contractor under this contract which meet the standards of quality established under this contract. The estimates, along with any supporting data required by the Contracting Officer, shall be prepared by the Contractor and submitted along with its voucher.

(b) After receipt of each substantiated voucher, the Government shall pay the voucher as approved by the Contracting Officer or authorized representative. The Contracting Officer shall require a withholding from amounts due under paragraph (a) of this clause of up to 10 percent only if the Contracting Officer determines that such a withholding is necessary to protect the Government's interest and ensure satisfactory completion of the contract. The amount withheld shall be determined based upon the Contractor's performance record under this contract. Whenever the Contracting Officer determines that the work is substantially complete and that the amount retained is in excess of the amount adequate for the protection of the Government, the Contracting Officer shall release the excess amount to the Contractor.

(c) Upon satisfactory completion by the Contractor and final acceptance by the Contracting Officer of all the work done by the Contractor under the "Statement of Architect-Engineer Services", the Contractor will be paid the unpaid balance of any money due for work under the statement, including all withheld amounts.

(d) Before final payment under the contract, or before settlement upon termination of the contract, and as a condition precedent thereto, the Contractor shall execute and deliver to the Contracting Officer a release of all claims against the Government arising under or by virtue of this contract, other than any claims that are specifically excepted by the Contractor from the operation of the release in amounts stated in the release.

(e) Notwithstanding any other provision in this contract, and specifically paragraph (b) of this clause, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(End of clause)

52.232-11 Extras.

As prescribed in 32.111(c)(2), insert the following clause:

EXTRAS (APR 1984)

Except as otherwise provided in this contract, no payment for extras shall be made unless such extras and the price therefor have been authorized in writing by the Contracting Officer.

(End of clause)

52.232-12 Advance Payments.

As prescribed in 32.412(a), insert the following clause:

ADVANCE PAYMENTS (DEVIATION DATE)

(a) *Requirements for payment*. Advance payments will be made under this contract (1) upon submission of properly certified invoices or vouchers by the Contractor, and approval by the administering office, ____ *[Insert the name of the office designated under agency procedures]*, or (2) under a letter of credit. The amount of the invoice or voucher submitted plus all advance payments previously approved shall not exceed $___ If a letter of credit is used, the Contractor shall withdraw cash only when needed for disbursements acceptable under this contract and report cash disbursements and balances as required by the administering office. The Contractor shall apply terms similar to this clause to any advance payments to subcontractors.

(b) *Special account*. Until (1) the Contractor has liquidated all advance payments made under the contract and related interest charges and (2) the administering office has approved in writing the release of any funds due and payable to the Contractor, all advance payments and other payments under this contract shall be made by check payable to the Contractor marked for deposit only in the Contractor's special account with the ____ [insert the name of the financial institution]. None of the funds in the special account shall be mingled with other funds of the Contractor. Withdrawals from the special account may be made only by check of the Contractor countersigned by the Contracting Officer or a Government countersigning agent designated in writing by the Contracting Officer.

(c) Use of funds. The Contractor may withdraw funds from the special account only to pay for properly allocable, allowable, and reasonable costs for direct materials, direct labor, and indirect costs. Other withdrawals require approval in writing by the administering office. Determinations of whether costs are properly allocable, allowable, and reasonable shall be in accordance with generally accepted accounting principles, subject to any applicable subparts of part 31 of the Federal Acquisition Regulation.

(d) Repayment to the Government. At any time, the Contractor may repay all or any part of the funds advanced by the Government. Whenever requested in writing to do so by the administering office, the Contractor shall repay to the Government any part of unliquidated advance payments considered by the administering office to exceed the Contractor's current requirements or the amount specified in paragraph (a) above. If the Contractor fails to repay the amount requested by the administering office, all or any part of the unliquidated advance payments may be withdrawn from the special account by check signed by only the countersigning agent and applied to reduction of the unliquidated advance payments under this contract.

(e) Maximum payment. When the sum of all unliquidated advance payments, unpaid interest charges, and other payments exceed _ percent of the contract price, the Government shall withhold further payments to the Contractor. On completion or termination of the contract, the Government shall deduct from the amount due to the Contractor all unliquidated advance payments and all interest charges payable. If previous payments to the Contractor exceed the amount due, the excess amount shall be paid to the Government on demand. For purposes of this paragraph, the contract price shall be considered to be the stated contract price of $___, less any subsequent price reductions under the contract, plus (1) any price increases resulting from any terms of this contract for price redetermination or escalation, and (2) any other price increases that do not, in the aggregate, exceed $___ [Insert an amount not higher than 10 percent of the stated contract amount inserted in this paragraph]. Any payments withheld under this paragraph shall be applied to reduce the unliquidated advance payments. If full liquidation has been made, payments under the contract shall resume.

(f) Interest.

(1) The Contractor shall pay interest to the Government on the daily unliquidated advance payments at the daily rate specified in subparagraph (f)(3) of this clause. Interest shall be computed at the end of each calendar month for the actual number of days involved. For the purpose of computing the interest charge—

(i) Advance payments shall be considered as increasing the unliquidated balance as of the date of the advance payment check;

(ii) Repayments by Contractor check shall be considered as decreasing the unliquidated balance as of the date on which the check is received by the Government authority designated by the Contracting Officer; and

(iii) Liquidations by deductions from Government payments to the Contractor shall be considered as decreasing the unliquidated balance as of the date of the check for the reduced payment.

(2) Interest charges resulting from the monthly computation shall be deducted from payments, other than advance payments, due the Contractor. If the accrued interest exceeds the payment due, any excess interest shall be carried forward and deducted from subsequent payments. Interest carried forward shall not be compounded. Interest on advance payments shall cease to accrue upon satisfactory completion or termination of the contract for the convenience of the Government. The Contractor shall charge interest on advance payments to subcontractors in the manner described above and credit the interest to the Government. Interest need not be charged on advance payments to nonprofit educational or research subcontractors for experimental, developmental, or research work.

(3) If interest is required under the contract, the Contracting Officer shall determine a daily interest rate based on the higher of

(i) the published prime rate of the financial institution (depository) in which the special account is established or

(ii) the rate established by the Secretary of the Treasury under Pub. L. 92-41 (41 U.S.C. 7109(b)). The Contracting Officer shall revise the daily interest rate during the contract period in keeping with any changes in the cited interest rates.

(4) If the full amount of interest charged under this paragraph has not been paid by deduction or otherwise upon completion or termination of this contract, the Contractor shall pay the remaining interest to the Government on demand.

(g) Financial institution agreement. Before an advance payment is made under this contract, the Contractor shall transmit to the administering office, in the form prescribed by the administering office, an agreement in triplicate from the financial institution in which the special account is established, clearly setting forth the special character of the account and the responsibilities of the financial institution under the account. The Contractor shall select a financial institution that is a member bank of the Federal Reserve System, an “insured” bank within the meaning of the Federal Deposit Insurance Corporation Act (12 U.S.C. 1811), or a credit union insured by the National Credit Union Administration.

(h) Lien on Special Bank Account. The Government shall have a lien upon any balance in the special account paramount to all other liens. The Government lien shall secure the repayment of any advance payments made under this contract and any related interest charges.

(i) Lien on property under contract.

(1) All advance payments under this contract, together with interest charges, shall be secured, when made, by a lien in favor of the Government, paramount to all other liens, on the supplies or other things covered by this contract and on all material and other property acquired for or allocated to the performance of this contract, except to the extent that the Government by virtue of any other terms of this contract, or otherwise, shall have valid title to the supplies, materials, or other property as against other creditors of the Contractor.

(2) The Contractor shall identify, by marking or segregation, all property that is subject to a lien in favor of the Government by virtue of any terms of this contract in such a way as to indicate that it is subject to a lien and that it has been acquired for or allocated to performing this contract. If, for any reason, the supplies, materials, or other property are not identified by marking or segregation, the Government shall be considered to have a lien to the extent of the Government's interest under this contract on any mass of property with which the supplies, materials, or other property are commingled. The Contractor shall maintain adequate accounting control over the property on its books and records.

(3) If, at any time during the progress of the work on the contract, it becomes necessary to deliver to a third person any items or materials on which the Government has a lien, the Contractor shall notify the third person of the lien and shall obtain from the third person a receipt in duplicate acknowledging the existence of the lien. The Contractor shall provide a copy of each receipt to the Contracting Officer.

(4) If, under the termination clause, the Contracting Officer authorizes the Contractor to sell or retain termination inventory, the approval shall constitute a release of the Government's lien to the extent that—

(i) The termination inventory is sold or retained; and

(ii) The sale proceeds or retention credits are applied to reduce any outstanding advance payments.

(j) Insurance.

(1) The Contractor shall maintain with responsible insurance carriers—

(i) Insurance on plant and equipment against fire and other hazards, to the extent that similar properties are usually insured by others operating plants and properties of similar character in the same general locality;

(ii) Adequate insurance against liability on account of damage to persons or property; and

(iii) Adequate insurance under all applicable workers' compensation laws.

(2) Until work under this contract has been completed and all advance payments made under the contract have been liquidated, the Contractor shall—

(i) Maintain this insurance;

(ii) Maintain adequate insurance on any materials, parts, assemblies, subassemblies, supplies, equipment, and other property acquired for or allocable to this contract and subject to the Government lien under paragraph (i) of this clause; and

(iii) Furnish any evidence with respect to its insurance that the administering office may require.

(k) Default.

(1) If any of the following events occurs, the Government may, by written notice to the Contractor, withhold further withdrawals from the special account and further payments on this contract:

(i) Termination of this contract for a fault of the Contractor.

(ii) A finding by the administering office that the Contractor has failed to—

(A) Observe any of the conditions of the advance payment terms;
(B) Comply with any material term of this contract;
(C) Make progress or maintain a financial condition adequate for performance of this contract;
(D) Limit inventory allocated to this contract to reasonable requirements; or
(E) Avoid delinquency in payment of taxes or of the costs of performing this contract in the ordinary course of business.

(iii) The appointment of a trustee, receiver, or liquidator for all or a substantial part of the Contractor's property, or the institution of proceedings by or against the Contractor for bankruptcy, reorganization, arrangement, or liquidation.

(iv) The service of any writ of attachment, levy of execution, or commencement of garnishment proceedings concerning the special account.

(v) The commission of an act of bankruptcy.

(2) If any of the events described in subparagraph (k)(1) of this clause continue for 30 days after the written notice to the Contractor, the Government may take any of the following additional actions:

(i) Withdraw by checks payable to the Treasurer of the United States, signed only by the countersigning agency, all or any part of the balance in the special account and apply the amounts to reduce outstanding advance payments and any other claims of the Government against the Contractor.

(ii) Charge interest, in the manner prescribed in paragraph (f) of this clause, on outstanding advance payments during the period of any event described in subparagraph (k)(1) of this clause.

(iii) Demand immediate repayment by the Contractor of the unliquidated balance of advance payments.

(iv) Take possession of and, with or without advertisement, sell at public or private sale all or any part of the property on which the Government has a lien under this contract and, after deducting any expenses incident to the sale, apply the net proceeds of the sale to reduce the unliquidated balance of advance payments or other Government claims against the Contractor.

(3) The Government may take any of the actions described in subparagraphs (k) (1) and (2) of this clause it considers appropriate at its discretion and without limiting any other rights of the Government.

(l) Prohibition against assignment. Notwithstanding any other terms of this contract, the Contractor shall not assign this contract, any interest therein, or any claim under the contract to any party.

(m) Information and access to records. The Contractor shall furnish to the administering office (1) monthly or at other intervals as required, signed or certified balance sheets and profit and loss statements together with a report on the operation of the special account in the form prescribed by the administering office; and (2) if requested, other information concerning the operation of the Contractor's business. The Contractor shall provide the authorized Government representatives proper facilities for inspection of the Contractor's books, records, and accounts.

(n) Other security. The terms of this contract are considered to provide adequate security to the Government for advance payments; however, if the administering office considers the security inadequate, the Contractor shall furnish additional security satisfactory to the administering office, to the extent that the security is available.

(o) Representations. The Contractor represents the following:

(1) The balance sheet, the profit and loss statement, and any other supporting financial statements furnished to the administering office fairly reflect the financial condition of the Contractor at the date shown or the period covered, and there has been no subsequent materially adverse change in the financial condition of the Contractor.

(2) No litigation or proceedings are presently pending or threatened against the Contractor, except as shown in the financial statements.

(3) The Contractor has disclosed all contingent liabilities, except for liability resulting from the renegotiation of defense production contracts, in the financial statements furnished to the administering office.

(4) None of the terms in this clause conflict with the authority under which the Contractor is doing business or with the provision of any existing indenture or agreement of the Contractor.

(5) The Contractor has the power to enter into this contract and accept advance payments, and has taken all necessary action to authorize the acceptance under the terms of this contract.

(6) The assets of the Contractor are not subject to any lien or encumbrance of any character except for current taxes not delinquent, and except as shown in the financial statements furnished by the Contractor. There is no current assignment of claims under any contract affected by these advance payment provisions.

(7) All information furnished by the Contractor to the administering office in connection with each request for advance payments is true and correct.

(8) These representations shall be continuing and shall be considered to have been repeated by the submission of each invoice for advance payments.

(p) Covenants. To the extent the Government considers it necessary while any advance payments made under this contract remain outstanding, the Contractor, without the prior written consent of the administering office, shall not—

(1) Mortgage, pledge, or otherwise encumber or allow to be encumbered, any of the assets of the Contractor now owned or subsequently acquired, or permit any preexisting mortgages, liens, or other encumbrances to remain on or attach to any assets of the Contractor which are allocated to performing this contract and with respect to which the Government has a lien under this contract;

(2) Sell, assign, transfer, or otherwise dispose of accounts receivable, notes, or claims for money due or to become due;

(3) Declare or pay any dividends, except dividends payable in stock of the corporation, or make any other distribution on account of any shares of its capital stock, or purchase, redeem, or otherwise acquire for value any of its stock, except as required by sinking fund or redemption arrangements reported to the administering office incident to the establishment of these advance payment provisions;

(4) Sell, convey, or lease all or a substantial part of its assets;

(5) Acquire for value the stock or other securities of any corporation, municipality, or governmental authority, except direct obligations of the United States;

(6) Make any advance or loan or incur any liability as guarantor, surety, or accommodation endorser for any party;

(7) Permit a writ of attachment or any similar process to be issued against its property without getting a release or bonding the property within 30 days after the entry of the writ of attachment or other process;

(8) Pay any remuneration in any form to its directors, officers, or key employees higher than rates provided in existing agreements of which notice has been given to the administering office; accrue excess remuneration without first obtaining an agreement subordinating it to all claims of the Government; or employ any person at a rate of compensation over $___ a year;

(9) Change substantially the management, ownership, or control of the corporation;

(10) Merge or consolidate with any other firm or corporation, change the type of business, or engage in any transaction outside the ordinary course of the Contractor's business as presently conducted;

(11) Deposit any of its funds except in a bank or trust company insured by the Federal Deposit Insurance Corporation or a credit union insured by the National Credit Union Administration;

(12) Create or incur indebtedness for advances, other than advances to be made under the terms of this contract, or for borrowings;

(13) Make or covenant for capital expenditures exceeding $___ in total;

(14) Permit its net current assets, computed in accordance with generally accepted accounting principles, to become less than $___; or

(15) Make any payments on account of the obligations listed below, except in the manner and to the extent provided in this *[Contracting officer to list the pertinent obligations.]* _____.

(End of clause)

Alternate I (APR 1984). If the agency desires to waive the countersignature requirement because of the Contractor's financial strength, good performance record, and favorable experience concerning cost disallowances, add the following sentence, if appropriate, to paragraph (b) of the basic clause:

However, for this contract, countersignature on behalf of the Government will not be required unless it is determined necessary by the administering office.

Alternate II (MAY 2001). If used in a cost-reimbursement contract, substitute the following paragraphs (c) and (e), and paragraphs (f)(1) and (f)(2) for paragraphs (c) and (e) and paragraphs (f)(1) and (2) of the basic clause:

(c) *Use of funds*. The Contractor shall withdraw funds from the special account only to pay for allowable costs as prescribed by the _____ clause of this contract. Payment for any other types of expenses shall be approved in writing by the administering office.

(e) *Maximum payment*. When the sum of all unliquidated advance payments, unpaid interest charges, and other payments equal the total estimated cost of $_____ (not including fixed-fee, if any) for the work under this contract, the Government shall withhold further payments to the Contractor. Upon completion or termination of the contract, the Government shall deduct from the amount due to the Contractor all unliquidated advance payments and interest charges payable. The Contractor shall pay any deficiency to the Government upon demand. For purposes of this paragraph, the estimated cost shall be considered to be the stated estimated cost, less any subsequent reductions of the estimated cost, plus any increases in the estimated costs that do not, in the aggregate, exceed $_____ *[Insert an amount not higher than 10 percent of the stated estimated cost inserted in this paragraph]*. The estimated cost shall include, without limitation, any reimbursable cost (as estimated by the Contracting Officer) incident to a termination for the convenience of the Government. Any payments withheld under this paragraph shall be applied to reduce the unliquidated advance payments. If full liquidation has been made, payments under the contract shall resume.

(f) *Interest*. (1) The Contractor shall pay interest to the Government on the daily unliquidated advance payments at the daily rate specified in paragraph (f)(3) of this clause. Interest shall be computed at the end of each calendar month for the actual number of days involved. For the purpose of computing the interest charge, the following shall be observed:

(i) Advance payments shall be considered as increasing the unliquidated balance as of the date of the advance payment check.

(ii) Repayments by Contractor check shall be considered as decreasing the unliquidated balance as of the date on which the check is received by the Government authority designated by the Contracting Officer.

(iii) Liquidations by deductions from payments to the Contractor shall be considered as decreasing the unliquidated balance as of the dates on which the Contractor presents to the Contracting Officer full and accurate data for the preparation of each voucher. Credits resulting from these deductions shall be made upon the approval of the reimbursement vouchers by the Disbursing Officer, based upon the Contracting Officer's certification of the applicable dates.

(2) Interest charges resulting from the monthly computation shall be deducted from any payments on account of the fixed-fee due to the Contractor. If the accrued interest exceeds the payment due, any excess interest shall be carried forward and deducted from subsequent payments of the contract price or fixed-fee. Interest carried forward shall not be compounded. Interest on advance payments shall cease to accrue upon (i) satisfactory completion or (ii) termination of the contract for the convenience of the Government. The Contractor shall charge interest on advance payments to subcontractors in the manner described above and credit the interest to the Government. Interest need not be charged on advance payments to nonprofit educational or research subcontractors for experimental, developmental, or research work.

Alternate III (APR 1984). If the agency considers a more rapid liquidation appropriate, add the following sentence as the first sentence of paragraph (e) of the basic clause with the appropriate percentage specified:

To liquidate the principal amount of any advance payment made to the Contractor, there shall be deductions of _____ percent from all payments made by the Government under the contracts involved.

Alternate IV (APR 1984). If the agency provides advance payments under the contract at no interest to the prime contractor, add the following sentences as the beginning sentences of paragraph (f) of the clause:

No interest shall be charged to the prime Contractor for advance payments except for interest charged during a period of default. The terms of this paragraph concerning interest charges for advance payments shall not apply to the prime Contractor.

Alternate V (MAY 2001). If the requirement for a special account is eliminated in accordance with 32.409-3(e) or (g), insert the clause set forth below instead of the basic clause.

If this Alternate is used in combination with *Alternate II*, disregard the instructions concerning paragraph (c), Use of funds, in *Alternate II*; substitute paragraph (e), Maximum payment, in *Alternate II* for paragraph (d) below; and substitute paragraph (f), Interest, in *Alternate II* for paragraph (e) below and change the reference to paragraph (f)(3) in the first sentence of paragraph (f) of *Alternate II* to (e)(3).

If this Alternate is used in combination with *Alternate III*, insert the additional sentence set forth in *Alternate III* as the first sentence of paragraph (d) of this Alternate.

If this Alternate is used in combination with *Alternate IV*, insert the additional sentences set forth in *Alternate IV* as the beginning sentences of paragraph (e) of this Alternate.

ADVANCE PAYMENTS WITHOUT SPECIAL ACCOUNT (DATE DEVIATION)

(a) *Requirements for payment.* Advance payments will be made under this contract (1) upon submission of properly certified invoices or vouchers by the contractor, and approval by the administering office, ______ *[insert the name of the office designated under agency procedures]*, or (2) under a letter of credit. The amount of the invoice or voucher submitted plus all advance payments previously approved shall not exceed $___. If a letter of credit is used, the Contractor shall withdraw cash only when needed for disbursements acceptable under this contract and report cash disbursements and balances as required by the administering office. The Contractor shall apply terms similar to this clause to any advance payments to subcontractors.

(b) *Use of funds*. The Contractor may use advance payment funds only to pay for properly allocable, allowable, and reasonable costs for direct materials, direct labor, and indirect costs. Determinations of whether costs are properly allocable, allowable, and reasonable shall be in accordance with generally accepted accounting principles, subject to any applicable subparts of part 31 of the Federal Acquisition Regulation.

(c) *Repayment to the Government*. At any time, the Contractor may repay all or any part of the funds advanced by the Government. Whenever requested in writing to do so by the administering office, the Contractor shall repay to the Government any part of unliquidated advance payments considered by the administering office to exceed the Contractor's current requirements or the amount specified in paragraph (a) of this clause.

(d) *Maximum payment.* When the sum of all unliquidated advance payments, unpaid interest charges, and other payments exceed __ percent of the contract price, the Government shall withhold further payments to the Contractor. On completion or termination of the contract, the Government shall deduct from the amount due to the Contractor all unliquidated advance payments and all interest charges payable. If previous payments to the Contractor exceed the amount due, the excess amount shall be paid to the Government on demand. For purposes of this paragraph, the contract price shall be considered to be the stated contract price of $___, less any subsequent price reductions under the contract, plus (1) any price increases resulting from any terms of this contract for price redetermination or escalation, and (2) any other price increases that do not, in the aggregate, exceed $___ *[insert an amount not higher than 10 percent of the stated contract amount inserted in this paragraph]*. Any payments withheld under this paragraph shall be applied to reduce the unliquidated advance payments. If full liquidation has been made, payments under the contract shall resume.

(e) *Interest*. (1) The Contractor shall pay interest to the Government on the daily unliquidated advance payments at the daily rate in subparagraph (e)(3) of this clause. Interest shall be computed at the end of each calendar month for the actual number of days involved. For the purpose of computing the interest charge—

(i) Advance payments shall be considered as increasing the unliquidated balance as of the date of the advance payment check;

(ii) Repayments by Contractor check shall be considered as decreasing the unliquidated balance as of the date on which the check is received by the Government authority designated by the Contracting Officer; and

(iii) Liquidations by deductions from Government payments to the Contractor shall be considered as decreasing the unliquidated balance as of the date of the check for the reduced payment.

(2) Interest charges resulting from the monthly computation shall be deducted from payments, other than advance payments, due the Contractor. If the accrued interest exceeds the payment due, any excess interest shall be carried forward and deducted from subsequent payments. Interest carried forward shall not be compounded. Interest on advance payments shall cease to accrue upon satisfactory completion or termination of the contract for the convenience of the Government. The Contractor shall charge interest on advance payments to subcontractors in the manner described above and credit the interest to the Government. Interest need not be charged on advance payments to nonprofit educational or research subcontractors, for experimental, developmental, or research work.

(3) If interest is required under the contract, the Contracting Officer shall determine a daily interest rate based on the rate established by the Secretary of the Treasury under Pub. L. 92-41 (41 U.S.C. 7109(b)). The Contracting Officer shall revise the daily interest rate during the contract period in keeping with any changes in the cited interest rate.

(4) If the full amount of interest charged under this paragraph has not been paid by deduction or otherwise upon completion or termination of this contract, the Contractor shall pay the remaining interest to the Government on demand.

(f) Lien on property under contract.

(1) All advance payments under this contract, together with interest charges, shall be secured, when made, by a lien in favor of the Government, paramount to all other liens, on the supplies or other things covered by this contract and on all material and other property acquired for or allocated to the performance of this contract, except to the extent that the Government by virtue of any other terms of this contract, or otherwise, shall have valid title to the supplies, materials, or other property as against other creditors of the Contractor.

(2) The Contractor shall identify, by marking or segregation, all property that is subject to a lien in favor of the Government by virtue of any terms of this contract in such a way as to indicate that it is subject to a lien and that it has been acquired for or allocated to performing this contract. If, for any reason, the supplies, materials, or other property are not identified by marking or segregation, the Government shall be considered to have a lien to the extent of the Government's interest under this contract on any mass of property with which the supplies, materials, or other property are commingled. The Contractor shall maintain adequate accounting control over the property on its books and records.

(3) If, at any time during the progress of the work on the contract, it becomes necessary to deliver to a third person any items or materials on which the Government has a lien, the Contractor shall notify the third person of the lien and shall obtain from the third person a receipt in duplicate acknowledging the existence of the lien. The Contractor shall provide a copy of each receipt to the Contracting Officer.

(4) If, under the termination clause, the Contracting Officer authorizes the contractor to sell or retain termination inventory, the approval shall constitute a release of the Government's lien to the extent that—

(i) The termination inventory is sold or retained; and

(ii) The sale proceeds or retention credits are applied to reduce any outstanding advance payments.

(g) Insurance.

(1) The Contractor shall maintain with responsible insurance carriers—

(i) Insurance on plant and equipment against fire and other hazards, to the extent that similar properties are usually insured by others operating plants and properties of similar character in the same general locality;

(ii) Adequate insurance against liability on account of damage to persons or property; and

(iii) Adequate insurance under all applicable workers' compensation laws.

(2) Until work under this contract has been completed and all advance payments made under the contract have been liquidated, the Contractor shall—

(i) Maintain this insurance;

(ii) Maintain adequate insurance on any materials, parts, assemblies, subassemblies, supplies, equipment, and other property acquired for or allocable to this contract and subject to the Government lien under paragraph (f) of this clause; and

(iii) Furnish any evidence with respect to its insurance that the administering office may require.

(h) Default.

(1) If any of the following events occur, the Government may, by written notice to the Contractor, withhold further payments on this contract:

(i) Termination of this contract for a fault of the Contractor.

(ii) A finding by the administering office that the Contractor has failed to—

(A) Observe any of the conditions of the advance payment terms;

(B) Comply with any material term of this contract;

(C) Make progress or maintain a financial condition adequate for performance of this contract;

(D) Limit inventory allocated to this contract to reasonable requirements; or

(E) Avoid delinquency in payment of taxes or of the costs of performing this contract in the ordinary course of business.

(iii) The appointment of a trustee, receiver, or liquidator for all or a substantial part of the Contractor's property, or the institution of proceedings by or against the Contractor for bankruptcy, reorganization, arrangement, or liquidation.

(iv) The commission of an act of bankruptcy.

(2) If any of the events described in subparagraph (h)(1) of this clause continue for 30 days after the written notice to the Contractor, the Government may take any of the following additional actions:

(i) Charge interest, in the manner prescribed in paragraph (e) of this clause, on outstanding advance payments during the period of any event described in subparagraph (h)(1) of this clause.

(ii) Demand immediate repayment by the Contractor of the unliquidated balance of advance payments.

(iii) Take possession of and, with or without advertisement, sell at public or private sale all or any part of the property on which the Government has a lien under this contract and, after deducting any expenses incident to the sale, apply the net proceeds of the sale to reduce the unliquidated balance of advance payments or other Government claims against the Contractor.

(3) The Government may take any of the actions described in subparagraphs (h)(1) and (h)(2) of this clause it considers appropriate at its discretion and without limiting any other rights of the Government.

(i) Prohibition against assignment. Notwithstanding any other terms of this contract, the Contractor shall not assign this contract, any interest therein, or any claim under the contract to any party.

(j) Information and access to records. The Contractor shall furnish to the administering office (1) monthly or at other intervals as required, signed or certified balance sheets and profit and loss statements, and (2) if requested, other information concerning the operation of the contractor's business. The Contractor shall provide the authorized Government representatives proper facilities for inspection of the Contractor's books, records, and accounts.

(k) Other security. The terms of this contract are considered to provide adequate security to the Government for advance payments; however, if the administering office considers the security inadequate, the Contractor shall furnish additional security satisfactory to the administering office, to the extent that the security is available.

(l) Representations. The Contractor represents the following:

(1) The balance sheet, the profit and loss statement, and any other supporting financial statements furnished to the administering office fairly reflect the financial condition of the Contractor at the date shown or the period covered, and there has been no subsequent materially adverse change in the financial condition of the Contractor.

(2) No litigation or proceedings are presently pending or threatened against the Contractor, except as shown in the financial statements.

(3) The Contractor has disclosed all contingent liabilities, except for liability resulting from the renegotiation of defense production contracts, in the financial statements furnished to the administering office.

(4) None of the terms in this clause conflict with the authority under which the Contractor is doing business or with the provision of any existing indenture or agreement of the Contractor.

(5) The Contractor has the power to enter into this contract and accept advance payments, and has taken all necessary action to authorize the acceptance under the terms of this contract.

(6) The assets of the Contractor are not subject to any lien or encumbrance of any character except for current taxes not delinquent, and except as shown in the financial statements furnished by the Contractor. There is no current assignment of claims under any contract affected by these advance payment provisions.

(7) All information furnished by the Contractor to the administering office in connection with each request for advance payments is true and correct.

(8) These representations shall be continuing and shall be considered to have been repeated by the submission of each invoice for advance payments.

(p) Covenants. To the extent the Government considers it necessary while any advance payments made under this contract remain outstanding, the Contractor, without the prior written consent of the administering office, shall not—

(1) Mortgage, pledge, or otherwise encumber or allow to be encumbered, any of the assets of the Contractor now owned or subsequently acquired, or permit any preexisting mortgages, liens, or other encumbrances to remain on or attach to any assets of the Contractor which are allocated to performing this contract and with respect to which the Government has a lien under this contract;

(2) Sell, assign, transfer, or otherwise dispose of accounts receivable, notes, or claims for money due or to become due;

(3) Declare or pay any dividends, except dividends payable in stock of the corporation, or make any other distribution on account of any shares of its capital stock, or purchase, redeem, or otherwise acquire for value any of its stock, except as required by sinking fund or redemption arrangements reported to the administering office incident to the establishment of these advance payment provisions;

(4) Sell, convey, or lease all or a substantial part of its assets;

(5) Acquire for value the stock or other securities of any corporation, municipality, or Governmental authority, except direct obligations of the United States;

(6) Make any advance or loan or incur any liability as guarantor, surety, or accommodation endorser for any party;

(7) Permit a writ of attachment or any similar process to be issued against its property without getting a release or bonding the property within 30 days after the entry of the writ of attachment or other process;

(8) Pay any remuneration in any form to its directors, officers, or key employees higher than rates provided in existing agreements of which notice has been given to the administering office; accrue excess remuneration without first obtaining an agreement subordinating it to all claims of the Government; or employ any person at a rate of compensation over ___ a year.

(9) Change substantially the management, ownership, or control of the corporation;

(10) Merge or consolidate with any other firm or corporation, change the type of business, or engage in any transaction outside the ordinary course of the Contractor's business as presently conducted;

(11) Deposit any of its funds except in a bank or trust company insured by the Federal Deposit Insurance Corporation or a credit union insured by the National Credit Union Administration;

(12) Create or incur indebtedness for advances, other than advances to be made under the terms of this contract, or for borrowings;

(13) Make or covenant for capital expenditures exceeding $___ in total;

(14) Permit its net current assets, computed in accordance with generally accepted accounting principles, to become less than ___; or

(15) Make any payments on account of the obligations listed below, except in the manner and to the extent provided in this *[Contracting officer to list the pertinent obligations.]* _____.

52.232-13 Notice of Progress Payments.
As prescribed in 32.502-3(a), insert the following provision:

NOTICE OF PROGRESS PAYMENTS (APR 1984)

The need for customary progress payments conforming to the regulations in subpart 32.5 of the Federal Acquisition Regulation (FAR) will not be considered as a handicap or adverse factor in the award of the contract. The Progress Payments clause included in this solicitation will be included in any resulting contract, modified or altered if necessary in accordance with subsection 52.232-16 and its Alternate I of the FAR. Even though the clause is included in the contract, the clause shall be inoperative during any time the contractor's accounting system and controls are determined by the Government to be inadequate for segregation and accumulation of contract costs.

(End of provision)

52.232-14 Notice of Availability of Progress Payments Exclusively for Small Business Concerns.
As prescribed in 32.502-3(b)(2), insert the following provision:

NOTICE OF AVAILABILITY OF PROGRESS PAYMENTS EXCLUSIVELY FOR SMALL BUSINESS CONCERNS (APR 1984)

The Progress Payments clause will be available only to small business concerns. Any bid conditioned upon inclusion of a progress payment clause in the resulting contract will be rejected as nonresponsive if the bidder is not a small business concern.

(End of provision)

52.232-15 Progress Payments Not Included.
As prescribed in 32.502-3(c), insert the following provision:

PROGRESS PAYMENTS NOT INCLUDED (APR 1984)

A progress payments clause is not included in this solicitation, and will not be added to the resulting contract at the time of award. Bids conditioned upon inclusion of a progress payment clause in the resulting contract will be rejected as nonresponsive.

(End of provision)

52.232-16 Progress Payments.
As prescribed in 32.502-4(a), insert the following clause:

PROGRESS PAYMENTS (DEVIATION DATE)

The Government will make progress payments to the Contractor when requested as work progresses, but not more frequently than monthly, in amounts of $2,500 or more approved by the Contracting Officer, under the following conditions:
(a) Computation of amounts. (1) Unless the Contractor requests a smaller amount, the Government will compute each progress payment as 80 percent of the Contractor's total costs incurred under this contract whether or not actually paid, plus financing payments to subcontractors (see paragraph (j) of this clause), less the sum of all previous progress payments made by the Government under this contract. The Contracting Officer will consider cost of money that would be allowable under Federal Acquisition Regulation (FAR) 31.205-10 as an incurred cost for progress payment purposes.

(2) The amount of financing and other payments for supplies and services purchased directly for the contract are limited to the amounts that have been paid by cash, check, or other forms of payment, or that are determined due and will be paid to subcontractors—

(i) In accordance with the terms and conditions of a subcontract or invoice; and

(ii) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government.

(3) The Government will exclude accrued costs of Contractor contributions under employee pension plans until actually paid unless—

(i) The Contractor's practice is to make contributions to the retirement fund quarterly or more frequently; and

(ii) The contribution does not remain unpaid 30 days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Contractor's total costs for progress payments until paid).

(4) The Contractor shall not include the following in total costs for progress payment purposes in paragraph (a)(1) of this clause:

(i) Costs that are not reasonable, allocable to this contract, and consistent with sound and generally accepted accounting principles and practices.

(ii) Costs incurred by subcontractors or suppliers.

(iii) Costs ordinarily capitalized and subject to depreciation or amortization except for the properly depreciated or amortized portion of such costs.

(iv) Payments made or amounts payable to subcontractors or suppliers, except for—

(A) Completed work, including partial deliveries, to which the Contractor has acquired title; and

(B) Work under cost-reimbursement or time-and-material subcontracts to which the Contractor has acquired title.

(5) The amount of unliquidated progress payments may exceed neither (i) the progress payments made against incomplete work (including allowable unliquidated progress payments to subcontractors) nor (ii) the value, for progress payment purposes, of the incomplete work. Incomplete work shall be considered to be the supplies and services required by this contract, for which delivery and invoicing by the Contractor and acceptance by the Government are incomplete.

(6) The total amount of progress payments shall not exceed 80 percent of the total contract price.

(7) If a progress payment or the unliquidated progress payments exceed the amounts permitted by subparagraphs (a)(4) or (a)(5) of this clause, the Contractor shall repay the amount of such excess to the Government on demand.

(8) Notwithstanding any other terms of the contract, the Contractor agrees not to request progress payments in dollar amounts of less than $2,500. The Contracting Officer may make exceptions.

(9) The costs applicable to items delivered, invoiced, and accepted shall not include costs in excess of the contract price of the items.

(b) *Liquidation.* Except as provided in the Termination for Convenience of the Government clause, all progress payments shall be liquidated by deducting from any payment under this contract, other than advance or progress payments, the unliquidated progress payments, or 80 percent of the amount invoiced, whichever is less. The Contractor shall repay to the Government any amounts required by a retroactive price reduction, after computing liquidations and payments on past invoices at the reduced prices and adjusting the unliquidated progress payments accordingly. The Government reserves the right to unilaterally change from the ordinary liquidation rate to an alternate rate when deemed appropriate for proper contract financing.

(c) *Reduction or suspension.* The Contracting Officer may reduce or suspend progress payments, increase the rate of liquidation, or take a combination of these actions, after finding on substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (f) and (g) of this clause).

(2) Performance of this contract is endangered by the Contractor's (i) failure to make progress or (ii) unsatisfactory financial condition.

(3) Inventory allocated to this contract substantially exceeds reasonable requirements.

(4) The Contractor is delinquent in payment of the costs of performing this contract in the ordinary course of business.

(5) The fair value of the undelivered work is less than the amount of unliquidated progress payments for that work.

(6) The Contractor is realizing less profit than that reflected in the establishment of any alternate liquidation rate in paragraph (b) of this clause, and that rate is less than the progress payment rate stated in subparagraph (a)(1) of this clause.

(d) *Title.*

(1) Title to the property described in this paragraph (d) shall vest in the Government. Vestiture shall be immediately upon the date of this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract.

(2) *Property,* as used in this clause, includes all of the below-described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices.

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment, and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (d)(2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract, e.g., the termination clauses, shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract without requesting the Contracting Officer's approval, but the proceeds shall be credited against the costs of performance.

(5) To acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor must obtain the Contracting Officer's advance approval of the action and the terms. The Contractor shall (i) exclude the allocable costs of the property from the costs of contract performance, and (ii) repay to the Government any amount of unliquidated progress payments allocable to the property. Repayment may be by cash or credit memorandum.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all progress payments, title shall vest in the Contractor for all property (or the proceeds thereof) not—

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(e) *Risk of loss.* Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. The Contractor shall repay the Government an amount equal to the unliquidated progress payments that are based on costs allocable to property that is lost (see 45.101).

(f) *Control of costs and property.* The Contractor shall maintain an accounting system and controls adequate for the proper administration of this clause.

(g) *Reports, forms, and access to records.*

(1) The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information (including estimates to complete) reasonably requested by the Contracting Officer for the administration of this clause. Also, the Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's books, records, and accounts.

(2) The Contractor shall furnish estimates to complete that have been developed or updated within six months of the date of the progress payment request. The estimates to complete shall represent the Contractor's best estimate of total costs to complete all remaining contract work required under the contract. The estimates shall include sufficient detail to permit Government verification.

(3) Each Contractor request for progress payment shall:

(i) Be submitted on Standard Form 1443, Contractor's Request for Progress Payment, or the electronic equivalent as required by agency regulations, in accordance with the form instructions and the contract terms; and

(ii) Include any additional supporting documentation requested by the Contracting Officer.

(h) *Special terms regarding default.* If this contract is terminated under the Default clause, (i) the Contractor shall, on demand, repay to the Government the amount of unliquidated progress payments and (ii) title shall vest in the Contractor, on full liquidation of progress payments, for all property for which the Government elects not to require delivery under the Default clause. The Government shall be liable for no payment except as provided by the Default clause.

(i) *Reservations of rights.*

(1) No payment or vesting of title under this clause shall (i) excuse the Contractor from performance of obligations under this contract or (ii) constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause (i) shall not be exclusive but rather shall be in addition to any other rights and remedies provided by law or this contract and (ii) shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(j) *Financing payments to subcontractors.* The financing payments to subcontractors mentioned in paragraphs (a)(1) and (a)(2) of this clause shall be all financing payments to subcontractors or divisions, if the following conditions are met:

(1) The amounts included are limited to—

(i) The unliquidated remainder of financing payments made; plus

(ii) Any unpaid subcontractor requests for financing payments.

(2) The subcontract or interdivisional order is expected to involve a minimum of approximately 6 months between the beginning of work and the first delivery; or, if the subcontractor is a small business concern, 4 months.

(3) If the financing payments are in the form of progress payments, the terms of the subcontract or interdivisional order concerning progress payments—

(i) Are substantially similar to the terms of this clause for any subcontractor that is a large business concern, or this clause with its *Alternate I* for any subcontractor that is a small business concern;

(ii) Are at least as favorable to the Government as the terms of this clause;

(iii) Are not more favorable to the subcontractor or division than the terms of this clause are to the Contractor;

(iv) Are in conformance with the requirements of FAR 32.504(e); and

(v) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if—

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(4) If the financing payments are in the form of performance-based payments, the terms of the subcontract or interdivisional order concerning payments—

(i) Are substantially similar to the Performance-Based Payments clause at FAR 52.232-32 and meet the criteria for, and definition of, performance-based payments in FAR Part 32;

(ii) Are in conformance with the requirements of FAR 32.504(f); and

(iii) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if—

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(5) If the financing payments are in the form of commercial product or commercial service financing payments, the terms of the subcontract or interdivisional order concerning payments—

(i) Are constructed in accordance with FAR 32.206(c) and included in a subcontract for a commercial product or commercial service purchase that meets the definition and standards for acquisition of commercial products and commercial services in FAR parts 2 and 12;

(ii) Are in conformance with the requirements of FAR 32.504(g); and

(iii) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if—

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(6) If financing is in the form of progress payments, the progress payment rate in the subcontract is the customary rate used by the contracting agency, depending on whether the subcontractor is or is not a small business concern.

(7) Concerning any proceeds received by the Government for property to which title has vested in the Government under the subcontract terms, the parties agree that the proceeds shall be applied to reducing any unliquidated financing payments by the Government to the Contractor under this contract.

(8) If no unliquidated financing payments to the Contractor remain, but there are unliquidated financing payments that the Contractor has made to any subcontractor, the Contractor shall be subrogated to all the rights the Government obtained through the terms required by this clause to be in any subcontract, as if all such rights had been assigned and transferred to the Contractor.

(9) To facilitate small business participation in subcontracting under this contract, the Contractor shall provide financing payments to small business concerns, in conformity with the standards for customary contract financing payments stated in FAR 32.113. The Contractor shall not consider the need for such financing payments as a handicap or adverse factor in the award of subcontracts.

(k) *Limitations on undefinitized contract actions.* Notwithstanding any other progress payment provisions in this contract, progress payments may not exceed 80 percent of costs incurred on work accomplished under undefinitized contract actions. A *contract action* is any action resulting in a contract, as defined in subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes. This limitation shall apply to the costs incurred, as computed in accordance with paragraph (a) of this clause, and shall remain in effect until the contract action is definitized. Costs incurred which are subject to this limitation shall be segregated on Contractor progress payment requests and invoices from those costs eligible for higher progress payment rates. For purposes of progress payment liquidation, as described in paragraph (b) of this clause, progress payments for undefinitized contract actions shall be liquidated at 80 percent of the amount invoiced for work performed under the undefinitized contract action as long as the contract action remains undefinitized. The amount of unliquidated progress payments for undefinitized contract actions shall not exceed 80 percent of the maximum liability of the Government under the undefinitized contract action or such lower limit specified elsewhere in the contract. Separate limits may be specified for separate actions.

(l) *Due date.* The designated payment office will make progress payments on the ____ [*Contracting Officer insert date as prescribed by agency head; if not prescribed, insert "30th"*] day after the designated billing office receives a proper progress payment request. In the event that the Government requires an audit or other review of a specific progress payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date. Progress payments are considered contract financing and are not subject to the interest penalty provisions of the Prompt Payment Act.

(m) Progress payments under indefinite—delivery contracts. The Contractor shall account for and submit progress payment requests under individual orders as if the order constituted a separate contract, unless otherwise specified in this contract.

(End of clause)

Alternate I (MAR 2000). If the contract is with a small business concern, change each mention of the progress payment and liquidation rates excepting paragraph (k) to the customary rate of 85 percent for small business concerns (see FAR 32.501-1).

Alternate II (APR 2003). If the contract is a letter contract, add paragraphs (n) and (o). The amount specified in paragraph (o) shall not exceed 80 percent of the maximum liability of the Government under the letter contract. The contracting officer may specify separate limits for separate parts of the work.

(n) The Contracting Officer will liquidate progress payments made under this letter contract, unless previously liquidated under paragraph (b) of this clause, using the following procedures:

(1) If this letter contract is superseded by a definitive contract, unliquidated progress payments made under this letter contract shall be liquidated by deducting the amount from the first progress or other payments made under the definitive contract.

(2) If this letter contract is not superseded by a definitive contract calling for the furnishing of all or part of the articles or services covered under the letter contract, unliquidated progress payments made under the letter contract shall be liquidated by deduction from the amount payable under the Termination clause.

(3) If this letter contract is partly terminated and partly superseded by a contract, the Government will allocate the unliquidated progress payments to the terminated and unterminated portions as the Government deems equitable, and will liquidate each portion under the relevant procedure in paragraphs (n)(1) and (n)(2) of this clause.

(4) If the method of liquidating progress payments provided in this clause does not result in full liquidation, the Contractor shall immediately pay the unliquidated balance to the Government on demand.

(o) The amount of unliquidated progress payments shall not exceed _____________ *[Contracting Officer specify dollar amount]*.

Alternate III (JUN 2020). As prescribed in 32.502-4 (d), add the following paragraph (n) to the basic clause. If Alternate II is also being used, redesignate the following paragraph as paragraph (p):

(n) The provisions of this clause will not be applicable to individual orders at or below the simplified acquisition threshold, as defined in FAR 2.101 on the date of individual order award.

52.232-17 Interest.

As prescribed in 32.611 (a) and (b), insert the following clause:

INTEREST (MAY 2014)

(a) Except as otherwise provided in this contract under a Price Reduction for Defective Certified Cost or Pricing Data clause or a Cost Accounting Standards clause, all amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in paragraph (e) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(b) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(c) *Final Decisions*. The Contracting Officer will issue a final decision as required by 33.211 if-

(1) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(2) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(3) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(d) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(e) Amounts shall be due at the earliest of the following dates:

(1) The date fixed under this contract.

(2) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(f) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(1) The date on which the designated office receives payment from the Contractor;

(2) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(3) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(g) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(End of clause)

52.232-18 Availability of Funds.

As prescribed in 32.706-1(a), insert the following clause:

AVAILABILITY OF FUNDS (APR 1984)

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.232-19 Availability of Funds for the Next Fiscal Year.

As prescribed in 32.706-1(b), insert the following clause:

AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond ________. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond _____, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.232-20 Limitation of Cost.

As prescribed in 32.706-2(a), insert the following clause:

LIMITATION OF COST (DEVIATION DATE)

(a) The parties estimate that performance of this contract, exclusive of any fee, will not cost the Government more than (1) the estimated cost specified in the Schedule or, (2) if this is a cost-sharing contract, the Government's share of the estimated cost specified in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within the estimated cost, which, if this is a cost-sharing contract, includes both the Government's and the Contractor's share of the cost.

(b) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that—

(1) The costs the Contractor expects to incur under this contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of the estimated cost specified in the Schedule; or

(2) The total cost for the performance of this contract, exclusive of any fee, will be either greater or substantially less than had been previously estimated.

(c) As part of the notification, the Contractor shall provide the Contracting Officer a revised estimate of the total cost of performing this contract.

(d) Except as required by other provisions of this contract, specifically citing and stated to be an exception to this clause—

(1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of (i) the estimated cost specified in the Schedule or, (ii) if this is a cost-sharing contract, the estimated cost to the Government specified in the Schedule; and

(2) The Contractor is not obligated to continue performance under this contract (including actions under the Termination clause of this contract) or otherwise incur costs in excess of the estimated cost specified in the Schedule, until the Contracting Officer (i) notifies the Contractor in writing that the estimated cost has been increased and (ii) provides a revised estimated total cost of performing this contract. If this is a cost-sharing contract, the increase shall be allocated in accordance with the formula specified in the Schedule.

(e) No notice, communication, or representation in any form other than that specified in subparagraph (d)(2) in this clause, or from any person other than the Contracting Officer, shall affect this contract's estimated cost to the Government. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the estimated cost or, if this is a cost-sharing contract, for any costs in excess of the estimated cost to the Government specified in the Schedule, whether those excess costs were incurred during the course of the contract or as a result of termination.

(f) If the estimated cost specified in the Schedule is increased, any costs the Contractor incurs before the increase that are in excess of the previously estimated cost shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice directing that the increase is solely to cover termination or other specified expenses.

(g) Change orders shall not be considered an authorization to exceed the estimated cost to the Government specified in the Schedule, unless they contain a statement increasing the estimated cost.

(h) If this contract is terminated or the estimated cost is not increased, the Government and the Contractor shall negotiate an equitable distribution of all property produced or purchased under the contract, based upon the share of costs incurred by each.

(End of clause)

52.232-21 [Reserved]

52.232-22 Limitation of Funds.

As prescribed in 32.706-2(b), insert the following clause:

LIMITATION OF FUNDS (DEVIATION DATE)

(a) The parties estimate that performance of this contract will not cost the Government more than (1) the estimated cost specified in the Schedule or, (2) if this is a cost-sharing contract, the Government's share of the estimated cost specified in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within the estimated cost, which, if this is a cost-sharing contract, includes both the Government's and the Contractor's share of the cost.

(b) The Schedule specifies the amount presently available for payment by the Government and allotted to this contract, the items covered, the Government's share of the cost if this is a cost-sharing contract, and the period of performance it is estimated the allotted amount will cover. The parties contemplate that the Government will allot additional funds incrementally to the contract up to the fully estimated cost to the Government specified in the Schedule, exclusive of any fee. The Contractor agrees to perform, or have performed, work on the contract up to the point at which the total amount paid and payable by the Government under the contract approximates but does not exceed the total amount actually allotted by the Government to the contract.

(c) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the costs it expects to incur under this contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of (1) the total amount so far allotted to the contract by the Government or, (2) if this is a cost-sharing contract, the amount then allotted to the contract by the Government plus the Contractor's corresponding share. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule.

(d) Sixty days before the end of the period specified in the Schedule, the Contractor shall notify the Contracting Officer in writing of the estimated amount of additional funds, if any, required to continue timely performance under the contract or for any further period specified in the Schedule or otherwise agreed upon, and when the funds will be required.

(e) If, after notification, additional funds are not allotted by the end of the period specified in the Schedule or another agreed-upon date, upon the Contractor's written request the Contracting Officer will terminate this contract on that date in accordance with the provisions of the Termination clause of this contract. If the Contractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and the Contracting Officer may terminate this contract on that later date.

(f) Except as required by other provisions of this contract, specifically citing and stated to be an exception to this clause—

(1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of the total amount allotted by the Government to this contract; and

(2) The Contractor is not obligated to continue performance under this contract (including actions under the Termination clause of this contract) or otherwise incur costs in excess of-

(i) The amount then allotted to the contract by the Government; or,

(ii) If this is a cost-sharing contract, the amount then allotted by the Government to the contract plus the Contractor's corresponding share, until the Contracting Officer notifies the Contractor in writing that the amount allotted by the Government has been increased and specifies an increased amount, which shall then constitute the total amount allotted by the Government to this contract.

(g) The estimated cost shall be increased to the extent that (1) the amount allotted by the Government or, (2) if this is a cost-sharing contract, the amount then allotted by the Government to the contract plus the Contractor's corresponding share, exceeds the estimated cost specified in the Schedule. If this is a cost-sharing contract, the increase shall be allocated in accordance with the formula specified in the Schedule.

(h) No notice, communication, or representation in any form other than that specified in subparagraph (f)(2) of this clause, or from any person other than the Contracting Officer, shall affect the amount allotted by the Government to this contract. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the total amount allotted by the Government to this contract, whether incurred during the course of the contract or as a result of termination.

(i) When and to the extent that the amount allotted by the Government to the contract is increased, any costs the Contractor incurs before the increase that are in excess of—

(1) The amount previously allotted by the Government; or

(2) If this is a cost-sharing contract, the amount previously allotted by the Government to the contract plus the Contractor's corresponding share, shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.

(j) Change orders shall not be considered an authorization to exceed the amount allotted by the Government specified in the Schedule, unless they contain a statement increasing the amount allotted.

(k) Nothing in this clause shall affect the right of the Government to terminate this contract. If this contract is terminated, the Government and the Contractor shall negotiate an equitable distribution of all property produced or purchased under the contract, based upon the share of costs incurred by each.

(l) If the Government does not allot sufficient funds to allow completion of the work, the Contractor is entitled to a percentage of the fee specified in the Schedule equaling the percentage of completion of the work contemplated by this contract.

(End of clause)

52.232-23 Assignment of Claims.

As prescribed in 32.806(a)(1), insert the following clause:

ASSIGNMENT OF CLAIMS (MAY 2014)

(a) The Contractor, under the Assignment of Claims Act, as amended, 31 U.S.C.3727, 41 U.S.C.6305 (hereafter referred to as "the Act"), may assign its rights to be paid amounts due or to become due as a result of the performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency. The assignee under such an assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution described in the preceding sentence.

(b) Any assignment or reassignment authorized under the Act and this clause shall cover all unpaid amounts payable under this contract, and shall not be made to more than one party, except that an assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in the financing of this contract.

(c) The Contractor shall not furnish or disclose to any assignee under this contract any classified document (including this contract) or information related to work under this contract until the Contracting Officer authorizes such action in writing.

(End of clause)

Alternate I (APR 1984). If a no-setoff commitment is to be included in the contract (see 32.801 and 32.803(d)), add the following sentence at the end of paragraph (a) of the basic clause:

Unless otherwise stated in this contract, payments to an assignee of any amounts due or to become due under this contract shall not, to the extent specified in the Act, be subject to reduction or setoff.

52.232-24 Prohibition of Assignment of Claims.

As prescribed in 32.806(b), insert the following clause:

PROHIBITION OF ASSIGNMENT OF CLAIMS (MAY 2014)

The assignment of claims under the Assignment of Claims Act of 1940 "(31 U.S.C.3727, 41 U.S.C. 6305)" is prohibited for this contract.

(End of clause)

52.232-25 Prompt Payment.

As prescribed in 32.908(c), insert the following clause:

PROMPT PAYMENT (JAN 2017)

Notwithstanding any other payment clause in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the date of an electronic funds transfer (EFT). Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see paragraph (a)(4) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments- (1) Due date. (i) Except as indicated in paragraphs (a)(2) and (c) of this clause, the due date for making invoice payments by the designated payment office is the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor (except as provided in paragraph (a)(1)(ii) of this clause).

(B) The 30th day after Government acceptance of supplies delivered or services performed. For a final invoice, when the payment amount is subject to contract settlement actions, acceptance is deemed to occur on the effective date of the contract settlement.

(ii) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the Contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) Certain food products and other payments. (i) Due dates on Contractor invoices for meat, meat food products, or fish; perishable agricultural commodities; and dairy products, edible fats or oils, and food products prepared from edible fats or oils are-

(A) For meat or meat food products, as defined in section 2(a)(3) of the Packers and Stockyard Act of1921 (7 U.S.C. 182(3)), and as further defined in Pub.L.98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, and any perishable egg product, as close as possible to, but not later than, the 7th day after product delivery.

(B) For fresh or frozen fish, as defined in section 204(3) of the Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)), as close as possible to, but not later than, the 7th day after product delivery.

(C) For perishable agricultural commodities, as defined in section 1(4) of the Perishable Agricultural Commodities Act of1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10th day after product delivery, unless another date is specified in the contract.

(D) For dairy products, as defined in section 111(e) of the Dairy Production Stabilization Act of1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products prepared from edible fats or oils, as close as possible to, but not later than, the 10th day after the date on which a proper invoice has been received. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products, fall within this classification. Nothing in the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific product, prevailing industry practices will be followed in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the Contractor making the representation.

(ii) If the contract does not require submission of an invoice for payment (*e.g.,* periodic lease payments), the due date will be as specified in the contract.

(3) *Contractor's invoice*. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(3)(i) through (a)(3)(x) of this clause. If the invoice does not comply with these requirements, the designated billing office will return it within 7 days after receipt (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils), with the reasons why it is not a proper invoice. The Government will take into account untimely notification when computing any interest penalty owed the Contractor.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of the mailing or transmission.)

(iii) Contract number or other authorization for supplies delivered or services performed (including order number and line item number).

(iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered or services performed.

(v) Shipping and payment terms (*e.g.,* shipment number and date of shipment, discount for prompt payment terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(ix) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (*e.g.,* 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (*e.g.,* 52.232-33, Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract (*e.g.,* evidence of shipment).

(4) *Interest penalty*. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(4)(i) through (a)(4)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment, and there was no disagreement over quantity, quality, or Contractor compliance with any contract term or condition.

(iii) In the case of a final invoice for any balance of funds due the Contractor for supplies delivered or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(5) *Computing penalty amount*. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance is deemed to occur constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivers the supplies or performs the services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. If actual acceptance occurs within the constructive acceptance period, the Government will base the determination of an interest penalty on the actual date of acceptance. The constructive acceptance requirement does not, however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulations at 5 CFR1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes and any interest that may be payable in accordance with the clause at FAR 52.233-1, Disputes.

(6) *Discounts for prompt payment*. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR part 1315.

(7) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR part 1315 in addition to the interest penalty amount only if-

(A) The Government owes an interest penalty of $1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The Contractor makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(7)(ii) of this clause, postmarked not later than 40 days after the invoice amount is paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall-

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible-

(1) The designated payment office that receives the demand will annotate it with the date of receipt, provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(iii) The additional penalty does not apply to payments regulated by other Government regulations (*e.g.,* payments under utility contracts subject to tariffs and regulation).

(b) *Contract financing payment*. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) *Fast payment procedure due dates*. If this contract contains the clause at 52.213-1, Fast Payment Procedure, payments will be made within 15 days after the date of receipt of the invoice.

(d) *Overpayments*. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall-

(1) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(i) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(ii) Affected contract number and delivery order number if applicable;

(iii) Affected line item or subline item, if applicable; and

(iv) Contractor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

Alternate I (FEB 2002). As prescribed in 32.908 (c)(3), add the following paragraph (e) to the basic clause:

(e) *Invoices for interim payments*. For interim payments under this cost-reimbursement contract for services-

(1) Paragraphs (a)(2), (a)(3), (a)(4)(ii), (a)(4)(iii), and (a)(5)(i) do not apply;

(2) For purposes of computing late payment interest penalties that may apply, the due date for payment is the 30th day after the designated billing office receives a proper invoice; and

(3) The contractor shall submit invoices for interim payments in accordance with paragraph (a) of FAR 52.216-7, Allowable Cost and Payment. If the invoice does not comply with contract requirements, it will be returned within 7 days after the date the designated billing office received the invoice.

52.232-26 Prompt Payment for Fixed-Price Architect-Engineer Contracts.

As prescribed in 32.908(a), insert the following clause:

PROMPT PAYMENT FOR FIXED-PRICE ARCHITECT-ENGINEER CONTRACTS (JAN 2017)

Notwithstanding any other payment terms in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the date of an electronic funds transfer. Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the

Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see paragraph (a)(3) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments- (1) *Due date*. The due date for making invoice payments is-

(i) For work or services completed by the Contractor, the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor (except as provided in paragraph (a)(1)(iii) of this clause).

(B) The 30th day after Government acceptance of the work or services completed by the Contractor. For a final invoice, when the payment amount is subject to contract settlement actions (*e.g.,* release of claims), acceptance is deemed to occur on the effective date of the settlement.

(ii) The due date for progress payments is the 30th day after Government approval of Contractor estimates of work or services accomplished.

(iii) If the designated billing office fails to annotate the invoice or payment request with the actual date of receipt at the time of receipt, the payment due date is the 30th day after the date of the Contractor's invoice or payment request, provided the designated billing office receives a proper invoice or payment request and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) *Contractor's invoice*. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(2)(i) through (a)(2)(x) of this clause. If the invoice does not comply with these requirements, the designated billing office will return it within 7 days after receipt, with the reasons why it is not a proper invoice. When computing any interest penalty owed the Contractor, the Government will take into account if the Government notifies the Contractor of an improper invoice in an untimely manner.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of mailing or transmission.)

(iii) Contract number or other authorization for work or services performed (including order number and line item number).

(iv) Description of work or services performed.

(v) Delivery and payment terms (*e.g.,* discount for prompt payment terms).

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(ix) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (*e.g.,* 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (*e.g.,* 52.232-33, Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract.

(3) *Interest penalty*. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(3)(i) through (a)(3)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment and there was no disagreement over quantity, quality, Contractor compliance with any contract term or condition, or requested progress payment amount.

(iii) In the case of a final invoice for any balance of funds due the Contractor for work or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(4) *Computing penalty amount*. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance or approval is deemed to occur constructively as shown in paragraphs (a)(4)(i)(A) and (B) of this clause. If actual acceptance or approval occurs within the constructive acceptance or approval period, the Government will base the determination of an interest penalty on the actual date of acceptance or approval. Constructive acceptance or constructive approval requirements do not apply if there is a disagreement over quantity, quality, Contractor compliance with a contract provision, or requested progress payment amounts. These requirements also do not compel Government officials to accept work or services, approve Contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(A) For work or services completed by the Contractor, Government acceptance is deemed to occur constructively on the 7th day after the Contractor completes the work or services in accordance with the terms and conditions of the contract.

(B) For progress payments, Government approval is deemed to occur on the 7th day after the designated billing office receives the Contractor estimates.

(ii) The prompt payment regulations at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes, and any interest that may be payable in accordance with the clause at FAR 52.233-1, Disputes.

(5) *Discounts for prompt payment*. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with 5 CFR part 1315.

(6) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR part 1315, in addition to the interest penalty amount only if-

(A) The Government owes an interest penalty of $1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The contractor makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(6)(ii) of this clause, postmarked not later than 40 days after the date the invoice amount is paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall-

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible-

(1) The designated payment office that receives the demand will annotate it with the date of receipt, provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(iii) The additional penalty does not apply to payments regulated by other Government regulations (*e.g.,* payments under utility contracts subject to tariffs and regulation).

(b) *Contract financing payments*. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) *Overpayments*. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall-

(1) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(i) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(ii) Affected contract number and delivery order number if applicable;

(iii) Affected line item or subline item, if applicable; and

(iv) Contractor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

52.232-27 Prompt Payment for Construction Contracts.

As prescribed in 32.908(b), insert the following clause:

PROMPT PAYMENT FOR CONSTRUCTION CONTRACTS (JAN 2017)

Notwithstanding any other payment terms in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the date of an electronic funds transfer. Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see paragraph (a)(3) concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments- (1) *Types of invoice payments*. For purposes of this clause, there are several types of invoice payments that may occur under this contract, as follows:

(i) Progress payments, if provided for elsewhere in this contract, based on Contracting Officer approval of the estimated amount and value of work or services performed, including payments for reaching milestones in any project.

(A) The due date for making such payments is 14 days after the designated billing office receives a proper payment request. If the designated billing office fails to annotate the payment request with the actual date of receipt at the time of receipt, the payment due date is the 14th day after the date of the Contractor's payment request, provided the designated billing office receives a proper payment request and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(B) The due date for payment of any amounts retained by the Contracting Officer in accordance with the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, is as specified in the contract or, if not specified, 30 days after approval by the Contracting Officer for release to the Contractor.

(ii) Final payments based on completion and acceptance of all work and presentation of release of all claims against the Government arising by virtue of the contract, and payments for partial deliveries that have been accepted by the Government (*e.g.,* each separate building, public work, or other division of the contract for which the price is stated separately in the contract).

(A) The due date for making such payments is the later of the following two events:

(1) The 30th day after the designated billing office receives a proper invoice from the Contractor.

(2) The 30th day after Government acceptance of the work or services completed by the Contractor. For a final invoice when the payment amount is subject to contract settlement actions (*e.g.,* release of claims), acceptance is deemed to occur on the effective date of the contract settlement.

(B) If the designated billing office fails to annotate the invoice with the date of actual receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the Contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) *Contractor's invoice*. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(2)(i) through (a)(2)(xi) of this clause. If the invoice does not comply with these requirements, the designated billing office must return it within 7 days after receipt, with the reasons why it is not a proper invoice. When computing any interest penalty owed the Contractor, the Government will take into account if the Government notifies the Contractor of an improper invoice in an untimely manner.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of mailing or transmission.)

(iii) Contract number or other authorization for work or services performed (including order number and line item number).

(iv) Description of work or services performed.

(v) Delivery and payment terms (*e.g.,* discount for prompt payment terms).

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) For payments described in paragraph (a)(1)(i) of this clause, substantiation of the amounts requested and certification in accordance with the requirements of the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts.

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (*e.g.,* 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (*e.g.,* 52.232-33, Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(xi) Any other information or documentation required by the contract.

(3) *Interest penalty*. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(3)(i) through (a)(3)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment and there was no disagreement over quantity, quality, Contractor compliance with any contract term or condition, or requested progress payment amount.

(iii) In the case of a final invoice for any balance of funds due the Contractor for work or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(4) *Computing penalty amount*. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor for payments described in paragraph (a)(1)(ii) of this clause, Government acceptance or approval is deemed to occur constructively on the 7th day after the Contractor has completed the work or services in accordance with the terms and conditions of the contract. If actual acceptance or approval occurs within the constructive acceptance or approval period, the Government will base the determination of an interest penalty on the actual date of acceptance or approval. Constructive acceptance or constructive approval requirements do not apply if there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. These requirements also do not compel Government officials to accept work or services, approve Contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulations at 5 CFR1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes, and any interest that may be payable in accordance with the clause at FAR 52.233-1, Disputes.

(5) *Discounts for prompt payment*. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR part 1315.

(6) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR part 1315 in addition to the interest penalty amount only if-

(A) The Government owes an interest penalty of $1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The Contractor makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(6)(ii) of this clause, postmarked not later than 40 days after the date the invoice amount is paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall-

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible-

(1) The designated payment office that receives the demand will annotate it with the date of receipt provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(b) *Contract financing payments*. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) *Subcontract clause requirements*. The Contractor shall include in each subcontract for property or services (including a material supplier) for the purpose of performing this contract the following:

(1) *Prompt payment for subcontractors*. A payment clause that obligates the Contractor to pay the subcontractor for satisfactory performance under its subcontract not later than 7 days from receipt of payment out of such amounts as are paid to the Contractor under this contract.

(2) *Interest for subcontractors*. An interest penalty clause that obligates the Contractor to pay to the subcontractor an interest penalty for each payment not made in accordance with the payment clause-

(i) For the period beginning on the day after the required payment date and ending on the date on which payment of the amount due is made; and

(ii) Computed at the rate of interest established by the Secretary of the Treasury, and published in the *Federal Register*, for interest payments under 41 U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an interest penalty.

(3) *Subcontractor clause flowdown*. A clause requiring each subcontractor to-

(i) Include a payment clause and an interest penalty clause conforming to the standards set forth in paragraphs (c)(1) and (c)(2) of this clause in each of its subcontracts; and

(ii) Require each of its subcontractors to include such clauses in their subcontracts with each lower-tier subcontractor or supplier.

(d) *Subcontract clause interpretation*. The clauses required by paragraph (c) of this clause shall not be construed to impair the right of the Contractor or a subcontractor at any tier to negotiate, and to include in their subcontract, provisions that-

(1) *Retainage permitted*. Permit the Contractor or a subcontractor to retain (without cause) a specified percentage of each progress payment otherwise due to a subcontractor for satisfactory performance under the subcontract without incurring any obligation to pay a late payment interest penalty, in accordance with terms and conditions agreed to by the parties to the subcontract, giving such recognition as the parties deem appropriate to the ability of a subcontractor to furnish a performance bond and a payment bond;

(2) *Withholding permitted*. Permit the Contractor or subcontractor to make a determination that part or all of the subcontractor's request for payment may be withheld in accordance with the subcontract agreement; and

(3) *Withholding requirements*. Permit such withholding without incurring any obligation to pay a late payment penalty if-

(i) A notice conforming to the standards of paragraph (g) of this clause previously has been furnished to the subcontractor; and

(ii) The Contractor furnishes to the Contracting Officer a copy of any notice issued by a Contractor pursuant to paragraph (d)(3)(i) of this clause.

(e) *Subcontractor withholding procedures*. If a Contractor, after making a request for payment to the Government but before making a payment to a subcontractor for the subcontractor's performance covered by the payment request, discovers that all or a portion of the payment otherwise due such subcontractor is subject to withholding from the subcontractor in accordance with the subcontract agreement, then the Contractor shall-

(1) *Subcontractor notice*. Furnish to the subcontractor a notice conforming to the standards of paragraph (g) of this clause as soon as practicable upon ascertaining the cause giving rise to a withholding, but prior to the due date for subcontractor payment;

(2) *Contracting Officer notice*. Furnish to the Contracting Officer, as soon as practicable, a copy of the notice furnished to the subcontractor pursuant to paragraph (e)(1) of this clause;

(3) *Subcontractor progress payment reduction*. Reduce the subcontractor's progress payment by an amount not to exceed the amount specified in the notice of withholding furnished under paragraph (e)(1) of this clause;

(4) *Subsequent subcontractor payment*. Pay the subcontractor as soon as practicable after the correction of the identified subcontract performance deficiency, and-

(i) Make such payment within-

(A) Seven days after correction of the identified subcontract performance deficiency (unless the funds therefor must be recovered from the Government because of a reduction under paragraph (e)(5)(i)) of this clause; or

(B) Seven days after the Contractor recovers such funds from the Government; or

(ii) Incur an obligation to pay a late payment interest penalty computed at the rate of interest established by the Secretary of the Treasury, and published in the *Federal Register*, for interest payments under 41 U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an interest penalty;

(5) *Notice to Contracting Officer*. Notify the Contracting Officer upon-

(i) Reduction of the amount of any subsequent certified application for payment; or

(ii) Payment to the subcontractor of any withheld amounts of a progress payment, specifying-

(A) The amounts withheld under paragraph (e)(1) of this clause; and

(B) The dates that such withholding began and ended; and

(6) *Interest to Government*. Be obligated to pay to the Government an amount equal to interest on the withheld payments (computed in the manner provided in 31 U.S.C. 3903(c)(1)), from the 8th day after receipt of the withheld amounts from the Government until-

(i) The day the identified subcontractor performance deficiency is corrected; or

(ii) The date that any subsequent payment is reduced under paragraph (e)(5)(i) of this clause.

(f) Third-party deficiency reports- (1) *Withholding from subcontractor*. If a Contractor, after making payment to a first-tier subcontractor, receives from a supplier or subcontractor of the first-tier subcontractor (hereafter referred to as a "second-tier subcontractor") a written notice in accordance with 40 U.S.C. 3133, asserting a deficiency in such first-tier subcontractor's performance under the contract for which the Contractor may be ultimately liable, and the Contractor determines that all or a portion of future payments otherwise due such first-tier subcontractor is subject to withholding in accordance with the subcontract agreement, the Contractor may, without incurring an obligation to pay an interest penalty under paragraph (e)(6) of this clause-

(i) Furnish to the first-tier subcontractor a notice conforming to the standards of paragraph (g) of this clause as soon as practicable upon making such determination; and

(ii) Withhold from the first-tier subcontractor's next available progress payment or payments an amount not to exceed the amount specified in the notice of withholding furnished under paragraph (f)(1)(i) of this clause.

(2) *Subsequent payment or interest charge*. As soon as practicable, but not later than 7 days after receipt of satisfactory written notification that the identified subcontract performance deficiency has been corrected, the Contractor shall-

(i) Pay the amount withheld under paragraph (f)(1)(ii) of this clause to such first-tier subcontractor; or

(ii) Incur an obligation to pay a late payment interest penalty to such first-tier subcontractor computed at the rate of interest established by the Secretary of the Treasury, and published in the *Federal Register*, for interest payments under 41 U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an interest penalty.

(g) *Written notice of subcontractor withholding*. The Contractor shall issue a written notice of any withholding to a subcontractor (with a copy furnished to the Contracting Officer), specifying-

(1) The amount to be withheld;

(2) The specific causes for the withholding under the terms of the subcontract; and

(3) The remedial actions to be taken by the subcontractor in order to receive payment of the amounts withheld.

(h) *Subcontractor payment entitlement*. The Contractor may not request payment from the Government of any amount withheld or retained in accordance with paragraph (d) of this clause until such time as the Contractor has determined and certified to the Contracting Officer that the subcontractor is entitled to the payment of such amount.

(i) *Prime-subcontractor disputes*. A dispute between the Contractor and subcontractor relating to the amount or entitlement of a subcontractor to a payment or a late payment interest penalty under a clause included in the subcontract pursuant to paragraph (c) of this clause does not constitute a dispute to which the Government is a party. The Government may not be interpleaded in any judicial or administrative proceeding involving such a dispute.

(j) *Preservation of prime-subcontractor rights*. Except as provided in paragraph (i) of this clause, this clause shall not limit or impair any contractual, administrative, or judicial remedies otherwise available to the Contractor or a subcontractor in the event of a dispute involving late payment or nonpayment by the Contractor or deficient subcontract performance or nonperformance by a subcontractor.

(k) *Non-recourse for prime contractor interest penalty*. The Contractor's obligation to pay an interest penalty to a subcontractor pursuant to the clauses included in a subcontract under paragraph (c) of this clause shall not be construed to be an obligation of the Government for such interest penalty. A cost-reimbursement claim may not include any amount for reimbursement of such interest penalty.

(l) *Overpayments*. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall-

(1) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(i) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(ii) Affected contract number and delivery order number if applicable;

(iii) Affected line item or subline item, if applicable; and

(iv) Contractor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

52.232-28 Invitation to Propose Performance-Based Payments.

As prescribed in 32.1005(b)(1), insert the following provision:

INVITATION TO PROPOSE PERFORMANCE-BASED PAYMENTS (MAR 2000)

(a) The Government invites the offeror to propose terms under which the Government will make performance-based contract financing payments during contract performance. The Government will consider performance-based payment financing terms proposed by the offeror in the evaluation of the offeror's proposal. The Contracting Officer will incorporate the financing terms of the successful offeror and the FAR clause, Performance-Based Payments, at FAR 52.232-32, in any resulting contract.

(b) In the event of any conflict between the terms proposed by the offeror and the terms in the clause at FAR 52.232-32, Performance-Based Payments, the terms of the clause at FAR 52.232-32 shall govern.

(c) The Contracting Officer will not accept the offeror's proposed performance-based payment financing if the financing does not conform to the following limitations:

(1) The Government will make delivery payments only for supplies delivered and accepted, or services rendered and accepted in accordance with the payment terms of this contract.

(2) The terms and conditions of the performance-based payments must-

(i) Comply with FAR 32.1004;

(ii) Be reasonable and consistent with all other technical and cost information included in the offeror's proposal; and

(iii) Their total shall not exceed 90 percent of the contract price if on a whole contract basis, or 90 percent of the delivery item price if on a delivery item basis.

(3) The terms and conditions of the performance-based financing must be in the best interests of the Government.

(d) The offeror's proposal of performance-based payment financing shall include the following:

(1) The proposed contractual language describing the performance-based payments (see FAR 32.1004 for appropriate criteria for establishing performance bases and performance-based finance payment amounts).

(2) A listing of-

(i) The projected performance-based payment dates and the projected payment amounts; and

(ii) The projected delivery date and the projected payment amount.

(3) Information addressing the Contractor's investment in the contract.

(e) Evaluation of the offeror's proposed prices and financing terms will include whether the offeror's proposed performance-based payment events and payment amounts are reasonable and consistent with all other terms and conditions of the offeror's proposal.

(End of provision)

Alternate I (MAR 2000). As prescribed in FAR 32.1005 (b)(2), add the following paragraph (f) to the basic provision:

(f) The Government will adjust each proposed price to reflect the cost of providing the proposed performance-based payments to determine the total cost to the Government of that particular combination of price and performance-based financing. The Government will make the adjustment using the procedure described in FAR 32.205(c).

52.232-29 Terms for Financing of Purchases of Commercial Products and Commercial Services.

As prescribed in 32.206(b)(2), insert the following clause:

TERMS FOR FINANCING OF PURCHASES OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) *Contractor entitlement to financing payments*. The Contractor may request, and the Government shall pay, a contract financing payment as specified elsewhere in this contract when: the payment requested is properly due in accordance with this contract; the supplies deliverable or services due under the contract will be delivered or performed in accordance with the contract; and there has been no impairment or diminution of the Government's security under this contract.

(b) *Special terms regarding termination for cause*. If this contract is terminated for cause, the Contractor shall, on demand, repay to the Government the amount of unliquidated contract financing payments. The Government shall be liable for no payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation (FAR) 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

(c) *Security for Government financing*. In the event the Contractor fails to provide adequate security, as required in this contract, no financing payment shall be made under this contract. Upon receipt of adequate security, financing payments shall be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the provisions for contract financing. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary. In the event the Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided and suspend further payments to the Contractor; and the Contractor shall repay to the Government the amount of unliquidated financing payments as the Contracting Officer at his sole discretion deems repayable.

(d) Reservation of rights. (1) No payment or other action by the Government under this clause shall-

(i) Excuse the Contractor from performance of obligations under this contract; or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause-

(i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(e) *Content of Contractor's request for financing payment*. The Contractor's request for financing payment shall contain the following:

(1) The name and address of the Contractor;

(2) The date of the request for financing payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made; and

(4) An appropriately itemized and totaled statement of the financing payments requested and such other information as is necessary for computation of the payment, prepared in accordance with the direction of the Contracting Officer.

(f) *Limitation on frequency of financing payments*. Contractor financing payments shall be provided no more frequently than monthly.

(g) *Dates for payment*. A payment under this clause is a contract financing payment and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved payment requests within 30 days of submittal of a proper request for payment.

(h) *Conflict between terms of offeror and clause*. In the event of any conflict between the terms proposed by the offeror in response to an invitation to propose financing terms (FAR 52.232-31) and the terms in this clause, the terms of this clause shall govern.

(End of clause)

52.232-30 Installment Payments for Commercial Products and Commercial Services.

As prescribed in 32.206(g), insert the following clause:

INSTALLMENT PAYMENTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) *Contractor entitlement to financing payments*. The Contractor may request, and the Government shall pay, a contract financing installment payment as specified in this contract when: the payment requested is properly due in accordance with this contract; the supplies deliverable or services due under the contract will be delivered or performed in accordance with the contract; and there has been no impairment or diminution of the Government's security under this contract.

(b) *Computation of amounts*. Installment payment financing shall be paid to the Contractor when requested for each separately priced unit of supply (but not for services) of each line item in amounts approved by the Contracting Officer pursuant to this clause.

(1) *Number of installment payments for each line item*. Each separately priced unit of each line item is authorized a fixed number of monthly installment payments. The number of installment payments authorized for each unit of a line item is equal to the number of months from the date of contract award to the date one month before the first delivery of the first separately priced unit of the line item. For example, if the first scheduled delivery of any separately priced unit of a line item is 9 months after award of the contract, all separately priced units of that line item are authorized 8 installment payments.

(2) *Amount of each installment payment*. The amount of each installment payment for each separately priced unit of each line item is equal to 70 percent of the unit price divided by the number of installment payments authorized for that unit.

(3) *Date of each installment payment.* Installment payments for any particular separately priced unit of a line item begin the number of months prior to the delivery of that unit that are equal to the number of installment payments authorized for that unit. For example, if 8 installment payments are authorized for each separately priced unit of a line item, the first installment payment for any particular unit of that line item would be 8 months before the scheduled delivery date for that unit. The last installment payment would be 1 month before scheduled delivery of a unit.

(4) *Limitation on payment*. Prior to the delivery payment for a separately priced unit of a line item, the sum of all installment payments for that unit shall not exceed 70 percent of the price of that unit.

(c) *Contractor request for installment payment*. The Contractor may submit requests for payment of installment payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all installment payments in any month for which payment is being requested shall be included in a single request, appropriately itemized and totaled.

(d) *Dates for payment*. An installment payment under this clause is a contract financing payment under the Prompt Payment clause of this contract, and except as provided in paragraph (e) of this clause, approved requests shall be paid within 30 days of submittal of a proper request for payment.

(e) *Liquidation of installment payments*. Installment payments shall be liquidated by deducting from the delivery payment of each item the total unliquidated amount of installment payments made for that separately priced unit of that line item. The liquidation amounts for each unit of each line item shall be clearly delineated in each request for delivery payment submitted by the Contractor.

(f) *Security for installment payment financing*. In the event the Contractor fails to provide adequate security as required in this contract, no financing payment shall be made under this contract. Upon receipt of adequate security, financing payments shall be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the contract. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary. In the event the Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided, and suspend further payments to the Contractor; the Contractor shall repay to the Government the amount of unliquidated financing payments as the Contracting Officer at his sole discretion deems repayable.

(g) *Special terms regarding termination for cause*. If this contract is terminated for cause, the Contractor shall, on demand, repay to the Government the amount of unliquidated installment payments. The Government shall be liable for no payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

(h) Reservation of rights. (1) No payment, vesting of title under this clause, or other action taken by the Government under this clause shall-

(i) Excuse the Contractor from performance of obligations under this contract; or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause-

(i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(i) *Content of Contractor's request for installment payment*. The Contractor's request for installment payment shall contain the following:

(1) The name and address of the Contractor;

(2) The date of the request for installment payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made; and

(4) An itemized and totaled statement of the items, installment payment amount, and month for which payment is being requested, for each separately priced unit of each line item.

(End of clause)

52.232-31 Invitation to Propose Financing Terms.

As prescribed in 32.205 (b) and 32.206 , insert the following provision:

INVITATION TO PROPOSE FINANCING TERMS (DEC 2022)

(a) The offeror is invited to propose terms under which the Government shall make contract financing payments during contract performance. The financing terms proposed by the offeror shall be a factor in the evaluation of the offeror's proposal. The financing terms of the successful offeror and the clause, Terms for Financing of Purchases of Commercial Products and Commercial Services, at Federal Acquisition Regulation (FAR) 52.232-29, shall be incorporated in any resulting contract.

(b) The offeror agrees that in the event of any conflict between the terms proposed by the offeror and the terms in the clause at FAR 52.232-29, Terms for Financing of Purchases of Commercial Products and Commercial Services, the terms of the clause at FAR 52.232-29 shall govern.

(c) Because of statutory limitations (10 U.S.C. 3805 and 41 U.S.C. 4505), the offeror's proposed financing shall not be acceptable if it does not conform to the following limitations:

(1) Delivery payments shall be made only for supplies delivered and accepted, or services rendered and accepted in accordance with the payment terms of this contract;

(2) Contract financing payments shall not exceed 15 percent of the contract price in advance of any performance of work under the contract;

(3) The terms and conditions of the contract financing must be appropriate or customary in the commercial marketplace; and

(4) The terms and conditions of the contract financing must be in the best interests of the United States.

(d) The offeror's proposal of financing terms shall include the following:

(1) The proposed contractual language describing the contract financing (see FAR 32.202-2 for appropriate definitions of types of payments); and

(2) A listing of the earliest date and greatest amount at which each contract financing payment may be payable and the amount of each delivery payment. Any resulting contract shall provide that no contract financing payment shall be made at any earlier date or in a greater amount than shown in the offeror's listing.

(e) The offeror's proposed prices and financing terms shall be evaluated to determine the cost to the United States of the proposal using the interest rate and delivery schedule specified elsewhere in this solicitation.

(End of provision)

52.232-32 Performance-Based Payments.

As prescribed in 32.1005 , insert the following clause:

PERFORMANCE-BASED PAYMENTS (APR 2012)

(a) *Amount of payments and limitations on payments*. Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contract's description of the basis for payment.

(b) *Contractor request for performance-based payment*. The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractor's request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause.

(c) Approval and payment of requests. (1) The Contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.

(2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the _________ *[Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30t"h]* day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (a) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request.

(3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.

(d) Liquidation of performance-based payments. (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage.

(2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.

(e) *Reduction or suspension of performance-based payments*. The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause).

(2) Performance of this contract is endangered by the Contractor's-

(i) Failure to make progress; or

(ii) Unsatisfactory financial condition.

(3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.

(f) Title. (1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract.

(2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (*i.e.,* noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (f)(2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract (*e.g.,* the termination clauses) shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.

(5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not-

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(g) *Risk of loss*. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(h) *Records and controls*. The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.

(i) *Reports and Government access*. The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's records and to examine and verify the Contractor's performance of this contract for administration of this clause.

(j) *Special terms regarding default*. If this contract is terminated under the Default clause, (1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause.

(k) Reservation of rights. (1) No payment or vesting of title under this clause shall-

(i) Excuse the Contractor from performance of obligations under this contract; or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause-

(i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(l) *Content of Contractor's request for performance-based payment*. The Contractor's request for performance-based payment shall contain the following:

(1) The name and address of the Contractor;

(2) The date of the request for performance-based payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made;

(4) Such information and documentation as is required by the contract's description of the basis for payment; and

(5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause.

(m) *Content of Contractor's certification*. As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that-

(1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the Contractor, in accordance with the contract and the instructions of the Contracting Officer;

(2) (Except as reported in writing on __________), all payments to subcontractors and suppliers under this contract have been paid, or will be paid, currently, when due in the ordinary course of business;

(3) There are no encumbrances (except as reported in writing on _________) against the property acquired or produced for, and allocated or properly chargeable to, the contract which would affect or impair the Government's title;

(4) There has been no materially adverse change in the financial condition of the Contractor since the submission by the Contractor to the Government of the most recent written information dated _____________; and

(5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of all payments under the contract will not exceed any limitation in the contract.

(End of clause)

52.232-33 Payment by Electronic Funds Transfer-System for Award Management.

As prescribed in 32.1110(a)(1), insert the following clause:

PAYMENT BY ELECTRONIC FUNDS TRANSFER-SYSTEM FOR AWARD MANAGEMENT (OCT 2018)

(a) Method of payment. (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) *Contractor's EFT information*. The Government shall make payment to the Contractor using the EFT information contained in the System for Award Management (SAM). In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to SAM.

(c) *Mechanisms for EFT payment*. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) *Suspension of payment*. If the Contractor's EFT information in SAM is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into SAM; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers. (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for-

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) *EFT and prompt paymen*t. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims*. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in SAM and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent*. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) *Payment information*. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in SAM.

(End of clause)

52.232-34 Payment by Electronic Funds Transfer-Other than System for Award Management.

As prescribed in 32.1110(a)(2), insert the following clause:

PAYMENT BY ELECTRONIC FUNDS TRANSFER-OTHER THAN SYSTEM FOR AWARD MANAGEMENT (JUL 2013)

(a) Method of payment. (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT (but see paragraph (d) of this clause).

(b) Mandatory submission of Contractor's EFT information. (1) The Contractor is required to provide the Government with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information (hereafter: "designated office") by _______________ *[the Contracting Officer shall insert date, days after award, days before first request, the date specified for receipt of offers if the provision at 52.232-38 is utilized, or "concurrent with first reques"t as prescribed by the head of the agency; if not prescribed, insert "no later than 15 days prior to submission of the first request for paymen"t]*. If not otherwise specified in this contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

(c) *Mechanisms for EFT payment*. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment. (1) The Government is not required to make any payment under this contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) Liability for uncompleted or erroneous transfers. (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for-

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) shall apply.

(f) *EFT and prompt payment*. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims*. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent*. The Government is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

(i) *Payment information*. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.

(j) *EFT information*. The Contractor shall provide the following information to the designated office. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

(1) The contract number (or other procurement identification number).

(2) The Contractor's name and remittance address, as stated in the contract(s).

(3) The signature (manual or electronic, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.

(5) The Contractor's account number and the type of account (checking, saving, or lockbox).

(6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the Contractor's financial agent.

(7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the Contractor's financial agent is not directly on-line to the Fedwire Transfer System; and, therefore, not the receiver of the wire transfer payment.

(End of clause)

52.232-35 Designation of Office for Government Receipt of Electronic Funds Transfer Information.

As prescribed in 32.1110(c), insert the following clause:

DESIGNATION OF OFFICE FOR GOVERNMENT RECEIPT OF ELECTRONIC FUNDS TRANSFER INFORMATION (JUL 2013)

(a) As provided in paragraph (b) of the clause at 52.232-34, Payment by Electronic Funds Transfer-Other than System for Award Management, the Government has designated the office cited in paragraph (c) of this clause as the office to receive the Contractor's electronic funds transfer (EFT) information, in lieu of the payment office of this contract.

(b) The Contractor shall send all EFT information, and any changes to EFT information to the office designated in paragraph (c) of this clause. The Contractor shall not send EFT information to the payment office, or any other office than that designated in paragraph (c). The Government need not use any EFT information sent to any office other than that designated in paragraph (c).

(c) Designated Office:

Name:

____

____

Mailing Address:

____

____

____

Telephone Number:

____

Person to Contact:

____

Electronic Address:

____

(End of clause)

52.232-36 Payment by Third Party.

As prescribed in 32.1110(d), insert the following clause:

PAYMENT BY THIRD PARTY (DEVIATION DATE)

(a) *General*. (1) Except as provided in paragraph (a)(2) of this clause, the Contractor agrees to accept payments due under this contract, through payment by a third party in lieu of payment directly from the Government, in accordance with the terms of this clause. The third party and, if applicable, the particular Governmentwide commercial purchase card to be used are identified elsewhere in this contract.

(2) The Governmentwide commercial purchase card is not authorized as a method of payment during any period the System for Award Management (SAM) indicates that the Contractor has delinquent debt that is subject to collection under the Treasury Offset Program (TOP). Information on TOP is available at https://www.fiscal.treasury.gov/TOP/. If the SAM subsequently indicates that the Contractor no longer has delinquent debt, the Contractor may request the Contracting Officer to authorize payment by Governmentwide commercial purchase card.

(b) *Contractor payment request*. (1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall make payment requests through a charge to the Government account with the third party, at the time and for the amount due in accordance with those clauses of this contract that authorize the Contractor to submit invoices, contract financing requests, other payment requests, or as provided in other clauses providing for payment to the Contractor.

(2) When the Contracting Officer has notified the Contractor that the Governmentwide commercial purchase card is no longer an authorized method of payment, the Contractor shall make such payment requests in accordance with instructions provided by the Contracting Officer during the period when the purchase card is not authorized.

(c) *Payment*. The Contractor and the third party shall agree that payments due under this contract shall be made upon submittal of payment requests to the third party in accordance with the terms and conditions of an agreement between the Contractor, the Contractor's financial agent (if any), and the third party and its agents (if any). No payment shall be due the Contractor until such agreement is made. Payments made or due by the third party under this clause are not payments made by the Government and are not subject to the Prompt Payment Act or any implementation thereof in this contract.

(d) *Documentation*. Documentation of each charge against the Government's account shall be provided to the Contracting Officer upon request.

(e) *Assignment of claims*. Notwithstanding any other provision of this contract, if any payment is made under this clause, then no payment under this contract shall be assigned under the provisions of the assignment of claims terms of this contract or the Assignment of Claims Act of 1940, (31 U.S.C. 3727, 41 U.S.C. 6305).

(f) *Other payment terms*. The other payment terms of this contract shall govern the content and submission of payment requests. If any clause requires information or documents in or with the payment request, that is not provided in the third party agreement referenced in paragraph (c) of this clause, the Contractor shall obtain instructions from the Contracting Officer before submitting such a payment request.

(End of clause)

52.232-37 Multiple Payment Arrangements.

As prescribed in 32.1110(e), insert the following clause:

MULTIPLE PAYMENT ARRANGEMENTS (MAY 1999)

This contract or agreement provides for payments to the Contractor through several alternative methods. The applicability of specific methods of payment and the designation of the payment office(s) are either stated-

(a) Elsewhere in this contract or agreement; or
(b) In individual orders placed under this contract or agreement.

(End of clause)

52.232-38 Submission of Electronic Funds Transfer Information with Offer.
As prescribed in 32.1110(g), insert the following provision:

SUBMISSION OF ELECTRONIC FUNDS TRANSFER INFORMATION WITH OFFER (JUL 2013)

The offeror shall provide, with its offer, the following information that is required to make payment by electronic funds transfer (EFT) under any contract that results from this solicitation. This submission satisfies the requirement to provide EFT information under paragraphs (b)(1) and (j) of the clause at 52.232-34, Payment by Electronic Funds Transfer-Other than System for Award Management.

(1) The solicitation number (or other procurement identification number).

(2) The offeror's name and remittance address, as stated in the offer.

(3) The signature (manual or electronic, as appropriate), title, and telephone number of the offeror's official authorized to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the offeror's financial agent.

(5) The offeror's account number and the type of account (checking, savings, or lockbox).

(6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the offeror's financial agent.

(7) If applicable, the offeror shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the offeror's financial agent is not directly on-line to the Fedwire and, therefore, not the receiver of the wire transfer payment.

(End of provision)

52.232-39 Unenforceability of Unauthorized Obligations.
As prescribed in 32.706-3 , insert the following clause:

UNENFORCEABILITY OF UNAUTHORIZED OBLIGATIONS (JUN 2013)

(a) Except as stated in paragraph (b) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(1) Any such clause is unenforceable against the Government.

(2) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(3) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(b) Paragraph (a) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(End of clause)

52.232-40 Providing Accelerated Payments to Small Business Subcontractors.
As prescribed in 32.009-2 , insert the following clause:

PROVIDING ACCELERATED PAYMENTS TO SMALL BUSINESS SUBCONTRACTORS (MAR 2023)

(a) (1) In accordance with 31 U.S.C. 3903 and 10 U.S.C. 3801, within 15 days after receipt of accelerated payments from the Government, the Contractor shall make accelerated payments to its small business subcontractors under this contract, to the maximum extent practicable and prior to when such payment is otherwise required under the applicable contract or subcontract, after receipt of a proper invoice and all other required documentation from the small business subcontractor.

(2) The Contractor agrees to make such payments to its small business subcontractors without any further consideration from or fees charged to the subcontractor.

(b) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.

(c) Include the substance of this clause, including this paragraph (c), in all subcontracts with small business concerns, including subcontracts with small business concerns for the acquisition of commercial products or commercial services.

(End of clause)

52.232-90 Fast Payment Procedure.

As prescribed in 32.1204, insert the following clause:

FAST PAYMENT PROCEDURE (DEVIATION DATE)

(a) General. The Government will pay invoices based on the Contractor's delivery to a post office or common carrier (or, if shipped by other means, to the point of first receipt by the Government).

(b) *Responsibility for supplies*.

(1) Title to the supplies passes to the Government upon delivery to—

(i) A post office or common carrier for shipment to the specific destination; or

(ii) The point of first receipt by the Government, if shipment is by means other than Postal Service or common carrier.

(2) Notwithstanding any other provision of the contract, order, or blanket purchase agreement, the Contractor shall—

(i) Assume all responsibility and risk of loss for supplies not received at destination, damaged in transit, or not conforming to purchase requirements; and

(ii) Replace, repair, or correct those supplies promptly at the Contractor's expense, if instructed to do so by the Contracting Officer within 180 days from the date title to the supplies vests in the Government.

(c) *Preparation of invoice*.

(1) Upon delivery to a post office or common carrier (or, if shipped by other means, the point of first receipt by the Government), the Contractor shall—

(i) Prepare an invoice as provided in this contract, order, or blanket purchase agreement; and

(ii) Display prominently on the invoice "FAST PAY." Invoices not prominently marked "FAST PAY" via manual or electronic means may be accepted by the payment office for fast payment. If the payment office declines to make fast payment, the Contractor shall be paid in accordance with procedures applicable to invoices to which the Fast Payment clause does not apply.

(2) If the purchase price excludes the cost of transportation, the Contractor shall enter the prepaid shipping cost on the invoice as a separate item. The Contractor shall not include the cost of parcel post insurance. If transportation charges are stated separately on the invoice, the Contractor shall retain related paid freight bills or other transportation billings paid separately for a period of three years and shall furnish the bills to the Government upon request.

(3) If this contract, order, or blanket purchase agreement requires the preparation of a receiving report, the Contractor shall either—

(i) Submit the receiving report on the prescribed form with the invoice; or

(ii) Include the following information on the invoice:

(A) Shipment number.

(B) Mode of shipment.

(C) At line item level—

(1) National stock number and/or manufacturer's part number;

(2) Unit of measure;

(3) Ship-To Point;

(4) Mark-For Point, if in the contract; and

(5) FEDSTRIP/MILSTRIP document number, if in the contract.

(4) If this contract, order, or blanket purchase agreement does not require preparation of a receiving report on a prescribed form, the Contractor shall include on the invoice the following information at the line item level, in addition to that required in paragraph (c)(1) of this clause:

(i) Ship-To Point.

(ii) Mark-For Point.

(iii) FEDSTRIP/MILSTRIP document number, if in the contract.

(5) Where a receiving report is not required, the Contractor shall include a copy of the invoice in each shipment.

(d) *Certification of invoice*. The Contractor certifies by submitting an invoice to the Government that the supplies being billed to the Government have been shipped or delivered in accordance with shipping instructions issued by the ordering officer, in the quantities shown on the invoice, and that the supplies are in the quantity and of the quality designated by the contract, order, or blanket purchase agreement.

(e) *FAST PAY container identification*. The Contractor shall mark all outer shipping containers “FAST PAY.” When outer shipping containers are not marked “FAST PAY,” the payment office may make fast payment. If the payment office declines to make fast payment, the Contractor shall be paid in accordance with procedures applicable to invoices to which the Fast Payment clause does not apply.

(End of clause)

52.233 [Reserved]

52.233-1 Disputes.

As prescribed in 33.205-9(a) , insert the following clause:

DISPUTES (DEVIATION DATE)

(a) Definitions. As used in this clause-

Claim means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding $100,000 is not a claim under 41 U.S.C. chapter 71 until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under 41 U.S.C. chapter 71. The submission may be converted to a claim under 41 U.S.C. chapter 71, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

Defective certification means a certification that alters or otherwise deviates from the language in paragraph (d)(2)(iii) of this clause or which is not executed by a person authorized to bind the contractor with respect to the claim. Failure to certify must not be deemed to be a defective certification.

(b) This contract is subject to 41 U.S.C. chapter 71, Contract Disputes.

(c) Except as provided in 41 U.S.C. chapter 71, all disputes arising under or relating to this contract must be resolved under this clause.

(d) (1) A claim by the Contractor must be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor must be subject to a written decision by the Contracting Officer.

(2) (i) The Contractor must provide the certification specified in paragraph (d)(2)(iii) of this clause when submitting any claim exceeding $100,000.

(ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.

(iii) The certification must state as follows: “I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am authorized to certify the claim on behalf of the Contractor.”

(3) The certification may be executed by any person authorized to bind the Contractor with respect to the claim.

(e) For Contractor claims of $100,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-certified claims over $100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

(f) The Contracting Officer's decision must be final unless the Contractor appeals or files a suit as provided in 41 U.S.C. chapter 71.

(g) If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the Contractor, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the Contractor refuses an offer for ADR, the Contractor must inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the offer.

(h) (1) The Government must pay interest on the amount found due and unpaid from the date that-

(i) The Contracting Officer receives the claim (certified, if required); or

(ii) Payment otherwise would be due, if that date is later, until the date of payment.

(2) For claims having defective certifications, interest must be paid from the date that the Contracting Officer initially receives the claim. Simple interest on claims must be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which applies to the period during which the Contracting Officer receives the claim and then at the rate that applies for each 6-month period as fixed by the Treasury Secretary while the claim is pending.

(i) The Contractor must proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract. The Contractor must comply with any decision of the Contracting Officer.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 33.205-9(a), substitute the following paragraph (i) for paragraph (i) of the basic clause:

(i) The Contractor must proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

52.233-2 Service of Protest.

As prescribed in 33.107(a), insert the following provision:

SERVICE OF PROTEST (DEVIATION DATE)

(a) Protests, (as defined in FAR 33.102), that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), must be served on the Contracting Officer identified in the solicitation by obtaining written and dated acknowledgment of receipt from them.

(b) The copy of any protest must be received in the office designated above within one day of filing a protest with the GAO.

(End of provision)

52.233-3 Protest after Award.

As prescribed in 33.107(b), insert the following clause:

PROTEST AFTER AWARD (DEVIATION DATE)

(a) Upon receipt of a stop-work order, the Contractor must immediately comply with its terms and take all reasonable steps to minimize incurring costs allocable to the work covered by the order during the period of work stoppage. After receiving the final decision in the protest, the Contracting Officer must either—

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled either before or after a final decision in the protest, the Contractor must resume work. The Contracting Officer must make an equitable adjustment in the delivery schedule or contract price, or both, and the contract must be modified, in writing, accordingly, if—

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to an adjustment within 30 days after the end of the period of work stoppage; provided, that if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon a proposal submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer must allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer must allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(e) The Government's rights to terminate this contract at any time are not affected by action taken under this clause.

(f) If, as the result of the Contractor's intentional or negligent misstatement, misrepresentation, or miscertification, a protest related to this contract is sustained, and the Government pays costs, the Government may require the Contractor to reimburse the Government the amount of such costs. In addition to any other remedy available, and pursuant to the requirements of subpart 32.6, the Government may collect this debt by offsetting the amount against any payment due the Contractor under any contract between the Contractor and the Government.

(End of clause)

Alternate I (Deviation Date). As prescribed in 33.107(b), substitute in paragraph (a)(2) the words "the Termination clause of this contract" for the words "the Default, or the Termination for Convenience of the Government clause of this contract." In paragraph (b) substitute the words "an equitable adjustment in the delivery schedule, the estimated cost, the fee, or a combination thereof, and in any other terms of the contract that may be affected" for the words "an equitable adjustment in the delivery schedule or contract price, or both."

52.233-4 Applicable Law for Breach of Contract Claim.

As prescribed in 33.205-9(b), insert the following clause:

APPLICABLE LAW FOR BREACH OF CONTRACT CLAIM (DEVIATION DATE)

United States law will apply to resolve any claim of breach of this contract.

(End of clause)

This page intentionally left blank.

52.234 [Reserved]

52.234-1 Industrial Resources Developed Under Title III of the Defense Production Act.

As prescribed at 34.105 , insert the following clause:

INDUSTRIAL RESOURCES DEVELOPED UNDER TITLE III OF THE DEFENSE PRODUCTION ACT (DEVIATION DATE)

(a) *Definitions*.

Title III industrial resource means materials, services, processes, or manufacturing equipment (including the processes, technologies, and ancillary services for the use of such equipment) established or maintained under the authority of Title III of the Defense Production Act (50 U.S.C. 4531 *et seq*.).

Title III project contractor means a contractor that has received assistance for the development or manufacture of an industrial resource under Title III of the Defense Production Act (50 U.S.C. 4531 *et seq*.).

(b) The Contractor must refer any request from a Title III project contractor for testing and qualification of a Title III industrial resource to the Contracting Officer.

(c) The Contracting Officer will modify the contract to—

(1) Authorize testing and qualification of the Title III industrial resource; and

(2) Provide an equitable adjustment for the costs to test and qualify the Title III industrial resource.

(d) Upon receipt of a contract modification and the Title III industrial resources, the Contractor must—

(1) Test the Title III industrial resources for qualification; and,

(2) Provide the test results to the Defense Production Act Office, Title III Program, located at Wright Patterson Air Force Base, Ohio 45433-7739.

(e) The Contractor agrees to insert the substance of this clause, including paragraph (e), in every subcontract issued in performance of this contract.

(End of clause)

52.234-2 [Reserved]

(DEVIATION DATE)

52.234-3 [Reserved]

(DEVIATION DATE)

52.234-4 Earned Value Management System.

As prescribed in 34.203 , insert the following clause:

EARNED VALUE MANAGEMENT SYSTEM (DEVIATION DATE)

(a) The Contractor must use an earned value management system (EVMS) that has been determined by the Cognizant Federal Agency (CFA) to be compliant with the guidelines in Electronic Industries Alliance Standard 748 (EIA-748) (current version at the time of award) to manage this contract. If the Contractor's current EVMS has not been determined compliant at the time of award, see paragraph (b) of this clause. The Contractor must submit EVMS reports as required by the contract.

(b) If the Contractor's EVM System is not compliant with the requirements in paragraph (a) of this clause, or the Contractor’s existing cost/schedule control system is not compliant with the guidelines in EIA-748 (current version at time of award), the Contractor must—

(1) Apply the current system to the contract; and

(2) Take necessary actions to meet the milestones in the Contractor's approved EVMS plan.

(c) When an EVMS is required, the Government will conduct an Integrated Baseline Review (IBR). Agencies may require an additional IBR at—

(1) Exercise of significant options; or

(2) Incorporation of major modifications.

(d) Unless the CFA grants a waiver, Contractor-proposed EVMS changes require CFA approval prior to implementation.

(1) The CFA will notify the Contractor of its acceptance or rejection of the proposed EVMS changes within 30 days of receipt.

(2) If the CFA waives the advance approval requirements, the Contractor must disclose EVMS changes to the CFA at least 14 days prior to the effective date of implementation.

(e) The Contractor must provide the Government access to all pertinent records and data necessary to conduct surveillance and validate that the EVMS complies with the requirements in paragraph (a) of this clause for the duration of the contract.

(f) The Contractor must require the subcontractors specified below to comply with the requirements of this clause: [Insert list of applicable subcontractors.]

(End of clause)

52.235 [Reserved]

52.236 [Reserved]

52.236-1 [Reserved]

(DEVIATION DATE)

52.236-2 Differing Site Conditions.

As prescribed in 36.101-7(a), insert the following clause:

DIFFERING SITE CONDITIONS (DEVIATION DATE)

(a) The Contractor shall promptly, and before the conditions are disturbed, give a written notice to the Contracting Officer of

(1) Latent physical conditions or subsurface conditions at the site which differ materially from those indicated in this contract; or

(2) Unknown physical conditions at the site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the contract.

(b) (1) The Contracting Officer will investigate the site conditions promptly after receiving such a notice.

(2) If the conditions materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the work under this contract an equitable adjustment must be made under this clause.

(c) No request for an equitable adjustment to the contract under this clause will be allowed, unless the Contractor has given the written notice required.

(d) No request for an equitable adjustment to the contract for differing site conditions will be allowed if made after final payment under this contract.

(End of clause)

52.236-3 Site Investigation and Conditions Affecting the Work.

As prescribed in 36.101-7(a), insert the following clause:

SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK (DEVIATION DATE)

(a) The Contractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including—

(1) Conditions bearing upon transportation, disposal, handling, and storage of materials;

(2) The availability of labor, water, electric power, and roads;

(3) Uncertainties of weather, river stages, tides, or similar physical conditions at the site;

(4) The conformation and conditions of the ground; and

(5) The character of equipment and facilities needed preliminary to and during work performance.

(b) The Contractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by the Government, as well as from the drawings and specifications made a part of this contract. Any failure of the Contractor to take the actions described and acknowledged in this paragraph will not relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the Government.

(c) The Government assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available by the Government. Nor does the Government assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

(End of clause)

52.236-4 [Reserved]

(DEVIATION DATE)

52.236-5 Material and Workmanship.
As prescribed in 36.101-7(b), insert the following clause:

MATERIAL AND WORKMANSHIP (DEVIATION DATE)

(a) (1) Equipment, material, and articles incorporated into the work covered by this contract shall be new and of the most suitable grade for the purpose intended, unless otherwise specifically provided in this contract.

(2) References in the specifications to equipment, material, articles, or patented processes by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition.

(3) The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of the Contracting Officer, is equal to that named in the specifications, unless otherwise specifically provided in this contract.

(b) The Contractor shall obtain the Contracting Officer's approval of the machinery, mechanical, and other equipment to be incorporated into the work.

(1) When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the machinery and mechanical and other equipment.

(2) When required by this contract or by the Contracting Officer, the Contractor shall also obtain the Contracting Officer's approval of the material or articles which the Contractor contemplates incorporating into the work.

(i) When requesting approval, the Contractor shall provide appropriate and required information concerning the material or articles.

(ii) When directed to do so, the Contractor shall submit samples for approval at the Contractor's expense, with shipping charges prepaid. Machinery, equipment, material, and articles that do not have the required approval are installed or used at the risk of subsequent rejection.

(c) Work under this contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require, in writing, that the Contractor remove from the work any employee the Contracting Officer deems incompetent, careless, or otherwise objectionable.

(End of clause)

52.236-6 Superintendence by the Contractor.
As prescribed in 36.101-7(a), insert the following clause:

SUPERINTENDENCE BY THE CONTRACTOR (DEVIATION DATE)

During performance of this contract and until the work is completed and accepted, the Contractor shall directly superintend the work or assign and have on site a competent superintendent who is satisfactory to the Contracting Officer and has authority to act for the Contractor.

(End of clause)

52.236-7 Permits and Responsibilities.
As prescribed in 36.101-7(c), insert the following clause:

PERMITS AND RESPONSIBILITIES (DEVIATION DATE)

(a) The Contractor shall, without additional expense to the Government, be responsible for obtaining any necessary licenses and permits, and for complying with any Federal, State, and municipal laws, codes, and regulations applicable to the performance of the work.

(b) The Contractor shall be responsible for all damages to persons or property that occur as a result of the Contractor's fault or negligence.

(c) The Contractor shall be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the contract.

(End of clause)

52.236-8 Other Contracts.

As prescribed in 36.101-7(a), insert the following clause:

OTHER CONTRACTS (DEVIATION DATE)

(a) The Government may award other contracts for work at or near the site of the work under this contract. The Contractor shall cooperate and coordinate with—

(1) Other contractors; and

(2) Government employees.

(b) The Contractor shall adapt scheduling and performance of the work under this contract to accommodate the performance of other contractors. The Contractor's scheduling and performance shall not delay or interfere with the performance of work by other contractors or Government employees.

(End of clause)

52.236-9 Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements.

As prescribed in 36.101-7(a), insert the following clause:

PROTECTION OF EXISTING VEGETATION, STRUCTURES, EQUIPMENT, UTILITIES, AND IMPROVEMENTS (DEVIATION DATE)

(a) The Contractor shall preserve and protect structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed, and which do not unreasonably interfere with the work required under this contract. The Contractor shall only remove trees when specifically authorized to do so. If any limbs or branches of trees are broken during contract performance, the Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by the Contracting Officer.

(b) The Contractor shall protect from damage and, in the event of damage resulting from non-compliance with this contract or failure to exercise reasonable care in performing the work, shall promptly repair existing improvements and utilities at or near the work site, on adjacent property of a third party, and on or near transportation paths and routes. The Contractor shall repair any damage, including those that are the property of a third party.

(c) If the Contractor fails or refuses to repair the damage promptly, the Contracting Officer may have the necessary work performed and charge the cost to the Contractor.

(End of clause)

52.236-10 Operations and Storage Areas.

As prescribed in 36.101-7(a), insert the following clause:

OPERATIONS AND STORAGE AREAS (DEVIATION DATE)

(a) The Contractor shall confine all activities and operations on site to areas authorized or approved by the Contracting Officer. The Contractor shall hold and save the Government, its officers and agents, free and harmless from liability of any nature occasioned by the Contractor's performance.

(b) (1) Temporary buildings (*e.g.*, storage sheds, shops, offices) and utilities—

(i) May be erected by the Contractor only with the approval of the Contracting Officer; and

(ii) Shall only be built with labor and materials furnished by the Contractor without additional expense to the Government.

(2) The temporary buildings and utilities are the property of the Contractor and shall be removed by the Contractor at its expense upon completion of the work.

(3) The temporary buildings and utilities may be abandoned and need not be removed, with written consent of the Contracting Officer.

(c) The Contractor shall, as prescribed by the Contracting Officer, use only established roadways, or use temporary roadways constructed by the Contractor when and as authorized by the Contracting Officer. When materials are transported in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any Federal, State, or local law or regulation.

(End of clause)

52.236-11 Use and Possession Prior to Completion.

As prescribed in 36.101-7(d), insert the following clause:

USE AND POSSESSION PRIOR TO COMPLETION (DEVIATION DATE)

(a) The Government has the right to take possession of or use any completed or partially completed part of the work.

(1) Before taking possession of or using any work, the Contracting Officer will furnish the Contractor a list of items of work remaining to be performed or corrected on those portions of the work that the Government intends to take possession of or use.

(2) Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract.

(3) The Government's possession or use shall not be deemed an acceptance of any work under the contract.

(b) (1) While the Government has such possession or use, the Contractor is relieved of the responsibility for the loss of or damage to the work resulting from the Government's possession or use, notwithstanding the terms of the clause in this contract entitled "Permits and Responsibilities".

(2) If prior possession or use by the Government delays the progress of the work or causes additional expense to the Contractor, an equitable adjustment shall be made in the contract price or the time of completion, and the contract shall be modified in writing accordingly.

(End of clause)

52.236-12 Cleaning Up.

As prescribed in 36.101-7(a), insert the following clause:

CLEANING UP (DEVIATION DATE)

(a) The Contractor shall keep the work area, including storage areas, in a clean, neat, orderly condition, and free from accumulations of waste materials.

(b) Before completing the work, the Contractor shall remove from the site any rubbish, tools, scaffolding, equipment, and materials that are not the property of the Government.

(End of clause)

52.236-13 Accident Prevention.

As prescribed in 36.101-7(e), insert the following clause:

ACCIDENT PREVENTION (DEVIATION DATE)

(a) The Contractor shall provide and maintain work environments and procedures that—

(1) Safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to Contractor operations and activities;

(2) Avoid interruptions of Government operations and delays in project completion dates; and

(3) Control costs in the performance of this contract.

(b) In addition, for contracts for construction or dismantling, demolition, or removal of improvements, the Contractor shall —

(1) Provide appropriate safety barricades, signs, and signal lights;

(2) Comply with the standards issued by the Secretary of Labor at 29 CFR part 1926 and 29 CFR part 1910 ; and

(3) Ensure that any additional measures the Contracting Officer determines to be reasonably necessary for the purposes are taken.

(c) If this contract is for construction or dismantling, demolition or removal of improvements with any Department of Defense agency or component, the Contractor shall comply with all pertinent provisions of the latest version of U.S. Army Corps of Engineers Safety and Health Requirements Manual, EM 385-1-1, in effect on the date of the solicitation.

(d) (1) If the Contracting Officer becomes aware of any noncompliance with these requirements or any condition that poses a serious or imminent danger to the health or safety of the public or Government personnel, the Contracting Officer will notify the Contractor orally, with written confirmation, and request immediate initiation of corrective action.

(2) This notice, when delivered to the Contractor or the Contractor's representative at the work site, shall be deemed sufficient notice of the noncompliance and that corrective action is required.

(3) After receiving the notice, the Contractor shall immediately take corrective action.

(4) If the Contractor fails or refuses to promptly take corrective action, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken.

(5) The Contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any stop-work order issued under this clause.

(e) The Contractor shall insert the substance of this clause, including this paragraph (e), in subcontracts.

(End of clause)

Alternate I (Nov 1991). If the contract will involve (a) work of a long duration or hazardous nature, or (b) performance on a Government facility that on the advice of technical representatives involves hazardous materials or operations that might endanger the safety of the public and/or Government personnel or property, add the following paragraph (f) to the basic clause:

(f) Before commencing the work, the Contractor shall-

(1) Submit a written proposed plan for implementing this clause. The plan shall include an analysis of the significant hazards to life, limb, and property inherent in contract work performance and a plan for controlling these hazards; and

(2) Meet with representatives of the Contracting Officer to discuss and develop a mutual understanding relative to administration of the overall safety program.

52.236-14 Availability and Use of Utility Services.

As prescribed in 36.101-7(f), insert the following clause:

AVAILABILITY AND USE OF UTILITY SERVICES (DEVIATION DATE)

(a) The Government will make all reasonably required utilities available to the Contractor from existing outlets and supplies, as specified in the contract.

(b) Unless otherwise provided in the contract, the Contractor shall pay for all utility costs.

(c) The Contractor, at its expense and in a workmanlike manner, shall install and maintain all necessary temporary connections, distribution lines, and all meters required to measure the amount of each utility used for the purpose of determining charges.

(d) Before final acceptance by the Government, the Contractor shall remove the temporary connections, distribution lines, meters, and associated paraphernalia.

(End of clause)

52.236-15 Schedules for Construction Contracts.

As prescribed in 36.101-7(g), insert the following clause:

SCHEDULES FOR CONSTRUCTION CONTRACTS (DEVIATION DATE)

(a) (1) Within five days after the work commences on the contract or another period of time determined by the Contracting Officer, the Contractor shall prepare and submit to the Contracting Officer for approval a practicable schedule showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor contemplates starting and completing the work (including acquiring materials, plant, and equipment).

(2) The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion by any given date during the period.

(3) If the Contractor fails to submit a schedule within the time prescribed, the Contracting Officer may withhold approval of progress payments until the Contractor submits the required schedule.

(b) The Contractor shall continually update the actual progress in the schedule and shall submit it to the Contracting Officer by the means prescribed in the contract for transmittals or as directed by the Contracting Officer.

(c) (1) If the Contractor falls behind the approved schedule, the Contractor shall take steps necessary to recover lost time and execute in accordance with the approved schedule, without additional cost to the Government.

(2) Such steps may include increasing the number of shifts, overtime operations, days of work, and/or the amount of construction plant.

(3) The Contractor shall submit, for approval, supplementary schedule(s) that demonstrate how the lost time will be recovered.

(d) If the Contractor does not recover the lost time, the Contracting Officer may determine that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the contract. Upon making this determination, the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable part of it, in accordance with the default terms of this contract.

(End of clause)

52.236-16 Quantity Surveys.

As prescribed in 36.101-7(h), insert the following clause:

QUANTITY SURVEYS (DEVIATION DATE)

(a) Quantity surveys shall be conducted, and the data derived from these surveys shall be used in computing the quantities of work performed and the actual construction completed and in place.

(1) The Government will conduct the original and final surveys and make the computations based on them.

(2) (i) The Contractor shall conduct the surveys for any periods for which progress payments are requested and shall make the computations based on these surveys.

(ii) All surveys conducted by the Contractor shall be conducted under the direction of a representative of the Contracting Officer, unless the Contracting Officer waives this requirement in a specific instance.

(b) Upon completing a survey, the Contractor shall promptly provide the originals of all field notes and all other records relating to the survey or to the layout of the work to the Contracting Officer, which may be used by the Contracting Officer to determine the amount of progress payments.

(c) The Contractor shall retain copies of all such material furnished to the Contracting Officer.

(End of clause)

Alternate I (APR 1984). If it is determined at a level above that of the Contracting Officer that it is impracticable for Government personnel to perform the original and final surveys, and the Government wishes the Contractor to perform these surveys, substitute the following paragraph (b) for paragraph (b) of the basic clause:

(b) The Contractor shall conduct the original and final surveys and surveys for any periods for which progress payments are requested. All these surveys shall be conducted under the direction of a representative of the Contracting Officer, unless the Contracting Officer waives this requirement in a specific instance. The Government shall make such computations as are necessary to determine the quantities of work performed or finally in place. The Contractor shall make the computations based on the surveys for any periods for which progress payments are requested.

52.236-17 Layout of Work.

As prescribed in 36.101-7(i), insert the following clause:

LAYOUT OF WORK (DEVIATION DATE)

(a) The Contractor shall lay out its work from Government-established base lines and benchmarks provided on the drawings.

(b) The Contractor shall be responsible for all measurements in connection with the layout.

(c) The Contractor shall furnish, at its own expense, all stakes, templates, platforms, equipment, tools, materials, and labor required for the layout.

(d) The Contractor shall be responsible for executing the work to the lines and grades that may be established or indicated by the Contracting Officer.

(e) (1) The Contractor shall be responsible for maintaining and preserving all stakes and other marks established by the Contracting Officer until authorized to remove them.

(2) If such marks are destroyed by the Contractor, the Contracting Officer may replace them and deduct the expense of the replacement from any amounts due or to become due to the Contractor.

(End of clause)

52.236-18 Work Oversight in Cost-Reimbursement Construction Contracts.

As prescribed in 36.101-7(j), insert the following clause:

WORK OVERSIGHT IN COST-REIMBURSEMENT CONSTRUCTION CONTRACTS (APR 1984)

The extent and character of the work to be done by the Contractor shall be subject to the general supervision, direction, control, and approval of the Contracting Officer.

(End of clause)

52.236-19 [Reserved]

(DEVIATION DATE)

52.236-20 [Reserved]

52.236-21 Specifications and Drawings for Construction.

As prescribed in 36.101-7(k), insert the following clause:

SPECIFICATIONS AND DRAWINGS FOR CONSTRUCTION (DEVIATION DATE)

(a) The Contractor shall keep at the site a copy of the drawings and specifications and shall at all times give the Contracting Officer access thereto.

(b) Anything mentioned in the specifications and not shown on the drawings or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

(1) In case of difference between drawings and specifications, the specifications shall govern.

(2) In case of discrepancy in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the Contracting Officer, who shall promptly make a determination in writing.

(3) Any adjustment by the Contractor without such a determination shall be at its own risk and expense.

(c) The Contracting Officer will furnish from time to time such detailed drawings and other information as considered necessary, unless otherwise provided.

(d) (1) Words, such as, “directed”, “required”, “ordered”, “designated”, “prescribed”, or words of like import when used, in the specifications or on the drawings are intended to mean the “direction”, “requirement”, “order”, “designation”, or “prescription”, of the Contracting Officer.

(2) Words, such as, “approved”, “acceptable”, “satisfactory”, or words of like import shall mean “approved by”, or ‘acceptable to”, or “satisfactory to” the Contracting Officer, unless otherwise expressly stated.

(e) Where “as shown”, “as indicated”, “as detailed”, or words of similar import are used, it shall be understood that the reference is made to the drawings accompanying this contract unless stated otherwise. The word “provided” as used herein shall be understood to mean “provide complete in place”, that is “furnished and installed”.

(f) Shop drawings means drawings, submitted to the Government by the Contractor, subcontractor, or any lower tier subcontractor pursuant to a construction contract, showing in detail (1) the proposed fabrication and assembly of structural elements and (2) the installation (i.e., form, fit, and attachment details) of materials or equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials furnished by the contractor to explain in detail specific portions of the work required by the contract. The Government may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this contract.

(g) (1) If this contract requires shop drawings, the Contractor shall coordinate all such drawings, and review them for accuracy, completeness, and compliance with contract requirements and shall indicate its approval thereon as evidence of such coordination and review.

(2) Shop drawings submitted to the Contracting Officer without evidence of the Contractor's approval may be returned for resubmission.

(h) The Contracting Officer will indicate an approval or disapproval of the shop drawings and if not approved as submitted shall indicate the Government's reasons therefor.

(1) Any work done before such approval shall be at the Contractor's risk.

(2) Approval by the Contracting Officer shall not relieve the Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of this contract, except with respect to variations described and approved in accordance with paragraph (i) of this clause.

(i) (1) If shop drawings show variations from the contract requirements, the Contractor shall describe such variations in writing, separate from the drawings, at the time of submission.

(2) If the Contracting Officer approves any such variation, the Contracting Officer will issue an appropriate contract modification, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.

(j) The Contractor shall submit to the Contracting Officer for approval four copies (unless otherwise indicated) of all shop drawings as called for under the various headings of these specifications. Three sets (unless otherwise indicated) of all shop drawings, will be retained by the Contracting Officer and one set will be returned to the Contractor.

(End of clause)

Alternate I (APR 1984). When record shop drawings are required and reproducible shop drawings are needed, add the following sentences to paragraph (j) of the basic clause:

Upon completing the work under this contract, the Contractor shall furnish a complete set of all shop drawings as finally approved. These drawings shall show all changes and revisions made up to the time the equipment is completed and accepted.

Alternate II (APR 1984). When record shop drawings are required and reproducible shop drawings are not needed, the following sentences shall be added to paragraph (j) of the basic clause:

Upon completing the work under this contract, the Contractor shall furnish _____ *[Contracting Officer complete by inserting desired amount]* sets of prints of all shop drawings as finally approved. These drawings shall show changes and revisions made up to the time the equipment is completed and accepted.

52.236-22 Design Within Funding Limitations.

As prescribed in 36.102-4(a), insert the following clause:

DESIGN WITHIN FUNDING LIMITATIONS (DEVIATION DATE)

(a) The Contractor shall accomplish the design services required under this contract to permit the award of a contract, using standard Federal Acquisition Regulation procedures for the construction of the facilities designed at a price that does not exceed the estimated construction contract price as set forth in paragraph (d) of this clause.

(1) When bids or proposals for the construction contract are received that exceed the estimated price, the Contractor shall perform such redesign and other services as are necessary to permit contract award within the funding limitation.

(2) These additional services shall be performed at no increase in the price of this contract.

(3) The Contractor shall not be required to perform such additional services at no cost to the Government if the unfavorable bids or proposals are the result of conditions beyond its reasonable control.

(b) The Contractor will promptly provide written notice to the Contracting Officer if it finds that the project will exceed or is likely to exceed the funding limitations and it is unable to design a usable facility within these limitations.

(1) Upon receipt of such written notice, the Contracting Officer will review the Contractor's revised estimate of construction cost.

(2) The Government may, if it determines that the estimated construction contract price set forth in this contract is so low that award of a construction contract not in excess of such estimate is improbable,—

(i) Authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph (d) of this clause; or

(ii) The Government may adjust such estimated construction contract price.

(c) When bids or proposals are not solicited or are unreasonably delayed, the Government shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or proposals to determine compliance with the funding limitation.

(d) The estimated construction contract price for the project described in this contract is $______.

(End of clause)

52.236-23 Responsibility of the Architect-Engineer Contractor.

As prescribed in 36.102-4(b), insert the following clause:

RESPONSIBILITY OF THE ARCHITECT-ENGINEER CONTRACTOR (DEVIATION DATE)

(a) The Contractor shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Contractor under this contract.

(b) The Contractor shall, without additional compensation, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services.

(c) Neither the Government's review, approval or acceptance of, nor payment for, the services required under this contract shall be construed to operate as a waiver of any rights under this contract or of any cause of action arising out of the performance of this contract.

(d) The Contractor shall be and remain liable to the Government, in accordance with applicable law, for all damages to the Government caused by the Contractor's negligent performance of any of the services provided under this contract.

(e) The rights and remedies of the Government provided for under this contract are in addition to any other rights and remedies provided by law.

(f) If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

(End of clause)

52.236-24 Work Oversight in Architect-Engineer Contracts.

As prescribed in 36.102-4(c), insert the following clause:

WORK OVERSIGHT IN ARCHITECT-ENGINEER CONTRACTS (APR 1984)

The extent and character of the work to be done by the Contractor shall be subject to the general oversight, supervision, direction, control, and approval of the Contracting Officer.

(End of clause)

52.236-25 Requirements for Registration of Designers.

As prescribed in 36.102-4(d), insert the following clause:

REQUIREMENTS FOR REGISTRATION OF DESIGNERS (JUNE 2003)

Architects or engineers registered to practice in the particular professional field involved in a State, the District of Columbia, or an outlying area of the United States shall prepare or review and approve the design of architectural, structural, mechanical, electrical, civil, or other engineering features of the work.

(End of clause)

52.236-26 [Reserved]

(DEVIATION DATE)

52.236-27 [Reserved]

(DEVIATION DATE)

52.236-28 [Reserved]

(DEVIATION DATE)

52.237 [Reserved]

52.237-1 Site Visit.

As prescribed in 37.802-5(a), insert the following provision:

SITE VISIT (APR 1984)

Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(End of provision)

52.237-2 Protection of Government Buildings, Equipment, and Vegetation.

As prescribed in 37.802-5(b), insert the following clause in solicitations and contracts for services to be performed on Government installations, unless a construction contract is contemplated:

PROTECTION OF GOVERNMENT BUILDINGS, EQUIPMENT, AND VEGETATION (APR 1984)

The Contractor shall use reasonable care to avoid damaging existing buildings, equipment, and vegetation on the Government installation. If the Contractor's failure to use reasonable care causes damage to any of this property, the Contractor shall replace or repair the damage at no expense to the Government as the Contracting Officer directs. If the Contractor fails or refuses to make such repair or replacement, the Contractor shall be liable for the cost, which may be deducted from the contract price.

(End of clause)

52.237-3 Continuity of Services.

As prescribed in 37.802-5(c), insert the following clause:

CONTINUITY OF SERVICES (JAN 1991)

(a) The Contractor recognizes that the services under this contract are vital to the Government and must be continued without interruption and that, upon contract expiration, a successor, either the Government or another contractor, may continue them. The Contractor agrees to-

(1) Furnish phase-in training; and

(2) Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.

(b) The Contractor shall, upon the Contracting Officer's written notice, (1) furnish phase-in, phase-out services for up to 90 days after this contract expires and (2) negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the Contracting Officer's approval. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this contract are maintained at the required level of proficiency.

(c) The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.

(d) The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (*i.e.,* costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata portion of the fee (profit) under this contract.

(End of clause)

52.237-4 Payment by Government to Contractor.

As prescribed in 37.701-4(a), insert the following clause in solicitations and contracts solely for dismantling, demolition, or removal of improvements whenever the contracting officer determines that the Government shall make payment to the contractor in addition to any title to property that the contractor may receive under the contract:

PAYMENT BY GOVERNMENT TO CONTRACTOR (APR 1984)

(a) In ______ *[insert "ful"l if Alternate I is used; otherwise insert "partia"l]* consideration of the performance of the work called for in the Schedule, the Government will pay to the Contractor ______________ *[fill in amount]*.

(b) The Government shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. Except as provided in paragraph (c) of this clause, in making progress payments the Contracting Officer shall retain 10 percent of the estimated payment until final completion and acceptance of the contract work. However, if the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer may authorize such payment in full, without retaining a percentage. Also, on completion and acceptance of each unit or division for which the price is stated separately, the Contracting Officer may authorize full payment for that unit or division without retaining a percentage.

(c) When the work is substantially completed, the Contracting Officer shall retain an amount considered adequate for the protection of the Government and, at the Contracting Officer's discretion, may release all or a portion of any excess amount.

(d) In further consideration of performance, the Contractor shall receive title to all property to be dismantled or demolished that is not specifically designated as being retained by the Government. The title shall vest in the Contractor immediately upon the Government's issuing the notice of award, or if a performance bond is to be furnished after award, upon the Government's issuance of a notice to proceed with the work. The Government shall not be responsible for the condition of, or any loss or damage to, the property. If the Contractor does not wish to remove from the site any of the property acquired, the Contracting Officer may, upon written request, grant the Contractor permission to leave the property on the premises. As a condition to the granting of this permission, the Contractor agrees to waive any right, title, claim, or interest in and to the property.

(e) Upon completion and acceptance of all work and receipt of a properly executed voucher, the Government shall make final payment of the amount due the Contractor under this contract. If requested, the Contractor shall release all claims against the Government arising under this contract, other than any claims the Contractor specifically excepts, in stated amounts, from operation of this release.

(End of clause)

Alternate I (APR 1984). If the contracting officer determines that the Government shall retain all material resulting from the dismantling or demolition work, delete paragraph (d) from the basic clause and renumber the remaining paragraphs.

52.237-5 Payment by Contractor to Government.

As prescribed in 37.701-4(b), insert the following clause in solicitations and contracts for dismantling, demolition, or removal of improvements whenever the contractor is to receive title to dismantled or demolished property and a net amount of compensation is due to the Government, except if the contracting officer determines that it would be advantageous to the Government for the contractor to pay in increments and the Government to transfer title to the contractor for increments of property only upon receipt of those payments:

PAYMENT BY CONTRACTOR TO GOVERNMENT (APR 1984)

(a) The Contractor shall receive title to all property to be dismantled, demolished, or removed under this contract and not specifically designated in the Schedule as being retained by the Government. The title shall vest in the Contractor immediately upon the Government's issuing the notice of award, or if a performance bond is to be furnished, upon the Government's issuing a notice to proceed with the work. The Government shall not be responsible for the condition of, or any loss or damage to, the property.

(b) The Contractor shall promptly remove from the site all property acquired by the Contractor. The Government shall not permit storage of property on the site beyond the completion date. If the Contractor does not wish to remove from the site any of the property acquired, the Contracting Officer may, upon written request, grant the Contractor permission to leave the property on the premises. As a condition of the granting of the permission, the Contractor agrees to waive any right, title, claim, or interest in and to the property.

(c) The Contractor shall perform the work called for under this contract and within ________ days of receipt of notice of award, unless otherwise provided in the Schedule and before proceeding with the work, shall pay _________ *[fill in amount]*. Checks shall be made payable to the office designated in the contract and shall be forwarded to the Contracting Officer.

(End of clause)

52.237-6 Incremental Payment by Contractor to Government.

As prescribed in 37.701-4(c), insert the following clause in solicitations and contracts for dismantling, demolition, or removal of improvements (a) if the Contractor is to receive title to dismantled or demolished property and a net amount of compensation is due the Government; and (b) if the Contracting Officer determines that it would be advantageous to the Government for the Contractor to pay in increments, and for the Government to transfer title to the Contractor for increments of property, only upon receipt of those payment:

INCREMENTAL PAYMENT BY CONTRACTOR TO GOVERNMENT (APR 1984)

(a) The Contractor shall perform the work called for under this contract and within _____ days of receipt of notice of award, unless otherwise provided in the Schedule, and before proceeding with the work, shall pay _____ *[fill in amount]*. Thereafter, the Contractor shall make payment to the Government in the amount and frequency specified in the Schedule. Checks shall be made payable to the office designated in the contract and shall be forwarded to the Contracting Officer.

(b) Upon the Government's receipt of each increment of payment, the Contractor shall receive title to such property as the Contracting Officer determines to be fair and reasonable for that increment of payment. Upon receipt of the Contractor's final payment, all title that has not passed to the Contractor shall vest in the Contractor, unless specifically designated in the Schedule as being retained by the Government. The Government shall not be responsible for the condition of, or any loss or damage to, the property.

(c) The Contractor shall promptly remove from the site all property acquired by the Contractor. The Government will not permit storage of property on the site beyond the completion date. If the Contractor does not wish to remove from the site any of the property acquired, the Contracting Officer may, upon written request, grant the Contractor permission to leave the property on the premises. As a condition of the granting of this permission, the Contractor agrees to waive any right, title, claim, or interest in and to the property.

(End of clause)

52.237-7 Indemnification and Medical Liability Insurance.

As prescribed in 37.601-3, insert the following clause:

INDEMNIFICATION AND MEDICAL LIABILITY INSURANCE (DEVIATION DATE)

(a) It is expressly agreed and understood that this is a nonpersonal services contract, under which the professional services rendered by the Contractor are rendered in its capacity as an independent contractor. The Government may evaluate the quality of professional and administrative services provided, but retains no control over professional aspects of the services rendered, including by example, the Contractor's professional medical judgment, diagnosis, or specific medical treatments. The Contractor shall be solely liable for and expressly agrees to indemnify the Government with respect to any liability producing acts or omissions by it or by its employees or agents. The Contractor shall maintain during the term of this contract liability insurance issued by a responsible insurance carrier of not less than the following amount(s) per specialty per occurrence: ______.

(b) An apparently successful offeror, upon request by the Contracting Officer, shall furnish prior to contract award evidence of its insurability concerning the medical liability insurance required by paragraph (a) of this clause.

(c) Liability insurance may be on either an occurrences basis or on a claims-made basis. If the policy is on a claims-made basis, an extended reporting endorsement (tail) for a period of not less than 3 years after the end of the contract term must also be provided.

(d) Evidence of insurance documenting the required coverage for each health care provider who will perform under this contract shall be provided to the Contracting Officer prior to the commencement of services under this contract. If the insurance is on a claims-made basis and evidence of an extended reporting endorsement is not provided prior to the commencement of services, evidence of such endorsement shall be provided to the Contracting Officer prior to the expiration of this contract. Final payment under this contract shall be withheld until evidence of the extended reporting endorsement is provided to the Contracting Officer.

(e) The policies evidencing required insurance shall also contain an endorsement to the effect that any cancellation or material change adversely affecting the Government's interest shall not be effective until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer. If during the performance period of the contract the Contractor changes insurance providers, the Contractor must provide evidence that the Government will be indemnified to the limits specified in paragraph (a) of this clause, for the entire period of the contract, either under the new policy, or a combination of old and new policies.

(f) The Contractor shall insert the substance of this clause, including this paragraph (f), in all subcontracts under this contract for health care services and shall require such subcontractors to provide evidence of and maintain insurance in accordance with paragraph (a) of this clause. At least 5 days before the commencement of work by any subcontractor, the Contractor shall furnish to the Contracting Officer evidence of such insurance.

(End of clause)

52.237-8 Restriction on Severance Payments to Foreign Nationals.

As prescribed in 37.113-2(a), use the following provision:

RESTRICTION ON SEVERANCE PAYMENTS TO FOREIGN NATIONALS (DEVIATION DATE)

(a) The Federal Acquisition Regulation (FAR), at 31.205-6(f)(6), limits the cost allowability of severance payments to foreign nationals employed under a service contract performed outside the United States unless the agency grants a waiver pursuant to FAR 37.802-3 before contract award.

(b) In making the determination concerning the granting of a waiver, the agency will determine that—

(1) The application of the severance pay limitations to the contract would adversely affect the continuation of a program, project, or activity that provides significant support services for (i) members of the armed forces stationed or deployed outside the United States, or (ii) employees of an executive agency posted outside the United States;

(2) The Contractor has taken (or has established plans to take) appropriate actions within its control to minimize the amount and number of incidents of the payment of severance pay to employees under the contract who are foreign nationals; and

(3) The payment of severance pay is necessary in order to comply with a law that is generally applicable to a significant number of businesses in the country in which the foreign national receiving the payment performed services under the contract, or is necessary to comply with a collective bargaining agreement.

(End of provision)

52.237-9 Waiver of Limitation on Severance Payments to Foreign Nationals.

As prescribed in 37.802-5(e), use the following clause:

WAIVER OF LIMITATION ON SEVERANCE PAYMENTS TO FOREIGN NATIONALS (DEVIATION DATE)

(a) Pursuant to 10 U.S.C. 3744(b) or 41 U.S.C. 4304(b)(1), as applicable, the cost allowability limitations in FAR 31.205-6(f)(6) are waived.

(b) This clause may be incorporated into subcontracts issued under this contract, if approved by the Contracting Officer.

(End of clause)

52.237-10 Identification of Uncompensated Overtime.

As prescribed in 37.802-5(f), insert the following provision:

IDENTIFICATION OF UNCOMPENSATED OVERTIME (MAR 2015)

(a) *Definitions*. As used in this provision-

Adjusted hourly rate (including uncompensated overtime) is the rate that results from multiplying the hourly rate for a 40-hour work week by 40, and then dividing by the proposed hours per week which includes uncompensated overtime hours over and above the standard 40-hour work week. For example, 45 hours proposed on a 40-hour work week basis at $20 per hour would be converted to an uncompensated overtime rate of $17.78 per hour ($20.00 x 40 divided by 45 = $17.78).

Uncompensated overtime means the hours worked without additional compensation in excess of an average of 40 hours per week by direct charge employees who are exempt from the Fair Labor Standards Act. Compensated personal absences such as holidays, vacations, and sick leave shall be included in the normal work week for purposes of computing uncompensated overtime hours.

(b) (1) Whenever there is uncompensated overtime, the adjusted hourly rate (including uncompensated overtime), rather than the hourly rate, shall be applied to all proposed hours, whether regular or overtime hours.

(2) All proposed labor hours subject to the adjusted hourly rate (including uncompensated overtime) shall be identified as either regular or overtime hours, by labor categories, and described at the same level of detail. This is applicable to all proposals whether the labor hours are at the prime or subcontract level. This includes uncompensated overtime hours that are in indirect cost pools for personnel whose regular hours are normally charged direct.

(c) The offeror's accounting practices used to estimate uncompensated overtime must be consistent with its cost accounting practices used to accumulate and report uncompensated overtime hours.

(d) Proposals that include unrealistically low labor rates, or that do not otherwise demonstrate cost realism, will be considered in a risk assessment and will be evaluated for award in accordance with that assessment.

(e) The offeror shall include a copy of its policy addressing uncompensated overtime with its proposal.

(End of provision)

52.238 [Reserved]

52.239 [Reserved]

52.239-1 [Reserved]

(DEVIATION DATE)

52.240 [Reserved]

52.240-1 [Reserved]

(DEVIATION DATE)

52.240-90 Security Prohibitions and Exclusions Representations and Certifications.

As prescribed in 40.205(a), insert the following provision:

SECURITY PROHIBITIONS AND EXCLUSIONS REPRESENTATIONS AND CERTIFICATIONS (DEVIATION DATE)

(a) *Definitions.* As used in this provision-—

Backhaul, covered article, covered telecommunications equipment or services, critical technology, FASCSA order, Intelligence community, interconnection arrangements, national security system, roaming, sensitive compartmented information, sensitive compartmented information system, source, and substantial or essential component have the meanings provided in the clause 52.240-91, Security Prohibitions and Exclusions.

Business operations means engaging in commerce in any form, including by acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

Marginalized populations of Sudan means—

(1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and

(2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—

(1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;

(2) Are conducted under specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

(3) Consist of providing goods or services to marginalized populations of Sudan;

(4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;

(5) Consist of providing goods or services that are used only to promote health or education; or

(6) Have been voluntarily suspended.

Sensitive technology—

(1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically—

(i) To restrict the free flow of unbiased information in Iran; or

(ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and

(2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

(b) *Procedures*.

(1) *Covered telecommunications and video surveillance*. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at https://www.sam.gov for entities excluded from receiving federal awards for "covered telecommunications equipment or services."

(2) *FASCSA Orders*.

(i) The Offeror shall search in SAM for the phrase "FASCSA order" for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (e) of FAR 52.240-91, Security Prohibitions and Exclusions.

(ii) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM but are effective and apply to the solicitation and resultant contract (see FAR 40.204-1(c)(2)).

(iii) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(c) *Covered telecommunications equipment or services representations*. By submission of its offer, the Offeror represents that, after conducting a reasonable inquiry (that looks at any information in the Offeror's possession but does not need to include an internal or third-party audit)—

(1) It will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation, except as waived by the solicitation, or as disclosed in paragraph (g); and

(2) It does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services, except as waived by the solicitation, or as disclosed in paragraph (g).

(d) *FASCSA Representation*. By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (g). A reasonable inquiry will look at any information in the offeror's possession but does not need to include an internal or third-party audit.

(e) *Sudan certification*. By submission of its offer, the offeror certifies, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), that the offeror does not conduct any restricted business operations in Sudan.

(f) *Iran Representation and Certifications*.

(1) Except as provided in paragraph (f)(2) of this provision or if a waiver has been granted in accordance with FAR 40.203-3, the offeror, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), by submission of its offer—

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person (as defined at section 15 of the Iran Sanctions Act of 1996, Pub. L. 104-172, 50 U.S.C. 1701 note) owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Act. These sanctioned activities are in the areas of development of the petroleum resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran, and contributing to Iran's ability to acquire or develop certain weapons or technologies; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds $15,000 with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx)

(2) Exception for trade agreements. The representation and certification requirements of paragraph (f)(1) of this provision do not apply if—

(i) This solicitation includes a trade agreements notice or certification (e.g., 52.225-6, Trade Agreements Certificate); and

(ii) The offeror has certified that all the offered products to be supplied are designated country end products or designated country construction material.

(iii) The offeror shall email questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(g) *Disclosure*.

(1) If the Offeror is not able to represent compliance with the prohibitions in paragraphs (c) or (d), then the Offeror shall disclose within 72 hours to the contracting office identified in paragraph (g)(2) the following information for each product or service not compliant:

(i) Contract number and order number, if applicable;

(ii) Identification of whether this disclosure relates to paragraph (c) on covered telecommunication equipment or services, or to paragraph (d) on FASCSA orders;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the offeror would like the Government to consider a waiver);

(vii) Whether alternative products or services are available that would be compliant with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions undertaken or recommended.

(2) If a disclosure is required to be submitted to a contracting office, the offeror shall submit the disclosure as follows:

(i) If a Department of Defense contracting office, the offeror shall submit the disclosure to the website at https://dibnet.dod.mil.

(ii) For all other contracting offices, the Offeror shall submit the disclosure to the Contracting Officer.

(3) If the disclosure provided does not contain any of the information required by paragraph (1), and the Offeror later discovers new information that is required by paragraph (1), then the Offeror shall submit a subsequent disclosure within 72 hours of discovering the new information.

(h) *Executive agency review of disclosures*. The Contracting Officer will review disclosures provided in paragraph (g) to determine if any applicable waiver may be sought. The Contracting Officer may choose not to pursue a waiver and may instead make an award to an Offeror that does not require a waiver.

(End of provision)

52.240-91 Security Prohibitions and Exclusions.

As prescribed in 40.205(b), insert the following clause:

SECURITY PROHIBITIONS AND EXCLUSIONS (DEVIATION DATE)

(a) *Definitions.* As used in this clause—

American Security Drone Act-covered foreign entity means an entity included on a list that the Federal Acquisition Security Council (FASC) develops and maintains and publishes in the System for Award Management (SAM) at https://www.sam.gov (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means:

(1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;

(2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);

(3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or

(4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People’s Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

FASC-prohibited unmanned aircraft system means an unmanned aircraft system manufactured or assembled by an American Security Drone Act—covered foreign entity.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring removing covered articles from executive agency information systems or excluding one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Information technology, as defined in 40 U.S.C. 11101(6)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following—

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;

(8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

(9) The Bureau of Intelligence and Research of the Department of State;

(10) The Office of Intelligence and Analysis of the Department of the Treasury;

(11) The Office of Intelligence and Analysis of the Department of Homeland Security; or

(12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connecting a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Kaspersky Lab-covered article means any hardware, software, or service that—

(1) Is developed or provided by a Kaspersky Lab-covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered entity.

Kaspersky Lab-covered entity means—

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab, including any change in name, e.g., "Kaspersky";

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

(1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or through another subsidiary of a parent corporation.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the national airspace system (49 U.S.C. 44801(12)).

(b) *Prohibitions on providing or using specific products or services in performance of contract*. Unless a waiver or exception applies, the Contractor is prohibited from providing any products or services to the Government or using in the performance of the contract any of the following:

(1) A covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees (section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328));

(2) A Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91));

(3) Covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system (paragraphs (a)(1)(A) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)). This does not prohibit contractors from providing—

(i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Prohibition on unmanned aircraft systems manufactured or assembled by American Security Drone Act—covered foreign entities.

(1) Prohibition. The Contractor is prohibited from—

(i) Delivering any FASC-prohibited unmanned aircraft system, which includes unmanned aircraft (i.e., drones) and associated elements (sections 1823 and 1826 of American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024, Pub. L. 118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.);

(ii) On or after December 22, 2025, operating a FASC-prohibited unmanned aircraft system in the performance of the contract (section 1824 of Pub. L. 118-31); and

(iii) On or after December 22, 2025, using Federal funds to procure or operate a FASC-prohibited unmanned aircraft system (section 1825 of Pub. L. 118-31).

(2) *Procedures*. The Contractor shall search SAM for the FASC-maintained list of American Security Drone Act—covered foreign entities before proposing, or using in performance of the contract, any unmanned aircraft system. Also, the Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(3) *Exemptions, exceptions, and waivers*. The prohibitions in paragraph (c) of this clause do not apply where the agency has determined an exemption, exception, or waiver applies, and the contract indicates that such a determination has been made. See sections 1823 through 1825 and 1832 of Public Law 118-31 for statutory requirements pertaining to exemptions, exceptions, and waivers.

(d) *Prohibition on using or providing specific products or services or conducting certain transactions regardless of connection to contract*.

(1) *Certain telecommunications and video surveillance equipment, systems, or services*.

(i) Unless an applicable waiver has been issued by the Government, the Contractor cannot use any equipment, systems, or services that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system (paragraph (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)).

(ii) This prohibition applies to using covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. This does not prohibit the contractor from using—

(A) A service that connects to the facilities of a third party, such as backhaul, roaming, or interconnection arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) *Office of Foreign Assets Control Restrictions*.

(i) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated Nationals and Blocked Persons at https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists.

(B) For more information about these restrictions, as well as updates, see OFAC's regulations at 31 CFR chapter V and at https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information.

(C) To conduct electronic screens of potential parties to regulated transactions, see the consolidated screening list at https://www.trade.gov/consolidated-screening-list, which consolidates multiple export screening lists of the Departments of Commerce, State, and the Treasury.

(3) *Sudan prohibition*. The Contractor is prohibited from conducting any restricted business operations in Sudan in accordance with Accountability and Divestment Act of 2007 (Pub. L. 110-174).

(4) *Iran prohibitions*.

(i) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, the contractor shall not engage in certain activities or transactions relating to Iran (section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701 note).

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22 U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over $15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) *Governmentwide exclusion and removal orders*.

(1) Unless the Government has issued an applicable waiver, contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order as follows:

(i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply.

(ii) For all other solicitations and contracts, DHS FASCSA orders apply.

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at https://www.sam.gov to locate applicable FASCSA orders.

(3) The Government may identify in the solicitation other FASCSA orders that are not in SAM, which are effective and apply to the solicitation and resulting contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 40.204-1(c)).

(f) *Reasonable inquiry*. The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(g) *Removal of prohibited products and services*. For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) *General report*.

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

(ii) The specific prohibition the product or service is not complying with;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions implemented or recommended.

(2) If a report must be submitted to a contracting office, the Contractor shall submit the report as follows:

(i) If a Department of Defense contracting office, the Contractor shall report to the website at https://dibnet.dod.mil.

(ii) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(iii) For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit a subsequent report within 72 hours of discovering the new information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification.

(i) *New FASCSA orders report*.

(1) During contract performance, the Contractor shall review SAM at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (e) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. The Contractor shall report the following information within 72 hours for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order:

(i) Contract number and order number, if applicable;

(ii) Name of the covered article or source subject to a FASCSA order;

(iii) The specific FASCSA order the product or service does not comply with;

(iv) The elements of (h)(1)(iii) through (ix) of this clause.

(j) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (j) but excluding subparagraphs (d)(1) and (i)(1), in all subcontracts and other contractual instruments, including subcontracts for acquiring commercial products or commercial services.

(End of clause)

Alternate I (DATE XXXX). As prescribed in 40.205(b), substitute the following paragraph (e)(1) for paragraph (e)(1) of the basic clause:

(e) *Governmentwide exclusion and removal orders*.

(1) Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by any applicable FASCSA orders identified by the checkbox(es) in this paragraph (e)(1). [*Contracting Officer must select either "yes" or "no" for each of the following types of FASCSA orders*:]

Yes □ No □ DHS FASCSA Order

Yes □ No □ DoD FASCSA Order

Yes □ No □ DNI FASCSA Order

52.240-92 Security Requirements.

As prescribed in 40.302-3, insert the following clause:

SECURITY REQUIREMENTS (DEVIATION DATE)

(a) This clause applies to the extent that this contract involves access to information classified Confidential, Secret, or Top Secret.

(b) The Contractor shall comply with—

(1) The Security Agreement (DD Form 441), including the National Industrial Security Program Operating Manual (32 CFR part 117); and

(2) Any revisions to that manual, notice of which has been furnished to the Contractor.

(c) If, after the date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in security costs or otherwise affect any other term or condition of this contract, the contract must be subject to an equitable adjustment as if the changes were directed under the Changes clause of this contract

(d) The Contractor agrees to insert terms that conform substantially to the language of this clause, including this paragraph (d) but excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access to classified information.

(e) A subcontractor requiring access to classified information under a contract shall be identified with a CAGE code on the DD Form 254. The Contractor shall require a subcontractor requiring access to classified information to provide its CAGE code with its name and location address or otherwise include it prominently in the proposal. Each location of subcontractor performance listed on the DD Form 254 is required to reflect a corresponding unique CAGE code for each listed location unless the work is being performed at a Government facility, in which case the agency location code shall be used. The CAGE code must be for that name and location address. Insert the word “CAGE” before the number. The CAGE code is required prior to award. The contractor shall ensure that subcontractors maintain their CAGE code(s) throughout the life of the contract.

(End of clause)

Alternate I (DEVIATION DATE). If a cost contract for research and development with an educational institution is contemplated, add the following paragraphs (f), (g), and (h) to the basic clause:

(f)(1) If a change in security requirements, as provided in paragraphs (b) and (c), results in a change in the security classification of this contract or any of its elements from an unclassified status or a lower classification to a higher classification, or in more restrictive area controls than previously required, then the Contractor must exert every reasonable effort compatible with the Contractor’s established policies to continue performing the work under the contract to comply with the change in security classification or requirements.

(2) If, despite reasonable efforts, the Contractor determines that continuing work under this contract is not practical because of the change in security classification or requirements, the Contractor shall notify the Contracting Officer in writing. Until the Contracting Officer resolves this problem, the Contractor shall continue safeguarding all classified material as required by this contract.

(g) After receiving the written notification, the Contracting Officer shall explore the circumstances surrounding the proposed change in security classification or requirements and must try to work out a mutually satisfactory method so the Contractor can continue doing the work under this contract.

(h) If, 15 days after receipt by the Contracting Officer of the notification of the Contractor’s stated inability to proceed, the application to this contract of the change in security classification or requirements has not been withdrawn or a mutually satisfactory method for continuing performance of work under this contract has not been agreed upon, the Contractor may request the Contracting Officer to terminate the contract in whole or in part. The Contracting Officer shall terminate the contract in whole or in part, as may be appropriate, and the termination must be deemed a termination under the terms of the Termination for the Convenience of the Government clause.

Alternate II (DEVIATION DATE). If employee identification is required for security or other reasons in a construction contract or architect-engineer contract, add the following paragraph (f) to the basic clause:

(f) The Contractor is responsible for furnishing to each employee, and for requiring each employee engaged on the work to display, such identification as may be approved and directed by the Contracting Officer. All prescribed identification shall immediately be delivered to the Contracting Officer, for cancellation upon the release of any employee. When required by the Contracting Officer, the Contractor shall obtain and submit fingerprints of all persons employed or to be employed on the project.

52.240-93 Basic Safeguarding of Covered Contractor Information Systems.

As prescribed in 40.303-2, insert the following clause:

BASIC SAFEGUARDING OF COVERED CONTRACTOR INFORMATION SYSTEMS (DEVIATION DATE)

(a) Definitions. As used in this clause—

Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information—

(1) Means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government; but

(2) Does not include information provided by the Government to the public (such as on public websites) or simple transactional information (such as information necessary to process payments).

Information means any communication or representation of knowledge such as facts, data, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

Safeguarding means measures or controls that are prescribed to protect information systems.

(b) *Safeguarding requirements*.

(1) Basic requirements. The Contractor shall safeguard its covered contractor information systems by implementing, at minimum, the following security controls:

(i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices (including other information systems).

(ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(v) Identify information system users, processes acting on behalf of users, or devices.

(vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems.

(vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse.

(viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals.

(ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices.

(x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems.

(xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from internal networks.

(xii) Identify, report, and correct information and information system flaws in a timely manner.

(xiii) Provide protection from malicious code at appropriate locations within organizational information systems.

(xiv) Update malicious code protection mechanisms when new releases are available.

(xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded, opened, or executed.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal departments and agencies relating to covered contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial products, other than commercially available off-the-shelf items, or commercial services), in which the subcontractor may have Federal contract information residing in or transiting through its information system.

(End of clause)

52.241 [Reserved]

52.241-1 Electric Service Territory Compliance Representation.

As prescribed in 41.501(b), insert a provision substantially the same as the following:

ELECTRIC SERVICE TERRITORY COMPLIANCE REPRESENTATION (MAY 1999)

(a) Section 8093 of Public Law100-202 generally requires purchases of electricity by any department, agency, or instrumentality of the United States to be consistent with State law governing the provision of electric utility service, including State utility commission rulings and electric utility franchises or service territories established pursuant to State statute, State regulation, or State-approved territorial agreements.

(b) By signing this offer, the offeror represents that this offer to sell electricity is consistent with Section 8093 of Public Law100-202.

(c) Upon request of the Contracting Officer, the offeror shall submit supporting legal and factual rationale for this representation.

(End of clause)

52.241-2 Order of Precedence-Utilities.

As prescribed in 41.501(c)(1), insert a clause substantially the same as the following:

ORDER OF PRECEDENCE-UTILITIES (FEB 1995)

In the event of any inconsistency between the terms of this contract (including the specifications) and any rate schedule, rider, or exhibit incorporated in this contract by reference or otherwise, or any of the Contractor's rules and regulations, the terms of this contract shall control.

(End of clause)

52.241-3 Scope and Duration of Contract.

As prescribed in 41.501(c)(2), insert a clause substantially the same as the following:

SCOPE AND DURATION OF CONTRACT (FEB 1995)

(a) For the period ________________________, *[insert period of service]* the Contractor agrees to furnish and the Government agrees to purchase ______________________ *[insert type of service]* utility service in accordance with the applicable tariff(s), rules, and regulations as approved by the applicable governing regulatory body and as set forth in the contract.

(b) It is expressly understood that neither the Contractor nor the Government is under any obligation to continue any service under the terms and conditions of this contract beyond the expiration date.

(c) The Contractor shall provide the Government with one complete set of rates, terms, and conditions of service which are in effect as of the date of this contract and any subsequently approved rates.

(d) The Contractor shall be paid at the applicable rate(s) under the tariff and the Government shall be liable for the minimum monthly charge, if any, specified in this contract commencing with the period in which service is initially furnished and continuing for the term of this contract. Any minimum monthly charge specified in this contract shall be equitably prorated for the periods in which commencement and termination of this contract become effective.

(End of clause)

52.241-4 Change in Class of Service.

As prescribed in 41.501(c)(3), insert a clause substantially the same as the following:

CHANGE IN CLASS OF SERVICE (FEB 1995)

(a) In the event of a change in the class of service, such service shall be provided at the Contractor's lowest available rate schedule applicable to the class of service furnished.

(b) Where the Contractor does not have on file with the regulatory body approved rate schedules applicable to services provided, no clause in this contract shall preclude the parties from negotiating a rate schedule applicable to the class of service furnished.

(End of clause)

52.241-5 Contractor's Facilities.

As prescribed in 41.501(c)(4), insert a clause substantially the same as the following:

CONTRACTOR'S FACILITIES (FEB 1995)

(a) The Contractor, at its expense, unless otherwise provided for in this contract, shall furnish, install, operate, and maintain all facilities required to furnish service hereunder, and measure such service at the point of delivery specified in the Service Specifications. Titleto all such facilities shall remain with the Contractor and the Contractor shall be responsible for loss or damage to such facilities, except that the Government shall be responsible to the extent that loss or damage has been caused by the Government's negligent acts or omissions.

(b) Notwithstanding any terms expressed in this clause, the Contractor shall obtain approval from the Contracting Officer prior to any equipment installation, construction, or removal. The Government hereby grants to the Contractor, free of any rental or similar charge, but subject to the limitations specified in this contract, a revocable permit or license to enter the service location for any proper purpose under this contract. This permit or license includes use of the site or sites agreed upon by the parties hereto for the installation, operation, maintenance, and repair of the facilities of the Contractor required to be located upon Government premises. All applicable taxes and other charges in connection therewith, together with all liability of the Contractor in construction, operation, maintenance and repair of such facilities, shall be the obligation of the Contractor.

(c) Authorized representatives of the Contractor will be allowed access to the facilities on Government premises at reasonable times to perform the obligations of the Contractor regarding such facilities. It is expressly understood that the Government may limit or restrict the right of access herein granted in any manner considered necessary (*e.g.,* national security, public safety).

(d) Unless otherwise specified in this contract, the Contractor shall, at its expense, remove such facilities and restore Government premises to their original condition as near as practicable within a reasonable time after the Government terminates this contract. In the event such termination of this contract is due to the fault of the Contractor, such facilities may be retained in place at the option of the Government for a reasonable time while the Government attempts to obtain service elsewhere comparable to that provided for hereunder.

(End of clause)

52.241-6 Service Provisions.

As prescribed in 41.501(c)(5), insert a clause substantially the same as the following:

SERVICE PROVISIONS (FEB 1995)

(a) *Measurement of service*. (1) All service furnished by the Contractor shall be measured by suitable metering equipment of standard manufacture, to be furnished, installed, maintained, repaired, calibrated, and read by the Contractor at its expense. When more than a single meter is installed at a service location, the readings thereof may be billed conjunctively, if appropriate. In the event any meter fails to register (or registers incorrectly) the service furnished, the parties shall agree upon the length of time of meter malfunction and the quantity of service delivered during such period of time. An appropriate adjustment shall be made to the next invoice for the purpose of correcting such errors. However, any meter which registers not more than ___ percent slow or fast shall be deemed correct.

(2) The Contractor shall read all meters at periodic intervals of approximately 30 days or in accordance with the policy of the cognizant regulatory body or applicable bylaws. All billings based on meter readings of less than ___ days shall be prorated accordingly.

(b) *Meter test.* (1) The Contractor, at its expense, shall periodically inspect and test Contractor-installed meters at intervals not exceeding _____ year(s). The Government has the right to have representation during the inspection and test.

(2) At the written request of the Contracting Officer, the Contractor shall make additional tests of any or all such meters in the presence of Government representatives. The cost of such additional tests shall be borne by the Government if the percentage of errors is found to be not more than ___ percent slow or fast.

(3) No meter shall be placed in service or allowed to remain in service which has an error in registration in excess of ___ percent under normal operating conditions.

(c) *Change in volume or character.* Reasonable notice shall be given by the Contracting Officer to the Contractor regarding any material changes anticipated in the volume or characteristics of the utility service required at each location.

(d) *Continuity of service and consumption.* The Contractor shall use reasonable diligence to provide a regular and uninterrupted supply of service at each service location, but shall not be liable for damages, breach of contract or otherwise, to the Government for failure, suspension, diminution, or other variations of service occasioned by or in consequence of any cause beyond the control of the Contractor, including but not limited to acts of God or of the public enemy, fires, floods, earthquakes, or other catastrophe, strikes, or failure or breakdown of transmission or other facilities. If any such failure, suspension, diminution, or other variation of service shall aggregate more than _______ hour(s) during any billing period hereunder, an equitable adjustment shall be made in the monthly billing specified in this contract (including the minimum monthly charge).

(End of clause)

52.241-7 Change in Rates or Terms and Conditions of Service for Regulated Services.

As prescribed in 41.501(d)(1), insert a clause substantially the same as the following:

CHANGE IN RATES OR TERMS AND CONDITIONS OF SERVICE FOR REGULATED SERVICES (FEB 1995)

(a) This clause applies to the extent services furnished under this contract are subject to regulation by a regulatory body. The Contractor agrees to give *________________ written notice of (1) the filing of an application for change in rates or terms and conditions of service concurrently with the filing of the application and (2) any changes pending with the regulatory body as of the date of contract award. Such notice shall fully describe the proposed change. If, during the term of this contract, the regulatory body having jurisdiction approves any changes, the Contractor shall forward to the Contracting Officer a copy of such changes within 15 days after the effective date thereof. The Contractor agrees to continue furnishing service under this contract in accordance with the amended tariff, and the Government agrees to pay for such service at the higher or lower rates as of the date when such rates are made effective.

(b) The Contractor agrees that throughout the life of this contract the applicable published and unpublished rate schedule(s) shall not be in excess of the lowest cost published and unpublished rate schedule(s) available to any other customers of the same class under similar conditions of use and service.

(c) In the event that the regulatory body promulgates any regulation concerning matters other than rates which affects this contract, the Contractor shall immediately provide a copy to the Contracting Officer. The Government shall not be bound to accept any new regulation inconsistent with Federal laws or regulations.

(d) Any changes to rates or terms and conditions of service shall be made a part of this contract by the issuance of a contract modification unless otherwise specified in the contract. The effective date of the change shall be the effective date by the regulatory body. Any factors not governed by the regulatory body will have an effective date as agreed to by the parties.

* *Note:* Insert language prescribed in 41.501(d)(1).

(End of clause)

52.241-8 Change in Rates or Terms and Conditions of Service for Unregulated Services.

As prescribed in 41.501(d)(2), insert a clause substantially the same as the following:

CHANGE IN RATES OR TERMS AND CONDITIONS OF SERVICE FOR UNREGULATED SERVICES (FEB 1995)

(a) This clause applies to the extent that services furnished hereunder are not subject to regulation by a regulatory body.

(b) After ___________ *[insert date]*, either party may request a change in rates or terms and conditions of service, unless otherwise provided in this contract. Both parties agree to enter in negotiations concerning such changes upon receipt of a written request detailing the proposed changes and specifying the reasons for the proposed changes.

(c) The effective date of any change shall be as agreed to by the parties. The Contractor agrees that throughout the life of this contract the rates so negotiated will not be in excess of published and unpublished rates charged to any other customer of the same class under similar terms and conditions of use and service.

(d) The failure of the parties to agree upon any change after a reasonable period of time shall be a dispute under the Disputes clause of this contract.

(e) Any changes to rates, terms, or conditions as a result of such negotiations shall be made a part of this contract by the issuance of a contract modification.

(End of clause)

52.241-9 Connection Charge.

As prescribed in 41.501(d)(3), insert a clause substantially the same as the following:

CONNECTION CHARGE (FEB 1995)

(a) *Charge*. In consideration of the Contractor furnishing and installing at its expense the new connection facilities described herein, the Government shall pay the Contractor a connection charge. The payment shall be in the form of progress payments, advance payments or as a lump sum, as agreed to by the parties and as permitted by applicable law. The total amount payable shall be either the estimated cost of $______ less the agreed to salvage value of $______, or the actual cost less the salvage value, whichever is less. As a condition precedent to final payment, the Contractor shall execute a release of any claims against the Government arising under or by the virtue of such installation.

(b) *Ownership, operation, maintenance and repair of new facilities to be provided*. The facilities to be supplied by the Contractor under this clause, notwithstanding the payment by the Government of a connection charge, shall be and remain the property of the Contractor and shall, at all times during the life of this contract or any renewals thereof, be operated, maintained, and repaired by the Contractor at its expense. All taxes and other charges in connection therewith, together with all liability arising out of the construction, operations, maintenance, or repair of such facilities, shall be the obligation of the Contractor.

(c) *Credits*. (1) The Contractor agrees to allow the Government, on each monthly bill for service furnished under this contract to the service location, a credit of ______ percent of the amount of each such bill as rendered until the accumulation of credits shall equal the amount of such connection charge, provided that the Contractor may at any time allow a credit up to 100 percent of the amount of each such bill.

(2) In the event the Contractor, before any termination of this contract but after completion of the facilities provided for in this clause, serves any customer other than the Government (regardless of whether the Government is being served simultaneously, intermittently, or not at all) by means of these facilities, the Contractor shall promptly notify the Government in writing. Unless otherwise agreed by the parties in writing at that time, the Contractor shall promptly accelerate the credits provided for under paragraph (c)(1) of this clause, up to 100 percent of each monthly bill until there is refunded the amount that reflects the Government's connection costs for that portion of the facilities used in serving others.

(3) In the event the Contractor terminates this contract, or defaults in performance, prior to full credit of any connection charge paid by the Government, the Contractor shall pay to the Government an amount equal to the uncredited balance of the connection charge as of the date of the termination or default.

(d) *Termination before completion of facilities.* The Government reserves the right to terminate this contract at any time before completion of the facilities with respect to which the Government is to pay a connection charge. In the event the Government exercises this right, the Contractor shall be paid the cost of any work accomplished, including direct and indirect costs reasonably allocable to the completed work prior to the time of termination by the Government, plus the cost of removal, less the salvage value.

(e) *Termination after completion of facilities.* In the event the Government terminates this contract after completion of the facilities with respect to which the Government has paid a connection charge, but before the crediting in full by the Contractor of any connection charge in accordance with the terms of this contract, the Contractor shall have the following options:

(1) To retain in place for _________ months after the notice of termination by the Government such facilities on condition that-

(i) If, during such _______ month period, the Contractor serves any other customer by means of such facilities, the Contractor, shall, in lieu of allowing credits, pay the Government during such period installments in like amount, manner, and extent as the credit provided for under paragraph (c) of this clause before such termination; and

(ii) Immediately after such ________ month period the Contractor shall promptly pay in full to the Government the uncredited balance of the connection charge.

(2) To remove such facilities at the Contractor's own expense within _______ months after the effective date of the termination by the Government. If the Contractor elects to remove such facilities, the Government shall then have the option of purchasing such facilities at the agreed salvage value set forth herein; and provided further, that the Contractor shall, at the direction of the Government, leave in place such facilities located on Government property which the Government elects to purchase at the agreed salvage value.

(End of clause)

Alternate I (FEB 1995). If the Contracting Officer determines that a nonrefundable charge is to be paid and no credits are due the Government, delete paragraphs (c) and (e), renumber paragraph (d) as (c) and add the following as paragraph (d):

(d) *Termination after completion of facilities.* In the event the Government terminates this contract after completion of the facilities with respect to which the Government is to pay a connection charge, the Contractor shall have the following options:

(1) To retain in place for ________ months after the notice of termination by the Government. If the Contractor and the Government have not agreed on terms for retention in place beyond ________ months, then the Contractor must remove the facilities pursuant to the terms of paragraph (d)(2) of this clause.

(2) To remove such facilities at the Contractor's own expense within _______ months after the effective date of the termination by the Government. If the Contractor elects to remove such facilities, the Government shall then have the option of purchasing such facilities at the agreed salvage value set forth herein; and provided further, that the Contractor shall, at the direction of the Government, leave in place such facilities located on Government property which the Government elects to purchase at the agreed salvage value.

52.241-10 Termination Liability.

As prescribed in 41.501(d)(4), insert a clause substantially the same as the following:

TERMINATION LIABILITY (FEB 1995)

(a) If the Government discontinues utility service under this contract before completion of the facilities cost recovery period specified in paragraph (b) of this clause, in consideration of the Contractor furnishing and installing at its expense, the new facility described herein, the Government shall pay termination charges, calculated as set forth in this clause.

(b) *Facility cost recovery period.* The period of time, not exceeding the term of this contract, during which the net cost of the new facility shall be recovered by the Contractor is ______ months.[*Insert negotiated duration.*]

(c) *Net facility cost.* The cost of the new facility, less the agreed upon salvage value of such facility, is $_______. *[Insert appropriate dollar amount.]*

(d) *Monthly facility cost recovery rate.* The monthly facility cost recovery rate which the Government shall pay the Contractor whether or not service is received is $_____.*[Divide the net facility cost in paragraph (c) of this clause by the facility's cost recovery period in paragraph (b) of this clause and insert the resultant figure.]*

(e) *Termination charges.* Termination charges = $____.*[Multiply the remaining months of the facility's cost recovery period specified in paragraph (b) of this clause by the monthly facility cost recovery rate in paragraph (d) of this clause and insert the resultant figure.]*

(f) If the Contractor has recovered its capital costs at the time of termination there will be no termination liability charge.

(End of clause)

52.241-11 Multiple Service Locations.

As prescribed in 41.501(d)(5), insert a clause substantially the same as the following:

MULTIPLE SERVICE LOCATIONS (FEB 1995)

(a) At any time by written order, the Contracting Officer may designate any location within the service area of the Contractor at which utility service shall commence or be discontinued. Any changes to the service specifications shall be made a part of the contract by the issuance of a contract modification to include the name and location of the service, specifying any different rate, the point of delivery, different service specifications, and any other terms and conditions.

(b) The applicable monthly charge specified in this contract shall be equitably prorated from the period in which commencement or discontinuance of service at any service location designated under the Service Specifications shall become effective.

(End of clause)

52.241-12 Nonrefundable, Nonrecurring Service Charge.

As prescribed in 41.501(d)(6), insert a clause substantially the same as the following:

NONREFUNDABLE, NONRECURRING SERVICE CHARGE (FEB 1995)

As provided herein, the Government will pay a nonrefundable, nonrecurring charge when the rules and regulations of a Contractor require that a customer pay (1)a charge for the initiation of service, (2)a contribution in aid of construction, or (3)a nonrefundable membership fee. This charge may be in addition to or in lieu of a connection charge. Therefore, there is hereby added to the Contractor's schedule a nonrefundable, nonrecurring charge for ___________ in the amount of $________ dollars payable .[*specify dates or schedules*]

(End of clause)

52.241-13 Capital Credits.

As prescribed in 41.501(d)(7), insert a clause substantially the same as the following:

CAPITAL CREDITS (FEB 1995)

(a) The Government is a member of the ____________ *[insert cooperative name]*, and as any other member, is entitled to capital credits consistent with the bylaws of the cooperative, which states the obligation of the Contractor to pay capital credits and which specifies the method and time of payment.

(b) The Contractor shall furnish to the Contracting Officer, or the designated representative of the Contracting Officer, in writing, on an _________ basis [*insert period of time*] a list of accrued credits by contract number, year, and delivery point.

(c) Payment of capital credits will be made by check, payable to the _________ *[insert agency name]*, and forwarded to the Contracting Officer at ________________ *[insert agency address]*, unless otherwise directed in writing by the Contracting Officer. Checks shall cite the current or last contract number and indicate whether the check is partial or final payment for all capital credits accrued.

(End of clause)

52.242 [Reserved]

52.242-1 Notice of Intent to Disallow Costs.

As prescribed in 42.602, insert the following clause:

NOTICE OF INTENT TO DISALLOW COSTS (APR 1984)

(a) Notwithstanding any other clause of this contract-

(1) The Contracting Officer may at any time issue to the Contractor a written notice of intent to disallow specified costs incurred or planned for incurrence under this contract that have been determined not to be allowable under the contract terms; and

(2) The Contractor may, after receiving a notice under paragraph (a)(1) of this clause, submit a written response to the Contracting Officer, with justification for allowance of the costs. If the Contractor does respond within 60 days, the Contracting Officer will, within 60 days of receiving the response, either make a written withdrawal of the notice or issue a written decision.

(b) Failure to issue a notice under this Notice of Intent to Disallow Costs clause does not affect the Government's rights to take exception to incurred costs.

(End of clause)

52.242-2 Production Progress Reports.

As prescribed in 42.805(a), insert the following clause:

PRODUCTION PROGRESS REPORTS (APR 1991)

(a) The Contractor must prepare and submit to the Contracting Officer the production progress reports specified in the contract Schedule.

(b) During any delay in furnishing a production progress report required under this contract, the Contracting Officer may withhold from payment an amount not exceeding $25,000 or 5 percent of the amount of this contract, whichever is less.

(End of clause)

52.242-3 Penalties for Unallowable Costs.

As prescribed in 42.508-7, use the following clause:

PENALTIES FOR UNALLOWABLE COSTS (DEVIATION DATE)

(a) *Definition. Proposal*, as used in this clause, means either—

(1) A final indirect cost rate proposal submitted by the Contractor after the expiration of its fiscal year which—

(i) Relates to any payment made on the basis of billing rates; or

(ii) Will be used in negotiating the final contract price; or

(2) The final statement of costs incurred and estimated to be incurred under the Incentive Price Revision clause (if applicable), which is used to establish the final contract price.

(b) Contractors which include unallowable indirect costs in a proposal may be subject to penalties. The penalties are prescribed in 10 U.S.C. 3748 or 41 U.S.C. chapter 43, as applicable, which is implemented in section 42.508 of the Federal Acquisition Regulation (FAR).

(c) The Contractor must not include in any proposal any cost that is unallowable, as defined in subpart 2.1 of the FAR, or an executive agency supplement to the FAR.

(d) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal is expressly unallowable under a cost principle in the FAR, or an executive agency supplement to the FAR, that defines the allowability of specific selected costs, the Contractor must be assessed a penalty equal to–

(1) The amount of the disallowed cost allocated to this contract; plus

(2) Simple interest, to be computed-

(i) On the amount the Contractor was paid (whether as a progress or billing payment) in excess of the amount to which the Contractor was entitled; and

(ii) Using the applicable rate effective for each six-month interval prescribed by the Secretary of the Treasury pursuant to 41 U.S.C. 7109.

(e) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal includes a cost previously determined to be unallowable for that Contractor, then the Contractor will be assessed a penalty in an amount equal to two times the amount of the disallowed cost allocated to this contract.

(f) Determinations under paragraphs (d) and (e) of this clause are final decisions within the meaning of 41 U.S.C. chapter 71, Contract Disputes.

(g) Pursuant to the criteria in FAR 42.508-6, the Contracting Officer may waive the penalties in paragraph (d) or (e) of this clause.

(h) Payment by the Contractor of any penalty assessed under this clause does not constitute repayment to the Government of any unallowable cost which has been paid by the Government to the Contractor.

(End of clause)

52.242-4 Certification of Final Indirect Costs.

As prescribed in 42.503-2(f), insert the following clause:

CERTIFICATION OF FINAL INDIRECT COSTS (JAN 1997)

(a) The Contractor shall-

(1) Certify any proposal to establish or modify final indirect cost rates;

(2) Use the format in paragraph (c) of this clause to certify; and

(3) Have the certificate signed by an individual of the Contractor's organization at a level no lower than a vice president or chief financial officer of the business segment of the Contractor that submits the proposal.

(b) Failure by the Contractor to submit a signed certificate, as described in this clause, may result in final indirect costs at rates unilaterally established by the Contracting Officer.

(c) The certificate of final indirect costs shall read as follows:

Certificate of Final Indirect Costs

This is to certify that I have reviewed this proposal to establish final indirect cost rates and to the best of my knowledge and belief:

1. All costs included in this proposal (identify proposal and date) to establish final indirect cost rates for (identify period covered by rate) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) and its supplements applicable to the contracts to which the final indirect cost rates will apply; and

2. This proposal does not include any costs which are expressly unallowable under applicable cost principles of the FAR or its supplements.

Firm: ________________________________

Signature: ____________________________

Name of Certifying Official: _________________

Title: ________________________________

Date of Execution: _______________________

(End of clause)

52.242-5 Payments to Small Business Subcontractors.

As prescribed in 42.1104 , insert the following clause:

PAYMENTS TO SMALL BUSINESS SUBCONTRACTORS (JAN 2017)

(a) *Definitions*. As used in this clause-

Reduced payment means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

Untimely payment means a payment that is more than 90 days past due under the terms and conditions of a subcontract, for supplies and services for which the Government has paid the prime contractor.

(b) *Notice*. The Contractor shall notify the Contracting Officer, in writing, not later than 14 days after-

(1) A small business subcontractor was entitled to payment under the terms and conditions of the subcontract; and

(2) The Contractor-

(i) Made a reduced or untimely payment to the small business subcontractor; or

(ii) Failed to make a payment, which is now untimely.

(c) *Content of notice*. The Contractor shall include the reason(s) for making the reduced or untimely payment in any notice required under paragraph (b) of this clause.

(End of clause)

52.242-6 [Reserved]

52.242-7 [Reserved]

52.242-8 [Reserved]

52.242-9 [Reserved]

52.242-10 [Reserved]

52.242-11 [Reserved]

52.242-12 [Reserved]

52.242-13 Bankruptcy.

As prescribed in 42.703, insert the following clause:

BANKRUPTCY (JULY 1995)

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the Contracting Officer responsible for administering the contract. This notification shall be furnished within five days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of Government contract numbers and contracting offices for all Government contracts against which final payment has not been made. This obligation remains in effect until final payment under this contract.

(End of clause)

52.242-14 Suspension of Work.

As prescribed in 42.1005(a), insert the following clause:

SUSPENSION OF WORK (APR 1984)

(a) The Contracting Officer may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that the Contracting Officer determines appropriate for the convenience of the Government.

(b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1)by an act of the Contracting Officer in the administration of this contract, or (2)by the Contracting Officer's failure to act within the time specified in this contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this contract.

(c) A claim under this clause shall not be allowed-

(1) For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and

(2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the contract.

(End of clause)

52.242-15 Stop-Work Order.

As prescribed in 42.1005(b), insert the following clause:

STOP-WORK ORDER (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work order is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor’s cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon a proposal submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(End of clause)

Alternate I (APR 1984). If this clause is inserted in a cost-reimbursement contract, substitute in paragraph (a)(2) the words "the Termination clause of this contract" for the words "the Default, or the Termination for Convenience of the Government clause of this contract." In paragraph (b) substitute the words "an equitable adjustment in the delivery schedule, the estimated cost, the fee, or a combination thereof, and in any other terms of the contract that may be affected" for the words "an equitable adjustment in the delivery schedule or contract price, or both."

52.242-16 [Reserved]

52.242-17 Government Delay of Work.

As prescribed in 42.1005(c), insert the following clause:

GOVERNMENT DELAY OF WORK (APR 1984)

(a) If the performance of all or any part of the work of this contract is delayed or interrupted (1)by an act of the Contracting Officer in the administration of this contract that is not expressly or impliedly authorized by this contract, or (2)by a failure of the Contracting Officer to act within the time specified in this contract, or within a reasonable time if not specified, an adjustment (excluding profit) shall be made for any increase in the cost of performance of this contract caused by the delay or interruption and the contract shall be modified in writing accordingly. Adjustment shall also be made in the delivery or performance dates and any other contractual term or condition affected by the delay or interruption. However, no adjustment shall be made under this clause for any delay or interruption to the extent that performance would have been delayed or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an adjustment is provided or excluded under any other term or condition of this contract.

(b) A claim under this clause shall not be allowed-

(1) For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved; and

(2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the delay or interruption, but not later than the day of final payment under the contract.

(End of clause)

This page intentionally left blank.

52.243 [Reserved]

52.243-1 Changes-Fixed-Price.

As prescribed in 43.305(a)(1), insert the following clause. Agency procedures may vary the 30-day period.

CHANGES-FIXED PRICE (DEVIATION DATE)

(a) (1) At any time, the Contracting Officer may issue a written order making changes within the scope of this contract related to:

(i) Drawings, designs, or specifications which require special manufacturing of supplies for the Government,

(ii) The method of shipment or packing, or

(iii) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(b) Whether or not changed by the order, if any of the changes cause an increase or decrease in the cost of, or the time required for, performance of the work under this contract, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) If the Contractor's proposal includes the cost of property made obsolete or has become excess by the change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property.

(e) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

(End of clause)

Alternate I (DEVIATION DATE). If no supplies are to be furnished and the requirement is for services, other than architect-engineer or other professional services, the following paragraph (a) will be substituted for paragraph (a) in the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order making changes within the scope of this contract in any one or more of the following:

(i) Description of services to be performed.

(ii) Time of performance (*i.e.,* hours of the day, days of the week, etc.).

(iii) Place of performance of the services.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate II (Deviation Date). If the requirement is for services (other than architect-engineer services, transportation, or research and development) and supplies are to be furnished, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order making changes within the scope of this contract in any one or more of the following:

(i) Description of services to be performed.

(ii) Time of performance (*i.e.*, hours of the day, days of the week, etc.).

(iii) Place of performance of the services.

(iv) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.

(v) Method of shipment or packing of supplies.

(vi) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate III (DEVIATION DATE). If the requirement is for architect-engineer or other professional services, substitute the following paragraph (a) for paragraph (a) of the basic clause and add the following paragraph (f):

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in the services to be performed.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(f) No services for which an additional cost or fee will be charged by the Contractor shall be furnished without the prior written authorization of the Contracting Officer.

Alternate IV (Deviation Date). If the requirement is for transportation services, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in any one or more of the following:

(i) Specifications.

(ii) Work or services.

(iii) Place of origin.

(iv) Place of delivery.

(v) Tonnage to be shipped.

(vi) Amount of Government-furnished property.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate V (Deviation Date). If the requirement is for research and development and it is desired to include the clause, substitute the following subparagraphs (a)(1)(i) and (a)(1)(iii) and paragraph (b) for subparagraphs (a)(1)(i) and (a)(1)(iii) and paragraph (b) of the basic clause:

(a)(1)

(i) Drawings, designs, or specifications.

(iii) Place of inspection, delivery, or acceptance.

(b) If any such change causes an increase or decrease in the cost of, or time required for, performing this contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in—

(1) The contract price, the time of performance, or both; and

(2) Other affected terms of the contract, and shall modify the contract accordingly.

52.243-2 Changes-Cost-Reimbursement.

As prescribed in 43.305(b)(1), insert the following clause. The 30-day period may be varied according to agency procedures.

CHANGES-COST-REIMBURSEMENT (DEVIATION DATE)

(a) (1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in any one or more of the following:

(i) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.

(ii) Method of shipment or packing.

(iii) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(b) If any such change causes an increase or decrease in the estimated cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects any other terms and conditions of this contract, the Contracting Officer shall make an equitable adjustment in the—

(1) Estimated cost, delivery or completion schedule, or both;

(2) Amount of any fixed fee; and

(3) Other affected terms and shall modify the contract accordingly.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

(e) Notwithstanding the terms and conditions of paragraphs (a) and (b) of this clause, the estimated cost of this contract and, if this contract is incrementally funded, the funds allotted for the performance of this contract, shall not be increased or considered to be increased except by specific written modification of the contract indicating the new contract estimated cost and, if this contract is incrementally funded, the new amount allotted to the contract. Until this modification is made, the Contractor shall not be obligated to continue performance or incur costs beyond the point established in the Limitation of Cost or Limitation of Funds clause of this contract.

(End of clause)

Alternate I (DEVIATION DATE). If the requirement is for services and no supplies are to be furnished, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in any one or more of the following:

(i) Description of services to be performed.

(ii) Time of performance (*i.e.,* hours of the day, days of the week, etc.).

(iii) Place of performance of the services.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate II (DEVIATION DATE). If the requirement is for services and supplies are to be furnished, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in any one or more of the following:

(i) Description of services to be performed.

(ii) Time of performance (*i.e.,* hours of the day, days of the week, etc.).

(iii) Place of performance of the services.

(iv) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.

(v) Method of shipment or packing of supplies.

(vi) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate III (DEVIATION DATE). If the requirement is for construction, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in the plans and specifications or instructions incorporated in the contract.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate IV [Reserved]

Alternate V (DEVIATION DATE). If the requirement is for research and development, and it is desired to include the clause, substitute the following subparagraphs (a)(1)(i) and (a)(1)(iii) for subparagraphs (a)(1)(i) and (a)(1)(iii) of the basic clause:

(a)(1)(i) Drawings, designs, or specifications.

(iii) Place of inspection, delivery, or acceptance.

52.243-3 Changes-Time-and-Materials or Labor-Hours.

As prescribed in 43.305(c), insert the following clause:

CHANGES-TIME-AND-MATERIALS OR LABOR-HOURS (DEVIATION DATE)

(a) (1) At any time, the Contracting Officer may issue a written order to make changes in within the scope of this contract in any one or more of the following:

(i) Description of services to be performed.

(ii) Time of performance (i.e., hours of the day, days of the week, etc.).

(iii) Place of performance of the services.

(iv) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.

(v) Method of shipment or packing of supplies.

(vi) Place of delivery.

(vii) Amount of Government-furnished property.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(b) If any change causes an increase or decrease in any hourly rate, the ceiling price, or the time required for performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects any other terms and conditions of this contract, the Contracting Officer will make an equitable adjustment in any one or more of the following and will modify the contract accordingly:

(1) Ceiling price.

(2) Hourly rates.

(3) Delivery schedule.

(4) Other affected terms.

(c) The Contractor shall assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) Failure to agree to any adjustment will be a dispute under the Disputes clause. However, nothing in this clause excuses the Contractor from proceeding with the contract as changed.

(End of clause)

52.243-4 Changes.

As prescribed in 43.305(d), insert the following clause. Agency procedures may vary the 30-day period.

CHANGES (DEVIATION DATE)

(a) (1) At any time, the Contracting Officer may issue a written order, identified as a change order, to make changes in the work within the scope of the contract, including changes—

(i) In the specifications (including drawings and designs);

(ii) In the method or manner of performance of the work;

(iii) In the Government-furnished property or services; or

(iv) Directing acceleration in the performance of the work.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating—

(1) The date, circumstances, and source of the order; and

(2) That the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement, or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph (b) of this clause shall be made for any costs incurred more than 20 days before the Contractor gives written notice as required. In the case of defective specifications for which the Government is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) (1) The Contractor must assert its right to an adjustment under this clause, by submitting to the Contracting Officer a written statement describing the general nature and amount of proposal within 30 days, unless this period is extended by the Government, after—

(i) Receipt of a written change order under paragraph (a) of this clause; or

(ii) The furnishing of a written notice under paragraph (b) of this clause.

(2) The statement of proposal for adjustment may be included in the notice under paragraph (b) of this clause.

(f) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.

(End of clause)

52.243-5 Changes and Changed Conditions.

As prescribed in 43.305(e), insert the following clause:

CHANGES AND CHANGED CONDITIONS (DEVIATION DATE)

(a) The Contracting Officer may order changes in the drawings and specifications within the scope of the contract in writing.

(b) The Contractor shall promptly notify the Contracting Officer, in writing, of subsurface or latent physical conditions differing materially from those indicated in this contract or unknown unusual physical conditions at the site before proceeding with the work.

(c) If changes under paragraph (a) of this clause or conditions under paragraph (b) of this clause increase or decrease the cost of, or time required for performing the work, the Contracting Officer shall make an equitable adjustment (see paragraph (d) of this clause) upon submittal of a proposal for adjustment (hereafter referred to as proposal) by the Contractor before final payment under the contract.

(d) The Contracting Officer shall not make an equitable adjustment under paragraph (b) of this clause unless—

(1) The Contractor has submitted the required written notice and the Contracting Officer has received the notice; or

(2) The Contracting Officer waives the requirement for written notice.

(e) Failure to agree to any adjustment shall be a dispute under the Disputes clause.

(End of clause)

52.243-6 Change Order Accounting.

As prescribed in 43.305(f), the contracting officer may insert a clause, substantially the same as follows:

CHANGE ORDER ACCOUNTING (DEVIATION DATE)

The Contracting Officer may require change order accounting whenever the estimated cost of a change or series of related changes exceeds $100,000. The Contractor, for each change or series of related changes, shall maintain separate accounts, by job order or other suitable accounting procedure, of all incurred segregable, direct costs (less allocable credits) of work, both changed and not changed, allocable to the change. The Contractor shall maintain the accounts until the parties agree to an equitable adjustment for the changes ordered by the Contracting Officer or the matter is conclusively disposed of in accordance with the Disputes clause.

(End of clause)

52.243-7 Notification of Changes.

As prescribed in 43.206, insert the following clause:

NOTIFICATION OF CHANGES (DEVIATION DATE)

(a) *Definitions.*

Contracting Officer, as used in this clause, does not include any representative of the Contracting Officer.

Specifically Authorized Representative (SAR), as used in this clause, means any person the Contracting Officer has designated by written notice (a copy shall be provided to the Contractor) that shall refer to this subparagraph and shall be issued to the designated representative before the SAR exercises such authority.

(b) *Notice.* The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor considers to constitute a change to this contract. Except for changes identified in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing promptly, within ______ (to be negotiated) calendar days from the date that the Contractor identifies any Government conduct that the Contractor regards as a change to the contract terms and conditions. Examples of conduct that may be regarded as a change to terms and conditions include actions, inactions, and written or oral communications. On the basis of the most accurate information available to the Contractor, the notice shall state—

(1) The date, nature, and circumstances of the conduct regarded as a change;

(2) The name, function, and activity of each Government individual and Contractor official or employee involved in or knowledgeable about such conduct;

(3) The identification of any documents and the substance of any oral communication involved in such conduct;

(4) In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;

(5) The particular elements of contract performance for which the Contractor may seek an equitable adjustment under this clause, including—

(i) What line items have been or may be affected by the alleged change;

(ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;

(iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;

(iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and

(6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

(c) *Continued performance.* Following submission of the notice required by paragraph (b) of this clause, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication from a SAR of the Contracting Officer, in either of which events the Contractor shall continue performance. However, if the Contractor regards the direction or communication as a change as described in paragraph (b) of this clause, notice shall be given in the manner provided. All directions, communications, interpretations, orders and similar actions of the SAR shall be reduced to writing promptly and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer shall promptly countermand any action which exceeds the authority of the SAR.

(d) *Government response.* The Contracting Officer shall promptly, within _____ (to be negotiated) calendar days after receipt of notice, respond to the notice in writing. In responding, the Contracting Officer shall either—

(1) Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance;

(2) Countermand any communication regarded as a change;

(3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance; or

(4) In the event the Contractor's notice information is inadequate to make a decision under (1), (2), or (3) of paragraph (d) of this clause, advise the Contractor what additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Government will respond.

(e) *Equitable adjustments*. (1) If the Contracting Officer confirms that Government conduct effected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made—

(i) In the contract price or delivery schedule or both; and

(ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in paragraphs(b) and (c) of this clause.

Note: The phrases contract price and cost wherever they appear in the clause, may be appropriately modified to apply to cost-reimbursement or incentive contracts, or to combinations thereof.

(End of clause)

52.244 [Reserved]

52.244-1 [Reserved]

52.244-2 Subcontracts.

As prescribed in 44.201-5(a)(1), insert the following clause:

SUBCONTRACTS (JUN 2020)

(a) *Definitions*. As used in this clause-

"Approved purchasing system" means a Contractor's purchasing system that has been reviewed and approved in accordance with part 44 of the Federal Acquisition Regulation (FAR).

"Consent to subcontract" means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

Subcontract means any contract, as defined in FAR subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that-

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds-

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts:

____

(e) (1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate certified cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting-

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason certified cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor's certified cost or pricing data in determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor's certified cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;

(F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (b), (c), or (d) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination-

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) To relieve the Contractor of any responsibility for performing this contract.

(g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).

(h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.

(i) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR subpart 44.3.

(j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

____

(End of clause)

Alternate I (JUNE 2020). As prescribed in 44.201-5(a)(2), substitute the following paragraph (e)(2) for paragraph (e)(2) of the basic clause:

(e)(2) If the Contractor has an approved purchasing system and consent is not required under paragraph (c), or (d) of this clause, the Contractor nevertheless shall notify the Contracting Officer reasonably in advance of entering into any (i) cost-plus-fixed-fee subcontract, or (ii) fixed-price subcontract that exceeds either the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, or 5 percent of the total estimated cost of this contract. The notification shall include the information required by paragraphs (e)(1)(i) through (iv) of this clause.

52.244-3 [Reserved]

52.244-4 Subcontractors and Outside Associates and Consultants (Architect-Engineer Services).

As prescribed in 44.201-5(b), insert the following clause:

SUBCONTRACTORS AND OUTSIDE ASSOCIATES AND CONSULTANTS (ARCHITECT-ENGINEER SERVICES) (AUG 1998)

Any subcontractors and outside associates or consultants required by the Contractor in connection with the services covered by the contract will be limited to individuals or firms that were specifically identified and agreed to during negotiations. The Contractor shall obtain the Contracting Officer's written consent before making any substitution for these subcontractors, associates, or consultants.

(End of clause)

52.244-5 Competition in Subcontracting.

As prescribed in 44.201-5(c), insert the following clause:

COMPETITION IN SUBCONTRACTING (AUG 2024)

(a) The Contractor shall select subcontractors (including suppliers) on a competitive basis to the maximum practical extent consistent with the objectives and requirements of the contract.

(b) If the Contractor is an approved mentor under the DoD Mentor-Protégé Program (10 U.S.C. 4902), the Contractor may award subcontracts under this contract on a noncompetitive basis to its protégés.

(End of clause)

52.244-6 Subcontracts for Commercial Products and Commercial Services.

As prescribed in 44.403, insert the following clause:

SUBCONTRACTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) *Definitions.* As used in this clause—

Commercial product, commercial service and nondevelopmental item have the meanings contained in Federal Acquisition Regulation (FAR) 2.101.

Subcontract has the meaning at FAR 44.401

(b) *Requirements*.

(1) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial products, commercial services, or non-developmental items as components of items to be supplied under this contract.

(2) If a clause in the following table is included in the contract, the Contractor shall insert the clause in subcontracts for commercial products or commercial services and must flow down the requirements of the clause to subcontracts as indicated in the specific clause:

Number	Title	Date
52.203-13	Contractor Code of Business Ethics and Conduct	NOV 2021
52.203-17	Contractor Employee Whistleblower Rights	NOV 2023
52.203-19	Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements	JAN 2017

* Include only if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds the applicable threshold specified in FAR 19.109(a) on the date of subcontract award, the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(c) *Subcontracts*. The Contractor shall include the terms of this clause, including this paragraph (c), in subcontracts awarded under this contract.

(End of clause)

52.245 [Reserved]

52.245-1 Government Property.

As prescribed in 45.107(a), insert the following clause:

GOVERNMENT PROPERTY (SEP 2021)

(a) *Definitions.* As used in this clause-

Cannibalize means to remove parts from Government property for use or for installation on other Government property.

Contractor-acquired property means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract, and to which the Government has title.

Contractor inventory means-

(1) Any property acquired by and in the possession of a Contractor or subcontractor under a contract for which title is vested in the Government and which exceeds the amounts needed to complete full performance under the entire contract;

(2) Any property that the Government is obligated or has the option to take over under any type of contract, e.g., as a result either of any changes in the specifications or plans thereunder or of the termination of the contract (or subcontract thereunder), before completion of the work, for the convenience or at the option of the Government; and

(3) Government-furnished property that exceeds the amounts needed to complete full performance under the entire contract.

Contractor's managerial personnel means the Contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at any one plant or separate location; or

(3) A separate and complete major industrial operation.

Demilitarization means rendering a product unusable for, and not restorable to, the purpose for which it was designed or is customarily used.

Discrepancies incident to shipment means any differences (e.g., count or condition) between the items documented to have been shipped and items actually received.

Equipment means a tangible item that is functionally complete for its intended purpose, durable, nonexpendable, and needed for the performance of a contract. Equipment is not intended for sale, and does not ordinarily lose its identity or become a component part of another article when put into use. Equipment does not include material, real property, special test equipment or special tooling.

Government-furnished property means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract.

Government property means all property owned or leased by the Government. Government property includes both Government- furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Loss of Government property means unintended, unforeseen or accidental loss, damage or destruction to Government property that reduces the Government's expected economic benefits of the property. Loss of Government property does not include purposeful destructive testing, obsolescence, normal wear and tear or manufacturing defects. Loss of Government property includes, but is not limited to-

(1) Items that cannot be found after a reasonable search;

(2) Theft;

(3) Damage resulting in unexpected harm to property requiring repair to restore the item to usable condition; or

(4) Destruction resulting from incidents that render the item useless for its intended purpose or beyond economical repair.

Material means property that may be consumed or expended during the performance of a contract, component parts of a higher assembly, or items that lose their individual identity through incorporation into an end item. Material does not include equipment, special tooling, special test equipment or real property.

Nonseverable means property that cannot be removed after construction or installation without substantial loss of value or damage to the installed property or to the premises where installed.

Precious metals means silver, gold, platinum, palladium, iridium, osmium, rhodium, and ruthenium.

Production scrap means unusable material resulting from production, engineering, operations and maintenance, repair, and research and development contract activities. Production scrap may have value when re-melted or reprocessed, e.g., textile and metal clippings, borings, and faulty castings and forgings.

Property means all tangible property, both real and personal.

Property Administrator means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

Property records means the records created and maintained by the contractor in support of its stewardship responsibilities for the management of Government property.

Provide means to furnish, as in Government-furnished property, or to acquire, as in contractor-acquired property.

Real property See Federal Management Regulation 102-71.20 (41 CFR 102-71.20).

Sensitive property means property potentially dangerous to the public safety or security if stolen, lost, or misplaced, or that shall be subject to exceptional physical security, protection, control, and accountability. Examples include weapons, ammunition, explosives, controlled substances, radioactive materials, hazardous materials or wastes, or precious metals.

Unit acquisition cost means-

(1) For Government-furnished property, the dollar value assigned by the Government and identified in the contract; and

(2) For contractor-acquired property, the cost derived from the Contractor's records that reflect consistently applied generally accepted accounting principles.

(b) *Property management.* (1) The Contractor shall have a system of internal controls to manage (control, use, preserve, protect, repair, and maintain) Government property in its possession. The system shall be adequate to satisfy the requirements of this clause. In doing so, the Contractor shall initiate and maintain the processes, systems, procedures, records, and methodologies necessary for effective and efficient control of Government property. The Contractor shall disclose any significant changes to its property management system to the Property Administrator prior to implementation of the changes. The Contractor may employ customary commercial practices, voluntary consensus standards, or industry-leading practices and standards that provide effective and efficient Government property management that are necessary and appropriate for the performance of this contract (except where inconsistent with law or regulation).

(2) The Contractor's responsibility extends from the initial acquisition and receipt of property, through stewardship, custody, and use until formally relieved of responsibility by authorized means, including delivery, consumption, expending, sale (as surplus property), or other disposition, or via a completed investigation, evaluation, and final determination for lost property. This requirement applies to all Government property under the Contractor's accountability, stewardship, possession or control, including its vendors or subcontractors (see paragraph (f)(1)(v) of this clause).

(3) The Contractor shall include the requirements of this clause in all subcontracts under which Government property is acquired or furnished for subcontract performance.

(4) The Contractor shall establish and maintain procedures necessary to assess its property management system effectiveness and shall perform periodic internal reviews, surveillances, self assessments, or audits. Significant findings or results of such reviews and audits pertaining to Government property shall be made available to the Property Administrator.

(c) *Use of Government property.* (1) The Contractor shall use Government property, either furnished or acquired under this contract, only for performing this contract, unless otherwise provided for in this contract or approved by the Contracting Officer.

(2) Modifications or alterations of Government property are prohibited, unless they are-

(i) Reasonable and necessary due to the scope of work under this contract or its terms and conditions;

(ii) Required for normal maintenance; or

(iii) Otherwise authorized by the Contracting Officer.

(3) The Contractor shall not cannibalize Government property unless otherwise provided for in this contract or approved by the Contracting Officer.

(d) *Government-furnished property.* (1) The Government shall deliver to the Contractor the Government-furnished property described in this contract. The Government shall furnish related data and information needed for the intended use of the property. The warranties of suitability of use and timely delivery of Government-furnished property do not apply to property acquired or fabricated by the Contractor as contractor-acquired property and subsequently transferred to another contract with this Contractor.

(2) The delivery and/or performance dates specified in this contract are based upon the expectation that the Government-furnished property will be suitable for contract performance and will be delivered to the Contractor by the dates stated in the contract.

(i) If the property is not delivered to the Contractor by the dates stated in the contract, the Contracting Officer shall, upon the Contractor's timely written request, consider an equitable adjustment to the contract.

(ii) In the event property is received by the Contractor, or for Government-furnished property after receipt and installation, in a condition not suitable for its intended use, the Contracting Officer shall, upon the Contractor's timely written request, advise the Contractor on a course of action to remedy the problem. Such action may include repairing, replacing, modifying, returning, or otherwise disposing of the property at the Government's expense. Upon completion of the required action(s), the Contracting Officer shall consider an equitable adjustment to the contract (see also paragraph (f)(1)(ii)(A) of this clause).

(iii) The Government may, at its option, furnish property in an "as-is" condition. The Contractor will be given the opportunity to inspect such property prior to the property being provided. In such cases, the Government makes no warranty with respect to the serviceability and/or suitability of the property for contract performance. Any repairs, replacement, and/or refurbishment shall be at the Contractor's expense.

(3) (i) The Contracting Officer may by written notice, at any time-

(A) Increase or decrease the amount of Government-furnished property under this contract;

(B) Substitute other Government-furnished property for the property previously furnished, to be furnished, or to be acquired by the Contractor for the Government under this contract; or

(C) Withdraw authority to use property.

(ii) Upon completion of any action(s) under paragraph (d)(3)(i) of this clause, and the Contractor's timely written request, the Contracting Officer shall consider an equitable adjustment to the contract.

(e) *Title to Government property.* (1) All Government-furnished property and all property acquired by the Contractor, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), is subject to the provisions of this clause. The Government shall retain title to all Government-furnished property. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.

(2) Title vests in the Government for all property acquired or fabricated by the Contractor in accordance with the financing provisions or other specific requirements for passage of title in the contract. Under fixed price type contracts, in the absence of financing provisions or other specific requirements for passage of title in the contract, the Contractor retains title to all property acquired by the Contractor for use on the contract, except for property identified as a deliverable end item. If a deliverable item is to be retained by the Contractor for use after inspection and acceptance by the Government, it shall be made accountable to the contract through a contract modification listing the item as Government-furnished property.

(3) *Title under Cost-Reimbursement or Time-and-Material Contracts or Cost-Reimbursable line items under Fixed-Price contracts*. (i) Title to all property purchased by the Contractor for which the Contractor is entitled to be reimbursed as a direct item of cost under this contract shall pass to and vest in the Government upon the vendor's delivery of such property.

(ii) Title to all other property, the cost of which is reimbursable to the Contractor, shall pass to and vest in the Government upon-

(A) Issuance of the property for use in contract performance;

(B) Commencement of processing of the property for use in contract performance; or

(C) Reimbursement of the cost of the property by the Government, whichever occurs first.

(f) *Contractor plans and systems*. (1) Contractors shall establish and implement property management plans, systems, and procedures at the contract, program, site or entity level to enable the following outcomes:

(i) *Acquisition of Property.* The Contractor shall document that all property was acquired consistent with its engineering, production planning, and property control operations.

(ii) *Receipt of Government Property*. The Contractor shall receive Government property and document the receipt, record the information necessary to meet the record requirements of paragraph (f)(1)(iii)(A)(*1*) through (*5*) of this clause, identify as Government owned in a manner appropriate to the type of property (*e.g.*, stamp, tag, mark, or other identification), and manage any discrepancies incident to shipment.

(A) *Government-furnished property*. The Contractor shall furnish a written statement to the Property Administrator containing all relevant facts, such as cause or condition and a recommended course(s) of action, if overages, shortages, or damages and/or other discrepancies are discovered upon receipt of Government-furnished property.

(B) *Contractor-acquired property*. The Contractor shall take all actions necessary to adjust for overages, shortages, damage and/or other discrepancies discovered upon receipt, in shipment of Contractor-acquired property from a vendor or supplier, so as to ensure the proper allocability and allowability of associated costs.

(iii) *Records of Government property.* The Contractor shall create and maintain records of all Government property accountable to the contract, including Government-furnished and Contractor-acquired property.

(A) Property records shall enable a complete, current, auditable record of all transactions and shall, unless otherwise approved by the Property Administrator, contain the following:

(1) The name, part number and description, National Stock Number (if needed for additional item identification tracking and/or disposition), and other data elements as necessary and required in accordance with the terms and conditions of the contract.

(2) Quantity received (or fabricated), issued, and balance-on-hand.

(3) Unit acquisition cost.

(4) Unique-item identifier or equivalent (if available and necessary for individual item tracking).

(5) Unit of measure.

(6) Accountable contract number or equivalent code designation.

(7) Location.

(8) Disposition.

(9) Posting reference and date of transaction.

(10) Date placed in service (if required in accordance with the terms and conditions of the contract).

(B) *Use of a Receipt and Issue System for Government Material*. When approved by the Property Administrator, the Contractor may maintain, in lieu of formal property records, a file of appropriately cross-referenced documents evidencing receipt, issue, and use of material that is issued for immediate consumption.

(iv) *Physical inventory*. The Contractor shall periodically perform, record, and disclose physical inventory results. A final physical inventory shall be performed upon contract completion or termination. The Property Administrator may waive this final inventory requirement, depending on the circumstances (*e.g.*, overall reliability of the Contractor's system or the property is to be transferred to a follow-on contract).

(v) *Subcontractor control*. (A) The Contractor shall award subcontracts that clearly identify items to be provided and the extent of any restrictions or limitations on their use. The Contractor shall ensure appropriate flow down of contract terms and conditions (*e.g.*, extent of liability for loss of Government property.

(B) The Contractor shall assure its subcontracts are properly administered and reviews are periodically performed to determine the adequacy of the subcontractor's property management system.

(vi) *Reports*. The Contractor shall have a process to create and provide reports of discrepancies, loss of Government property, physical inventory results, audits and self-assessments, corrective actions, and other property-related reports as directed by the Contracting Officer.

(vii) *Relief of stewardship responsibility and liability*. The Contractor shall have a process to enable the prompt recognition, investigation, disclosure and reporting of loss of Government property, including losses that occur at subcontractor or alternate site locations.

(A) This process shall include the corrective actions necessary to prevent recurrence.

(B) Unless otherwise directed by the Property Administrator, the Contractor shall investigate and report to the Government all incidents of property loss as soon as the facts become known. Such reports shall, at a minimum, contain the following information:

(1) Date of incident (if known).

(2) The data elements required under paragraph (f)(1)(iii)(A) of this clause.

(3) Quantity.

(4) Accountable contract number.

(5) A statement indicating current or future need.

(6) Unit acquisition cost, or if applicable, estimated sales proceeds, estimated repair or replacement costs.

(7) All known interests in commingled material of which includes Government material.

(8) Cause and corrective action taken or to be taken to prevent recurrence.

(9) A statement that the Government will receive compensation covering the loss of Government property, in the event the Contractor was or will be reimbursed or compensated.

(10) Copies of all supporting documentation.

(11) Last known location.

(12) A statement that the property did or did not contain sensitive, export controlled, hazardous, or toxic material, and that the appropriate agencies and authorities were notified.

(C) Unless the contract provides otherwise, the Contractor shall be relieved of stewardship responsibility and liability for property when-

(1) Such property is consumed or expended, reasonably and properly, or otherwise accounted for, in the performance of the contract, including reasonable inventory adjustments of material as determined by the Property Administrator;

(2) Property Administrator grants relief of responsibility and liability for loss of Government property;

(3) Property is delivered or shipped from the Contractor's plant, under Government instructions, except when shipment is to a subcontractor or other location of the Contractor; or

(4) Property is disposed of in accordance with paragraphs (j) and (k) of this clause.

(viii) *Utilizing Government property*. (A) The Contractor shall utilize, consume, move, and store Government Property only as authorized under this contract. The Contractor shall promptly disclose and report Government property in its possession that is excess to contract performance.

(B) Unless otherwise authorized in this contract or by the Property Administrator the Contractor shall not commingle Government material with material not owned by the Government.

(ix) *Maintenance*. The Contractor shall properly maintain Government property. The Contractor's maintenance program shall enable the identification, disclosure, and performance of normal and routine preventative maintenance and repair. The Contractor shall disclose and report to the Property Administrator the need for replacement and/or capital rehabilitation.

(x) *Property closeout*. The Contractor shall promptly perform and report to the Property Administrator contract property closeout, to include reporting, investigating and securing closure of all loss of Government property cases; physically inventorying all property upon termination or completion of this contract; and disposing of items at the time they are determined to be excess to contractual needs.

(2) The Contractor shall establish and maintain Government accounting source data, as may be required by this contract, particularly in the areas of recognition of acquisitions, loss of Government property, and disposition of material and equipment.

(g) *Systems analysis*. (1) The Government shall have access to the Contractor's premises and all Government property, at reasonable times, for the purposes of reviewing, inspecting and evaluating the Contractor's property management plan(s), systems, procedures, records, and supporting documentation that pertains to Government property. This access includes all site locations and, with the Contractor's consent, all subcontractor premises.

(2) Records of Government property shall be readily available to authorized Government personnel and shall be appropriately safeguarded.

(3) Should it be determined by the Government that the Contractor's (or subcontractor's) property management practices are inadequate or not acceptable for the effective management and control of Government property under this contract, or present an undue risk to the Government, the Contractor shall prepare a corrective action plan when requested by the Property Administrator and take all necessary corrective actions as specified by the schedule within the corrective action plan.

(h) *Contractor Liability for Government Property.* (1) Unless otherwise provided for in the contract, the Contractor shall not be liable for loss of Government property furnished or acquired under this contract, except when any one of the following applies-

(i) The risk is covered by insurance or the Contractor is otherwise reimbursed (to the extent of such insurance or reimbursement). The allowability of insurance costs shall be determined in accordance with 31.205-19.

(ii) Loss of Government property that is the result of willful misconduct or lack of good faith on the part of the Contractor's managerial personnel.

(iii) The Contracting Officer has, in writing, revoked the Government's assumption of risk for loss of Government property due to a determination under paragraph (g) of this clause that the Contractor's property management practices are inadequate, and/or present an undue risk to the Government, and the Contractor failed to take timely corrective action. If the Contractor can establish by clear and convincing evidence that the loss of Government property occurred while the Contractor had adequate property management practices or the loss did not result from the Contractor's failure to maintain adequate property management practices, the Contractor shall not be held liable.

(2) The Contractor shall take all reasonable actions necessary to protect the property from further loss. The Contractor shall separate the damaged and undamaged property, place all the affected property in the best possible order, and take such other action as the Property Administrator directs.

(3) The Contractor shall do nothing to prejudice the Government's rights to recover against third parties for any loss of Government property.

(4) The Contractor shall reimburse the Government for loss of Government property, to the extent that the Contractor is financially liable for such loss, as directed by the Contracting Officer.

(5) Upon the request of the Contracting Officer, the Contractor shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation, including the prosecution of suit and the execution of instruments of assignment in favor of the Government in obtaining recovery.

(i) *Equitable adjustment*. Equitable adjustments under this clause shall be made in accordance with the procedures of the Changes clause. However, the Government shall not be liable for breach of contract for the following:

(1) Any delay in delivery of Government-furnished property.

(2) Delivery of Government-furnished property in a condition not suitable for its intended use.

(3) An increase, decrease, or substitution of Government-furnished property.

(4) Failure to repair or replace Government property for which the Government is responsible.

(j) *Contractor inventory disposal*. Except as otherwise provided for in this contract, the Contractor shall not dispose of Contractor inventory until authorized to do so by the Plant Clearance Officer or authorizing official.

(1) *Predisposal requirements*. (i) If the Contractor determines that the property has the potential to fulfill requirements under other contracts, the Contractor, in consultation with the Property Administrator, shall request that the Contracting Officer transfer the property to the contract in question, or provide authorization for use, as appropriate. In lieu of transferring the property, the Contracting Officer may authorize the Contractor to credit the costs of Contractor-acquired property (material only) to the losing contract, and debit the gaining contract with the corresponding cost, when such material is needed for use on another contract. Property no longer needed shall be considered contractor inventory.

(ii) For any remaining Contractor-acquired property, the Contractor may purchase the property at the unit acquisition cost if desired or make reasonable efforts to return unused property to the appropriate supplier at fair market value (less, if applicable, a reasonable restocking fee that is consistent with the supplier's customary practices.)

(2) *Inventory disposal schedules*. (i) Absent separate contract terms and conditions for property disposition, and provided the property was not reutilized, transferred, or otherwise disposed of, the Contractor, as directed by the Plant Clearance Officer or authorizing official, shall use Standard Form 1428, Inventory Disposal Schedule or electronic equivalent, to identify and report-

(A) Government-furnished property that is no longer required for performance of this contract;

(B) Contractor-acquired property, to which the Government has obtained title under paragraph (e) of this clause, which is no longer required for performance of that contract; and

(C) Termination inventory.

(ii) The Contractor may annotate inventory disposal schedules to identify property the Contractor wishes to purchase from the Government, in the event that the property is offered for sale.

(iii) Separate inventory disposal schedules are required for aircraft in any condition, flight safety critical aircraft parts, and other items as directed by the Plant Clearance Officer.

(iv) The Contractor shall provide the information required by FAR 52.245-1(f)(1)(iii) along with the following:

(A) Any additional information that may facilitate understanding of the property's intended use.

(B) For work-in-progress, the estimated percentage of completion.

(C) For precious metals in raw or bulk form, the type of metal and estimated weight.

(D) For hazardous material or property contaminated with hazardous material, the type of hazardous material.

(E) For metals in mill product form, the form, shape, treatment, hardness, temper, specification (commercial or Government) and dimensions (thickness, width and length).

(v) Property with the same description, condition code, and reporting location may be grouped in a single line item.

(vi) Scrap should be reported by "lot" along with metal content, estimated weight and estimated value.

(3) *Submission requirements*. (i) The Contractor shall submit inventory disposal schedules to the Plant Clearance Officer no later than-

(A) 30 days following the Contractor's determination that a property item is no longer required for performance of this contract;

(B) 60 days, or such longer period as may be approved by the Plant Clearance Officer, following completion of contract deliveries or performance; or

(C) 120 days, or such longer period as may be approved by the Termination Contracting Officer, following contract termination in whole or in part.

(ii) Unless the Plant Clearance Officer determines otherwise, the Contractor need not identify or report production scrap on inventory disposal schedules, and may process and dispose of production scrap in accordance with its own internal scrap procedures. The processing and disposal of other types of Government-owned scrap will be conducted in accordance with the terms and conditions of the contract or Plant Clearance Officer direction, as appropriate.

(4) *Corrections*. The Plant Clearance Officer may-

(i) Reject a schedule for cause (*e.g.*, contains errors, determined to be inaccurate); and

(ii) Require the Contractor to correct an inventory disposal schedule.

(5) *Postsubmission adjustments*. The Contractor shall notify the Plant Clearance Officer at least 10 working days in advance of its intent to remove an item from an approved inventory disposal schedule. Upon approval of the Plant Clearance Officer, or upon expiration of the notice period, the Contractor may make the necessary adjustments to the inventory schedule.

(6) *Storage*. (i) The Contractor shall store the property identified on an inventory disposal schedule pending receipt of disposal instructions. The Government's failure to furnish disposal instructions within 120 days following acceptance of an inventory disposal schedule may entitle the Contractor to an equitable adjustment for costs incurred to store such property on or after the 121st day.

(ii) The Contractor shall obtain the Plant Clearance Officer's approval to remove property from the premises where the property is currently located prior to receipt of final disposition instructions. If approval is granted, any costs incurred by the Contractor to transport or store the property shall not increase the price or fee of any Government contract. The storage area shall be appropriate for assuring the property's physical safety and suitability for use. Approval does not relieve the Contractor of any liability for such property under this contract.

(7) *Disposition instructions*. (i) The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of Contractor inventory as directed by the Plant Clearance Officer. Unless otherwise directed by the Contracting Officer or by the Plant Clearance Officer, the Contractor shall remove and destroy any markings identifying the property as U.S. Government-owned property prior to its disposal.

(ii) The Contracting Officer may require the Contractor to demilitarize the property prior to shipment or disposal. In such cases, the Contractor may be entitled to an equitable adjustment under paragraph (i) of this clause.

(8) *Disposal proceeds*. As directed by the Contracting Officer, the Contractor shall credit the net proceeds from the disposal of Contractor inventory to the contract, or to the Treasury of the United States as miscellaneous receipts.

(9) *Subcontractor inventory disposal schedules*. The Contractor shall require its Subcontractors to submit inventory disposal schedules to the Contractor in accordance with the requirements of paragraph (j)(3) of this clause.

(k) *Abandonment of property*. (1) The Government shall not abandon sensitive property or termination inventory without the Contractor's written consent.

(2) The Government, upon notice to the Contractor, may abandon any nonsensitive property in place, at which time all obligations of the Government regarding such property shall cease.

(3) Absent contract terms and conditions to the contrary, the Government may abandon parts removed and replaced from property as a result of normal maintenance actions, or removed from property as a result of the repair, maintenance, overhaul, or modification process.

(4) The Government has no obligation to restore or rehabilitate the Contractor's premises under any circumstances; however, if Government-furnished property is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (i) of this clause may properly include restoration or rehabilitation costs.

(l) *Communication*. All communications under this clause shall be in writing.

(m) *Contracts outside the United States.* If this contract is to be performed outside of the United States and its outlying areas, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

(End of clause)

Alternate I (APR 2012). As prescribed in 45.107 (a)(2), substitute the following for paragraph (h)(1) of the basic clause:

(h)(1) The Contractor assumes the risk of, and shall be responsible for, any loss of Government property upon its delivery to the Contractor as Government-furnished property. However, the Contractor is not responsible for reasonable wear and tear to Government property or for Government property properly consumed in performing this contract.

Alternate II (APR 2012). As prescribed in 45.107 (a)(3), substitute the following for paragraph (e)(3) of the basic clause:

(e)(3) Title to property (and other tangible personal property) purchased with funds available for research and having a unit acquisition cost of less than $5,000 shall vest in the Contractor upon acquisition or as soon thereafter as feasible; provided that the Contractor obtained the Contracting Officer's approval before each acquisition. Title to property purchased with funds available for research and having a unit acquisition cost of $5,000 or more shall vest as set forth in this contract. If title to property vests in the Contractor under this paragraph, the Contractor agrees that no costs shall be allowed for any depreciation, amortization, or use under any existing or future Government contract or subcontract thereunder. The Contractor shall furnish the Contracting Officer a list of all property to which title is vested in the Contractor under this paragraph within 10 days following the end of the calendar quarter during which it was received. Vesting title under this paragraph is subject to civil rights legislation, 42 U.S.C. 2000d. Before title is vested and by signing this contract, the Contractor accepts and agrees that-

"No person in the United States or its outlying areas shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this contemplated financial assistance (title to property)."

52.245-2 Government Property Installation Operation Services.

As prescribed in 45.107(b), insert the following clause:

GOVERNMENT PROPERTY INSTALLATION OPERATION SERVICES (APR 2012)

(a) This Government Property listed in paragraph (e) of this clause is furnished to the Contractor in an "as-is, where is" condition. The Government makes no warranty regarding the suitability for use of the Government property specified in this contract. The Contractor shall be afforded the opportunity to inspect the Government property as specified in the solicitation.

(b) The Government bears no responsibility for repair or replacement of any lost Government property. If any or all of the Government property is lost or becomes no longer usable, the Contractor shall be responsible for replacement of the property at Contractor expense. The Contractor shall have title to all replacement property and shall continue to be responsible for contract performance.

(c) Unless the Contracting Officer determines otherwise, the Government abandons all rights and title to unserviceable and scrap property resulting from contract performance. Upon notification to the Contracting Officer, the Contractor shall remove such property from the Government premises and dispose of it at Contractor expense.

(d) Except as provided in this clause, Government property furnished under this contract shall be governed by the Government Property clause of this contract.

(e) Government property provided under this clause:

____

(End of clause)

52.245-3 [Reserved]

52.245-4 [Reserved]

52.245-5 [Reserved]

52.245-6 [Reserved]

52.245-7 [Reserved]

52.245-8 [Reserved]

52.245-9 Use and Charges.

As prescribed in 45.107(c), insert the following clause:

USE AND CHARGES (APR 2012)

(a) *Definitions*. Definitions applicable to this contract are provided in the clause at 52.245-1, Government Property. Additional definitions as used in this clause include:

Rental period means the calendar period during which Government property is made available for nongovernmental purposes.

Rental time means the number of hours, to the nearest whole hour, rented property is actually used for nongovernmental purposes. It includes time to set up the property for such purposes, perform required maintenance, and restore the property to its condition prior to rental (less normal wear and tear).

(b) *Use of Government property*. The Contractor may use the Government property without charge in the performance of-

(1) Contracts with the Government that specifically authorize such use without charge;

(2) Subcontracts of any tier under Government prime contracts if the Contracting Officer having cognizance of the prime contract-

(i) Approves a subcontract specifically authorizing such use; or

(ii) Otherwise authorizes such use in writing; and

(3) Other work, if the Contracting Officer specifically authorizes in writing use without charge for such work.

(c) *Rental*. If granted written permission by the Contracting Officer, or if it is specifically provided for in the Schedule, the Contractor may use the Government property (except material) for a rental fee for work other than that provided in paragraph (b) of this clause. Authorizing such use of the Government property does not waive any rights of the Government to terminate the Contractor's right to use the Government property. The rental fee shall be determined in accordance with the following paragraphs.

(d) *General*. (1) Rental requests shall be submitted to the Administrative Contracting Officer (ACO), identify the property for which rental is requested, propose a rental period, and compute an estimated rental charge by using the Contractor's best estimate of rental time in the formulae described in paragraph (e) of this clause.

(2) The Contractor shall not use Government property for nongovernmental purposes, including Independent Research and Development, until a rental charge for real property, or estimated rental charge for other property, is agreed upon. Rented property shall be used only on a non-interference basis.

(e) *Rental charge*.- (1) *Real property and associated fixtures*. (i) The Contractor shall obtain, at its expense, a property appraisal from an independent licensed, accredited, or certified appraiser that computes a monthly, daily, or hourly rental rate for comparable commercial property. The appraisal may be used to compute rentals under this clause throughout its effective period or, if an effective period is not stated in the appraisal, for one year following the date the appraisal was performed. The Contractor shall submit the appraisal to the ACO at least 30 days prior to the date the property is needed for nongovernmental use. Except as provided in paragraph (e)(1)(iii) of this clause, the ACO shall use the appraisal rental rate to determine a reasonable rental charge.

(ii) Rental charges shall be determined by multiplying the rental time by the appraisal rental rate expressed as a rate per hour. Monthly or daily appraisal rental rates shall be divided by 720 or 24, respectively, to determine an hourly rental rate.

(iii) When the ACO believes the appraisal rental rate is unreasonable, the ACO shall promptly notify the Contractor. The parties may agree on an alternative means for computing a reasonable rental charge.

(iv) The Contractor shall obtain, at its expense, additional property appraisals in the same manner as provided in paragraph (e)(1)(i) if the effective period has expired and the Contractor desires the continued use of property for nongovernmental use. The Contractor may obtain additional appraisals within the effective period of the current appraisal if the market prices decrease substantially.

(2) *Other Government property*. The Contractor may elect to compute the rental charge using the appraisal method described in paragraph (e)(1) of this clause subject to the constraints therein or the following formula in which rental time shall be expressed in increments of not less than one hour with portions of hours rounded to the next higher hour: The hourly rental charge is calculated by multiplying 2 percent of the acquisition cost by the hours of rental time, and dividing by 720.

(3) *Alternative methodology*. The Contractor may request consideration of an alternative basis for computing the rental charge if it considers the monthly rental rate or a time-based rental unreasonable or impractical.

(f) *Rental payments*. (1) Rent is due 60 days following completion of the rental period or as otherwise specified in the contract. The Contractor shall compute the rental due, and furnish records or other supporting data in sufficient detail to permit the ACO to verify the rental time and computation. Payment shall be made by check payable to the Treasurer of the United States and sent to the contract administration office identified in this contract, unless otherwise specified by the Contracting Officer.

(2) Interest will be charged if payment is not made by the date specified in paragraph (f)(1) of this clause. Interest will accrue at the "Renegotiation Board Interest Rate" (published in the*Federal Register* semiannually on or about January 1st and July 1st) for the period in which the rent is due.

(3) The Government's acceptance of any rental payment under this clause, in whole or in part, shall not be construed as a waiver or relinquishment of any rights it may have against the Contractor stemming from the Contractor's unauthorized use of Government property or any other failure to perform this contract according to its terms.

(g) *Use revocation*. At any time during the rental period, the Government may revoke nongovernmental use authorization and require the Contractor, at the Contractor's expense, to return the property to the Government, restore the property to its pre-rental condition (less normal wear and tear), or both.

(h) *Unauthorized use*. The unauthorized use of Government property can subject a person to fines, imprisonment, or both, under 18 U.S.C. 641.

(End of clause)

52.246 [Reserved]

52.246-1 Contractor Inspection Requirements.

As prescribed in 46.301, insert the following clause:

CONTRACTOR INSPECTION REQUIREMENTS (APR 1984)

The Contractor is responsible for performing or having performed all inspections and tests necessary to substantiate that the supplies or services furnished under this contract conform to contract requirements, including any applicable technical requirements for specified manufacturers' parts. This clause takes precedence over any Government inspection and testing required in the contract's specifications, except for specialized inspections or tests specified to be performed solely by the Government.

(End of clause)

52.246-2 Inspection of Supplies-Fixed-Price.

As prescribed in 46.302, insert the following clause:

INSPECTION OF SUPPLIES-FIXED-PRICE (AUG 1996)

(a) *Definition.* "Supplies," as used in this clause, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering supplies under this contract and shall tender to the Government for acceptance only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the Government during contract performance and for as long afterwards as the contract requires. The Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under the contract.

(c) The Government has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The Government shall perform inspections and tests in a manner that will not unduly delay the work. The Government assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in this contract.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the Government shall bear the expense of Government inspections or tests made at other than the Contractor's or subcontractor's premises; provided, that in case of rejection, the Government shall not be liable for any reduction in the value of inspection or test samples.

(e) (1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the additional cost of inspection or test.

(2) The Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes reinspection or retest necessary.

(f) The Government has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. The Government may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, the Government may either (1)by contract or otherwise, remove, replace, or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i) (1) If this contract provides for the performance of Government quality assurance at source, and if requested by the Government, the Contractor shall furnish advance notification of the time-

(i) When Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract; and

(ii) When the supplies will be ready for Government inspection.

(2) The Government's request shall specify the period and method of the advance notification and the Government representative to whom it shall be furnished. Requests shall not require more than 2 workdays of advance notification if the Government representative is in residence in the Contractor's plant, nor more than 7 workdays in other instances.

(j) The Government shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. Government failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability on the Government, for nonconforming supplies.

(k) Inspections and tests by the Government do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1)at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in paragraph (l)(1) or (l)(2) of this clause and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the Government thereby.

(End of clause)

Alternate I (July1985). If a fixed-price incentive contract is contemplated, substitute paragraphs (g), (h), and (l) below for paragraphs (g), (h), and (l) of the basic clause.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and when required shall disclose the corrective action taken. Cost of removal, replacement, or correction shall be considered a cost incurred, or to be incurred, in the total final negotiated cost fixed under the incentive price revision clause. However, replacements or corrections by the Contractor after the establishment of the total final price shall be at no increase in the total final price.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, the Government may either (1)by contract or otherwise, remove, replace, or correct the supplies and equitably reduce the target price or, if established, the total final price or (2) may terminate the contract for default. Unless the Contractor corrects or replaces the nonconforming supplies within the delivery schedule, the Contracting Officer may require their delivery and equitably reduce any target price or, if it is established, the total final contract price. Failure to agree upon an equitable price reduction shall be a dispute.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1)at no increase in any target price or, if it is established, the total final price of this contract, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the

Contracting Officer; provided, that the Contracting Officer may require a reduction in any target price, or, if it is established, the total final price of this contract, if the Contractor fails to meet such delivery schedule; or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the total final price as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation costs from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in paragraph (l)(1) or (l)(2) of this clause and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and equitably reduce any target price or, if it is established, the total final price of this contract.

Alternate II (July1985). If a fixed-ceiling-price contract with retroactive price redetermination is contemplated, substitute paragraphs (g), (h), and (l) below for paragraphs (g), (h), and (l) of the basic clause:

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and when required shall disclose the corrective action taken. Cost of removal, replacement, or correction shall be considered a cost incurred, or to be incurred, when redetermining the prices under the price redetermination clause. However, replacements or corrections by the Contractor after the establishment of the redetermined prices shall be at no increase in the redetermined price.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, the Government may either (1)by contract or otherwise, remove, replace, or correct the supplies and equitably reduce the initial contract prices or, if established, the redetermined contract prices or (2) terminate the contract for default. Unless the Contractor corrects or replaces the nonconforming supplies within the delivery schedule, the Contracting Officer may require their delivery and equitably reduce the initial contract price or, if it is established, the redetermined contract prices. Failure to agree upon an equitable price reduction shall be a dispute.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1)at no increase in the initial contract prices, or, if it is established, the redetermined prices of this contract, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, that the Contracting Officer may require a reduction in the initial contract prices, or, if it is established, the redetermined prices of this contract, if the Contractor fails to meet such delivery schedule; or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the initial contract prices, or, if it is established, the redetermined prices of this contract, as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation costs from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in paragraph (l)(1) or (l) (2) of this clause and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and equitably reduce the initial contract prices, or, if it is established, the redetermined prices of this contract.

52.246-3 Inspection of Supplies-Cost-Reimbursement.

As prescribed in 46.303, insert the following clause in solicitations and contracts for supplies, or services that involve the furnishing of supplies, when a cost-reimbursement contract is contemplated:

INSPECTION OF SUPPLIES-COST-REIMBURSEMENT (MAY 2001)

(a) *Definitions.* As used in this clause-

Contractor's managerial personnel means any of the Contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at a plant or separate location where the contract is being performed; or

(3) A separate and complete major industrial operation connected with performing this contract.

Supplies includes but is not limited to raw materials, components, intermediate assemblies, end products, lots of supplies, and, when the contract does not include the Warranty of Data clause, data.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the supplies, fabricating methods, and special tooling under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test the contract supplies, to the extent practicable at all places and times, including the period of manufacture, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in the contract performance. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) Unless otherwise specified in the contract, the Government shall accept supplies as promptly as practicable after delivery, and supplies shall be deemed accepted 60 days after delivery, unless accepted earlier.

(f) At any time during contract performance, but no later than 6 months (or such other time as may be specified in the contract) after acceptance of the supplies to be delivered under the contract, the Government may require the Contractor to replace or correct any supplies that are nonconforming at time of delivery. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. Except as otherwise provided in paragraph (h) of this clause, the cost of replacement or correction shall be included in allowable cost, determined as provided in the Allowable Cost and Payment clause, but no additional fee shall be paid. The Contractor shall not tender for acceptance supplies required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken.

(g) (1) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, the Government may-

(i) By contract or otherwise, perform the replacement or correction and charge to the Contractor any increased cost or make an equitable reduction in any fixed fee paid or payable under the contract;

(ii) Require delivery of undelivered supplies at an equitable reduction in any fixed fee paid or payable under the contract; or

(iii) Terminate the contract for default.

(2) Failure to agree on the amount of increased cost to be charged to the Contractor or to the reduction in the fixed fee shall be a dispute.

(h) Notwithstanding paragraphs (f) and (g) of this clause, the Government may at any time require the Contractor to correct or replace, without cost to the Government, nonconforming supplies, if the nonconformances are due to-

(1) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(2) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(i) This clause applies in the same manner to corrected or replacement supplies as to supplies originally delivered.

(j) The Contractor shall have no obligation or liability under this contract to replace supplies that were nonconforming at the time of delivery, except as provided in this clause or as may be otherwise provided in the contract.

(k) Except as otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(End of clause)

52.246-4 Inspection of Services-Fixed-Price.

As prescribed in 46.304, insert the following clause:

INSPECTION OF SERVICES-FIXED-PRICE (AUG 1996)

(a) *Definition.*"Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may-

(1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and

(2) Reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may-

(1) By contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service; or

(2) Terminate the contract for default.

(End of clause)

52.246-5 Inspection of Services-Cost-Reimbursement.

As prescribed in 46.305, insert the following clause in solicitations and contracts for services, or supplies that involve the furnishing of services, when a cost-reimbursement contract is contemplated:

INSPECTION OF SERVICES-COST-REIMBURSEMENT (APR 1984)

(a) *Definition.*"Services," as used in this clause, includes services performed, workmanship, and material furnished or used in performing services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all places and times during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If any of the services performed do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, for no additional fee. When the defects in services cannot be corrected by reperformance, the Government may-

(1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and

(2) Reduce any fee payable under the contract to reflect the reduced value of the services performed.

(e) If the Contractor fails to promptly perform the services again or take the action necessary to ensure future performance in conformity with contract requirements, the Government may-

(1) By contract or otherwise, perform the services and reduce any fee payable by an amount that is equitable under the circumstances; or

(2) Terminate the contract for default.

(End of clause)

52.246-6 Inspection-Time-and-Material and Labor-Hour.

As prescribed in 46.306, insert the following clause:

INSPECTION-TIME-AND-MATERIAL AND LABOR-HOUR (MAY 2001)

(a) *Definitions.* As used in this clause-

Contractor's managerial personnel means any of the Contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at any one plant or separate location where the contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

Materials includes data when the contract does not include the Warranty of Data clause.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the material, fabricating methods, work, and services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all materials furnished and services performed under this contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) Unless otherwise specified in the contract, the Government shall accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they shall be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(f) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the Government may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (h) of this clause, the cost of replacement or correction shall be determined under the Payments Under Time-and-Materials and Labor-Hour Contracts clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken.

(g) (1) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government), the Government may-

(i) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(ii) Terminate this contract for default.

(2) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute.

(h) Notwithstanding paragraphs (f) and (g) of this clause, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to-

(1) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(2) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(i) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(j) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(k) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(End of clause)

Alternate I (APR 1984). If Government inspection and acceptance are to be performed at the contractor's plant, paragraph (e) below may be substituted for paragraph (e) of the basic clause:

(e) The Government shall inspect for acceptance all items (other than aircraft to be flown away, if any) to be furnished under this contract at the Contractor's plant or plants specified in the contract, or at any other plant or plants approved for such purpose in writing by the Contracting Officer. The Contractor shall inform the contract administration office or Contracting Officer when the work is ready for inspection. The Government reserves the right to charge to the Contractor any additional cost of Government inspection and test when items are not ready at the time for which inspection and test is requested by the Contractor.

52.246-7 Inspection of Research and Development-Fixed-Price.

As prescribed in 46.307(a), insert the following clause:

INSPECTION OF RESEARCH AND DEVELOPMENT-FIXED-PRICE (AUG 1996)

(a) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the work under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(b) The Government has the right to inspect and test all work called for by the contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the premises of the Contractor or any subcontractor engaged in contract performance. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(c) If the Government performs any inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the Government shall bear the expense of Government inspections or tests made at other than the Contractor's or subcontractor's premises.

(d) The Government shall accept or reject the work as promptly as practicable after delivery, unless otherwise specified in the contract. Government failure to inspect and accept or reject the work shall not relieve the Contractor from responsibility, nor impose liability on the Government, for nonconforming work. Work is nonconforming when it is defective in material or workmanship or is otherwise not in conformity with contract requirements.

(e) The Government has the right to reject nonconforming work. If the Contractor fails or is unable to correct or to replace nonconforming work within the delivery schedule (or such later time as the Contracting Officer may authorize), the Contracting Officer may accept the work and make an equitable price reduction. Failure to agree on a price reduction shall be a dispute.

(f) Inspection and test by the Government does not relieve the Contractor from responsibility for defects or other failures to meet the contract requirements that may be discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise specified in the contract. If acceptance is not conclusive for any of these causes, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor-

(1) At no increase in contract price, to correct or replace the defective or nonconforming supplies (work) at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule; or

(2) Within a reasonable time after the Contractor's receipt of notice of defects or nonconformance, to repayment of such portion of the contract price as is equitable under the circumstances if the Government elects not to require correction or replacement. When supplies (work) are (is) returned to the Contractor, the Contractor shall bear transportation costs from

the original point of delivery to the Contractor's plant and return to the original point of delivery when that point is not the Contractor's plant.

(End of clause)

52.246-8 Inspection of Research and Development-Cost-Reimbursement.

As prescribed in 46.308, insert the following clause in solicitations and contracts for research and development when (a) the primary objective is the delivery of end items other than designs, drawings, or reports; and (b) a cost-reimbursement contract is contemplated; unless use of the clause is impractical and the clause prescribed in 46.309 is considered to be more appropriate:

INSPECTION OF RESEARCH AND DEVELOPMENT—COST-REIMBURSEMENT (MAY 2001)

(a) Definitions. As used in this clause—

Contractor's managerial personnel means the Contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at any one plant or separate location where the contract is being performed; or

(3) A separate and complete major industrial operation connected with performing this contract.

Work includes data when the contract does not include the Warranty of Data clause.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the work under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all work called for by the contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or its subcontractors engaged in the contract performance. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs any inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) Unless otherwise provided in the contract, the Government shall accept work as promptly as practicable after delivery, and work shall be deemed accepted 90 days after delivery, unless accepted earlier.

(f) At any time during contract performance, but no later than 6 months (or such other time as may be specified in the contract) after acceptance of all of the end items (other than designs, drawings, or reports) to be delivered under the contract, the Government may require the Contractor to replace or correct work not meeting contract requirements. Time devoted to the replacement or correction of such work shall not be included in the computation of the above time period. Except as otherwise provided in paragraph (h) of this clause, the cost of replacement or correction shall be determined as specified in the Allowable Cost and Payment clause, but no additional fee shall be paid. The Contractor shall not tender for acceptance work required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken.

(g) (1) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, the Government may—

(i) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or make an equitable reduction in any fixed fee paid or payable under the contract;

(ii) Require delivery of any undelivered articles and shall have the right to make an equitable reduction in any fixed fee paid or payable under the contract; or

(iii) Terminate the contract for default.

(2) Failure to agree on the amount of increased cost to be charged the Contractor or to the reduction in fixed fee shall be a dispute.

(h) Notwithstanding paragraphs (f) and (g) of this clause, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to—

(1) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(2) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(i) This clause shall apply in the same manner to a corrected or replacement end item or components as to work originally delivered.

(j) The Contractor has no obligation or liability under the contract to correct or replace articles not meeting contract requirements at time of delivery, except as provided in this clause or as may otherwise be specified in the contract.

(k) Unless otherwise provided in the contract, the Contractor's obligations to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(End of clause)

Alternate I (APR 1984). If it is contemplated that the contract will be on a no-fee basis, substitute paragraphs (f) and (g) below for paragraphs (f) and (g) of the basic clause.

(f) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of all of the end items (other than designs, drawings, or reports) to be delivered under the contract, the Government may require the Contractor to correct or replace work not meeting contract requirements. Time devoted to the correction or replacement of such work shall not be included in the computation of the above time period. Except as otherwise provided in paragraph (g) of this clause, the allowability of the cost of any such replacement or correction shall be determined as specified in the Allowable Cost and Payment clause. The Contractor shall not tender for acceptance corrected work without disclosing the former requirement for correction, and, when required, shall disclose the corrective action taken.

(g) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, the Government may-

(1) By contract or otherwise, perform the replacement or correction and charge to the Contractor any increased cost;

(2) Require delivery of any undelivered articles; or

(3) Terminate the contract for default. Failure to agree on the amount of increased cost to be charged to the Contractor shall be a dispute.

52.246-9 Inspection of Research and Development (Short Form).

As prescribed in 46.309, insert the following clause:

INSPECTION OF RESEARCH AND DEVELOPMENT (SHORTFORM) (APR 1984)

The Government has the right to inspect and evaluate the work performed or being performed under the contract, and the premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work. If the Government performs inspection or evaluation on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(End of clause)

52.246-10 [Reserved]

52.246-11 Higher-Level Contract Quality Requirement.

As prescribed in 46.311, insert the following clause:

HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT (DEC 2014)

(a) The Contractor shall comply with the higher-level quality standard(s) listed below.

____*[Contracting Officer insert the title, number, date, and tailoring (if any) of the higher-level quality standards.]*

(b) The Contractor shall include applicable requirements of the higher-level quality standard(s) listed in paragraph (a) of this clause and the requirement to flow down such standards, as applicable, to lower-tier subcontracts, in-

(1) Any subcontract for critical and complex items (see 46.203(b) and (c)); or

(2) When the technical requirements of a subcontract require-

(i) Control of such things as design, work operations, in-process control, testing, and inspection; or

(ii) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(End of clause)

52.246-12 Inspection of Construction.

As prescribed in 46.312, insert the following clause:

INSPECTION OF CONSTRUCTION (AUG 1996)

(a) *Definition.*

Work includes, but is not limited to, materials, workmanship, and manufacture and fabrication of components.

(b) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work performed under the contract conforms to contract requirements. The Contractor shall maintain complete inspection records and make them available to the Government. All work shall be conducted under the general direction of the Contracting Officer and is subject to Government inspection and test at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the contract.

(c) Government inspections and tests are for the sole benefit of the Government and do not-

(1) Relieve the Contractor of responsibility for providing adequate quality control measures;

(2) Relieve the Contractor of responsibility for damage to or loss of the material before acceptance;

(3) Constitute or imply acceptance; or

(4) Affect the continuing rights of the Government after acceptance of the completed work under paragraph (i) of this-section.

(d) The presence or absence of a Government inspector does not relieve the Contractor from any contract requirement, nor is the inspector authorized to change any term or condition of the specification without the Contracting Officer's written authorization.

(e) The Contractor shall promptly furnish, at no increase in contract price, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer. The Government may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. The Government shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size, and performance tests shall be performed as described in the contract.

(f) The Contractor shall, without charge, replace or correct work found by the Government not to conform to contract requirements, unless in the public interest the Government consents to accept the work with an appropriate adjustment in contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

(g) If the Contractor does not promptly replace or correct rejected work, the Government may-

(1) By contract or otherwise, replace or correct the work and charge the cost to the Contractor; or

(2) Terminate for default the Contractor's right to proceed.

(h) If, before acceptance of the entire work, the Government decides to examine already completed work by removing it or tearing it out, the Contractor, on request, shall promptly furnish all necessary facilities, labor, and material. If the work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the Contractor shall defray the expenses of the examination and of satisfactory reconstruction. However, if the work is found to meet contract requirements, the Contracting Officer shall make an equitable adjustment for the additional services involved in the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.

(i) Unless otherwise specified in the contract, the Government shall accept, as promptly as practicable after completion and inspection, all work required by the contract or that portion of the work the Contracting Officer determines can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the Government's rights under any warranty or guarantee.

(End of clause)

52.246-13 Inspection-Dismantling, Demolition, or Removal of Improvements.

As prescribed in 46.313, insert the following clause in solicitations and contracts for dismantling, demolition, or removal of improvements:

INSPECTION-DISMANTLING, DEMOLITION, OR REMOVAL OF IMPROVEMENTS (AUG 1996)

(a) Unless otherwise designated by the specifications, all workmanship performed under the contract is subject to Government inspection at all times and places where dismantling or demolition work is being performed. The Contractor shall furnish promptly, and at no increase in contract price, all reasonable facilities, labor, and materials necessary for safe and convenient inspection by the Government. The Government shall perform inspections in a manner that will not unduly delay the work.

(b) The Contractor is responsible for damage to property caused by defective workmanship. The Contractor shall promptly segregate and remove from the premises any unsatisfactory facilities, materials, and equipment used in contract performance, and promptly replace them with satisfactory items. If the Contractor fails to proceed at once in a workmanlike manner with performance of the work or with the correction of defective workmanship, the Government may-

(1) By contract or otherwise, replace the facilities, materials, and equipment or correct the workmanship and charge the cost to the Contractor; and

(2) Terminate for default the Contractor's right to proceed. The Contractor and any surety shall be liable, to the extent specified in the contract for any damage or cost of repair or replacement.

(End of clause)

52.246-14 Inspection of Transportation.

As prescribed in 46.314, insert the following clause in solicitations and contracts for freight transportation services (including local drayage) by rail, motor (including bus), domestic freight forwarder, and domestic water carriers (including inland, coastwise, and intercoastal). The contracting officer shall not use the clause for the acquisition of transportation services by domestic or international air carriers or by international ocean carriers, or to freight services provided under bills of lading or to those negotiated for reduced rates under 49 U.S.C.10721 or 13712 . (See part 47)

INSPECTION OF TRANSPORTATION (APR 1984)

The Government has the right to inspect and test the Contractor's services, facilities, and equipment at all reasonable times. The Contractor shall furnish Government representatives with the free access and reasonable facilities and assistance required to accomplish their inspections and tests.

(End of clause)

52.246-15 Certificate of Conformance.

As prescribed in 46.315, insert the following clause in solicitations and contracts for supplies or services when the conditions in 46.504 apply:

CERTIFICATE OF CONFORMANCE (APR 1984)

(a) When authorized in writing by the cognizant Contract Administration Office (CAO), the Contractor shall ship with a Certificate of Conformance any supplies for which the contract would otherwise require inspection at source. In no case shall the Government's right to inspect supplies under the inspection provisions of this contract be prejudiced. Shipments of such supplies will not be made under this contract until use of the Certificate of Conformance has been authorized in writing by the CAO, or inspection and acceptance have occurred.

(b) The Contractor's signed certificate shall be attached to or included on the top copy of the inspection or receiving report distributed to the payment office or attached to the CAO copy when contract administration (Block10 of the DD Form 250) is performed by the Defense Contract Administration Services. In addition, a copy of the signed certificate shall also be attached to or entered on copies of the inspection or receiving report accompanying the shipment.

(c) The Government has the right to reject defective supplies or services within a reasonable time after delivery by written notification to the Contractor. The Contractor shall in such event promptly replace, correct, or repair the rejected supplies or services at the Contractor's expense.

(d) The certificate shall read as follows:

I certify that on ______ [*insert date*], the ____ [*insert Contractor's name*] furnished the supplies or services called for by Contract No._____ via ____ [*Carrier*] on ________ [*identify the bill of lading or shipping document*] in accordance with all applicable requirements. I further certify that the supplies or services are of the quality specified and conform in all respects with the contract requirements, including specifications, drawings, preservation, packaging, packing, marking requirements, and physical item identification (part number), and are in the quantity shown on this or on the attached acceptance document.

Date of Execution: ________________________________

Signature: ____

Title: ____

(End of clause)

52.246-16 Responsibility for Supplies.

As prescribed in 46.316, insert the following clause:

RESPONSIBILITY FOR SUPPLIES (APR 1984)

(a) Title to supplies furnished under this contract shall pass to the Government upon formal acceptance, regardless of when or where the Government takes physical possession, unless the contract specifically provides for earlier passage of title.

(b) Unless the contract specifically provides otherwise, risk of loss of or damage to supplies shall remain with the Contractor until, and shall pass to the Government upon-

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Acceptance by the Government or delivery of the supplies to the Government at the destination specified in the contract, whichever is later, if transportation is f.o.b. destination.

(c) Paragraph (b) of this clause shall not apply to supplies that so fail to conform to contract requirements as to give a right of rejection. The risk of loss of or damage to such nonconforming supplies remains with the Contractor until cure or acceptance. After cure or acceptance, paragraph (b) of this clause shall apply.

(d) Under paragraph (b) of this clause, the Contractor shall not be liable for loss of or damage to supplies caused by the negligence of officers, agents, or employees of the Government acting within the scope of their employment.

(End of clause)

52.246-17 Warranty of Supplies of a Noncomplex Nature.

As prescribed in 46.710(a)(1), insert a clause substantially as follows:

WARRANTY OF SUPPLIES OF A NONCOMPLEX NATURE (JUNE 2003)

(a) *Definitions.* As used in this clause-

Acceptance means the act of an authorized representative of the Government by which the Government assumes for itself, or as an agent of another, ownership of existing supplies, or approves specific services as partial or complete performance of the contract.

Supplies means the end items furnished by the Contractor and related services required under this contract. The word does not include "data."

(b) Contractor's obligations. (1) Notwithstanding inspection and acceptance by the Government of supplies furnished under this contract, or any condition of this contract concerning the conclusiveness thereof, the Contractor warrants that for ________ *[Contracting Officer shall state specific period of time after delivery, or the specified event whose occurrence will terminate the warranty period; e.g.,the number of miles or hours of use, or combinations of any applicable events or periods of time]*-

(i) All supplies furnished under this contract will be free from defects in material or workmanship and will conform with all requirements of this contract; and

(ii) The preservation, packaging, packing, and marking, and the preparation for, and method of, shipment of such supplies will conform with the requirements of this contract.

(2) When return, correction, or replacement is required, transportation charges and responsibility for the supplies while in transit shall be borne by the Contractor. However, the Contractor's liability for the transportation charges shall not exceed an amount equal to the cost of transportation by the usual commercial method of shipment between the place of delivery specified in this contract and the Contractor's plant, and return.

(3) Any supplies or parts thereof, corrected or furnished in replacement under this clause, shall also be subject to the terms of this clause to the same extent as supplies initially delivered. The warranty, with respect to supplies or parts thereof, shall be equal in duration to that in paragraph (b)(1) of this clause and shall run from the date of delivery of the corrected or replaced supplies.

(4) All implied warranties of merchantability and "fitness for a particular purpose" are excluded from any obligation contained in this contract.

(c) Remedies available to the Government. (1) The Contracting Officer shall give written notice to the Contractor of any breach of warranties in paragraph (b)(1) of this clause within ________ *[Contracting Officer shall insert specific period of time; e.g.",45 days of the last delivery under this contract", or "45 days after discovery of the defec"t]*.

(2) Within a reasonable time after the notice, the Contracting Officer may either-

(i) Require, by written notice, the prompt correction or replacement of any supplies or parts thereof (including preservation, packaging, packing, and marking) that do not conform with the requirements of this contract within the meaning of paragraph (b)(1) of this clause; or

(ii) Retain such supplies and reduce the contract price by an amount equitable under the circumstances.

(3) (i) If the contract provides for inspection of supplies by sampling procedures, conformance of supplies or components subject to warranty action shall be determined by the applicable sampling procedures in the contract. The Contracting Officer-

(A) May, for sampling purposes, group any supplies delivered under this contract;

(B) Shall require the size of the sample to be that required by sampling procedures specified in the contract for the quantity of supplies on which warranty action is proposed;

(C) May project warranty sampling results over supplies in the same shipment or other supplies contained in other shipments even though all of such supplies are not present at the point of reinspection; provided, that the supplies remaining are reasonably representative of the quantity on which warranty action is proposed; and

(D) Need not use the same lot size as on original inspection or reconstitute the original inspection lots.

(ii) Within a reasonable time after notice of any breach of the warranties specified in paragraph (b)(1) of this clause, the Contracting Officer may exercise one or more of the following options:

(A) Require an equitable adjustment in the contract price for any group of supplies.

(B) Screen the supplies grouped for warranty action under this clause at the Contractor's expense and return all nonconforming supplies to the Contractor for correction or replacement.

(C) Require the Contractor to screen the supplies at locations designated by the Government within the contiguous United States and to correct or replace all nonconforming supplies.

(D) Return the supplies grouped for warranty action under this clause to the Contractor (irrespective of the f.o.b. point or the point of acceptance) for screening and correction or replacement.

(4) (i) The Contracting Officer may, by contract or otherwise, correct or replace the nonconforming supplies with similar supplies from another source and charge to the Contractor the cost occasioned to the Government thereby if the Contractor-

(A) Fails to make redelivery of the corrected or replaced supplies within the time established for their return; or

(B) Fails either to accept return of the nonconforming supplies or fails to make progress after their return to correct or replace them so as to endanger performance of the delivery schedule, and in either of these circumstances does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure.

(ii) Instead of correction or replacement by the Government, the Contracting Officer may require an equitable adjustment of the contract price. In addition, if the Contractor fails to furnish timely disposition instructions, the Contracting Officer may dispose of the nonconforming supplies for the Contractor's account in a reasonable manner. The Government is entitled to reimbursement from the Contractor, or from the proceeds of such disposal, for the reasonable expenses of the care and disposition of the nonconforming supplies, as well as for excess costs incurred or to be incurred.

(5) The rights and remedies of the Government provided in this clause are in addition to and do not limit any rights afforded to the Government by any other clause of this contract.

(End of clause)

Alternate I [Reserved]

Alternate II (APR 1984). If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), substitute a paragraph substantially the same as the following paragraph (b)(2) for paragraph (b)(2) of the basic clause:

(2) If correction or replacement is required and transportation of supplies in connection with correction or replacement is necessary, transportation charges and responsibility for the supplies while in transit shall be borne by the Government.

Alternate III (APR 1984). If the supplies cannot be obtained from another source, substitute a paragraph substantially the same as the following paragraph (c)(4) for paragraph (c)(4) of the basic clause:

(4) If the Contractor does not agree as to responsibility to correct or replace the supplies delivered, the Contractor shall nevertheless proceed in accordance with the written request issued by the Contracting Officer under paragraph (c)(2) of this clause to correct or replace the defective or nonconforming supplies. In the event it is later determined that the supplies were not defective or nonconforming within the terms and conditions of this clause, the contract price will be equitably adjusted.

Alternate IV (APR 1984). If a fixed-price incentive contract is contemplated, add a paragraph substantially the same as the following paragraph (c)(6) to the basic clause:

(6) All costs incurred or estimated to be incurred by the Contractor in complying with this clause shall be considered when negotiating the total final price under the Incentive Price Revision clause of this contract. After establishment of the total final price, Contractor compliance with this clause shall be at no increase in the total final price. Any equitable adjustment made under paragraph (c)(2) of this clause shall be governed by the paragraph entitled "Equitable Adjustments Under Other Clauses" in the Incentive Price Revision clause of this contract.

Alternate V (APR 1984). If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, add a paragraph substantially the same as the following paragraph (c)(6) to the basic clause. Redesignate the additional paragraph as "(c)(7)" if Alternate IV is also being used.

(6) The Contractor shall be liable for the reasonable costs of disassembly and/or reassembly of larger items when it is necessary to remove the supplies to be inspected and/or returned for correction or replacement.

52.246-18 Warranty of Supplies of a Complex Nature.

As prescribed in 46.710(b)(1), insert a clause substantially as follows:

WARRANTY OF SUPPLIES OF A COMPLEX NATURE (MAY 2001)

(a) *Definitions.* As used in this clause-

Acceptance means the act of an authorized representative of the Government by which the Government assumes for itself, or as an agent of another, ownership of existing and identified supplies, or approves specific services rendered, as partial or complete performance of the contract.

Supplies means the end items furnished by the Contractor and related services required under this contract. The word does not include "data."

(b) *Contractor's obligations.* (1) The Contractor warrants that for ________ *[Contracting Officer shall state the specific warranty period after delivery, or the specified event whose occurrence will terminate the warranty period; e.g.,the number of miles or hours of use, or combinations of any applicable events or periods of time]* all supplies furnished under this contract will be free from defects in material and workmanship and will conform with all requirements of this contract; provided, however, that with respect to Government-furnished property, the Contractor's warranty shall extend only to its proper installation, unless the Contractor performs some modification or other work on the property, in which case the Contractor's warranty shall extend to the modification or other work.

(2) Any supplies or parts thereof corrected or furnished in replacement shall be subject to the conditions of this clause to the same extent as supplies initially delivered. This warranty shall be equal in duration to that set forth in paragraph (b)(1) of this clause and shall run from the date of delivery of the corrected or replaced supplies.

(3) The Contractor shall not be obligated to correct or replace supplies if the facilities, tooling, drawings, or other equipment or supplies necessary to accomplish the correction or replacement have been made unavailable to the Contractor

by action of the Government. In the event that correction or replacement has been directed, the Contractor shall promptly notify the Contracting Officer, in writing, of the nonavailability.

(4) The Contractor shall also prepare and furnish to the Government data and reports applicable to any correction required (including revision and updating of all affected data called for under this contract) at no increase in the contract price.

(5) When supplies are returned to the Contractor, the Contractor shall bear the transportation costs from the place of delivery specified in the contract (irrespective of the f.o.b. point or the point of acceptance) to the Contractor's plant and return.

(6) All implied warranties of merchantability and "fitness for a particular purpose" are excluded from any obligation contained in this contract.

(c) Remedies available to the Government. (1) In the event of a breach of the Contractor's warranty in paragraph (b)(1) of this clause, the Government may, at no increase in contract price-

(i) Require the Contractor, at the place of delivery specified in the contract (irrespective of the f.o.b. point or the point of acceptance) or at the Contractor's plant, to repair or replace, at the Contractor's election, defective or nonconforming supplies; or

(ii) Require the Contractor to furnish at the Contractor's plant the materials or parts and installation instructions required to successfully accomplish the correction.

(2) If the Contracting Officer does not require correction or replacement of defective or nonconforming supplies or the Contractor is not obligated to correct or replace under paragraph (b)(3) of this clause, the Government shall be entitled to an equitable reduction in the contract price.

(3) The Contracting Officer shall notify the Contractor in writing of any breach of the warranty in paragraph (b) of this clause within _____. *[Contracting Officer shall insert specific period of time in which notice shall be given to the Contractor; e.g.",45 days after delivery of the nonconforming supplies".; "45 days of the last delivery under this contract".; or "45 days after discovery of the defect".]* The Contractor shall submit to the Contracting Officer a written recommendation within _______ *[Contracting Officer shall insert period of time]* as to the corrective action required to remedy the breach. After the notice of breach, but not later than _________ *[Contracting Officer shall insert period within which the warranty remedies should be exercised]* after receipt of the Contractor's recommendation for corrective action, the Contracting Officer may, in writing, direct correction or replacement as in paragraph (c)(1) of this clause, and the Contractor shall, notwithstanding any disagreement regarding the existence of a breach of warranty, comply with this direction. If it is later determined that the Contractor did not breach the warranty in paragraph (b)(1) of this clause, the contract price will be equitably adjusted.

(4) If supplies are corrected or replaced, the period for notification of a breach of the Contractor's warranty in paragraph (c)(3) of this clause shall be _________ *[Contracting Officer shall insert period within which the Contractor must be notified of a breach as to corrected or replaced supplies]* from the furnishing or return by the Contractor to the Government of the corrected or replaced supplies or parts thereof, or, if correction or replacement is effected by the Contractor at a Government or other activity, for ______ *[Contracting Officer shall insert period within which the Contractor must be notified of a breach of warranty as to corrected or replaced supplies]* thereafter.

(5) The rights and remedies of the Government provided in this clause are in addition to and do not limit any rights afforded to the Government by any other clause of the contract.

(End of clause)

Alternate I [Reserved]

Alternate II (APR 1984). If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), substitute a paragraph substantially the same as the following paragraph (b)(5) for paragraph (b)(5) of the basic clause:

(5) If correction or replacement is required and transportation of supplies in connection with correction or replacement is necessary, transportation charges and responsibility for the supplies while in transit shall be borne by the Government.

Alternate III (APR 1984). If a fixed-price incentive contract is contemplated, add a paragraph substantially the same as the following paragraph (c)(6) to the basic clause:

(6) All costs incurred or estimated to be incurred by the Contractor in complying with this clause shall be considered when negotiating the total final price under the Incentive Price Revision clause of this contract. After establishment of the total final price, Contractor compliance with this clause shall be at no increase in the total final price. Any equitable adjustments

made under paragraph (c)(2) of this clause shall be governed by the paragraph entitled "Equitable Adjustments Under Other Clauses" in the Incentive Price Revision clause of this contract.

Alternate IV (APR 1984). If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, add a paragraph substantially the same as the following paragraph (c)(6) to the basic clause. Redesignate the additional paragraph as "(c)(7)" if Alternate III is also used:

(6) The Contractor shall be liable for the reasonable costs of disassembly and/or reassembly of larger items when it is necessary to remove the supplies to be inspected and/or returned for correction or replacement.

52.246-19 Warranty of Systems and Equipment under Performance Specifications or Design Criteria.

As prescribed in 46.710(c)(1), the contracting officer may insert a clause substantially as follows:

WARRANTY OF SYSTEMS AND EQUIPMENT UNDER PERFORMANCE SPECIFICATIONS OR DESIGN CRITERIA (MAY 2001)

(a) *Definitions.* As used in this clause-

Acceptance means the act of an authorized representative of the Government by which the Government assumes for itself, or as an agent of another, ownership of existing and identified supplies, or approves specific services rendered, as partial or complete performance of the contract.

Defect means any condition or characteristic in any supplies or services furnished by the Contractor under the contract that is not in compliance with the requirements of the contract.

Supplies means the end items furnished by the Contractor and related services required under this contract. Except when this contract includes the clause entitled Warranty of Data, supplies also mean "data."

(b) Contractor’s obligations. (1) The Contractor’s warranties under this clause shall apply only to those defects discovered by either the Government or the Contractor __________ *[Contracting Officer shall state the warranty period; e.g.",at the time of delivery"; "within 45 days after delivery", or the specified event whose occurrence will terminate the warranty period; e.g.,the number of miles or hours of use, or combination of any applicable events or periods of time.]*.

(2) If the Contractor becomes aware at any time before acceptance by the Government (whether before or after tender to the Government) that a defect exists in any supplies or services, the Contractor shall-

(i) Promptly correct the defect; or

(ii) Promptly notify the Contracting Officer, in writing, of the defect, using the same procedures prescribed in paragraph (b)(3) of this clause.

(3) If the Contracting Officer determines that a defect exists in any of the supplies or services accepted by the Government under this contract, the Contracting Officer shall promptly notify the Contractor of the defect, in writing, within _____ *[Contracting Officer shall insert the specific period of time in which notice shall be given to the Contractor; e.g.",30 days after delivery of the nonconforming supplies"; "90 days of the last delivery under this contract"; or "90 days after discovery of the defect".]*. Upon timely notification of the existence of a defect, or if the Contractor independently discovers a defect in accepted supplies or services, the Contractor shall submit to the Contracting Officer, in writing, within _____ *[Contracting Officer shall insert period of time]* a recommendation for corrective actions, together with supporting information in sufficient detail for the Contracting Officer to determine what corrective action, if any, shall be undertaken.

(4) The Contractor shall promptly comply with any timely written direction from the Contracting Officer to correct or partially correct a defect, at no increase in the contract price.

(5) The Contractor shall also prepare and furnish to the Contracting Officer data and reports applicable to any correction required under this clause (including revision and updating of all other affected data called for under this contract) at no increase in the contract price.

(6) In the event of timely notice of a decision not to correct or only to partially correct, the Contractor shall submit a technical and cost proposal within _______. *[Contracting Officer shall insert period of time]* to amend the contract to permit acceptance of the affected supplies or services in accordance with the revised requirement, and an equitable reduction in the contract price shall promptly be negotiated by the parties and be reflected in a supplemental agreement to this contract.

(7) Any supplies or parts thereof corrected or furnished in replacement and any services reperformed shall also be subject to the conditions of this clause to the same extent as supplies or services initially accepted. The warranty, with respect to these supplies, parts, or services, shall be equal in duration to that set forth in paragraph (b)(1) of this clause, and shall run from the date of delivery of the corrected or replaced supplies.

(8) The Contractor shall not be responsible under this clause for the correction of defects in Government-furnished property, except for defects in installation, unless the Contractor performs, or is obligated to perform, any modifications or

other work on such property. In that event, the Contractor shall be responsible for correction of defects that result from the modifications or other work.

(9) If the Government returns supplies to the Contractor for correction or replacement under this clause, the Contractor shall be liable for transportation charges up to an amount equal to the cost of transportation by the usual commercial method of shipment from the place of delivery specified in this contract (irrespective of the f.o.b. point or the point of acceptance) to the Contractor's plant and return to the place of delivery specified in this contract. The Contractor shall also bear the responsibility for the supplies while in transit.

(10) All implied warranties of merchantability and "fitness for a particular purpose" are excluded from any obligation under this contract.

(c) Remedies available to the Government. (1) The rights and remedies of the Government provided in this clause-

(i) Shall not be affected in any way by any terms or conditions of this contract concerning the conclusiveness of inspection and acceptance; and

(ii) Are in addition to, and do not limit, any rights afforded to the Government by any other clause of this contract.

(2) Within ____________ *[Contracting Officer shall insert period of time]* after receipt of the Contractor's recommendations for corrective action and adequate supporting information, the Contracting Officer, using sole discretion, shall give the Contractor written notice not to correct any defect, or to correct or partially correct any defect within a reasonable time at ________ *[Contracting Officer shall insert locations where corrections may be performed]*.

(3) In no event shall the Government be responsible for any extension or delays in the scheduled deliveries or periods of performance under this contract as a result of the Contractor's obligations to correct defects, nor shall there be any adjustment of the delivery schedule or period of performance as a result of the correction of defects unless provided by a supplemental agreement with adequate consideration.

(4) This clause shall not be construed as obligating the Government to increase the contract price.

(5) (i) The Contracting Officer shall give the Contractor a written notice specifying any failure or refusal of the Contractor to-

(A) Present a detailed recommendation for corrective action as required by paragraph (b)(3) of this clause;

(B) Correct defects as directed under paragraph (b)(4) of this clause; or

(C) Prepare and furnish data and reports as required by paragraph (b)(5) of this clause.

(ii) The notice shall specify a period of time following receipt of the notice by the Contractor in which the Contractor must remedy the failure or refusal specified in the notice.

(6) If the Contractor does not comply with the Contracting Officer's written notice in paragraph (c)(5)(i) of this clause, the Contracting Officer may by contract or otherwise-

(i) Obtain detailed recommendations for corrective action and either-

(A) Correct the supplies or services; or

(B) Replace the supplies or services, and if the Contractor fails to furnish timely disposition instructions, the Contracting Officer may dispose of the nonconforming supplies for the Contractor's account in a reasonable manner, in which case the Government is entitled to reimbursement from the Contractor, or from the proceeds, for the reasonable expenses of care and disposition, as well as for excess costs incurred or to be incurred;

(ii) Obtain applicable data and reports; and

(iii) Charge the Contractor for the costs incurred by the Government.

(End of clause)

Alternate I (APR 1984). If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), substitute a paragraph substantially the same as the following paragraph (b)(9) for paragraph (b)(9) of the basic clause:

(9) If correction or replacement is required, and transportation of supplies in connection with correction or replacement is necessary, transportation charges and responsibility for the supplies while in transit shall be borne by the Government.

Alternate II (APR 1984). If a fixed-price incentive contract is contemplated, add a paragraph substantially the same as the following paragraph (c)(7) to the basic clause:

(7) All costs incurred or estimated to be incurred by the Contractor in complying with this clause shall be considered when negotiating the total final price under the Incentive Price Revision clause of this contract. After establishment of the total final price, Contractor compliance with this clause shall be at no increase in the total final price. Any equitable

adjustments made under paragraph (b)(6) of this clause shall be governed by the paragraph entitled "Equitable Adjustments Under Other Clauses" in the Incentive Price Revision clause of this contract.

Alternate III (APR 1984). If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, add a paragraph substantially the same as the following paragraph (c)(7) to the basic clause. Redesignate the additional paragraph as "(c)(8)" if Alternate II is also being used:

(7) The Contractor shall be liable for the reasonable costs of disassembly and/or reassembly of larger items when it is necessary to remove the supplies to be inspected and/or returned for correction or replacement.

52.246-20 Warranty of Services.

As prescribed in 46.710(d), insert a clause substantially as follows:

WARRANTY OF SERVICES (MAY 2001)

(a) *Definition.*

Acceptance, as used in this clause, means the act of an authorized representative of the Government by which the Government assumes for itself, or as an agent of another, ownership of existing and identified supplies, or approves specific services, as partial or complete performance of the contract.

(b) Notwithstanding inspection and acceptance by the Government or any provision concerning the conclusiveness thereof, the Contractor warrants that all services performed under this contract will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this contract. The Contracting Officer shall give written notice of any defect or nonconformance to the Contractor ____________ *[Contracting Officer shall insert the specific period of time in which notice shall be given to the Contractor; e.g.",within 30 days from the date of acceptance by the Government",; within 1000 hours of use by the Government"; or other specified event whose occurrence will terminate the period of notice, or combination of any applicable events or period of time]*. This notice shall state either-

(1) That the Contractor shall correct or reperform any defective or nonconforming services; or

(2) That the Government does not require correction or reperformance.

(c) If the Contractor is required to correct or reperform, it shall be at no cost to the Government, and any services corrected or reperformed by the Contractor shall be subject to this clause to the same extent as work initially performed. If the Contractor fails or refuses to correct or reperform, the Contracting Officer may, by contract or otherwise, correct or replace with similar services and charge to the Contractor the cost occasioned to the Government thereby, or make an equitable adjustment in the contract price.

(d) If the Government does not require correction or reperformance, the Contracting Officer shall make an equitable adjustment in the contract price.

(End of clause)

52.246-21 Warranty of Construction.

As prescribed in 46.710(e)(1), the contracting officer may insert a clause substantially as follows in solicitations and contracts when a fixed-price construction contract (see 46.705(c)) is contemplated, and the use of a warranty clause has been approved under agency procedures:

WARRANTY OF CONSTRUCTION (MAR 1994)

(a) In addition to any other warranties in this contract, the Contractor warrants, except as provided in paragraph (i) of this clause, that work performed under this contract conforms to the contract requirements and is free of any defect in equipment, material, or design furnished, or workmanship performed by the Contractor or any subcontractor or supplier at any tier.

(b) This warranty shall continue for a period of 1 year from the date of final acceptance of the work. If the Government takes possession of any part of the work before final acceptance, this warranty shall continue for a period of 1 year from the date the Government takes possession.

(c) The Contractor shall remedy at the Contractor's expense any failure to conform, or any defect. In addition, the Contractor shall remedy at the Contractor's expense any damage to Government-owned or controlled real or personal property, when that damage is the result of-

(1) The Contractor's failure to conform to contract requirements; or

(2) Any defect of equipment, material, workmanship, or design furnished.

(d) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause. The Contractor's warranty with respect to work repaired or replaced will run for 1 year from the date of repair or replacement.

(e) The Contracting Officer shall notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect, or damage.

(f) If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the Government shall have the right to replace, repair, or otherwise remedy the failure, defect, or damage at the Contractor's expense.

(g) With respect to all warranties, express or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished under this contract, the Contractor shall-

(1) Obtain all warranties that would be given in normal commercial practice;

(2) Require all warranties to be executed, in writing, for the benefit of the Government, if directed by the Contracting Officer; and

(3) Enforce all warranties for the benefit of the Government, if directed by the Contracting Officer.

(h) In the event the Contractor's warranty under paragraph (b) of this clause has expired, the Government may bring suit at its expense to enforce a subcontractor's, manufacturer's, or supplier's warranty.

(i) Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defects of material or design furnished by the Government nor for the repair of any damage that results from any defect in Government-furnished material or design.

(j) This warranty shall not limit the Government's rights under the Inspection and Acceptance clause of this contract with respect to latent defects, gross mistakes, or fraud.

(End of clause)

Alternate I (APR 1984). If the Government specifies in the contract the use of any equipment by "brand name and model," the contracting officer may add a paragraph substantially the same as the following paragraph (k) to the basic clause:

(k) Defects in design or manufacture of equipment specified by the Government on a "brand name and model" basis, shall not be included in this warranty. In this event, the Contractor shall require any subcontractors, manufacturers, or suppliers thereof to execute their warranties, in writing, directly to the Government.

52.246-22 [Reserved]

52.246-23 Limitation of Liability.

As prescribed in 46.805, insert the following clause:

LIMITATION OF LIABILITY (FEB 1997)

(a) Except as provided in paragraphs (b) and (c) of this clause, and except for remedies expressly provided elsewhere in this contract, the Contractor shall not be liable for loss of or damage to property of the Government (excluding the supplies delivered under this contract) that-

(1) Occurs after Government acceptance of the supplies delivered under this contract; and

(2) Results from any defects or deficiencies in the supplies.

(b) The limitation of liability under paragraph (a) of this clause shall not apply when a defect or deficiency in, or the Government's acceptance of, the supplies results from willful misconduct or lack of good faith on the part of any of the Contractor's managerial personnel. The term "Contractor's managerial personnel," as used in this clause, means the Contractor's directors, officers, and any of the Contractor's managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant, laboratory, or separate location at which the contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government through purchase or use of the supplies required to be delivered under this contract, the

Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property of the Government occurring after Government acceptance of, and resulting from any defects or deficiencies in, the supplies delivered under this contract.

(End of clause)

52.246-24 Limitation of Liability-High-Value Items.

As prescribed in 46.805, insert the following clause:

LIMITATION OF LIABILITY-HIGH-VALUE ITEMS (FEB 1997)

(a) Except as provided in paragraphs (b) through (e) of this clause, and notwithstanding any other provision of this contract, the Contractor shall not be liable for loss of or damage to property of the Government (including the supplies delivered under this contract) that-

(1) Occurs after Government acceptance of the supplies delivered under this contract; and

(2) Results from any defects or deficiencies in the sup-plies.

(b) The limitation of liability under paragraph (a) of this clause shall not apply when a defect or deficiency in, or the Government's acceptance of, the supplies results from willful misconduct or lack of good faith on the part of any of the Contractor's managerial personnel. The term "Contractor's managerial personnel," as used in this clause, means the Contractor's directors, officers, and any of the Contractor's managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant, laboratory, or separate location at which the contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government through purchase or use of the supplies required to be delivered under this contract, the Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property of the Government occurring after Government acceptance of, and resulting from any defects or deficiencies in, the supplies delivered under this contract.

(d) (1) This clause does not diminish the Contractor's obligations, to the extent that they arise otherwise under this contract, relating to correction, repair, replacement, or other relief for any defect or deficiency in supplies delivered under this contract.

(2) Unless this is a cost-reimbursement contract, if loss or damage occurs and correction, repair, or replacement is not feasible or desired by the Government, the Contractor shall, as determined by the Contracting Officer-

(i) Pay the Government the amount it would have cost the Contractor to make correction, repair, or replacement before the loss or damage occurred;

(ii) Provide other equitable relief.

(e) This clause shall not limit or otherwise affect the Government's rights under clauses, if included in this contract, that cover-

(1) Warranty of technical data;

(2) Ground and flight risks or aircraft flight risks; or

(3) Government property.

(End of clause)

Alternate I (APR 1984). If the contract is for both high-value items and other end items, the contracting officer shall identify the high-value items by line item and insert the following preamble before paragraph (a):

(This clause shall apply only to those items identified in this contract as being subject to this clause.)

52.246-25 Limitation of Liability-Services.

As prescribed in 46.805, insert the following clause:

LIMITATION OF LIABILITY-SERVICES (FEB 1997)

(a) Except as provided in paragraphs (b) and (c) of this clause, and except to the extent that the Contractor is expressly responsible under this contract for deficiencies in the services required to be performed under it (including any materials furnished in conjunction with those services), the Contractor shall not be liable for loss of or damage to property of the Government that-

(1) Occurs after Government acceptance of services performed under this contract; and

(2) Results from any defects or deficiencies in the services performed or materials furnished.

(b) The limitation of liability under paragraph (a) of this clause shall not apply when a defect or deficiency in, or the Government’s acceptance of, services performed or materials furnished results from willful misconduct or lack of good faith on the part of any of the Contractor’s managerial personnel. The term "Contractor’s managerial personnel," as used in this clause, means the Contractor’s directors, officers, and any of the Contractor’s managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor’s business;

(2) All or substantially all of the Contractor’s operations at any one plant, laboratory, or separate location at which the contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government through the Contractor’s performance of services or furnishing of materials under this contract, the Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property of the Government occurring after Government acceptance of, and resulting from any defects and deficiencies in, services performed or materials furnished under this contract.

(End of clause)

52.246-26 Reporting Nonconforming Items.

As prescribed in 46.317, insert the following clause

REPORTING NONCONFORMING ITEMS (AUG 2024)

(a) *Definitions.* As used in this clause—

Common item means an item that has multiple applications versus a single or peculiar application.

Counterfeit item means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified item from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used items represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.

Critical item means an item, the failure of which is likely to result in hazardous or unsafe conditions for individuals using, maintaining, or depending upon the item; or is likely to prevent performance of a vital agency mission.

Critical nonconformance means a nonconformance that is likely to result in hazardous or unsafe conditions for individuals using, maintaining, or depending upon the supplies or services; or is likely to prevent performance of a vital agency mission.

Design activity means an organization, Government or contractor, that has responsibility for the design and configuration of an item, including the preparation or maintenance of design documents. Design activity could be the original organization, or an organization to which design responsibility has been transferred.

Major nonconformance means a nonconformance, other than critical, that is likely to result in failure of the supplies or services, or to materially reduce the usability of the supplies or services for their intended purpose.

Suspect counterfeit item means an item for which credible evidence (including but not limited to, visual inspection or testing) provides reasonable doubt that the item is authentic.

(b) The Contractor shall—

(1) Screen Government-Industry Data Exchange Program (GIDEP) reports, available at www.gidep.org, as a part of the Contractor's inspection system or program for the control of quality, to avoid the use and delivery of counterfeit or suspect counterfeit items or delivery of items that contain a major or critical nonconformance. This requirement does not apply if the

Contractor is a foreign corporation or partnership that does not have an office, place of business, or fiscal paying agent in the United States;

(2) Provide written notification to the Contracting Officer within 60 days of becoming aware or having reason to suspect, such as through inspection, testing, record review, or notification from another source (*e.g.*, seller, customer, third party) that any end item, component, subassembly, part, or material contained in supplies purchased by the Contractor for delivery to, or for, the Government is counterfeit or suspect counterfeit;

(3) Retain counterfeit or suspect counterfeit items in its possession at the time of discovery until disposition instructions have been provided by the Contracting Officer; and

(4) Except as provided in paragraph (c) of this clause, submit a report to GIDEP at www.gidep.org within 60 days of becoming aware or having reason to suspect, such as through inspection, testing, record review, or notification from another source (*e.g.*, seller, customer, third party) that an item purchased by the Contractor for delivery to, or for, the Government is–

(i) A counterfeit or suspect counterfeit item; or

(ii) A common item that has a major or critical nonconformance.

(c) The Contractor shall not submit a report as required by paragraph (b)(4) of this clause, if—

(1) The Contractor is a foreign corporation or partnership that does not have an office, place of business, or fiscal paying agent in the United States;

(2) The Contractor is aware that the counterfeit, suspect counterfeit, or nonconforming item is the subject of an on-going criminal investigation, unless the report is approved by the cognizant law-enforcement agency; or

(3) For nonconforming items other than counterfeit or suspect counterfeit items, it can be confirmed that the organization where the defect was generated (*e.g.*, original component manufacturer, original equipment manufacturer, aftermarket manufacturer, or distributor that alters item properties or configuration) has not released the item to more than one customer.

(d) Reports submitted in accordance with paragraph (b)(4) of this clause shall not include—

(1) Trade secrets or confidential commercial or financial information protected under the Trade Secrets Act (18 U.S.C. 1905); or

(2) Any other information prohibited from disclosure by statute or regulation.

(e) Additional guidance on the use of GIDEP is provided at https://www.gidep.org/login?returnUrl=%2Fdashboard.

(f) If this is a contract with the Department of Defense, as provided in paragraph (c)(5) of section 818 of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81), the Contractor or subcontractor that provides a written report or notification under this clause that the end item, component, part, or material contained electronic parts (*i.e.*, an integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode), or a circuit assembly)) that are counterfeit electronic parts or suspect counterfeit electronic parts shall not be subject to civil liability on the basis of such reporting, provided that the Contractor or any subcontractor made a reasonable effort to determine that the report was factual.

(g) Subcontracts.

(1) Except as provided in paragraph (g)(2) of this clause, the Contractor shall insert this clause, including this paragraph (g), in subcontracts that are for–

(i) Items subject to higher-level quality standards in accordance with the clause at Federal Acquisition Regulation (FAR) 52.246-11, Higher-Level Contract Quality Requirement;

(ii) Items that the Contractor determines to be critical items for which use of the clause is appropriate;

(iii) Electronic parts or end items, components, parts, or materials containing electronic parts, whether or not covered in paragraph (g)(1)(i) or (ii) of this clause, if the subcontract exceeds the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award,and this contract is by, or for, the Department of Defense (as required by paragraph (c)(4) of section 818 of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81)); or

(iv) For the acquisition of services, if the subcontractor will furnish, as part of the service, any items that meet the criteria specified in paragraphs (g)(1)(i) through (g)(1)(iii) of this clause.

(2) The Contractor shall not insert the clause in subcontracts for–

(i) Commercial products and commercial services; or

(ii) Medical devices that are subject to the Food and Drug Administration reporting requirements at 21 CFR 803.

(3) The Contractor shall not alter the clause other than to identify the appropriate parties.

(End of clause)

52.247 [Reserved]

52.247-1 Commercial Bill of Lading Notations.

As prescribed in 47.104-4 , insert the following clause:

COMMERCIAL BILL OF LADING NOTATIONS (FEB 2006)

When the Contracting Officer authorizes supplies to be shipped on a commercial bill of lading and the Contractor will be reimbursed these transportation costs as direct allowable costs, the Contractor shall ensure before shipment is made that the commercial shipping documents are annotated with either of the following notations, as appropriate:

(a) If the Government is shown as the consignor or the consignee, the annotation shall be:

"Transportation is for the ______ *[name the specific agency]* and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are assignable to, and shall be reimbursed by, the Government."

(b) If the Government is not shown as the consignor or the consignee, the annotation shall be:

"Transportation is for the ______ *[name the specific agency]* and the actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by the Government, pursuant to cost-reimbursement contract No. ________________. This may be confirmed by contacting __________________ *[Name and address of the contract administration office listed in the contract]*."

(End of clause)

52.247-2 Permits, Authorities, or Franchises.

As prescribed in 47.207-1(a), insert the following clause:

PERMITS, AUTHORITIES, OR FRANCHISES (JAN 1997)

(a) The offeror does □, does not □, hold authorization from the Federal Highway Administration (FHWA) or other cognizant regulatory body. If authorization is held, it is as follows:

____ *(Name of regulatory body)*

____ *(Authorization No.)*

(b) The offeror shall furnish to the Government, if requested, copies of the authorization before moving the material under any contract awarded. In addition, the offeror shall, at the offeror's expense, obtain and maintain any permits, franchises, licenses, and other authorities issued by State and local governments.

(End of clause)

52.247-3 [Reserved]

(DEVIATION DATE)

52.247-4 [Reserved]

(DEVIATION DATE)

52.247-5 Familiarization with Conditions.

As prescribed in 47.207-1(d), insert the following clause in solicitations and contracts for transportation or for transportation-related services to ensure that offerors become familiar with conditions under which and where the services will be performed:

FAMILIARIZATION WITH CONDITIONS (APR 1984)

The offeror shall become familiar with all available information regarding difficulties that may be encountered and the conditions, including safety precautions, under which the work must be accomplished under the contract. The offeror shall not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required in this contract because the offeror failed to investigate the conditions or to become acquainted with all information concerning the services to be performed.

(End of clause)

52.247-6 [Reserved]

(DEVIATION DATE)

52.247-7 [Reserved]

(DEVIATION DATE)

52.247-8 Estimated Weights or Quantities Not Guaranteed.

As prescribed in 47.207-3(e)(2), insert the following clause in solicitations and contracts for transportation or for transportation-related services when weights or quantities are estimates:

ESTIMATED WEIGHTS OR QUANTITIES NOT GUARANTEED (APR 1984)

The estimated weights or quantities are not a guarantee of actual weights or quantities, as the Government does not guarantee any particular volume of traffic described in this contract. However, to the extent services are required as described in this contract and in accordance with the terms of this contract, orders for these services will be placed with the Contractor.

(End of clause)

52.247-9 [Reserved]

(DEVIATION DATE)

52.247-10 Net Weight-General Freight.

As prescribed in 47.207-4(a)(2), insert the following clause in solicitations and contracts for transportation or for transportation-related services when the weight of shipments of freight other than household goods or office furniture is not known at the time of shipment and the contractor is responsible for determining the net weight of the shipments:

NET WEIGHT-GENERAL FREIGHT (APR 1984)

(a) The net weight of the shipment shall be determined by deducting the tare weight of the vehicle (determined by having the empty vehicle with a full tank of fuel weighed by a certified weighmaster on a certified scale) from the gross weight of the vehicle (determined by having the loaded vehicle with a full tank of fuel weighed by a certified weighmaster on a certified scale).

(b) The Contractor shall attach the original copies of the empty and loaded weight certificates to the invoice for services.

(End of clause)

52.247-11 Net Weight-Household Goods or Office Furniture.

As prescribed in 47.207-4(b), insert the following clause in contracts for transportation or for transportation-related services when movements of Government employees' household goods or relocations of Government offices are involved:

NET WEIGHT-HOUSEHOLD GOODS OR OFFICE FURNITURE (APR 1984)

(a) *Net weight-full loads.* The net weight of the shipment shall be determined by deducting the tare weight of the vehicle (determined by having a certified weighmaster weigh on a certified scale the empty vehicle with all blankets, pads, chains, dollies, hand trucks, and all other necessary equipment inside the vehicle) from the gross weight of the vehicle (determined by having a certified weighmaster weigh on a certified scale the fully loaded vehicle before arrival at destination).

(b) *Net weight-part loads.* The net weight of the first part load shall be determined in the same manner as specified for a full load. The net weight of the second part load shall be determined by using as the tare weight of the vehicle the gross weight of the vehicle containing the first part load and deducting this weight from the new gross weight (determined by having the loaded vehicle weighed again, in the same manner as specified for the full load). The same procedure shall apply for each succeeding part load.

(c) *Weight certificates.* The contractor shall attach the original copy of each weight certificate to the invoice for services.

(End of clause)

52.247-12 [Reserved]

(DEVIATION DATE)

52.247-13 Accessorial Services-Moving Contracts.

As prescribed in 47.207-5(c), insert a clause substantially as follows in solicitations and contracts for the transportation of household goods or office furniture:

ACCESSORIAL SERVICES-MOVING CONTRACTS (APR 1984)

(a) *Packing and/or crating and padding.* The Contractor shall-

(1) Perform all of the packing and/or crating and padding necessary for the protection of the goods to be transported;

(2) Furnish packing containers, including, but not limited to, barrels, boxes, wardrobes, and cartons; all crating materials; and all padding materials and equipment;

(3) Furnish or cause to be furnished, when necessary, padding or other protective material for the interior of the buildings, including elevators, from and to which the property will be moved under this contract; and

(4) Ensure that all containers and materials are clean and of quality sufficient for protection of the goods.

(b) *Disassembling and reassembling of property and servicing appliances.* The disassembling of property;*e.g.,* beds and sectional bookcases, and the preparing of appliances; *e.g.,* washers, driers, and record players, for shipment shall be performed by the Contractor. The Contractor shall reassemble the property and service the appliances upon delivery at the new location.

(c) *Unpacking and/or uncrating and placement of property.* The Contractor shall unpack and/or uncrate all property that was packed and/or crated for movement under this contract. The Contractor shall also place the property in the new location as instructed by the owner of the property or authorized representative, and shall remove all packing and similar or related material from the premises as requested by the- owner.

(End of clause)

52.247-14 [Reserved]

(DEVIATION DATE)

52.247-15 Contractor Responsibility for Loading and Unloading.

As prescribed in 47.207-5(e), insert the following clause in solicitations and contracts for transportation or for transportation-related services when the contractor is responsible for loading and unloading shipments:

CONTRACTOR RESPONSIBILITY FOR LOADING AND UNLOADING (APR 1984)

(a) (1) Unless otherwise specified in this contract to cover store-door or inside delivery, the Contractor shall load and unload shipments at no additional expense to the Government.

(2) The Government or its agent will place or receive freight at the tailgate of the Contractor's vehicle. Tailgate delivery, for purposes of this contract, is defined as that which enables a forklift truck or similar equipment, with operator only, to place or remove cargo from the tailgate of the Contractor's vehicle.

(b) If loading is the responsibility of the Contractor, the Contractor shall perform all shoring, blocking, and bracing. The Contractor shall provide dunnage at the Contractor's expense.

(End of clause)

52.247-16 [Reserved]

(DEVIATION DATE)

52.247-17 Charges.

As prescribed in 47.207-6(a)(2), insert the following clause in solicitations and contracts for transportation or for transportation-related services:

CHARGES (APR 1984)

In no event shall charges under this contract be in excess of charges based on the Contractor's lowest rate available to the general public, or be in excess of charges based on rates otherwise tendered to the Government by the Contractor for the same type of service.

(End of clause)

52.247-18 Multiple Shipments.

As prescribed in 47.207-6 (c)(5)(i), insert the following clause in solicitations and contracts for transportation or for transportation-related services when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees at the same destination:

MULTIPLE SHIPMENTS (APR 1984)

When multiple shipments are tendered at one time to the Contractor for movement from one origin to multiple consignees at the same destination, the rate charged for each shipment shall be the rate applicable to the aggregate weight.

(End of clause)

52.247-19 Stopping in Transit for Partial Unloading.

As prescribed in 47.207-6 (c)(5)(ii), insert the following clause in solicitations and contracts for transportation or for transportation-related services when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees along the route between origin and last destination:

STOPPING IN TRANSIT FOR PARTIAL UNLOADING (APR 1984)

When multiple shipments are tendered at one time to the Contractor for movement from one origin to two or more consignees along the route between the origin and the last destination, the rate charged shall be the rate applicable to the aggregate weight, plus a charge of $______ for each shipment unloaded at an intermediate point en route to the last destination.

(End of clause)

52.247-20 [Reserved]

(DEVIATION DATE)

52.247-21 Contractor Liability for Personal Injury and/or Property Damage.

As prescribed in 47.207-7(c), insert the following clause in solicitations and contracts for transportation or for transportation-related services:

CONTRACTOR LIABILITY FOR PERSONAL INJURY AND/OR PROPERTY DAMAGE (APR 1984)

(a) The Contractor assumes responsibility for all damage or injury to persons or property occasioned through the use, maintenance, and operation of the Contractor's vehicles or other equipment by, or the action of, the Contractor or the Contractor's employees and agents.

(b) The Contractor, at the Contractor's expense, shall maintain adequate public liability and property damage insurance during the continuance of this contract, insuring the Contractor against all claims for injury or damage.

(c) The Contractor shall maintain Workers' Compensation and other legally required insurance with respect to the Contractor's own employees and agents.

(d) The Government shall in no event be liable or responsible for damage or injury to any person or property occasioned through the use, maintenance, or operation of any vehicle or other equipment by, or the action of, the Contractor or the Contractor's employees and agents in performing under this contract, and the Government shall be indemnified and saved harmless against claims for damage or injury in such cases.

(End of clause)

52.247-22 Contractor Liability for Loss of and/or Damage to Freight other than Household Goods.

As prescribed in 47.207-7(d), insert the following clause in solicitations and contracts for the transportation of freight other than household goods:

CONTRACTOR LIABILITY FOR LOSS OF AND/OR DAMAGE TO FREIGHT OTHER THAN HOUSEHOLD GOODS (APR 1984)

Except when loss and/or damage arises out of causes beyond the control and without the fault or negligence of the Contractor, the Contractor shall assume full liability for any and all goods lost and/or damaged in the movement covered by this contract.

(End of clause)

52.247-23 Contractor Liability for Loss of and/or Damage to Household Goods.

As prescribed in 47.207-7(e), insert the following clause:

CONTRACTOR LIABILITY FOR LOSS OF AND/OR DAMAGE TO HOUSEHOLD GOODS (JAN 1991)

(a) Except when loss and/or damage arise out of causes beyond the control and without the fault or negligence of the Contractor, the Contractor shall be liable to the owner for the loss of and/or damage to any article while being-

(1) Packed, picked up, loaded, transported, delivered, unloaded, or unpacked;

(2) Stored in transit; or

(3) Serviced (appliances, etc.) by a third person hired by the Contractor to perform the servicing.

(b) The Contractor shall be liable for loss and/or damage discovered by the owner if written notice of such loss and/or damage is dispatched to the Contractor not later than 75 days following the date of delivery.

(c) The Contractor shall indemnify the owner of the goods at a rate of ___ cents per pound per article.

(End of clause)

52.247-24 [Reserved]

(DEVIATION DATE)

52.247-25 [Reserved]

(DEVIATION DATE)

52.247-26 [Reserved]

(DEVIATION DATE)

52.247-27 [Reserved]

(DEVIATION DATE)

52.247-28 [Reserved]

(DEVIATION DATE)

52.247-29 F.o.b. Origin.

As prescribed in 47.303-1(c), insert the following clause:

F.O.B. ORIGIN (FEB 2006)

(a) The term "f.o.b. origin," as used in this clause, means free of expense to the Government delivered-

(1) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipment will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(2) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(3) To a U.S. Postal Service facility; or

(4) If stated in the solicitation, to any Government designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372).

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency or, when a Government bill of lading is not supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for commercial bills of lading; *e.g., "This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Governmen"t;*and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency.

(c) These Contractor responsibilities are specified for performance at the plant or plants at which the supplies are to be finally inspected and accepted, unless the facilities for shipment by carrier's equipment are not available at the Contractor's plant, in which case the responsibilities shall be performed f.o.b. the point or points in the same or nearest city where the specified carrier's facilities are available; subject, however, to the following qualifications:

(1) If the Contractor's shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in the contract, at Contractor's expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding paragraph (c)(1) of this clause, if the Contractor's shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the Contractor's expense, to the container yard in the same or nearest city where seavan container service is available.

(End of clause)

52.247-30 F.o.b. Origin, Contractor's Facility.

As prescribed in 47.303-2(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. origin, contractor's facility:

F.O.B. ORIGIN, CONTRACTOR'S FACILITY (FEB 2006)

(a) The term "f.o.b. origin, contractor's facility," as used in this clause, means free of expense to the Government delivered on board the indicated type of conveyance of the carrier (or of the Government, if specified) at the designated facility, on the named street or highway, in the city, county, and State from which the shipment will be made.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency or, when a Government bill of lading is not supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for bills of lading; *e.g.,"This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Governmen"t;* and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency.

(End of clause)

52.247-31 F.o.b. Origin, Freight Allowed.

As prescribed in 47.303-3(c), insert the following clause:

F.O.B. ORIGIN, FREIGHT ALLOWED (FEB 2006)

(a) The term "f.o.b. origin, freight allowed," as used in this clause, means-

(1) Free of expense to the Government delivered-

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside within reach of the ship's loading tackle when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372; and

(2) An allowance for freight, based on applicable published tariff rates (or Government rate tenders) between the points specified in the contract, is deducted from the contract price.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency, or when a Government bill of lading is not supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for commercial bills of lading;*e.g., "This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Governmen"t*; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency.

(c) These Contractor responsibilities are specified for performance at the plant or plants at which the supplies are to be finally inspected and accepted, unless the facilities for shipment by carrier's equipment are not available at the Contractor's plant, in which case the responsibilities shall be performed f.o.b. the point or points in the same or nearest city where the specified carrier's facilities are available; subject, however, to the following qualifications:

(1) If the Contractor’s shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in the contract, at Contractor’s expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding paragraph (c)(1) of this clause, if the Contractor’s shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the Contractor’s expense, to the container yard in the same or nearest city where seavan container service is available.

(End of clause)

52.247-32 F.o.b. Origin, Freight Prepaid.

As prescribed in 47.303-4(c), insert the following clause:

F.O.B. ORIGIN, FREIGHT PREPAID (FEB 2006)

(a) The term "f.o.b. origin, freight prepaid," as used in this clause, means-

(1) Free of expense to the Government delivered-

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier’s wharf (at shipside, within reach of the ship’s loading tackle, when the shipping point is within a port area having water transportation service) or the carrier’s freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) The cost of transportation, ultimately the Government’s obligation, is prepaid by the contractor to the point specified in the contract.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload or truckload shipment (when loaded by the Contractor) on or in the carrier’s conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing or marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier’s conveyance;

(5) Prepare a bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for bills of lading; *e.g.*, *"This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Governmen"t*; and

(vi) The signature of the carrier’s agent and the date the shipment is received by the carrier;

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency; and

(7) Prepay all freight charges to the extent specified in the contract.

(c) These Contractor responsibilities are specified for performance at the plant or plants at which these supplies are to be finally inspected and accepted, unless the facilities for shipment by carrier's equipment are not available at the Contractor's plant, in which case the responsibilities shall be performed f.o.b. the point or points in the same or nearest city where the specified carrier's facilities are available; subject, however, to the following qualifications:

(1) If the Contractor's shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in the contract, at Contractor's expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding paragraph (c)(1) of this clause, if the Contractor's shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the Contractor's expense, to the container yard in the same or nearest city where seavan container service is available.

(End of clause)

52.247-33 F.o.b. Origin, with Differentials.

As prescribed in 47.303-5(c), insert the following clause:

F.O.B. ORIGIN, WITH DIFFERENTIALS (FEB 2006)

(a) The term "f.o.b. origin, with differentials," as used in this clause, means-

(1) Free of expense to the Government delivered-

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) Differentials for mode of transportation, type of vehicle, or place of delivery as indicated in Contractor's offer may be added to the contract price.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specification; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency or, when a Government bill of lading is not supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for bills of lading; *e.g., "This shipment is the property of, and the freight charges paid to the carrier will be reimbursed by, the Governmen"t*; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency.

(c) (1) It may be advantageous to the offeror to submit f.o.b. origin prices that include only the lowest cost to the Contractor for loading of shipment at the Contractor's plant or most favorable shipping point. The cost beyond that plant or point of bringing the supplies to the place of delivery and the cost of loading, blocking, and bracing on the type vehicle specified by the Government at the time of shipment may exceed the offeror's lowest cost when the offeror ships for the offeror's account. Accordingly, the offeror may indicate differentials that may be added to the offered price. These differentials shall be expressed as a rate in cents for each 100 pounds (CWT) of the supplies for one or more of the options under this clause that the Government may specify at the time of shipment.

(2) These differential(s) will be considered in the evaluation of offers to determine the lowest overall cost to the Government. If, at the time of shipment, the Government specifies a mode of transportation, type of vehicle, or place of delivery for which the offeror has set forth a differential, the Contractor shall include the total of such differential costs (the applicable differential multiplied by the actual weight) as a separate reimbursable item on the Contractor's invoice for the supplies.

(3) The Government shall have the option of performing or arranging at its own expense any transportation from Contractor's shipping plant or point to carrier's facility at the time of shipment and, whenever this option is exercised, the Government shall make no reimbursement based on a quoted differential.

(4) Offeror's differentials in cents for each 100 pounds for optional mode of transportation, types of vehicle, transportation within a mode, or place of delivery, specified by the Government at the time of shipment and not included in the f.o.b. origin price indicated in the Schedule by the offeror, are as follows:

_______ (carload, truckload, less-load,

_______ wharf, flatcar, driveaway, etc.)

(End of clause)

52.247-34 F.o.b. Destination.

As prescribed in 47.303-6(c), insert the following clause:

F.O.B. DESTINATION (JAN 1991)

(a) The term "f.o.b. destination," as used in this clause, means-

(1) Free of expense to the Government, on board the carrier's conveyance, at a specified delivery point where the consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and

(2) Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for export), warehouse unloading platform, or receiving dock, at the expense of the Contractor. The Government shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or "constructive placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item 568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested. If the contractor uses rail carrier or freight forwarder for less than carload shipments, the contractor shall ensure that the carrier will furnish tailgate delivery, when required, if transfer to truck is required to complete delivery to consignee.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements;

(2) Prepare and distribute commercial bills of lading;

(3) Deliver the shipment in good order and condition to the point of delivery specified in the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by the consignee at the delivery point specified in the contract;

(5) Furnish a delivery schedule and designate the mode of delivering carrier; and

(6) Pay and bear all charges to the specified point of delivery.

(End of clause)

52.247-35 F.o.b. Destination, Within Consignee's Premises.

As prescribed in 47.303-7(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. destination, within consignee's premises:

F.O.B. DESTINATION, WITHIN CONSIGNEE'S PREMISES (APR 1984)

(a) The term "f.o.b. destination, within consignee's premises," as used in this clause, means free of expense to the Government delivered and laid down within the doors of the consignee's premises, including delivery to specific rooms within a building if so specified.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements;

(2) Prepare and distribute commercial bills of lading;

(3) Deliver the shipment in good order and condition to the point of delivery specified in the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by the consignee at the delivery point specified in the contract;

(5) Furnish a delivery schedule and designate the mode of delivering carrier; and

(6) Pay and bear all charges to the specified point of delivery.

(End of clause)

52.247-36 F.a.s. Vessel, Port of Shipment.

As prescribed in 47.303-8(c), insert the following clause in solicitations and contracts when the delivery term is f.a.s. vessel, port of shipment:

F.A.S. VESSEL, PORT OF SHIPMENT (APR 1984)

(a) The term "f.a.s. vessel, port of shipment," as used in this clause, means free of expense to the Government delivered alongside the ocean vessel and within reach of its loading tackle at the specified port of shipment.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Deliver the shipment in good order and condition alongside the ocean vessel and within reach of its loading tackle, at the point of delivery and on the date or within the period specified in the contract; and

(ii) Pay and bear all applicable charges, including transportation costs, wharfage, handling, and heavy lift charges, if necessary, up to this point;

(3) Provide a clean dock or ship's receipt;

(4) Be responsible for any loss of and/or damage to the goods occurring before delivery of the shipment to the point specified in the contract; and

(5) At the Government's request and expense, assist obtaining the documents required for-

(i) Exportation; or

(ii) Importation at destination.

(End of clause)

52.247-37 F.o.b. Vessel, Port of Shipment.

As prescribed in 47.303-9(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. vessel, port of shipment:

F.O.B. VESSEL, PORT OF SHIPMENT (APR 1984)

(a) The term "f.o.b. vessel, port of shipment," as used in this clause, means free of expense to the Government loaded, stowed, and trimmed on board the ocean vessel at the specified port of shipment.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Deliver the shipment on board the ocean vessel in good order and condition on the date or within the period fixed; and

(ii) Pay and bear all charges incurred in placing the shipment actually on board;

(3) Provide a clean ship's receipt or on-board ocean bill of lading;

(4) Be responsible for any loss of and/or damage to the goods occurring before delivery of the shipment on board the ocean vessel; and

(5) At the Government's request and expense, assist in obtaining the documents required for-

(i) Exportation; or

(ii) Importation at destination.

(End of clause)

52.247-38 F.o.b. Inland Carrier, Point of Exportation.

As prescribed in 47.303-10(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. inland carrier, point of exportation:

F.O.B. INLAND CARRIER, POINT OF EXPORTATION (FEB 2006)

(a) The term "f.o.b. inland carrier, point of exportation," as used in this clause, means free of expense to the Government, on board the conveyance of the inland carrier, delivered to the specified point of exportation.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) Prepare and distribute commercial bills of lading or other transportation receipt;

(3) (i) Deliver the shipment in good order and condition in or on the conveyance of the carrier on the date or within the period specified; and

(ii) Pay and bear all applicable charges, including transportation costs, to the point of delivery specified in the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before delivery of the shipment to the point of delivery in the contract; and

(5) At the Government's request and expense, assist in obtaining the documents required for-

(i) Exportation; or

(ii) Importation at destination.

(End of clause)

52.247-39 F.o.b. Inland Point, Country of Importation.

As prescribed in 47.303-11(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. inland point, country of importation:

F.O.B. INLAND POINT, COUNTRY OF IMPORTATION (APR 1984)

(a) The term "f.o.b. inland point, country of importation," as used in this clause, means free of expense to the Government, on board the indicated type of conveyance of the carrier, delivered to the specified inland point where the consignee's facility is located.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods;

(2) (i) Deliver, in or on the inland carrier's conveyance, the shipment in good order and condition to the specified inland point where the consignee's facility is located; and

(ii) Pay and bear all applicable charges incurred up to the point of delivery, including transportation costs; export, import, or other fees or taxes; costs of landing; wharfage costs; customs duties and costs of certificates of origin; consular invoices; and other documents that may be required for importation; and

(3) Be responsible for any loss of and/or damage to the goods until their arrival on or in the carrier's conveyance at the specified inland point.

As prescribed in 47.305-4(c), insert the following clause:

F.O.B. DESTINATION-EVIDENCE OF SHIPMENT (FEB 1999)

(a) If this contract is awarded on a free on board (f.o.b.) destination basis, the Contractor-

(1) Shall not submit an invoice for payment until the supplies covered by the invoice have been shipped to the destination; and

(2) Shall retain, and make available to the Government for review as necessary, the following evidence of shipment documentation for a period of 3 years after final payment under the contract:

(i) If transportation is accomplished by common carrier, a signed copy of the commercial bill of lading for the supplies covered by the Contractor's invoice, indicating the carrier's intent to ship the supplies to the destination specified in the contract.

(ii) If transportation is accomplished by parcel post, a copy of the certificate of mailing.

(iii) If transportation is accomplished by other than common carrier or parcel post, a copy of the delivery document showing receipt at the destination specified in the contract.

(b) The Contractor is not required to submit evidence of shipment documentation with its invoice.

52.247-52 Clearance and Documentation Requirements-Shipments to DoD Air or Water Terminal Transshipment Points.

As prescribed in 47.305-6(f)(2), insert the following clause in solicitations and contracts when shipments will be consigned to DoD air or water terminal transshipment points:

CLEARANCE AND DOCUMENTATION REQUIREMENTS-SHIPMENTS TO DOD
AIR OR WATER TERMINAL TRANSSHIPMENT POINTS (DEVIATION DATE)

All shipments to water or air ports for transshipment to overseas destinations are subject to the following requirements unless clearance and documentation requirements have been expressly delegated to the Contractor:

(a) At least 10 days before shipping cargo to a water port, the Contractor shall obtain an Export Release from the Government transportation office for—

(1) Each shipment weighing 10,000 pounds or more; and

(2) Each shipment weighing less than 10,000 pounds; if the cargo either—

(i) Is classified TOP SECRET, SECRET, OR CONFIDENTIAL;

(ii) Will require exclusive use of a motor vehicle;

(iii) Will occupy full visible capacity of a railway car or motor vehicle;

(iv) Is less than a carload or truckload, but will be tendered as a carload or truckload; or

(v) Is to be shipped to an ammunition outloading port for water shipment; or

(3) Each shipment weighing less than 10,000 pounds if the cargo consists of—

(i) Narcotics;

(ii) Perishable biological material;

(iii) Vehicles to be offered for driveaway service;

(iv) Explosives, ammunition, poisons or other dangerous articles classified as class 1, division 1.1, 1.2, 1.3, 1.4; class 2, division 2.3; and class 6, division 6.1; or

(v) Radioactive material, as defined in 49 CFR 173.403, class 7.

(b) The Contractor is cautioned not to order railway cars or motor vehicles for loading until an Export Release has been received.

(c) If the Contracting Officer directs delivery within a shorter period than 10 days, the Contractor shall advise the transportation office of the date on which the cargo will be ready for shipment.

(d) At least 5 days before shipping cargo to either a water port or an air port (regardless of the weight, security classification, or the commodity description), the Contractor shall provide the Government transportation office the information shown in paragraph (e) below to permit preparation of a Transportation Control and Movement Document (TCMD).

(e) When applying for the Export Release in paragraph (a) above or when providing information for preparation of the TCMD in accordance with paragraph (d) above, the Contractor shall furnish the—

(1) Proposed date or dates of shipment;

(2) Number and type of containers;

(3) Gross weight and cube of the shipment;

(4) Number of cars or trucks that will be involved;

(5) Transportation Control Number(s) (TCN) as required for marking under MIL-STD-129 or Federal Standard 123; and

(6) Proper shipping name as specified in 49 CFR 172.101 for all items classified as dangerous substances as required for marking under MIL-STD-129.

(f) All movement documents (Government or commercial bills of lading or other delivery documents) shall be annotated by the Contractor with the—

(1) Transportation Control Number, Consignor Code of activity directing the shipment; i.e., cognizant contract administration office, purchasing office when contract administration has been retained, or a Contractor specifically delegated transportation responsibilities under DoD 4500.9-R, Defense Transportation Regulation, responsibilities in the contract, whichever is appropriate, Consignee Code, and Transportation Priority for each shipment unit;

(2) Export Release Number and valid shipping period, if stated (if expired, the Contractor shall request a renewal); and

(3) Cubic foot measurement of each shipment unit.

(g) All annotations on the movement documents shall be made in the Description of Articles space except, on Government bills of lading the Export Release number and shipping period shall be entered in the space entitled Route Order/Release No.

(h) The Contractor shall (1) mail a copy of the bill of lading or other movement document to the transshipment point and (2) give a copy of the bill of lading or other movement document to the carrier for presentation to the transshipment point with delivery of the shipment.

(End of clause)

52.247-53 Freight Classification Description.

As prescribed in 47.305-9(b)(1), insert the following provision in solicitations when the supplies being acquired are new to the supply system, nonstandard, or modifications of previously shipped items, and different freight classifications may apply:

FREIGHT CLASSIFICATION DESCRIPTION (APR 1984)

Offerors are requested to indicate below the full Uniform Freight Classification (rail) description, or the National Motor Freight Classification description applicable to the supplies, the same as offeror uses for commercial shipment. This description should include the packing of the commodity (box, crate, bundle, loose, setup, knocked down, compressed, unwrapped, etc.), the container material (fiberboard, wooden, etc.), unusual shipping dimensions, and other conditions affecting traffic descriptions. The Government will use these descriptions as well as other information available to determine the classification description most appropriate and advantageous to the Government. Offeror understands that shipments on any f.o.b. origin contract awarded, as a result of this solicitation, will be made in conformity with the shipping classification description specified by the Government, which may be different from the classification description furnished below.

FOR FREIGHT CLASSIFICATION PURPOSES, OFFEROR DESCRIBES THIS COMMODITY AS ___________.

52.247-58 Loading, Blocking, and Bracing of Freight Car Shipments.

As prescribed in 47.305-15(a)(2), insert the following clause in solicitations and contracts when supplies may be shipped in carload lots by rail:

LOADING, BLOCKING, AND BRACING OF FREIGHT CAR SHIPMENTS (APR 1984)

(a) Upon receipt of shipping instructions, as provided in this contract, the supplies to be included in any carload shipment by rail shall be loaded, blocked, and braced by the Contractor in accordance with the standards published by the Association of American Railroads and effective at the time of shipment.

(b) Shipments, for which the Association of American Railroads has published no such standards, shall be loaded, blocked, and braced in accordance with standards established by the shipper as evidenced by written acceptance of an authorized representative of the carrier.

(c) The Contractor shall be liable for payment of any damage to any supplies caused by the failure to load, block, and brace in accordance with acceptable standards set forth herein.

(d) A copy of the appropriate pamphlet of the Association of American Railroads may be obtained from that Association.

52.247-63 Preference for U.S.-Flag Air Carriers.

As prescribed in 47.405(a) , insert the following clause:

PREFERENCE FOR U.S.-FLAG AIR CARRIERS (JAN 2025)

(a) *Definitions*. As used in this clause-

"International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

United States means the 50 States, the District of Columbia, and outlying areas.

U.S.-flag air carrier means an entity granted authority to provide air transportation in the form of a certificate of public convenience and necessity under 49 U.S.C. 41102.

(b) *U.S. Government-financed international air transportation.* 49 U.S.C. 40118, Government-financed air transportation (commonly referred to as the Fly America Act), requires that all Federal agencies and Government contractors and subcontractors use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the General Services Administration to issue regulations that, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

(c) *Use of U.S.-flag carriers for international air transportation.* If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

(d) *Statement of unavailability of U.S.-flag air carriers.* In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons (see section 47.403 of the Federal Acquisition Regulation) *[State reasons]:*____

(End of statement)

(e) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

(End of clause)

52.247-64 Preference for Privately Owned U.S.-Flag Commercial Vessels.

As prescribed in 47.507(a), insert the following clause:

PREFERENCE FOR PRIVATELY OWNED U.S.-FLAG COMMERCIAL VESSELS (DEVIATION DATE)

(a) Except as provided in paragraph (e) of this clause, the Cargo Preference Act of 1954 (46 U.S.C. 55305) requires that Federal departments and agencies shall transport in privately owned U.S.-flag commercial vessels at least 50 percent of the gross tonnage of equipment, materials, or commodities that may be transported in ocean vessels (computed separately for dry bulk carriers, dry cargo liners, and tankers). Such transportation shall be accomplished when any equipment, materials, or commodities, located within or outside the United States, that may be transported by ocean vessel are—

(1) Acquired for a U.S. Government agency account;

(2) Furnished to, or for the account of, any foreign nation without provision for reimbursement;

(3) Furnished for the account of a foreign nation in connection with which the United States advances funds or credits, or guarantees the convertibility of foreign currencies; or

(4) Acquired with advance of funds, loans, or guaranties made by or on behalf of the United States.

(b) The Contractor shall use privately owned U.S.-flag commercial vessels to ship at least 50 percent of the gross tonnage involved under this contract (computed separately for dry bulk carriers, dry cargo liners, and tankers) whenever shipping any equipment, materials, or commodities under the conditions set forth in paragraph (a) above, to the extent that such vessels are available at rates that are fair and reasonable for privately owned U.S.-flag commercial vessels.

(c) (1) The Contractor shall submit one legible copy of a rated on-board ocean bill of lading for each shipment to both

(i) the Contracting Officer and

(ii) the Office of Cargo Preference, Maritime Administration (MAR-590), 400 Seventh Street, SW, Washington, DC 20590. Subcontractor bills of lading shall be submitted through the Prime Contractor.

(2) The Contractor shall furnish these bill of lading copies

(i) within 20 working days of the date of loading for shipments originating in the United States, or

(ii) within 30 working days for shipments originating outside the United States. Each bill of lading copy shall contain the following information:

(A) Sponsoring U.S. Government agency.

(B) Name of vessel.

(C) Vessel flag of registry.

(D) Date of loading.

(E) Port of loading.

(F) Port of final discharge.

(G) Description of commodity.

(H) Gross weight in pounds and cubic feet if available.

(I) Total ocean freight revenue in U.S. dollars.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts or purchase orders under this contract, except those described in paragraph (e)(4).

(e) The requirement in paragraph (a) does not apply to—

(1) Cargoes carried in vessels as required or authorized by law or treaty;

(2) Ocean transportation between foreign countries of supplies purchased with foreign currencies made available, or derived from funds that are made available, under the Foreign Assistance Act of 1961 (22 U.S.C. 2353);

(3) Shipments of classified supplies when the classification prohibits the use of non-Government vessels; and

(4) Subcontracts or purchase orders for the acquisition of commercial products or commercial services unless—

(i) This contract is—

(A) A contract or agreement for ocean transportation services; or

(B) A construction contract; or

(ii) The supplies being transported are—

(A) Items the Contractor is reselling or distributing to the Government without adding value. (Generally, the Contractor does not add value to the items when it subcontracts items for f.o.b. destination shipment); or

(B) Shipped in direct support of U.S. military—

(1) Contingency operations;

(2) Exercises; or

(3) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations.

(f) Guidance regarding fair and reasonable rates for privately owned U.S.-flag commercial vessels may be obtained from the Office of Costs and Rates, Maritime Administration, 400 Seventh Street, SW, Washington, DC 20590, Phone: 202-366-4610.

(End of clause)

Alternate I (APR 2003). As prescribed in 47.507 (a)(2), substitute the following paragraphs (a) and (b) for paragraphs (a) and (b) of the basic clause:

(a) Except as provided in paragraphs (b) and (e) of this clause, the Contractor shall use privately owned U.S.-flag commercial vessels, and no others, in the ocean transportation of any supplies to be furnished under this contract.

(b) If such vessels are not available for timely shipment at rates that are fair and reasonable for privately owned U.S.-flag commercial vessels, the Contractor shall notify the Contracting Officer and request (1) authorization to ship in foreign-flag vessels or (2) designation of available U.S.-flag vessels. If the Contractor is authorized in writing by the Contracting Officer to ship the supplies in foreign-flag vessels, the contract price shall be equitably adjusted to reflect the difference in costs of shipping the supplies in privately owned U.S.-flag commercial vessels and in foreign-flag vessels.

Alternate II (NOV 2021) . As prescribed in 47.507 (a)(3), substitute the following paragraph (e) for paragraph (e) of the basic clause:

(e) The requirement in paragraph (a) does not apply to-

(1) Cargoes carried in vessels as required or authorized by law or treaty;

(2) Ocean transportation between foreign countries of supplies purchased with foreign currencies made available, or derived from funds that are made available, under the Foreign Assistance Act of 1961 (22 U.S.C. 2353); and

(3) Shipments of classified supplies when the classification prohibits the use of non-Government vessels.

(4) Subcontracts or purchase orders under this contract for the acquisition of commercial products or commercial services unless the supplies being transported are-

(i) Items the Contractor is reselling or distributing to the Government without adding value. (Generally, the Contractor does not add value to the items when it subcontracts items for f.o.b. destination shipment); or

(ii) Shipments in direct support of U.S. military-

(A) Contingency operations;

(B) Exercises; or

(C) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations. (*Note*: This contract requires shipment of commercial products in direct support of U.S. military contingency operations, exercises, or forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations.)

(DEVIATION DATE)

52.247-66 [Reserved]

(DEVIATION DATE)

52.247-67 Submission of Transportation Documents for Audit.

As prescribed in 47.103-2 , insert the following clause:

SUBMISSION OF TRANSPORTATION DOCUMENTS FOR AUDIT (FEB 2006)

(a) The Contractor shall submit to the address identified below, for prepayment audit, transportation documents on which the United States will assume freight charges that were paid-

(1) By the Contractor under a cost-reimbursement contract; and

(2) By a first-tier subcontractor under a cost-reimbursement subcontract thereunder.

(b) Cost-reimbursement Contractors shall only submit for audit those bills of lading with freight shipment charges exceeding $100. Bills under $100 shall be retained on-site by the Contractor and made available for on-site audits. This exception only applies to freight shipment bills and is not intended to apply to bills and invoices for any other transportation services.

(c) Contractors shall submit the above referenced transportation documents to-

____ ____

____

[*To be filled in by Contracting Officer*]

(End of clause)

52.247-68 Report of Shipment (REPSHIP).

As prescribed in 47.208-2 , insert the following clause:

REPORT OF SHIPMENT (REPSHIP) (FEB 2006)

(a) *Definition*. "Domestic destination", as used in this clause, means-

(1) A destination within the contiguous United States; or

(2) If shipment originates in Alaska or Hawaii, a destination in Alaska or Hawaii, respectively.

(b) Unless otherwise directed by the Contracting Officer, the Contractor shall-

(1) Send a prepaid notice of shipment to the consignee transportation officer-

(i) For all shipments of-

(A) Classified material, protected sensitive, and protected controlled material;

(B) Explosives and poisons, class 1, division 1.1, 1.2 and 1.3; class 2, division 2.3 and class 6, division 6.1;

(C) Radioactive materials requiring the use of a III bar label; or

(ii) When a truckload/carload shipment of supplies weighing 20,000 pounds or more, or a shipment of less weight that occupies the full visible capacity of a railway car or motor vehicle, is given to any carrier (common, contract, or private) for transportation to a domestic destination (other than a port for export);

(2) Transmits the notice by rapid means to be received by the consignee transportation officer at least 24 hours before the arrival of the shipment; and

(3) Send, to the receiving transportation officer, the bill of lading or letter or other document containing the following information and prominently identified as a "Report of Shipment"or "REPSHIP FOR T.O."

(End of clause)

52.247-69 Reporting Requirement for U.S.-Flag Air Carriers Regarding Training to Prevent Human Trafficking.

As prescribed in 47.405(b), insert the following clause:

REPORTING REQUIREMENT FOR U.S.-FLAG AIR CARRIERS
REGARDING TRAINING TO PREVENT HUMAN TRAFFICKING. (JAN 2025)

(a) *Definitions.* As used in this clause—

Human trafficking means “Severe forms of trafficking in persons” or “Sex trafficking.”

Severe forms of trafficking in persons means—

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

(b) *Annual reporting requirement.*

(1) In accordance with 49 U.S.C. 40118(g), the Contractor shall provide the annual report described in paragraph (b)(2) of this clause by October 30th, via email, to the following agencies:

(i) General Services Administration: TraffickingPreventionReport@gsa.gov;

(ii) U.S. Department of Transportation: trafficking@dot.gov;

(iii) Department of Labor: AirCarrier-HTreports@dol.gov;

(iv) Transportation Security Administration: ics-cchtfams@tsa.dhs.gov;

(v) U.S. Customs and Border Protection: CLP@cbp.dhs.gov; and

(vi) DHS Center for Countering Human Trafficking: Info@CCHT.dhs.gov.

(2) The annual report shall include information from the preceding Government fiscal year (October 1 through September 30) regarding—

(i) The number of personnel trained in the detection and reporting of potential human trafficking, including the training required under 49 U.S.C. 44734(a)(4);

(ii) The number of notifications of potential human trafficking victims received from staff or other passengers; and

(iii) (A) Whether the Contractor notified the Global Human Trafficking Hotline, another comparable hotline, or law enforcement at the relevant airport of the potential human trafficking victim for each such notification of potential human trafficking; and

(B) If the Contractor made a notification, the date the notification was made and the method of notification (*e.g.*, text to Hotline, call to law enforcement).

(c) *Training*. In accordance with 49 U.S.C. 44734 and 44738, personnel trained in the detection and reporting of potential human trafficking should include the following:

(1) Flight attendants;

(2) Ticket counter agents;

(3) Gate agents; and

(4) Other air carrier workers whose jobs require regular interaction with passengers.

(End of clause)

52.248 [Reserved]

52.248-1 Value Engineering.

As prescribed in 48.201 , insert the following clause:

VALUE ENGINEERING (DEVIATION DATE)

(a) *General*. The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP's) voluntarily. The Contractor shall share in any net acquisition savings realized from accepted VECP's, in accordance with the incentive sharing rates in paragraph (f) of this clause.

(b) *Definitions*.

Acquisition savings, as used in this clause, means savings resulting from the application of a VECP to contracts awarded by the same contracting office or its successor for essentially the same unit. Acquisition savings include-

(1) Instant contract savings, which are the net cost reductions on this, the instant contract, and which are equal to the instant unit cost reduction multiplied by the number of instant contract units affected by the VECP, less the Contractor's allowable development and implementation costs;

(2) Concurrent contract savings, which are net reductions in the prices of other contracts that are definitized and ongoing at the time the VECP is accepted; and

(3) Future contract savings, which are the product of the future unit cost reduction multiplied by the number of future contract units in the sharing base. On an instant contract, future contract savings include savings on increases in quantities after VECP acceptance that are due to contract modifications, exercise of options, additional orders, and funding of subsequent year requirements on a multiyear contract.

Collateral costs means agency costs of operation, maintenance, logistic support, or Government-furnished property.

Collateral savings, as used in this clause, means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contracting office includes any contracting office that the acquisition is transferred to, such as another branch of the agency or another agency's office that is performing a joint acquisition action.

Contractor's development and implementation costs, as used in this clause, means those costs the Contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to make the contractual changes required by Government acceptance of a VECP.

Future unit cost reduction, as used in this clause, means the instant unit cost reduction adjusted as the Contracting Officer considers necessary for projected learning or changes in quantity during the sharing period. It is calculated at the time the VECP is accepted and applies either-

(1) Throughout the sharing period, unless the Contracting Officer decides that recalculation is necessary because conditions are significantly different from those previously anticipated; or

(2) To the calculation of a lump-sum payment, which cannot later be revised.

Government costs, as used in this clause, means those agency costs that result directly from developing and implementing the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistics support. The term does not include the normal administrative costs of processing the VECP or any increase in this contract's cost or price resulting from negative instant contract savings.

Instant contract, as used in this clause, means this contract, under which the VECP is submitted. It does not include increases in quantities after acceptance of the VECP that are due to contract modifications, exercise of options, or additional orders. If this is a multiyear contract, the term does not include quantities funded after VECP acceptance. If this contract is a fixed-price contract with prospective price redetermination, the term refers to the period for which firm prices have been established.

Instant unit cost reduction means the amount of the decrease in unit cost of performance (without deducting any Contractor's development or implementation costs) resulting from using the VECP on this, the instant contract. If this is a service contract, the instant unit cost reduction is normally equal to the number of hours per line-item task saved by using the VECP on this contract, multiplied by the appropriate contract labor rate.

Negative instant contract savings means the increase in the cost or price of this contract when the acceptance of a VECP results in an excess of the Contractor's allowable development and implementation costs over the product of the instant unit cost reduction multiplied by the number of instant contract units affected.

Net acquisition savings means total acquisition savings, including instant, concurrent, and future contract savings, less Government costs.

Sharing base, as used in this clause, means the number of affected end items on contracts of the contracting office accepting the VECP.

Sharing period, as used in this clause, means the period beginning with acceptance of the first unit incorporating the VECP and ending at a calendar date or event determined by the contracting officer for each VECP.

Unit, as used in this clause, means the item or task to which the Contracting Officer and the Contractor agree the VECP applies.

Value engineering change proposal (VECP) means a proposal that-

(1) Requires a change to this, the instant contract, to implement; and

(2) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics;*provided*, that it does not involve a change-

(i) In deliverable end item quantities only;

(ii) In research and development (R&D) end items or R&D test quantities that is due solely to results of previous testing under this contract; or

(iii) To the contract type only.

(c) *VECP preparation*. As a minimum, the Contractor shall include in each VECP the information described in paragraphs (c)(1) through (8) of this clause. If the proposed change is affected by contractually required configuration management or similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern VECP preparation. The VECP shall include the following:

(1) A description of the difference between the existing contract requirement and the proposed requirement, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, the effect of the change on the end item's performance, and any pertinent objective test data.

(2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.

(3) Identification of the unit to which the VECP applies.

(4) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the VECP. The cost reduction associated with the VECP shall take into account the Contractor's allowable development and implementation costs, including any amount attributable to subcontracts under the Subcontracts paragraph of this clause.

(5) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.

(6) A prediction of any effects the proposed change would have on collateral costs to the agency.

(7) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time or delivery schedule.

(8) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract numbers involved, and previous Government actions, if known.

(d) *Submission*. The Contractor shall submit VECP's to the Contracting Officer, unless this contract states otherwise. If this contract is administered by other than the contracting office, the Contractor shall submit a copy of the VECP simultaneously to the Contracting Officer and to the Administrative Contracting Officer.

(e) Government action. (1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government. The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause and made either before or within a reasonable time after contract performance is completed. Until such a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the Contracting Officer.

(f) *Sharing rates*. If a VECP is accepted, the Contractor shall share in net acquisition savings according to the percentages shown in the table below. The percentage paid the Contractor depends upon-

(1) This contract's type (fixed-price, incentive, or cost-reimbursement);

(2) The sharing arrangement specified in paragraph (a) of this clause (incentive, program requirement, or a combination as delineated in the Schedule); and

(3) The source of the savings (the instant contract, or concurrent and future contracts), as follows:

Contractor's Share of Net Acquisition Savings (Figure in Percent)

	Sharing arrangement			
Contract Type	**Incentive (Voluntary)**		**Program Requirement (Mandatory)**	
	Instant Contract Rate	**Concurrent and Future Contract Rate**	**Instant Contract Rate**	**Concurrent and Future Contract Rate**
Fixed-price (includes fixed-price-award-fee; excludes other fixed-price incentive contracts)	*50	*50	25	25
Incentive (fixed-price or cost) (other than award fee)	(**)	*50	(**)	25
Cost-reimbursement (includes cost-plus-award-fee; excludes other cost-type incentive contracts)	***25	***25	15	15

* The Contracting Office may increase the Contractor's sharing rate to as high as 75 percent for each VECP.

** Same sharing arrangement as the contract's profit or fee adjustment formula.

*** The Contracting Office may increase the Contractor's sharing rate to as high as 50 percent for each VECP.

(g) Calculating net acquisition savings. (1) Acquisition savings are realized when (i) the cost or price is reduced on the instant contract, (ii) reductions are negotiated in concurrent contracts, (iii) future contracts are awarded, or (iv) agreement is reached on a lump-sum payment for future contract savings (see paragraph (i)(4) of this clause). Net acquisition savings are first realized, and the Contractor shall be paid a share, when Government costs and any negative instant contract savings have been fully offset against acquisition savings.

(2) Except in incentive contracts, Government costs and any price or cost increases resulting from negative instant contract savings shall be offset against acquisition savings each time such savings are realized until they are fully offset. Then, the Contractor's share is calculated by multiplying net acquisition savings by the appropriate Contractor's percentage sharing rate (see paragraph (f) of this clause). Additional Contractor shares of net acquisition savings shall be paid to the Contractor at the time realized.

(3) If this is an incentive contract, recovery of Government costs on the instant contract shall be deferred and offset against concurrent and future contract savings. The Contractor shall share through the contract incentive structure in savings on the instant contract items affected. Any negative instant contract savings shall be added to the target cost or to the target price and ceiling price, and the amount shall be offset against concurrent and future contract savings.

(4) If the Government does not receive and accept all items on which it paid the Contractor's share, the Contractor shall reimburse the Government for the proportionate share of these payments.

(h) *Contract adjustment*. The modification accepting the VECP (or a subsequent modification issued as soon as possible after any negotiations are completed) shall-

(1) Reduce the contract price or estimated cost by the amount of instant contract savings, unless this is an incentive contract;

(2) When the amount of instant contract savings is negative, increase the contract price, target price and ceiling price, target cost, or estimated cost by that amount;

(3) Specify the Contractor's dollar share per unit on future contracts, or provide the lump-sum payment;

(4) Specify the amount of any Government costs or negative instant contract savings to be offset in determining net acquisition savings realized from concurrent or future contract savings; and

(5) Provide the Contractor's share of any net acquisition savings under the instant contract in accordance with the following:

(i) Fixed-price contracts-add to contract price.

(ii) Cost-reimbursement contracts-add to contract fee.

(i) Concurrent and future contract savings. (1) Payments of the Contractor's share of concurrent and future contract savings shall be made by a modification to the instant contract in accordance with paragraph (h)(5) of this clause. For incentive contracts, shares shall be added as a separate firm-fixed-price line item on the instant contract. The Contractor shall maintain records adequate to identify the first delivered unit for 3 years after final payment under this contract.

(2) The Contracting Officer shall calculate the Contractor's share of concurrent contract savings by-

(i) Subtracting from the reduction in price negotiated on the concurrent contract any Government costs or negative instant contract savings not yet offset; and

(ii) Multiplying the result by the Contractor's sharing rate.

(3) The Contracting Officer shall calculate the Contractor's share of future contract savings by-

(i) Multiplying the future unit cost reduction by the number of future contract units scheduled for delivery during the sharing period;

(ii) Subtracting any Government costs or negative instant contract savings not yet offset; and

(iii) Multiplying the result by the Contractor's sharing rate.

(4) When the Government wishes and the Contractor agrees, the Contractor's share of future contract savings may be paid in a single lump sum rather than in a series of payments over time as future contracts are awarded. Under this alternate procedure, the future contract savings may be calculated when the VECP is accepted, on the basis of the Contracting Officer's forecast of the number of units that will be delivered during the sharing period. The Contractor's share shall be included in a modification to this contract (see paragraph (h)(3) of this clause) and shall not be subject to subsequent adjustment.

(5) *Alternate no-cost settlement method*. When, in accordance with section 48.104-4 of the Federal Acquisition Regulation (FAR), the Government and the Contractor mutually agree to use the no-cost settlement method, the following applies:

(i) The Contractor will keep all the savings on the instant contract and on its concurrent contracts only.

(ii) The Government will keep all the savings resulting from concurrent contracts placed on other sources, savings from all future contracts, and all collateral savings.

(j) *Collateral savings*. If a VECP is accepted, the Contracting Officer will increase the instant contract amount, as specified in paragraph (h)(5) of this clause, by a rate from 20 to 100 percent, as determined by the Contracting Officer, of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price, target price, target cost, or estimated cost, at the time the VECP is accepted, or $100,000, whichever is greater. The Contracting Officer will be the sole determiner of the amount of collateral savings.

(k) *Relationship to other incentives*. Only those benefits of an accepted VECP not rewardable under performance, design-to-cost (production unit cost, operating and support costs, reliability and maintainability), or similar incentives shall be rewarded under this clause. However, the targets of such incentives affected by the VECP shall not be adjusted because of VECP acceptance. If this contract specifies targets but provides no incentive to surpass them, the value engineering sharing shall apply only to the amount of achievement better than target.

(l) *Subcontracts*. The Contractor shall include an appropriate value engineering clause in any subcontract-valued at or above the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, and may include one in subcontracts of lesser value. In calculating any adjustment in this contract's price for instant contract savings (or negative instant contract savings), the Contractor's allowable development and implementation costs shall include any subcontractor's allowable development and implementation costs, and any value engineering incentive payments to a subcontractor, clearly resulting from a VECP accepted by the Government under this contract. The Contractor may choose any arrangement for subcontractor value engineering incentive payments, *provided*, that the payments shall not reduce the Government's share of concurrent or future contract savings or collateral savings.

(m) *Data*. The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking the following legend on the affected parts:

"These data, furnished under the Value Engineering clause of contract _____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations."

If a VECP is accepted, the Contractor hereby grants the Government unlimited rights in the VECP and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the rights specified in the contract modification implementing the VECP and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(End of clause)

Alternate I (APR 1984). If the contracting officer selects a mandatory value engineering program requirement, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) *General*. The Contractor shall (1) engage in a value engineering program, and submit value engineering progress reports, as specified in the Schedule and (2) submit to the Contracting Officer any resulting value engineering change proposals (VECP's). In addition to being paid as the Schedule specifies for this mandatory program, the Contractor shall share in any net acquisition savings realized from accepted VECP's, in accordance with the program requirement sharing rates in paragraph (f) of this clause.

Alternate II (JAN 2015). If the contracting officer selects both a value engineering incentive and mandatory value engineering program requirement, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) *General*. For those line items designated in the Schedule as subject to the value engineering program requirement, the Contractor shall (1) engage in a value engineering program, and submit value engineering progress reports, as specified in the Schedule and (2) submit to the Contracting Officer any resulting VECP's. In addition to being paid as the Schedule specifies for this mandatory program, the Contractor shall share in any net acquisition savings realized from VECP's accepted under the program, in accordance with the program requirement sharing rates in paragraph (f) of this clause. For remaining areas of the contract, the Contractor is encouraged to develop, prepare, and submit VECP's voluntarily; for VECP's accepted under these remaining areas, the incentive sharing rates apply. The decision on which rate applies is a unilateral decision made solely at the discretion of the Government.

Alternate III (APR 1984). When the head of the contracting activity determines that the cost of calculating and tracking collateral savings will exceed the benefits to be derived in a contract calling for a value engineering incentive, delete paragraph (j) from the basic clause and redesignate the remaining paragraphs accordingly.

52.248-2 Value Engineering-Architect-Engineer.

As prescribed in 48.201(f), insert the following clause:

VALUE ENGINEERING-ARCHITECT-ENGINEER (MAR 1990)

(a) *General*. The Contractor shall (1) perform value engineering (VE) services and submit progress reports as specified in the Schedule; and (2) submit to the Contracting Officer any resulting value engineering proposals (VEP's). Value engineering activities shall be performed concurrently with, and without delay to, the schedule set forth in the contract. The services shall include VE evaluation and review and study of design documents immediately following completion of the 35 percent design state or at such stages as the Contracting Officer may direct. Each separately priced line item for VE services shall define specifically the scope of work to be accomplished and may include VE studies of items other than design documents. The Contractor shall be paid as the contract specifies for this effort, but shall not share in savings which may result from acceptance and use of VEP's by the Government.

(b) *Definitions*.

Life cycle cost, as used in this clause, is the sum of all costs over the useful life of a building, system or product. It includes the cost of design, construction, acquisition, operation, maintenance, and salvage (resale) value, if any.

Value engineering, as used in this clause, means an organized effort to analyze the functions of systems, equipment, facilities, services, and supplies for the purpose of achieving the essential functions at the lowest life cycle cost consistent with required performance, reliability, quality, and safety.

Value engineering proposal, as used in this clause, means, in connection with an A-E contract, a change proposal developed by employees of the Federal Government or contractor value engineering personnel under contract to an agency to provide value engineering services for the contract or program.

(c) *Submissions*. After award of an architect-engineering contract the contractor shall-

(1) Provide the Government with a fee breakdown schedule for the VE services (such as criteria review, task team review, and bid package review) included in the contract schedule;

(2) Submit, for approval by the Contracting Officer, a list of team members and their respective resumes representing the engineering disciplines required to complete the study effort, and evidence of the team leader's qualifications and engineering discipline. Subsequent changes or substitutions to the approved VE team shall be submitted in writing to the Contracting Officer for approval; and

(3) The team leader shall be responsible for pre-study work assembly and shall edit, reproduce, and sign the final report and each VEP. All VEP's, even if submitted earlier as an individual submission, shall be contained in the final report.

(d) *VEP preparation.* As a minimum, the contractor shall include the following information in each VEP:

(1) A description of the difference between the existing and proposed design, the comparative advantages and disadvantages of each, a justification when an item's function is being altered, the effect of the change on system or facility performance, and any pertinent objective test data.

(2) A list and analysis of design criteria or specifications that must be changed if the VEP is accepted.

(3) A separate detailed estimate of the impact on project cost of each VEP, if accepted and implemented by the Government.

(4) A description and estimate of costs the Government may incur in implementing the VEP, such as design change cost and test and evaluation cost.

(5) A prediction of any effects the proposed change may have on life cycle cost.

(6) The effect the VEP will have on design or construction schedules.

(e) *VEP acceptance*. Approved VEP's shall be implemented by bilateral modification to this contract.

(End of clause)

52.248-3 Value Engineering-Construction.

As prescribed in 48.202 , insert the following clause:

VALUE ENGINEERING-CONSTRUCTION (OCT 2025)

(a) *General*. The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP's) voluntarily. The Contractor shall share in any instant contract savings realized from accepted VECP's, in accordance with paragraph (f) of this clause.

(b) *Definitions*. "Collateral costs," as used in this clause, means agency costs of operation, maintenance, logistic support, or Government-furnished property.

Collateral savings, as used in this clause, means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contractor's development and implementation costs, as used in this clause, means those costs the Contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to make the contractual changes required by Government acceptance of a VECP.

Government costs, as used in this clause, means those agency costs that result directly from developing and implementing the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistic support. The term does not include the normal administrative costs of processing the VECP.

Instant contract savings, as used in this clause, means the estimated reduction in Contractor cost of performance resulting from acceptance of the VECP, minus allowable Contractor's development and implementation costs, including subcontractors' development and implementation costs (see paragraph (h) of this clause).

Value engineering change proposal (VECP) means a proposal that-

(1) Requires a change to this, the instant contract, to implement; and

(2) Results in reducing the contract price or estimated cost without impairing essential functions or characteristics; *provided*, that it does not involve a change-

(i) In deliverable end item quantities only; or

(ii) To the contract type only.

(c) *VECP preparation*. As a minimum, the Contractor shall include in each VECP the information described in paragraphs (c)(1) through (7) of this clause. If the proposed change is affected by contractually required configuration management or similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern VECP preparation. The VECP shall include the following:

(1) A description of the difference between the existing contract requirement and that proposed, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, and the effect of the change on the end item's performance.

(2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.

(3) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the VECP. The cost reduction associated with the VECP shall take into account the Contractor's allowable development and implementation costs, including any amount attributable to subcontracts under paragraph (h) of this clause.

(4) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.

(5) A prediction of any effects the proposed change would have on collateral costs to the agency.

(6) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time or delivery schedule.

(7) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract numbers involved, and previous Government actions, if known.

(d) *Submission*. The Contractor shall submit VECP's to the Resident Engineer at the worksite, with a copy to the Contracting Officer.

(e) Government action. (1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government. The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause. The Contracting Officer may accept the VECP, even though an agreement on price reduction has not been reached, by issuing the Contractor a notice to proceed with the change. Until a notice to proceed is issued or a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the Contracting Officer.

(f) Sharing- (1) *Rates*. The Government's share of savings is determined by subtracting Government costs from instant contract savings and multiplying the result by-

(i) 45 percent for fixed-price contracts; or

(ii) 75 percent for cost-reimbursement contracts.

(2) *Payment*. Payment of any share due the Contractor for use of a VECP on this contract shall be authorized by a modification to this contract to-

(i) Accept the VECP;

(ii) Reduce the contract price or estimated cost by the amount of instant contract savings; and

(iii) Provide the Contractor's share of savings by adding the amount calculated to the contract price or fee.

(g) *Collateral savings*. If a VECP is accepted, the Contracting Officer will increase the instant contract amount by 20 percent of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price or estimated cost, at the time the VECP is accepted, or $100,000, whichever is greater. The Contracting Officer is the sole determiner of the amount of collateral savings.

(h) *Subcontracts*. The Contractor shall include an appropriate value engineering clause in any subcontract of $90,000 or more and may include one in subcontracts of lesser value. In computing any adjustment in this contract's price under paragraph (f) of this clause, the Contractor's allowable development and implementation costs shall include any subcontractor's allowable development and implementation costs clearly resulting from a VECP accepted by the Government under this contract, but shall exclude any value engineering incentive payments to a subcontractor. The Contractor may choose any arrangement for subcontractor value engineering incentive payments; *provided*, that these payments shall not reduce the Government's share of the savings resulting from the VECP.

(i) *Data*. The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking the following legend on the affected parts:

"These data, furnished under the Value Engineering-Construction clause of contract _____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations."

If a VECP is accepted, the Contractor hereby grants the Government unlimited rights in the VECP and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the rights specified in the contract modification implementing the VECP and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(End of clause)

Alternate I (APR 1984). When the head of the contracting activity determines that the cost of calculating and tracking collateral savings will exceed the benefits to be derived in a construction contract, delete paragraph (g) from the basic clause and redesignate the remaining paragraphs accordingly.

52.249 [Reserved]

52.249-1 Termination for Convenience of the Government (Fixed-Price) (Short Form).

As prescribed in 49.502(a)(1), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (FIXED-PRICE) (SHORT FORM) (APR 1984)

The Contracting Officer, by written notice, may terminate this contract, in whole or in part, when it is in the Government's interest. If this contract is terminated, the rights, duties, and obligations of the parties, including compensation to the Contractor, shall be in accordance with part 49 of the Federal Acquisition Regulation in effect on the date of this contract.

(End of clause)

Alternate I (APR 1984). If the contract is for dismantling, demolition, or removal of improvements, designate the basic clause as paragraph (a) and add the following paragraph (b):

(b) Upon receipt of the termination notice, if title to property is vested in the Contractor under this contract, it shall revest in the Government regardless of any other clause of the contract, except for property that the Contractor (a) disposed of by bona fide sale or (b) removed from the site.

52.249-2 Termination for Convenience of the Government (Fixed-Price).

As prescribed in 49.502 (b)(1)(i), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (FIXED-PRICE) (APR 2012)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

(6) As directed by the Contracting Officer, transfer title and deliver to the Government-

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the Government.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to in paragraph (b)(6) of this clause; *provided*, however, that the Contractor (i)is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The

proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day period.

(d) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will accept title to those items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(e) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(f) Subject to paragraph (e) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this clause, exclusive of costs shown in paragraph (g)(3) of this clause, may not exceed the total contract price as reduced by (1) the amount of payments previously made and (2) the contract price of work not terminated. The contract shall be modified, and the Contractor paid the agreed amount. Paragraph (g) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(g) If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph (f) of this clause:

(1) The contract price for completed supplies or services accepted by the Government (or sold or acquired under paragraph (b)(9) of this clause) not previously paid for, adjusted for any saving of freight and other charges.

(2) The total of-

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under paragraph (g)(1) of this clause;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(2)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(2)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision (g)(2)(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(3) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

(h) Except for normal spoilage, and except to the extent that the Government expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (g) of this clause, the fair value as determined by the Contracting Officer, for the loss of the Government property.

(i) The cost principles and procedures of part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (e), (g), or (l) of this clause, except that if the Contractor failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (e) or (l), respectively, and failed to request a time extension, there is no right of appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted-

(1) All unliquidated advance or other payments to the Contractor under the terminated portion of this contract;

(2) Any claim which the Government has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or sold under the provisions of this clause and not recovered by or credited to the Government.

(l) If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by the Contracting Officer.

(m) (1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App.1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents available to the Government, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

(End of clause)

Alternate I (SEPT 1996). If the contract is for construction, substitute the following paragraph (g) for paragraph (g) of the basic clause:

(g) If the Contractor and Contracting Officer fail to agree on the whole amount to be paid the Contractor because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph (f) of this clause:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of-

(i) The cost of this work;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(1)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(1)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision (g)(1)(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(2) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

Alternate II (SEPT 1996). If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the Contracting Officer determines that the requirement to pay interest on excess partial payments is inappropriate, delete paragraph (m)(2) of the basic clause.

Alternate III (SEPT 1996). If the contract is for construction and with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, substitute the following paragraph (g) for paragraph (g) of the basic clause. Paragraph (m)(2) may be deleted from the basic clause if the Contracting Officer determines that the requirement to pay interest on excess partial payments is inappropriate.

(g) If the Contractor and Contracting Officer fail to agree on the whole amount to be paid the Contractor because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph (f) of this clause:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of-

(i) The cost of this work;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(1)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(1)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(2) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

52.249-3 Termination for Convenience of the Government (Dismantling, Demolition, or Removal of Improvements).

As prescribed in 49.502(b)(2), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (DISMANTLING, DEMOLITION, OR REMOVAL OF IMPROVEMENTS) (APR 2012)

(a) The Government may terminate performance of work under this contract, in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date. Upon receipt of the notice, if title to property is vested in the Contractor under this contract, it shall revest in the Government regardless of any other clause of this contract, except for property that the Contractor disposed of by bona fide sale or removed from the site.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

(6) As directed by the Contracting Officer, transfer title and deliver to the Government-

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract has been completed, would be required to be furnished to the Government.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to in paragraph (b)(6) of this clause; provided, however, that the Contractor (i)is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day period.

(d) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will accept title to those items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(e) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(f) Subject to paragraph (e) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this clause, exclusive of settlement costs, may not exceed the total contract price as reduced by (1) the amount of payments previously made and (2) the contract price of work not terminated. The contract shall be amended and the Contractor paid the agreed amount. Paragraph (g) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(g) If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph (f) of this clause:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of-

(i) The cost of this work;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract, if not included in subdivision (g)(1)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(1)(i) of this clause, determined by the Contracting Officer under section 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision(iii) and shall reduce the amount of the settlement to reflect the indicated rate of loss.

(2) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Preservation and protection of property under paragraph (b)(8) of this clause.

(h) Except for normal spoilage, and except to the extent that the Government expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (g) of this clause, the fair value, as determined by the Contracting Officer, for the loss of the Government property.

(i) The cost principles and procedures of part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (e), (g), or (l) of this clause, except that if the Contractor failed to submit the termination settlement proposal within the time provided in paragraph (e) or (l) and failed to request a time extension, there is no right of appeal. If the Contracting Officer has made a determination of the amount due under paragraph (e), (g), or (l) of this clause, the Government shall pay the Contractor-

(1) The amount determined by the Contracting Officer, if there is no right of appeal or if no timely appeal has been taken; or

(2) The amount finally determined on an appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted-

(1) All unliquidated advance or other payments to the Contractor under the terminated portion of this contract;

(2) Any claim which the Government has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or sold under the provisions of this clause and not recovered by or credited to the Government.

(l) If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by the Contracting Officer.

(m) (1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against cost incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C.App 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents available to the Government, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

(End of clause)

Alternate I (Sept1996). If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate, delete paragraph (m)(2) from the basic clause.

52.249-4 Termination for Convenience of the Government (Services) (Short Form).

As prescribed in 49.502(c), insert the following clause in solicitations and contracts for services, regardless of value, when a fixed-price contract is contemplated and the Contracting Officer determines that because of the kind of services required, the successful offeror will not incur substantial charges in preparation for and in carrying out the contract, and would, if terminated for the convenience of the Government, limit termination settlement charges to services rendered before the date of termination:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (SERVICES) (SHORT FORM) (APR 1984)

The Contracting Officer, by written notice, may terminate this contract, in whole or in part, when it is in the Government's interest. If this contract is terminated, the Government shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

(End of clause)

52.249-5 Termination for Convenience of the Government (Educational and Other Nonprofit Institutions).

As prescribed in 49.502(d), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT
(EDUCATIONAL AND OTHER NONPROFIT INSTITUTIONS) (AUG 2016)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date.

(b) After receipt of a Notice of Termination and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause), except as necessary to complete the continued portion of the contract.

(3) Terminate all applicable subcontracts and cancel or divert applicable commitments covering personal services that extend beyond the effective date of termination.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Government shall have the right to settle or pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; approval or ratification will be final for purposes of this clause.

(6) Transfer title (if not already transferred) and, as directed by the Contracting Officer, deliver to the Government any information and items that, if the contract had been completed, would have been required to be furnished, including-

(i) Materials or equipment produced, in process, or acquired for the work terminated; and

(ii) Completed or partially completed plans, drawings, and information.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, termination inventory other than that retained by the Government under paragraph (b)(6) of this clause; *provided, however*, that the Contractor (i)is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day period.

(d) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly but no later than 1 year from the effective date of termination unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. If the Contractor fails to submit the termination settlement proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(e) Subject to paragraph (d) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid because of the termination. This amount may include reasonable cancellation charges incurred by the Contractor and any reasonable loss on outstanding commitments for personal services that the Contractor is unable to cancel; *provided*, that the Contractor exercised reasonable diligence in diverting such commitments to other operations. The contract shall be amended and the Contractor paid the agreed amount.

(f) The cost principles and procedures in subpart 31.3 of the Federal Acquisition Regulation (FAR), Contracts with Educational Institutions (defined as institutions of higher education in the OMB Uniform Guidance in 2 CFR part 200, subpart A, and 20 U.S.C. 1001), as in effect on the date of the contract, shall govern all costs claimed, agreed to, or determined under this clause; however, if the Contractor is not an educational institution and is a nonprofit organization (as defined in the OMB Uniform Guidance at 2 CFR part 200), the cost principles and procedures in subpart 31.7 of the FAR, Contracts with Nonprofit Organizations, shall apply; unless the Contractor is a nonprofit institution listed in the OMB Uniform Guidance at 2 CFR part 200, appendix VIII, as exempted from the cost principles in subpart E, in which case the cost principles at FAR 31.2 for commercial organizations shall apply to such contractor.

(g) The Government may, under the terms and conditions it prescribes, make partial payments against costs incurred by the Contractor for the terminated portion of this contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

(h) The Contractor has the right of appeal as provided under the Disputes clause, except that if the Contractor failed to submit the termination settlement proposal within the time provided in paragraph (d) of this clause and failed to request a time extension, there is no right of appeal.

(End of clause)

52.249-6 Termination (Cost-Reimbursement).

As prescribed in 49.503(a)(1), insert the following clause:

TERMINATION (COST-REIMBURSEMENT) (MAY 2004)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part, if-

(1) The Contracting Officer determines that a termination is in the Government’s interest; or

(2) The Contractor defaults in performing this contract and fails to cure the default within 10 days (unless extended by the Contracting Officer) after receiving a notice specifying the default. "Default" includes failure to make progress in the work so as to endanger performance.

(b) The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying whether termination is for default of the Contractor or for convenience of the Government, the extent of termination, and the effective date. If, after termination for default, it is determined that the Contractor was not in default or that the Contractor’s failure to perform or to make progress in performance is due to causes beyond the control and without the fault or negligence of the Contractor as set forth in the Excusable Delays clause, the rights and obligations of the parties will be the same as if the termination was for the convenience of the Government.

(c) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause), except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts, the cost of which would be reimbursable in whole or in part, under this contract; approval or ratification will be final for purposes of this clause.

(6) Transfer title (if not already transferred) and, as directed by the Contracting Officer, deliver to the Government-

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated;

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the Government; and

(iii) The jigs, dies, fixtures, and other special tools and tooling acquired or manufactured for this contract, the cost of which the Contractor has been or will be reimbursed under this contract.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to in paragraph (c)(6) of this clause; *provided, however*, that the Contractor (i)is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(d) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day period.

(e) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will accept the items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(f) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(g) Subject to paragraph (f) of this clause, the Contractor and the Contracting Officer may agree on the whole or any part of the amount to be paid (including an allowance for fee) because of the termination. The contract shall be amended, and the Contractor paid the agreed amount.

(h) If the Contractor and the Contracting Officer fail to agree in whole or in part on the amount of costs and/or fee to be paid because of the termination of work, the Contracting Officer shall determine, on the basis of information available, the amount, if any, due the Contractor, and shall pay that amount, which shall include the following:

(1) All costs reimbursable under this contract, not previously paid, for the performance of this contract before the effective date of the termination, and those costs that may continue for a reasonable time with the approval of or as directed by the Contracting Officer; however, the Contractor shall discontinue those costs as rapidly as practicable.

(2) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in paragraph (h)(1) of this clause.

(3) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory. If the termination is for default, no amounts for the preparation of the Contractor's termination settlement proposal may be included.

(4) A portion of the fee payable under the contract, determined as follows:

(i) If the contract is terminated for the convenience of the Government, the settlement shall include a percentage of the fee equal to the percentage of completion of work contemplated under the contract, but excluding subcontract effort included in subcontractors' termination proposals, less previous payments for fee.

(ii) If the contract is terminated for default, the total fee payable shall be such proportionate part of the fee as the total number of articles (or amount of services) delivered to and accepted by the Government is to the total number of articles (or amount of services) of a like kind required by the contract.

(5) If the settlement includes only fee, it will be determined under paragraph (h)(4) of this clause.

(i) The cost principles and procedures in part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (f), (h), or (l) of this clause, except that if the Contractor failed to submit the termination settlement proposal within the time provided in paragraph (f) and failed to request a time extension, there is no right of appeal. If the Contracting Officer has made a determination of the amount due under paragraph (f), (h) or (l) of this clause, the Government shall pay the Contractor-

(1) The amount determined by the Contracting Officer if there is no right of appeal or if no timely appeal has been taken; or

(2) The amount finally determined on an appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted-

(1) All unliquidated advance or other payments to the Contractor, under the terminated portion of this contract;

(2) Any claim which the Government has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of materials, supplies, or other things acquired by the Contractor or sold under this clause and not recovered by or credited to the Government.

(l) The Contractor and Contracting Officer must agree to any equitable adjustment in fee for the continued portion of the contract when there is a partial termination. The Contracting Officer shall amend the contract to reflect the agreement.

(m) (1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App.1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) The provisions of this clause relating to fee are inapplicable if this contract does not include a fee.

(End of clause)

Alternate I (Sept 1996). If the contract is for construction, substitute the following paragraph (h)(4) for paragraph (h)(4) of the basic clause:

(4) A portion of the fee payable under the contract determined as follows:

(i) If the contract is terminated for the convenience of the Government, the settlement shall include a percentage of the fee equal to the percentage of completion of work contemplated under the contract, but excluding subcontract effort included in subcontractors' termination settlement proposals, less previous payments for fee.

(ii) If the contract is terminated for default, the total fee payable shall be such proportionate part of the fee as the actual work in place is to the total work in place required by the contract.

Alternate II (Sept 1996). If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate, delete paragraph (m)(2) from the basic clause.

Alternate III (Sept1996). If the contract is for construction with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, the following paragraph (h)(4) shall be substituted for paragraph (h)(4) of the basic clause. Paragraph (m)(2) may be deleted from the basic clause if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate.

(4) A portion of the fee payable under the contract determined as follows:

(i) If the contract is terminated for the convenience of the Government, the settlement shall include a percentage of the fee equal to the percentage of completion of work contemplated under the contract, but excluding subcontract effort included in subcontractors' termination settlement proposals, less previous payments for fee.

(ii) If the contract is terminated for default, the total fee payable shall be such proportionate part of the fee as the actual work in place is to the total work in place required by the contract.

Alternate IV (Sept 1996). If the contract is a time-and-material or labor-hour contract, substitute the following paragraphs (h) and (l) for paragraphs (h) and (l) of the basic clause:

(h) If the Contractor and the Contracting Officer fail to agree in whole or in part on the amount to be paid because of the termination of work, the Contracting Officer shall determine, on the basis of information available, the amount, if any, due the Contractor and shall pay the amount determined as follows:

(1) If the termination is for the convenience of the Government, include-

(i) An amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule, less any hourly rate payments already made to the Contractor;

(ii) An amount (computed under the provisions for payment of materials) for material expenses incurred before the effective date of termination, not previously paid to the Contractor;

(iii) An amount for labor and material expenses computed as if the expenses were incurred before the effective date of termination, if they are reasonably incurred after the effective date, with the approval of or as directed by the Contracting Officer; however, the Contractor shall discontinue these expenses as rapidly as practicable;

(iv) If not included in subdivision (h)(1)(i), (ii), or (iii) of this clause, the cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract; and

(v) The reasonable costs of settlement of the work terminated, including-

(A) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(B) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(C) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the termination inventory.

(2) If the termination is for default of the Contractor, include the amounts computed under paragraph (h)(1) of this clause but omit-

(i) Any amount for preparation of the Contractor's termination settlement proposal; and

(ii) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by the Government.

(3) If the termination is partial, the Contractor may file with the Contracting Officer a proposal for an equitable adjustment of price(s) for the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination, unless extended in writing by the Contracting Officer.

Alternate V (Sept 1996). If the contract is a time-and-material or labor-hour contract with an agency of the U.S. Government or with State, local or foreign governments or their agencies, substitute the following paragraphs (h) and (l) for paragraphs (h) and (l) of the basic clause. Paragraph (m)(2) may be deleted from the basic clause if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate.

(h) If the Contractor and the Contracting Officer fail to agree in whole or in part on the amount to be paid because of the termination of work, the Contracting Officer shall determine, on the basis of information available, the amount, if any, due the Contractor and shall pay the amount determined as follows:

(1) If the termination is for the convenience of the Government, include-

(i) An amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule, less any hourly rate payments already made to the contractor;

(ii) An amount (computed under the provisions for payment of materials) for material expenses incurred before the effective date of termination, not previously paid to the Contractor;

(iii) An amount for labor and material expenses computed as if the expenses were incurred before the effective date of termination if they are reasonably incurred after the effective date, with the approval of or as directed by the Contracting Officer; however, the Contractor shall discontinue these expenses as rapidly as practicable;

(iv) If not included in subdivision (h)(1)(i), (ii), or (iii) of this clause, the cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract; and

(v) The reasonable costs of settlement of the work terminated, including-

(A) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(B) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(C) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the termination inventory.

(2) If the termination is for default of the Contractor, include the amounts computed under paragraph (h)(1) of this clause but omit-

(i) Any amount for preparation of the Contractor's termination settlement proposal; and

(ii) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by the Government.

(3) If the termination is partial, the Contractor may file with the Contracting Officer a proposal for an equitable adjustment of the price(s) for the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination, unless extended in writing by the Contracting Officer.

52.249-7 Termination (Fixed-Price Architect-Engineer).

As prescribed in 49.503(b), insert the following clause in solicitations and contracts for architect-engineer services when a fixed-price contract is contemplated:

TERMINATION (FIXED-PRICE ARCHITECT-ENGINEER) (APR 1984)

(a) The Government may terminate this contract in whole or, from time to time, in part, for the Government's convenience or because of the failure of the Contractor to fulfill the contract obligations. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall-

(1) Immediately discontinue all services affected (unless the notice directs otherwise); and

(2) Deliver to the Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process.

(b) If the termination is for the convenience of the Government, the Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

(c) If the termination is for failure of the Contractor to fulfill the contract obligations, the Government may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the Government.

(d) If, after termination for failure to fulfill contract obligations, it is determined that the Contractor had not failed, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(e) The rights and remedies of the Government provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

52.249-8 Default (Fixed-Price Supply and Service).

As prescribed in 49.504(a)(1), insert the following clause:

DEFAULT (FIXED-PRICE SUPPLY AND SERVICE) (APR 1984)

(a) (1) The Government may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to-

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The Government's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Contracting Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the Government for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the Government may require the Contractor to transfer title and deliver to the Government, as directed by the Contracting Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Contracting Officer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.

(f) The Government shall pay contract price for completed supplies delivered and accepted. The Contractor and Contracting Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The Government may withhold from these amounts any sum the Contracting Officer determines to be necessary to protect the Government against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(h) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

Alternate I (APR 1984). If the contract is for transportation or transportation-related services, delete paragraph (f) of the basic clause, redesignate the remaining paragraphs accordingly, and substitute the following paragraphs (a) and (e) for paragraphs (a) and (e) of the basic clause:

(a)(1) The Government may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to-

(i) Pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The Government's right to terminate this contract under subdivisions (a)(1)(ii) and (iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(e) If this contract is terminated while the Contractor has possession of Government goods, the Contractor shall, upon direction of the Contracting Officer, protect and preserve the goods until surrendered to the Government or its agent. The Contractor and Contracting Officer shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be a dispute under the Disputes clause.

52.249-9 Default (Fixed-Price Research and Development).

As prescribed in 49.504(b), insert the following clause:

DEFAULT (FIXED-PRICE RESEARCH AND DEVELOPMENT) (APR 1984)

(a) (1) The Government may, subject to paragraphs (c) and (d) of this clause, by written Notice of Default to the Contractor, terminate this contract in whole or in part if the Contractor fails to-

(i) Perform the work under the contract within the time specified in this contract or any extension;

(ii) Prosecute the work so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The Government's right to terminate this contract under subdivisions (a)(1)(ii) and (iii) of this clause may be exercised if the Contractor does not cure such failure within 10 days (or more, if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Contracting Officer considers appropriate, work similar to the work terminated, and the Contractor will be liable to the Government for any excess costs for the similar work. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule or other performance requirements.

(e) If this contract is terminated for default, the Government may require the Contractor to transfer title and deliver to the Government, as directed by the Contracting Officer, any (1) completed or partially completed work not previously delivered to, and accepted by, the Government and (2) other property, including contract rights, specifically produced or acquired for the terminated portion of this contract. Upon direction of the Contracting Officer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.

(f) The Government shall pay the contract price, if separately stated, for completed work it has accepted and the amount agreed upon by the Contractor and the Contracting Officer for (1) completed work for which no separate price is stated, (2) partially completed work, (3) other property described above that it accepts, and (4) the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The Government may withhold from these amounts any sum the Contracting Officer determines to be necessary to protect the Government against loss from outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(h) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

52.249-10 Default (Fixed-Price Construction).

As prescribed in 49.504(c)(1), insert the following clause:

DEFAULT (FIXED-PRICE CONSTRUCTION) (APR 1984)

(a) If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract including any extension, or fails to complete the work within this time, the Government may, by written notice to the Contractor, terminate the right to proceed with the work (or the separable part of the work) that has been delayed. In this event, the Government may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Government resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Government in completing the- work.

(b) The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause, if-

(1) The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include-

(i) Acts of God or of the public enemy;

(ii) Acts of the Government in either its sovereign or contractual capacity;

(iii) Acts of another Contractor in the performance of a contract with the Government;

(iv) Fires;

(v) Floods;

(vi) Epidemics;

(vii) Quarantine restrictions;

(viii) Strikes;

(ix) Freight embargoes;

(x) Unusually severe weather; or

(xi) Delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

(2) The Contractor, within 10 days from the beginning of any delay (unless extended by the Contracting Officer), notifies the Contracting Officer in writing of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of delay. If, in the judgment of the Contracting Officer, the findings of fact warrant such action, the time for completing the work shall be extended. The findings of the Contracting Officer shall be final and conclusive on the parties, but subject to appeal under the Disputes clause.

(c) If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Government.

(d) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

Alternate I (APR 1984). If the contract is for dismantling, demolition, or removal of improvements, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) If the Contractor refuses or fails to prosecute the work, or any separable part, with the diligence that will insure its completion within the time specified in this contract, including any extension, or fails to complete the work within this time, the Government may, by written notice to the Contractor, terminate the right to proceed with the work or the part of the work that has been delayed. In this event, the Government may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work.

(2) If title to property is vested in the Contractor under this contract, it shall revest in the Government regardless of any other clause of this contract, except for property that the Contractor has disposed of by bona fide sale or removed from the site.

(3) The Contractor and its sureties shall be liable for any damage to the Government resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Government in completing the work.

Alternate II (APR 1984). If the contract is to be awarded during a period of national emergency, paragraph (b)(1) below may be substituted for paragraph (b)(1) of the basic clause:

(1) The delay in completing the work arises from causes other than normal weather beyond the control and without the fault or negligence of the Contractor. Examples of such causes include-

(i) Acts of God or of the public enemy;

(ii) Acts of the Government in either its sovereign or contractual capacity;

(iii) Acts of another Contractor in the performance of a contract with the Government;

(iv) Fires;
(v) Floods;
(vi) Epidemics;
(vii) Quarantine restrictions;
(viii) Strikes;
(ix) Freight embargoes;
(x) Unusually severe weather; or
(xi) Delays of subcontractors or suppliers at any tier arising from causes other than normal weather beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

Alternate III (APR 1984). If the contract is for dismantling, demolition, or removal of improvements and is to be awarded during a period of national emergency, substitute the following paragraph (a) for paragraph (a) of the basic clause. The following paragraph (b)(1) may be substituted for paragraph (b)(1) of the basic clause:

(a)(1) If the Contractor refuses or fails to prosecute the work, or any separable part, with the diligence that will insure its completion within the time specified in this contract, including any extension, or fails to complete the work within this time, the Government may, by written notice to the Contractor, terminate the right to proceed with the work or the part of the work that has been delayed. In this event, the Government may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work.

(2) If title to property is vested in the Contractor under this contract, it shall revest in the Government regardless of any other clause of this contract, except for property that the Contractor has disposed of by bona fide sale or removed from the site.

(3) The Contractor and its sureties shall be liable for any damage to the Government resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Government in completing the work.

(b) The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause, if-

(1) The delay in completing the work arises from causes other than normal weather beyond the control and without the fault or negligence of the Contractor. Examples of such causes include-

(i) Acts of God or of the public enemy;
(ii) Acts of the Government in either its sovereign or contractual capacity;
(iii) Acts of another Contractor in the performance of a contract with the Government;
(iv) Fires;
(v) Floods;
(vi) Epidemics;
(vii) Quarantine restrictions;
(viii) Strikes;
(ix) Freight embargoes;
(x) Unusually severe weather; or
(xi) Delays of subcontractors or suppliers at any tier arising from causes other than normal weather beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

52.249-11 [Reserved]

52.249-12 Termination (Personal Services).

As prescribed in 49.505(a), insert the following clause in solicitations and contracts for personal services (see part 37):

TERMINATION (PERSONAL SERVICES) (APR 1984)

The Government may terminate this contract at any time upon at least 15 days' written notice by the Contracting Officer to the Contractor. The Contractor, with the written consent of the Contracting Officer, may terminate this contract upon at least 15 days' written notice to the Contracting Officer.

(End of clause)

52.249-13 [Reserved]

52.249-14 Excusable Delays.

As prescribed in 49.505(b), insert the following clause in solicitations and contracts for supplies, services, construction, and research and development on a fee basis whenever a cost-reimbursement contract is contemplated. Also insert the clause in time-and-material contracts, and labor-hour contracts. When used in construction contracts, substitute the words "completion time" for "delivery schedule" in the last sentence of the clause.

EXCUSABLE DELAYS (APR 1984)

(a) Except for defaults of subcontractors at any tier, the Contractor shall not be in default because of any failure to perform this contract under its terms if the failure arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of these causes are (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the work so as to endanger performance.

(b) If the failure to perform is caused by the failure of a subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be deemed to be in default,- unless-

(1) The subcontracted supplies or services were obtainable from other sources;

(2) The Contracting Officer ordered the Contractor in writing to purchase these supplies or services from the other source; and

(3) The Contractor failed to comply reasonably with this order.

(c) Upon request of the Contractor, the Contracting Officer shall ascertain the facts and extent of the failure. If the Contracting Officer determines that any failure to perform results from one or more of the causes above, the delivery schedule shall be revised, subject to the rights of the Government under the termination clause of this contract.

(End of clause)

This page intentionally left blank.

52.250 [Reserved]

52.250-1 Indemnification Under Public Law 85-804.

As prescribed in 50.104-4 , insert the following clause:

INDEMNIFICATION UNDER PUBLIC LAW 85-804 (APR 1984)

(a) "Contractor's principal officials," as used in this clause, means directors, officers, managers, superintendents, or other representatives supervising or directing-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant or separate location in which this contract is being performed; or

(3) A separate and complete major industrial operation in connection with the performance of this contract.

(b) Under Public Law85-804 (50 U.S.C. 1431-1435) and Executive Order 10789, as amended, and regardless of any other provisions of this contract, the Government shall, subject to the limitations contained in the other paragraphs of this clause, indemnify the Contractor against-

(1) Claims (including reasonable expenses of litigation or settlement) by third persons (including employees of the Contractor) for death; personal injury; or loss of, damage to, or loss of use of property;

(2) Loss of, damage to, or loss of use of Contractor property, excluding loss of profit; and

(3) Loss of, damage to, or loss of use of Government property, excluding loss of profit.

(c) This indemnification applies only to the extent that the claim, loss, or damage (1) arises out of or results from a risk defined in this contract as unusually hazardous or nuclear and (2) is not compensated for by insurance or otherwise. Any such claim, loss, or damage, to the extent that it is within the deductible amounts of the Contractor's insurance, is not covered under this clause. If insurance coverage or other financial protection in effect on the date the approving official authorizes use of this clause is reduced, the Government's liability under this clause shall not increase as a result.

(d) When the claim, loss, or damage is caused by willful misconduct or lack of good faith on the part of any of the Contractor's principal officials, the Contractor shall not be indemnified for-

(1) Government claims against the Contractor (other than those arising through subrogation); or

(2) Loss or damage affecting the Contractor's property.

(e) With the Contracting Officer's prior written approval, the Contractor may, in any subcontract under this contract, indemnify the subcontractor against any risk defined in this contract as unusually hazardous or nuclear. This indemnification shall provide, between the Contractor and the subcontractor, the same rights and duties, and the same provisions for notice, furnishing of evidence or proof, and Government settlement or defense of claims as this clause provides. The Contracting Officer may also approve indemnification of subcontractors at any lower tier, under the same terms and conditions. The Government shall indemnify the Contractor against liability to subcontractors incurred under subcontract provisions approved by the Contracting Officer.

(f) The rights and obligations of the parties under this clause shall survive this contract's termination, expiration, or completion. The Government shall make no payment under this clause unless the agency head determines that the amount is just and reasonable. The Government may pay the Contractor or subcontractors, or may directly pay parties to whom the Contractor or subcontractors may be liable.

(g) The Contractor shall-

(1) Promptly notify the Contracting Officer of any claim or action against, or any loss by, the Contractor or any subcontractors that may be reasonably be expected to involve indemnification under this clause;

(2) Immediately furnish to the Government copies of all pertinent papers the Contractor receives;

(3) Furnish evidence or proof of any claim, loss, or damage covered by this clause in the manner and form the Government requires; and

(4) Comply with the Government's directions and execute any authorizations required in connection with settlement or defense of claims or actions.

(h) The Government may direct, control, or assist in settling or defending any claim or action that may involve indemnification under this clause.

(End of clause)

Alternate I (APR 1984). In cost-reimbursement contracts, add the following paragraph (i) to the basic clause:

(i) The cost of insurance (including self-insurance programs) covering a risk defined in this contract as unusually hazardous or nuclear shall not be reimbursed except to the extent that the Contracting Officer has required or approved this insurance. The Government's obligations under this clause are-

(1) Excepted from the release required under this contract's clause relating to allowable cost; and

(2) Not affected by this contract's Limitation of Cost or Limitation of Funds clause.

52.250-2 SAFETY Act Coverage Not Applicable.

As prescribed in 50.206(a), insert the following provision:

SAFETY ACT COVERAGE NOT APPLICABLE (FEB 2009)

The Government has determined that for purposes of this solicitation the product(s) or service(s) being acquired by this action are neither presumptively nor actually entitled to a pre-determination that the products or services are qualified anti-terrorism technologies as that term is defined by the Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act), 6 U.S.C. 441-444. This determination does not prevent sellers of technologies from applying for SAFETY Act protections in other contexts. Proposals in which either acceptance or pricing is made contingent upon SAFETY Act designation as a qualified anti-terrorism technology or SAFETY Act certification as an approved product for homeland security of the proposed product or service will not be considered for award. See Federal Acquisition Regulation subpart 50.2.

(End of provision)

52.250-3 SAFETY Act Block Designation/Certification.

As prescribed in 50.206(b)(1), insert the following provision:

SAFETY ACT BLOCK DESIGNATION/CERTIFICATION (FEB 2009)

(a) *Definitions*. As used in this provision-

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case of a domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the United States.

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction, injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security (DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any combination of the foregoing. Design services, consulting services, engineering services, software development services, software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may be deemed a technology.

SAFETY Act certification means a determination by DHS pursuant to 6 U.S.C. 442(d), as further delineated in 6 CFR 25.9, that a QATT for which a SAFETY Act designation has been issued is an approved product for homeland security, *i.e.*, it will perform as intended, conforms to the seller's specifications, and is safe for use as intended.

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

(b) The Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act), 6 U.S.C. 441-444, creates certain liability limitations for claims arising out of, relating to, or resulting from an act of terrorism where QATTs have been deployed. It also confers other important benefits. SAFETY Act designation and SAFETY Act certification are designed to support effective technologies aimed at preventing, detecting, identifying, or deterring acts of terrorism, or limiting the harm that such acts might otherwise cause, and which also meet other prescribed criteria. For some classes of technologies, DHS may issue a block designation/certification in order to lessen the burdens for filing for SAFETY Act designation or SAFETY Act certifications by not requiring applicants to provide certain information otherwise required and in order to offer expedited review of any application submitted pursuant to a block designation/certification. Block designations/certifications will be issued only for technologies that rely on established performance standards or defined technical characteristics.

(c) (1) DHS has issued a block designation or block certification for the technology to be acquired under this solicitation.

(2) This block designation or block certification is attached to this solicitation and contains essential information, including-

(i) A detailed description of and specification for the technology covered by the block designation or block certification;

(ii) A listing of those portions of the SAFETY Act application kit that must be completed and submitted by applicants;

(iii) The date of its expiration; and

(iv) Any other terms and conditions.

(3) Offerors should read this block designation or block certification carefully to make sure they comply with its terms if they plan to take advantage of SAFETY Act coverage for their technology(ies).

(d) All determinations by DHS are based on factors set forth in the SAFETY Act and its implementing regulations. A determination by DHS to issue a SAFETY Act designation, or not to issue a SAFETY Act designation for a particular technology as a QATT is not a determination that the technology meets, or fails to meet, the requirements of any solicitation issued by any Federal, State, local or tribal governments. Determinations by DHS with respect to whether to issue a SAFETY Act designation for technologies submitted for DHS review are based on the factors identified in 6 CFR 25.4(b).

(e) Neither SAFETY Act designation nor certification is in any way a requirement of this action. Whether to seek the benefits of the SAFETY Act for a proposed product or service is entirely up to the offeror. Additional information about the SAFETY Act and this block designation/certification may be found at the SAFETY Act website at http://www.SAFETYAct.gov or requests may be mailed to:

Directorate of Science and Technology SAFETY Act/Room 4320 Department of Homeland Security Washington, DC 20528

(f) Proposals in which pricing or any other terms or conditions are offered contingent upon SAFETY Act designation or SAFETY Act certification of the proposed product(s) or service(s) will not be considered for award.

(End of provision)

Alternate I (FEB 2009). As prescribed in 50.206 (b)(2), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit proposals made contingent upon SAFETY Act designation (or SAFETY Act certification, if a block certification exists) before award. When an offer is made contingent upon SAFETY Act designation or certification, the offeror also may submit an alternate offer without the contingency.

(2) If an offer is submitted contingent upon receipt of SAFETY Act designation (or SAFETY Act certification, if a block certification exists) prior to contract award, then the Government may not award a contract based on such offer unless the offeror demonstrates prior to award that DHS has issued a SAFETY Act designation (or SAFETY Act certification, if a block certification exists) for the offeror's technology.

(3) The Government reserves the right to award the contract based on a noncontingent offer, prior to DHS resolution of the offeror's application for SAFETY Act designation (or SAFETY Act certification, if a block certification exists).

Alternate II (Feb 2009). As prescribed in 50.206 (b)(3), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit offers presuming that SAFETY Act designation (or SAFETY Act certification, if a block certification exists) will be obtained before or after award.

(2) An offeror is eligible for award only if the offeror-

(i) Files a SAFETY Act designation (or SAFETY Act certification) application, limited to the scope of the applicable block designation (or block certification), within 15 days after submission of the proposal;

(ii) Pursues its SAFETY Act designation (or SAFETY Act certification) application in good faith; and

(iii) Agrees to obtain the amount of insurance DHS requires for issuing the offeror's SAFETY Act designation (or SAFETY Act certification).

(3) If DHS has not issued a SAFETY Act designation (or SAFETY Act certification) to the successful offeror before contract award, the contracting officer will include the clause at 52.250-5 in the resulting contract.

52.250-4 SAFETY Act Pre-qualification Designation Notice.

As prescribed in 50.206(c)(1), insert the following provision:

SAFETY ACT PRE-QUALIFICATION DESIGNATION NOTICE (FEB 2009)

(a) *Definitions*. As used in this provision-

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case of a domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the United States.

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction, injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security (DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Pre-qualification designation notice means a notice in a procurement solicitation or other publication by the Government stating that the technology to be procured either affirmatively or presumptively satisfies the technical criteria necessary to be deemed a qualified anti-terrorism technology. A pre-qualification designation notice authorizes offeror(s) to submit streamlined SAFETY Act applications for SAFETY Act designation and receive expedited processing of those applications.

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any combination of the foregoing. Design services, consulting services, engineering services, software development services, software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may be deemed a technology.

SAFETY Act certificationi.e.

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

(b) The Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act), 6 U.S.C. 441-444, creates certain liability limitations for claims arising out of, relating to, or resulting from an act of terrorism where QATTs have been deployed. It also confers other important benefits. SAFETY Act designation and SAFETY Act certification are designed to support effective technologies aimed at preventing, detecting, identifying, or deterring acts of terrorism, or limiting the harm that such acts might otherwise cause, and which also meet other prescribed criteria.

(c) (1) DHS has issued a SAFETY Act pre-qualification designation notice for the technology to be acquired under this solicitation.

(2) This notice is attached to this solicitation and contains essential information, including-

(i) A detailed description of and specification for the technology covered by the notice;

(ii) A statement that the technology described and specified in the notice satisfies the technical criteria to be deemed a QATT and the offeror's proposed technology either may presumptively or will qualify for the issuance of a designation provided the offeror complies with terms and conditions in the notice and its application is approved;

(iii) The period of time within which DHS will take action upon submission of a SAFETY Act application submitted pursuant to the notice;

(iv) A listing of those portions of the application that must be completed and submitted by selected awardees and the time periods for such submissions;

(v) The date of expiration of the notice; and

(vi) Any other terms and conditions concerning the notice.

(3) Offerors should read this notice carefully to make sure they comply with the terms of the notice if they plan on taking advantage of SAFETY Act coverage for their technologies.

(d) All determinations by DHS are based on factors set forth in the SAFETY Act and its implementing regulations. A determination by DHS to issue a SAFETY Act designation, or not to issue a SAFETY Act designation for a particular Technology as a QATT is not a determination that the Technology meets, or fails to meet, the requirements of any solicitation issued by any Federal, State, local or tribal governments. Determinations by DHS with respect to whether to issue a SAFETY Act designation for Technologies submitted for DHS review are based on the factors identified in 6 CFR 25.4(b).

(e) Neither SAFETY Act designation nor certification is in any way a requirement of this action. Whether to seek the benefits of the SAFETY Act for a proposed product or service is entirely up to the offeror. Additional information about the SAFETY Act may be found at the SAFETY Act website at http://www.SAFETYAct.gov.

(f) Proposals in which pricing or any other terms or conditions are offered contingent upon SAFETY Act designation or certification of the proposed product(s) or service(s) will not be considered for award.

(End of provision)

Alternate I (FEB 2009). As prescribed in 50.206 (c)(2), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit proposals made contingent upon SAFETY Act designation before award. When an offer is made contingent upon SAFETY Act designation, the offeror also may submit an alternate offer without the contingency.

(2) If an offer is submitted contingent upon receipt of SAFETY Act designation prior to contract award, then the Government may not award a contract based on such offer unless the offeror demonstrates prior to award that DHS has issued a SAFETY Act designation for the offeror's technology.

(3) The Government reserves the right to award the contract based on a noncontingent offer, prior to DHS resolution of the offeror's application for SAFETY Act designation.

Alternate II (FEB 2009). As prescribed in 50.206 (c)(3), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit proposals presuming SAFETY Act designation before or after award.

(2) An offeror is eligible for award only if the offeror-

(i) Files a SAFETY Act designation application, limited to the scope of the applicable prequalification designation notice, within 15 days after submission of the proposal;

(ii) Pursues its SAFETY Act designation application in good faith; and

(iii) Agrees to obtain the amount of insurance DHS requires for issuing the offeror's SAFETY Act designation.

(3) If DHS has not issued a SAFETY Act designation to the successful offeror before contract award, the contracting officer will include the clause at 52.250-5 in the resulting contract.

52.250-5 SAFETY Act-Equitable Adjustment.

As prescribed in 50.206(d), insert the following clause:

SAFETY ACT-EQUITABLE ADJUSTMENT (DEVIATION DATE)

(a) *Definitions*. As used in this clause—

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case of a domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the United States.

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction, injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security (DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any combination of the foregoing. Design services, consulting services, engineering services, software development services, software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may be deemed a technology.

SAFETY Act certification means a determination by DHS pursuant to 6 U.S.C. 442(d), as further delineated in 6 CFR 25.9, that a QATT for which a SAFETY Act designation has been issued is an approved product for homeland security, *i.e.*, it will perform as intended, conforms to the seller's specifications, and is safe for use as intended.

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

(b) Prices for the items covered by the pre-qualification designation notice, block designation, or block certification in the contract were established presuming DHS will issue a SAFETY Act designation (or SAFETY Act certification) for those items.

(c) In order to qualify for an equitable adjustment in accordance with paragraph (d) of this clause the Contractor shall in good faith pursue obtaining—

(1) SAFETY Act designation (or SAFETY Act certification); and

(2) The amount of insurance DHS requires for issuing any SAFETY Act designation (or SAFETY Act certification).

(d) (1) If DHS denies the Contractor's SAFETY Act designation (or certification) application, the Contractor may submit a request for an equitable adjustment within 30 days of DHS's notification of denial.

(2) The Contracting Officer will either—

(i) Make an equitable adjustment to the contract price based on evidence of the resulting increase or decrease in the Contractor's costs and/or an equitable adjustment to other terms and conditions based on lack of SAFETY Act designation (or certification); or

(ii) At the sole option of the Government, terminate this contract for the convenience of the Government in place of an equitable adjustment.

(3) A failure of the parties to agree on the equitable adjustment will be considered to be a dispute in accordance with the "Disputes" clause of this contract.

(4) Unless first terminated, the Contractor shall continue contract performance during establishment of any equitable adjustment.

(End of clause)

52.251-1 [Reserved]

(DEVIATION DATE)

52.251-2 [Reserved]

(DEVIATION DATE)

52.252 [Reserved]

52.252-1 Solicitation Provisions Incorporated by Reference.

As prescribed in 52.107(a), insert the following provision:

SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

______________________________ ______________________________

______________________________ *[Insert one or more Internet addresses]*

(End of provision)

52.252-2 Clauses Incorporated by Reference.

As prescribed in 52.107(b), insert the following clause:

CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

______________________________ ______________________________

______________________________ *[Insert one or more Internet addresses]*

(End of clause)

52.252-3 Alterations in Solicitation.

As prescribed in 52.107(c), insert the following provision in solicitations in order to revise or supplement, as necessary, other parts of the solicitation that apply to the solicitation phase only, except for any provision authorized for use with a deviation. Include clear identification of what is being- altered.

ALTERATIONS IN SOLICITATION (APR 1984)

Portions of this solicitation are altered as follows:

____

______________________________ ______________________________

(End of clause)

52.252-4 Alterations in Contract.

As prescribed in 52.107(d), insert the following clause in solicitations and contracts in order to revise or supplement, as necessary, other parts of the contract, or parts of the solicitation that apply after contract award, except for any clause authorized for use with a deviation. Include clear identification of what is being altered.

ALTERATIONS IN CONTRACT (APR 1984)

Portions of this contract are altered as follows:

(End of clause)

52.252-5 Authorized Deviations in Provisions.

As prescribed in 52.107(e), insert the following provision in solicitations that include any FAR or supplemental provision with an authorized deviation. Whenever any FAR or supplemental provision is used with an authorized deviation, the contracting officer shall identify it by the same number, title, and date assigned to the provision when it is used without deviation, include regulation name for any supplemental provision, except that the contracting officer shall insert "(DEVIATION)" after the date of the provision.

AUTHORIZED DEVIATIONS IN PROVISIONS (NOV 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any ______________ *[insert regulation name]*(48 CFR Chapter______) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of provision)

52.252-6 Authorized Deviations in Clauses.

As prescribed in 52.107(f), insert the following clause in solicitations and contracts that include any FAR or supplemental clause with an authorized deviation. Whenever any FAR or supplemental clause is used with an authorized deviation, the contracting officer shall identify it by the same number, title, and date assigned to the clause when it is used without deviation, include regulation name for any supplemental clause, except that the contracting officer shall insert "(DEVIATION)" after the date of the clause.

AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any _____ *[insert regulation name]* (48 CFR _____) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

52.253 [Reserved]

52.253-1 Computer Generated Forms.

As prescribed in FAR53.111 , insert the following clause:

COMPUTER GENERATED FORMS (DEVIATION DATE)

(a) Any data required to be submitted on a Standard or Optional Form prescribed by the Federal Acquisition Regulation (FAR) may be submitted on a computer generated version of the form, *provided* there is no change to the name, content, or sequence of the data elements on the form, and provided the form carries the Standard or Optional Form number and edition date.

(b) Unless prohibited by agency regulations, any data required to be submitted on an agency unique form prescribed by an agency supplement to the FAR may be submitted on a computer generated version of the form provided there is no change to the name, content, or sequence of the data elements on the form and provided the form carries the agency form number and edition date.

(c) If the Contractor submits a computer generated version of a form that is different than the required form, then the rights and obligations of the parties will be determined based on the content of the required form.

(End of clause)

Subpart 52.3 - Provision and Clause Matrix

Revolutionary FAR Overhaul (RFO) updates coming soon.

This page intentionally left blank.

PART 53 - FORMS

This page intentionally left blank.

53.001 Definition.

As used in this part—

Exception means an approved departure from the established design, content, or conditions for use of any standard form.

Subpart 53.1 - General

53.101 Policy.

(a) *Requirements*. The requirements for using the forms are contained in parts 1 through 52, where the subject matter applicable to each form is addressed.

(b) *Forms list*. A list of the standard forms (SF), optional forms (OF), and agency forms specified by the FAR for use in acquisitions is available at https://acquisition.gov/FARforms. The list identifies the forms' current edition location, FAR part requirement, and prescribing agency.

(c) *Continuation sheets*. SFs prescribed in the FAR may be continued on plain paper of similar specification, or specially constructed continuation sheets (e.g., OF 336). Continuation sheets must include both the reference number of the document being continued and the serial page number in the upper right hand corner.

(d) *Exceptions*. Agencies must obtain an exception from the form's prescribing agency. For SFs prescribed by the FAR, agencies must obtain an exception from the FAR Council.

53.102 [Reserved]

53.103 [Reserved]

53.104 [Reserved]

53.105 Computer generation.

(a) The forms prescribed in the FAR may be computer generated without obtaining an exception (see 53.101(d)), provided that—

(1) There is no change to the name, content, or sequence of the data elements, and the form carries its number and edition date; or

(2) The form is in an electronic format covered by the American National Standards Institute (ANSI) X12 Standards published by the Accredited Standards Committee X12 on Electronic Data Interchange or a format that can be translated into one of those standards.

53.106 [Reserved]

53.107 [Reserved]

53.108 Recommendations concerning forms.

(a) *Public*. FAR users may recommend new forms or revisions, elimination, or consolidation of existing forms identified on the forms list (see 53.101(b)). These recommendations should be submitted to the FAR Secretariat.

(b) *Government*. Recommendations from within an executive agency must be submitted to the cognizant council in accordance with agency procedures.

53.109 [Reserved]

53.110 [Reserved]

53.111 Contract clause.

Insert the clause at 52.253-1, Computer Generated Forms, in solicitations and contracts that require the contractor to submit data on SFs or OFs; and, unless prohibited by agency regulations, forms prescribed by agency supplements.
